Chapter 91: ,Remains

escape!

Long Batian didn't dare to look back, and fled for a while.

"What method did he use? Or what kind of treasure?" Long Batian was completely frightened by the elusive Xu Ming.

So weird!

Disappear at any time, and kill at any time!

This method, not a ghost, what is it?

"I hope he is chasing Zhao Anhe, not chasing me!"

Long Batian couldn't even know whether Xu Ming was chasing Zhao Anhe or chasing himself.

"It should be going after Zhao Anhe!" Long Batian guessed, "It was Zhao Anhe who betrayed their position as a traitor! He must hate Zhao Anhe more than he does me!"

Thinking of this, Long Batian breathed a sigh of relief, at least he should be safer than Zhao Anhe, right?

But right now!

hiss-

Long Batian felt that murderous aura suddenly appeared in the air in front of him.

"not good!"

Long Batian, who was running at high speed, fell to the side with extreme alertness.

At this moment, a spear tip appeared in the position of Long Batian's original head. Xu Ming's figure also appeared from the air.

"You..." Long Batian was startled, "Why don't you chase Zhao Anhe, why are you chasing me!? You should kill him!"

Xu Ming said indifferently: “Don’t worry, you all have to die!”

“All have to die?” Long Batian’s face was grim, “If you want to kill me, you must die for me first!”

boom!

Long Batian mobilized the secret technique again at all costs, and mobilized it even more madly and fiercely!

“die!!”

The big knife was burning with the flame of profound energy, and it slashed towards Xu Ming.

Xu Ming smiled disdainfully, and started stealth again, and the entire figure immediately turned into nothingness in the air. Xu Ming saw that Long Batian’s big sword slashed right from where his body was, but he couldn’t hurt him in the slightest!

Just after the blade of the big sword passed, Xu Ming immediately emerged from his invisibility, and shot Long Batian’s forehead.

“Ah—what the \*\*\*\* is this! What is it!”

Long Batian has gone crazy, how could he meet such an opponent? – He can disappear without a trace at any time, his attack methods are useless to him; but he can appear at any time to give him a fatal blow!

How to fight this! ?

how to spell?

If Xu Ming is in a good mood now, he will definitely give him a sentence – Lao Tzu is just trying to abuse you, no matter what you do!

But now, Xu Ming is in a bad mood!

Xu Ming just wants to... kill!

“Go away!”

Long Batian struggled to avoid Xu Ming’s second attack, and the big knife in his hand danced wildly around him. However, at this time, Xu Ming re-entered the invisible state.

Long Batian can’t see or fight.

“Struggle!” Xu Ming’s icy voice sounded in the air.

“Ah – don’t kill me, I’ll give you all the treasures! Don’t kill me!” Long Batian felt as if death was standing beside him.

Randomly waving a big sword for a while, suddenly, Long Batian showed his resoluteness and fled in a certain direction.

Running away doesn’t necessarily work, but it’s slightly better than standing there and waiting to die, right?

puff!

However, just as Long Batian’s feet opened, a spear pierced his throat.

“I...” Long Batian’s eyes gradually became slack.

He never thought that today’s seemingly easy task would bury himself here.

The point is, he still died so inexplicably—Long Batian has never figured out what method Xu Ming used, he has never seen or heard of it!

The moment before the will dissipated, Long Batian’s last thought was – can you let me die and understand?

“There is the last one!” Xu Ming’s eyes were cold, “Qin Ran, don’t worry, I will avenge your revenge; I will not let any of these people go!”

Then, Xu Ming saw a direction.

“Oh, this Zhao Anhe has a way to remove the mark on his body!” Xu Ming sneered disdainfully, “Do you think that removing the mark is useful?”

How could Zhao Anhe have thought that Xu Ming’s marking was not to determine their location so that they could be hunted down, but simply to let them feel the psychological pressure of being chased to death before they died.

Zhao Anhe removed the mark, and Xu Ming could still use the “exploration” plug-in to determine Zhao Anhe’s location.

Dozens of miles away, in a corner.

Zhao Anhe was still hiding here with fear.

“Huh...it’s terrible! The elusive method is completely irresistible...?” Zhao Anhe is still in shock, “Fortunately...that kid should be chasing Long Batian, so I have a chance to remove the mark on my body. .”

The mark has been removed, and he has never been attacked, Zhao Anhe is naturally more at ease.

“Finally escaped!”

“But... Xu Ming’s elusive method, what exactly is it?” Zhao Anhe thought hard, “It seems that I haven’t seen any records of similar methods in that ancient ruins! It seems, this kid, definitely There has also been a very extraordinary opportunity!”

“If only I could get his elusive means, then maybe I can make a good break in the ancient ruins!”

But then, Zhao Anhe shook his head helplessly: “Forget it, don’t be too greedy, I will hide as far as I can!”

The identity of the traitor was exposed, and Zhao Anhe was destined to be unable to return to the Wilderness Sect. Moreover, he couldn’t think of any way for the time being to deal with Xu Ming’s elusive means.

“Let’s be content and happy! If I have the opportunity to break through the Pill Condensation Realm, I can go to the ancient ruins to explore and find some opportunities...”

“Huh?” Suddenly, Zhao Anhe felt a murderous aura.

“How is that possible!” Zhao Anhe jumped up in fright, “The mark on my body has been removed, how can you find me?”

Xu Ming’s figure appeared from the air: “Find your way... There are many!”

“You...you...” Zhao Anhe suddenly looked ferocious, and a burning rune smashed towards Xu Ming.

“Death!!” Zhao Anhe looked forward.

This rune is what he got in the ancient ruins; hitting it on the front is enough to kill Xiantian Perfection in seconds, even if the master of the condensing core will be injured, which is a big trump card of Zhao Anhe.

boom! !

The flame runes burst, the flames blazed into the sky, and the smoke billowed.

“Ha, are you dead?” Zhao Anhe stuck his head and looked into the fireworks.

“Zhao Anhe, what are you looking at?” A voice came from behind.

Zhao Anhe was so frightened that he turned around and stared at Xu Ming like a ghost:  
“You...how could you...”

In his opinion, Xu Ming is really a ghost! If it's not a ghost, how can it be so elusive?

Xu Ming ignored Zhao Anhe's panic and said lightly, “You are the last one!”

the last one...

Zhao Anhe's heart froze – so soon, Long Batian died...

“Do you know why I kept you until the last one?”

Zhao Anhe's heart grew colder.

“Because I... don't want you to die too happily!”

“You...” Zhao Anhe threw another flame rune and ran away at the same time, “Go to hell!”

The tip of Xu Ming's spear appeared strangely at his ankle.

puff!

In an instant, Zhao Anhe lost the ability to escape.

“Want to escape?”

Xu Ming said with disdain.

“Xu Ming...you, you let me go...” Zhao Anhe said with a blue face and trembling.

“Are you joking?”

puff!

With another shot, Zhao Anhe's other ankle was also pierced. Now, Zhao Anhe can't leave at all, unless... crawl by hand~[www.readwn.com](http://www.readwn.com)~ Yes, you can still crawl by hand! ”

puff! puff!

The two spooky guns were shot on Zhao Anhe's two arms, and even his hands were abolished.

Every time a shot is fired, Xu Ming is stealth, shoots, stealth, shoots... It's very strange, like a life-threatening ghost, wanton torturing Zhao Anhe.

The "stealth" hanging is an invincible existence at this stage!

As long as the difference in strength is not too big, then Xu Mingkai will hide and abuse people, and the other party will not have any resistance at all.

For example, Zhao Anhe and Long Batian have no resistance.

"Now, you can't crawl with your hands!"

With death so close at hand, Zhao Anhe was so frightened that he completely collapsed: "Xu Ming, you let me go! You let me go! I'll tell you a big secret!"

"Heaven's big secret?" Xu Ming sneered, raising his hands to shoot at Zhao Anhe's shoulders, "I'm not interested!"

"It's a great secret! It's an ancient ruin, it must have been left behind by an invincible powerhouse beyond the Core Condensation Realm, it must be..."

"Oh..." Xu Ming stabbed Zhao Anhe in both thighs again, "I'm not interested."

"It's a big secret!" Zhao Anhe was still struggling.

"Oh, let's take you there!"

puff!

Zhao Anhe's throat was also penetrated.

On the verge of death, he is still dead – Ruins, how could he not be interested? I... just died like this?

Xu Ming closed the gun.

Ancient ruins? – Xu Ming is really not interested! Because... Is there any ancient ruins that can match the 1% of the plug-in?

"Qin Ran, I have killed all the enemies, rest in peace!" Xu Ming looked up at the sky, "Perhaps, if possible, one day in the future..."

Xu Ming remembered that there was a perverted function in the plug-in: infinite resurrection!

I just don't know how long it will take for Xu Ming to turn on the pervert function.

Chapter 92: , Breakthrough Innate

After beheading Zhao Anhe, Xu Ming took his acceptance ring as a matter of course.

"It's really rich!" Xu Ming asked Xiaohang to evaluate, all of Zhao Anhe's belongings were almost worth 2,000 level 2 hanging points, "It seems that Zhao Anhe may have entered those ancient ruins, otherwise Not so rich."

You must know that Long Batian, who is also congenitally perfect, is only worth five or six hundred rank 2 hanging points.

"So many miscellaneous things... small hanging, help me replace it with hanging points!"

Xu Ming is about to hang up offline to the innate level. At that time, the level 2 artifact store will be opened, and you can buy all the innate treasures. Therefore, there is no need for Xu Ming to keep these miscellaneous things; if you need it, you can directly exchange it at the artifact store.

"The exchange is complete! A total of 2,600 points have been redeemed for the second-level hanging point!" Xiaohuohui reported, "In addition, a piece of white paper was found in the treasure, and the karma is very entangled. It is not recommended to exchange it for hanging points."

white paper?

Strong causal entanglement?

Xu Ming looked at the blank piece of paper left at the end and asked, "Is this what it means? What does it mean that the karma is extremely entangled?"

Xiaohang replied: "The entanglement of cause and effect is extremely strong: with this blank piece of paper, some kind of opportunity may be triggered."

"Oh." Xu Ming thought about it, and since that's the case, let this piece of white paper stay in the ring, anyway, it won't be able to change a few hanging points; if the opportunity really triggers, it's not a big profit. .

Afterwards, Xu Ming returned to the place where he beheaded the five late-stage Xiantian people, collected their acceptance ring, and redeemed about 800 hanging points.

In addition to the original hanging points, Xu Ming suddenly had 4,000 level 2 hanging points.

After doing this, Xu Ming probed where Gu Hanmo was and chased after him.

“That congenital-level blood escape talisman can take Gu Hanmo far enough, and I can’t reach her with the communication talisman. If you want to catch up with her, I’m afraid you will have to travel at full speed for several days!”

But now that the crisis has been resolved, with Gu Hanmo’s strength, he will not encounter any danger, so Xu Ming is not in a hurry to catch up.

In a few days, Xu Ming traveled more than 100,000 miles and finally approached the Wilderness Sect.

He was finally able to send a message to Gu Hanmo: “Are you alright?”

Gu Hanmo immediately replied: “It’s okay, I have returned to the Wilderness Sect. Are you okay?”

“I’m fine—Zhao Anhe, Long Batian, and the five late stages of Xiantian have all been killed! Not one left!”

Gu Hanmo was silent for a while. He didn’t ask more, but said, “Where have you been?”

“I’m still thousands of miles away from the Wilderness Sect.”

“Well...” Gu Hanmo pondered, “The Wilderness Sect has strict rules, and I can’t go against it. You are not yet a disciple of the Wilderness Sect, so you can’t go up the mountain for the time being; when you arrive, stay in the Wilderness City at the foot of the mountain.”

The savage sect is built on the top of a steep mountain; one husband is the gate, and ten thousand people are not allowed to open it. The wild city at the foot of the mountain is also the most prosperous city with hundreds of thousands of square meters because it is close to the wild sect.

“it is good!”

Shortly after cutting off the communication, Xu Ming received a reminder from Xiaohang: “The host is about to cross the great realm and break through to the early days of the innate; it is recommended to find a suitable place immediately and prepare for the breakthrough.”

“Finally breaking through...”

When the big realm crosses, the whole body will be washed again, and earth-shaking changes will occur. Therefore, it is necessary to find a safe place where no one is disturbed, and break through quietly.

“It’s better to find a place nearby to break through. It’s not very convenient to go to the wild city.

As for whether there will be any danger in breaking through in the wilderness? -Do you need to worry about Xu Ming? A stealth will solve it.

swoosh—

Xu Ming’s figure flashed, and he swept into the forest.

Soon, Xu Ming found a small cave outside the mountain forest.

The sky was getting darker, Xu Ming was standing at the entrance of the cave, and he could still see the smoke from the cooking in the small village at the foot of the mountain.

“There shouldn’t be any people or monsters coming here, so I’ll break through here with peace of mind!”

Xu Ming turned around and entered the cave.

Glancing at the inside of the hole, Xu Ming determined that there was nothing wrong, Xu Ming sat down with his knees crossed and started to break through.

From internal training to breakthrough to innate, there are two requirements: profound energy is pure enough, and spiritual power is strong enough.

Xu Ming’s profound energy and spiritual power were considered strong in the early days of the innate, but because of the special cultivation technique and the fact that he was upgraded offline, he was unable to break through the innate for a long time.

“Little hanging, let’s get started!”

As soon as he finished speaking, Xu Ming felt that the profound energy in his entire body, which had long been pure to the extreme, began to move in a mysterious and special trajectory, as if it would rush out at any time.

The powerful spiritual force has a natural bond with the surrounding world.

A drop of innate profound energy originating from nature was generated in the very center of Xu Ming’s dantian; immediately following, all the profound energy in the body began to transform into innate profound energy.

Suddenly, Xu Mingfu reached his heart and silently recited the formula in the exercise “Break the World”:

“The mortal dust is broken! Innate...cheng!”

In an instant, Xu Ming’s mental power, as well as the innate profound energy in his entire body, suddenly jumped to an intensity.

Xu Ming faintly had an illusion of perfect control over his own body and the surrounding heaven and earth, and even felt that his body had been integrated with the surrounding heaven and earth.

Xu Ming sat cross-legged peacefully, his heart beating slower and slower.

Boom!

Boom!

Boom!

The heartbeat frequency, which is constantly slowing down, seems to be looking for a fit point with the nature of heaven and earth.

Boom!

Boom!

Suddenly, Xu Ming felt that every heartbeat of his own was beating on a string—this string was the natural frequency of heaven and earth!

Xu Ming opened his eyes abruptly, and the two dark eyes were sharper and more impressive than ever!

“innate!”

And just at the moment Xu Ming opened his eyes~[www.readwn.com](http://www.readwn.com)~ the innate aura in him receded like a tide.

“Um?”

Xu Ming clearly felt that the innate profound energy in his body was still surging; but from the outside, he no longer had the slightest innate aura, as if he was no different from an ordinary martial artist.

“I must have stepped into the innate! Where is the innate aura in me?”

At the same time, Xiaohang's voice sounded: "The host has entered the early stage of innate, it will take 30 days from offline to hang up to the middle stage of innate, consume one level 2 hanging point every day, and consume 30 level 2 hanging point in total, whether to start offline hanging up immediately?"

"start immediately!"

Hanging up to the middle stage of Xiantian, it was only 30:00 level 2 hanging point. For Xu Ming, who was rich and powerful, it was completely a drizzle, and he didn't need to think about it at all.

"Offline hookup has started!"

"By the way, Xiaohang, do you know why there is no innate aura in me?"

"It may be because of "Breaking the World"." Xiaohang replied.

"Oh..."

Without innate breath, there is no innate breath!

After all, other than telling others "I am an innate master", the innate breath seems to have no other effect, and it has no effect on strength. On the contrary, there is no congenital aura, and it may be possible to pretend to be a pig and eat a tiger.

Therefore, there is still no good innate breath!

When we walked out of the cave again, the night had already fallen, and the lights in the small mountain village were just beginning, and everything was extremely peaceful and quiet.

"It's time to go!" Hurrying on the road late at night naturally had no effect on a master like Xu Ming.

But at this moment-

rumbling...

A roar of hooves resounded discordantly under this quiet night sky.

When the sound of the hooves sounded, the small mountain village also became chaotic.

"Not good! It's a horse thief!"

"The horse thief is here again!"

## Chapter 93: , Kindness Is Useless

“All stand up!”

Twenty or thirty horse thieves rushed into the mountain village and shouted with pride.

The villagers in the small mountain village were all silent and did not dare to make a sound.

An elderly man in the village stepped forward and said cautiously: “The third master, you have worked hard for you, and it’s so late to collect the bill!”

“Don’t talk nonsense!” shouted the third master with thick eyebrows and big beard, “You Zhangjiazhuang, there are more than 1,300 heads, I’m too lazy to count them! Erase the fraction, two hundred taels of gold, go get it!”

“Two hundred taels of gold?” The villagers were all anxious, and the old man continued, “The third-headed family’s half-year regular money is not one tael of gold for ten people? Usually, we pay more than one hundred and thirty taels. what!”

The third master’s face turned cold: “Where does all this nonsense come from? The price has gone up! Mother, everything is going up in price these days, only the money has never gone up – now, it will go up! Ten heads, one or two and a half. !”

“But the third head of the family, we all came according to the previous rules, and only prepared more than 130 taels...” The old man continued to say.

“Not enough money?” The third master grinned, making the villagers furious with laughter, “It’s not enough money to talk about, it’s an old rule, you should pay for it!”

Having said that, the third master pointed directly at a dozen people. There are beautiful widows, strong men, and a few teenagers.

“Just them, take it away!”

“Hey, the third master, the third master...” The villagers were all anxious, and whoever came up would arrest someone.

Xu Ming’s eyesight is so good, even in the dark night, he can clearly see the scene that happened thousands of feet away.

“In the past, Xu Ming’s memory said that there were thieves and bandits in the countryside. I have been in Yunqi City before, and I have never seen any thieves; now it seems that this thief is so arrogant, it seems that this world is really Bandits are rampant!” Xu Ming secretly sighed.

Xu Ming is not a savior, but he is a civilized person from modern society after all; it is only a matter of time when he encounters such a thing, and of course he can't bear to stand idly by.

"Forget it, just do something good and accumulate some virtue!"

Thinking of this, Xu Ming quickly swept to the small village down the mountain. At the same time, the internal force was running, and he shouted: "Stop!"

"There are masters!" The horse thieves were even alert.

Soon, they saw a teenager walking out of the darkness.

The third master couldn't help frowning: "My friend, there are rules in the rivers and lakes. We act according to the rules, so don't meddle in your business, right?"

Xu Ming only spit out one word: "Go away."

"You..." The face of the third master sank, he is also a person with a face, and being dismissed like this, it makes him lose face.

However, the third master was afraid of Xu Ming's loud shout just now, so he didn't dare to act casually: "This little brother, depending on your bearing, it should be from a big family to experience it? Didn't your family warn you? , There are rules on the road, can't be broken casually?"

"Go away, I'll cover up from here!" Xu Ming understood that there were so many things in the world that he couldn't handle it; but if he happened to run into it, if he didn't care, his conscience wouldn't be able to handle it.

Perhaps after coming to this world, Xu Ming had to gradually become bloody, numb, and decisive; because if he was not decisive, the enemy would kill him decisively. However, deep in Xu Ming's heart, he always insisted on some kindness in the world ruled by law; it seems that only in this way can he feel that he is different from the people in this world.

The third master looked at Xu Ming with fear.

The little brother on the side whispered: "The third master, the master of internal training, don't mess with it!"

"Humph!" In the end, the third master still didn't dare to provoke Xu Ming. After all, he was only a rank six martial artist from outside, and he couldn't provoke a master from inside. "Let's go!"

The horse thief went away.

Xu Ming originally thought that the villagers would embrace him gratefully and surround himself with the hero with love. I didn't expect-

"Hey, this little brother, you've caused us trouble!" The old man in charge of the village was the first to say.

"Today, you drove away the horse thief, but tomorrow, the day after tomorrow, are you still there? When the horse thief comes again, we will only suffer even worse!"

The beautiful widow who had been targeted by the horse thief also looked at Xu Ming resentfully, as if blaming Xu Ming for ruining her good deeds.

"What a dog to meddle with a mouse!"

"Where is the guy with a strong sense of justice, now, you have hurt our village badly!"

The villagers were talking all over the place, but none of them thanked Xu Ming.

Hearing the accusations all around him, but there was no thank you, Xu Ming was stunned: "Did I do something wrong? Could it be that this world doesn't need Lu Jian's help?"

Xu Ming remembered a chat with Gu Hanmo once, Gu Hanmo said that Xu Ming was too indecisive, and sent Xu Ming's eight-character advice – kindness is useless, killing decisively!

To kill decisively, Xu Ming has verified these four words several times; in the face of the enemy, the killing must really be decisive, otherwise it will be pitted against himself and his teammates!

And today, Xu Ming found that he finally verified the other four words – kindness is useless!

"Does this world have to force people to be indifferent?"

"Big Brother!" At some point, an eleven- or twelve-year-old boy walked up to Xu Ming. Xu Ming remembered that he was also one of the dozen or so people targeted by the horse thief.

The boy blinked his innocent black eyes: "Thank you!"

Just these two words "thank you" made Xu Ming feel a touch of warmth from this world.

...

next morning.

The gate of the wild city had just opened, and Xu Ming had just arrived in this prosperous city.

“Is this the largest city with a radius of hundreds of thousands of miles?”

Standing outside the city, Xu Ming saw that the city wall was as high as a mountain, and there was no end on both sides.

“Gu Hanmo, I’ve arrived in the wild city!”

Gu Hanmo quickly replied: “You should live in Wilderness City first, I was entangled by Liang’s people, and it is inconvenient to go down the mountain.”

Xu Ming’s eyes froze: “What’s wrong?”

“It’s nothing, it’s just annoying! I’ll take care of it!” Gu Hanmo said, “It’s just that you have to take part in the entrance examination of the Wilderness Sect. However, with your strength ~www.readwn.com~ it must be easy.”

“Then take care of your affairs and leave me alone,” Xu Ming said.

A few days, of course, was not enough for Gu Hanmo to get out of the grief of Qin Ran’s death, but at least his mood was much more stable. Xu Ming is now trying not to disturb her, but giving her personal space so that she can slowly get out of her grief.

As for his own hope of resurrecting Qin Ran... Xu Ming felt that it would be better not to say this kind of thing that is too ethereal; otherwise, he gave Gu Hanmo hope, and if it didn’t come true in the end, it would only make her sadder.

Xu Ming wandered around the wild city.

Apart from its size, Wilderness City is not much different from Yunqi City in other respects. Wilderness City has them, such as chambers of commerce, martial arts arenas, and Yunqi City.

“However, there are so many masters in Wilderness City!” On the way, Xu Ming had already seen one or two innate masters; as for the internal martial arts practitioners, there were even more!

The proportion of experts is obviously not comparable to Yunqi City.

“I’m afraid many aspiring warriors will gather here! After all, this is the core of the entire Wilderness Sect area.” Xu Ming once saw in “The Biography of Du Yude” that Du Lao had once wandered in the Wilderness City, and it seemed that he even took the Wilderness. The ten-game winning streak in the martial arts field is very beautiful.

Two late-stage martial artists passed by Xu Ming.

“Hey, I haven’t been to the black market for a while, do you want to take a look?”

“Okay! The last time I went there, I found a scrap, which recorded a set of Xuan-level exercises! Although many key points are missing, after I dedicated it to Master, I was still rewarded a lot by Master. !”

“Many of the congenital masters like to fiddle with the remnants of the exercises and learn some of their own stunts! Come to think of it, your remnants should be of some help to your master!”

...

“black market?”

Idle is also idle, Xu Ming quietly followed.

Chapter 94: , Domaju

Wild city black market, do not sell ordinary things.

After Xu Ming entered the black market, he didn’t see a “serious treasure” anyway.

“Let’s take a look, the Gale Eagle cub that I just caught, come to a gold master to buy it back and make soup! Only two low-grade profound stones are sold!”

“Boss, this Gale Eagle cub, I bought it back and raised it before eating. What do you think?” the young man in Yihuafu asked weakly.

“What? Eat it when you’re old?” The boss is a middle-aged fat man. “That’s a lot of trouble, come and come, I have a ready-made adult Gale Eagle here, and I will sell you five profound stones!”

“There are adults!” The young man’s eyes lit up, “Okay, I bought it!”

After the young man in Huafu left, the middle-aged boss laughed slyly; “This fool! An adult Gale Eagle only has one profound stone, but a cub is more valuable, he doesn’t know!”

The middle-aged boss cheated on the newcomer with peace of mind: “The four extra profound stones that I have collected should be sold to him as a lesson.”

Shopping in the black market is all about your eyesight!

Poor eyesight is expensive, and this pain can only be swallowed in the stomach; what you say will only provoke ridicule. Moreover, if you go to the black market to find trouble because it is expensive to buy, it is even more provocative to the entire black market.

is courting death.

“Chaoshunsan, Chaoshunsan! I won’t say much about the utility, the old driver who understands is here! It’s not easy to make, the quantity is limited, while stocks last...”

“A southern barbarian male slave, does anyone accept it?”

“A set of earth-level secret skills, the treasure of the town, with a sincere price!”

Earth-level secret skills?

Xu Ming was speechless when he passed by.

Earth-level secret skills? I don’t even know if the Wilderness Sect has any secret skills. You sell it here as a stall owner? Do you really think everyone else is a pig?

“A female martial artist in the middle of the internal training, original, authentic, support the inspection of the old bastard!”

Xu Ming looked ashamed: “What are you selling? Did I come to the wrong place?”

“A piece of middle-grade treasure-grade heart guard, don’t miss it when you pass by!”

“Mid-grade treasure?” Xu Ming glanced at the seller’s cultivation base and saw the fluctuations of innate profound energy on him, so he could not help but step forward, “How to sell it?”

“Eighty.” The seller also glanced at Xu Ming. Seeing that he had no innate profound energy fluctuations, he naturally did not treat Xu Ming as a business, and said impatiently.

The unit is naturally the low-grade profound stone.

“It’s really black!” Xu Ming muttered secretly.

A complete set of middle-grade treasure-grade armor usually sells for one or two hundred low-grade profound stones; he actually asked for eighty yuan for a heart guard.

Xu Ming watched while watching.

Treasures in the black market are jumbled and chaotic; many things that cannot be seen elsewhere are often seen in the black market.

“If you are short of money, it would be good to come here and set up a stall for a while!” Xu Ming has an artifact store, except for living creatures like the Gale Eagle and some special items, almost everything else can be given to you. change out.

Xu Ming can earn a lot of money by earning the difference casually.

“But this method...it’s quite a small farmer!” Xu Ming secretly said.

When he was in Yunqi City before, Xu Ming also thought about whether to resell some rare items, but then gave up the idea. Now it has been proved that Xu Ming was right not to resell, because after all, he can’t make a lot of money by resale!

For example, Xu Ming’s current wealth is equivalent to 4,000 low-grade profound stones, and when converted into gold, it is... 400 million!

Selling 400 million gold? How long does Xu Ming have to resell? What a waste of time!

This kind of small farmer’s business, unless you are really short of money, otherwise... we won’t do it!

Suddenly, a shout caught Xu Ming’s attention.

“One black pearl, please change it for a ghost sect survival pill!” The one who shouted was a bookish young man.

At this time, a young man who knew at first glance that it was Young Master came forward and asked, “Hey, what is this pearl of yours?”

The scholar shook his head: “I’m not very clear either.”

“I’ll go!” Brother Young Master scolded, “I don’t know very well, how dare you take it out to exchange for the Ghost Gate Survival Pill? Do you know how much the Ghost Gate Survival Pill is worth?”

Even if the innate martial artist is seriously injured, as long as there is still a breath, a ghost is still alive, and it can be rescued.

“The ghost gate is still alive, but only those who are very good at alchemy can refine it! – You don’t know anything about this bead, and you dare to take it out for the ghost gate and live Dan? Are you crazy? Is it?” Brother Young Master sneered, “Forget it, I think you are pitiful, and you happen to like this bead, 80,000 taels of gold, I bought it from you!”

The scholar said: “I only change the ghost gate to survive the pill.”

Brother Young Master was embarrassed: "One hundred thousand taels, stop talking nonsense!"

The scholar still said: "I only change the ghost gate to survive the pill."

"Cut, idiot!" Brother Young Master scolded, turned around and left, "A broken bead, take it out and exchange it for the Ghost Gate Survival Pill? You can just stand here! Tell you, the entire black market is afraid of nothing. I'll take a fancy to this thing; I can't believe who will pay more than me!"

Although Brother Gongzi was upset, he couldn't help it; in the black market, he didn't dare to buy or sell by force.

Xu Ming was a little puzzled: "Why do I feel that this bead is very strange?"

Since Xu Ming's breakthrough to Xiantian, his insight is much higher than that of other Xiantian warriors because of his cultivation techniques. The first time he saw this bead, he felt the extraordinariness of this bead.

"On this bead, there is a hint of the natural smell of heaven and earth, but there is also a very strange feeling... What is it?" Xu Ming thought for a while, "Xiaohang, help me explore this bead."

The "exploration" link has a very wide range of uses, UU reading [www. uukanshu.com](http://www.uukanshu.com) has almost nothing that cannot be probed.

The results of the investigation came out immediately, but it was very simple: "The Dao Demon Beads are produced in the Demon Realm of Seeking Dao. After the realm reaches the unity of heaven and man, it can be absorbed and used; there are great benefits, but there are also no small risks."

"Dao Demon Orb? It can only be used without the unity of man and nature?" Xu Ming thought about it, and he was close to the realm of unity between man and nature. Because Xu Ming planned to go back and find a suitable place, he bought the realm of "harmony between man and nature" directly from the artifact store.

After Xu Ming broke through Innate, the Level 2 artifact store has been opened. There are a lot of treasures there, waiting in line for Xu Ming to buy!

However... this special Dao magic stone is not available in the artifact store.

"Buy it here and try it!" Xu Ming looked for it in the artifact store, a ghost-sect survival pill, which required a 100-level 2 hanging point; he thought about it and decided to buy it.

"I want this magic stone!" Xu Ming said.

The scholar said: "I'm going to change the ghost gate to survive the pill."

When he spoke today, he recognized this sentence.

Xu Ming took out a jade bottle: "This is the ghost gate survival pill."

"I'll wipe it!" The younger brother who had not left, couldn't help but stare at Xu Ming fiercely.

"I'm going, where did this kid come from? I just said that in the entire black market, only I would like this broken bead, and no one would bid higher than me; as soon as I turned around, this kid appeared. Come on, isn't it obvious that you are here to slap me in the face?"

This son-in-law is also a well-known figure in Wilderness City, how can he bear it?

"Hey, who is that!" Brother Gongzi pointed at Xu Ming and said, "I haven't seen you in Wilderness City, what country did you come from? Also, what kind of medicine do you have in your hand? You came from a small country in the countryside. Come on, can there be a ghost gate to survive Dan?"

How much is the Ghost Gate Survival Pill worth, the young master doesn't know, he only knows that it should be quite valuable.

Chapter 95: ,Do You Know Who I Am?

Ignorance is a blessing.

Because of his ignorance, he didn't know how much the Ghost Gate Survival Pill was worth, so this young man dared to provoke Xu Ming unscrupulously.

Ignorance is also scary.

Also because of ignorance, this young master will not know that a person who can take out the ghost gate and survive, is not something that a young man of his level can provoke casually.

Xu Ming glanced at this young man indifferently, ignoring him – where did I come from, and whether there is a ghost surviving pill, it's none of his business!

"Do you really have a ghost in your house and still have pills?" The scholar was a little excited.

He also didn't expect that with this strange bead, he could really exchange for the Ghost Gate Survival Pill; he originally thought that this was an impossible test.

“Isn’t it, you can see if you don’t see it.” Xu Ming frowned, thinking to himself, this scholar must not know the ghosts and the survival pill, right?

“Yes!”

The scholar took the jade bottle and carefully studied the blood-red elixir inside the bottle;

“Don’t look at it, this is definitely not the Ghost Gate Survival Pill!” Brother Young Master chirped, “I’ve seen the Ghost Gate Survival Pill, that pill is blood-red with stars and black dots; You can tell by looking at it that it’s not a ghost pill, it’s probably a miscellaneous pill that this kid doesn’t know where to get it. If you change it, you won’t know when it will die! – I, Ma Shaobai, have been in the black market for many years. Yes; if this pill is still alive, my surname will be yours!”

This young man named Ma Shaobai has not actually seen the Ghost Gate Survival Pill with his own eyes; the blood red with stars and black spots he described was also what others told him.

Of course, Ma Shaobai didn’t know that some ghosts still produce elixir, the reason why the blood red with some black dots is because the alchemists are not skilled enough to remove all the impurities; The one Xu Ming took out was pure blood red, without a trace of impurities!

The inferior Ghost Gate Survival Pill, although it is also effective, the recovery effect and recovery speed on the body cannot be compared with the top-quality Ghost Gate Survival Pill that Xu Ming took out.

The scholar is also a person who knows the goods. Before he came out to exchange the pill, he had already been explained what the ghost gate rejuvenation elixir looked like. He also knew that Xu Ming took out this one and it was the absolute best ghost gate rejuvenation elixir.

“This is the Ghost Gate Survival Pill, I’ll change it!” The scholar said firmly.

Of course, the scholar is very happy to be able to get a top-quality Ghost Gate Survival Pill.

“What? Do you think this is really a ghost?” Ma Shaobo suddenly felt that the scholar was also deliberately slapped in the face. I just swore that this pill was definitely not the Pill of Ghosts, otherwise I would take his surname; in the blink of an eye, the scholar said with certainty that this was the Pill of Ghosts.

“Did these two form a group to slap me in the face?”

First Xu Ming slapped him in the face, and now it was the scholar’s turn.

It's just that Ma Shaobai didn't even think about it. From the beginning to the end, Xu Ming and this scholar didn't bother to kill him at all;

Moreover, Ma Shaobai felt that Xu Ming and the scholar deliberately embarrassed him and slapped him in the face. In fact, Xu Ming and the scholar did not think that he existed at all, but just regarded him as a cloud of air beside him – Xu Ming only saw the Taoist demon in his eyes. Pearl, in the eyes of the scholar, only the ghosts are still alive.

Ma Shaobai kept barking from the side, but Xu Ming and the scholar completed the transaction very happily and without anyone else.

Both parties are satisfied.

"Thank you so much!" The scholar thanked him, naturally because Xu Ming gave him such a top-quality ghost-sect survival pill.

"Xu Ming." Xu Ming cupped his hands.

Xu Ming didn't deliberately bring out the top-quality Ghost Gate Survival Pill, but... it was produced by the artifact store, only the top-quality one!

Scholar Yan Fei also cupped his hands and said, "I still have something to do today, so I'll stay soon. I'll have a fate in the future, see you in the rivers and lakes!"

"Haha, good!" Xu Ming didn't expect that Yan Fei, a scholar, would say such words in his mouth, and he couldn't help laughing.

"It's fun to say that!" Xu Ming secretly said.

"Hey, hey!" Ma Shaobai, who was on the side, finally found that he was chatting for a long time. It seemed that these two people were not beating themselves at all! Seeing that Yan Fei was leaving, he shouted, "You two, do you think I don't exist?"

Yan Fei stopped and wanted to explain.

Xu Ming motioned for him to go first.

Yan Fei thought for a while, Xu Ming must have something to come up with to come up with such a superb ghost gate survival pill; the other party was just a dude, and he had nothing to worry about for Xu Ming. In addition, he was really in a hurry, so he nodded at Xu Ming and left first.

When Yanfei left, Xu Ming didn't bother to ignore Ma Shaobai, so he bypassed him and walked around on his own.

"stop!"

Being ignored again and again, Ma Shaobai finally got angry!

Yes, angry! He felt so humiliated and provocative!

It's just that Ma Shaobai didn't even think about it, Xu Ming and Yan Fei had no obligation to coax him; from the beginning to the end, Xu Ming and Yan Fei only regarded him as a joke.

"I told you to stop, didn't you hear?"

Seeing that Xu Mingli ignored him, Ma Shaobai continued to walk on his own, until he couldn't bear it any longer. With a wave of his hand, the three younger brothers accompanying him immediately blocked Xu Ming's path.

Many people around have cast their eyes, waiting to see the show.

In the black market, there are not many people making troubles, and good shows are not common!

Ma Shaobai's face flushed with anger. He walked up to Xu Ming aggressively~www.readwn.com~ and shouted, "Do you know who I am?"

Ma Shaobai was really angry.

Even the young masters of the big forces and big families in the wild city have to give themselves some face; this Xu Ming, who is very faceless and doesn't know where it came from, dares to ignore and provoke himself again and again.

It is really unbearable and unbearable!

"I've never seen this kid with such a face, he's definitely not from the Wilderness Sect or Wilderness City!" Ma Shaobai secretly said.

Ma Shaobai has seen the Wild Wilderness Sect, or the slightly powerful people in the Wild Wilderness Sect, and has an impression.

"I don't know which small country from a small country, but dare to act wild in front of me! If you don't teach him a good lesson, it seems that he really doesn't know how deep the water is in the wild city!" Ma Shaobai did not go from beginning to end. Thinking, it wasn't that Xu Ming was running wild in front of him, but that Xu Ming didn't want to kill him, so he had to get up.

"Who are you?" Xu Ming looked up lazily, "I don't know."

do not know?

Don't even know me?

This kid doesn't even know who I am?

Ma Shaobai was about to get angry, but then he thought: "It's normal for a boy from a small country to not know me; if he knew my identity, I'm afraid he wouldn't dare to be so arrogant! Hmph... I'll let him know about me. Who is it!"

Ma Shaobai had a color, and his subordinates immediately said: "This, but Ma Shao of the famous Ma family in Wild City!"

"Oh..." Xu Ming replied calmly, "It's none of my business."

"You—" Ma Shaobai really went wild. To say that just now, Xu Ming didn't know who he was, and he could still forgive him; but now that he had already signed up for his name, he turned out to have such an attitude, then it was really a deliberate provocation!

"What? You dare to do it in the black market?" Seeing Ma Shaobai who was about to run away, Xu Ming smiled disdainfully.

Chapter 96: , Walking The Dog

Do it on the black market?

Ma Shaobai was embarrassed, he really didn't have the courage.

How could the black market be something he could provoke as a playboy?

"Good! Good! Good!" Ma Shaobai said fiercely, "Then if you have the ability, never leave the black market!"

After speaking, Ma Shaobai really stopped talking nonsense and withdrew directly behind Xu Ming, staring at Xu Ming like this. Xu Ming took a step, and he followed; wherever Xu Ming went, he followed.

"This stupid X!" Xu Ming cursed inwardly, not bothering to pay any attention to it, and wandering around on his own.

Anyway, it's clean for the time being, isn't it?

"Ma Shao, what should I do?" The three younger brothers followed Ma Shaobai and asked in a low voice.

"Just follow him, and when he leaves the black market, \*\*\*\* him! I don't believe it, he won't leave the black market!" Ma Shaobai said, "Hmph, from a small country, and not a

congenital warrior, dare to do this in front of me Crazy, I just don't know how to live or die!"

Because Xu Ming did not have any innate aura fluctuations, Ma Shaobai naturally regarded him as an internal martial artist.

An internal martial artist from a foreign country?

Ma Shaobai admits that there is nothing he can't afford to offend!

"It is good!"

Together with Ma Shaobai, the three younger brothers followed Xu Ming like a shadow.

Some black market merchants around couldn't help but sigh: "This foreigner is also pitiful, and he has offended Ma Shaobai, now he has suffered!"

Ma Shaobai, in the Wilderness City, is not a top-level son. Compared with the young disciples of the Wilderness Sect, his status is even worse!

But as the saying goes, the king of \*\*\*\* is easy to see, and the little devils are difficult to deal with; for these middle and low-level people in the black market, a son-in-law like Ma Shaobai is more terrifying than those top-tier sons!

Because top-level sons and buddies generally rely on their own identity, and will not cause trouble outside casually. On the contrary, at the level of Ma Shaobai, he has a little bit of power, and he is afraid that people in the world will not know how awesome he is, and he has to show off his power everywhere. This kind of person is the most difficult to mess with!

Therefore, when everyone saw that Xu Ming had provoked Ma Shaobai, they couldn't help but sympathize with him.

"You said it's not good to provoke anyone, but Ma Shaobai... You are from a foreign country, and you meet such a shrewd man... Hey, ask yourself for more blessings!"

Some people didn't sympathize with Xu Ming: "Poor? It's really pitiful! But poor people must have something to hate! Who told this kid to turn his eyes away and provoke Ma Shaobai? Who is to blame?"

The people around were talking softly, watching Xu Ming, Ma Shaobai and his party, gradually walking towards the depths of the black market.

Being followed like a pug by Ma Shaobai, Xu Ming didn't care at all, as if he didn't know there were so many people behind him, he was wandering the black market by himself.

When walking to other parts of the black market, when people around them saw Xu Ming and Ma Shaobai's discussion, it was completely different—because the people here did not see the conflict between Xu Ming and Ma Shaobai just now.

“Hey hey, who is that, do you know?” An old black market driver pointed at Xu Ming secretly, and asked an older driver beside him curiously.

The older driver looked at Xu Ming suspiciously: “I don't know, new face, never been to the black market!”

When this older driver was in the black market, let alone a man of Xu Ming's age, even Xu Ming's parents' age, I'm afraid they haven't even been born yet! Older drivers have been in the black market for so many years, and even those who come to and from the black market, even if they have only been there once, remember it clearly.

“I also think it's a new face, but... Look at that young master Ma Shaobai, why did he follow him like a dog?”

“Yeah!” the older driver exclaimed, “and he has been keeping a distance from this new-faced young man, he doesn't seem to dare to rely too much on it—I rely, this new-faced man is definitely a big man!”

The people around saw Ma Shaobai following Xu Ming like a shadow, but they didn't dare to get too close. They thought that Ma Shaobai was Xu Ming's little follower, and they were afraid of disturbing Xu Ming's Yaxing, who was visiting the black market, so they dared to follow from a distance.

To make Ma Shaobai follow him willingly and not dare to get too close, what a great character he must be!

“Could it be from the Savage Sect?”

“Even if it's not from the Wilderness Sect, I'm afraid the identity is not far from that of the Wilderness Sect disciple!”

“Big man!”

The old driver exchanged glances with the older driver, and they both felt that the opportunity must not be missed – such a big man, the first time he comes to the black market, it is the easiest to make friends; if you miss this opportunity, it will be difficult to make friends in the future. Much more!

Thinking about it, the two old drivers hurriedly went to the counter in their own shop, grabbed a bunch of phoenix flower and wood bracelets with sandalwood in them, nodded and ran to Xu Ming: “This is the first time this young man has come to our Wilderness. Is there a black market in the city? This string of phoenix flowers and wood

bracelets, please accept it with a smile, and take care of the business of the store in the future!”

“Eh?” Xu Ming was startled.

The phoenix flower and wood bracelet, although it was nothing to the current Xu Ming, was worth hundreds of taels of gold. What kind of store is this, so enthusiastic, when I meet a new customer like myself, I want to send such a valuable thing!

“Could it be that you want to defraud me?” These days, it is necessary to be defensive!

At this time, Xu Ming heard the two old drivers who gave gifts secretly asking: “Why is Ma Shao following behind you and dare not come up?”

Xu Ming immediately understood that he was a fox and a tiger with a lot of power. When the two old drivers saw that Ma Shaobai was following behind them, they must have mistakenly thought that they had an extraordinary background, so they came to make friends.

Oh, no, it shouldn't say fox fake tiger power, but “tiger fake fox power”.

“He?” Xu Ming glanced back, “It's just a dog.”

Just a dog! ?

The two old drivers were shocked – this is too domineering! How dare you say that Ma Shaobo is like a dog!

Isn't that right? Ma Shaobai hangs behind Xu Ming, neither coming up nor leaving, isn't he just like a dog?

“Big man!” The two old drivers became more and more convinced that this young man was definitely a big man, and even Ma Shaobai could only act like a dog in front of him.

Thinking of this, the flattery on the faces of the two old drivers became more and more obvious.

But how could Xu Ming really want their “heart”, he shied away a few times and left.

“It's so cold! It's so cold!” Before the gift was sent, the two old drivers felt that Xu Ming had a lot of background, “It must be that this master doesn't like this string of phoenix flowers and wood bracelets, if he knew earlier, he should have taken it more valuable. came out!”

“It’s a pity... I missed an opportunity to make friends with great people! Otherwise, this young man will take care of the business a little bit, and our Red Sandalwood Pavilion will be cool!”

The two old drivers have been in the black market for many years~www.readwn.com~ Naturally, they are well versed in the routine.

Ma Shaobai glanced at the two old drivers with some doubts, but couldn’t figure it out for a long time, the two old drivers nodded and bowed to Xu Ming for what to do.

Similar things happened several times.

It was only later that Ma Shaobai suddenly figured out – it’s really a dog, this kid named Xu Ming is walking us like a dog!

is not that right!

Xu Ming walked in front, Ma Shaobai and his three younger brothers were hanging in the back, wouldn’t it be like walking a dog! Moreover, these dogs are also very obedient, follow them honestly, don’t bark or make trouble, how well-behaved!

“Damn it!” Ma Shaobai was so angry that he rushed forward, “Too deceiving! It is deceiving too much! I, Ma Shaobai, are also a respectable person in Wilderness City. I have never messed with him, but he humiliated me like this! It is too deceiving! ”

“Ma Shao, Ma Shao!” the three younger brothers persuaded, “This is a black market, it’s not easy to do it!”

“It’s not easy to do it? Is it possible that I will be walked by him like a dog?”

“Ma Shao, please put out the fire first, you sit next to him first, we will follow him, and promise not to let him run away!”

“Hmph! That’s the only way to do it.” Ma Shaobai snorted heavily.

However, in this black market, Ma Shaobai has no face to stay today; he just feels that the eyes of the people around him are full of ridicule.

“I’ll wait at the ‘Wild Tujia Cuisine’ next to the black market. As soon as this kid leaves the black market, tell me immediately!” Ma Shaobai ordered.

“Yes!”

Afterwards, Xu Ming wandered around the black market for a while, wandering around almost every place in the black market, and then he got up and left without a single thing. What kind of thing can a \*\*\*\* boy be?

Get out of the black market.

“Huh? Savage Tujia dishes?” Xu Ming became interested, “Try the characteristics of Savage City as well!”

Chapter 97: , Must Fight

Walking into the wild Tujia cuisine, Xu Ming saw Ma Shaobai sitting by the window at a glance.

“Come on, today’s trouble seems to be unavoidable!”

Xu Ming also walked into this store on a whim, but Ma Shaobai happened to be here too. Really... the enemy’s road is narrow!

“I hope he will stop his horse, don’t mess with me! Otherwise, I will be slapped in the face at the humiliation of myself!” As if he did not see Ma Shaobai, Xu Ming also found a place to sit down.

For Ma Shaobai, this little dude, Xu Ming really didn’t take it to heart at all.

In terms of strength, although Xu Ming seems to have not even reached the innate, but his real strength is quite powerful in the innate. If you open a hang, there is no upper limit to your strength!

In terms of background, although Xu Ming didn’t know the power of the Ma family in the wild city, could he be stronger than Gu Hanmo? Gu Hanmo, but the daughter of the sect master of the Wilderness Sect, her identity completely overwhelms all the forces in the Wilderness City – with the relationship between Xu Ming and Gu Hanmo, it should be no problem to pretend to be a little more powerful, right?

Strength crushes Ma Shaobai; background also crushes Ma Shaobai—in such a situation, does Xu Ming need to take Ma Shaobai to heart?

However, the tree wanted to be quiet but the wind kept blowing, Xu Ming didn’t want to bird this Ma Shaobai, but Ma Shaobai insisted on jumping out.

As soon as Xu Ming’s \*\*\*\* touched the chair, Ma Shaobai and his younger brothers had already gathered around him.

“Boy, it seems that you must provoke me today!” Ma Shaobai’s face was so gloomy that it dripped with water.

I, Ma Shaobai, are also a well-known figure in the wild city. Today, I was chased by a boy from a small country from the black market to the wild local dishes. Can you bear this tone?

“In the black market, I dare not touch you; do you think I dare not touch you after the black market?”

“I just happened to come to this store.” The reason why Xu Ming wanted to explain a little was because he felt that this coincidence really embarrassed Ma Shaobai. Let me explain a little bit, and I hope that the anger of this mindless son will calm down a little.

After all, Xu Ming really didn't want to slap someone in the face when he came to Wild City!

“By chance?” Ma Shaobai's voice rose in vain, “How can there be such a coincidence in the world? I see, you know that I was in this store and deliberately came to provoke me!”

Ma Shaobai originally planned that after Xu Ming left the black market, he would kill him to find Xu Ming and show him some color. Unexpectedly, before he had time to kill him, Xu Ming would kill him first – he was just chasing after him and provoking him!

Such a provocation, Ma Shaobo, a dandy young master, can bear it?

Absolutely not!

“I, Ma Shaobai, is a kind person. Now, I will give you one last chance! If you fulfill the two requirements, I will not care about your provocation and let you live!” Ma Shaobai said, “The first requirement is to put Give me that black bead; of course, I will not treat you badly, I will still buy you 100,000 taels of gold! – I, Ma Shaobai, am not a poor man!”

Xu Ming listened.

100,000 taels of gold, just want to buy the Dao Demon Orb that you exchanged with the Ghost Gate Survival Pill? -It must be that Ma Shaobai didn't know the value of the Ghost Gate Survival Pill. If he did, he probably wouldn't dare to provoke himself so stupidly.

The market price of a Ghost Gate Survival Pill can be hundreds of low-grade profound stones! Even if Ma Shaobai was sold, he would not be able to collect a single piece of money for the Ghost Gate Survival Pill!

Poor Ma Shaobai ignorantly continued to provoke Xu Ming: “Second request... Kneel down, kowtow ten times, shout ten times grandpa, then you should apologize! Then, you can get out safely!”

“Humph!” The three younger brothers also looked at Xu Ming with threatening eyes.

The movement here, of course, alarmed the owner of Tujia cuisine.

“This kid, actually offended Ma Shaobai?” The boss looked at Xu Ming with pity, “Fortunately, Ma Shao was merciful today, let him kowtow ten times and shout ten times grandpa, then let him go; otherwise, this kid will be beaten to death. No one blamed him!”

From the boss’s point of view, Xu Ming should be grateful to offer those beads next, and then knelt down and kowtowed to his grandfather.

As for dignity?

Dignity is so important!

Xu Ming gave Ma Shaobai a cold look: “What is the second requirement?”

Ma Shaobai thought that Xu Ming was scared, so scared that he couldn’t even hear his own words clearly, he couldn’t help but smiled proudly, and then repeated: “Kow ten times, shout ten times grandpa!”

When repeating it, Ma Shaobai still enjoyed the feeling of showing off his power very much, and thought to himself: “I think in the past, my Ma family was just an ordinary family, how could I be so beautiful! Fortunately, my good sister has the ability... Now, the whole family The family is thriving, and even the families that competed with us in the past are now fawning over us like dogs...”

When one person attains the Tao, the chicken and the dog ascend to heaven.

The Ma family can have today’s scenery, and it really depends on Ma Shaobai’s sister.

“Kow ten times~www.readwn.com~call ten times grandpa?” The corner of Xu Ming’s mouth rose slightly.

“Do you hear it clearly now?” Ma Shaobai thought that Xu Ming had already surrendered, and couldn’t help but become more and more complacent.

“Listen clearly.” Xu Ming leaned back on the chair, facing Ma Shaobai, “Come on, kneel down!”

Xu Ming really didn’t want to cause trouble, because he really didn’t want to. But now, this face has been brought in front of him, it seems that it is really necessary to fight.

Now that he has to fight, Xu Ming is too lazy to keep a low profile! It’s good to slap the face, kill the chickens to warn the monkeys, and save the cats and dogs from daring to provoke themselves.

“What!?” Ma Shaobai’s three younger brothers were stunned, “He... he asked Ma Shao to kneel down?”

“This fool who doesn’t know how to live or die!” The owner of Tujia cuisine was also stunned. “Ma Shaobai is so kind today, but he is so ignorant of life and death—poor boy, I hope he can see the sun tomorrow!”

Immediately, the boss took out the communication talisman: “Hello? Pharaoh? Bring me a new batch of tables and chairs... Yes, yes, there will be a fight in the store soon...”

The most dazed thing is probably Ma Shaobai: “You... how dare you...”

“Why are the three of you still standing there? Fuck him!” Ma Shaobai was really mad!

“You can’t be merciful!” Ma Shaobai thought fiercely in his heart, “I’ve already been so kind. I asked him to kowtow ten times and shout grandpa ten times, and let him go, but he provokes me even more...”

Seeing that Ma Shao was furious, the three younger brothers didn’t dare to hesitate, and even rushed towards Xu Ming aggressively.

“roll!”

Xu Mingyi sat on the chair and just flicked his arm.

Snapped! Snapped! Snapped!

The three younger brothers were all swept away immediately.

“You...” Ma Shaobai widened his eyes.

Snapped!

The answer to him was a slap.

Chapter 98: ,Elder Sister

With four crisp slaps, the four big men who were swept to the ground.

“This kid...cause trouble!” The boss gave Xu Ming a terrified look, “Even Ma Shaobai dares to smoke, he really doesn’t know whether to live or die! – I hope it won’t affect my shop!”

Ma Shaobai sat on the ground, covered his face in disbelief, and was stunned for a long time—Ben Bao was beaten?

“Ah—you dare to hit me!? I killed you!”

Ma Shaobai got up in anger.

Snapped!

Another slap pulled Ma Shaobai back to the ground.

“You...” Ma Shaobai covered both sides of his face in grievance—Ben Baobao was beaten again.

The three younger brothers realized at this moment that Xu Ming was a master who was not easy to mess with;

Immediately, the atmosphere on the field became a little weird.

In the eyes of everyone, Xu Ming, who was the weaker side, was leaning against the chair at this moment, while the menacing Ma Shaobai side sat on the ground and rubbed his face in grievance.

“This kid, it’s really troublesome!”

“Ma Shaobai will definitely call his sister!”

“Now, this kid is really miserable! Although Ma Shaobai is a playboy, he is not going to kill anyone; but his sister...”

Ma Shaobai’s sister Ma Weibai is very vicious!

Sure enough, Ma Shaobai had already taken out the communication talisman, and cried out in an extremely miserable way: “Sister, come quickly, your brother, I’m about to be beaten to death—”

“It’s over, this kid is over!”

“It will definitely be abolished!”

“If you run right away, maybe there is still hope to run out of the wild city!”

“I can’t run! As soon as he runs, Ma Shaobai will immediately send a message to his sister!”

“What a good baby, why can’t I hold my breath so much! What’s the use of dignity, I’m going to die now!”

“Let’s sit a little further away and watch the fun, so as not to be affected!”

“exactly!”

Xu Ming didn't take such a thing to heart. After slapped, he saw that the four Ma Shaobai were sitting on the ground and refused to stand up, so he didn't bother to care about them.

"Boss, where's the menu?"

The chubby boss walked over to Xu Ming, sighed, and shook his head again: "Come on, little brother, you don't have to order any more! I'll immediately ask the chef to serve you all the specialties in the store, while it's still available. When you have time, hurry up and eat something, just treat it as... the guillotine I gave you from the boss! Be a full-fledged ghost!"

"Uh..." Xu Ming was speechless, but he didn't bother to explain anything.

"That's right!" The boss suddenly said, "First, pay for the meal, as well as the table and chairs. Wait, you don't have time to pay!"

The boss has already expected that the table and chairs nearby will not be able to be preserved when there will be a fight.

Xu Ming threw away dozens of taels of gold incomparably speechless: "Don't look for it, hurry up with good wine and good food!"

"Okay!" The boss took the money and hurriedly shouted to the kitchen, "Hurry up with the special dishes! Hurry up! All the special dishes are here! It must be fast! Fast! Fast! There is a guest here who is about to be reborn, late. He can't eat it!"

Listening to the boss's shout, even if Xu Ming knew that he would have nothing to do, he felt a deep entanglement: "I just want to try some local specialties, can I still make it delicious?"

...

Horse's house.

Construction is underway now.

Because they just defeated the Zhou family next door, and even the Zhou family compound was swallowed up by them.

At this time, the head of the Ma family instructed the workers to open up the walls of the two families so that they could be merged into a larger mansion.

"How many years... how many years have I been waiting for! The Ma family has finally grown in my hands!" The head of the Ma family was excited, "It's all thanks to Wei Bai! If it weren't for her, the family would It won't grow so fast!"

The owner of the Ma family couldn't help but glanced towards the living room.

In the living room, his good daughter Ma Weibai was receiving two guests from the Wilderness Sect.

"Jinglong, Zhang Hu, please send it to me specially!" Ma Weibai couldn't help thanking the beautifully packaged pastries.

Wang Jinglong and Zhang Hu were both disciples of the Wilderness Sect.

Although they were only disciples of the outer sect, they came to the Wilderness City, and their identities were quite detached. After all, speaking of it, they are also people of the Wilderness Sect!

"Sister-in-law, thank you! Big brother ordered me to deliver it. As a younger brother, of course I have to run errands!" Zhang Hu laughed.

Wang Jinglong also smiled and said, "Yes, sister-in-law, this cake was brought back from Feiyun Country by eldest brother! Feiyun Country is hundreds of thousands of miles away, and eldest brother brought the cake back here. He really has a heart!"

"Assuming he has a conscience, he still knows how to bring me something!" Ma Wei Bai Jiao smiled.

However, in Ma Weibai's heart, he was scolding: What the hell? So far away, they only brought me a box of pastries! Hmph, what an idiot, if it weren't for the fact that you were a disciple of the Wilderness Sect, I wouldn't be too lazy to waste time on you!

"By the way, what about Brother Hao?" Ma Weibai laughed again, "Why didn't he come by himself?"

Wang Jinglong said: "Big brother is a disciple of the inner sect! The Zongmen Huiwu is near~[www.readwn.com](http://www.readwn.com)~ The elder brother is speeding up his cultivation, and he dare not waste a minute or a second; if he can achieve good results in the Zongmen Huiwu, then the elder brother The status of the inner sect will also be higher!"

"The eldest brother has a higher status in the inner sect, and if we are younger brothers, the status in the outer sect will naturally rise!" Zhang Hu also said.

"Right!" Ma Weibai suddenly lowered his voice, "I heard that Brother Hao was defeated by a young genius when he went to Feiyun Country?"

"Shh!" Wang Jinglong continued, "Don't say this in front of the big brother – this matter is a big blow to the big brother; if it wasn't for this, the big brother wouldn't be cultivating day and night now, even the sister-in-law. You are not here anymore!"

“There is actually a genius in Feiyun Kingdom who can defeat Brother Hao?” Ma Weibai asked in surprise.

“Actually, I don’t really believe it.” Zhang Hu said.

“If there is, he should come to participate in the ‘Shanmen Pass’, and we can see it.” Wang Jinglong said.

“That kind of genius is definitely unwilling to be buried in Feiyun Country, and will definitely come to the Wilderness Sect! When the mountain gate closes, I will also go to see it!” Ma Wei said whitely.

At this moment, Ma Weibai’s expression suddenly changed.

“What’s wrong, sister-in-law?” Wang Jinglong noticed immediately.

Ma Weibai listened to the screams in the communication talisman: “Sister, come quickly, your brother, I’m about to be beaten to death—”

“How dare you hit my brother!” Ma Wei’s eyes flashed coldly.

Wang Jinglong and Zhang Hu couldn’t help feeling chills all over.

“Jinglong, Zhang Hu, my brother was bullied!”

“What!?” Zhang Hu immediately stood up.

Depend on! The elder brother’s brother-in-law was bullied, is this okay?

Wang Jinglong also looked cold: “Go!”

“I want to see who is so daring to touch my brother!”

Chapter 99: , Stand Up!

Wilderness home cooking.

A series of special dishes were placed on Xu Ming’s table one after another.

None of the other customers in the store blamed Xu Ming for serving the food faster; because in their opinion, Xu Ming was about to be reincarnated, and of course they had to let him go.

“This person is arrogant now, but I don’t know how long he can be arrogant...”

“Yeah, beating Ma Shaobai so badly will kill him!”

“Look at him, he is still eating so leisurely, is it because he knows that death is imminent, so he is not afraid?”

“But why do I think he never seems to be afraid?”

At this time, Xu Ming was eating vegetables and drinking small wine in a hurry, while Ma Shaobai and four people knelt on the ground around him.

Among the four, Ma Shaobai was undoubtedly the worst.

Because the three servants were knocked to the ground by Xu Ming, they sat on the ground honestly and did not dare to get up again.

As for Ma Shaobai, he felt that it was shameful to sit on the ground, and he always wanted to stand up. As a result, as soon as he stood up, Xu Ming slapped him in the air, and as soon as he stood up, he slapped him.

After four or five slaps, Ma Shaobai finally became honest; it's just that his originally handsome face was no longer recognized by his mother.

“Hey—” When the boss served Xu Ming the food, he glanced at Ma Shaobai's tragic state and couldn't help shaking his head.

I don't know if he is shaking his head for Ma Shaobai or for Xu Ming.

“Brother-brother, what's wrong with you, brother!” A panicked exclamation came from outside the wild Tujia Caimen.

Done!

This kid is done!

Ma Weibai is here!

Hearing this voice, many people in the restaurant were obviously trembling, and their bodies involuntarily moved slightly in the opposite direction of Xu Ming.

“Sister!” Ma Shaobai was shocked, and suddenly felt that the whole world was brighter, and he stood up with a sigh, “Sister, I'm here, come and save me!”

Snapped!

Poor Ma Shaobai, did not wait for his sister's answer, but waited for Xu Ming's slap first.

When Ma Weibai broke into the door, she also happened to see her beloved brother being slapped to the ground.

“Brother!” Ma Weibai was even sadder than being slapped, and even ran to Ma Shaobai’s side.

“Brother, why did you get beaten up like this?” Ma Weibai held Ma Shaobai’s face, which was already swollen to a human size, and his heart was cut like a knife.

From childhood to adulthood, Ma Weibai has been hurting her brother the most; for so many years, she has been taking care of her carefully, and she would rather be wronged herself than let her brother be wronged.

But I didn’t expect that my brother would be beaten like this today.

“Sister—” Beside her, Ma Shaobai finally felt some sense of security, and all of a sudden the tears flowed down.

Looking at his younger brother’s tears, Ma Weibai’s anger was even more uncontrollable.

Others in the store only felt that there was a murderous aura in the air, and even the temperature seemed to suddenly drop a few degrees.

“How did you three protect my brother?” Ma Weibai glanced at the three younger brothers.

The three younger brothers all shivered, and said, “Miss, this person is too powerful, we are not his opponents at all!”

“Three useless trash, go back and teach you a lesson!” Ma Weibai said coldly.

His younger brother’s face was drawn so much that he almost didn’t recognize him, but the faces of these three bodyguards were not a big problem. After returning, Ma Weibai certainly wouldn’t let the three bodyguards go easily.

The three younger brothers shivered together again. At this time, they couldn’t help but secretly regret that they didn’t stand up a few times just now, so that they could be beaten a little worse.

“Brother, let’s get up first.” Ma Weibai said while supporting his younger brother.

“Hmm.” Ma Shaobai wiped away his tears and snot, and said “um” aggrievedly.

This “um” made Ma Weibai feel more distressed.

She looked at Xu Ming, but saw that Xu Ming was still very pretending to be there and eating vegetables leisurely, and couldn’t help snorting coldly: “Just keep pretending to be X! I, Ma Weibai, don’t kill you today, I don’t believe it. horse!”

Xu Ming directly filtered out Ma Weibai's threat, and said lightly, "Who told you to stand up? Sit down and go up."

Ma Shaobai couldn't help but his legs softened and he almost wanted to sit back again, but fortunately he was supported by his sister.

Ma Shaobai was completely frightened by Xu Ming.

"hiss—"

Everyone else in the store looked at Xu Ming with admiration with the eyes of a warrior.

"This strong man is so brave... Ma Weibai has arrived, and he is so crazy!"

"It's not bravery, it's stupidity! Look, right now, he's going to pay for his stupidity!"

"But his calmness and courage are enough to make us admire!"

"Shh, keep your voice down—look at it, Ma Weibai is about to explode!"

I saw Ma Weibai glanced at his younger brother more and more distressedly – how much grievance the younger brother has suffered here, he didn't even dare to stand up...

"Brother, don't be afraid, sister will help you!" Ma Weibai said gently.

Treating her younger brother so gently makes it hard to imagine that Ma Weibai is a woman who can kill without blinking an eye.

Ma Shaobai felt a lot more at ease with his sister's words of comfort, and regained the courage to stand up – yes, my sister is right beside me, what am I afraid of!

"You stand up and try!" Xu Ming's words made Ma Shaobai tremble again.

Ma Weibai looked at Xu Ming with the eyes of the dead: "I don't know what is dead or alive, don't be so anxious to find death! – Brother, you just stand up, I am here!"

Maybe it was because he felt the sense of security brought by the momentum of his sister, or maybe it was because he refused to accept Xu Ming's threat again. In short, Ma Shaobai finally regained his courage, and his knees kept standing up again!

Yes!

Stand up!

Snapped!

But it was immediately thrown to the ground again.

“Hmm...” Ma Shaobai covered his face again, looked at Xu Ming in disbelief, and looked at his sister in disbelief.

“How dare you hit me?” This is what Ma Shaobai expressed when he looked at Xu Ming.

“Why does he dare to hit me?” This is what Ma Shaobai expressed when he looked at his sister.

“You...you...” Ma Weibai, the seemingly quiet girl, kicked like a cow with anger.

He actually hit my brother again?

My brother was beaten right under my nose?

me...

Ma Weibai was so angry that he was speechless.

Eyes widened all around.

Some people accidentally dropped their chopsticks to the ground, some people accidentally fell to the ground with the meat stuffed to their mouths, and some people didn't sit still and fell directly to the ground with their stools.

“How dare he... slap her brother in front of Ma Weibai...” The onlookers seemed to sense that the end of the world was coming.

“Really a warrior...”

“Come on, now, I'm afraid this kid can't die if he wants to die!”

After a few breaths, Ma Weibai came back to his senses and shouted at Wang Jinglong and Zhang Hu behind him, “Why are you two still standing there? Why don't you take this man down quickly!”

Chapter 100: , Is A Real Cow X!

Wang Jinglong and Zhang Hu came back to their senses after being stunned for a while – I'll go! Brother's brother-in-law, was slapped under our noses?

That's pretty cool! ?

Don't say that the elder brother blamed him after the incident, and he could not excuse himself. Even in front of them, Wang Jinglong and Zhang Hu felt that it was very difficult for their face!

Our two Wild Wilderness Sect disciples have arrived, how dare you, a rambunctious brat, not take our Wild Wilderness Sect disciples seriously?

"Dare to act wild in front of us, boy, do you know who we are?" Wang Jinglong shouted.

In the Wilderness City, the disciples of the Wilderness Sect usually have to report the background before they make a move.

In this way, I will feel very proud, and it seems that I am letting the stupid people around me know that I am a noble disciple of the Wilderness Sect. Second, it is also very intimidating to some small disciples – I am a noble disciple of the Wilderness Sect, are you afraid? I beat you, if you dare to resist, you will be finished!

That's pretty much what it means in it.

"Who are you?" Xu Ming took a special pork chop and nibbled at it and asked.

Xu Ming's question was exactly what Wang Jinglong and Zhang Hu wanted to hear.

"Humph! We are the disciples of the Wilderness Sect!" Both of them raised their heads proudly.

After Xu Ming heard this, he was stunned for a moment.

The two thought that Xu Ming was afraid: "What? Now I know I'm afraid? It's too late! The brother-in-law who dares to offend our eldest brother, you are dead, the only question is, how to die!"

Ma Shaobai, who was on the ground, held his mouth shut, and nodded his head aggrievedly—yes, you are doomed!

Xu Ming was stunned, of course he couldn't be because of fear: "Hey? How come there are still disciples who are not innate warriors in the Wilderness Sect?"

Xu Ming had heard that the disciples of the Wilderness Sect, except for the very young ones, were almost all born.

"We are foreign disciples!"

When they said the words "disciple of the outer sect", a trace of inferiority flashed in Wang Jinglong and Zhang Hu's heart, and their aura was not as arrogant as before.

“Outer sect disciple?” A trace of doubt flashed across Xu Ming’s face, “It’s a handyman disciple, right?”

Xu Ming had only heard Gu Hanmo talk about the handyman disciples, but he had never heard of the outer sect disciples. But if you think about it, it should be a gadget, all of which are miscellaneous in the Wilderness Sect.

“Miscellaneous disciple...”

Wang Jinglong and Zhang Hu were even weaker.

“Forehead...”

In the restaurant, the chopsticks fell to the ground again.

How dare this kid talk to the disciples of the Wilderness Sect like this?

Outer Sect disciples, although they are handymen disciples, there is no doubt that handyman disciples sound even more humble and shameless!

In the Wilderness City, when encountering a disciple of the Waizong of the Wilderness Sect, generally, the word “waizong” is not mentioned at all, and no one dares to say it.

It was the first time that Wang Jinglong and Zhang Hu had heard others say they were “handy” disciples outside, and it was also the first time that they felt inferior for their identities.

But immediately, the two of them were shocked: “What’s wrong with the handyman disciple!? Tell you, in those countries outside, even the first-class genius, it is difficult to become a handyman disciple of the Wild Wild Sect! Wild boy, how do you know that being in the Wilderness Sect is a kind of nobility in itself.”

“Oh!” Xu Ming ate the food to himself, “Those two handymen disciples, are you okay?”

Wang Jinglong and Zhang Hu’s momentum weakened again, and they had degenerated from menacing to lifeless: “We...we...”

“Why are you talking so much nonsense with him!” Ma Weibai snorted coldly, “Take him down first, and then slap him a hundred times!”

How dare you draw your brother like this!

A hundred slaps?

Even a thousand slaps and 10,000 slaps would still be difficult to understand Ma Weibai’s hatred.

“Humph! When I catch him, I’ll lock him up first, make my brother happy, and then torture him to death!”

At this time, Wang Jinglong and Zhang Hu were already rushing towards Xu Ming from left to right.

Xu Ming was still holding the vegetables in one hand, without raising his head, the other hand fluttered towards the two of them.

“What is he trying to do? He wants to kick us?” Zhang Hu was stunned.

Wang Jinglong even sneered: “This kid is not weak. If he struggles and resists, he might be able to support our brothers for a while. But now, he dares to slap us with a slap in such a funny way, haha, he Who do you think he is, a congenital master?”

Because of Xu Ming’s special practice, he did not have the slightest innate aura fluctuation, and Wang Jinglong naturally couldn’t feel it.

Having said that, if Xu Ming has an innate aura, then Ma Shaobai would not dare to come here foolishly to provoke Xu Ming. So, the whole thing is totally wrong, and it’s really Xu Ming’s fault!

“Blame me for being too low-key!” Xu Ming sighed in his heart.

It turns out that being low-key is also a mistake!

Snapped!

Snapped!

Undoubtedly, Wang Jinglong and Zhang Hu were also directly swept away.

Bang!

Bang!

The two fell to the ground, and the surroundings were stunned.

“This kid... so powerful!?”

“He...he dares to smoke even the disciples of the Wilderness Sect...”

“I see, this kid must be a genius somewhere, and he has a noble status; it’s no problem to draw two handymen disciples!”

“But... Wang Jinglong and Zhang Hu, both of whom had a solid foundation in their internal training, were swept away so easily! Is this kid a semi-innate martial artist?”

“It’s funny, half-born can fly two internal trainings so easily? I think it must be a born martial artist!”

“You’re blind! Didn’t you see that he didn’t have any innate aura, how could he be an innate martial artist?”

The surroundings were amazed, but Xu Ming continued to eat the food without a wave.

What fluctuations can there be?

Wouldn’t you just fly two Outer Sect disciples who have completed their inner training?

Did you ever remember that last time, the disciples of the inner sect who followed Zhao Anhe to Feiyun Country, all of them were innately cultivated, didn’t they dare to say a word after being slapped by Xu Ming?

Because of this, Xu Ming even left behind the prestige of “Palm God” in Feiyun Kingdom!

The palm of the hand is out of the palm, if even two inner exercises can’t be completed, then it’s a joke!

Moreover, UU reading [www.uukanshu.com](http://www.uukanshu.com) Wang Jinglong and Zhang Hu should also feel the taste of this slap.

You must know that the palm of the god’s slap is generally disdainful to slap low-level outer sect disciples like them. Wang Jinglong and Zhang Hu were also lucky, and when they happened to meet, they could taste the slap of the palm god.

“You two, stay on the ground, don’t stand up and interfere with my meal!” Xu Ming slapped his hands threateningly, so frightened that Wang Jinglong and Zhang Hu didn’t dare stand up again.

The six people knelt down and sat on the ground, which was quite spectacular.

“you...”

Ma Weibai also wanted to rush up, but she still had self-awareness—even the two Savage Sect disciples had been slapped over, so would she want to get slapped if she went up?

Wang Jinglong and Zhang Hu winked hard: Sister-in-law, please help!

Xu Ming ate the dishes and said, "Don't mess with me, and I won't hit women. If there is any help, just move in quickly. After I finish eating, I won't be here waiting for you."

mad!

It's crazy!

Everyone around was amazed.

They thought that Xu Ming had beaten Ma Shaobai, and he dared to sit here and eat food so calmly, it was stupid and pretending!

Now they know that Xu Ming is not stupid, nor is he pretending, but a real bully!

It's just that, no matter how good Xu Ming is, can he surpass the inner sect disciple of the Wilderness Sect?

Everyone around knows that Ma Weibai, and even the Ma family, have been able to be so ruthless in the Wilderness City in the recent past, because they were close to the inner sect disciples of the Wilderness Sect!

Ma Weibai has already taken out the communication talisman, and coquettishly communicated: "Brother Hao, where are you, I'm about to be bullied to death!"

Brother Hao...

Of course Xu Ming didn't know who it was.

But if you talk about Brother Hao's real name, Xu Ming will have an impression – Er Hao!

That is to say, the "No. 2" that he had been swept away at the birthday party.
