

# A World 991

## Chapter 991: The Innocence

The chaotic divine soldier “Heart-killing Arrow” was hidden in Xu Ming’s inner world. As soon as Xu Ming thought about it, the arrow of Zhu Xin flew to the center of the heart world.

Under Xu Ming’s control, the power of the Heart Punishing Arrow was slowly activated.

However, Xu Ming only activated a little bit of power, and his entire heart world within a thousand miles began to tremble faintly; the space of the heart world even had a tendency to collapse.

Xu Ming’s expression changed: “With my current mental strength, I’m still far from being able to unleash the full power of the Heart Punishing Arrow! But... even if I can only use a very small part of the power, as long as the emperor-level power is not available, I’m afraid It’s hard to find an opponent!”

and...

This is still under the circumstance that Xu Ming did not use the plug-in!

If Xu Ming uses a plug-in, I am afraid that even if he is a real emperor-level power, Xu Ming will dare to fight head-on!

Of course, Xu Ming would not use the chaotic divine weapon, the Heart Punishing Arrow, unless it was a last resort! Xu Ming still understands the principle of “every man is innocent, but he is guilty”; Xu Ming must try not to expose the arrow of punishment!

After all, Xu Ming had no idea what kind of uproar could a chaotic divine weapon cause in the Divine Realm.

If the Chaos Divine Armament is exposed, and if it causes those who exist at the emperor level, or even surpass the existence of the emperor, then Xu Ming will be in trouble!

“On the sixth floor, I actually got a Chaos Divine Weapon; then, what kind of treasure is waiting for me on the last floor, the seventh floor?” Xu Ming was full of expectations.

Whoa!

At the original location of the Heart Punishing Arrow, a door of space condensed and appeared.

Needless to say, stepping into this door of space will definitely lead to the seventh floor!

“Walk!”

Xu Ming took a few deep breaths, calmed down his excitement, and stepped directly into the door of space.

...

The sight in front of you is changing.

“Um?”

Xu Ming stood in a quiet and simple courtyard. The courtyard is very ordinary and simple, and it seems to be no different from the houses where mortals live.

However, Xu Ming certainly did not dare to be arrogant here, nor did he dare to conduct spiritual exploration at will.

In other words, don't rush to investigate. Anyway, I have come to the last floor. I should let myself know, and I will let myself know soon; if I should not let myself know, even if I investigate, I am afraid that I will not be able to find out anything.

“come in!”

A voice came from the quiet room in front of Xu Ming.

Xu Ming walked along the ancient and simple road to the quiet room solemnly and cautiously.

At the beginning, Xu Ming just thought that the courtyard was very simple and ordinary; however, before making any progress, Xu Ming discovered some extraordinary things about the courtyard! – This courtyard is very perfect in terms of artistic conception, even with Xu Ming’s eyesight, he can’t find the slightest flaw!

“If I build a courtyard, I will never be able to create such a perfect one!”

In the small details, Xu Ming found the gap between himself and the owner of the courtyard!

Pushing the door and entering, Xu Ming saw a man in simple clothes, sitting leisurely, making tea.

“Sit down!” The man pointed at a cup of tea that had just been brewed and smiled.

“Yes!” Xu Ming looked at the man, but found that he couldn’t remember his appearance no matter what – he just wrote it down, but as soon as he looked away, he immediately forgot what the man looked like.

“What a weird method!” Xu Ming was secretly shocked.

The man smiled and said, “You don’t have to remember my appearance. The more you remember, the more you know, the less good it will be for you!”

“You must have a lot of doubts in your heart, right?” The man took a sip of tea in a hurry, “Come, drink tea, and speak slowly!”

“Have you guessed my identity?” The man looked at Xu Ming indifferently. However, every time he blinked, it was as if there was a world disillusioned in his eyes.

“Are you... the pinnacle of the Divine Realm who created the Realm of No Difficulty?” Xu Ming asked tentatively.

“Not bad! But... what you’re seeing now is just a touch of consciousness left by me!” The man laughed at himself.

Xu Ming was shocked in his heart – just a touch of consciousness, every time he blinked, there was a world disillusioned in his eyes?

“My name, you should have heard of it! That’s right, I am... the saint without trouble!”

A saint without trouble?

Yes, Xu Ming has heard of it, in some classics and legends!

The saint is the existence standing at the pinnacle of the realm of the gods!

Under the saints, they are all ants!

And this no-difficult saint is the saint of the mind force school; moreover... he is also the mind force school, the only one who can achieve a saint!

However, according to legend, the invulnerable saint disappeared after a battle with another saint.

Sage Wudi continued: “In God’s Domain, I am the leader of the cultivator of the mind; therefore, I have always been looking for geniuses who are gifted in mind power... However, the true genius of mind power is too rare! So, I have created several places similar to the Realm of No Difficulty, and I have planted a few seeds, and I hope that one day, some seeds will germinate!”

“However, geniuses of the One Mind Force are really rare, and some of them have no trace! Some geniuses think they are extremely talented in One Mind Force One, but in fact, they don’t have much talent; and some geniuses are not. I know that I have a talent in mental strength, but it is just that the talent is very defiant! There is no trace of it... Hundreds of millions of years have passed, and you are the only genius who can truly satisfy me!”

“Your aptitude in the mind force genre may be stronger than mine! You can obtain the mind force secret skill “Wanxin Yin” created by me, and the mind force school’s chaotic divine weapon ‘Heart Punishment Arrow’, which is not a humiliation of this secret skill. and this treasure!”

“I know that you are also very talented in the Tiandao school! But I advise you to specialize in the mental power school in the future! – After all, the mental power school is stronger than the other four major schools!”

Is the mind force genre stronger than other genres?

To be honest, Xu Ming is a little skeptical; because in his opinion, each genre has its own strengths. To say that “the mind force genre is stronger than other genres” seems a bit too arbitrary!

However, with Xu Ming’s current strength, it is obvious that he is not qualified to “discuss the Tao” with the Sage Wushang; therefore, Xu Ming listened quietly.

Seemingly aware of Xu Ming’s disbelief, the real person Wuyan smiled, “If you can cultivate the mental power school to my level in the future, then creating a world like the world without difficulty is just a matter of thought! ”

One thought becomes the world!

Can a single thought create a world without difficulty?

Xu Ming was a little shocked.

“Okay, no more to say!” Sage Wudi smiled, “Drink this cup of tea, and let’s clear the cause and effect between you and me!”

“Er?” Xu Ming couldn’t help but wonder – I worked so hard to get to the seventh floor, just said a few words, and I’m done?

Sage Wudi smiled and said, “A lot of things Your current strength is not qualified to know; when you are qualified to know, you will naturally know! – After drinking this cup of tea, you can go. !”

Xu Ming secretly said: “It seems that God’s Domain is not as simple as what I understand now!”

Xu Ming secretly probed the cup of tea, and after confirming that there was no threat, he drank it directly.

Drink tea. The cause-and-effect entanglement between Xu Ming and the Sage Wushang disappeared completely; even if the Sage of the cause and effect came, it would not be obvious that Xu Ming had contacted the Sage Wushang.

Whoa!

With a wave of the Sage Wudi, Xu Ming left the Realm of Difficulty.

However, Xu Ming discovered that there was an extra talisman in his hand.

Saint Wudi stood up and walked alone in the simple courtyard: “Finally there is a suitable successor! However, these are just small things, really big things...”

Yes, in the transcendent realm like the Sage of No Difficulty, almost everything can only be regarded as trivial!

Chapter 992: Yunning

Bones Mountains.

In the Yanyan Continent, Chile Mansion is also a small famous mountain range. Bandits are rampant here, and the bones of countless gods are piled up into mountains; the blood is filled with blood and murderous aura.

At this time, above the Bone Mountains, thousands of Silver Moon rank gangsters were standing in the sky, surrounded by a boy of 7th Rank Silver Moon.

In the mountains below, there are countless star-level gods watching.

“Humph!” The spear in the hand of this Silver Moon seventh-rank youth had just killed several Yinyue tenth-rank gangsters; he snorted coldly, “I, Yun Ning, is the first master of Yinyue rank in Yanyan Continent. Sweeping the silver moon level, there is no rival; who else dares to come and fight me!?”

“Boy!” shouted a half-step king-fighting bandit with scars as dense as tattoos, “what is this place?”

Yun Ning, a young man with a spear, glanced at the half-step king gangster and sneered, “Do you want to come up and teach me?”

enlighten me?

The corners of the mouth of the half-step Feng Wang gangster trembled—he wanted to enlighten me! However, this young man with a spear could kill a Silver Moon 10th rank in just a few moves, which made him very jealous and did not dare to go forward at all.

“Where is the pervert that appeared? The cultivation base is only the seventh grade of the silver moon, and the strength is close to the existence of the king...”

This half-step king gangster “Han Nan” is the leader of the Bone Mountains. His eyes gradually became cold: “No matter where he came from... This kid is so abnormal, he must have a lot of treasures on his body! Since he dares to come to the Bone Mountains to run wild, kill him first!”

Thinking of this, Han Nanchao gave the other bandits a look: “Brothers, kill!”

boom! boom! boom! boom! ...

Suddenly, one after another tyrannical breath rushed towards Yun Ning, the young man with a spear.

“Damn it!” Yun Ning’s expression changed suddenly, “It’s said that you will fight alone, but you guys actually...”

“Fighting alone?” Han Nan sneered, “Don’t look at where this is? Do you want to fight alone? – Hmph! Add a skeleton to our Corpse Mountains!”

shhhhhhhh...

Countless spiritual attacks shot at Yun Ning in salvo.

Even the star-level gods below joined the spiritual attack salvo – although their strength is weak, they can't stand the crowd! More or less, it can still cause some threats to Yunning!

Looking at the overwhelming attack, Yun Ning's face changed suddenly: "You are courting death!"

Yun Ning's spiritual power penetrates into the world ring, and he must activate the life-saving treasure – like him, a seventh-grade silver moon who dares to go everywhere, even dares to be called "the first master of the silver moon level in the Yanyan continent", if there is no life-saving treasure, They were already beaten to death!

But just when Yun Ning was about to mobilize the treasure, the space-time beside him suddenly distorted, and a figure appeared.

"Huh? What's the situation?" Yun Ning was startled.

The figure that suddenly appeared was naturally Xu Ming who had just been teleported from the Realm of Difficulty.

"Oh, I'm going!" Xu Ming was also stunned, "I'm teleporting to the center of the battlefield?"

However, an attack of this intensity naturally did not pose any threat to Xu Ming. Xu Ming also turned a blind eye, the wind was light and cloudless.

"It's a fourth-grade silver moon!" At this time, Yun Ning saw the figure that suddenly appeared, and secretly mourned for him, "This unfortunate child, unexpectedly teleported at this time! – Seeing him not moving, With an expressionless face, I'm afraid you've been frightened?"

Frightened silly?

Xu Ming was so frightened that he simply ignored this level of attack, right?

Immediately afterwards, Yun Ning saw that this unfortunate ghost who did not know where to send it, actually used his mental power to form a big hand and slapped the hundreds of millions of mental attacks that were overwhelming.

It's like swatting a fly.

“What is he doing!?” Yun Ning’s eyes widened, “Could it be that he knew that he was going to die, so he died in a fancy way!?”

In the face of hundreds of millions of mental attacks, the normal way to deal with it should be – do your best to dodge!

And Yun Ning saw that this ignorant Yinyue Fourth Rank in front of him, not only did not dodge or avoid, but took the initiative to face all the spiritual attacks – this is not a fancy death, what is it?

But in the next instant, Yun Ning’s eyes were bigger than the copper furnace.

“what!?”

Yun Ning was horrified to see that this “fancy death” silver moon fourth rank in front of him just slapped it in the void, and all the mental attacks vanished.

“This is impossible!!” Yun Ning shouted in his heart, “How can Yinyue Fourth Grade have such a strong strength!?”

but...

Nothing is impossible!

Xu Ming slapped away hundreds of millions of spiritual attacks, and even many experts from the Bone Mountains were attacked by the spiritual attacks, and their faces became pale.

“hiss-”

“hiss-”

The chaotic battlefield suddenly fell silent.

Everyone looked at Xu Ming in horror—at this moment, no one regarded Xu Ming as a fourth-grade Silver Moon, but as a superpower!

“Predecessor...Senior!” Han Nan, the leader of the Bone Mountains, looked at Xu Ming in horror, and explained again and again, “We accidentally attacked you...”

Of course Han Nan was terrified!

You know, once a superpower like Xu Ming becomes unhappy, killing their entire mountain of corpses is probably not difficult!

The Bone Mountains are so ferocious and domineering, but they can still survive in the Yanyan Continent. One is because the strength of the Corpse Bone Mountains is indeed not weak; the other is because the Corpse Bone Mountains know how to see the wind, and when facing a master, bow your head when it is time to bow!

Xu Ming didn't care what Han Nan was saying, but asked indifferently, “Tell me, where is this place?”

Xu Ming had just teleported from the Realm of Difficulty, and he still didn't know where he was.

Han Nan continued: “Senior This is the Bone Mountains!”

“Bone Mountains?” Xu Ming recalled the map of the Yanyan Continent in his mind, and immediately understood, “Okay! If you continue, it's like I haven't appeared!”

“Yes!” Han Nan let out a long sigh of relief – fortunately, this superpower was able to speak well and escaped the catastrophe!

Xu Ming judged the direction: “From here to Yanyan Divine Mountain, it should be this direction!”

After confirming the location, Xu Ming immediately prepared to leave; as for Yun Ning, who was on the side, Xu Ming never looked at him.

“Hey, senior, senior!” Yun Ning hurriedly stopped in front of Xu Ming without even looking at him when he saw Xu Ming.

“Huh?” Xu Ming frowned, a little displeased, “What’s the matter?”

“Senior!” Yun Ning cupped his hands and said in a private voice, “I am Yun Ning, the first master of the Yanyan Continent at the silver moon level. I have fought all over the Yanyan Continent, and under the title of the king, I have never met an opponent! Excuse me...Senior, your Cultivation, is it also a silver moon level?”

### Chapter 993: Strange Sign

Xu Ming looked at Yun Ning speechlessly: “You? The No. 1 Silver Moon-level expert in Yanyan Continent?”

“Cough cough!” Yun Ning’s cheeks flushed slightly.

“You can’t even leapfrog and compete with the first-level Fengwang, so you dare to be called the ‘Silver Moon’s number one master’?” Xu Ming shook his head and sneered.

It was just a chance encounter, and Xu Ming didn’t have much to say.

Unexpectedly, Yun Ning was not annoyed at all after being laughed at, but followed Xu Ming like a follower: “Senior! Master! You haven’t answered me yet, are you a silver moon!”

Xu Ming said indifferently: “If you think so, that’s it!”

“I think so, that’s it?” Yun Ning tasted the meaning of this sentence, and suddenly showed panic, “Master! Are you really a silver moon? – Then you are a silver moon? Could it be...”

The cultivation that Yun Ning felt from Xu Ming was only the fourth rank of Yinyue!

“Could it be... Your true cultivation is really the fourth rank of Yinyue!?” Yun Ning asked in horror.

“You have so many questions!” Xu Ming suddenly accelerated, throwing Yun Ning away.

“Hey, master! Master! Wait for me!” Yun Ning hurriedly took out a Dao Talisman from the world ring and hit him; then, his speed suddenly soared, chasing Xu Ming!

“I’m dizzy!” Xu Ming was speechless – this Yun Ning is simply a dog-skin plaster!

Moreover, Xu Ming could see that this “dogskin plaster” may have some background! Because, Xu Ming felt the aura of some playful children in him!

“Don’t follow me!” Xu Ming teleported and disappeared.

“Boss, what should we do now?”

The bandits in the Bone Mountains surrounded Han Nan and asked.

Han Nan thought about it and said, “Go back! I feel a little uncomfortable today, so be careful!”

...

“Finally got rid of that follower!”

Above the endless sky, Xu Ming sighed with emotion, and then took out the talisman he got when he left the Realm of No Difficulty.

Xu Ming wanted to study it for a long time to see what the name of this talisman was. However, when he just teleported back to God’s Domain, Xu Ming teleported to the center of the battlefield in the Bone Mountains, which made him have no time to study this Token at all.

And now, Xu Ming finally had some free time.

“The talisman given by the Saint of No Difficulty shouldn’t be too bad, right?”

After all, Xu Ming was on the seventh floor of the Pagoda of No Difficulty, and besides seeing the Saint of No Difficulty, he only got this talisman.

This is a navy blue token. There was no coercion on the talisman, and some of the symbols on it were not comprehensible to Xu Ming at all. Xu Ming manipulated his mental strength, carefully infiltrated the inside of the talisman, and began to refine it.

But what Xu Ming didn't expect was that his mental power had just penetrated, and Lingfu was directly integrated into his mental power; and following his mental power, he "swam" into Xu Ming's mind.

"what's the situation?"

Xu Ming watched carefully.

The world of the heart is the foundation of Xu Ming!

If the heart world is destroyed, Xu Ming's avatar will surely die!

call out-

I saw this talisman, after entering Xu Ming's heart world, it fell straight down; with a "bang", it was inserted into the earth of the heart world.

hiss...

hiss...

Immediately afterwards, Ling Fu slowly emitted a trace of gray airflow.

As soon as the gray airflow is emitted, it is immediately absorbed by the earth of the heart world; and the whole heart world also grows a little bit!

"This is... a treasure to strengthen the 'heart world'?"

After cultivating the mental power to the third level “mind world”, the next thing to do is to find a way to strengthen the mind world! The stronger the mind world, the stronger the mind will naturally be!

When the world of mind is strong to a certain extent, you will naturally be able to step into the silver moon level, king level, emperor level, and even higher of the mind school!

“If this talisman can continue to grow my heart world; then, its value is probably higher than that of the Chaos God Soldier’s Heart Punishing Arrow!”

However, Xu Ming was not sure for the time being how long this talisman emitting a strange gray airflow would last.

But no matter what, Xu Ming is content!

This time he entered the world of no difficulty, and the harvest was really great! The strength has soared rapidly, and he has even obtained the Heart Punishing Arrow and the Strange Command Talisman!

“My current strength...”

Xu Ming secretly felt his own strength.

Yinyue fourth-grade Tiandao Liu cultivation base, plus the world-breaking practice “Break the World”, the self-created emperor-level secret technique “Reincarnation Five Forms”, plus the tyrannical mental strength, and finally open a wave of plug-ins – positive shock A high-ranking king is nothing to worry about!

“Feng Wang high-level... Haha! When I return to the Yanyan Mountain, I will definitely scare Lu Qing to death!” Xu Ming couldn’t help thinking proudly.

When he first left the Yanyan Sacred Mountain, Xu Ming’s strength was not very strong in the Silver Moon class. Up to now, only a few decades have passed (most of the time is spent in the Tower of No Difficulty), and Xu Ming has returned with the strength of “high-ranking king”!

Even Lu Qing would never have imagined that such a huge transformation would happen to Xu Ming!

Moreover, don't forget, Xu Ming's combat power has not yet been calculated for "Zhuxin Arrow"! If Xu Ming really did not hesitate to expose this chaotic weapon, I am afraid that even in the face of an emperor-level existence, he would be able to fight head-on!

Of course, the Chaos Divine Weapon is too precious; Xu Ming would definitely not use it unless it was a last resort!

"Let's go! Back to Yanyan Divine Mountain!" Xu Ming let out a long roar, and his figure shot through the sky.

But at this moment...

"Master! Master! Senior! Don't fly so fast, wait for me!" Yun Ning didn't know when, but he caught up with Xu Ming not far behind.

"Huh?" Xu Ming was startled – he didn't find out, when did Yun Ning follow up.

"Master! Master! Just tell me, are you a fourth-grade Yinyue!" Yun Ning shouted.

"Tell you, you won't follow me?" Xu Ming said impatiently.

Yun Ning's eyes rolled around for a while: "Yes!"

"That's good! As you can see my cultivation is the fourth silver moon!" After Xu Ming finished speaking, he immediately left the follower.

"Hey! It's really the fourth rank of Yinyue..." Yun Ning was extremely terrified, "The strength he showed just now is considered to be very powerful among the first-level kings? – Yinyue fourth-rank, but his combat power is comparable to the first-level kings. ; This kind of thing, even a father, can't believe it?"

Looking at Xu Ming's back, Yun Ning really wanted to catch up and ask a few questions.

However, Yun Ning is also a person who keeps his promises. If he says he will not follow him, he will not follow him again.

Whoa! Whoa! Whoa! ...

But at this moment, the originally peaceful space in front of Xu Ming suddenly rolled up into an invisible vortex of time and space.

In the vortex of time and space, there is an incomparably mysterious time and space mystery; even Xu Ming can't understand it at all.

"This is...?" Xu Ming was a little curious.

Yun Ning was well-informed and recognized this time-space vortex: "The means of the space-time temple? Sometimes the skywalker will come here?"

Immediately afterwards, an extremely tiny black spot appeared in the center of the space-time vortex.

The black spot gradually grew larger, and it turned out to be a figure in black robes, walking from the depths of the vortex, that is, from the very far reaches of the space. With every step he took, he had traversed hundreds of millions of miles.

"It really is a time traveler!" Yun Ning was completely certain.

At this time, Xu Ming finally recognized the black-robed figure: "It's him!"

The black-robed figure who walked over was the time traveler who had come to assassinate Xu Ming. Xu Ming was able to escape the catastrophe by relying on the Stone of No Difficulty;

But Xu Ming also had some doubts – he just came out of the world of no difficulty, why did the other party kill him so quickly?

Yun Ning looked at Xu Ming and asked, “Master, is he here for you?”

“Not bad!” Xu Ming said solemnly, “Leave quickly! So that it won’t affect you in the next battle!”

“Master, I know that you are powerful! But time travelers generally don’t do unsure tasks. I advise you to leave before the other party arrives; I will be here to help you for a while, which should make it easier for you to leave. You left smoothly!” Yun Ning said very sincerely.

“Would you help me for a while?” Xu Ming smiled, “It seems that you must have some extraordinary treasure on your body! Otherwise, you wouldn’t be able to say such a thing with such confidence!”

Yun Ning smiled and said by default, “Let’s go! I’ll see you in the future!”

A smile appeared at the corner of Xu Ming’s mouth – this young man with a spear who met by chance, is really warm-hearted!

But... go?

After Xu Ming came out of the Realm of No Difficulty, he was thinking about when to seek revenge for this time traveler; but he did not expect that the other party would take the initiative to “deliver it to the door”!

Xu Ming didn’t have time to take revenge, so how could he leave?

“Don’t worry! If I don’t have enough confidence, I won’t foolishly stay and die! – The time traveler wants to hunt me down, so let’s see who kills who!” Xu Ming said with a confident smile.

“Alright then!” Seeing Xu Ming say this, Yun Ning naturally wouldn’t persuade him. After all, his relationship with Xu Ming was also very ordinary; he was willing to say “help Xu Ming for a while” just now, and he was already very enthusiastic.

“By the way, my name is Yunning! How about you, master?”

“Xu Ming!” Xu Ming cherished his words like gold, looking very cold.

...

After a while, the black-robed figure finally emerged from the vortex of time and space; there was a look of exhaustion on his face, after all, the chaos of time and space when traveling through space is an extremely painful torture.

However, in the eyes of the figure in the black robe, there is a ferocious killing intent: “You didn’t escape? It really surprises me! – Since you stayed so obediently to die, I don’t care about the last time you used it without difficulty. Stone escaped; I will give you a good one, and let you die without pain!”

The black robe figure had cold killing intent.

But to Xu Ming, such killing intent was nothing but a breeze.

“I’m curious!” Xu Ming laughed, “I just returned to God’s Domain not long ago, how did you know that I’m back and where I am?”

You must know that even Xu Ming himself didn’t know where he was when he was teleported back!

The figure in the black robe sneered: “Ignorance! How can you guess the means of the Temple of Time and Space? – Die with peace of mind!”

boom! !

The black-robed figure slammed out with a single claw, shaking the void.

“It’s this nonsense again! It’s such a trick again!” Xu Ming sneered disdainfully.

Last time, when the figure in black robe came to kill Xu Ming, the words he said and the tactics he used were all the same!

But now, Xu Ming is no longer the Xu Ming he used to be!

“The power of this claw doesn’t seem to be very strong!”

Last time, when Xu Ming saw this black robe figure, he felt that the other party was extremely terrifying; Xu Ming couldn’t even think of confrontation, so he directly crushed the Wudi stone to save his life.

But now, Xu Ming felt that the opponent’s strength was just like that!

“Feng Wang high-level!”

The information found by Xiaohang also confirmed Xu Ming’s conjecture – the strength of the black robe figure is a high-ranking king; and even if Xu Ming does not use the Heart Punishing Arrow, he still has the combat power of a high-ranking king!

In this case, how could Xu Ming be afraid of the other party?

“roll!!”

Xu Ming made a fist with his right hand, and the Profound Truth of Fire, the Heavenly Dao of Fire, and the power of mental strength were all blessed on this fist.

rumbling...

Fists burning with flames, burning the void, annihilating order.

Under the huge recoil force from the collision of the fists and claws, Xu Ming and the black robe figure retreated hundreds of miles in unison.

“What!?” The black robe figure was shocked!

He thought it would be easy to kill Xu Ming with this claw, but after this collision, he found that Xu Ming was no less powerful than himself!

“How is that possible? You are only the fourth rank of Yinyue, how could you have such tyrannical power!?” The black robe figure looked at Xu Ming in disbelief.

He couldn’t accept it, and he would be kicked back by Yinyue fourth-grade punch; after all, he was a high-ranking king: “This is impossible! This is absolutely impossible! – I know, you must be using some kind of secret technique to hide it on purpose. Cultivation!”

“But it’s impossible!” But immediately, the black robe figure denied his statement, “There is no secret technique to hide the cultivation base, which can hide from the investigation of the Temple of Time and Space! Your cultivation base must be Yinyue Si. Taste!”

The black robe figure was a little confused.

He couldn’t imagine why there was such a strong Yinyue Fourth Grade!

At this time, Yun Ning was even more confused!

Because at the moment when the black robe figure shot, Yun Ning had already recognized this person: “Fengming! – The time traveler of the high level of the king, it is said that his strength is close to the peak of the king!”

The moment he recognized Feng Ming, Yun Ning completely disliked Xu Ming. He doesn’t think that a Silver Moon Fourth-Rank can compete with a high-ranking King!

But within minutes, Xu Ming subverted Yun Ning’s thoughts!

“Too strong...” Yun Ning was stunned, “I have always claimed to be the No. 1 silver-moon-level expert in the Yanyan Continent, but now I know what a frog in the well I am!”

Xu Ming’s perverted strength will make countless geniuses doubt life! And Yunning is one of them!

In front of Xu Ming Yun Ning found out how ridiculous the self-confidence he once had was!

At this moment, Yun Ning felt a strong sense of frustration in his heart: “So...the Silver Moon class can be so powerful!”

...

At this time, the time traveler Feng Ming had already looked at Xu Ming’s opponent: “You... have the qualifications to let me show off my weapons!”

In Feng Ming’s hand, a sharp black sword appeared. The endless \*\*\*\* aura can be seen from the sharp sword; obviously, this sharp sword has probably killed countless masters!

Xu Ming sneered, and a long spear appeared in his hand.

“Long spear...” Yun Ning saw Xu Ming take out the spear, and then looked at his spear, his eyes suddenly became hot.

?? Three changes completed.

“Silver Moon-level gun master!” Yun Ning’s eyes were hot.

In fact, with Yun Ning's identity and background, some are king-level gun masters, lining up to give him pointers; even if he is an emperor-level gun master, Yun Ning's father has a way to invite him to be his son. teacher.

However, Yun Ning was disdainful to learn spear art from those king-level and emperor-level spear masters!

The reason is very simple. In Yun Ning's view, the spear masters of the king and emperor level, although the spear skills are powerful, they mainly rely on the realm of the king and emperor level to display their powerful power! If you let those king-level and emperor-level spear masters suppress the realm of heaven used to silver moon level, the spear skills displayed in that way may not necessarily be as powerful as his Yunning!

That being the case, Yun Ning of course didn't bother to study!

And now, there is a silver-moon-level gun master standing in front of Yun Ning, of course, Yun Ning's eyes are burning.

"I must take a good look at the mystery contained in his marksmanship!"

...

call out!

Feng Ming's black long sword instantly turned into a black streamer.

Feng Ming majored in "Breaking the Method with Strength" in the Dao of Wind and Heaven, and also used the Dao of Wind and Heaven as a springboard, with some time-related mysteries mixed in it.

With a sword, not only faster than the streamer, but also contains the mystery of the chaos of time and space, which is unpredictable.

The weaker master kings, even under this sword, will be confused. In the confusion, it is likely to be killed by a sword!

However, how tyrannical is Xu Ming's will? This time and space confusion will not affect him at all!

"The speed is very fast, but it is faster than me..." Xu Ming's mouth twitched with disdain.

The "Photo" of the Five Forms of Reincarnation!

call out! call out! call out! ...

Xu Ming's spear, like a poisonous snake spouting a letter, instantly turned into countless unpredictable spear shadows. Obviously, it is a lot faster than Feng Ming's swordsmanship!

"So fast!"

"What a wonderful mystery!"

Yun Ning came from an extraordinary background. Although his strength was average, his eyesight was extremely sharp! – After all, Yun Ning has seen it many times, even in the fight between emperor-level existences!

"And... the mystery contained in this gun is completely at the silver moon level, and it has not reached the king level!" Yun Ning was more and more shocked, "With the mysterious mystery of the silver moon level, why did the shot come out? With so much power? Can't figure it out! Can't figure it out!"

Of course Yun Ning couldn't figure it out!

After all, he would never have imagined that Xu Ming created his own emperor-level marksmanship; he would never have imagined that Xu Ming's marksmanship was also blessed with the power of "the world of the heart"; he couldn't even imagine that Brother Ming had a plug-in!

Invincible combat power system, permanently open for free! – The added combat power is not a joke!

boom! boom! boom! boom! ...

The fights between the great powers are often completed before the electric light and flint.

In the short moment when Yun Ning was amazed, the fight between Xu Ming and Feng Ming had already been fought hundreds of times!

Xu Ming's marksmanship is obviously a level higher than Feng Ming's swordsmanship! In the beginning, Feng Ming could still resist it with difficulty; but gradually, he became more and more disadvantaged and at stake!

"I was actually... completely suppressed by a Yinyue 4th rank?" Feng Ming had the urge to vomit blood, "I can't fight like this!"

Feng Ming quickly retreated, and the swordsmanship in his hand also changed quickly; in an instant, it changed from "extremely fast" to "extremely slow"!

A sword slashed out, as if slowing down. However, the power contained in the long sword was layered upon layers; it was as if Feng Ming had cut out many swords at different points in time, and the power of these many swords was gathered here.

"Such a slow sword?"

Xu Ming is a little puzzled – the speed of this sword is so slow, he can choose not to carry it hard, and just dodge it, so there will be nothing left?

However, when Xu Ming set out to dodge, he found that he was wrong!

It's not that Feng Ming's sword is slow, but... the flow of time around him has slowed down!

“Time slows down!” Xu Ming was shocked! – His ideology still maintains the normal flow of time; however, Xu Ming’s body movements have become extremely slow, no matter how fast he can get up!

“What a weird feeling!”

Moreover, Xu Ming found that with such a slow action, he could not avoid the opponent’s slow-moving sword.

“Teleport!” Xu Ming quickly tried to use his teleport to dodge.

However, Feng Ming seemed to have penetrated Xu Ming’s thoughts a long time ago; a strange inscription rune paper appeared in his hand and tapped it in the void.

The talisman was instantly annihilated, but in the surrounding void, golden chains appeared!

“Empty lock!” Yun Ning exclaimed.

Xu Ming also discovered that the surrounding space had been blocked, and he could not teleport at all. Unless you first use force to break the law and break the space blockade!

However, Feng Ming’s ultimate move is approaching, and Xu Ming has no time to break the space blockade!

“You can only hit hard!”

Under such circumstances, it would obviously be unwise for Xu Ming to continue to use “Take a Photo”!

But... if you face it hard, how can Xu Ming be afraid?

The “Heaven Collapse” of the Five Forms of Reincarnation!

As soon as the “Tian Beng” style came out, the mighty momentum seemed to crush the whole world out of breath. Even the gods in the distant Bone Mountains felt the terrifying power that was oppressing their hearts.

“What’s the matter?” Han Nan, the leader of the Bone Mountains, looked in horror at the direction Xu Ming was leaving, “Could it be... that the super master just now fought with other masters?”

Thinking of this, Han Nan couldn’t help but let out a sigh of relief: “Fortunately! Such a battle did not break out in our Corpse Bone Mountains; otherwise, Chiyu would really be affected!”

Even the gods of the Bone Mountains felt the terrifying pressure; then, Yunning, which is near Xu Ming, not to mention!

Under the deceleration of time, Tianbengshi seemed to be played in slow motion; every terrifying detail was reflected in Yun Ning’s terrified eyes.

“What a mighty power... Emperor-level marksmanship! This is definitely a self-created emperor-level marksmanship! Moreover, it is also the most peak emperor-level marksmanship! Otherwise, it would be impossible to have such power!” Yun Ning finally reacted~www.readwn .com~ Yinyue level, you created your own emperor level marksmanship? “Yunning is extremely unbelievable – has anyone done this kind of thing in the history of God’s Domain?

In Yun Ning’s impression, there is no such thing!

Thinking of this, Yun Ning’s gaze towards Xu Ming became more and more fiery! —He was of noble birth and proud by nature, and there were not many people who could make him worship; even his father, a very great existence in the realm of the gods, could not make him worship.

But at this moment, Yun Ning really had an extremely fanatical admiration for Xu Ming!

Comparing with Xu Mingyi, Yun Ning found that the “Yinyan Continent’s No. 1 Silver Moon Rank Master” he used to call himself was simply scum!

It’s just... Yun Ning still doesn’t know that Xu Ming’s emperor-level marksmanship was not created at the Yinyue level; it was created when Xu Ming only had two-star gods!

If Yun Ning knew this, I'm afraid it would not be worship, but worship with all five bodies!

Chapter 996: Nothing So Cheap

rumbling...

Absolutely domineering Tianbeng style, crushing everything. It's like a grinder, crushing Feng Ming's ultimate move.

Feng Ming was run over by a strong force!

The time deceleration is broken!

The space blockade is broken!

One shot, destroy everything!

boom! !

Feng Ming was blasted back tens of thousands of miles with a single shot, and even the divine body began to crack.

"What a tyrannical power!" Feng Ming was extremely shocked, not caring about the damage to his divine body.

Feng Ming thought that his swordsmanship was perfect – he needed speed and speed, and he needed strength and strength!

However, after colliding with Xu Ming, Feng Ming found that he was completely suppressed by Xu Ming in terms of speed and strength!

Feng Ming looked at Xu Ming in horror: “Although he is also a high-ranking king, his strength is obviously better than mine, and he is closer to the peak of the king than me! – If I don’t pay some price, it is impossible to defeat him! ”

Is it worth paying the price for this task?

Feng Ming thought for a while – not worth it!

After all, the quest to kill Xu Ming, the reward is not very generous! Originally, Feng Ming was the first to kill Xu Ming. It was just a little effort, so he happily accepted the task; but now he finds that Xu Ming is not as easy to kill as he imagined – since that’s the case, there is no need for him to It is impossible to complete this task!

Thinking of this, Feng Ming flew back and shouted: “Xu Ming, your strength has won my respect; I give up the task of hunting you, our well water will not violate the river water, just let it go!”

Abandon the mission?

Xu Ming was stunned for a moment, and immediately reacted—the other party was trying to escape!

escape?

Xu Ming couldn’t help sneering: “Come here if you want to kill me, but if you find you can’t kill me, you want to leave? – How can there be such a cheap thing in the world!?”

boom!

Xu Ming was so imposing, he picked up his gun and chased after him.

“Then what do you want?” Feng Ming shouted.

“At least...” Xu Ming sneered, “Let’s leave something behind, right?”

leave something?

Feng Ming has a feeling of “stealing chickens can’t lose rice” – didn’t he just want to make a little money, so he diligently accepted the assassination mission of a space-time temple? As a result, now, not to mention that the money is not earned, but also being extorted by the mission target?

Feng Ming was really angry, and had the urge to vomit blood.

However, Feng Ming still held back his anger and said, “What do you want me to leave behind?”

“It’s very simple!” Xu Ming’s expression was somewhat playful and hideous, “Just leave... your life!”

“You...” Feng Ming shouted angrily, “Are you kidding me?”

“That’s right! I’m just playing tricks on you!” Xu Ming sneered, “Since you dare to kill me, you must be ready to die!”

Feng Mingdao: “I have no grievances with you in the past and no enmity in the recent past! I just accepted an assassination mission! – Even if I don’t accept it, there are other time and space walkers who will accept it!”

“There was no grievance in the past and no enmity in the past?” Xu Ming sneered, “From the moment you accepted the task to kill me, we already have a grudge! – Stop talking nonsense, and die honestly!”

Feng Ming roared: “Don’t force me to work hard! Otherwise, it won’t do you or me any good!”

Xu Ming smiled provocatively: “I just forced you, what’s wrong?”

boom! !

Xu Ming’s body was even more murderous, and his momentum was even more turbulent.

“Mad! You and I are a time traveler, what’s the point of working so hard? You have to work hard, go find the person who issued the assassination mission and fight!” Feng Ming scolded and cast a time acceleration on himself, turning it into a streamer Run away quickly.

And the direction in which he fled was the direction of the Bone Mountains.

“Want to escape?”

The wind after the acceleration of time, although faster than the streamer, but no matter how fast, can it be faster than the teleport?

Swish!

Xu Ming’s teleportation brought him closer to Fengming. After another teleportation, he was already behind Feng Ming.

Feng Ming gritted his teeth, endured the distress, and threw a “locking talisman” at Xu Ming! — This assassination mission, he really lost a lot; not to mention that the mission was not completed, he even lost two space locks, suffered some minor injuries, and is now being chased by the mission target!

Feng Ming really scolded the Temple of Time and Space a thousand times in his heart—the information of the Temple of Time and Space was sometimes unreliable!

call out-

Feng Ming was extremely fast, and instantly disappeared at the end of the sky.

Xu Ming broke the law with force, and after breaking the space blockade of the empty talisman, he also teleported and chased away one after another—want to escape in the hands of Brother Ming? Is it that easy?

At this time, Yun Ning saw that he couldn’t catch up with Xu Ming, and a strange bell appeared in his hand.

Jingle Bell...

Yun Ning shook the bell, and the “causal line” between him and Xu Ming appeared in the void – this is a precious treasure of cause and effect!

You know, in God’s Domain, artifacts are worthless. After all, the creation of artifacts is too easy!

However, karma treasures, teleportation treasures, etc. are extremely precious! -For example, the karma treasure that can be used by the silver moon level, usually has to be an emperor level existence who is good at karma, and can only be created with painstaking effort! Moreover, there is a limit on the number of times of use; once you use it, you will have one less time!

It is also because teleportation treasures and karma treasures are extremely precious, so battles between gods are rarely seen. Even if it happens occasionally, it’s a life-or-death moment!

And Yun Ning, just to “watch the fun”, used precious karma treasures at all costs; it can be seen how rich and powerful he is and how great his background is!

After the “causal line” appeared in the void, Yun Ning directly stretched out his hand and pulled the causal line; every time he pulled, his coordinates in the space changed strangely, but there was no doubt that it was all from Xu Xu. Ming is closer!

Yun Ning used this causal method to pursue Xu Ming.

Swish! Swish! Swish! Swish! Swish! ...

Xu Ming teleported one after another, and finally intercepted Feng Ming above the Bone Mountains.

Feng Ming’s face was ugly: “You really are a stalker!”

Feng Ming has already used two “empty locks”, and it is a bit reluctant to let him use one more! Moreover, Feng Ming knew very well that even if he used another one, he would not be able to escape Xu Ming’s pursuit.

“Since you must court death, then I have to satisfy you!” Feng Ming’s eyes were extremely cold.

“Hahahaha...” Xu Ming laughed arrogantly, the power emanating from the long spear, UU Reading [www.uukanshu.com](http://www.uukanshu.com) shocked the entire void like an angry dragon, “Yes, I want to die, you come!”

Yun Ning, this follower, followed again. His eyes were full of light: “Just now, the two sides were only tentatively fighting; now, it is estimated that it is a real life and death struggle!”

The life-and-death struggle of the high-level kings is rare in God’s Domain! After all, there are only so many master kings in God’s Domain; a king’s master can occupy one side of God’s Domain and become a prince!

In particular, Xu Ming is a fourth-grade Yinyue with high-ranking King Feng battle strength; such a battle is even more valuable—to be precise, in the history of God’s Domain, there has never been a life-and-death fight between Yinyue Fourth Grade and Feng Wang high-ranking!

Even, even in the future, it will never appear again!

Because... the cultivation of Yinyue Rank 4 is comparable to the combat power of a high-ranking king, which is really terrifying!

“This will definitely be a rare and rare battle!” Yun Ning was full of expectations.

At the same time, Yun Ning has made up his mind – if Xu Ming is threatened with life and death, he must use the treasure to save Xu Ming! After all, Xu Ming is his idol!

Chapter 997: Black And White Life And Death Pill

Bones Mountains.

Bloody, murderous!

Xu Ming and Feng Ming were far away from each other. The aura emanating at will from the two of them suppressed the \*\*\*\* murderous aura of the entire Bone Mountains.

There was silence between heaven and earth.

It was horribly silent.

“What’s wrong?”

“what happened?”

The bandits in the Bone Mountains were all oppressed by the oppressive silence; silhouettes, like frightened birds, flew out of the mountains.

“It’s him!” The leader Han Nan’s gaze fell on Xu Ming at once; he felt bitter in his heart, “Why is this master back?”

Han Nan, a gangster who bullies the soft and fears the hard, is most afraid of having a master wandering in his territory; because this will make him feel very insecure.

Immediately, Han Nan’s eyes fell on Xu Ming’s opponent, Feng Ming!

“This is...” Han Nan’s pupils shrank suddenly, as if he saw a poisonous snake.

Feng Ming’s popularity among Time Travelers is still relatively high! One is because his strength is indeed not weak; the other is because Feng Ming is very diligent in taking tasks, and his footprints are all over the God’s Domain, leaving countless legends.

“Could it be that they radiated the terrible power I felt from a distance just now?” Han Nan couldn’t help but guess.

At the same time, Han Nan wanted to cry without tears: “The two great gods will fight, so why do they want to hit me over the mountain of bones?”

As the saying goes, when gods fight, mortals suffer!

Although Han Nan and other gangsters in the Bone Mountains are all gods, but in front of super masters like Xu Ming and Feng Ming, these gangsters suddenly become as weak as mortal little girls-Xu Ming and Feng Ming fought. Just a little aftermath can take the lives of these weak gods!

Han Nan really wanted to come forward and persuade: Two masters, please go farther and fight!

But does he dare to persuade him?

dare not!

At this moment, Han Nan really felt a strong sense of powerlessness – for hundreds of millions of years, the mountains of their bones have bullied the weak and committed countless evils; the bones of the gods they killed have piled up into continuous mountains. However, in front of Xu Ming and Feng Ming, they became “weak”; they didn’t even have the courage to speak up!

“Everyone, don’t watch it here, let’s spread out!” Han Nan shouted again and again through voice transmission – how terrifying he was, even the aftermath of the battle of the super master!

The bandits in the Bone Mountains all fled in all directions; like a nest of small ants, crawling in all directions.

Xu Ming and Feng Ming turned a blind eye to what was happening below. To them, these gangsters in the Bone Mountains are really just a nest of ants!

Yun Ning’s attention was also not on the gangsters in the Bone Mountains – for a force like the Bone Mountains, even if Yun Ning wanted to kill a hundred or a thousand, he only needed to move his mouth! If Yun Ning wasn’t for experience, he wouldn’t have any interaction with these weak bandits.

“Xu Ming!” Feng Ming finally spoke again, “I originally wanted to let you go, but you want to live or die! – It seems that my Feng Ming hasn’t shown his true strength for a long time, and God’s Domain is about to forget me. It’s a legend!”

“Your legend?” Xu Ming couldn’t help laughing, “I’m sorry, I just found out about your name; I never heard of it before!”

“You can use your words! You dare to provoke me again and again, today, you will die!” Feng Ming said, a mysterious elixir of black and white appeared in his hand.

Of course Xu Ming didn’t recognize this medicine pill.

However, Yun Ning even sent a sound transmission to Xu Ming: “Master, you have to be careful, this is a black and white life and death pill! After taking it, his strength will soar to a new level in a short period of time!”

Feng Ming’s strength soared to another level?

That is the peak of the king!

“Oh!” Xu Ming was a little cautious, but not too afraid.

It’s just the peak of the king!

If Xu Ming is willing to use the Chaos God Armament to kill the heart arrow, he will dare to fight even in the face of an emperor-level existence! Of course, the Chaos Divine Soldier is of great importance. Every man is innocent but guilty. It is not a situation of last resort, Xu Ming would not be able to use this treasure!

However, even if he didn’t use the Chaos Divine Weapon, Xu Ming was still able to deal with the peak of Feng Wang! After all, Xu Ming still has many other means such as “teleportation” hanging, holy-level mental power secret technique “10,000 Heart Seal” and so on.

A trace of fear and struggle flashed on Feng Ming’s face, but he still looked ruthless and swallowed this black and white life and death pill.

boom!

An incomparably strong aura suddenly burst out from Feng Ming. The star-level gangsters fleeing below, some of whom were weak, were immediately pressed to the ground by this terrifying aura, unable to move.

The peak of the king!

call out-

Sword light without shadow!

Feng Ming, whose strength has increased greatly, the speed of this sword is even faster than Xu Ming's "Photo"; the power is also stronger than "Photo"!

Moreover, Feng Ming knew that Xu Ming would teleport, so when approaching Xu Ming, he threw out several "space lock symbols" regardless of the cost, sealing the entire space tightly. It was impossible for Xu Ming to break the space blockade with force.

In Feng Ming's eyes, killing intent radiated: "Forcing me to use the Black and White Life and Death Pill, and forcing me to use so many empty locks! How can I solve the hatred in my heart if I don't kill you today!?"

Ling Lie's killing intent swept the world, and everyone was so depressed that it was hard to breathe.

"How will Xu Ming deal with it?" Yun Ning watched nervously, his mental tentacles had already grabbed the Dao Talisman in the World Ring; once Xu Ming threatened his life and death, he would immediately take action!

In Yun Ning's opinion, an ordinary king-level like Feng Ming would die if he died, and there was nothing to regret; however, if a super genius like Xu Ming died, it would be a great pity for God's Domain!

Xu Ming's eyes were slightly cold and he said to himself: "Various means are interlocked, Feng Ming, Feng Ming, you do have a good plan! If it was someone else, I'm afraid they would really be planted in it. You have it in your hand; it's a pity that you met me..."

Hu-hu-

Xu Ming spun the spear like a huge flame grinding disc.

The strongest defensive move in “Reincarnation Five Forms” – grinding disc!

“Since I can’t dodge it, and I can’t fight with attack, then I’ll take strong defense!” Xu Ming secretly said.

“Do you think you can defend against my attack!?” Feng Ming roared, and the black long sword slashed towards Xu Ming frantically; however, every sword light was firmly blocked by Xu Ming’s “Long Spear Grinding Disc”.

boom! boom! boom! boom! ...

Xu Ming seemed to be at a disadvantage, and was constantly being killed to fly back. But in fact, he didn’t suffer in the slightest; on the contrary, Feng Ming, every time he made a sword, his body became weaker! – The strength gained from taking the Black and White Life and Death Pill is not without a price! If you can’t kill the enemy, you will die by yourself!

## Chapter 998: Apprenticeship

“What! He actually blocked it!?” Feng Ming trembled heavily, and his eyes even showed despair.

“What a strong defense!” Yun Ning naturally also saw the extraordinary point of this gun, “It uses the weak to defend the strong, and it also prevents water from leaking...”

Yun Ning was fascinated by the three-style marksmanship of “Taking a Photo”, “Tian Beng”, and “Mopan”.

“It’s weird and unpredictable in fast time, it’s as violent as the sky and the ground cracks, and the defense doesn’t leak... This kind of marksmanship has no loopholes!” Yun Ning couldn’t stop exclaiming, “If I can learn this kind of marksmanship, that would be great!”

Although Yun Ning had seen a lot of emperor-level marksmanship secret skills, if those secret skills were practiced by him at the silver moon level, there would be very little power left. Therefore, Xu Ming’s marksmanship is undoubtedly the strongest marksmanship for him that Yunning has ever seen!

This makes Yun Ning, how can he not be moved! ?

boom! boom! boom! ...

How fast is the fight at the king level? In the blink of an eye, the two sides have collided hundreds of times.

Xu Ming's defense was flawless and impeccable. It's just... the gangsters in the Bone Mountains below have suffered!

call out! call out! call out! ...

Every sword light of Feng Ming, after being blocked by Xu Ming's long spear grinding disc, will sputter into countless streamers.

These escaping and sputtering streamers naturally pose no threat to Xu Ming and Feng Ming at this level; however, to the gods of the Bone Mountains, this is a complete disaster! – These ordinary gods, as long as they are wiped by the escaping streamer, will instantly die and disappear!

“what!”

“what!”

The entire corpse mountain range has become a purgatory of death, screaming constantly.

Xu Ming only cared about defense, and there was no pity in his eyes. Today's Xu Ming has long been accustomed to the law of the weak and the strong; moreover, the gangsters in the Bone Mountains have committed countless evils, and today's misfortune can be regarded as a calamity!

“Ah ah ah!” Han Nan, the leader of the Bone Mountains, his eyes were splitting, “Why is this... The Bone Mountains that I have painstakingly managed!!”

However, Han Nan didn't dare to “reason” with Xu Ming or Feng Ming at all; because, with only half the strength of the king, he has no right to speak in front of the high-level masters of the king!

In this world, you can only speak with your fists, not your mouth!

“Ah ah ah! If I can rise up one day, I will avenge this!” Han Nan didn’t dare to turn his head back and ran away quickly.

at this time...

boom! !

The space blockade created by several “space lock talismans” finally could no longer withstand the space shocks caused by the tyrannical collisions again and again; the golden chains in the void were broken, and the space no longer restricted teleportation!

“At this moment!” Xu Ming’s eyes suddenly froze.

call out!

Feng Ming slashed with another sword light.

But this time, Xu Ming didn’t carry it hard, but teleported behind the opponent.

“Residual blood!”

Whoosh!

A poignant shot passed by.

“No!!” Feng Ming was directly blown away by a gun; moreover, the spear was still in his chest, blasting a huge watermelon-like hole! – If Feng Ming hadn’t taken the Black and White Life and Death Pill and possessed the strength of the peak of the king; then, under this shot, even if he didn’t die, he probably wouldn’t have half his life.

Of course, even now, Feng Ming is still uncomfortable: “You...”

He didn't expect that at the moment when the space blockade was broken, Xu Ming showed his ultimate move.

"This type of killing move..." Yun Ning was even more amazed by the poignant "residual blood" of this shot! His heart was itching, "What kind of marksmanship did Xu Ming use... I want to learn it! I must learn it!"

The most unlucky one is Han Nan, the leader of the Bone Mountains.

Han Nan was swearing in his heart: "If I can rise up one day, I will avenge this!"

It happened that at this moment, the sword light that was evaded by Xu Ming's teleportation came straight to Han Nan.

boom!

How can the poor half-step Feng Wang stop a sword light at the peak level of Feng Wang? Han Nan didn't even know what was going on, and was obliterated by a sword!

"Kill!" Although the sword "Remnant Blood" failed to kill Feng Ming in an instant, Xu Ming didn't care at all.

One sword is not enough, then two swords!

Two swords do not work, then ten swords!

Swish!

Xu Ming teleported and was behind Feng Ming again.

Feng Ming hurriedly turned around in defense. However, Xu Ming made another teleportation, which made him dizzy.

“Why is he able to teleport at will? Could it be that, in addition to breaking the law with force on the Heaven of Fire, he also cultivated spatial order? – How is this possible! How can he practice so much?” Feng Ming shouted frantically in his heart. .

Xu Ming did not have the energy to cultivate the order of time and space, but Xu Ming did not need to cultivate! Because, there are functions such as “teleport” in the plug-in!

Whoosh!

Another poignant “residual blood” of the gunman.

However, Feng Ming had no intention to appreciate how poignant and beautiful this shot was.

“Xu Ming, stop!” Feng Ming shouted.

“Stop?” Xu Ming sneered, “Is it possible?”

“As long as you stop, I am willing to offer all my treasures!”

“All your treasures? I’m sorry, I don’t like it!” Xu Ming smiled disdainfully, “What’s more, as long as I kill you, your treasures will still be mine!”

“You...” Feng Ming was really desperate.

The “locking talisman” in his hand has been used up, and the Black and White Life and Death Pill has also been taken; other life-saving treasures are all miscellaneous, and they can’t deal with Xu Ming at all! – By this time, Feng Ming has really lost his skills!

Swish! Swish! Swish! Swish! ...

Xu Ming’s figure kept flashing in all directions around Feng Ming. Sometimes it is a false shot, sometimes it is the ultimate move “residual blood”.

Although Feng Ming took the Black and White Life and Death Pill, in this battle, he had already consumed a lot of divine power, and his divine body was already very weak; in addition, Xu Ming's surprise attack just now caused him a serious injury. Therefore, the strength that Feng Ming can exert now is only the high-ranking king!

Both are high-ranking kings, and Xu Ming's teleportation is no longer suppressed Killing Feng Ming is naturally easy!

"I'm not reconciled!!" This was Feng Ming's last thought! – He was a high-level time traveler named King, but he was counter-killed in the mission of hunting the fourth silver moon... It's really shameless!

boom!

The shadow of the gun is erratic, and the blood is ruthless!

With the last shot of "residual blood" penetrating Fengming's divine body, this high-level existence of the king was finally killed so that not a single particle remained!

"Huh..." Xu Ming put away his spear, and also picked up Feng Ming's relic, "It's really tiring to kill a high-level existence of a king!"

Yun Ning, who witnessed the whole process, couldn't help but be speechless after hearing Xu Ming's emotion – Big Brother! Are you tired? Even if it is the peak of the king, it is not as easy as you to kill a high-ranking king, right?

Suddenly, Yun Ning seemed to have made a major decision.

He dodged and came to Xu Ming, and bowed his head: "Master, please accept me as your apprentice!!"

Chapter 999: Return

"Master, please accept me as a disciple!!"

Xu Ming was startled: "Oh, I'm going, what's the situation!?"

Yun Ning looked up at Xu Ming flatteringly, and was about to climb over to hug Xu Ming's thigh: "Master, I sincerely apprentice, so please accept me!"

Xu Ming was speechless: "Yunning, you have an extraordinary background, even if you want to worship an emperor-level existence as a teacher, it is not difficult..."

"Master! I just want to worship you as my teacher!" Yun Ning bowed and worshipped, "Just accept me! I am definitely a very obedient and good apprentice!"

Xu Ming hesitated for a while, then thought about it very carefully.

Apprentice?

Accepting disciples is a very solemn thing! If Xu Ming accepts an apprentice, he will definitely train him well!

However, Xu Ming and Yun Ning just met by chance; moreover, they didn't know the talent and temperament of the other party, and why did they spend so much effort to train each other?

After thinking about this, Xu Ming shook his head and said, "Get up, I have no idea of accepting apprentices yet!"

No apprentice idea?

Yun Ning was stunned for a moment, and then wailed: "Master! Oh no, Master!! How could you not have the idea of accepting an apprentice? Just accept me, I am absolutely diligent and will never betray! – If you If you don't accept me, I won't be able to kneel for a long time!"

Xu Ming said speechlessly, "Then just kneel!"

Immediately, Xu Ming teleported and disappeared directly into the Bone Mountains.

"Master!" Yun Ning wailed, and took out his karma treasure – that strange bell.

As soon as the bell rang, the line of cause and effect between Yun Ning and Xu Ming appeared in the void.

Yun Ning pulled the causal line and quickly caught up with Xu Ming.

“Master! Master!!” Yun Ning shouted, “If you don’t accept me as your apprentice, I will haunt you!”

“Damn it!” Xu Ming scolded secretly, “This Yun Ning is too cheap... He is also a Silver Moon rank, and he is also a Silver Moon Rank 7, so he has to worship me as a Silver Moon Rank 4 teacher... This is What’s it called! Besides, before I agreed to accept the apprentice, he called ‘Master’ and ‘Master’!”

“Master! Master!” Sure enough, Yun Ning shouted again.

“Stop chasing, I don’t want to accept apprentices for the time being!” Xu Ming waved his hand, teleported again, and disappeared.

But this time, Xu Ming learned to be smart; he knew that Yun Ning had traces of karma treasures, so after teleporting several times, he directly opened the “coordinate teleportation” and teleported back to the Yanyan Mountain.

Seeing Xu Ming teleporting away again, Yun Ning couldn’t help laughing wickedly, saying to himself, “Master, you can’t escape my pursuit! If you don’t accept me as a disciple, I’ll entangle me until you accept it!”

With that said, Yun Ning shook the strange bell again.

But the strange thing is that Yun Ning shook for a while, and there was no causal line between him and Xu Ming in the void.

“Huh?” Yun Ning glanced at the treasure in his hand doubtfully, “What’s going on? Is there something wrong with the bell?”

Yun Ning didn't believe in evil, and shook it violently several times; finally, let him shake the cause and effect line between him and Xu Ming.

But this time, the causal line between him and Xu Ming was very weak and fragile. Yun Ning stretched out his hand and pulled it gently, but he broke the causal thread!

"This..." Yun Ning suddenly understood, "Master, he must have used some means to move it to the extreme distance of space! That's why the causal line between me and him is so weak!"

The farther the distance, the weaker the causal involvement; the closer the distance, the stronger the causal involvement.

"Hmph! Master, you can't escape!" Yun Ning snorted, "I will definitely find you from the God Realm!"

To find someone in the vast Divine Realm is really a million times harder than finding a needle in a haystack!

However, Yun Ning's background is extraordinary, and he can even invite an emperor-level existence who cultivates karma, so there is still a way to find Xu Ming!

and...

"Isn't the master assassinated by the time traveler? In this case, he must have a reward in the time and space temple! – As long as I go to the time and space temple, can't I get the master's message?" Yun Ning laughed, "I can even think of this method! I'm really a genius! – Master will definitely commit a sin if he doesn't accept a genius disciple like me!"

Which one is stronger to find someone?

That must be the Temple of Time and Space!

The Temple of Time and Space monitors the time and space of the entire God Domain. The seven continents and two major sea areas are not under monitoring except for the "sanctuary"; the other six continents and the two major sea areas are all under the control of the Temple of Time and Space!

“Then go to the Temple of Time and Space in Fucheng! The information there is relatively complete!” Yun Ning secretly said.

And Yun Ning is now in the jurisdiction of the Red Lie Mansion, and the closest mansion is naturally the Red Lie Mansion!

“Walk!”

Yun Ning summoned a strange-shaped artifact flying boat, steered the flying boat, and flew away.

...

“Yanyan Sacred Mountain...”

Xu Ming’s coordinate point on Yanyan Mountain is located in his bedroom. So this time, the “coordinate transmission” was naturally teleported directly back to his bed.

“I haven’t come back for decades...” Xu Ming felt the familiar layout in the room, and couldn’t help feeling a little warm in his heart, as if he had returned home.

Yes, Yanyan Sacred Mountain is Xu Ming’s “home” in the Divine Realm!

decades...

For mortals, this is a very long time span, equivalent to half a lifetime! After being away from home for decades, it really is “the youngest left home and the old one returns, and the local accent has not changed, and the hair on the temples has faded”!

However, for the gods, decades are really just a flick of a finger. Just practice for a little while, or take a nap, and decades pass by with a swish.

Of course, for Xu Ming, a pink and tender “young god”, decades are still a long time. After leaving for decades and returning home, I feel a lot of emotion at this moment.

“Go and say hello to Lu Qing first!”

Xu Ming walked out of the bedroom, and happened to meet two sisters, Sisi and Yingying – these two natural lucky people who he had taken as maids when he first came to God’s Domain.

“Brother Ming!”

“Brother Ming! Are you back?”

When Sisi and Yingying saw this, they were all pleasantly surprised.

“Yeah!” Xu Ming looked at the two girls.

The two girls are born with great luck, and have their own skills of “absorbing the luck of heaven and earth”; in addition, they have lived in the blessed land of Yanyan Sacred Mountain for a long time, and their luck will naturally continue to soar!

“Your cultivation has reached the eight-star level?” Xu Ming asked in surprise.

Such a speed of progress, although far from being on a par with Xu Ming, is already terrifying!

“Yes, Brother Ming! The luck here is too strong. Even if we don’t need to practice, our cultivation will soar every day. Under the practice the luck will rise even more exaggeratedly!” Yingying said hurriedly. .

“Brother Ming! When are you going to practice with us; we’ll pass on some of our luck to you!” Sisi also said.

Sisi and Yingying are Xu Ming’s “lucky babies”. Xu Ming doesn’t need to worry about Qi Luck at all, he just needs to “rub” some Qi Luck with Sisi and Yingying every once in a while, and that’s it!

“It’s hard work!” Xu Ming smiled a little embarrassedly – others were eating and drinking, but he was trying to get lucky, I was really embarrassed!

Sisi said: “Brother Ming, don’t say that! Without you, the fate of our sisters would definitely be extremely miserable!”

People born with great luck have a miserable fate unless they meet “noble people”.

And Xu Ming is the noble person of Sisi and Yingying!

Xu Ming smiled awkwardly: “Let’s not talk about it, I’ll go see Lu Qing first!”

Xu Ming was looking forward to what Lu Qing’s expression would look like when he saw his transformed cultivation.

Chapter 1000: Palace Lord Chile

The Yanyan Mountains are endless, like a sea of fire, burning the earth.

Xu Ming, Lu Qing, and the king-level masters of the Yanyan Sacred Mountain lived on this quiet mountain called “Burning Heaven Peak”. Lu Qing’s residence is at the top of the mountain.

Xu Ming walked up the stone stairs in the mountains; soon, he arrived outside Lu Qing’s courtyard.

“Come in!” Lu Qing’s voice sounded in Xu Ming’s ear.

Lu Qing has absolute control over the Yanyan Mountain. Not long after Xu Ming came back, she had already discovered it.

Xu Ming pushed open the door and entered.

I saw Lu Qing sitting cross-legged under the tree in the courtyard, with a peaceful expression and harmony between man and nature.

“You’re back?” Lu Qing slowly opened his eyes.

However, when she opened her eyes halfway, she seemed to have discovered something extremely horrifying, and her two beautiful eyes suddenly became round: “Xu Ming, your cultivation level...”

At first, Lu Qing only felt Xu Ming’s aura, but didn’t pay attention to his cultivation. It was not until she opened her eyes that she suddenly realized that Xu Ming was actually the fourth rank of Silver Moon.

“How long has it been...” Lu Qing couldn’t imagine why Xu Ming’s cultivation had soared so much.

Moreover, Lu Qing of course found that the one standing in front of him was Xu Ming’s avatar of Tiandao Liu, not the avatar of the ancient cultivator.

“What has Xu Ming experienced since he left the Yanyan Sacred Mountain? Why, the progress in the understanding of the Dao of Heaven is so huge...” Lu Qing’s inner shock wave after wave.

Xu Ming had long expected that Lu Qing would have such an expression when he saw him. He said lightly as if nothing had happened: “When I was on Xingluo Island, I was chased and killed by the time traveler Feng Ming; out of resignation, I used the Wu Difficulty Stone! Such a huge transformation!”

“So you have already been to the Realm of No Difficulty! No wonder...” Lu Qing nodded secretly, “In the Realm of No Difficulty, there are countless opportunities; it is indeed possible that your cultivation will improve by leaps and bounds in a few decades...”

However, as he spoke, Lu Qing’s voice gradually became smaller.

Then suddenly, Lu Qing asked in surprise, “Xu Ming, you said you have entered the world of no difficulty!?”

“Yes!” Xu Ming said.

“Then... how did you leave the Realm of Difficulty!?”

With Lu Qing’s status, it is natural to know many secrets of God’s Domain. For example, in the Realm of No Difficulty, it is easy to enter, but difficult to come out. If you want to come out, you

must at least have the strength of half-step kingship; even, sometimes the strength of half-step kingship is not enough, you have to be a real king-level strength. !

However, Xu Ming's cultivation is only the fourth rank of Yinyue. How did he come out of the Realm of No Difficulty?

"Could it be that... even though Xu Ming is a fourth-grade Yinyue, he has at least the combat power of a half-step king!?" Lu Qing looked at Xu Ming like a monster, "How is this possible..."

Xu Ming nodded slightly, confirming Lu Qing's conjecture.

"You really have the strength to be a half-step king!?" Lu Qing couldn't believe it, and confirmed again.

"There should be..." Xu Ming said in a low-key and vague manner.

There should be, right?

Sure enough, after listening to Lu Qing, he mistakenly thought that Xu Ming was just barely able to possess the fighting power of a half-step king. But even so, it has already made Lu Qing feel very terrifying!

"abnormal!"

For a super genius like Xu Ming, Lu Qing can only use the word "pervert" to describe it.

After calming down his excitement a little, Lu Qing's eyes suddenly turned cold: "Xu Ming, you said, the time traveler Feng Ming is chasing you?"

"Yes!" Xu Ming said.

"Feng Ming..." Lu Qing's eyes became more and more cold, "Speaking of which, when Feng Ming was weak at the beginning, by chance, I even gave him a little advice! Unexpectedly, the reward information of the Temple of Time and Space, all It is clearly written that you are from my Yanyan

Mountain; Feng Ming dares to chase and kill you!—This ungrateful white-eyed wolf! If I run into him, I have to make him look good!”

“That...” Xu Ming thought about it and said, “Maybe you don’t need to bother you to do it yourself...”

“Why?” Lu Qing was curious.

“Because...” Xu Ming tried his best to keep his tone low-key, “Feng Ming is dead!”

“What? Feng Ming is dead? How did he die?” Lu Qing couldn’t react for a while; after a while, Lu Qing’s terrified eyes widened and he looked at Xu Ming, “Could it be? you...”

“Cough! I couldn’t help it and killed him!” Xu Ming coughed a few times.

“It’s really you!” Lu Qing sucked in a breath of cold air, “Feng Ming is a high-ranking master of the king. It is said that he is not very far from the peak of the king! You were able to kill him... Then your strength!?”

Why are you chatting and chatting, and then talking about strength?

Xu Ming sighed secretly in his heart: “Accidentally, it’s high-profile again!”

Just when Xu Ming hesitated, should he explain his strength to Lu Qing a little bit; Lu Qing’s maid “Yue Xin” hurried over.

“God Emperor!” Yue Xin obviously had something to report.

“Speak!” Lu Qing said directly.

Yue Xin said: “Palace Master Chilie just sent a message inviting you to go to Chilie House and attend the banquet!”

Lu Qingxiu frowned slightly felt a little strange: “Palace Master Chilie invited me to the banquet?”

In the Yanyan Continent, there are hundreds of “prefectures”; and each prefecture leads thousands of various divine cities.

Chilie Mansion is one of them!

And Palace Master Chilie is the top existence among the emperor-level powers!

“Palace Master Chilie and I have never had anything to do with each other; he has never invited me to a banquet before!” Lu Qing fell into deep thought.

“God Emperor.” Yue Xin whispered, “How should I answer?”

Lu Qing thought about it seriously, and said, “Palace Master Chilie is one of the top powerhouses in the Yanyan Continent! Although I don’t have any friendship with him, since he opened his mouth to invite, it’s not very good to refuse...you Just tell me, I’ll be there on time for the banquet!”

“Yes!” Yue Xin hurriedly left.

The Yanyan Sacred Mountain and the Chilie Mansion are far apart; to communicate with each other, they must rely on the Void Heaven Realm or a super-large communication formation. Therefore, Yue Xin was unable to reply by subpoena on the spot.

After Yue Xin left, Lu Qing was still thinking deeply: “What is the matter of Palace Master Chilie looking for me?”

After thinking for a while, Lu Qing still couldn’t think of a clue: “Forget it! No matter what he is, the soldiers will block the water and cover the soil! – Xu Ming, if you have nothing to do, accompany me to the Chilie Mansion! Your strength Soaring so fast, it’s time to meet some contacts in God’s Domain!”

People?

To be honest, Xu Ming is not very interested! Because, Xu Ming is only interested in strength!

However, since Lu Qing invited him to go with him, and Xu Ming really wanted to go to a big place like Fucheng to buy something, so he agreed.

“That’s right!” At this time, Lu Qing brought the topic back to Xu Ming, “You haven’t said it yet, what’s the matter with your strength!”
