

Above All 186

Chapter 186 I Still Need to Remember a Nameless Soldier?

Su Cheng opened the bottle, and a poisonous mist instantly came out.

Su Cheng lowered his head, took a deep breath, and then closed the bottle.

After a while, he would give the Insect Queen and the Lotus Seeds to the little girl and let her refine them into medicinal pills.

At this time, the door of the cave was opened again. Su Cheng looked up and saw a small head sticking in.

Dong Xi noticed Su Cheng looking at her and chuckled. She immediately entered the cave and closed the door. Dong Xi said, "Snake, do you still remember that you killed a member of Beast Trainer Sect when you saved me?"

Su Cheng squinted his eyes and played with the porcelain bottle in his hand.

Standing in the light and shadow, it felt very fragile.

"He's just a nobody. Do I still need to remember him?" Su Cheng said indifferently.

Dong Xi stood at the side and did not refute, appearing very well-behaved.

Dong Xi said, "It's fine as long as you know it's a human. These two days, I've been looking through the jade slips and saw a notice from Beast Trainer Sect. They said that the demonic race had invaded. That disciple was bewitched by the demonic race. Is it true? Could it be related to Demon Lord Su Cheng?"

Su Cheng froze for a moment. Dong Xi instantly felt like she had fallen into an ice cellar. She shivered and looked up at Su Cheng.

Su Cheng's face was hidden in the light, and Dong Xi couldn't see it clearly, so she did not know what the snake was thinking.

Dong Xi thought carefully. Did she say something wrong?

After a long time, Su Cheng faintly said, "The human race always makes their own mistakes and then throws the blame to others. First, it was the demon race, and now it's the demonic beast race."

Dong Xi pretended to be calm and said, "Anyway, it's not the demon race, so it's fine. I thought it was true. Not long ago, the demon race in the valley was an example. A demon is already so powerful. If the demon race really invades, it'll be really tragic!"

Su Cheng's face became more and more serious as he listened to Dong Xi's words. He smiled and said, "You're just a kid. Why are you thinking so much? even if the sky falls, there's still the Sect Master. You don't need to worry."

"You're right," said Dong Xi with a smile. "Alright, I won't disturb you any longer. I'm leaving."

Dong Xi went out and stood under the sun. The cold feeling dissipated bit by bit.

The smile on Dong Xi's face disappeared, and her expression gradually became serious.

There was no other reason, but Dong Xi suddenly had a guess.

The unkempt snake that Dong Xi had returned with might be Demon Lord Su Cheng?

Dong Xi subconsciously walked towards the willow tree. Liu Qing and Songsong saw Dong Xi and immediately came down from the tree.

Songsong's concerned words resounded in Dong Xi's mind. "Xiaoxi! You're finally out! Did the snake bully you?"

Dong Xi looked into Songsong's eyes. She did not want them to worry. Dong Xi smiled and said, "No, snakes are usually very reasonable."

Only then did Songsong relax. Liu Qing, who was beside her, asked, "Xiaoxi, Songsong said that the snake is your ancestor? Your family has a demonic beast bloodline?"

Dong Xi was completely dumbfounded. Wasn't Liu Qing's imagination a little too rich?

Dong Xi looked at Songsong, who was spouting nonsense. Dong Xi asked, "Song song, did you say that the snake is my ancestor?"

At this moment, Songsong did not realize the severity of the situation. It looked at Dong Xi with a puzzled face and said, "Isn't it? Didn't you say you were going in to coax our ancestor?"

Dong Xi, "..."

That's right, this little demonic beast, Songsong, still doesn't understand the twists and turns of how humans address each other.

Dong Xi let out a sigh and explained, "He's not my ancestor. I saved him before. Now, he's just a Turtledove occupying the magpie's nest."

"What's the matter?" Liu Qing asked, puzzled.

Dong Xi took out the thing that the serpent had given her and waved it in front of Songsong and Liu Qing. Dong Xi said, "He was the one who occupied my house. But it's fine, he paid the rent!"

Liu Qing finally understood. Dong Xi was afraid that these two guys would continue to talk nonsense. Dong Xi said seriously, "You must not tell anyone that he is here. Now that we have formed a contract, we are on the same boat. If anything happens to him, I will not have a good end either!"

Dong Xi's tone was filled with grief and indignation. Ever since she had been stabbed through the heart by a sword, Dong Xi had been living on the edge, living carefully.

Right now, Dong Xi only wanted to become stronger as soon as possible. Otherwise, when would she be able to control her own fate?

"I have a contract with Xiaoxi," said Songsong seriously. "I won't say anything."

"Xiaoxi saved Xiao Qing, so Xiao Qing won't say anything," Liu Qing nodded.

When Dong Xi heard the two of them say this, a gratified smile appeared on her face. At this moment, the prohibition outside the mountain seemed to have been touched by someone.

Chapter 187 Junior Sister, You're Finally Back

Dong Xi did not even need to look to know that the voice transmission talisman was sent by her master. Only her master would use such an outdated method.

Dong Xi placed the voice transmission talisman in. It was indeed her master's voice transmission talisman.

As the voice transmission talisman dissipated, Master Lingxu's voice appeared. He said, "Xiaoxi, since you're back, come to my cave abode."

After Dong Xi had settled Songsong and Liu Qing, she immediately flew toward her master's cave.

This time, when she went to see her master, Dong Xi must inquire about what Demon Lord Su Cheng's true body was!

Dong Xi's current cultivation base was vastly different from before. Not only was she fast, but she could also step on the little turtle with both his feet!

Dong Xi slowly landed in front of Lingxu's cave. Before she entered, she saw a familiar figure.

"Junior Sister, you're finally back!" said Li Li.

Previously, because of Dong Xi's words, Li Li went into seclusion for a long time again, and his major realm already showed signs of loosening.

Li Li was about to enter the middle stage of the Nascent Soul stage, so he had to find a place with sufficient spiritual Qi. Otherwise, he would not be able to pass the Heavenly Tribulation, and naturally, he could not continue to stay in the Ningtian Sect.

If they were to undergo the Tribulation here, according to Wei Nan's temper, Destiny Valley would probably owe the Ningtian Sect a huge debt.

Dong Xi was even more surprised to see Li Li. Dong Xi said, "Senior Brother, you're still here?"

Li Li, "..."

Li Li was originally full of joy, but now he did not really want to say it.

Li Li sighed and said with a bitter face, "Junior Sister, you're really not polite at all!"

When Dong Xi heard this, she coughed a few times. Dong Xi said, "I just thought that Senior Brother had already left. I didn't expect you to still be here. I'm a little surprised."

Li Li did not argue too much. If he had to argue about everything, he would have been angered to death by this girl.

Li Li waved his hand and said, "Forget it. I'm also here today to bid farewell to Master Lingxu. It's fate that I happened to meet you."

Dong Xi was stunned for a moment. She had only casually mentioned about this, did he really have to leave?

"Senior Brother, are you going back to Destiny Valley?" Dong Xi asked.

Li Li nodded and did not hide anything. He said, "My cultivation realm has been loosening up a bit these few days. I need to go back and cross the Tribulation."

Dong Xi was suddenly enlightened. At that time, Eldest Senior Brother had used half a spirit meridian to break through. Now Li Li seemed to be in the Nascent Soul stage. If he were to break through, he would probably need more spirit Qi, right?

If he were to break through here, the spiritual energy here would not recover in a short time.

Dong Xi did not try to persuade him to stay. She simply cupped her fists and said, "Junior Sister will first congratulate Senior Brother!"

Li Li took out her communication jade slip and said, "No need to congratulate me yet. Junior Sister, please give me some spiritual breath so that I can learn from you in the future!"

No matter what, Li Li was still a Nascent Soul cultivator. A Qi Refinement cultivator like Dong Xi was nothing in front of Li Li, but since Li Li had said so, Dong Xi certainly would not refuse.

Dong Li immediately took out her communication Jade slip and added him as a friend.

Unexpectedly, when Dong Xi looked up, he saw Li Li raising his eyebrows. Li Li said, "Junior Sister, your Senior Brother's divinations have been very accurate these days. Do you need me to help you?"

The corner of Dong Xi's mouth twitched, and when he saw Li Li's obviously passionate eyes, he sighed helplessly in his heart.

It was really difficult to refuse such kindness!

Dong Xi's young face had a solemnness that did not match her age. She said, "Senior Brother, if you want to do it, then so be it. But there's one thing you have to say, no matter what the result is, don't mess up your Dao heart!"

When Li Li heard Dong Xi's words, he was stunned.

Dong Xi looked at Li Li and was stunned. Dong Xi lowered her head.

After a long time, Li Li raised his head and looked at Dong Xi. He said with some regret, "Junior Sister, why don't we just let it go?"

Li Li was really afraid that his Daoist heart would be messed up. After living for so many years, this was the first time that he was a little afraid of fortune-telling for others, and it was to a little girl who was only in her teens.

When Dong Xi heard Li Li's words, she smiled and said, "It's up to you, Senior Brother. If you want to read in the future, you can too."

As the two of them were talking, the door of the cave dwelling opened and Master Lingxu walked out. He looked at the two of them and said, "Since you're already here, why don't you hurry in and let master wait in the room!"

"I was just about to go in, but I didn't expect to run into Senior Brother Li Li, so we chatted for a while," said Dong Xi immediately with cupped fists.

When Lingxu heard Dong Xi call Li Li 'Senior Brother', the corner of his mouth twitched. Lingxu said, "Xiaoxi, don't be unreasonable. You should call me 'martial uncle'!"

Dong Xi did not say much and just glanced at Li Li.

Chapter 188 Face Is Still Very Important

Li Li saw Dong Xi's eyes and understood. He immediately said, "Master Lingxu, please don't blame me. I was the one who asked Xiaoxi to address you as Senior Brother."

Li Li still wanted to ask Dong Xi for advice. If he were to be called martial uncle, wouldn't he lose face? After all, face was still very important!

Lingxu looked at Li Li, then at Dong Xi, and helplessly sighed.

Forget it, this was Li Li lowering his status, and Master Lingxu did not want to care so much.

Li Li came over to bid farewell to Master Lingxu and told him about the Tribulation Transcendence.

Master Lingxu naturally congratulated him and even gave him a pill.

This is a Foundation-Building and Essence-Cultivating Pill," said Master Lingxu. "After Master Li Li breaks through, this pill can help you strengthen your foundation and essence and stabilize your cultivation realm.

Li Li kept the pill and remembered their friendship. Then, he took out an eight-trigram disk and jumped on it. He cupped his fists at Master Lingxu and his disciple and left.

Only then did Master Lingxu look at Dong Xi again. He asked, "I heard that you've been out for training?"

"Yes!" Dong Xi immediately nodded and said, "Master, I've gone out to fight a few demonic beasts, but I've found that my cultivation base is still too weak."

When Master Lingxu heard this, he chuckled and said, “With your current behavior, most people can easily kill you. Master has heard that not long ago, something happened in Fotai City? I heard that a disciple of the Masked Moon Sect had died? I heard he’s the grandson of Elder Zha Chen?”

Speaking of this, Master Lingxu sighed and continued, “Elder Zha Chen, how could you let a Foundation Establishment cultivator kill your grandson? It’s so embarrassing. There are so many good things, but can’t you give me one or two to save my life!”

As he was speaking, Master Lingxu stopped. As if he had thought of something, he immediately took out an item from his storage ring and handed it to Dong Xi.

Dong Xi looked at the item with curiosity. Dong Xi asked, “Master, what is this thing?”

Master Lingxu snorted and said, “I’m afraid that I’ll hear bad news about you one day. I’m old and can’t bear it. This is the Golden Cicada Robe. It only has one function: to let the Golden Cicada escape from its shell.”

Dong Xi frowned.

She could understand what his master was saying, but what was the use of the cicada shedding its shell?

Seeing Dong Xi's confused expression, Lingxu knew that Dong Xi might not have understood, so he explained, "Wear this on your body. As long as you are attacked, it will shatter and help you block the attack. At the same time, it will teleport you 20 miles away."

When Dong Xi heard this, her eyes were filled with surprise. Dong Xi said in surprise, "That's a really good thing!"

Seeing the surprise on Dong Xi's face, Master Lingxu was naturally very satisfied. He said, "You're my last disciple, of course, I have to protect you well."

The smile on Dong Xi's face instantly froze when she heard the word 'last disciple'. She looked at Master Lingxu in disbelief.

Last disciple? Shouldn't it be Chi Yan?

Dong Xi had always thought that she was only here to be Chi Yan's sparring partner. At that time, Dong Xi felt that it was already a great opportunity for her master to take her in, but now her master had actually personally said that she was his last disciple?

Seeing Dong Xi's astonished expression, Master Lingxu smiled and did not explain anything. He then said with a smile, "Silly child, quickly go and prepare. Tomorrow, ask the Alchemy Sect disciples go and make their prescriptions. You can tell them how to refine a furnace of good pills!"

Dong Xi immediately agreed. Just as she was about to leave, she seemed to have thought of something and immediately turned around and cupped her fists. Dong Xi asked, "Master, the Beast Trainer Sect said that the demonic race had invaded. Is this for real?"

When Master Lingxu heard this, he laughed disdainfully and did not hide the sarcasm on his face. He mocked, "They are afraid that they won't be able to answer to the Masked Moon Sect, so they said such a lie."

Dong Xi was about to continue asking about Demon Lord Su Cheng's main body when she heard Master Lingxu continue, "Yesterday, Daoist Master Li Li had already divined for Beast Trainer Sect, but he didn't find any changes. The most likely variables in the divination were that Beast Trainer Sect was lying, or that their disciple who was invaded by the demons was already dead. It could also be that Daoist Master Li Li didn't predict it correctly."

Master Lingxu mentioned a few of his conjectures, but in this world, perhaps only Dong Xi knew the truth of the matter.

It was true that the Beast Trainer Sect disciple had killed the Masked Moon Sect disciple, but the Beast Trainer Sect disciple had been killed by the giant snake in an instant... She still needed to test if the giant snake was a demon, but this test was a little dangerous.

Chapter 189 Don't Go Out Anymore

Seeing Dong Xi's nervous expression, Master Lingxu raised his hand and touched the top of Dong Xi's head. He said, "Right now, your cultivation is still shallow, and the eight great sects will also secretly kill you for the sake of ranking, especially for the two words 'Righteous Sects'! Before you reach the Foundation Establishment stage, don't go out!"

Dong Xi recalled the feeling of being pierced through the heart by a sword and immediately admitted defeat.

Dong Xi nodded honestly.

After that, Dong Xi raised her head and looked at her master. Dong Xi asked, "Master, I saw someone mention Demon Lord Su Cheng in the square in the jade slip. Do you think this matter has something to do with the Demon Lord?"

Su Cheng, who was recuperating in the cave, sneezed for no reason. He frowned. What was going on? How could a snake catch a cold?

!!

On the other side, Lingxu knocked on Dong Xi's head, and he said, "You little fellow, you're quite meddlesome. It's the Sect Master's business to discuss whether the demon race will invade or not."

Dong Xi rubbed her head and said with an aggrieved expression, "It hurts!"

When Master Lingxu saw the little girl's expression, he smiled and said, "You're talking about body cultivation? He can't even withstand this little bit of pain? People will laugh their teeth off if they know!"

Dong Xi puffed out her chest and said, "Disciple has just started body refining, I will definitely not be like this in the future!"

After saying that, she leaned toward her master with a curious look on her face. Dong Xi asked nosily, "Master, what is the true form of that demon Su Cheng?"

While she asked this question, Lingxu did not know how she was feeling.

Dong Xi's fists and palms were already sweating. She was even more nervous than when she had to check the college entrance examination results in her previous life.

Master Lingxu did not think much and said directly, "Su Cheng's true form is a snake. No one knew about it until last year when he went through the Lightning Tribulation. He transformed into his true form and forcefully withstood the Lightning Tribulation."

Master Lingxu spoke for a long time before he realized that something was not quite right with his little disciple. Why was she a little excited?

At this time, Dong Xi could be completely sure that the big snake he saved was Demon Lord Su Cheng! Was this the law of transmigration?

"What kind of outrageous thing did the demon race do, Master?" asked Dong Xi doubtfully. "Why did the eight great system-allocated sects have to kill him?"

Dong Xi had surfed the jade slip and read the books in the Library Pavilion, but there were no records of the demon race. They were probably restricted by the major sects.

Master Lingxu frowned. This little disciple's question had really stumped him, and he did not know how to answer it now.

Master Lingxu could only say hesitantly, "Since ancient times... the demon race and our human race have always been irreconcilable..."

It should be some old grudge again. Dong Xi sighed softly, but did not dwell on it too much. Instead, she asked a second question.

"Master, is it true that everyone's Heavenly Tribulation would be the same?" Dong Xi asked.

When Reverend Lingxu heard this question, he looked at Dong Xi and said with a smile, "That's not it. The more Lightning Tribulations there are, the more it proves that this person's aptitude is heaven-defying. Even the heavens can't stand it and want to destroy him."

Dong Xi was secretly speechless. 'So that's the case. No wonder the snake was so seriously injured. That was 81 bolts of lightning!' As for Dong Xi's trashy three spirit root, there was no reason for the heavens not to accept her, right?

Dong Xi did not know how many Lightning Tribulations there would be. According to the great snake, the Lightning Tribulation had the ability to temper one's body. Hehe...

If Su Cheng knew what Dong Xi was thinking now, he would call her crazy! Even Su Cheng only dared to resist the Lightning Tribulation because of his strong body. He even refined some of the power of the Lightning Tribulation. However, this young human could be killed with a wave of his hand. How dare she have such crazy thoughts?

Dong Xi looked at Master Lingxu and continued to ask, "Master, do I really have to transcend the Lightning Tribulation by myself? Can someone else take my place?"

When Master Lingxu heard this, his face instantly darkened. He then rebuked sternly, "You're just a little girl. How long have you been cultivating? how can you have such a thought? How could cultivation be replaced? Who's the one that's cultivating?"

When Dong Xi heard what Master Lingxu said, she knew that she was thinking too much. She immediately explained, "Master, it's nothing. This disciple was just casually asking..."

'Forget it. I'll ask him anonymously on the jade slip when I get back.'

No matter what, her master had just given her a treasure, so she could not anger his master to the point of causing any harm!

Dong Xi came out of Master Lingxu's cave and immediately took out a jade slip to send an anonymous question.

[Can someone else transcend the Lightning Tribulation in my place?]

Chapter 190 Whimsical

In the short time that Dong Xi had returned to his cave, many enthusiastic fellow Immortals had replied to him on the jade slip.

[Where did this newbie come from? Only newbies can be so whimsical.]

[You've just started cultivating and you're already thinking of going astray. How can you cultivate properly!?)

[Young people nowadays are getting more and more useless.]

...

!!

Most of them were just preaching, and Dong Xi only saw the real answer at the end.

[Of course there's a way. If you help someone else transcend the Tribulation, you'll have to bear twice the amount. Moreover, the Lightning Tribulation will also strengthen according to the cultivation level of the substitute, so almost no one will help others transcend the Tribulation.]

Look, this person's answer was so good.

That meant that there were still cases of people helping others like this!

Dong Xi even privately messaged this enthusiastic person.

[What would happen if two people were to transcend the Tribulation together?]

This person immediately replied.

[Both of them will suffer the Lightning Tribulation, and the Lightning Tribulation will be judged according to the person with the higher cultivation.]

Dong Xi's eyes brightened. This time, she really understood.

According to the rules of the Immortal cultivation world, only after the Golden Core stage would one encounter the first Tribulation. With Dong Xi's current cultivation level, she was simply courting death by freeloading off other people's Tribulation to temper her body.

However, the power of Tribulation was indeed a shortcut to body-tempering, just that it was more painful.

What should Dong Xi do?

Dong Xi started to think. Her communication jade slip lit up again. Dong Xi came back to her senses and immediately checked it. She saw someone replying to her.

[Fellow Immortal, are you also a mutated lightning spirit root?]

The word 'also' was very subtle, and to be able to ask this meant that this person had a high probability of having a lightning spirit root.

Dong Xi pondered for a moment and did not reply directly. This was the time to show the profoundness of his language.

Dong Xi replied.

[Fellow Daoist, you too?]

The other party replied immediately.

[To be honest, when I saw you ask this, I remembered that when I was young, I also wanted to absorb the power of the Lightning Tribulation to cultivate. For disciples with lightning spirit roots like us, we still have some resistance to the Lightning Tribulation. However, the Lightning Tribulation is very powerful. Even the weakest Golden Core Tribulation, we can't cope with it.]

This Immortal friend's words were pleasing to the eye and had a profound feeling.

Moreover, this statement was in line with Dong Xi's worries. The next round of Immortal friend's words opened Dong Xi's mind.

[Although we can't use the power of the Lightning Tribulation, you can still try the lightning in Lightning Mountain. The strength of the lightning there increases bit by bit from the periphery to the center. It's a great place for us lightning spirit roots. If you have time, you can try it.]

Dong Xi's eyes lit up and she immediately sent a message.

[Fellow Daoist, where do you think this Lightning Mountain is?]

The other party replied quickly.

[Lightning Forest.]

Dong Xi made a mental note of this place. Right now, Dong Xi was still a weak little guy, so it would be better to wait until he reached the third level of Body Refining tier before going to Lightning Mountain.

However, as mentioned in the jade slip before, it was also possible to find a place where it was rich.

Dong Xi sent a message to her Immortal friend.

[I will remember it. Thank you for your guidance, fellow Immortal.]

On the other end of the jade slip, an old man looked at the words of gratitude on the jade slip and stroked his beard in satisfaction.

“After learning how to use jade slips these few days, I’ve once again helped my little fellow Immortal. The current cultivation world is changing very quickly, especially communication jade slips, which are much more convenient than in the past.”

Just as the old man was feeling happy, a child shouted from outside, “The Sect Master has come to see you, Patriarch!”

The Lightning Grandmaster kept the jade slip and said to the outside, “Please come in.”

Jiang Huang, the sect master of the Heaven Thunder Hall, walked in from the outside. She cupped her fists at the Thunder Grandmaster and said respectfully, “Jiang Huang Jin greets Old Master!”

“What’s the matter?” The Lightning Grandmaster nodded.

“Patriarch,” Jiang Huang said with a frown, “In the past few months, 17 of our disciples have died. Now, the disciples are all panicking.”

The Lightning Grandmaster felt that something was amiss. There was no war in the cultivation world at the moment, and low-level disciples would not go to dangerous places. How could there be such a high death rate?

“Have you found out the reason?” asked the Lightning Grandmaster.

“I’ve checked a few times, but I don’t have any concrete evidence,” Jiang Huang shook her head.

The Heaven Thunder Hall was ranked third among the eight great sects. The eight great sects would hold another sect competition in five years. Then, they would re-rank the sects according to the ranking of their disciples.

This ranking was not only pleasant to hear, but it also determined the number of people each sect could send to the Secret Realm. The higher the ranking, the more people they could send to the Secret Realm.

This kind of Secret Realm was not like the Secret Realm where new disciples went to train. Some of the legacies in Secret Realms had not been passed down to anyone yet. The more disciples that entered, the greater the chance!
