

Above All 256

Chapter 256 Are You Sick?

Dong Xi heaved a sigh of relief, and his body felt a little warmer. Dong Xi could not help but ask, “Are you sick? Why did you have to create such a barrier?”

Su Cheng frowned and looked at Dong Xi with dissatisfaction.

However, he did not say anything, and just jumped on top of the Big Snake’s head.

His big tail drooped on Dong Xi’s face.

!!

Dong Xi raised her hand and held Songsong in her arms, and Songsong squeaked.

In Dong Xi’s mind, Songsong’s voice also appeared. Songsong said, “Little Xi! Isn’t Songsong’s illusion very powerful? Did I scare you?”

Dong Xi immediately fell silent.

After a long time, Dong Xi looked at Songsong. Dong Xi gritted his teeth and said, "I suddenly want to try squirrel meat and see if it's delicious."

Songsong looked at Dong Xi in shock and said, "Why... Was Songsong not powerful enough? Squirrels aren't tasty and don't have much meat."

Dong Xi looked at Songsong's pitiful appearance and said with tears of joy, "It's good that you're fine. I was so scared that I thought you had left."

Songsong held Dong Xi's face and patted her gently. It said, "Little Xi, don't be afraid. Songsong will never leave."

When the atmosphere was just right, a cold snort was heard.

Dong Xi suddenly remembered that she had misunderstood Su Cheng just now. Umm...

Dong Xi was a little scared and could only squeeze out a smile. Dong Xi said, "Big Snake, I'm sorry. I've mistakenly judged you."

Su Cheng snorted coldly and said with contempt in his eyes, "You can't see through such a low-level illusion. If my true body were to cast a spell, you would be trapped for the rest of your life."

Dong Xi immediately took advantage of the situation and said, "That's right, you're right. My cultivation is too low. I can't even see through the illusion. I've judged a good person wrongly. I shouldn't have done that."

"Are you saying that I'm a good person in your heart?" Su Cheng's lips curved up.

Dong Xi immediately shook her head, and Su Cheng's face immediately darkened.

Su Cheng looked at Dong Xi viciously, as if he would deal with her if she said one more word.

"No, you're a good snake, not a good person," said Dong Xi with a serious face.

Dong Xi was very strict about whether it was a human or a snake.

Su Cheng was speechless.

Are you playing word games?

Liu Qing was not as heartless as Songsong. The snake's imposing manner made Liu Qing not dare to step forward.

Liu Qing stood under the tree and waved to Dong Xi. Dong Xi was about to go over when she heard Su Cheng say, "You didn't come back for such a long time, and you're leaving already. When are you going to help me with the healing? Do you really think that I've given you my spirit stones for nothing?"

Dong Xi was a little embarrassed. She thought that those spirit stones had been exchanged for points and could not be exchanged back...

Dong Xi immediately put on a servant's expression and said, "I was wrong. I've been in closed-door cultivation all this time and just came out. If you don't, I'll treat your injuries now?"

After saying that, Dong Xi secretly looked at Su Cheng.

He had thought that such a good attitude would make the Big Snake less angry, but Su Cheng's expression turned even uglier.

"It seems that not only did you forget to heal me, but you also forgot about the pills," Su Cheng said.

Dong Xi was stunned, not knowing how to explain.

Dong Xi had indeed forgotten. She had forgotten everything when she was cultivating.

Moreover, Dong Xi had previously refined a lot of medicinal pills for the Big Snake, and they were used up so quickly?

“Have you taken all those medicinal pills?” asked Dong Xi.

One had to know that there were still more than a dozen chances to enter the frog statue.

Su Cheng touched the bracelet on his wrist and said, “Of course, the more pills, the better.”

Dong Xi sighed softly. She had to admit that she had led a hard life.

He had no choice. The Big Snake was a financial backer.

Dong Xi looked at the snake, and said in a neither humble nor overbearing manner, “I have to participate in the sect competition soon. I’m afraid I won’t be able to refine pills for a long time, and I can’t treat your injuries. Can you wait until I come back?”

Su Cheng nodded. Dong Xi was surprised that the Big Snake was so easy to talk to.

“Take me with you,” Su Cheng said faintly.

Dong Xi, “...”

Dong Xi looked at Su Cheng in shock, her face full of question marks.

What was the Big Snake thinking? It was a competition where all the sects were gathered. If the Big Snake followed her, wouldn't it be courting death?

"Really?" Dong Xi asked in disbelief.

"Really!" Su Cheng nodded.

"All the big sects will be there. Aren't you afraid they'll find out?" asked Dong Xi with a frown.

Su Cheng's face was cold, but Dong Xi could still see Su Cheng's disdain. Su Cheng said, "So what if a few big sects work together? They won't be able to discover me either."

Dong Xi thought of the Big Snake's injured tail and the injuries in its veins.

She did not know where the Big Snake got the courage to speak like this. She did not know if the Big Snake was pretending or not, but Dong Xi did not believe it at all.

Chapter 257 What to Do After Being Discovered?

“What if we’re discovered?” Dong Xi carefully asked.

“Well then there’s one thing that will happen...” Su Cheng said with a smile. “You’ll be buried with me.”

Dong Xi suddenly felt a lingering fear and thought about how to reject Su Cheng. He continued, “If you don’t bring me, I’ll make destroy the Alchemy Sect.”

Dong Xi was speechless.

How could he threaten people like this? She had no choice now, right?

If Dong Xi was given another chance, she would have just roasted this little black snake and eaten it when she first picked it up.

As soon as she had this thought, she felt a strange feeling. She looked up and saw Su Cheng’s cold eyes.

Dong Xi suppressed the thoughts in her heart in fear. Dong Xi smiled and said, “Yes, you said it yourself. I have to. With you around, I’ll have the confidence.”

Su Cheng knew that Dong Xi did not mean what she said, but he did not expose her.

Dong Xi watched as Su Cheng entered the cave before running to Liu Qing's side.

When Liu Qing saw Dong Xi coming over, she happily came down from the tree and hugged Dong Xi affectionately. Dong Xi did not respond to Liu Qing in time just now, causing her to feel a little embarrassed. However, there was nothing she could do. She could not defeat the Big Snake, so he could only be obedient.

"I was talking to the Big Snake just now, sorry," said Dong Xi.

Liu Qing said understandingly, "It's okay. That guy is really scary. You can talk to him first. I'll wait. It's okay."

Liu Qing could not tell Su Cheng's cultivation, but they were all demons and could instinctively feel Su Cheng's fear.

It was a very strange feeling. Liu Qing could not tell if it was her bloodline or her cultivation, but she was very sure that the Big Snake was very powerful. It could destroy Liu Qing's soul with just a move of his fingers.

Dong Xi looked at the sensible Liu Qing and felt very warm. She said, "How have you been these past few days? Are you satisfied with this place?"

Speaking of this, Liu Qing immediately said, "Very good! The spiritual energy in the previous village was too little, but the spiritual energy here is abundant. I think I'm about to break through now."

Dong Xi looked at Liu Qing's happy expression and was also very happy. She also told Liu Qing that she would be going out tomorrow and asked her to cultivate well. She also asked Songsong to stay at home and accompany Liu Qing.

Liu Qing agreed, but she was hesitating to tell Dong Xi something.

"Liu Qing, just say what you want to say," said Dong Xi.

Liu Qing sighed and said with her head lowered. "It's nothing. I just miss Ah Leng. Ever since she regained consciousness, we've always been together. But now that she's out alone, I keep worrying."

Dong Xi consoled her. "The path of Immortal cultivation is lonely. There will be no one to accompany you all the time. If I can get a jade slip to Ah Leng, I will definitely get her to come and see you."

'How good would it be if everyone had a communication jade slip?' Dong Xi thought. 'When I return, I'll buy a communication jade slip for Liu Qing.'

Time flew by quickly. In the early morning, Dong Xi finished her training and stood up.

Today was the day of departure. He had agreed with the Big Snake that they would go together. Dong Xi stood up and walked to the entrance of the cave abode. Just as she was about to knock on the door, she saw a black shadow fly out from the door and attach itself to Dong Xi's wrist.

The snake patterns were exactly the same as before.

Dong Xi rolled down her sleeve and wanted to cover it up, but she felt a little helpless. Was the Big Snake doing this because he was afraid that Dong Xi would go back on her word?

What Dong Xi thought was right. Su Cheng was afraid that Dong Xi would go back on her promise at the last minute and was too lazy to talk nonsense with Dong Xi, so he directly turned into a snake tattoo and attached himself to Dong Xi's arm.

Dong Xi told Liu Qing to look after Songsong and told her not to run around. She also told her to leave a lot of spirit fruits behind for fear that Songsong would mess around at home.

After settling everything, Dong Xi took out her little leaf and flew to the square to gather.

Qi Refinement, Foundation Establishment, and Golden Core cultivators were all there, a total of 100 people. By the time Dong Xi arrived, almost all of them had already arrived.

Dong Xi wanted to look for a familiar figure, but she could not find him after a long time.

Eldest Senior Brother and Second Senior Brother had not arrived yet. The other disciples who were close to them had not made it into the top 100 because their cultivation was not high enough.

Dong Xi let out a soft sigh. She took out her communication jade slip and was about to urge her Senior Brothers when she saw people walking over one by one and saying excitedly, “Junior Sister, Junior Sister Dong Xi!”

“Senior Brother Xiong Ye!” Dong Xi said with a smile.

Previously, the two of them had practiced together and had a good relationship.

Xiong Ye came to Dong Xi’s side. Just as he was about to say something, Dong Xi said, “Senior Brother has also entered the top 100?”

“That’s right,” Xiong Ye said. “It’s too difficult. Let’s not talk about bringing glory to the sect. As long as I meet the people of the Ningtian Sect, I, your Senior Brother, will also teach them a good lesson.”

“What’s your rank, Senior Brother?” Dong Xi nodded.

Just as she said that, Dong Xi noticed that Xiong Ye’s expression immediately changed subtly. Dong Xi was a little confused.

Xiong Ye was silent for a long time before he said in embarrassment, “The same as you, Junior Sister.”

Chapter 258 The Most Important Thing Is Participation

Dong Xi could not help but smile. "It's fine. The most important thing is to participate. Friendship comes first."

What a coincidence. Dong Xi was ranked 100th in the Qi Refinement stage, while Senior Brother Xiong Ye was ranked 100th in the Foundation Establishment stage. Both of them were at the bottom, and this made the two of them appreciate each other.

Xiong Ye did not really care about the ranking since he had already tried his best. He took out two spirit fruits and gave them to Dong Xi. Xiong Ye said, "Junior Sister, keep this well."

Although this spirit fruit was not anything too great, it was not cheap either.

"Senior Brother, I don't want it," said Dong Xi immediately. "If you need it to refine pills, just send it to the pharmacy hall."

"No, I didn't ask you to help me refine the pill. I just wanted to thank you," Xiong Ye said, embarrassed.

"Huh?" Dong Xi doubtfully said. "You're thanking me?"

"Yeah!" Xiong Ye said. "When I competed with Duan Leng the other day, someone placed bets to bet on you. I'm not familiar with Duan Leng, so I placed all my money on you. I never thought that... I'd made a huge profit."

Dong Xi was instantly petrified. She felt as if she had missed out on a hundred million.

“Senior Brother, if there’s such a good thing in the future, you must, must help me place a bet,” said Dong Xi with a pained expression.

Xiong Ye laughed and said, “Junior Sister, you alchemists shouldn’t be lacking in money, right?”

“Who said so?” Dong Xi said with a righteous tone. “Those are just rumors! Besides, who would mind having too many spirit stones?”

“That’s right.” Xiong Ye nodded. “I’ll definitely help Junior Sister place a bet if such a thing happens again in the future. I hope you can create another glorious achievement.”

In the end, Xiong Ye still gave her the two spirit fruits. Dong Xi also gave Xiong Ye two bottles of medicinal pills. Dong Xi said, “Senior Brother, keep this well, it will definitely come in handy. I don’t have much else, but I have a lot of pills. If you meet the people of the Green Cloud Sect, give them a big surprise!”

“You’re right, Junior Sister.” Xiong Ye nodded. “In that case, I’ll accept it.”

As the two of them chatted, almost everyone had arrived.

This time, the leader was the relatively steady Master Yi Kun. In order to make his disciples listen to him, Yi Kun even borrowed the prison tower from the Sect Master.

The prison tower was a small black room that blocked the five senses of the divine sense. Those who entered could only meditate and do nothing else.

The few troublemakers who went this time immediately became well-behaved when they saw Yi Kun.

In fact, Yi Kun could easily take care of these disciples. The reason why he brought the Prison Tower was just to scare the new disciples.

Dong Xi stood beside the Eldest and Second Senior Brothers and looked at Master Yi Kun. When she noticed that everyone had quieted down, Dong Xi said in a low voice, "Senior Brother, what's that in Yi Kun's hand?"

Liang Yan looked at Song Qingfeng and said, "I've never experienced it before. I'll let your Second Senior Brother tell you."

Dong Xi instantly understood what Liang Yan meant.

With one look, it was clear that Second Senior Brother had been forced into it before.

Dong Xi looked at song Qingfeng with a smile.

Song Qingfeng put away his fan and said with an unnatural expression, "How would I know? I'm the pride of the sect, how could the Sect Master lock me in that thing?"

Liang Yan looked at Song Qingfeng with a meaningful look and did not say anything. Song Qingfeng gave Liang Yan a warning look, telling him not to talk nonsense.

Liang Yan laughed contemptuously. He looked at the Prison Tower in Yi Kun's hand and said, "It is said that there are 81 spaces in that tower. Those who go in will have their divine sense and five senses blocked, and they can't cultivate until they come out."

Song Qingfeng immediately let out a grunt.

Then, he shut up immediately. Song Qingfeng looked at the Prison Tower, still a little scared.

After a moment of silence, Song Qingfeng said again, "If it's as simple as you say, it's really not scary. The main thing is that there are illusionary figures inside, chanting incantations in front of you day and night."

After saying that, Song Qingfeng felt Liang Yan and Dong Xi sizing him up. The two of them looked exactly the same.

Song Qingfeng coughed awkwardly and said, "I was told by someone else..."

Liang Yan gave Dong Xi a look, and Dong Xi immediately smiled.

Dong Xi had a preliminary understanding of the use of this Prison Tower. In the future, she would definitely be obedient and be a good disciple of the sect.

Daoist Yi Kun took out an airboat. This airboat was of a much higher grade than the one Dong Xi and Ke Xin had been on.

The golden airboat had a dragon's head at the front and a dragon's tail at the back. It was surrounded by arrays and had four floors. Those who knew about it would be going for a competition, but those who did not would think it was a vacation.

Daoist Yi Kun took out a top-grade spirit stone and threw it into the dragon's head. The dragon's head let out a long cry, and Dong Xi instinctively used her spiritual energy to protect her ears.

"Board the ship in an orderly manner," Daoist Yi Kun shouted.

At this moment, Dong Xi's mind returned to her body. She was led by her two Senior Brothers and they rushed towards the airboat.

Chapter 259 Where's the Cold and Aloof Attitude?

Dong Xi was completely stunned. Where was the cold and aloof attitude? Should not they wait for the others to go up before it was their turn?

At this time, a Spiritual Force Helmet was put on Dong Xi's face.

Liang Yan remembered to put up a protective shield for Dong Xi. The disciples of the Ningtian Sect watched as three people rushed towards the airboat, and one of them was covered with a protective shield.

Dong Xi could only think of two words: thank you!

!!

Very quickly, Dong Xi became happy. Eldest Senior Brother and Second Senior Brother were smart, the three of them occupied the three best rooms on the airboat. Of course, their rooms were not as nice as Master Yi Kun's room.

The view was also very good on the top floor.

Dong Xi was directly thrown into the middle room by the two senior brothers. Looking at the soft bed and dressing table in front of him, Dong Xi immediately felt as if she had evolved from a barbarian to a civilized era.

In comparison, Dong Xi's Immortal's cave was extremely simple, but that Immortal's cave had nothing to do with Dong Xi. Dong Xi had been living in the courtyard for a long time...

Dong Xi immediately jumped onto the bed and rolled around happily. A faint fragrance entered his nose, as if it had calming effects.

The sect was indeed curious. This kind of magic tool should be a high-grade one, right?

Just as Dong Xi was sighing with emotion, someone knocked on the door.

Dong Xi stood up from the bed and opened the door. It was Second Senior Brother.

Song Qingfeng smiled and said, "How is it? Do you need to add anything? But it will take about two days. You will be in this room for these two nights."

"No need, this place is already very good," said Dong Xi with satisfaction.

Seeing Dong Xi's satisfied expression, Song Qingfeng smiled and said, "Compared to your Immortal's cave, this place is indeed very good."

Dong Xi was not angry. She needed to be thrifty with her spirit stones.

Dong Xi was not a person who enjoyed life. It was fine as long as he had a place. She did not need too many material things in her life.

“Second Senior Brother, what grade is this airboat?” asked Dong Xi out of curiosity. “It has such a high-end and grand atmosphere.”

Song Qingfeng waved his fan and said, “This is a treasure left behind by our founder. It’s a Half-Immortal tool. Usually, there’s no way we can’t have the chance to ride this thing. I guess what the Green Cloud Sect did before scared them. In order to save their disciples from danger, they let us use this airboat.”

Dong Xi’s eyes suddenly changed and he said in shock, “What...? A Half-Immortal tool?”

Liang Yan also walked out of the house. He looked at the two of them and said, “You’re not going to rest, and you still have time to chat?”

“What?” asked Song Qingfeng. “Wasn’t this trip a vacation? Or should I say that Eldest Senior Brother doesn’t have much confidence in this competition?”

Liang Yan had been provoked by Song Qingfeng for the past 200 years and was used to it.

Liang Yan looked at Song Qingfeng and said, “There are many geniuses in the cultivation world. I don’t have the confidence that you do.”

This was Dong Xi's first time participating in such a competition, but judging from the looks of her two Senior Brothers, it should not be their first time.

The two Senior Brothers were both in the Golden Core stage. Their victory or defeat would affect the distribution of the resources in the Secret Realm and was very important. As for Dong Xi, who was at the bottom of the Qi Refinement stage, she was the one with the lowest cultivation in the competition this time.

Compared to Eldest Senior Brother and Second Senior Brother, Dong Xi indeed looked like she was on a sightseeing tour.

"Good luck, my Senior Brothers," Dong Xi said, "defeat as many enemies as you can! Each of you should defeat at least 500 enemies!"

The two of them, who were originally a little unhappy, were stunned when they heard Dong Xi's sudden words. Then, they looked at the slightly excited Dong Xi.

"What do you mean by 'good luck'?" Liang Yan asked immediately.

Song Qingfeng was also confused, "How are we supposed to defeat 500 enemies?"

Dong Xi frowned and bit her lip. She did not know what to say.

Why did these two people focus on weird things?

“Well, what I mean is...” Dong Xi said.

Before he could finish speaking, Dong Xi felt the two of them staring at her, as if they were humbly asking for advice. Dong Xi said helplessly, “It’s like you guys are fighting, and when you find that your spiritual energy is depleting, I will give you some pills. Simply put, it’s to inspire you two, okay?”

Song Qingfeng displayed his curiosity. He said, “Then what about defeating 500 enemies?”

Dong Xi thought for a moment and randomly said, “Even though you’re alone, you must have the will to punch hundreds of enemies.”

“That’s true, but I use a sword, so do I have to punch them?” said Liang Yan as he came to a sudden realization.

Dong Xi was extremely helpless. She really did not want to continue talking to these two people.

At this moment, someone called out to Dong Xi.

Dong Xi seemed to have been saved. She stretched her head out and saw that it was Senior Brother Xiong Ye on the deck of the airboat.

Chapter 260 So It Was You Who Brought the Protective Shield

When Xiong Ye saw Dong Xi, he was also very happy. When he saw Dong Xi standing between Liang Yan and Song Qingfeng, he immediately reacted and said, "Junior Sister Dong Xi, so it was you who brought the protective shield!"

Dong Xi was speechless.

Dong Xi's body reacted quickly and directly jumped onto the deck. She immediately covered Xiong Ye's mouth. She said, "Senior Brother!"

Xiong Ye was a little dumbfounded. He then heard Dong Xi clench her teeth and say, "I'm trying to save face, okay?"

Xiong Ye's body was trembling a little, as if he was having a hard time holding it in. Dong Xi said in a low voice, "Senior Brother, lower your voice and don't let others know. If others know... Don't even think about having any pills from me in the future."

When Xiong Ye heard this, he immediately nodded his head obediently.

Only then did Dong Xi let go of his hand. But seeing the smile on Xiong Ye's face, Dong Xi said helplessly, "It's the protective shield that big Senior Brother gave me. I didn't want to do this."

Xiong Ye calmed himself down and tried to hold back his laughter. He said, "The Senior Brothers love you so much, we all envy you. Why would we laugh?"

Dong Xi heaved a sigh of relief and looked around. She said, "Senior Brother, where do you live?"

Xiong Ye pointed to the middle of the second floor and said, "That's my room."

Xiong Ye's cultivation level was slightly higher than the Qi Refinement disciples, so he had more to do before he could board the airboat. When he came up, he could only grab a room on the second floor.

Curious, Dong Xi went to Xiong Ye's room to take a look and found that this room was simpler. It was quite bare, and she did not even see a dressing table.

Only then did Dong Xi understand the reason why her two Senior Brothers had brought her up. It was because the rooms on each floor were different, and the difference was quite big.

When everyone had their own rooms, Yi Kun once again said loudly, "All disciples, please be patient. We will set off in half an hour."

At first, Dong Xi wanted to go back to her room and wait for the airboat to take off. However, she had not imagined that she would see Senior Sister Gu Yao on the way. Therefore, she immediately gave up the idea of relaxing and went to Senior Sister Gu Yao's room to chat.

Senior Sister Gu Yao was at the 11th level of the Qi Refinement stage, but she lived in a corner of the 1st level. Although the room was simple, it was very quiet, which was in line with her personality.

Dong Xi sat on the bench and watched as Senior Sister Gu Yao took out tea and spirit fruits. She also took out two bottles of Spirit Restore Pills and gave them to her.

Gu Yao was stunned and said, "Junior Sister, why are you giving me pills?"

"Think of it as me cheering for you, Senior Sister!" Dong Xi said.

Seeing Senior Sister Gu Yao's confusion, Dong Xi gave her the same explanation as the one she gave to her two Senior Brothers. "Senior Sister may not be able to use the other pills, but these Spirit Restore Pills will definitely be useful."

Gu Yao frowned and realized that Dong Xi had given her top-grade Spirit Restore Pills, so she could not accept it.

Dong Xi directly stuffed the Spirit Restore Pills into her Senior sister's hand and even clutched her hand. She was extremely excited!

Her Senior Sister's hand... this hand was able to display such amazing control of spiritual energy.

This hand was so beautiful, so white and smooth, the only bad thing was... Dong Xi did not have such hands.

Dong Xi lowered her head and looked at her own hands, almost looking like she was crying.

Dong Xi's face instantly turned serious and said, "Senior Sister, have you forgotten that I'm an alchemist? To us alchemists, giving away some pills isn't a big deal. Compared to these pills, I care more about the sect's honor. Senior Sister, my cultivation is too low, so I'm probably only here to watch you all fight. Your sword technique is very powerful, so I hope you can win more resources for the sect. Only in your hands can this pill be put to full use."

Dong Xi was almost touched by these heartfelt words.

After hearing that, Gu Yao's face also turned serious.

Gu Yao thought for a long time and said, "Junior Sister, I know that there are strong people out there. There are many people who are more powerful than me. Since you trust me, I will do my best."

Gu Yao's expression became more determined and her voice became steadier.

"Then, Senior Sister, please accept the pills," said Dong Xi.

Gu Yao raised her hand and took out a jade box.

Gu Yao said, "This is the Ice Doll. I got it by chance when I was out training. As a sword cultivator, I have no use for it. I'll give it to you."

Ice Doll, a fifth-grade spiritual item, was an essential material for refining Tranquil Heart Pills.

The Tranquil Heart Pills was a supplementary pill to resolve the Mental Demons. Dong Xi accepted it and remembered in her heart that in the future, when she refined medicinal pills, she must send some pills to her Senior Sister.

"Thank you, Senior Sister. I'll accept it," said Dong Xi.

Gu Yao's face was slightly red as she said indifferently, "Take it. I saw Junior Sister's swordsmanship in the Sword Sect and gained some enlightenment. I've always wanted to ask Junior Sister for advice. I wonder if Junior Sister could give me some advice?"

Dong Xi was a child who liked to help others, not to mention such a beautiful young lady. She was more than willing to help her Senior Sister.
