

Above All 276

Chapter 276 If He's So Great, Then He Would Not Speak for the Rest of His Life

Dong Xi's green dress was a gift from the Big Snake himself, and now he's saying he doesn't want to talk to people wearing it?

Oh, fine. Dong Xi would wear it every day in the future. If he's so great, he would not speak for the rest of his life.

Su Cheng really did not say anything, but his voice appeared in Dong Xi's consciousness. Su Cheng said, "There are a few little fellows who sneaked out of the Demonic Realm and disguised themselves as demonic beasts, hiding in the Beast Trainer Sect."

Dong Xi suddenly thought of a sentence and calmed herself down. She looked at Su Cheng and said, "I have a piece of advice for you. When you find a cockroach, there are already countless of them lurking in the dark."

!!

Dong Xi saw Su Cheng nod and thought he understood, but Su Cheng said, "What cockroach? What kind of species are cockroaches?"

Dong Xi was speechless.

Was this the legendary generation gap?

Forget it, Dong Xi did not want to argue with snakes that did not like green.

“They’re a type of insect,” said Dong Xi seriously.

“There’s a creature in this world that I’ve never seen before?” Su Cheng frowned.

“The world is so big, so is it surprising that there are things you’ve not seen before?” Dong Xi said.
“There are too many things you haven’t seen.”

Su Cheng was silent for a moment before he said, “Go back and tell your Master that one-third of Beast Trainer Sect’s disciples and demonic beasts have been contaminated with demonic Qi. The monks’ Sanskrit sounds can suppress it, but there’s no way to clear it. After years of experiments, only the Exorcism Pills can clear the demonic Qi.”

After Dong Xi heard this, he looked at Su Cheng curiously. Dong Xi said, “Why are you so interested in clearing the demonic Qi?”

Wasn’t Su Cheng a Demon Lord? Without demonic Qi, could he still be considered a Demon Lord?

Su Cheng looked at Dong Xi and said, "I want to be a good person. Is there a problem?"

Dong Xi already knew about this. Su Cheng's inner core was in Dong Xi's stomach. Although it was poisonous, it did not have any demonic Qi.

"Alright," said Dong Xi flatteringly. "You can be whatever kind of person you want to be, Old Man. You can also be a ghost cultivator."

Su Cheng's face suddenly became serious. He said, "I'm very young."

"How old are you?" Dong Xi asked with a smile. "I'm 12."

Su Cheng was speechless.

Su Cheng was silent. 12 years old? Even with a fraction of his age, he would be older than Dong Xi, so if Dong Xi said Su Cheng was old, Su Cheng could accept it.

Seeing Su Cheng admit it, Dong Xi said, "I'll send a message to Master immediately. I don't have many exorcism pills either. I've given you a lot of pills before, so I'm afraid I can't help Beast Trainer Sect now. I'll have to ask the Sect Master to come out."

According to Dong Xi's understanding of the Sect Master, he should be able to gain a lot of benefits by helping the Beast Trainer Sect this time.

Dong Xi took out the jade slip, and Su Cheng immediately came forward and asked curiously, "How are you going to contact your Master?"

"It's fine as long as there's spiritual breath," said Dong Xi immediately.

Su Cheng's face turned ugly. The little cat approached Su Cheng, trying to please him, but he threw it out.

The kitten meowed pitifully, but Su Cheng did not give in. He scolded, "Go back to your master."

Dong Xi raised her head and looked outside. The first thing he saw was the door that Su Cheng had destroyed.

"What about the door?" asked Dong Xi with a headache.

"Have you forgotten that you have wood spiritual energy?" Su Cheng coldly said.

"Even if I have wood spiritual energy, I can't make a door," said Dong Xi with a headache.

"You can think of a way," Su Cheng said disdainfully. "Your two Senior Brothers are here."

After saying that, Su Cheng changed back to the mark on Dong Xi's wrist.

Dong Xi looked at the broken door and the tree and fell into deep thought.

The Big Snake was angry again? With such an unstable emotion, it was impossible to guess if she offended the Big Snake just now.

Dong Xi sighed softly and plucked the spirit fruit. Then, she threw out a small fireball, burning the small tree to ashes. He looked at the broken door again.

Hmm... How was Dong Xi going to explain?

Dong Xi thought with a bitter face, unconsciously raising his hand to touch the back of her head.

She suddenly thought of something.

The hole in the door...

"Junior Sister, how are you?" asked Song Qingfeng. "Are you alright?"

Dong Xi immediately left the room and saw Second Senior Brother rushing over.

Song Qingfeng was stunned when he saw Dong Xi. He said, "Junior sister, why are you dressed like this?"

Even if Dong Xi did not look in the mirror, she knew that her current attire was somewhat out of place.

However, now was not the time to chat. Dong Xi immediately said, "Second Senior Brother, why are you so slow?"

Dong Xi's words reminded Song Qingfeng that what she was wearing was not important. He quickly used his divine sense to scan the room, but he found nothing.

"Junior Sister, where's the monster you were talking about?" Song Qingfeng asked.

"It already ran away," said Dong Xi with a frown.

Chapter 277 You Can Fight Monsters by Yourself?

Song Qingfeng widened his eyes and said in surprise, "The monster ran away? Junior Sister, you're amazing. You can fight monsters by yourself now?"

In this way, Song Qingfeng found Dong Xi's outfit a lot more pleasing to the eye.

So she wore such an outfit to fight the monster. It was not a bad thing.

Dong Xi, "?"

This was a beautiful misunderstanding. Second Senior Brother was really daring. Dong Xi was just a Qi Refinement stage trash. When facing a demonic beast, of course, she would protect her own life. She would not dare to show off.

"Second Senior Brother, you might not believe it, but the demonic beast ran away on its own," said Dong Xi.

Hearing this, Song Qingfeng felt strange, but he also believed Dong Xi.

As for why the demonic beast was looking for his Junior Sister, Song Qingfeng guessed that she must have some secret.

Song Qingfeng did not continue asking and looked at the hole in the door.

Feeling nervous, Song Qingfeng sized up Dong Xi again and said, "Is the door broken? Did the demonic beast hurt you?"

“No, Second Senior Brother,” Dong Xi said guiltily. “I was the one who broke the door.”

“What?” Song Qingfeng asked. “Did you run into the door? This door is made of steel and wood, so how could you have damaged it?”

“I’m just practicing the Iron Head Technique!” Dong Xi said unconfidently.

“You’re quite powerful!” Song Qingfeng said.

Dong Xi was afraid that Song Qingfeng would ask her to demonstrate it again, so she immediately said, “I see that the Thunder Sound Temple has activated their formation. Second Senior Brother, what is the situation now? Where are Eldest Senior Brother and the others?”

“Come with me,” Song Qingfeng said while waving his fan. “You’ll find out soon.”

In the beginning, Song Qingfeng thought that it would be fine for his Junior Sister to hide. However, it seemed that it was not safe to hide, so he decided to take her with him.

Dong Xi nodded obediently. Song Qingfeng said, “Junior Sister, are you really going to wear this out?”

Her colorful outfit was a little blinding to the eyes...

Dong Xi, "..."

Dong Xi's current outfit was the one that could give her the highest chance of survival. Currently, Thunder Sound Temple was in danger, and there were still six years before Dong Rourou's birth.

Looking at the circumstances, Dong Xi's future was very good, and she did not want to die young. Although this outfit was ugly, it could really save her life!

"Second Senior Brother, I don't want to be like this either, but this outfit's defensive power is very high," Dong Xi said.

The current Dong Xi had some understanding of spirit weapons, tools, and the like. Therefore, when the Big Snake had given her the clothes, Dong Xi thought that they were just a pile of ordinary clothes. She had not expected them to be treasured tools.

The one Dong Xi was wearing was a high-grade bejeweled tool. It could be said to be a must-have when going out.

This also made Dong Xi understand that the Big Snake was even more afraid that Dong Xi would be killed by someone accidentally.

"Your clothes aren't bad," Song Qingfeng said. "But isn't this green dress a terrible match with red boots?"

Song Qingfeng thought, 'When his aunt came, would it be possible for her to teach Dong Xi how to dress better?'

No matter what, he had to change this girl's taste in beauty.

"Second Senior Brother," Dong Xi said innocently, "this pair of boots was given by the Sect Master. It's very useful for escaping."

"Forget it," Song Qingfeng said with a sigh. "As long as you don't feel embarrassed."

Dong Xi smiled and jumped onto Song Qingfeng's fan. She said, "Second Senior Brother, don't worry. I'm very thick-skinned."

"I'm glad you think so," Song Qingfeng said with a meaningful tone.

When Song Qingfeng brought Dong Xi to the place, Dong Xi could no longer smile.

There were at least 800 people below.

By this time, the competition had already stopped, and all the disciples had gathered in groups from their respective sects.

This was only part of the crowd. Many more people were still meditating in their meditation rooms.

Song Qingfeng led Dong Xi to the group from the Ningtian Sect. Liang Yan was right in front of the group, checking all his Junior Brothers and Sisters to see if anyone had been infected by the demonic Qi.

Seeing Song Qingfeng come back with Dong Xi, Liang Yan immediately said, "Hurry up and help."

The disciples were all dressed in the same uniform, and only Dong Xi stood out in her brightly-colored clothes.

"Junior Sister," Song Qingfeng said with a smile, "are you going to be alright?"

"I'm fine," Dong Xi stiffly replied stiffly.

As she said that, he muttered in his heart, 'It doesn't matter, I don't care, so it's not embarrassing.'

Dong Xi calmed down and secretly controlled a wisp of spiritual energy. Dong Xi might not be good at fighting, but his perception of demonic Qi was still pretty good.

No, to be precise, the Big Snake's perception was not bad.

After the spiritual Qi circled around the group, Dong Xi secretly told Song Qingfeng what she found.

Although she tried to be discreet, Dong Xi's colorful clothes attracted a lot of attention. Fortunately, Song Qingfeng was isolated from the outside world.

Chapter 278 Did It Bite You?

"Are you sure?" Song Qingfeng asked.

"Of course," Dong Xi nodded. "If you don't believe me, you'll know when you check it yourself."

Song Qingfeng came to a disciple and checked his body with his spiritual energy. Finally, he looked at his bare feet.

"When did you get this injury?" Song Qingfeng asked seriously.

!!

The disciple was stunned as well. They had always been investigating the disciples who competed with Beast Trainer Sect, but this disciple had never competed with anyone from Beast Trainer Sect.

The disciple frowned and thought for a long time before looking at Song Qingfeng. He said with uncertainty, "The day we arrived, I saw someone from Beast Trainer Sect with a Divine Golden Leopard, so I took out a piece of meat to play with it."

"Did it bite you?" Song Qingfeng immediately asked.

The disciple revealed the injury on his bare foot, which was a light scratch. The disciple said, "It didn't bite me. I was just teasing it when it scratched me with its claws. So, I didn't take it seriously."

Song Qingfeng took out a pill and was about to feed it to his Junior Brother.

Dong Xi happened to see it and immediately said, "Second Senior Brother, wait!"

Song Qingfeng turned around and saw Dong Xi holding a pill. Dong Xi said, "Second Senior Brother, let him eat this one. You don't have to waste your pill."

This Senior Brother only had a little bit of demonic Qi, even less than Senior Sister Gu Yao. He did not need to consume such a good pill.

Eating it was like using a butcher's knife to kill a chicken. Furthermore, it was completely wrong.

Poison Subduing Pill, a fifth-grade pill! Its function was to fix the toxins in the body in one place, so that the toxins would not circulate through the meridians and blood. In that way, the toxin would not spread, and he could save his life.

Dong Xi estimated that Second Senior Brother would not have any medicinal pill to remove the demonic Qi, so he used this medicinal pill to control the demonic Qi.

However, the diligent and thrifty Dong Xi could not just sit by and do nothing. After all, it was such a precious medicinal pill.

Song Qingfeng looked at the pill in Dong Xi's hand and took it.

He sniffed it. He had never smelled it before, nor had he come into contact with such a pill.

"What kind of pill is this?" asked Song Qingfeng.

"Second Senior Brother, this is an Exorcism Pill," Dong Xi said with a smile. "It can clear the demonic Qi in the body."

"What?" Song Qingfeng asked in shock, "How did you get this pill?"

After all, no one could possibly prepare some pills that would never be used. Could it be... Did Junior Sister already know that this would happen?

Dong Xi had already thought of a reason. She said, "The demonic creature in the mine gave me a lingering fear, and that drove me to research and create the Exorcism Pill. In the end, I really found this pill recipe, so I made it and brought some with me."

"I see," Song Qingfeng said. "This Exorcism Pill is indeed better than my pill. How many more do you have?"

Dong Xi rummaged through her storage ring before finally taking out a porcelain bottle and obediently handing it to her Senior Brother. Dong Xi said, "Ten pills."

Ten pills per batch? Furthermore, it was perfectly refined? The first time she refined a new pill, and she was able to refine it perfectly? He was afraid that even his Master might not be able to do such a thing. As for those reasons, they were no longer important.

Song Qingfeng had always known that his Junior Sister had a secret.

Song Qingfeng took out a bottle of Poison Subduing Pills and gave it to Dong Xi. Song Qingfeng said, "I'll use this to exchange with you."

A third-grade item for a fifth-grade item. The Exorcism Pills could only remove demonic Qi, but the Poison Subduing Pills could deal with all kinds of poisons. Dong Xi profited greatly from this deal.

Dong Xi took the porcelain bottle and said with a smile, "Second Senior Brother, you're so generous!"

Song Qingfeng was also very happy to hear Dong Xi's praise. At this time, an electric current suddenly ran through Dong Xi's arm, and it went numb.

Dong Xi's smile froze. Su Cheng's voice appeared in Dong Xi's sea of consciousness. He said, "So you've hidden a lot of pills!"

Dong Xi was speechless.

This was the bad thing about having a bodyguard with her at all times. She could not have any secrets.

"When we get back, I'll refine a few batches of pills for you, alright?" Dong Xi replied in her sea of consciousness.

"20 cauldrons," Su Cheng said.

"Woah, you can't exploit me like this," said Dong Xi with dissatisfaction.

Su Cheng could hear Dong Xi's dissatisfaction, and he casually said, "I'll guarantee your safety before you return to the sect."

Dong Xi's eyes suddenly lit up and she immediately said, "Deal!"

Wouldn't it have been better if the Big Snake had said so earlier? To ensure the safety of this period of time, not to mention 20 batches, even 40 batches would be fine!

This thought appeared in Dong Xi's mind. Su Cheng's voice appeared in her mind again. Su Cheng said, "Don't you know I'm aware of all your thoughts?"

Chapter 279 Not a Gentleman

Dong Xi was speechless. She said, "Prying into other people's thoughts is not what a gentleman would do."

"I'm not a gentleman," Su Cheng said.

After saying that, Su Cheng left Dong Xi's sea of consciousness.

Su Cheng really did not know what Dong Xi was thinking now.

!!

When Dong Xi was arguing with the snake in her sea of consciousness, Song Qingfeng had already made him eat the Exorcism Pill.

After a short while, he sensed again and found that the original bit of demonic Qi had disappeared.

Song Qingfeng realized the value of the pill. Perhaps it was more valuable than the Beauty Pill.

Song Qingfeng coughed a few times and was about to send a voice message to Dong Xi, but he suddenly remembered that this silly Junior Sister rarely sent voice messages. After thinking for a moment, he took out a message jade slip and began to write.

Dong Xi felt the message jade slip and took it out to take a look. She did not expect it to be from Second Senior Brother.

The two of them were together, so why did they need to send each other a message?

Dong Xi opened it.

[Junior Sister, do you want to work together again?]

Dong Xi was indeed Song Qingfeng's Junior Sister. He did not need to say anything and immediately understood what he was trying to say.

Dong Xi laughed. No wonder Second Senior Brother's family was so rich. He was such an enterprising person.

Dong Xi immediately replied.

[Deal!]

Song Qingfeng did not expect Dong Xi to reply so quickly, but he was stunned when he saw the one word.

Junior Sister... Why did not you ask what the cooperation is about?

This silly Junior Sister... He was afraid that she would be scammed in the future.

Song Qingfeng could not help but say a few words, but he heard Dong Xi say with a smile, "If it was someone else, they would definitely be on guard, but aren't you my Senior Brother? Even if the sky falls, Senior Brother will bear it for me. Naturally, you won't cheat me."

Dong Xi's words made Song Qingfeng very happy. His smile was like a spring breeze, attracting the attention of many goddesses around him.

Although he was very good-looking, his words were ruthless. Song Qingfeng said, "You're really thinking too much. I won't help you. If the sky falls, you'll have to bear it yourself."

Dong Xi and Song Qingfeng had been together for two years, so how could she not know that Song Qingfeng had a sharp mouth but a soft heart? He was so cute.

"Alright, don't worry, Senior Brother," Dong Xi said with a smile. "One day, when I'm accomplished in my studies, I will be able to take care of myself, and I'll help you too."

"Okay," Song Qingfeng said with a smile. "Senior Brother didn't dote on you for nothing."

As the two of them chatted and laughed, Liang Yan quietly went behind them and said, "What are you talking about? Why are you all laughing like this?"

Just as Dong Xi was about to say something, Song Qingfeng immediately gave her a look.

Song Qingfeng did not say anything, but Dong Xi understood.

Dong Xi was silent, and Song Qingfeng said mysteriously, "Senior Brother, I have another money-making task. Are you in?"

Dong Xi looked at her two Senior Brothers. This scene seemed familiar.

The Eldest Senior Brother was just as tempted as before. Liang Yan said, "What is it? Or are you lacking people to refine pills?"

Dong Xi and Song Qingfeng looked at each other and laughed at the same time.

"That's right," Song Qingfeng said.

Liang Yan did not reject him directly this time. He said, "What kind of pill is it this time?"

Dong Xi saw that Song Qingfeng only moved his lips but did not make a sound, so he must have sent a message to his Eldest Senior Brother.

Liang Yan's face was filled with shock. He looked at Dong Xi and then at Song Qingfeng. Liang Yan nodded and said, "If there's such a good thing in the future, you must call me."

"Of course," Song Qingfeng said with a smile. "With our relationship, how can I ever forget you?"

Liang Yan was now a sixth-grade alchemist, and it was very expensive to get someone with such skill to refine pills for them. Only Eldest Senior Brother would work so hard without any complaints, not for the sake of money.

The three of them came to a consensus. Meanwhile, Yi Kun also returned.

The entire Beast Trainer Sect was now locked up in isolation. At first, the leader of the Beast Trainer Sect, Master Wu Wang, did not agree, but faced with the collective opposition of the other seven major sects, he could only endure it.

Master Wu Wang did not know when the demonic race had invaded his sect. After a quick investigation, he found that one-third of the people and demonic beasts he had brought with him this time had been contaminated with demonic Qi.

He did not know what the rest of the disciples in the sect were like now...

Wu Wang immediately sent a message to the Sect Master, but there was no response.

After that, he sent a message to another Elder whom he had a better relationship with, but there was still no response.

Master Wu Wang was instantly anxious. He recalled that before he left the sect, the Sect Master had given him a jade slip and told him to crush it if he encountered any trouble.

At first, Master Wu Wang did not take it to heart, believing that there would not be any trouble. Although there was a gap in strength between the eight great sects, they still would not attack them in broad daylight.

However, he did not expect that he would encounter such a huge problem.

Chapter 280 Something Happened to Beast Trainer Sect

Master Wu Wang hastily took out the jade slip and immediately crushed it.

A wisp of the Sect Master's soul came out. Without waiting for Master Wu Wang to say anything, the Sect Master's soul said, "Wu Wang, something has happened to Beast Trainer Sect."

Daoist Master Wu Wang stared blankly, then immediately said, "Sect Master, you know about it? One-third of our disciples and demonic beasts have been contaminated with demonic Qi. How is the sect now? Did you receive my message?"

The Sect Master of Beast Trainer Sect sighed and said, "The sect is in a worse state than yours. I've activated the sect's protective formation, so none of my disciples can leave. I know that you haven't removed the demonic Qi, so I'm asking you to lead a team. Quickly ask for help from the other sects. We need to rely on them so that our Beast Trainer Sect disciples can be safe and sound!"

!!

Master Wu Wang frowned and said, "But... are they willing to help?"

The eight great sects were in a competitive relationship. Perhaps these people would be willing to see the Beast Trainer Sect fall?

However, the Sect Master of Beast Trainer Sect said firmly, "They all call themselves Righteous sects. If you ask them in private, you will definitely be rejected. But if you ask them in front of everyone, these people will definitely agree. If they don't... they'll be shunned."

"I understand," said Wu Wang with a nod.

...

Master Wu Wang immediately went to see the other seven Elders. Although he could not let the sect disciples leave this place, he was free to come and go.

Wu Wang found the seven people and told them the Sect Master's words and his request for help. Master Wu Wang said, "Currently, our sect has activated the sect's protective array. The disciples in the sect can not leave. The Sect Master has tried his best to control the demonic Qi in the sect. I hope that Fellow Daoists can help us."

The Thunder Sound Temple's Abbot, Xuan Chen, said, "Since Sect Master Wu Ren is so righteous, the Thunder Sound Temple is willing to help. Our Diamond Sutra has a suppressing effect on demonic Qi, so we will send 108 Buddhist cultivators to help."

Master Wu Wang immediately stood up and expressed his thanks. The other sects also expressed their willingness to help, but if they wanted to help, they would have to discuss it with their respective Sect Masters.

If they did not do anything and angered the Beast Trainer Sect, it may result in the Beast Trainer Sect releasing their disciples and demonic beasts contaminated with demonic Qi. That would have a great impact on the East Continent.

When a person was infected with demonic Qi, his mind and temperament would become more violent over time.

Cultivation would also require more demonic Qi, which would then completely corrode one's mind.

In the past, the Immortal cultivation world had rejected the demon race because the demon race liked to fight and kill.

The seven sects discussed for a night, and in the end, all the sects sent people to support.

Some sects pulled out records of fighting against the demon race from the ancient books in their own library halls. They sorted out their meridians, resisted the demonic Qi, and suppressed the demonic Qi with medicinal pills... They also took them out for experiments.

"It would be great if we had the recipe for the Exorcism Pill. It's the best way to remove the demonic Qi," said Master Lingxu.

Sect Master Wei Nan, who was standing beside Lingxu, sighed. Wei Nan said, "That's true, but it's rumored that the Exorcism Pill's recipe was destroyed by the demon race back then. I wonder if anyone has managed to re-develop the Exorcism Pill?"

"It's very difficult," Master Lingxu said. "What kind of genius can do it..."

After so many years of being on the path of pill refinement, Master Lingxu was more and more aware of the difficulty of pill refinement.

Everything that was left behind by the ancestors that had something to do with the demon race and demonic Qi was all destroyed, so how could they possibly refine Exorcism Pills?

"It's okay," said Wei Nan. "Sect Master Wu Ren is a righteous man. What he's doing now has effectively contained the demonic Qi and stopped it from spreading. The Alchemy Sect will send some disciples to help my eldest disciple investigate the truth of the demonic Qi incident in the Beast Trainer Sect."

...

The people of the eight sects were all rushing to Beast Trainer Sect. Sect Master Wu Ren was loyal and guarded the formation personally. He released ten people at a time. When the demonic Qi in the ten people's bodies was controlled, Wu Ren would release another ten.

Dong Xi needed the earth fire in the alchemy room to make a third-grade Exorcism Pill, so she could not help much at the moment. However, this third-grade pill was a piece of cake for Liang Yan and Song Qingfeng.

The two of them could even refine four cauldrons at the same time. Even Second Senior Brother, who had always regarded money as dirt, was now refining pills day and night.

In just one night, the two of them had refined more than 400 Exorcism Pills!

Song Qingfeng immediately sent a message to someone to take the pill and put it in the store. He also started to promote it on the square where the message jade slip was.

Dong Xi originally wanted to teach Second Senior Brother some marketing techniques from her previous life, but when she opened the communication jade slip, it was full of information about the Exorcism Pill. Dong Xi knew that it was completely unnecessary.
