Chapter 281 Business Talent

Dong Xi knew that Second Senior Brother's talent in business was as amazing as his talent in cultivation.

On the communication jade slip square, the crowd also started to discuss.

[Have you guys heard? The Exorcism Pill can clear the demonic Qi.]

[Really? Doesn't that mean that Beast Trainer Sect can be saved?]

!!

[Beast Trainer Sect is really interesting. I heard that the Rainbow Store said that Beast Trainer Sect will get a 50 percent discount if they buy it!]

...

Dong Xi looked around casually. She did not that Second Senior Brother would give people a 50 percent discount.

This way, not only would he be able to help Beast Trainer Sect, but he would also gain a good reputation and earn spiritual stones. He might not have such a large order in the future.

When Beast Trainer Sect heard the news, they immediately sent people to buy the Exorcism Pills. The first person to test the pill was Sect Master Wu Ren.

As the Sect Master of the Beast Trainer Sect, he was also contaminated with demonic Qi. Even Wu Ren's cultivation was quietly eroded by the demonic Qi, not to mention the disciples. Demonic Qi was really evil.

Wu Ren took the Exorcism Pill and immediately consumed it. As soon as he sat down, he began to feel the changes in his body. He found that the demonic Qi in his body seemed to have been scattered in an instant. The demonic Qi that had already condensed in his dantian began to dissipate.

Wu Ren was very happy. He ate two more pills and found that the effect was better. He immediately asked people to distribute the remaining pills to the disciples.

The Ningtian Sect was very surprised when they found out that the Rainbow Store was selling Exorcism Pills.

He did not know if this pill just happened to have the same name, or if it really could eliminate demonic Qi.

The Rainbow Store was very powerful. They had brought out the legendary Youth Pill before, and now they had the Exorcism Pill. It seemed that there was a high chance that the Exorcism Pill would even start to sell outside of the Eastern Continent in the future.

After a day, the Ningtian Sect learned that the Exorcism Pill in the store was genuine!

“Get someone to buy some immediately,” said Wei Nan immediately.

The crisis that Beast Trainer Sect was facing this time made Wei Nan understand that he had to be on his guard. Until now, Beast Trainer Sect had not found out how they had been contaminated by demonic Qi. Those demons were better at hiding than people had imagined. If such a thing happened to Ningtian Sect in the future, what would they do?

When they bought the Exorcism Pill, Wei Nan found out that only the Beast Trainer Sect bought it at half price. The others had to buy it at the original price. Wasn’t this clearly a big seed of resentment?

The Elder of the Ningtian Sect haggled with the manager of the Rainbow Store for a long time. In the end, it was a 30 percent discount. The manager of the Rainbow Store even requested that the Ningtian Sect not tell anyone.

The Elder of the Ningtian Sect was very satisfied when he found out that other than the Ningtian Sect, the other sects only had a 10 percent discount.

The Rainbow Store did not expect that Love Smoke Tower would also send people to purchase the pills.

The person who came was Lady Rong. Lady Rong said, "I want all the Exorcism Pills in the store!"

The Demon Lord had sent a message to tell Lady Rong to purchase the Exorcism Pill.

Although it was a little expensive, it was better than relying on Dong Xi, that half-baked little girl.

The Love Smoke Tower was a special place in the Immortal cultivation world. Many people knew about this place, but no one could say where it was.

The manager took a sip of water and prepared to haggle again. He did not expect that Lady Rong would buy it at the original price without haggling at all.

As a businessman, he naturally liked to get customers in such a forthright way. This was definitely the best business he had done in the past few days.

The manager of the shop was very happy and gave her five Exorcism Pills as a gift.

Lady Rong was very touched. This human was not bad. He even gave her a gift?

And it was not just one pill, but five pills, which could really be of great use.

The demonic Qi on Niu Shan's body was increasing. The Demon Lord's Token could temporarily suppress the demonic Qi in Niu Shan, but it would go out of control one day.

When Niu Shan's demonic Qi invaded his eyes, he would become a half-awake state. Without his consciousness, Niu Shan would be extremely terrifying.

Now, the five free Exorcism Pills were just enough for Niu Shan to consume. They would at least be able to suppress Niu Shan for a few years.

The transaction was completed very quickly. As Lady Rong walked out, she sent a message to Su Cheng, telling him everything that happened.

She also said that the manager of the shop was a good person. Su Cheng had been by Dong Xi's side for so long that he was no longer the resentful seed he was before. Looking at the news of Lady Rong, Su Cheng was silent.

Su Cheng could not help but wonder if he had made the wrong choice. Could he really be at ease if he allowed Lady Rong to manage the Love Smoke Tower?

She even paid full price for Dong Xi's pills.

Su Cheng tactfully replied to Lady Rong's message, asking her to bring someone who could bargain to go with her next time.

Lady Rong only saw the Demon Lord's reply after she got out of the teleportation formation.

Lady Rong muttered to herself. "Bargain? What's that?"

Rong Niang returned to Love Smoke Tower in confusion. She passed through the thin spatial barrier and returned to Tengshe Street.

Chapter 282 Haggling

There were demons and humans on the streets. Most of them had a little demonic Qi on them.

Qianqian saw Lady Rong and shouted, "Lady Rong."

Lady Rong turned around and saw a cute little girl not far away. She waved her hand happily.

Lady Rong laughed. She had picked up this little girl the last time she went out.

Qianqian quickly ran to Mother Rong's side and said, "Sister Rong, did you go out just now? Did something interesting happen outside? Is there any news of Little Xi?"

"It's nothing." Lady Rong shook her head and said, "Dong Xi should be at Thunder Sound Temple now, participating in the sect competition."

Just as Qianqian was about to say something, Lady Rong continued, "Qianqian, you've just come from outside. Do you know what haggling is?"

"Haggling?" Qianqian laughed and said, "A cousin from my tribe is very good at it!"

Mother Rong looked around but did not see Qianqian's cousin. She said, "Where is your cousin?"

Qianqian looked around and did not see her cousin. She said unhappily, "She probably went to speak with some demon beasts."

Most of the people here were demon beasts. Although there were humans, there were very few of them. Therefore, the people here were rough and tough, and they were not as smart as the people in Fotai City. That 'cousin' from the Yuqian Tribe had been here for a few days, and she was like a fish in water.

As expected, not long after, a group of demon beasts chased after the Qianqian's cousin. These demon beasts looked really angry.

Yi Li hid beside Qianqian, and the demon beasts chasing after her stopped immediately when they saw Lady Rong. They called out respectfully, "Lady Rong."

"Why are you guys chasing him?" asked Lady Rong, nodding.

Hearing Lady Rong's question, everyone started talking.

"This b*stard, he said I'm destined to have no children."

"They said that I was cuckolded and that my wife had committed adultery long ago."

"I said that doing business is bound to be a loss."

...

Lady Rong also understood why they were angry. She waved her hand to silence the crowd. Then, she looked at Yi Li, who was hiding beside Qianqian.

Yi Li was a newly transformed little demon beast. She was very scared when surrounded by these demon beasts.

Qianqian reached out and pinched Yi Li's arm. She gritted her teeth and said, "Lady Rong is looking at you..."

Yi Li knew that she could not avoid this, so she smiled and said, "They asked me to tell their fortunes, so I'll tell them whatever I tell them. I can say that I'm wrong, but I can't say that I'm lying to them, right?"

Lady Rong looked at the group of demon beasts who were waiting for the case to be solved. She did not know what to say.

She could only wave her hand and ask them to leave. "From today onwards, no matter if it's a human or a demon beast, no one in my Love Smoke Tower can tell fortunes! If you disobey, you will be immediately expelled from the Love Smoke Tower."

After saying that, Lady Rong turned around and walked into Love Smoke Tower. She said in a low voice, "Qianqian, take your cousin and come with me."

Only then did Qianqian immediately pull Yi Li and follow behind Lady Rong. The two of them had just entered the house when the door was immediately closed.

"We shouldn't have come here," Yi Li said fearfully, "Why did you bring me in? Let's hurry up and leave, or else lady Lady Rong will be angry."

After all, Lady Rong had chased away all the demons with a wave of her hand, not to mention weaklings like Yi Li and Qianqian.

Seeing that Yi Li was about to run away, Qianqian immediately pulled her back and said, "Uncle, it was Lady Rong who asked us to follow her."

“What?” Lin Li was confused. “Lady Rong asked us to follow? Why?”

Lin Li was very curious. Mother Rong also turned around and looked at the two of them. Mother Rong said, “Yi Li, do you know how to haggle?”

When Yi Li heard this, she immediately nodded and said, “Of course. Back then, when I was in human form, I was very poor and had to be thrifty with spirit stones...”

At the mention of the past, Tu Li looked like she wanted to cry. She could not bear to recall the past.

However, Lady Rong did not know about this. She was only concerned if Yi Li knew how to haggle or not.

From the looks of it, this fox was still somewhat useful.

“Alright,” said Lady Rong. “You can haggle for me in the future. I’ll give you 30 percent of the spirit stones we save.”

Yi Li’s eyes widened in excitement. She was so excited that she could not even maintain her illusion, and she transformed from an old man into a handsome young man.

Seeing Yi Li's appearance, Lady Rong took a long time to come back to her senses. She said, "Give me your spiritual breath. I'll bring you along the next time I go shopping."

Yi Li was very excited. She could finally go out. Tengshe Street was very good, but after a long time, it had become very boring.

Lady Rong did not make Yi Li wait for long. Three days later, the store delivered another batch of Exorcism Pills. Lady Rong immediately called Yi Li and the two of them went to the store together.

The two receptionists were still the same as before. When they saw Lady Rong come again, they were instantly happy!

Chapter 283 The Seed of Resentment Is Here

When the manager saw that it was Lady Rong, his lips curved up. This seed of resentment was here again. It was still great to work with such a person. A buyer who did not bargain was a good buyer.

However, the manager did not expect that this time, Rong Niang was well prepared.

The entire time, Lady Niang did not say a word. She was only there to provide money.

With Lady Rong as her backing, Yi Li was even more aggressive in bargaining. She talked about the righteousness of the human race, about the unity of the human race, and then said that the Exorcism Pill was a third-grade pill that could be mass-produced. She also said that Love Smoke Tower would purchase it often in the future...

In the end, the manager admitted defeat and chose to compromise.

The manager said, “10 percent off, only 10 percent off. All the sects have this price. If it’s any less, I won’t be able to explain it to the others. We’ll also be making a loss!”

Yi Li did not believe him at all. She said, “Manager, isn’t this a bit wrong? We’ve been in the cultivation world for many years, and everyone knows how profitable medicinal pills are. How can there only be a 10 percent profit? Our Love Smoke Tower is different from those sects. Those sects can’t buy as many as we do. In the future, no matter how many Exorcism Pills you have here, our Love Smoke Tower will take them all. Our Great Lord doesn’t lack money!”

Yi Li pestered him for a long time, and the manager could only say that 10 percent was the limit. If he wanted to continue, he had to ask the owner first.

Yi Li was not in a hurry. She picked up the teacup and took a sip. When the manager came back, he told him that the most he could offer was a 20 percent discount.

A 20 percent discount did not sound like much, but since the Love Smoke Tower bought a lot of pills, it was quite a hefty sum in the end.

Yi Li turned to look at Lady Niang, who was very happy but still looked calm. Lady Niang nodded and said, “Alright.”

However, she appeared really anxious when she paid the spirit stones, as if she was afraid that the shop would go back on their word.

After sending off the people from Love Smoke Tower, the manager of the Rainbow Store fell into deep thought.

Wasn't the master of the Love Smoke Tower Su Cheng, the Demon Lord?

Why would a Demon Lord buy so many Exorcism Pills? It can't be that he's preventing everyone from clearing the demonic Qi in their bodies, right?

But that did not make sense. If that was the case, how could the Boss not know? How could he sell it at a 20 percent discount to the people from Love Smoke Tower?

The manager couldn't understand. Perhaps Boss had forgotten? The manager sent a message to his Boss.

The Boss did not explain anything and only asked the manager to do what he had to do.

Song Qingfeng was also very confused as to why his Junior Sister would ask him to sell it to Love Smoke Tower at a 20 percent discount.

Song Qingfeng looked at Dong Xi with a faint smile and said, "Little Xi, you have to give us a reason for this."

Dong Xi was only doing this for her own benefit. As long as the Big Snake could buy Exorcism Pills, he would not keep posting her to refine pills all day. Although Second Senior Brother would ask, Dong Xi would not tell him the truth.

Dong Xi smiled like a cunning Fox. She said, "Second Senior Brother, if the Love Smoke Tower keeps buying third-grade pills, they'll be a big customer that gives you a stable income, right? "

Song Qingfeng furrowed his brows and made a judgment in his heart. The Exorcism Pill was a rare pill, so even if little Junior Sister came to negotiate, Song Qingfeng would not agree to sell it to the Love Smoke Tower.

Song Qingfeng also did not understand why Love Smoke Tower wanted to buy the Exorcism Pill. He said, "Little Junior Sister, why did Love Smoke Tower buy so many Exorcism Pills? A few hundred years ago, Love Smoke Tower came to the cultivation world, but then they disappeared. The latest news I heard about them is that their master, the Demon Lord Su Cheng, failed his Tribulation."

Dong Xi's arms felt much heavier after hearing Song Qingfeng's words.

Just as Second Senior Brother mentioned it, Dong Xi said, "Second Senior Brother, what did Love Smoke Tower do? Why do the eight great sects want to deal with Love Smoke Tower?"

Song Qingfeng waved the fan in his hand as if he was reminiscing. He said, "When I was young, I heard from my Elders that in the northernmost area, there is a small place called Qinan City. It was invaded by

the demonic race, and 80 percent of the cultivators in the city died, turning it into an empty city. Even those who survived were unable to resist the demonic Qi, and in the end, they were tortured to death by the Mental Demons.

Speaking of this, Song Qingfeng sighed. He continued, "At that time, the people from the Disha Sect who were the closest went to investigate. All they saw was the Demon Lord Su Cheng leaving that place."

Dong Xi was speechless.

Could it be that Dong Xi had judged the Big Snake wrongly? The Big Snake was evil to begin with?

Dong Xi instantly thought of the tale of 'The Farmer and the Viper' that she had learned in her previous life.

Just as she had this thought, a weak power of lightning spread from her arm.

Dong Xi came back to her senses and looked at Song Qingfeng. "Second Senior Brother, in the future, we... should we less medicinal pills to Love Smoke Tower?"

Just as he finished speaking, another wave of lightning power spread out.

Chapter 284 Protest

Dong Xi immediately felt a little numb, but she endured it. She knew that the Big Snake was protesting. When they returned, Dong Xi had to ask what had happened back then. Dong Xi stood up and said, "Second Senior Brother, I'll be going back first. See you tomorrow."

Unexpectedly, Song Qingfeng did not let Dong Xi go at all. Song Qingfeng said, "Don't give me that. Go back and start your closed-door cultivation. It hasn't been peaceful these few days. You can cultivate here. I don't have to be distracted to take care of you."

Dong Xi was speechless.

No matter what she said, it was useless. In the end, Dong Xi could only agree. However, she brought her two Senior Brothers to cultivate in the courtyard for a night.

!!

She even took advantage of the time when the two of them cultivated you to use fire spiritual essence to wake up the Big Snake.

"You're playing dead now?" Dong Xi asked in his spiritual sea. "You weren't so tired when you used lightning to shock me earlier."

Su Cheng's cold voice also sounded in her mind. He said, "I need Exorcism Pills, and you're not selling them all to me? Are you going to refine more for me?"

Dong Xi coldly snorted and said, "I didn't even ask you. What's your relationship with Love Smoke Tower? They are known as evil, and they are treating you like their master."

Su Cheng was silent for a long time. Dong Xi thought that Su Cheng had admitted it. Su Cheng said, "If I am really that bloodthirsty, how do you think the cultivator who saw me survived?"

Dong Xi was stunned for a moment, then said, "Could it be that the cultivator lied?"

"No," Su Cheng said.

Dong Xi was even more confused. Dong Xi said, "What's going on then?"

"It's said that Su Cheng also felt the demonic Qi in Qinan City, so he took action to help the city. It's just that he's a step too late," Su Cheng said.

Su Cheng said it as if it was a pity, but his tone did not indicate it.

An idea flashed through Dong Xi's mind. She said, "Too late? Then, the people from the Disha Sect saw it, so they mistakenly thought that Su Cheng killed everyone?"

Su Cheng made a sound of agreement. Things were just so coincidental. Because Su Cheng had been in Love Smoke Tower all year round, his body was more or less contaminated with demonic Qi, so it made people misunderstand.

When he came to the world of cultivators, he used spiritual energy to cultivate, but he soon found out that the demonic energy in his body that he was so proud of had become a burden. After thinking for a long time, Su Cheng decided to disperse his cultivation and re-cultivate.

Su Cheng had to start from the Qi Refinement stage again. Although the difference in strength was huge, Su Cheng was determined, and his state of mind was excellent. It was like a well-dug pond that just needed to be filled with water. Therefore, Su Cheng's cultivation speed was not slow.

Dong Xi did not even ask for confirmation and believed it. Dong Xi did not know that this was because the two of them had already signed the Contract of Equals.

Two of their souls were bound by the Contract of Equals. If they lied, the other party would quickly find out.

"If that's the case," Dong Xi sighed, "this demon is really unlucky. He's been a scapegoat for hundreds of years."

Su Cheng did not care about this at all. If he did, he would have been dragged down by this reputation.

"From now on, you have to supply me with 20 batches of Exorcism Pills every month. Otherwise, don't call me if you have any trouble next time," Su Cheng said.

Dong Xi knew that she was in the wrong, so she did not haggle and immediately agreed.

It was only 20 cauldrons. Even if Dong Xi did not have the time to refine them, she could still afford to buy them.

After Su Cheng fell into a deep sleep, Dong Xi also cultivated quietly.

At that moment, the eight great sects called for an emergency meeting at the Beast Trainer Sect. All the Sect Masters went.

The people who came here to provide reinforcements only found out that the demonic beasts were the first to be infected by the demonic Qi.

However, where did this demonic Qi come from?

Everyone immediately thought of Su Cheng. Two years ago, he failed to pass the Tribulation and no one knew where he was hiding. Could everything that happened today be Su Cheng's doing?

The eight great Sect Masters spoke one after another.

"Destiny Valley, did you guys figure out where that guy is?"

“Didn’t I say that he’s at the Ningtian Sect?”

“Nonsense... You came to investigate yourself, and did you find any trace of the Demon Lord at our Ningtian Sect?”

“Mo Han’s calculations can’t be wrong.”

Wei Nan also knew how powerful Mo Han was. He frowned and said, “I’m not suspecting Daoist Master Mo Han, but you’ve also come to investigate, and there’s no trace of him at all. How can our Ningtian Sect be protecting the Demon Lord?”

The Sect Master of the Flower Valley said, “Could it be that Su Cheng ran away when Destiny Valley went to investigate? That giant snake was able to escape from the joint forces of our eight big sects, so it must have some ability. Moreover, Daoist Master Mo Han can only use one hexagram for divination every month, right?”

When the others heard this, they thought for a moment and nodded.

“If that’s the case, it’s not impossible for Su Cheng to run to the Beast Trainer Sect!” someone said.

Chapter 285 Can You Activate the Hexagram

Wei Nan insisted on thinking independently, not letting this group of people lead him astray. He looked at Master Tian Chen of Destiny Valley and said, “Master Tian Chen, can Master Mo Han perform a divination this month?”

Master Tian Chen took out his communication jade slip and started to talk to Mo Han in front of everyone.

After a short while, he sent a voice message and said, "Uncle-Master, I've already performed divination once this month."

The crowd was instantly a little disappointed, and even Master Tian Chen frowned. Soon after, he took out his astrolabe and began calculating.

!!

Everyone looked at the astrolabe, and as it flickered with light, everyone became nervous.

But then, the light on the astrolabe dimmed bit by bit, and everyone was very disappointed.

"Still nothing," Tian Chen sighed.

"Tian Chen," the Masked Moon Sect's Sect Master said from the side. "Your ability to use the hexagram is not as good as your Martial Nephew's? "

Tian Chen said indifferently, "Su Cheng was seriously injured before, but he still survived the Tribulation. Now, he has recovered for two years. There's a gap between our cultivation realms, so it's normal that I can't calculate and detect him. Mo Han can calculate it because of his talent, but he also overuses his body every time he starts a divination. Well, you can try it yourself."

Although the Sect Master of the Masked Moon Sect was a little disdainful, he could not afford to offend the diviners of the Destiny Valley, so he could only keep his mouth shut.

After a discussion, they decided to temporarily seal off Beast Trainer Sect and wait until at least next month for Daoist master Mo Han to perform a divination and calculate the position of the Demon Lord.

"Tian Chen," the Sect Master of the Masked Moon Sect said again. "You'd better tell Mo Han quickly. Don't let us waste a month's time in vain."

After receiving Mo Han's reply, everyone breathed a sigh of relief.

Mo Han's monthly divinations were basically used on Dong Xi. It was easy for divination to go astray, and for them to reach a dead end. The more Dong Xi's fate was obscured, the more Mo Han wanted to see it. Even if he suffered a backlash every time, Mo Han still continued to court death.

It was only a month. It might be a long time for mortals, but a month was nothing for cultivators.

He could use this time to clear all the demonic Qi of the sect disciples.

Master Wu Wang of the Thunder Sound Temple also received Exorcism Pills from his sect and immediately gave them to his disciples.

In the past five days, it was confirmed that all the participating disciples and demonic beasts had no more demonic Qi.

Thunder Sound Temple announced that the competition would continue. The information was still announced on the screen for everyone to check.

After being locked up for more than half a month, everyone could finally come out for some fresh air.

Dong Xi had been locked in her room by Second Senior Brother for half a month. After hearing the announcement, there was a knock on the door.

Dong Xi opened the door and found Eldest Senior Brother at the door.

Dong Xi looked curiously at Liang Yan, whose eyes were red, and said, "Senior Brother, what's wrong? Why do you look so haggard?"

Liang Yan did not say anything, using his actions to answer Dong Xi's questions.

Liang Yan began to take out porcelain bottles from his storage ring. Not only was Dong Xi surprised, Song Qingfeng was also very surprised.

Song Qingfeng and Liang Yan had known each other for 200 years, but this was the first time he saw Liang Yan so diligent.

According to Eldest Senior Brother's current cultivation, even if he refined pills without rest, he would not be this tired.

However, considering Liang Yan's current condition and the amount of pills he had, there was only one possibility.

Eldest Senior Brother must have refined six furnaces of medicinal pills at the same time and used his divine sense to the limit.

Liang Yan placed the pills on the table, filling it up.

This light cough seemed somewhat familiar. At that time, Dong Xi seemed to have experienced the same thing.

It had to be said that the Eldest Senior Brother and Little Junior Sister were becoming more and more similar. In the past, whether it was alchemy or sword practice, the Eldest Senior Brother had never been so diligent.

"Everything's here, so pay up," Liang Yan said.

Although the Eldest Senior Brother's eyes were red, there was still excitement in his eyes. Song Qingfeng sighed when he saw this.

This eldest Senior Brother who was above the common populace had finally lowered his head for the sake of money.

If Liang Yan knew what Song Qingfeng was thinking, he would naturally refute him.

What did he mean by lowering his head for money? Those were all spiritual stones, more than a thousand high-grade spiritual stones!

If he could make some more, he would be able to pay off his debts. Thinking of this, Liang Yan decided that he could wait for a while to finish his swordsmanship. He would take advantage of the demonic Qi to settle all his debts.

In another half a year, the debt collector would come.

Song Qingfeng gave the agreed reward to Liang Yan and even kindly gave the Eldest Senior Brother a Spirit-Nourishing Pill to replenish his spirit energy.

Liang Yan did not accept it, but Song Qingfeng gave it to him anyway. Song Qingfeng said, "The Thunder Sound Temple's Abbot said that the competition will continue. Who knows when you'll go up to the

ring? You should adjust your condition quickly, or you'll lose. How are you going to answer to the Sect Master and Master if you lose?"
