Chapter 306 I'm Looking at You in a New Light

The new disciples of the Ningtian Sect were indeed impressive, and some people even said that Dong Xi was the dark horse of this inter-sect tournament.

Whether she was a dark horse or not, Dong Xi did not know. She only knew that she had won twice and entered the top 200.

If Dong Xi won again, she would enter the top 100.

Dong Xi thought about Second Senior Brother's promise. If she could enter the top 100, he would be given a mount as a reward.

!!

Although Dong Xi had a flying magic tool, one required spirit stones while the other required spiritual Qi.

If she really had a mount, it would save her a lot of trouble when she went out to gain experience in the future.

Dong Xi was a little eager to try. Those who could enter the top 100 were almost all at the 11th or 12th level of the Qi Refinement stage. Some people were even at the great circle of perfection, just one step away from the Foundation Establishment.

In the past day, Dong Xi had competed again.

This time, his opponent was a Buddhist cultivator from Thunder Sound Temple, and he was at the 11th level of Qi Refinement.

Standing in the ring, the small monk saluted and said, "Amitabha, this Little Monk's name is Hui Zhi."

"Dong Xi," Dong Xi immediately saluted.

"Junior Sister Dong Xi, I've heard a lot about you," Hui Zhi said. "I heard that you have a high understanding of Buddhism. If you have time in the future, you can come to Thunder Sound Temple and discuss it with us."

Dong Xi, "?"

What did he mean by a high understanding of Buddhism? In both of Dong Xi's lives, she was only praying to the Buddha right now. She wanted to make a last-minute effort to pray, but she did not know if Buddha would see Dong Xi's sincerity and let her win again.

Although this was what Dong Xi was thinking, she could not say it out loud. She said respectfully, "Senior Brother, you're too kind. If I have time in the future, I'll definitely come here and learn from you."

The two of them greeted each other courteously and started to fight.

Hui Zhi had a metal spirit root. According to common sense, metal spirit roots were for output, but Hui Zhi was using it for defense.

Hui Zhi used the Golden Bell Shield to protect himself, which gave Dong Xi a headache.

Previously, she had encountered Senior Brother Tie Zhu, who was a body cultivator. Now, she had encountered Hui Zhi, who was mainly focused on defense. If Dong Xi could not break this Golden Bell Shield, there was no need to continue the competition.

Dong Xi took out her long sword and struck the Golden Bell Shield, but it did not break Hui Zhi's defense.

No one would have thought that Hui Zhi would use such a strong defensive move!

When Dong Xi heard the sound coming from the Golden Bell Shield, she suddenly felt a little emotional. How good would it be if she could use sound wave attacks now?

But even if she could not break the shield, she was not completely out of options.

Since her swordsmanship did not work, she would try her spells.

Hui Zhi was a metal-type, so she tried fire.

The temperature of Dong Xi's fire spiritual energy was different from that of ordinary people, and because of this, her alchemy furnace exploded several times. Not long after, Hui Zhi, who was in the Golden Bell Shield, could not bear it any longer.

Hui Zhi helplessly opened up a little bit of the Golden Bell Shield, wanting to get some air. However, the floor of the ring suddenly trembled.

A dirt-yellow palm suddenly appeared, and along the gap of the Golden Bell Shield, it directly lifted the entire Golden Bell Shield.

Hui Zhi knew that something was wrong. He immediately jumped up and dodged the terrifying punch.

Dong Xi's control of the Power of the Earth was becoming more and more smooth. This was not the only move she knew. Dong Xi did not want to end up with another draw, so she immediately used her strongest move. Victory or defeat would be decided in an instant.

Using the Power of the Earth to limit Hui Zhi's space of activity, Dong Xi's lips moved slightly, and she muttered an obscure Sanskrit phrase.

The people below the stage could not understand what Dong Xi was saying, but they saw a lifelike fire dragon appear behind her. The flames pieced together to form Fire Dragon scales. The dragon bared its fangs and brandished its claws as it floated in the air. No one dared to look directly at it.

Following Dong Xi's gaze, the fire dragon slowly opened its eyes and let out a silent roar. Then, it charged toward Hui Zhi with its body covered in flames.

The crowd was shocked by this scene. They had never seen this spell before.

Moreover, was such a powerful move really something that a 7th level Qi Refinement cultivator could use? Hui Zhi would have no choice but to jump down and admit defeat, right?

Just as everyone was feeling anxious for Hui Zhi, they saw a golden man walk out of the sea of fire. Unlike before, this man had a Kasaya on him.

When everyone saw this scene, they all became excited.

"Everyone, look, Hui Zhi is fine."

"Amazing! He could withstand the dragon?"

“As expected, the competition this time is much more powerful than the ones we’ve had in the past.”

“It’s probably because that Kasaya is powerful. so he is able to dodge it. I’m afraid Dong Xi is going to lose.”

...

The crowd below the stage was bustling, expressing that they did not think highly of Dong Xi.

After all, in everyone’s eyes, this was Dong Xi’s final trump card, and yet she could not hurt Hui Zhi.

In that case, wouldn’t the next move be Hui Zhi’s showtime?

Dong Xi was also surprised to see Hui Zhi come out of the fire.

“As the saying goes, ‘real gold fears no fire’,” Dong Xi muttered to herself in a low voice.

Chapter 307 Well-Deserved Reputation

As Hui Zhi came out of the fire, the fire dragon also disappeared.

Hui Zhi put his hands together and praised, "Everyone says that Junior Sister is the dark horse of this competition. Now that I've experienced it, you're indeed worthy of your reputation."

"Senior Brother is too kind, but didn't you dodge my attack?" Dong Xi said with a smile.

Hui Zhi touched the Kasaya on his body and said, "It's all thanks to this Kasaya."

Dong Xi bit her lip and did not say anything.

After all, equipment was also a part of one's strength, and the cultivation world acknowledged this rule.

When travelling, the more life-saving items one had, the higher the chance of survival. No one had ever put away their equipment before fighting.

If you can't win in equipment, then you're not as good as others.

"Junior Sister Dong Xi, it's Senior Brother's turn to attack now," Hui Zhi said.

After saying that, Hui Zhi began to make hand seals. Dong Xi immediately became serious. She would not give up until the end.

Everyone thought that Dong Xi would not be able to deal with it. Dong Xi knew that she still had a move she had not used yet, and it was time to try it out.

Dong Xi's hands quickly formed seals, and her movements gradually sped up. The crowd's eyes could not keep up with her speed.

"Dong Xi actually still has an ultimate move?"

"How terrifying. It's a good thing I didn't meet Dong Xi in my matches."

"Needless to say, the more complicated the hand seals are, the more powerful the moves will be."

...

At the same time as Hui Zhi made his move, Dong Xi also completed her hand seal. She raised her hand and pushed, and the square golden mark collided with Hui Zhi's spell technique.

With a loud bang, Dong Xi waved her hand, and a huge brown palm blocked in front of her. The aftermath of the explosion blew Dong Xi to the edge of the ring before she stopped.

For a moment, the surroundings were silent. Everyone stared at the arena, wanting to know who won.

When they saw the slender figure, everyone was shocked.

“What kind of spell is this? Who has seen it before?”

“Never. I’ve seen many disciples from the Ningtian Sect, but I’ve never seen anyone use this skill.”

“Dong Xi of the Ningtian Sect has something special.”

...

Dong Xi looked at the fallen Hui Zhi and walked over.

Seeing that Hui Zhi’s eyes were closed, Dong Xi thought for a moment before taking out a pill for Hui Zhi to eat.

Hui Zhi ate the pill and woke up. Looking at Dong Xi, he said, “Junior Sister is indeed amazing.”

“Senior Brother is also very strong,” said Dong Xi with a smile.

"I lost," Hui Zhi said, shaking his head.

Dong Xi was instantly overjoyed. It did not matter if she won or lost, but she had obtained the mount that Second Senior Brother had promised.

After leaving the ring, Dong Xi happily went to the betting area and got a bag of spirit stones. She hummed a little tune as she walked toward the Eldest Senior Brother's meditation room.

Dong Xi stood at the door and knocked for a long time, but no one appeared.

Dong Xi thought that her Eldest Senior Brother was not around and was just about to leave when the door opened.

When Dong Xi saw her Eldest Senior Brother, she was stunned. She had never seen such a slovenly Eldest Senior Brother. His face was covered in a beard and his eyes were bloodshot.

Looking into the room, there was an alchemy furnace with a terrifyingly high temperature. Therefore, Eldest Senior Brother must have been refining pills all this time.

"What's the matter?" asked Liang Yan.

Dong Xi immediately nodded and took out the bag of spirit stones. Dong Xi said, "Senior Brother, this is for you."

Liang Yan furrowed his brows, his eyes clearly bloodshot. "What?"

"Eldest Senior Brother, I won today," said Dong Xi. "This is all earned. I'll give you half."

Liang Yan was stunned at first, then he looked at his Junior Sister.

Dong Xi lowered her head and took out another Spirit Restore Pill for Liang Yan. She said, "Senior Brother, don't tire yourself out. Otherwise, you'll get white hair."

Liang Yan held the bag of spirit stones in one hand and the Spirit Restore Pill in the other as he stared at Dong Xi in a daze.

"Eldest Senior Brother," Dong Xi said with a smile. "I'll go back first and won't disturb you from continuing your alchemy."

Watching Dong Xi's back as she left, Liang Yan's eyes welled up with tears.

Little Junior Sister is so good, so much better than Song Qingfeng!

After Liang Yan consumed the Spirit Restore Pill, he opened the bag to take a look. The light from the spirit stones made him even more touched.

Dong Xi left Eldest Senior Brother's place. She did not return to her own meditation room, but happily went to Second Senior Brother's meditation room.

Song Qingfeng was not surprised to see Dong Xi, but he was a little surprised about another matter. This little girl was so persistent about her mount that she could get into the top 100 just for her mount?

Song Qingfeng was thinking that if he had said top 50, Dong Xi would have brought even more surprises.

"Second Senior Brother, what kind of mount are you going to give me?" Dong Xi boasted shamelessly. Could it be the legendary Deep Sea Flood Dragon?"

Song Qingfeng raised his eyebrows and looked at Dong Xi's sparkling eyes. He said, "You really dare to ask for it?! Deep Sea Flood Dragon? Second Senior Brother is waiting for you to become more powerful in the future so that you can catch a few of them for me to play with!"

Chapter 308 Eccentric

Dong Xi pouted her lips. Dong Xi said, "Second senior, I have a story to tell you."

"What story?" Song Qingfeng asked.

“A long time ago, there was a lazy guy who wanted to fly, but he didn’t put in the effort to cultivate,” Dong Xi said immediately. “So, he found a Junior Sister and asked her to cultivate so that she could carry the lazy guy as she flew.”

Song Qingfeng was speechless.

“Little girl, who are you talking about?” Song Qingfeng said.

“Second Senior Brother, you can’t be like this!” Dong Xi said seriously. “Other Junior Sisters have Deep Sea Flood Dragons as mounts. What about me...”

Before she could finish, Song Qingfeng handed over a Demon Beast Bag.

Dong Xi took out an egg from the bag and was speechless. Dong Xi said, “It’s hard to say what this is...”

Song Qingfeng came forward with great interest. He said, “Junior Sister, do you know that ‘blind openings’ are popular these days?”

“Blind opening?” Dong Xi asked.

Dong Xi gritted her teeth and almost could not hold it in. What the hell was this 'blind opening'? The loot box was already so popular in the cultivation world? How could such a smart person like Second Senior Brother believe in such unreliable things? Dong Xi was very suspicious that this blind opening was Second Senior Brother's own creation.

"That's right," Song Qingfeng said with a smile. "Blind opening means randomly choosing a demon beast egg and hatching it. It's said that it might give you a top-tier mount! It's the legendary Deep Sea Flood Dragon. Junior Sister, it's all up to your luck!"

Dong Xi looked at the egg that was slightly smaller than a basketball in her hand. Although she was not sure what would hatch out of it, there was one thing that Dong Xi was sure of.

This egg was definitely not a Deep Sea Flood Dragon!

The Deep Sea Flood Dragon was a top-grade mount, and it was definitely not something Dong Xi could hatch at will.

Dong Xi sighed softly. It did not matter. No matter what it was, it was good as long as it could be used as a means of transportation.

"Second Senior Brother, How do I hatch this demon beast egg?" asked Dong Xi curiously.

Song Qingfeng threw the bag to Dong Xi and said, "Take this bag and throw in a few spirit stones. This bag will help you hatch the eggs."

Dong Xi threw in five low-grade spirit stones, and it did not take long for the bag to absorb all of them. She threw in another five mid-grade spirit stones, and again, it did not take long for it to absorb all of them.

The smile on Dong Xi's face was gone. She threw the bag to Song Qingfeng and said, "Second Senior Brother, I really can't afford this Demon Beast Bag. You should keep it for yourself..."

At this rate of consumption, Dong Xi might as well go back and continue using the little green leaf.

Song Qingfeng looked at the Demon Beast Bag that was thrown back and was very curious. What kind of demon beast would hatch from this egg?

Song Qingfeng also knew that his luck had always been bad, so he wanted to test his Junior Sister's luck. Who knew that his Junior Sister clearly did not want to be a sucker. If Dong Xi did not hatch it, Song Qingfeng would have chosen it for nothing.

"Little Junior Sister," Song Qingfeng said earnestly, "although you need some spirit stones to hatch it, you can ride it after it hatches. That will save a lot of spirit stones. Don't you think so?"

Dong Xi looked at Song Qingfeng with a faint smile, obviously not falling for it.

"Second Senior Brother, although you're right, don't these newly hatched demon beasts need to be cared for? It needs to be fed, right?" Dong Xi asked. "If it hatches a Taotie, won't it eat me as well?"

Song Qingfeng frowned. This Little Junior Sister was too smart and much harder to deal with than Eldest Senior Brother and Junior Sister Chi Yan.

Song Qingfeng said, "if you hatch a Taotie, you'll make a big profit! Don't let your thoughts run wild, how could we possibly be so lucky? It's impossible."

Dong Xi said, "Second Senior Brother, you said that we can't be opportunistic. We shouldn't play this kind of game of probability. I'd better be down-to-earth and wait for the day when Second Senior Brother catches a Deep Sea Flood Dragon."

...

Seeing Dong Xi's impassiveness, Song Qingfeng could only helplessly take out a bag and throw it to Dong Xi. Song Qingfeng said, "Alright, I'll pay for the spirit stones for the incubation. Look at how stingy you are."

Dong Xi looked at the familiar patterns on the bag. This bag seemed to be... It's Eldest Senior Brother's spirit stones, right?

Dong Xi blinked. Thinking of how her Eldest Senior Brother had lost so many spirit stones, she nodded and agreed. Dong Xi said worriedly, "Second Senior Brother, no matter what it hatches, I can do whatever I want with this little demon beast, right?"

"That's right," Song Qingfeng nodded and said.

Only then did Dong Xi nod her head. If she was not satisfied with the hatching, she could take it out and sell it. She had to earn some money.

As for the Eldest Senior Brother's spirit stones, they were now back in Dong Xi's hands. It was really a pity. As expected, the heavens' will always reincarnate. Everything will go to whoever it belongs to in the end.

Chapter 309 Traveling Together

Now that Dong Xi had so many spirit stones, she did not feel any heartache at all. She grabbed a handful and threw them into the bag. After saying goodbye to Song Qingfeng, Dong Xi hung the Demon Beast Bag on her body and walked back to her room with satisfaction.

Before she could reach the door, she saw a huge creature sitting at the door from afar.

Dong Xi walked closer and found that it was actually Senior Brother Tie Zhu.

"Senior Brother Tie Zhu," Dong Xi said in astonishment.

Tie Zhu heard the voice and immediately raised his head. When he saw Dong Xi, his eyes lit up. He said, "Junior Sister!"

Tie Zhu's gaze was as if he had seen some kind of treasure, making Dong Xi feel a little uncomfortable.

“Senior Brother, why are you here?” Dong Xi coughed a few times.

Tie Zhu lowered his head and said, “Junior Sister, I sent you a message, but you didn’t reply...”

His tone was filled with grievance, but when coupled with his huge body, it was somewhat comical.

Dong Xi immediately took out her communication jade slip. Seeing the message on it, Dong Xi said, “I was busy just now, so I didn’t read the jade slip. Senior Brother, what’s the matter?”

Tie Zhu laughed naively and scratched his head. He said, “I’m fine, it’s just... About the Body Refinement Pill...”

After saying this, Tie Zhu sneered, looking a little silly.

Dong Xi did not have many Body Refining Pills left. She could not refine any fifth-grade pills for the time being. Her two Senior Brothers would always refine two cauldrons of pills for her when they were in a good mood. Therefore, Dong Xi did not have the confidence to give an entire bottle to others.

Dong Xi took out two pills and gave them to Tie Zhu. Dong Xi said, “Senior Brother, I don’t have many Body Refining Pills left. After all, it’s a fifth-grade pill. I can’t refine it yet...”

Tie Zhu held the two pills. He was surprised and at a loss for what to do. He said, "Junior Sister, how many spirit stones do these cost? I'll give it to you now."

When Dong Xi heard this, she knew that Tie Zhu had misunderstood. Dong Xi said, "Senior Brother, I'll give you these two."

Tie Zhu shook his head. "No, I can't take them. I'm a coward, but I know that fifth-grade pills are very expensive."

"Senior Brother, didn't you say that I'm your biological sister?" Dong Xi said with a smile.

Tie Zhu frowned and hesitated for a moment. He still said, "I just can't. As an elder brother, I shouldn't take it for free."

This was also the first time Dong Xi had encountered such a stubborn person. After thinking for a moment, Dong Xi said, "Senior Brother, you don't have to give me spirit stones. Can you promise me one thing? These two Body Refinement Pills will be your reward."

"What is it?" Tie Zhu asked curiously.

Dong Xi said, "After a while, I might go to the Frost Ice Sea. However, I've never traveled far before. I'm a little worried about going alone. I wonder if Senior Brother has time to travel with me?"

Dong Xi's purpose for going out was to train her body. She could find someone else, but it would waste some time. Tie Zhu, who was also a body cultivator and had good strength, naturally became the most suitable candidate.

"Frost Ice Sea?" Tie Zhu asked.

Tie Zhu looked at Dong Xi in shock. He frowned, and Dong Xi guessed that Tie Zhu was in a difficult position.

Tie Zhu said with some embarrassment, "Junior Sister, I can't swim."

Dong Xi, "..."

If she did not know anything else, it would not matter. But when it came to swimming, Dong Xi had to talk about it.

"Senior Brother, you have to learn how to swim," said Dong Xi. "I almost died twice because I didn't know how to swim. In order to avoid such a thing from happening again, I learned how to swim."

Tie Zhu raised his head and saw Dong Xi's serious expression.

Tie Zhu knew that Dong Xi was not lying. He thought for a moment and nodded.

Dong Xi continued, "It's not a burden to have more skills. We don't cultivate so that we can stay in the Eastern Continent forever. When we travel in the future, we may encounter many difficulties. It would be best if we can avoid them in advance."

When Tie Zhu heard this, he immediately smiled and said, "Junior Sister is right. I will start learning once I return. When do you want to leave?"

Dong Xi pondered for a moment before saying, "It might take some time. Once it's confirmed, I'll send a message to Senior Brother. We'll confirm the time. What do you think?"

Tie Zhu immediately agreed. He looked at the bottle with the two pills and said, "Alright, since that's the case, I'll take the pills."

As soon as he finished speaking, Tie Zhu thought for a moment and looked at Dong Xi with a silly smile again. He said, "Junior Sister, two pills aren't enough for me. Do you know where I can buy Body Refining Pills?"

Dong Xi thought about it and agreed. She could give two to Tie Zhu, but she could not keep giving him free pills. And according to Tie Zhu's personality, he might not even want it if she gave it to him directly.

"Senior Brother, you can go to the Rainbow Store and inquire about it when you have time," said Dong Xi.

Chapter 310 He Would Never Miss Such an Opportunity

Although the store did not have Body Refinement Pills yet, Dong Xi could go to Second Senior Brother and give him a suggestion later.

According to Second Senior Brother's shrewdness, he would never miss such an opportunity.

Tie Zhu nodded. He would ask when he had the time.

After Tie Zhu left, Dong Xi entered the meditation room and told Song Qingfeng about the Body Refinement Pill through her jade slip.

!!

As soon as she sent it, the jade slip lit up. Dong Xi thought it was a message from her Second Senior Brother, but it turned out to be a message from Kong Xing.

[Junior Sister, when are you free? Come to my place.]

Dong Xi typed a question mark and sent it over, and Kong Xing sent another message.

[The Group Chat Array has been created. I need to modify your jade slip. Bring it with you.]

Dong Xi, “?!”

After recovering from her shock, Dong Xi immediately sent a message.

[Understood, Senior Brother. I’ll be right there.]

Dong Xi turned around and left the room, hurriedly running towards Kong Xing’s residence.

Not long after Kong Xing sent the message, Dong Xi arrived.

“You’re quite fast,” Kong Xing said with a smile.

Dong Xi took out the jade slip and respectfully handed it to Kong Xing. Dong Xi said, “Thank you, Senior Brother! Senior Brother is amazing! It’s only been a short while, and the formation is already completed.”

Kong Xing was also a little proud, but he quickly calmed down. He said, “It’s nothing much. I’ll only be considered powerful after I’ve studied and understood that formation disc of yours.”

“We each have our own uses,” Dong Xi shook her head. “There’s no need to be humble, Senior Brother.”

Kong Xing took out a brush and began to draw complex runes on Dong Xi's jade slip with his spiritual power. When the runes were formed, Kong Xing quickly sent out two seals and imprinted the runes into the jade slip.

After everything was done, Kong Xing inspected it before returning the jade slip to Dong Xi.

"Try it, Junior Sister," said Kong Xing.

Dong Xi's eyes lit up. She took the jade slip and inserted her spiritual Qi. The jade slip lit up. Dong Xi selected the lives of the Eldest Senior Brother and the Second Senior Brother and started a conversation. As expected, an interface of the three people chatting together appeared. Dong Xi sent a message.

[Eldest Senior Brother, Second Senior Brother, are you surprised? Are you surprised?]

After sending the message, without waiting for the two Senior Brothers to reply, Dong Xi looked at Kong Xing. She said, "Senior Brother, I don't know how to thank you..."

Kong Xing waved his hand and said, "There's no need. I even ate your pills. There's nothing to thank me for. You helped me sell the pill recipe for such a high price. I should be the one thanking you."

When Dong Xi heard Kong Xing's words, he felt that the Senior Brothers beside him were all very honest.

Except for Second Senior Brother.

As expected, Second Senior Brother replied the fastest.

[Little Junior Sister, how did you do that!?!]

Dong Xi smiled as she picked up the jade slip and replied.

[It was Senior Brother Kong Xing who helped me add an array to the jade slip.]

This was not the first time Song Qingfeng had heard the name 'Kong Xing'. He thought about it for a moment and realized that Kong Xing was the one who had brought Dong Xi to learn the Iron Head Technique.

However... Kong Xing was a Buddhist cultivator, right? How did he know how to use formations?

Seeing that Song Qingfeng did not reply, Dong Xi sent another message.

Second Senior Brother, you know Senior Brother Kong Xing as well. He's the Senior Brother who sold us the Youth Pill recipe.

Song Qingfeng, “??”

What the hell, what kind of talent was this? Why didn't they come into contact with each other before?

Dong Xi thought for a moment and sent another message.

[Second Senior Brother, Senior Brother Kong Xing and Senior Brother Tie Zhu are both body refiners. If they go to buy pills, can you give them a discount?]

Song Qingfeng immediately replied.

[Discount? Little Junior Sister, you're looking down on Second Senior Brother too much. In the future, I will take care of all of the pills that Kong Xing needs.]

Dong Xi, “...”

Dong Xi felt that something was not right. Why was Second Senior Brother suddenly so generous?

Song Qingfeng thought that he had outsmarted Dong Xi. He sent a message.

[As long as Kong Xing is willing to hand over this array to me, not just the Body Refining Pill, all pills below grade-6 will be free of charge!]

Dong Xi was silent. Second Senior Brother's plan was so obvious that even an idiot would facepalm.

Dong Xi still replied.

[I'll ask Senior Brother Kong Xing later.]

Song Qingfeng immediately replied.

[If you don't agree, I'll go and talk to him myself.]

Dong Xi told Kong Xing what Song Qingfeng said. Kong Xing was stunned.

The reason why Kong Xing had researched this formation was to repay Junior Sister Dong Xi, but he had never thought that he would be able to exchange it for such good conditions.

"Sure!" Kong Xing immediately replied.

After hesitating for a moment, even Kong Xing agreed. He even felt like he was disrespecting the art of alchemy by getting so many free pills this way.

Dong Xi was also very happy. This was truly a win-win situation.

...

Dong Xi had just told Song Qingfeng about Kong Xing's agreement when Eldest Senior Brother sent them a message.

[Why can everyone else eat it for free? As your Senior Brother, why can't you give me pills for free too?]
