

Above All 321

Chapter 321 Why Didn't He Come?

The two Senior Brothers did not come. Dong Xi took out her communication jade slip and sent a message in the group chat.

[Eldest Senior Brother, Second Senior Brother, why aren't you two here?]

However, after staring for a long time, no one in the group replied. After 15 minutes, Liang Yan rode on his sword and landed on the stage.

Liang Yan's long sword had an extra tassel. He was too lazy, as if he did not care about this competition at all.

Liang Yan waited on the stage for two hours, but Song Qingfeng did not appear.

The surrounding crowd started discussing. Dong Xi sent a few messages to Song Qingfeng using her communication jade slip, but there was no response.

Dong Xi even thought that Second Senior Brother might not have woken up yet.

Just as Dong Xi was about to turn around and leave to look for Second Senior Brother...

Master Xuan Chen suddenly appeared on the stage.

Liang Yan, who was resting with his eyes closed, suddenly opened his eyes. Xuan Chen said, "I'll get someone to look for Fellow Daoist Song Qingfeng."

"No need, Song Qingfeng won't come," Liang Yan said.

Xuan Chen frowned. Liang Yan continued, "At this point, Song Qingfeng probably isn't here anymore."

Song Qingfeng came to the competition because he wanted to go to the mortal world. He did not care about the ranking at all.

Master Xuan Chen still sent people to Song Qingfeng's meditation room to look for him. As expected, there was no one there.

Only then did Master Xuan Chen announce that the first place was Liang Yan.

Liang Yan also did not care about the ranking. It seemed that the Sect Master had chatted with Liang Yan for the entire night.

Liang Yan had to get first place this time. Otherwise, the Ningtian Sect would be suppressed by the Green Cloud Sect for decades.

...

On the way back to the sect, everyone still took the airship they came in. However, Second Senior Brother, who was supposed to be next door to Dong Xi, was replaced by someone else.

Dong Xi secretly asked Eldest Senior Brother about it, wanting to know why Second Senior Brother insisted on going to the mortal world.

Liang Yan did not say anything. He only said that Dong Xi was still young and should not care about adults' matters.

Dong X, "..."

Dong Xi felt that Eldest Senior Brother's words were too perfunctory.

On the second day of their journey back, Dong Xi received a message from Second Brother.

[Little Junior Sister, are you guys heading back?]

When Dong Xi saw the message, she sent a voice message excitedly. She said, "Second Senior Brother, where did you go?"

Song Qingfeng also replied, "Hehe, now that I'm not there, you start to miss me, right? I went to do something big!"

"What is it?" Dong Xi asked doubtfully.

"Children shouldn't pry into adult matters," Song Qingfeng said perfunctorily.

Dong Xi, "..."

If he did not allow anyone to inquire about it, then why did he even say it? Now that he had said it, he still did not allow anyone to inquire about it.

Seemingly noticing Dong Xi's speechlessness, Song Qingfeng smiled and said, "Little Junior Sister, I'm going to the mortal world. When I come back, I hope you've already reached the Foundation Establishment stage."

"What? You're going to be gone for so long?" Dong Xi shouted in shock.

Dong Xi did not know what Second Senior Brother was going to do, but with his Golden Core cultivation base and his body full of treasures, he was an existence that could overturn the clouds and rain in the mortal world.

But why did it take so long? Was Second Senior Brother's matter very troublesome?

Song Qingfeng sent another voice message. He said, "Perhaps it won't be too long. You should cultivate well. Oh right, I got someone to send something to your cave abode."

When Dong Xi heard this, her eyes immediately lit up. She said, "What is it?"

"You'll know when we get back," said Song Qingfeng.

Song Qingfeng did not reply after he said that.

Dong Xi was not sure if the 'signal' of the jade slip was only available in the cultivation world, and there would be no connection after leaving the cultivation world.

Dong Xi started to circulate the cultivation technique in her body. Her right eyelid twitched a few times as she frowned.

Dong Xi suddenly felt uneasy. What was Second Senior Brother going to do?

This question was hidden in Dong Xi's heart. When she returned to the sect, her Eldest Senior Brother and Master Yi Kun went to report to Sect Master Wei Nan. Dong Xi then went straight to her Master's cave.

"Master, I'm back! Open the door!" Dong Xi shouted.

Dong Xi raised her hand and patted the stone door.

Daoist Master Lingxu had already calculated that Dong Xi and the others would return in the next two days and had been waiting.

Upon hearing Dong Xi's shout, Master Lingxu immediately stood up and deactivated the restriction.

"Little Xi, you always make such a big commotion every time you come over," said Daoist Master Lingxu.

It sounded a little disdainful, but Lingxu indeed had a smile on his face, as if he enjoyed it.

Although Master Lingxu did not go, he heard that the three disciples performed well this time. He was very proud of them.

There was no need to mention Liang Yan and Song Qingfeng, but this little disciple actually entered the top 100. The 7th level of Qi Refinement entered the top 100, which made Lingxu very surprised.

Furthermore, everyone said that the biggest winner of this inter-sect competition was Dong Xi. Although her ranking was not too good, she was the only one who had gained an Epiphany.

Chapter 322 Envy

Master Lingxu thought. Dong Xi had only entered the sect for two years and had already had two epiphanies. This time, she had even reached the ninth level of Qi Refinement. Thinking of this, Master Lingxu was a little envious.

He originally thought that Dong Xi was here to ask for a reward, but Dong Xi said in a familiar tone, "Master, why did Second Senior Brother go to the mortal world?"

Daoist Lingxu was stunned for a moment. After thinking for a long time, he sighed and said, "Children shouldn't ask about adult matters."

Dong Xi, "..."

!!

Dong Xi was a little mad. Couldn't there be another explanation?

Dong Xi's expression became serious. He narrowed his eyes and looked very serious. She said, "Master, you know that I have a vague intuition after cultivating your cultivation technique. Second Senior Brother's trip to the mortal world this time is a little dangerous. Although I don't know what to do, but..."

Without waiting for Dong Xi to finish, Lingxu directly interrupted Dong Xi's words. He said, "Little Xi, you know that your Second Senior Brother has the same cultivation technique as you. Since you can sense it, Qingfeng should also know. According to my understanding, Qingfeng must have made full preparations."

"This time?" Dong Xi raised her head and said. "Master, could it be that something happened to Second Senior Brother when he went to the mortal world before?"

"That's right," said Spiritual Void.

"Master, please tell me. I'm really worried," Dong Xi pleaded.

In all fairness, in the Ningtian Sect, the person who treated Dong Xi the best was Second Senior Brother.

No, it should be said that in the entire cultivation world, only Second Senior Brother treated Dong Xi the best. Although he would occasionally bully her, it was also a harmless joke.

Daoist Lingxu looked at Dong Xi's worried expression. He raised his hand and gently patted Dong Xi's head. He said, "Your second Senior Brother interfered in the affairs of the mortal world and violated the Heavenly Law."

Dong Xi suddenly thought of something and said in shock, “Master, could it be... Second Senior Brother is also dating a mortal?”

Lingxu smiled and said, “Girl, what are you thinking about? You don’t have to worry too much. I’ve already sent a message to your Third Senior Brother. If there’s anything, your Third Senior Brother will help. There won’t be any problems.”

Dong Xi heaved a sigh of relief when she heard about this Emperor Senior Brother.

The Emperor had supreme power. With Third Senior Brother, what Second Senior Brother wanted to do should be smoother.

...

Song Qingfeng sent Dong Xi a final voice message and jumped off the platform.

Every time he went to the mortal world, Song Qingfeng would be very emotional. However, this time, he did not have the time to feel anything.

He found that he was surrounded by people. These people were wearing armor and holding weapons.

Song Qingfeng frowned. Just as he opened the fan in his hand, he saw the crowd make way for him. A familiar figure appeared in front of him.

“Bring him back,” Si Kong stepped forward and said.

Song Qingfeng looked helpless. His master, that old man, had indeed secretly told Third Senior Brother.

“Third Senior Brother, you’re so busy. Why are you here?” asked Song Qingfeng.

Si Kong was wearing a python robe with a four-clawed golden dragon on it.

Si Kong clasped his hands behind his back and looked at Song Qingfeng. He said lightly, “Didn’t you say that you would come here to find me?”

Song Qingfeng was speechless.

Not bad. Song Qingfeng was certain that besides his Master, his nosy Eldest Senior Brother had also told Third Senior Brother about it.

Was Song Qingfeng that unreliable to them?

“Bring him back,” said Si Kong.

The guards immediately surrounded him. Song Qingfeng had just arrived in the mortal world and did not want to cause trouble. Moreover, Song Qingfeng’s cultivation had been sealed by his Master. He was no match for Third Senior Brother.

Song Qingfeng sighed and followed him back.

...

Dong Xi returned to the cave dwelling. Just as she reached the door, she saw a deer running out.

Dong Xi still remembered that it was Second Senior Brother’s voice when the deer spoke.

Seeing the deer again, Dong Xi hugged the deer’s neck happily and said, “Second Senior Brother, is it you?”

Immediately after, a loud sound was heard. Dong Xi looked at the deer head in her arms and was instantly dumbfounded.

Umm... Did she pluck off Second Senior Brother’s head?

Dong Xi squatted on the ground and pressed the deer head back in a panic. In the end, she pressed it askew.

But at least it triggered the mechanism. The deer with its head tilted spat out a token and a letter.

The token was made of purple jade. It was warm to the touch and seemed to have an endless stream of spiritual Qi inside. There were two words on it: Rainbow Store.

Dong Xi picked up the letter. There were six big words written on it: Little Junior Sister, open it personally.

Dong Xi removed the restrictive spell and walked into the cave dwelling. Sitting on the praying mat, she opened the letter and began to read it seriously.

The letter was basically saying that Second Senior Brother was going to the mortal world to gain experience. During this period of time, he was placing Dong Xi in charge of the Rainbow Store. He asked Dong Xi to use her brain more and not miss out on ways to make money.

Chapter 323 Generous

Cultivators should not care about these worldly possessions, but Dong Xi could help cultivators take a shortcut. They should be treated rationally and balance the relationship between cultivation and external objects.

Finally, he told Dong Xi that she could use the items in the Rainbow Store as she wished, but she could not spend more than 1,000 top-grade spirit stones a year.

Dong Xi's eyes lit up when she saw this. 1,000 top-grade spirit stones! She could not finish using them at all!

Second Senior Brother was so generous. Even after he left, he still missed Little Junior Sister. Dong Xi decided that she would help Second Senior Brother take care of the Rainbow Store. Before Second Senior Brother returned, she would open up Rainbow Stores all over the Eastern Continent.

!!

Dong Xi was still happy when something suddenly jumped onto her face.

Dong Xi sneezed when she saw the furry thing. She suddenly thought of something and took it off her head. She shouted happily, "Songsong!"

Songsong hugged Dong Xi's arm and said affectionately, "Little Xi, you're finally back. If you hadn't come back, Songsong would have been hungry!"

When Dong Xi heard this, she smiled and said, "You Little Fellow, you only know how to eat."

After saying that, Dong Xi looked at Songsong seriously. She had not seen it for half a year, but its hair seemed to be denser and the color darker.

Under the sunlight, its golden fur made Dong Xi want to stroke it.

Dong Xi hugged Songsong intimately for a long time before she raised her head and saw the willow tree not far away.

How strange, why did Liu Qing not come out?

Dong Xi casually played with its tail and said, "Why isn't Liu Qing here? Where did she go?"

"Liu Qing fell into a deep sleep." Songsong raised its head and said, "Two months ago, Liu Qing said she was a little sleepy, so she fell asleep."

Dong Xi was stunned. She had heard from others that demon beasts relied on sleep to cultivate. It seemed that the spirit Qi on Lingxu Peak was very abundant. Liu Qing was about to advance.

Dong Xi suddenly thought of something. She lowered her head and looked at Songsong who was much brighter. Dong Xi said, "Songsong, have you advanced?"

Speaking of advancement, Songsong became excited.

Songsong jumped out of Dong Xi's arms, onto her shoulder, and then climbed onto her head.

"Of course," Songsong said proudly, "Songsong is now at the late-stage of tier-2."

The grade of demon beasts was different from humans. Late-stage tier-2 was basically equivalent to humans' grand completion of Qi Refinement stage.

In other words, the current Songsong was even more powerful than Dong Xi.

"So powerful?" asked Dong Xi.

"It's not that Songsong is powerful," Songsong said happily. "It's the grass that is powerful. After eating and sleeping, my cultivation will rise."

Dong Xi thought of the grade-3 herbs and felt her heart ache. Fortunately, Second Senior Brother was generous and only asked for a few fish.

But at the same time, this also confirmed Dong Xi's idea. In the future, when she went out, she must bring Songsong along.

This little thing would probably require a lot of good things to increase its cultivation. She would bring it with her and let Songsong find food on its own.

Dong Xi put down Songsong and turned to walk into the cave abode.

Songsong watched Dong Xi leave in confusion. However, when it thought that the cave abode was the territory of the giant snake, Songsong did not follow her in. It just stood there and watched Dong Xi enter the cave abode.

Dong Xi did not want to enter the cave either, but the snake said that he had something to discuss.

After the stone door behind her slowly closed, Dong Xi looked at the mark on her arm. She said, "Didn't you say that you have something important to discuss?"

As soon as she finished speaking, Su Cheng appeared in front of Dong Xi.

Even though Dong Xi had seen his face many times, she still felt that he was too handsome.

"Think of a way to go to the Beast Trainer Sect," said Su Cheng indifferently.

Dong Xi was stunned for a moment before squeezing out a smile. Dong Xi pointed at herself and said, "You mean to let me sneak into the Beast Trainer Sect?"

Su Cheng looked straight at Dong Xi and said, "Who else could it be other than you?"

Dong Xi spread out her hands and said, "How can I survive? Are you making things difficult for me? With my little cultivation, people will notice me the moment I get close."

Su Cheng casually threw a storage bag over and said, "There's a Beast Trainer Sect token here, as well as a disciple's uniform. Change into it."

Dong Xi frowned and looked at Su Cheng. She said, "These... Did you kill that Beast Trainer Sect disciple?"

Su Cheng nodded, indicating that she was right.

"The token still has that disciple's mark on it," said Dong Xi speechlessly. "It'll be discovered immediately."

"It's fine," said Su Cheng. "I've already erased the mark. You can take it and go in."

Dong Xi looked at the relaxed Su Cheng. After a moment of silence, she said, "They're from the Beast Trainer Sect. I should have a demon beast with me when I go in, right?"

Su Cheng looked out the window and said, "Isn't there that squirrel?"

Dong Xi shook her head and said with a serious expression, "I can help you, but I can't let Songsong be implicated with me. If I remember correctly, there are demons in the Beast Trainer Sect. I guess you went to the Beast Trainer Sect because of the demons, right?"

Chapter 324 Tool Beast

Su Cheng did not say anything. The two of them looked at each other for a long time, but Dong Xi did not give in at all.

After a long time, Su Cheng lowered his head and sighed helplessly.

Then, Su Cheng disappeared from the cave abode and coiled around Dong Xi's arm.

The cold feeling made Dong Xi shiver. Su Cheng's voice rang in her mind.

"You have a beast now," said Su Cheng.

Dong Xi, "..."

This was really lowering his status. She thought that Su Cheng would go and catch a demon beast for her. She never expected that Su Cheng would actually become a tool beast for her.

Dong Xi had just returned to the sect. If she went out again, she had to give her Master a reason.

It was easy to find an excuse. Dong Xi said that her cultivation level had increased too quickly and that she needed to go out to experience and stabilize her cultivation level. Thus, Lingxu agreed.

However, Master Lingxu was also worried that Dong Xi would be targeted by the people of the Green Cloud Sect, so he gave Dong Xi a jade pendant, which contained three of Master Lingxu's strongest attacks.

"Little Xi, keep this jade pendant well. If you encounter bad people, send them to the afterlife with this," said Master Lingxu.

"I understand, Master," replied Dong Xi obediently.

Dong Xi put away the jade pendant and rushed to the Beast Trainer Sect.

When she was about to reach the place, she put on the Beast Trainer Sect disciple uniform and wore the waist token that the snake had processed on her waist.

At the same time, he used the bead necklace's function to change her appearance, turning herself into an ordinary person, who would never stand out in a crowd.

Su Cheng felt that this disguise was too low-level. Anyone with a cultivation base above the Golden Core stage would be able to see through it with a single glance. Su Cheng sighed and formed a seal for Dong Xi.

Then, Dong Xi swaggered into the Beast Trainer Sect.

After entering the Beast Trainer Sect's array, the array did not react at all. Dong Xi immediately heaved a sigh of relief.

From the looks of it, the Big Snake was very reliable!

But... After entering the Beast Trainer Sect, Dong Xi did not know anyone here. Where should she go?

Dong Xi strolled aimlessly. Suddenly, someone shouted from behind, "The person in front."

Dong Xi subconsciously stopped in her tracks and turned around to see the two Beast Trainer Sect disciples.

"Senior Martial Brothers, are you calling me?" Dong Xi bowed honestly.

One of the disciples looked at Dong Xi and said, "Which Peak are you from?"

Dong Xi had already made preparations in advance. Upon hearing this, Dong Xi immediately said, "Surging Wave Peak."

"Junior Sister, do you have anything to do?" the disciple asked. "If you're not busy, can you help us?"

Dong Xi's eyes lit up. Wasn't this an opportunity?

It was a good opportunity to infiltrate the inner circle!

Dong Xi smiled and stroked the black snake on her arm lovingly. Dong Xi said, "Sure. Senior Brother, just say it. My little snake and I can help."

Dong Xi had just finished speaking when an electric current ran through her arm.

Dong Xi was stunned, and her fire spiritual energy immediately surged.

Come, hurt each other!

But this time, the Big Snake did not retaliate. He remained silent.

The two disciples looked at the snake on Dong Xi's arm and were very surprised. The disciple who spoke earlier said, "It's rare to see a girl treat a snake as a pet. How should I address you, Junior Sister?"

Dong Xi said, "Dong... Dong Li."

The disciple nodded and said, "Junior Sister Dong Li, we're both from Qinsong Peak. I'm Yuan Shao, and he's Cao Zhen. Things have happened in the sect during this period of time, and we're short of manpower. Senior Brother Le Jin, who went with me to feed the thunder tigers, went out to carry out a sect mission. The two of us must ensure that all the tigers are fed. But with just the two of us, we can't separate all the tigers. Our demon beasts are also afraid of the thunder tigers and can't help."

As he spoke, Yuan Shao looked at the Demon Beast Bag helplessly.

"It's fate that we met each other," said Dong Xi immediately. "We're both senior and junior. It wouldn't be good if I don't help."

Seeing that Dong Xi had agreed, Cao Zhen heaved a sigh of relief. The two of them brought Dong Xi to where the thunder tigers were.

Before Dong Xi reached the place, she heard the roar of a tiger. The roar of a ferocious beast was truly soul-stirring. Dong Xi felt herself trembling.

However, this was not the end. In an instant, a huge thunder tiger flew in front of Dong Xi and opened its mouth as if it wanted to eat Dong Xi.

Dong Xi was so scared that her heart almost stopped beating. She was afraid that she would die before she could complete his mission. He immediately took out two defensive talismans. However, he did not expect that at this critical moment, a green barrier would suddenly appear on his body.

The thunder tiger immediately crashed into the cage and let out a wail.

Cao Zhen and Yuan Shao were both used to it. Looking at Dong Xi's appearance, the two of them took out the food to feed the thunder tiger. Yuan Shao said, "Are you scared? It's fine. They're all locked up. As long as we don't go in, the tigers won't be able to hurt us."

Chapter 325 What Do You Need Me to Do?

When Dong Xi heard this, she nodded and calmly withdrew the defensive talisman. Then, she began to observe the thunder tiger.

Dong Xi was currently more than 1.6 meters tall, but she had only reached the thunder tiger's calf.

Dong Xi discovered that the eyes of these three thunder tigers were glowing red. It was the demonic Qi.

No wonder they needed more help feeding the tigers...

Dong Xi came just in time and worked for the sect for free.

“Senior Brother, what do you need me to do?” asked Dong Xi.

“Wait,” said Cao Zhen.

Dong Xi watched as Cao Zhen took out a porcelain bottle, took out two pills, and put them into the chicken’s stomach.

Dong Xi was especially familiar with this pill. Wasn’t it the Exorcism Pill?

No wonder a tiger could only eat one. If one of them ate more than one, what would happen to the demonic energy on the other thunder tigers?

After Cao Zhen processed the chicken, he handed it to Dong Xi. Cao Zhen said, “Junior Sister Dong Li, the three of us will fly to different places later. When the thunder tigers are separated, we will put the chicken in.”

This was too simple.

“No problem.” Dong Xi immediately nodded.

The three of them took the chicken and flew in different directions. The thunder tiger also chased after the three of them.

Everything went according to plan, but just as they threw the chicken in, an accident happened.

The thunder tiger smelled the chicken that was thrown in and roared in dissatisfaction. Then, it left.

Dong Xi saw it clearly and was also shocked.

Dong Xi looked at Cao Zhen beside her and said, “Senior Brother, what’s the problem? ”

Cao Zhen frowned and was also very puzzled. Cao Zhen said, “It shouldn’t be like this. We’ve always fed them with this method in the past.”

“What’s wrong?” Yuan Shao also walked over and asked. “Are the tigers refusing to eat?”

“Senior Brother, what should we do?” Cao Zhen asked seriously. “Could it be that the demonic aura on the thunder tiger’s body had increased? But... If the thunder tiger doesn’t eat the Exorcism Pill, the demonic aura on its body will only increase.”

Demon beasts were simple-minded. If a human was infected by the demonic Qi, they could still resist it. However, if a demon beast was infected by the demonic Qi, it would soon be controlled by the demonic Qi.

The demon beasts would become incomparably brutal and ruthless, slowly walking to the opposite side of humans.

“Why don’t we wait and see?” Yuan Shao said. “Let’s see if the thunder tiger will eat it later.”

The three of them waited for a long time, but the three tigers were still fighting and did not eat the chicken at all.

When Dong Xi saw this scene, she started to think.

“Senior Brother, is this how you usually feed them?” asked Dong Xi.

Cao Zhen looked at the thunder tiger and said, “That’s right. I’ve been feeding them like this for half a year. They’re always fighting to eat. What’s wrong with them today?”

When Dong Xi heard this, her jaw almost dropped.

Dong Xi said with some difficulty, "Senior Brother... Is it possible that the thunder tiger is tired of eating chicken and wants to eat something else?"

Yuan Shao looked at Dong Xi and was very surprised. Yuan Shao said, "Tired of eating chicken? Can a tiger be picky?"

Dong Xi nodded and said, "Senior Brother, think about it. Not to mention the thunder tiger, even if we humans eat chicken for half a year continuously... Do you still want to eat it?"

Yuan Shao was speechless.

Cao Zhen was also speechless. Then, he looked at the chicken that was thrown in and said, "Then what should we do? I've already thrown in my rations, and there's no extra Exorcism Pills..."

This Exorcism Pill...

Dong Xi did have quite a few, but if she took them out now, wouldn't she become a great seed of resentment?

Now that he was already working for nothing, how could she still pay out of her own pocket?

"Senior Brother, is it not possible to use telekinesis?" Dong Xi asked tentatively.

Telekinesis was an entry skill in the cultivation world.

Dong Xi could use it, but she did not like it.

Yuan Shao's eyes instantly lit up. He looked at Dong Xi and said, "Junior Sister, you're really smart!"

As Yuan Shao spoke, he raised his hand and formed a seal, wanting to take out all the chickens.

However, Yuan Shao tried a few times, but the chicken he threw in did not react at all.

"Why isn't it moving?" Yuan Shao frowned.

As he spoke, Yuan Shao looked at Cao Zhen beside him. Yuan Shao said, "Junior brother, you try."

Cao Zhen nodded and made a hand seal.

Seeing that the chickens still did not move, Dong Xi sighed and said, "It might be a problem with the barrier, causing us to fail to use telekinesis."

Yuan Shao agreed with this statement. Dong Xi continued, "Senior Brother, why don't you try finding a stick and pull out the chickens?"

Yuan Shao took out a magic tool. It looked like a fishing rod with the ability to extend and retract.

Dong Xi and Cao Zhen thought that the problem would be solved just like that. However, they did not expect that when the magic tool hooked the chicken, it would suddenly stop moving.

Dong Xi and the others looked over and saw a huge claw stepping on the magic tool.
