Chapter 326 Stealing Food from the Tiger's Mouth?

Dong Xi looked at the giant claw and suddenly thought of a phrase: Snatching food from the tiger's mouth.

Dong Xi and the others wanted to pull out the rod, but with a clap of lightning, the fishing rod broke.

Yuan Shao was very distressed. He had spent a lot of points exchanging for this tool.

The three of them tried many methods, but they could not take out the chicken.

Dong Xi watched as Yuan Shao's Dharma artifact was destroyed. Cao Zhen then took out a puppet Dharma artifact. However, Dong Xi immediately stopped him.

"Senior Brother, don't try anymore. If you break your tool, it's not worth it anymore. We might as well buy more Exorcism Pills," said Dong Xi.

Cao Zhen was silent for a moment, and his heart ached. Cao Zhen frowned and said, "But if we don't try, how can we take out the chicken?"

Dong Xi already had an idea. She said, "Senior Brother, is there any other food now?"

Yuan Shao immediately nodded. There was other food.

At this moment, Dong Xi thought of two ways. One was to learn the substitution technique from Kong Xing.

However, there were still three thunder tigers inside, and there was uncertainty in the substitution skill. Dong Xi was worried that when she used the substitution technique, the tiger would be swapped out instead of the chicken... That would really be bad.

The second method was to let Yuan Shao and Cao Zhen lure the thunder tiger away while Dong Xi tried to take out the chicken.

Although there were some risks, they could be controlled.

Dong Xi sighed lightly. Thinking that if she did not enter Hell, who would? Dong Xi told Yuan Shao and Cao Zhen the method.

Yuan Shao was not bad. He gave the meat of an unknown demon beast to Dong Xi. Yuan Shao said, "You guys go and lure the Thunder Tiger away. I'll go in and get the chicken."

Yuan Shao's spiritual energy entered the fishing rod, and the broken fishing rod became a little longer.

Dong Xi agreed. Since someone was willing to be a hero, Dong Xi did not need to be in the limelight.

Dong Xi picked up the meat, tore off a small piece, and threw it into the barrier. Then, she jumped up and shouted, luring the thunder tiger in another direction.

When Yuan Shao saw the thunder tiger leave, he immediately began to pull out one of the chickens, and he really did pulled out one.

The three of them continued to use this method to pull out the remaining chickens.

However, just as the last chicken was about to be taken out, a thunder tiger noticed their plan.

The thunder tiger swung its claw at the fishing rod, and the rod, which was already half broken, broke again.

The chicken on the fishing rod also stopped in the magic barrier. While Yuan Shao and Cao Zhen were frowning, Dong Xi threw in a fishing net that covered the chicken.

The thunder tiger immediately roared, as if it had lost face. The tiger waved its claws at the fishing net.

However, it was still a little slow. Dong Xi took out the chicken.

"I was scared to death. Luckily, I was faster." Dong Xi patted her chest.

The thunder tiger in the barrier sensed that it was being played and kept roaring. Its strong body slammed into the barrier crazily, causing the barrier to tremble.

"Senior Brother, is there any problem with this barrier?" Dong Xi asked worriedly.

"The Sect Master set up this barrier, so there shouldn't be any problems," said Yuan Shao.

After saying that, Dong Xi looked at the fishing net that Dong Xi threw on the ground in surprise. Yuan Shao said, "Junior Sister, why do you have a fishing net?"

"You can have a fishing rod, but why can't I have a fishing net?" Dong Xi raised her eyebrows.

"I got this fishing rod because my contracted demon beast is a cat, and it especially likes to eat fish," said Yuan Shao.

"Also, this fishing rod would catch some fish of good quality." Yuan Shao could even exchange the fish for some spirit stones.

Dong Xi smiled and stroked the little snake on her arm. She said, "My little snake also likes to eat fish."

After that, the electric current once again passed through Dong Xi's arm. However, Dong Xi remained calm.

However, Dong Xi was already used to this little bit of electricity.

The spiritual energy swirled, and the power of lightning was instantly absorbed.

This fishing net was also made by Dong Xi in order to catch fish during the novice trial. Fortunately, she did not throw it away after using it. However, she did not expect to be able to use it this time.

Seeing that Yuan Shao still wanted to ask something, Dong Xi immediately said, "Senior Brother, now that the Exorcism Pill has been taken out, let's hurry up and feed the thunder tigers again."

This time, it was changed to other food. As expected, the thunder tiger obediently ate it.

Dong Xi saw that the three thunder tigers had calmed down, and redness in their eyes started to fade. Perhaps it was an illusion, but Dong Xi saw a trace of pain on the thudner tigers' faces.

Dong Xi looked at Yuan Shao and said, "Senior Brother, hasn't the demonic Qi in our sect's been completely eliminated yet?"

Yuan Shao immediately made a gesture to stop talking. Cao Zhen was even more direct, covering Dong Xi's mouth.

No matter how stupid Dong Xi was, she knew that she had said something wrong.

Dong Xi obediently shut her mouth. Cao Zhen whispered, "Were you expelled from the sect? How dare you spout nonsense?"

Chapter 327 It's Not That Simple

Cao Zhen raised his head and looked around. Then, he said in a very low voice, "Demonic Qi... It has nothing to do with us. Your cultivation is also low, so there are many things you don't know. Don't talk too much and just cultivate on the Surging Wave Peak."

This time, it was a lesson for Dong Xi. It might not be so easy to sneak into the Beast Trainer Sect.

She could fish in troubled waters, but she had to be careful not to be involved in other things.

"Thank you for your reminder, Senior Brother," said Dong Xi honestly.

After separating from Yuan Shao and Cao Zhen, Dong Xi ate the Hidden Spirit Pill and concealed her fire spirit and wood spirit roots. Then, Dong Xi called out to Su Cheng in her consciousness.

“Big Snake, are you there?” asked Dong Xi.

Su Cheng hummed faintly.

Dong Xi was a little excited when she heard Su Cheng’s response. She said in her consciousness, “Big Snake, what are we investigating? Where should I go?”

Dong Xi came in with the token of the Beast Trainer Sect disciple who was killed by Su Cheng. However, no matter what, she was still an illegal resident. There was no cave abode here. Therefore, she needed to know what the Big Snake wanted to do, so she could decide where to go next.

Su Cheng said, “Demons must have invaded the Beast Trainer Sect. There are some things that the Beast Trainer Sect did not discover at all. I need to check it out personally. As for the residence... You make the arrangements.”

Dong Xi was silent.

Umm... He was simply a scumbag. He had tricked her to come out, but he did not arrange a place for her to stay?

He asked Dong Xi to look for accommodation herself? Could it be that Dong Xi was like a vagrant, sleeping on a tree every day? And she had to be constantly on guard against being discovered?

Su Cheng knew all of Dong Xi's thoughts, but he did not understand what a 'scumbag' was. Was it an insult, saying that he was not a good snake?

At the thought of this, Su Cheng accepted it indifferently.

It did not matter. Su Cheng was not a good snake anyway. He would just be a scumbag for the time being.

Dong Xi sat on a rock, worrying about where to go next. A familiar figure appeared on the bridge not far away.

Tiger striped patterns, the 'Chuan' character on its forehead...

Dong Xi's pupils constricted, and her heart was also very nervous. The little cat suddenly increased its speed and rushed toward Dong Xi.

Dong Xi only had one thought in her mind. She had been recognized.

Dong Xi shouted in her sea of consciousness, "Big Snake, this little cat has recognized me. What should I do? Would the kitten tell its owner? What should I do? Why not run first? We've been in here for half a day. It's not embarrassing even if we run away."

Dong Xi kept talking while Su Cheng said indifferently, "It's alright."

Alright? How could this be? If they were discovered, what would happen if the Beast Trainer Sect took Dong Xi as a hostage?

Second Senior Brother, had even gone to the mortal world. Did she need to rely on those lousy alchemy and sword cultivation fellow disciples? They could not even afford the ransom!

While Dong Xi was still thinking, the little cat had already arrived in front of Dong Xi. There was no demonic energy on its body. The little cat was just a good-looking cat.

The little cat stopped in front of Dong Xi. It did not jump onto Dong Xi's body directly. Instead, it stared at the snake on Dong Xi's arm.

The kitten meowed a few times.

Dong Xi could not understand at all. At this moment, Su Cheng said in Dong Xi's consciousness, "Follow this little cat."

"?"

When Dong Xi was confused, what kind of deal did Su Cheng make with the little cat?

“What did you say to the little cat?” Dong Xi asked in her sea of consciousness.

Su Cheng did not say anything. Dong Xi stood up and pretended to walk out.

“Since you don’t want to tell me, I’m going back!” said Dong Xi.

Just as he took a step, Dong Xi jumped up on the spot. Her entire body was twitching, as if she had suddenly started breakdancing.

“Big Snake, you’re killing me!” Dong Xi said in her sea of consciousness.

Su Cheng was sure that Dong Xi was not used to the power of lightning of such intensity.

Su Cheng could hear Dong Xi’s anger and said calmly, “Follow the little kitten. There’s a place to sleep.”

“How can you be so kind?” Dong Xi frowned.

“Aren’t I a scumbag?” Su Cheng asked directly.

Dong Xi, “...”

Dong Xi was silent for a moment before returning to normal.

At this moment, Dong Xi had figured out some things. She said in her sea of consciousness, “Big Snake, there’s still something I don’t understand. You’re so strong, and no one noticed you after so long in the Ningtian Sect. If you came to the Beast Trainer Sect alone, you would definitely be stronger than me bringing you here. Why did you ask me to come?”

“You’ll understand in the future,” Su Cheng said happily.

After saying that, Su Cheng ignored whatever Dong Xi said.

Dong Xi could only brace herself and follow behind the little cat. After walking for a long time, she saw a bamboo forest.

The cat slowed down and turned around to meow.

Dong Xi looked towards the depths of the bamboo forest. There was a small bamboo house that could be vaguely seen. Dong Xi said softly, “Isn’t that a house in the depths of the bamboo forest? Little multicolored cat, is this our destination?”

Chapter 328 Was Su Cheng Reliable

The little cat meowed again, but Dong Xi did not understand. The little cat jumped into Dong Xi's arms and did not go down.

Dong Xi immediately started to pet the cat. She enjoyed it very much. She carried the little cat and walked forward. If she met the owner of the little cat later, how would she explain it?

Could the little cat betray Dong Xi? Was Su Cheng reliable?

At this moment, Dong Xi was in a very passive situation.

Ever since she entered the cultivation world, Dong Xi seemed to have been passive.

Dong Xi sighed at her bitter life. She followed a small path and walked toward the depths of the bamboo forest.

A small bamboo house appeared in front of Dong Xi. The small bamboo house was surrounded by a fence. There was a large open space in the courtyard where ordinary flowers and plants were planted.

The little cat jumped out of Dong Xi's arms and found a corner to hide in. Then, it looked at Dong Xi outside and meowed a few times, as if telling her to follow him in.

Dong Xi was somewhat speechless. The little cat could get inside, but could Dong Xi get inside? This little cat was a little stupid.

Dong Xi frowned. This was the Beast Trainer Sect. Of course, they could not climb over the fence. It was better to call for help directly.

“Hello, is anyone there?” Dong Xi shouted.

After shouting for a long time, no one responded. Just as Dong Xi was about to leave, the bamboo door opened.

Dong Xi turned around and saw a young man coming out of the house. He was dressed in white and looked like a landscape painting in the thick and colorful bamboo forest.

Dong Xi always remembered that this was the cultivation world. In the cultivation world, one could never judge a book by its cover.

Perhaps this young man was an old man who had lived for thousands of years. But if that was the case, why couldn't the little cat transform?

“You are...?” asked Dong Xi.

The young man looked at Dong Xi and was slightly taken aback. He did not expect Dong Xi to ask such a question.

Dong Xi looked at the young man and frowned. The young man said with a complicated expression, "It seems that you are the one who came to visit? I should be asking you that question, right?"

Dong Xi was stunned for a moment, then she said awkwardly, "I am Dong Li, Ying Lang Feng. I accidentally came here and couldn't find the exit. Please forgive me, Senior."

Dong Xi could not tell the cultivation level of this youth at all. Therefore, this youth was at least at the Golden Core stage and above. There was nothing wrong with calling him 'Senior'.

The youth sized up Dong Xi, then walked out and opened the fence. The youth said, "Come in."

There was no spiritual energy fluctuation on the young man's body. This was very abnormal.

When Dong Xi was hesitating whether she should go in, she felt the hem of her clothes being pulled. She looked down and saw the little cat biting the hem of her clothes.

"Da Fu said that he found a disciple to help him catch fish to eat. You'll be in charge of taking care of Da Fu in the future," said the young man.

Da Fu? Dong Xi looked at the dumb cat.

Dong Xi still remembered his identity as a disciple of the Beast Trainer Sect. Dong Xi said, "Disciple understands."

Dong Xi had just entered the courtyard when she said, "How should I address you, Senior?"

The young man's voice was cold and a little hoarse as he said, "Guo Rui."

"I'll be responsible for taking care of Da Fu from now on." Dong Xi bowed respectfully and said, "Does Martial Uncle Guo have any other instructions?"

"Not yet," said Guo Rui.

Guo Rui turned around and entered the house.

Dong Xi noticed that this Martial Uncle's legs seemed to be inconvenient.

Dong Xi had only been in the cultivation world for two years, but she already knew who the Sect Masters of the major sects were, as well as some Elders who liked to show off. As for this Martial Uncle... Dong Xi had never heard of him.

Dong Xi thought for a moment and decided to ask the Beast Trainer Sect disciples.

Coincidentally, when Dong Xi helped feed the thunder tiger, she added Yuan Shao and Cao Zhen's spiritual breath. Now, she could contact them.

Dong Xi sent a message to Yuan Shao.

[Senior Brother, do you know Martial Uncle Guo Rui?]

Yuan Shao replied very quickly.

[Never heard of him.]

Dong Xi looked at the message and frowned. Her mind started to run wild.

Dong Xi was now an illegal citizen. Could it be that Guo Rui was also an illegal citizen?

It can't be, right? Dong Xi had seen Da Fu during the competition, which meant that Guo Rui had also gone to the competition, so it was impossible for him to be an illegal citizen.

Dong Xi changed her words and sent Yuan Shao another message.

[Senior Brother, do you know who lives in the bamboo forest of Fengyu Mountain?]

Although Yuan Shao was puzzled, he still replied.

[Junior Sister, there's an array formation in the bamboo forest of Fengyu Mountain. After crossing the mountain, we'll leave the Beast Trainer Sect. How can there be anyone living there?]

Dong Xi sat on the steps with Da Fu in her arms, looking around in confusion.

This was indeed the bamboo forest of Fengyu Mountain, right?

Dong Xi did not give up and continued to send messages to ask Yuan Shao.

[Among the Senior Brothers from our sect who are participating in the competition, is there anyone whose spirit pet is a little calico cat?]

Yuan Shao thought for a moment and replied.

[Many of them. Our sect has a lot of cat slaves and even more cat owners.]

Dong Xi, "..."

Chapter 329 Really From the Beast Trainer Sect?

Dong Xi asked around, but there were no clues. Was this Guo Rui really from the Beast Trainer Sect?

Dong Xi helplessly grabbed Da Fu's stomach and shouted 'Big Snake' in her sea of consciousness.

"Big Snake, Big Snake, is it really okay for me to be here?" Dong Xi asked in her sea of consciousness.
"What do you need me to do next? Don't tell me I'm supposed to be sitting here just petting the cat?"

Dong Xi mumbled for a long time, but she did not get any response.

!!

On the contrary, Da Fu kept calling out. Dong thought for a moment and said to herself, "Forget it, let's go catch fish for Da Fu first."

There was a small river at the back of Fengyu Mountain. Dong Xi followed Da Fu to the river, thinking of catching a few more so that she could bribe Guo Rui later.

However, when they reached the river, Dong Xi was dumbfounded.

The fish in this river was actually a tier-3 fish?

These fish were all at the peak of the Qi Refinement realm? How could Dong Xi dare to catch more?

It would probably be difficult to catch one.

Before entering the Beast Trainer Sect, Dong Xi was worried that her spirit root might expose her identity, so she ate a medicinal pill given by her Master.

Right now, Dong Xi could only use the earth spirit root. Unfortunately, the earth spirit root was the weakest among the few spirit roots.

Dong Xi sighed and took out the fishing net from her storage bag.

He hoped that the fish here would be a little stupid. At least she could feed Da Fu.

Dong Xi threw the fishing net into the river and waited for the fish to enter the net. Then, she suddenly pulled the net back.

Dong Xi had thought that everything would go smoothly, and a hint of joy appeared on her face. At this moment, two water arrows shot out. One shot toward Dong Xi's hand that was holding the fishing net, while the other shot toward her face.

Dong Xi immediately circulated the earth spiritual energy to create a protective barrier for herself. She did not dare to take this damage head-on.

Dong Xi took the fishing net and immediately dodged it. Another water arrow shot out from the water and hit the fishing net.

The net was broken, but the fish did not die.

Dong Xi looked at the broken fishing net and sighed. She happened to see Da Fu licking its claws on a rock, basking in the sun.

Dong Xi did not dare to leave any traces behind. She put away the broken fishing net and walked to Da Fu.

Dong Xi squatted down and looked at Da Fu. Dong Xi said seriously, "It's better to teach a man to fish than to give him fish. As a cat, how can you not know how to catch fish? Come here, I'll teach you immediately."

Da Fu, "?"

Before Da Fu could react, Dong Xi carried Da Fu to the water's edge and said, "Go, use your claws to slap the fish. This way, you can eat your own food in the future and don't need to beg other people to feed you."

Dong Xi clenched her hands into fists and tried to provoke Da Fu.

Dong Xi also wanted to see what the little cat was capable of. Was the little cat a hidden big demon?

Da Fu gave Dong Xi a human-like look. The contempt in his eyes was clear.

Dong Xi noticed that the fish in the water had all fled.

This phenomenon meant that the school of fish had encountered their nemesis.

Just now, the school of fish had attacked Dong Xi arrogantly. As soon as Da Fu arrived, the school of fish fled.

This meant that Da Fu's cultivation was definitely above the grade-3 school of fish.

Dong Xi even tried to goad Da Fu. She said, "Why are you looking at me? Hurry up and do it. Do you not dare? No way! Cats are afraid of fish!"

Da Fu glared at Dong Xi and quickly jumped out. It was so fast that Dong Xi could barely see Da Fu's afterimage.

Not long after, Da Fu returned with a fish in its mouth.

Da Fu threw the fish on the ground and meowed at Dong Xi a few times, as if it was showing off.

Dong Xi snorted coldly and picked up the fish. Dong Xi said, "Very good, this fish is mine."

Da Fu protested, but Dong Xi glared back at it.

Dong Xi smiled cunningly at Da Fu and said, "I must let you know that the human heart is sinister!"

Da Fu looked at Dong Xi with an aggrieved expression. Dong Xi would not be soft-hearted, and she even provoked Da Fu to continue catching fish. She said, "Since you're so good at catching fish, go catch a few more. We'll treat it as cultivation. How about that?"

As Dong Xi spoke, she stunned the fish and prepared it by the river. She wanted to start a fire to roast the fish, but her fire spirit root was sealed, and she could not ignite it.

Dong Xi could only helplessly choose to eat sashimi. The fish in the cultivation world also contained spiritual energy, and the meat was very sweet. Unfortunately, there was no mustard or green onion, otherwise, it would have been even more delicious.

Dong Xi ate a piece regretfully. As soon as she ate it, her expression changed drastically before she could even marvel at how delicious it was.

Dong Xi spat out the residue in her mouth and saw that Da Fu had caught a fish and was about to eat it.

Dong Xi immediately grabbed a stone and threw it at Da Fu. Da Fu reacted quickly and jumped away.

Da Fu dodged the attack and instantly exploded!

“Meow!”

Dong Xi understood Da Fu’s anger. After all, she had snatched food from the cat’s mouth a few times, which really annoyed the cat.

However, they really could not eat the fish!

Chapter 330 Interrogation

Dong Xi ran to Da Fu and carried it.

Dong Xi's expression was serious as she said sternly, "Da Fu, you also ate the fish here before, right? So, you have demonic Qi on you?"

Da Fu could not speak human language, and Dong Xi could not understand Da Fu's reply.

Dong Xi lowered her head and looked at the little cat in her arms. The little cat was baring its teeth and its eyes were red.

!!

Dong Xi knew that her guess was right. If the little cat went crazy, Dong Xi would not be a match for it.

Dong Xi quickly took out two Exorcism Pills from her hidden storage ring and fed them to Da Fu. She gently stroked Da Fu and sensed that Da Fu's restlessness had quieted down again.

Dong Xi raised Da Fu and looked into its eyes. "Da Fu, listen up. I know you can understand. There's something wrong with the fish in the river. You can't eat it anymore."

After saying that, Dong Xi pondered for a moment and continued, "No, to be precise, don't eat anything in the Beast Trainer Sect."

After that, Dong Xi took out a Fasting Pill and fed it to Da Fu. She said, “Da Fu, eat this until the matter is investigated.”

Da Fu called out and did not object. It obediently ate the Fasting Pill.

Dong Xi let out a sigh of relief. This little cat was obedient. Dong Xi used the cleaning spell to clean up the place. Then, she carried Da Fu and began to investigate along the river.

Dong Xi’s perception was definitely not bad. There was demonic energy in this river.

Dong Xi went upstream to find the barrier of Fengyu Mountain.

After passing through the array, they arrived outside the Beast Trainer Sect.

Coincidentally, the place where the demonic Qi was dense happened to be inside the array.

A cool breeze blew past, and Dong Xi felt a little dizzy. Dong Rourou, who had killed her, as well as the Eldest Senior Brother, who had asked Dong Rourou to give Dong Xi a quick death, all appeared in Dong Xi’s mind.

Dong Xi felt that something was wrong. She chanted a calming sutra to calm herself down and quickly retreated.

Dong Xi had only sniffed this demonic Qi once. It was so powerful. It was really terrifying.

Dong Xi's fire spiritual energy was sealed, so she could only grab the snake's head and shake it. She said, "Big Snake, wake up quickly. Can you stop pretending to be asleep?"

Su Cheng opened his eyes and felt the world spin.

Then, he heard Dong Xi's voice. Dong Xi said, "You're finally awake. Is this the place you're looking for?"

Su Cheng did not even need to look. He was very familiar with the demonic Qi not far away.

Su Cheng transformed into his human form, his black hair draped over his shoulders as he walked towards the place where the demonic Qi was dense.

Dong Xi wanted to call out to Su Cheng, but she remembered that Su Cheng was a Demon Lord.

How could a Demon Lord be afraid of demonic Qi?

Dong Xi saw Su Cheng take out something called Dong Xi and throw it to the side. Soon, that thing disappeared.

Dong Xi saw it clearly the moment it disappeared.

What Su Cheng threw away was a photostone.

Dong Xi curiously took a few steps forward and said, "Aren't you going to seal this demonic Qi?"

"This bit of Demonic Qi is fine. Wait a minute." Su Cheng shook his head.

After saying that, Su Cheng glanced at Dong Xi. His eyes were still cold, but Dong Xi was not afraid.

"You'd better stay away from here. Don't get infected by this demonic Qi," said Su Cheng.

Dong Xi obediently retreated. She did not tell Su Cheng that there was something wrong with her spiritual aura.

Although the demonic Qi made Dong Xi uncomfortable, the demonic Qi would be exhausted after circulating the spiritual Qi for a few rounds.

After a while, seeing Su Cheng walk out of the area with dense demonic Qi, Dong Xi immediately said, "Are you trying to set a long line and catch a big fish?"

Su Cheng looked at Dong Xi. Su Cheng did not say anything. Dong Xi continued, "Strange, you are a demon, right? You didn't release this demonic Qi?"

"I don't have any demonic Qi left," Su Cheng said lightly. "How can I do such a dirty thing?"

"You're really the strangest demon I've ever seen," said Dong Xi in a low voice.

Su Cheng did not say anything. He moved his body and once again wrapped around Dong Xi's arm.

Su Cheng's voice sounded in Dong Xi's sea of consciousness. He said, "Let's go back."

Go back? Back to where?

Dong Xi pondered for a moment, and her eyes suddenly lit up. Although she knew that it was impossible, she still said, "Are you asking me to return to the Ningtian Sect?"

"Go to Guo Rui's place," Su Cheng said in her sea of consciousness.

Dong Xi shrugged her shoulders. She knew that the snake would not let her go so easily. She sighed helplessly and carried Da Fu back along the river.

What made people curious was that this time, Guo Rui seemed to know that Dong Xi was coming back.

Lying on a bamboo chair in the courtyard, Guo Rui opened the door for Dong Xi when he saw her. He said lightly, "Did you eat fish?"

When Dong Xi heard this, she stopped in her tracks and looked at Guo Rui with astonishment in her eyes!
