Chapter 341 Gritting His Teeth

Dong Xi revealed a flattering smile and said, “Big Snake You’re a good snake, aren’t you? If I do anything wrong to you, you probably... won’t get angry, right?”

Su Cheng stared straight at Dong Xi. Su Cheng’s emotions fluctuated greatly. In the next moment, Su Cheng’s figure appeared in the dense forest again.

Su Cheng’s skin was fair. When he got excited, the arteries on his neck could be seen clearly.

Dong Xi did not even need to say anything. Su Cheng could understand it with just a slight sense.

Su Cheng said, “You you’re really bold, aren’t you?”

If Su Cheng had not said it through gritted teeth, Dong Xi might have thought that Su Cheng was praising her.

Dong Xi lowered her head obediently, not daring to look at him.

The Big Snake’s inner core was in Dong Xi’s Dantian. She did not expect it to have such an effect.

Dong Xi's cultivation had been very smooth just now. The circulation and absorption of demonic Qi had also become much faster. After circulating it for three large cycles, Dong Xi realized that something was not quite right. The snake's inner core seemed to be tainted with some demonic Qi.

Dong Xi whispered, "I didn't want this to happen either. Who knew that when the demonic Qi saw your inner core, it would be like a mother seeing her baby. It would immediately pounce on you. No matter how hard I tried, it couldn't be stopped"

It was very normal to encounter accidents in the cultivation world. This little bit of demonic Qi was settled with an Exorcism Pill.

However, in the future, Dong Xi would have to be more careful when she used demonic Qi to cultivate. In this way, the giant snake's inner core would be a burden.

Dong Xi took out the Exorcism Pill and was about to consume it when she checked the inner core again and found some changes.

The Big Snake's inner core was suspended in Dong Xi's Dantian. The purple spiritual energy was like a wave, hitting the surface of the inner core again and again. Upon closer inspection, the inner core had a faint purple glow.

The demonic Qi surrounded the inner core like a dark cloud, floating with the inner core.

An idea suddenly appeared in Dong Xi's mind. It was just a little whimsical, but Dong Xi still wanted to try.

Dong Xi tried to control the demonic Qi. At first, the demonic Qi did not move at all. Dong Xi was depressed and used the purple spiritual Qi to slap the inner core.

After venting his anger, she tried again.

Su Cheng looked at the demonic Qi in Dong Xi's hand in shock.

"You" Su Cheng said.

Why could this girl use demonic energy? Where did this girl come from?

Could it be that she was also from the Demon Realm? But it did not look like it. Previously, Dong Xi did not have any demonic Qi on him. From the age of her bones, Dong Xi was only a child in her teens. She did not look like someone who had scattered her cultivation and re-cultivated.

Dong Xi looked at the demonic Qi in her hand. It changed shape according to her will and she was very satisfied.

After playing for a while, Dong Xi blinked and looked at Su Cheng. Dong Xi said, "Big Snake, can you use the power of your inner core?"

Su Cheng nodded his head. If Dong Xi was within a hundred feet of Su Cheng, Su Cheng could indeed use the power of his inner core. If she was more than a hundred feet away”

Wait a minute, Su Cheng seemed to know what this girl meant.

Su Cheng raised his hand. When he saw the demonic Qi in his hand, his expression was a little complicated.

This feeling was both familiar and strange. It was really wonderful.

It had been many years since Su Cheng had used demonic Qi, but the demonic Qi he had now was completely different from before.

If the demonic Qi in the past was a wild beast, the demonic Qi now was an obedient dog.

Moreover... There was no backlash?

Su Cheng lowered his head and pondered as he looked at the demonic energy dancing in his hand.

However, Su Cheng knew very little about family bloodlines and spirit bodies. He could not understand at all.

If Dong Xi could really tame the demonic Qi, it would be different.

Su Cheng came back to his senses and looked at Dong Xi. Su Cheng said, "Remember, don't show it in front of others in the future."

"Don't worry, I promise I won't. I'm not stupid," said Dong Xi.

If other people knew that Dong Xi could use demonic Qi, they would not let Dong Xi have a good time, be it Righteous or Demonic.

When Su Cheng heard Dong Xi's words, he frowned and said doubtfully, "You're not stupid?"

Dong Xi frowned. Su Cheng revealed an undetectable smile. He turned around and walked back. Su Cheng said, "Follow me."

Dong Xi agreed and immediately left with him. Before leaving, she immediately absorbed some demonic Qi.

However, he could not absorb too much, or else Dong Xi's spiritual energy might not be able to suppress it, and it would be easy for the demonic Qi to leak out.

The two of them returned to Guo Rui's bamboo house. This time, the fence door was closed, and so was the bamboo house door.

Dong Xi stood in the courtyard and shouted for a long time, but no one answered.

"Isn't Guo Rui not allowed to leave?" Dong Xi asked curiously. "Why isn't he here?"

At this moment, a cat's meow came from inside the house.

Su Cheng's voice sounded in Dong Xi's mind. Su Cheng said, "Then that means Guo Rui doesn't want to open the door for us."

Chapter 342 We Know

Dong Xi agreed with Su Cheng. She shouted, "Uncle-Master, I'm coming in."

How could a fenced door stop Dong Xi?

Dong Xi directly jumped over the gate and entered the courtyard.

Then, the door opened and Da Fu rushed out and jumped into Dong Xi's arms. Guo Rui followed suit.

"How infuriating," Guo Rui said angrily. "The door is closed. Can't you tell that you're not welcome?"

"We know that you have a sharp tongue but a soft heart, Martial Uncle. If you really didn't welcome us, you would have activated the restriction long ago," said Dong Xi with a smile.

Guo Rui, "..."

Guo Rui was so angry that he laughed. Looking at the little girl carrying Da Fu, Guo Rui said, "Dong Xi, you little girl, you're really like a mother. When you're begging me, you call me 'Senior Uncle' or 'Uncle Master' affectionately. After you've used me, you actually dare to call me by my name."

Dong Xi saw that Guo Rui was about to dig up old scores and immediately said, "Martial Uncle, what happened to you? Why don't you welcome us?"

Guo Rui's eyes turned red. He gritted his teeth and said, "You really don't know?"

Dong Xi shook her head with a blank expression.

"What did you do at the back of the mountain?" asked Guo Rui.

Dong Xi instantly understood. She said honestly, "Since you already know, you should understand that this has nothing to do with me."

Guo Rui clenched his fists in anger and paced back and forth at the door. He looked a little older than before. Guo Rui said, "Stop explaining. You're a nest of snakes and rats!"

"Uncle-Master, Su Cheng is a snake, but I am not a rat," said Dong Xi as she puffed out her chest.

The next second, the snake lying on Dong Xi's shoulder opened its eyes and looked at Guo Rui. Guo Rui immediately shut up.

Seeing that the scene had quietened down, Dong Xi said, "Martial Uncle, don't be angry."

Dong Xi's words were like a fire, instantly igniting a barrel of gunpowder. Guo Rui said, "How can I not be angry? You're clearly selling me out by doing this!"

Then, Guo Rui heard Su Cheng's lazy voice. Su Cheng said, "You can't go out anyway. You have to contribute something."

Guo Rui did not say anything else. Dong Xi put down Da Fu and said, "Uncle-Master, I'm reading a book at the side. If you need anything, just call me."

Dong Xi left, but Su Cheng did not.

“You have an agreement with them?” Su Cheng asked.

“How could I have the ability to do that?” Guo Rui shook his head. “Making an agreement with them is like playing the lute to a cow. Have you ever seen anyone reason with a mad dog?”

“Then why did these people let you stay here for so long?” asked Su Cheng curiously.

Guo Rui’s clan was adept in divination. They could look into the past as well as the future. However, they were not good at fighting.

For such a Guo Rui to be able to stay in a corner of the Beast Trainer Sect where demonic Qi was rampant, he must have something to rely on.

Su Cheng had already guessed something, but he still wanted to hear what Guo Rui had to say.

“This is the core of the formation,” said Guo Rui.

Guo Rui and Su Cheng had a thousand years of friendship. The two of them were able to leave the Demon Realm together because they trusted each other.

Back then, there was a passageway between the Immortal Realm and the Demon Realm. However, after the great war between the Immortal Realm and the Demon Realm tens of thousands of years ago, the mighty figures of the Immortal cultivation world sealed the passageway.

1,500 years ago, there was a crack in the barrier between the two worlds.

At that time, Su Cheng had already reached the realm of the Demon Lord. However, his Ascension path was sealed, and he could not proceed. If he stayed in the Demon Realm, no matter how high his cultivation was, he would one day be devoured by the demonic Qi.

Su Cheng went to Guo Rui to see what the future would be like. Guo Rui knew what Su Cheng was thinking then.

Guo Rui still remembered how he had answered back then. He said, "We won't know until we tried. We have to try."

The heavens had the virtue of cherishing life. Even if these people did things that were comparable to Ascending to the heavens, they were still given a chance for survival.

Su Cheng's thoughts had always influenced Guo Rui. Guo Rui also went to check the seal of the Immortal realm's mighty figure again.

In the end, they found a way to escape the seal. Guo Rui and Su Cheng agreed that the two of them would go to the cultivation world from different directions.

If anyone could reach it alive, they would try their best to find a way to Ascend.

Guo Rui did not expect that the two of them would actually come to the cultivation world.

However, the gap that Su Cheng passed through became bigger and bigger every year, allowing countless demonic Qi to enter the cultivation world. Su Cheng imitated the sealing array here and managed to block the demonic Qi.

Guo Rui had arrived at the Beast Trainer Sect through the gap. In order to resist the Mental Demons, Guo Rui used the seal to suppress the demonic Qi on his body.

This bamboo house was also the core of the array formation. How could the demons that followed Guo Rui here dare to approach?

Chapter 343 Double-Edged Sword

Even Guo Rui's cultivation was suppressed to the point where he could not use demonic energy, let alone those demons.

Su Cheng listened to Guo Rui's words and said, "Isn't this like a double-edged sword?"

Guo Rui smiled bitterly and said, "I don't want to do this either, but there's no other way."

Su Cheng looked at Guo Rui and said seriously, "Think carefully. My purpose here is to Ascend. If you continue to delay here, even if you have a long life, you will die one day. Without destruction, there will be no establishment. You are an Immortal beast, so you shouldn't use demonic Qi."

Guo Rui's thoughts were very complicated, but he did not say anything, nor could he say anything.

Su Cheng only reminded Guo Rui and did not let him make a decision. Su Cheng said, "Think about it."

Such a choice was very painful. Their current cultivation was just one step away from Ascending. Now that they had scattered their cultivation and started all over again, it was equivalent to all their years of hard work being wasted.

Guo Rui sat on the futon and pondered for the whole night.

Dong Xi had also sat outside for the entire night. She originally wanted to study how the demonic Qi would turn into purple spiritual energy after being absorbed. Could purple spiritual energy turn into demonic Qi?

However, Dong Xi had just tried and felt something strange in the bamboo house.

The demonic Qi in Dong Xi's body was attached to Su Cheng's inner core. Dong Xi allowed the purple spiritual energy to devour it at will. There was no reaction at all.

"I almost forgot that there's a formation here," muttered Dong Xi.

This array was very powerful. No wonder Guo Rui said he could not leave this place.

As the moon rose, Dong Xi did not waste any time and entered a meditative state once again.

When Dong Xi was cultivating seriously, she noticed that the unknown elements around her had increased exponentially.

Su Cheng, who had his eyes closed, opened his eyes and looked at the bamboo house.

Then, he looked at Dong Xi. Su Cheng's expression became even more complicated.

At this moment, Dong Xi was surrounded by a gray object. She was absorbing the surrounding energy crazily.

Dong Xi's spiritual energy was already circulating very quickly, and her meridians were faintly aching.

If Dong Xi had not tempered her meridians before, she would not have been able to withstand such an absorption speed.

After a night, the door of the bamboo house was opened.

Dong Xi, who was cultivating, also opened her eyes. Her eyes flashed, and she felt refreshed from the breakthrough.

Dong Xi stretched and said with a smile, "Good morning, Uncle-Master."

Guo Rui nodded.

Dong Xi felt that something was wrong with Guo Rui today. Compared to the past, Guo Rui seemed like an ordinary person.

Dong Xi scratched the back of her head. Forget it, it was normal for these big shots to return to their original state. Dong Xi had no right to ask.

Dong Xi checked her own cultivation and was instantly shocked.

"I broke through! I broke through!" Dong Xi jumped up happily.

This was not normal. Dong Xi vaguely remembered that last night, she seemed to have felt a strange energy. It was especially strong, and Dong Xi had only absorbed a small portion of it by daybreak.

However, she did not expect that this small portion would send her to the peak of the Qi Refinement stage.

Guo Rui looked at Dong Xi, who was extremely happy, and his face gradually darkened.

Su Cheng knew what had happened. Looking at the defeated Guo Rui, Su Cheng felt a little amused.

However, Su Cheng was happy that Guo Rui could let it go.

If an Immortal beast fell into the Demon Realm, it would have to cultivate demonic Qi if it wanted to escape. However, once it left the Demon Realm, the demonic Qi would be like gangrene, which was detrimental to cultivation.

Dong Xi went from the small courtyard to the bamboo forest. She performed a set of fist techniques and felt the power. She was very happy.

Guo Rui stood on the steps and watched Dong Xi practice. He was very envious.

Guo Rui's current cultivation was not even comparable to a child's

Just as Guo Rui was feeling depressed, Su Cheng appeared in front of him.

Su Cheng handed Guo Rui a small spirit-gathering array. Su Cheng said, "Take it and cultivate."

Guo Rui, "..."

Guo Rui thought, "Fine. I have a long life and good talent anyway. I'll eventually become strong again."

"Wait until you start cultivating with spiritual energy instead of demonic Qi," Su Cheng continued. "The inheritance in your body will be unlocked bit by bit."

Guo Rui was stunned for a moment and looked at Su Cheng. Guo Rui suppressed his excitement and was a little confused.

"Why didn't you say so earlier?" Guo Rui asked.

"You didn't ask me," Su Cheng said indifferently.

Guo Rui, "..."

How could he ask? Guo Rui did not even know about this.

If Guo Rui had known, he would have started to disperse his cultivation and re-cultivate a few hundred years ago. Why would he wait until today?

Su Cheng immediately saw through Guo Rui's thoughts. Su Cheng shook his head and said, "This time, it's not a Heart Tribulation for you. You have to go through it yourself."

Guo Rui stood rooted to the ground and started thinking.

Chapter 344 How Do You Know?

After a long time, Guo Rui came back to his senses and looked at Su Cheng. Guo Rui said, "How do you know? Could it be that you also have an inheritance? Since you also have one, your ancestor must be someone strong. What race are you from?"

Su Cheng's hands were behind his back as he looked at the figure jumping up and down in the distance.

Su Cheng did not say anything, and Guo Rui did not continue to ask.

"You're just hiding it," said Guo Rui. "I don't believe you can keep it a secret for the rest of your life."

After saying that, Guo Rui took the small spirit-gathering array and the praying mat into the house.

After closing the door, the courtyard returned to silence.

Dong Xi also stopped and sat cross-legged on the ground. She took out her communication jade slip and sent a message to her Master, Senior Brothers, and Senior Sisters, but no one responded.

Dong Xi also slowly began to believe that the current Beast Trainer Sect had no way of contacting the outside world.

Dong Xi sighed lightly and took out the voice transmission talisman that her Master had given her from her storage ring.

Dong Xi had asked for these voice transmission talismans from her Master. She wondered if they would be useful now.

Dong Xi folded the paper crane seriously. Watching the paper crane fly away bit by bit, Dong Xi immediately followed.

When the paper crane flew to the Beast Trainer Sect's array, it actually stopped. A moment later, it flew around like a headless fly. In the end, it triggered the secret protection device and instantly became motionless and fell to the ground.

Dong Xi frowned. Even high-grade voice transmission talismans could not fly out?

What should she do? Was she really going to be trapped? Did she have to fight with the disciples of the Beast Trainer Sect for a mission just to get out?

As Dong Xi was thinking, a sound came from behind her. Dong Xi turned around and saw Su Cheng.

“Even the voice transmission talisman can’t leave. What should I do?” Dong Xi asked subconsciously.

Su Cheng was experienced and knowledgeable. He would definitely have a way, right?

Su Cheng did not disappoint Dong Xi. He looked down at Dong Xi and spoke in a calm tone, as if he did not care about this matter.

“Stand up,” said Su Cheng.

Dong Xi looked at Su Cheng and said unhappily, “You don’t have a solution?”

“I have a way.” Su Cheng shook his head.

Dong Xi said excitedly, "Is there really a way?"

Su Cheng nodded. His long and narrow eyes carried a tsundere look as he said, "Since I brought you in, I will naturally bring you out."

When Dong Xi heard this, she became happy. He really gave off a sense of security!

"Follow me," said Su Cheng.

Su Cheng had Dong Xi change her appearance. With a wave of his hand, he took out a bunch of defensive talismans and covered Dong Xi's body. Even if Dong Xi's Master came, he might not be able to recognize her.

Dong Xi suddenly felt her body become heavy. These defensive talismans made Dong Xi feel as if she was wearing heavy armor.

However, these defensive talismans were much more useful than armor.

Su Cheng looked at Dong Xi beside him and said, "Are you ready?"

"Yes, I'm ready." Dong Xi nodded and said, "But we're leaving. Don't we need to take care of Guo Rui?"

“You’re so kind. Nothing will happen to Guo Rui,” said Su Cheng in surprise.

Even if Guo Rui had already dispersed his cultivation and re-cultivated, he still had a powerful body and the talent to know the past and the future. How could these small fries from the Beast Trainer Sect hurt Guo Rui?

Dong Xi shut her mouth. After hearing Su Cheng’s words, Dong Xi immediately understood that Guo Rui wasn’t that simple.

“Are you ready?” Su Cheng asked again.

“I’m ready!” Dong Xi replied honestly this time.

After saying that, Dong Xi widened her eyes, wondering how the snake would bring her out.

Su Cheng raised his hand and carried Dong Xi up. Then, he rushed towards the Beast Trainer’s Sect’s mountain gate at an extremely fast speed.

The mountain gate was the technique of the entire sect’s protective array formation. Su Cheng’s spell technique made the entire array a little shaky, and the mountain gate was also cracked.

Two overlapping figures flashed past. The spy from the demon race of the Beast Trainer Sect also discovered this situation and immediately sent people over to repair the array formation.

At this time, Su Cheng had already brought Dong Xi to the foot of the mountain. Guo Rui looked at the sky, especially at the slight shaking of the array.

Guo Rui did not even need to use his divination talent to know what was going on. This was all done by Su Cheng.

In the corridor outside the Skill Hall, Master Wushan immediately took out a communication jade slip and contacted the other Elders. At the same time, he ordered his disciples to carry him to the mountain gate.

Those who were closer to the mountain gate also rushed into the crack.

Very soon, the array formation was repaired. In a short 15 minutes, more than 40 people from the Beast Tamer Sect actually ran out.

Dong Xi stood at the foot of the mountain and looked at the spirit fields in front of him. She smiled and said, "We're finally out!"

Initially, Dong Xi had thought of all kinds of possibilities. She thought that Su Cheng would break the array and that he might have some kind of magic tool or high-grade talisman.

Chapter 345 Extremely Powerful

He did not expect Su Cheng to break the formation so violently.

It was truly incomparably powerful.

Dong Xi turned around and was about to praise Su Cheng when she saw that Su Cheng's expression was especially bad and his lips were especially pale.

The moment Dong Xi turned around, Su Cheng's tall body smashed toward Dong Xi. The moment he touched her, he turned back into a small snake.

The little black snake lay limply on Dong Xi's shoulder.

At this moment, Su Cheng was very similar to when Dong Xi had just picked him up. Dong Xi was quite frightened and immediately injected spiritual energy into Su Cheng's body to investigate.

There were still some toxins that had not been cleaned up on Su Cheng's body. Other than this, there were no other injuries. It was just that Su Cheng's spiritual energy had been exhausted.

Dong Xi gave some spiritual energy to Su Cheng, but found that it was not very effective. The little spiritual energy that Dong Xi had injected was like a stone sinking into the sea.

Dong Xi gave all of her spiritual energy to Su Cheng, and she ate a top-grade Spirit Restore Pill.

Although this bit of spiritual energy was not of much use, it was still better than nothing. After doing all this, Dong Xi did not dare to stay any longer. She immediately took out the Thousand-Mile Teleportation Talisman and disappeared from the spot with the little black snake.

The Thousand-Mile Teleportation Talisman could not teleport at a fixed location, so Dong Xi did not know where she would be sent to. The golden power of laws surrounded Dong Xi, and her body slowly dissipated. When Dong Xi reappeared, she saw a deep pool in front of her.

The dark green water emitted a chill that made people's hair stand on end at a glance, as if there was a huge beast here.

Dong Xi walked a little further away and took out her communication jade slip to send a message to her Master.

Dong Xi told Master Lingxu everything that the Beast Trainer Sect had discovered was wrong. At present, it was basically confirmed that the Beast Trainer Sect had been infiltrated by the demons. The demons even hid it from the seven great sects.

In Dong Xi's opinion, her Master had to quickly tell the Sect Master about this matter. He might not have time to pay attention to her for a while.

However, in the next moment, his Master's angry roar came from the jade slip. Lingxu said, "Little Xi, how did you know about these things?"

Dong Xi, "..."

She only told her Master that she went out to train. She did not tell him that she was going to the Beast Trainer Sect!

Dong Xi coughed a few times. Forget it, the more you say, the more mistakes you make.

Dong Xi sent a voice message. Dong Xi said, "Disciple knows her mistake."

"Where are you now?" asked Lingxu nervously.

"I don't know," replied Dong Xi honestly.

Then, she realized that something was wrong. Before Master Lingxu lost his temper, Dong Xi said, "Master, I ran away from the Beast Trainer Sect and used a Thousand-Mile Teleportation Talisman. I don't know where I was teleported to now. I only know that there's a very large deep pool beside me. The water in the pool is dark green and it's surrounded by very tall stone walls..."

"Go and see if there are any cities nearby. Be careful of demon beasts. If there's any danger, use the jade pendant I gave you. I will report this matter to the Sect Master now."

After Dong Xi agreed, she put away the communication jade slip and stood up from the big rock. She looked at the pond water and immediately climbed up the stone wall.

Dong Xi felt uneasy. He knew that this was because of the cultivation technique. There might really be something in this deep pool.

It was frighteningly quiet here. There were no birds or beasts, and there was not a single fish in the pond.

Now that Su Cheng was in a deep sleep, it was impossible for him to help Dong Xi. The defensive talisman that he had stuck on Dong Xi's body was not removed.

Dong Xi's spiritual energy gathered on her hands and feet, and she quickly climbed up. Her speed was very fast, and she even used some movement techniques.

However, Dong Xi had just climbed halfway when he felt a strong wind coming from behind her. She reacted quickly.

The first thing she did was to use her spiritual energy to create a protective barrier for herself, then use Ethereal Steps to quickly dodge.

The water pillar hit the stone wall, and half of it collapsed instantly.

Dong Xi did not have time to look back. She used the Earth Evasion Technique and hid inside the stone wall.

The stone wall behind Dong Xi kept collapsing. Dong Xi ran for 15 minutes, shuttling through the stone wall. It consumed more spiritual energy to shuttle through the earth.

Not long after, Dong Xi's spiritual energy was exhausted and she immediately came to the surface.

There were large trees all around, and some small spirit beasts had started to appear. Dong Xi immediately heaved a sigh of relief.

Dong Xi did not dare to stay any longer after eating the top-grade Spirit Restore Pill. She took out her flying magic tool and left immediately.

Dong Xi thought to herself, 'What exactly is in the water?'

Is it a fish?

Dong Xi did not think too much about it and took out the communication jade slip to read.

She had been in the Beast Trainer Sect for too long and had always been out of contact. No one could contact Dong Xi.

Dong Xi had only been thinking about escaping earlier, so she had not had the time to look at it. Now, she realized that there were already over a hundred messages.

Ke Xin and Chi Yan came out of seclusion and saw Dong Xi's group chat. At first, they were a little surprised, but later on, when they both had improved communication jade slips, they still did not receive a reply from Dong Xi.
