Chapter 356 Life Is Like a Play

Thank you readers!

Dong Xi sorted out her emotions and shouted, “Boss, Brother Baki!”

The girl’s voice was like a lark’s, exploding in the forest. Lone Wolf was shocked and looked back.

Baki was the first to speak. “Why are you here?”

Lone Wolf looked at Dong Xi, who was sitting on the flying magic tool. Lone Wolf was slightly stunned and said in shock, “Sister, where did you go? When we went back, we found that he was nowhere to be seen. You scared us to death.”

If the viciousness in Lone Wolf’s eyes was not so obvious, Dong Xi might have believed it.

Dong Xi sneered in her heart. Life was like a play, it all depended on acting skills. Dong Xi said with a face full of lingering fear, “Boss, just as you left, a demon beast came over and scared me. Fortunately, Senior Zhi Lang saved me.”

When Lone Wolf heard the name Zhi Lang, he became nervous. Lone Wolf said, "Senior Zhi Lang? Where is he? Why are you alone?"

Dong Xi said with a sorrowful expression, "The flood dragon is too strong. We couldn't defeat it at all. We were almost wiped out. Fortunately, Senior Zhi Lang held the flood dragon back. He let me ride his flying magical treasure back to find reinforcements."

As she spoke, she looked at Lone Wolf and the others. A smile appeared on his face as if he had just survived a disaster. Lone Wolf said, "I'm so lucky to bump into you, Boss. I don't even know where to go to get help. Big Brother, let's hurry. If we're any later... I'm afraid Senior Zhi Lang won't be able to hold on."

When Lone Wolf heard what Dong Xi said, he was very suspicious.

According to Lone Wolf's understanding of Zhi Lang over the years, how could Zhi Lang sacrifice his life for justice? One person stayed behind to hold back the flood dragon, and then ask the others to leave? Zhi Lang should have wanted everyone to be his scapegoat.

However, Lone Wolf did not suspect Dong Xi. After all, this girl looked harmless.

She was still so young and her cultivation was also low. If this girl had not seen Zhi Lang before, she would not have said such nonsense.

There might be some misunderstanding here? However, it should be true that Zhi Lang was in danger.

Lone Wolf thought for a moment and realized that this was an opportunity to befriend the forces behind Zhi Lang. Lone Wolf shouted, "Brothers, work hard. Let's hurry up and kill the Blood Moon Lightning Tiger. We'll return to the city."

With that, Lone Wolf rushed forward, each move more vicious than the last.

Dong Xi was helping from the side. From time to time, she would throw out a small fireball. It looked like it was only the size of a fingernail and did not have much power.

In the end, the Blood Moon Lightning Tiger let out a roar and died. It dropped its inner core and fur.

Lone Wolf put away the Bloody Moon Lightning Tiger's corpse and looked at everyone. Lone Wolf said, "Today, I know how much effort everyone has put in. I'll give it to you after I sell this Bloody Moon Lightning Tiger."

"Thank you, Boss," Baki and the others immediately said.

Lone Wolf waved his hand, and the earring returned to his hand. Lone Wolf put it back on and walked back with the others.

Dong Xi sat on the little turtle and said, "Boss, only one person can sit on this flying magical treasure. I can sit on it myself. I don't need Brother Baki to carry me."

After Dong Xi said that, she smiled as if she was thinking about these people.

Lone Wolf looked unhappy, but he did not snatch the flying magic tool. He said, "Forget it, let's go back quickly."

Outside the city, Dong Xi got off the magic tool and put away the flying magic tool that everyone coveted. She said that she would return it to its original owner after she rescued Senior Zhi Lang.

Dong Xi obediently followed beside Baki. She had no intention of taking paying at all.

Lone Wolf did not care about this small amount of money. Lone Wolf paid off all of their entrance fees.

After entering the city, Lone Wolf headed straight for the West District.

Dong Xi saw that Lone Wolf was so familiar with this place and knew that he had walked this way a lot. Dong Xi deliberately said, "Boss, this isn't the way back, is it? Where are we going?"

Lone Wolf ignored Dong Xi, but Baki laughed loudly.

Baki said, "Hahaha... Sister, Boss always says I'm stupid, but you're even more stupid than me. "

Dong Xi looked at Baki in confusion. She said, "Brother Baki, where do you think Boss is taking us?"

"Is there a need to ask?" Baki said confidently. He must be going to the place where the Bloody Moon Lightning Tiger is sold."

Lone Wolf, "..."

Why were all of them so stupid? Lone Wolf could not understand.

"Shut up," said Lone Wolf. "When we get there, you guys stay outside. I'll bring Sister in."

"Boss, where are we going?" Baki asked in confusion. "Why is it that Sister can enter?"

Chapter 357 The Zhao Family

Lone Wolf looked at everyone impatiently and said, "Zhao Family."

Thank you readers!

Baki immediately became much more obedient and did not dare to say anything else.

The West District was where the rich lived. There were not many families here, and every family had at least a Soul Formation stage ancestor.

It was also because of the strength of these rich families in Qinan City. For so many years, the demon beasts in the forest could be blocked all because of these rich families.

Dong Xi looked at the magnificent building in front of her and the two simple words on the plaque.

!!

‘Zhao Manor’

“Sister, be careful when you speak to Lady Cai later. Lady Zhao doesn’t have a good personality,” said Lone Wolf.

Zhao Shurou? Dong Xi felt that she had heard this name before.

Dong Xi’s memory had always been very good. Once again, she recalled the contents of the book before she transmigrated.

There were hundreds of characters in the book. Dong Xi really could not remember such a small number of characters, but he remembered Zhao Shurou.

According to the book, Zhao Shurou's cultivation was high and she had hundreds of guards.

Later on, she took a fancy to Dong Tianya, who had gone out to look for opportunities. She wanted to force Dong Tianya to submit. At this time, Dong Rourou was already at the Golden Core stage. She still had the halo of the female lead, and she had spent a lot of effort to save Dong Tianya.

Moreover, Dong Rourou had also injured her blood essence. For the sake of her future cultivation, she had taken the Deep Sea Extreme Ice Blood Lotus...

Thinking of this, Dong Xi's heart thumped.

Dong Rourou's blood essence was injured, and Zhi Lang wanted human bait just to get the flood dragon's blood. Was it related to Zhao Shurou's cultivation technique? As for the missing Miss Zhang, it couldn't be related to these things, right?

Since they were here, Dong Xi would definitely go in with Lone Wolf.

Lone Wolf stood in front of the guard and said a few words to him with a smile.

The guard didn't care about this at all. He said with a cold expression, "Wait here."

A guard walked in while Dong Xi and the others waited outside.

After a while, the guard who went in came back.

The guard looked at everyone and said, "Who is the messenger? The Lady only wants to see the messenger."

Lone Wolf immediately pushed Dong Xi out. He used a lot of strength, causing Dong Xi, who was unprepared, to almost fall.

"It's this girl who brought back the information," Lone Wolf said with a flattering expression.

Lone Wolf's performance of praising the high and trampling on the low was extremely thorough.

The guard proudly pointed at Dong Xi and said, "You, follow me."

Dong Xi obediently followed the guard and entered. After entering the door, Dong Xi felt that her entire body was being seen clearly. This feeling of not having any privacy was really unpleasant.

However, as soon as he felt this, a powerful divine sense wrapped around Dong Xi.

Dong Xi revealed a smile. This was the Big Snake's move.

Dong Xi lowered her head and followed behind the guards. They walked for a long time in the huge garden. In the middle, three people led the way. They guessed that they had arrived in front of a house.

The maid who led the way told Dong Xi to wait while the maid went in to report.

Not long after, the door opened and a charming female voice said, "Come in."

Dong Xi immediately walked forward. She did not dare to look around the room, but only stole a glance at the person who spoke.

This made Dong Xi very puzzled. The cultivation world was filled with handsome men and beautiful women. Dong Xi was about to get tired of aesthetic appreciation.

However, this woman had an ordinary appearance. It was really strange.

The woman seemed to be lazy and did not take the matter of the wolf to heart at all. The woman said, "Are you here to help the wolf deliver the message?"

Dong Xi nodded and stood there obediently. She had never been so serious in school since she was young.

“How dare you?” The maid beside the woman rebuked angrily. “You’re cultured. Why aren’t you answering?”

Dong Xi lowered her head and answered honestly, “Yes, Madam. Zhi Lang has been trapped by a flood dragon. He asked me to come back and help him find help.”

“Flood dragon?” Zhao Shurou smiled. Why did he go again? This little thing has quite a conscience. I didn’t dote on him for nothing.”

Dong Xi also figured it out. As expected, the wolf went for Zhao Shurou.

This was how the cultivation world was. The strong were respected. Regardless of whether it was a man or a woman, as long as they were strong enough, there would be people who would rely on them.

“Madam, please think of a way to save Senior Zhi Lang,” said Dong Xi. “That flood dragon is too powerful.”

Of course, it was powerful. When Zhi Lang saw it, the first thing he did was run away. However, her divination calculations showed that he was safe, so Dong Xi wanted to see what was in the deep pool.

It did not disappoint Dong Xi. The flood dragon was snow-white, had a snake face and a dragon's beard, and had a dragon horn on its head.

Dong Xi had seen it in the 'Encyclopedia of Demon Beasts in the Cultivation World'. This was the Deep Sea Flood Dragon that Dong Xi had been thinking about for a long time.

The Deep Sea Flood Dragon was known for its speed, and its combat strength was very strong. Dong Xi was able to escape twice probably because the Deep Sea Flood Dragon had just passed the Lightning Tribulation, and was weak at the moment. Otherwise, how could she have escaped?

Chapter 358 I'm Afraid He's Already Dead

The Deep Sea Flood Dragon had passed the Lightning Tribulation and reached tier-7, which was equivalent to a human Soul Formation stage cultivator.

Thank you readers!

Zhi Lang was naturally no match for the Deep Sea Flood Dragon. Previously, he had relied on the array formation and the flood dragon's recent Lightning Tribulation to obtain the blood, but it was not always that easy.

This time, Zhi Lang was lucky to have bumped into Dong Xi. Otherwise, he would have died long ago.

Dong Xi was not afraid of being exposed. With her bead necklace, she could change her appearance, and the jade pendant given by her Master, coupled with Earth Shrinking, it would definitely not be a problem for her to escape.

She was not afraid of being discovered. She could just change her clothes and appearance.

Zhao Shurou looked at Dong Xi's anxious expression and was a little surprised. Zhao Shurou said, "Girl, why are you in such a hurry?"

"?"

As a good actress, shouldn't Dong Xi be very anxious now?

That worthless Zhi Lang had no chance of surviving a Soul Formation stage Deep Sea Flood Dragon, alright?

"Madam, Senior Zhi Lang only went to get the blood for you..." said Dong Xi.

"I wasn't the one who asked him to go," Zhao Shurou said as she blew a puff of white smoke.

"?" Dong Xi was stunned. She did not expect Zhao Shurou to be a scumbag?

Zhao Shurou said again, "Alright, you don't have to worry. I forcefully raised Zhi Lang's cultivation using pills. He could have lived for thousands of years and accompanied me to live happily here. However, he

had to be jealous and use its high cultivation to cut Wuma's face... I don't know where he heard that the blood of Deep Sea Flood Dragon is beneficial to me, so he secretly brought people there."

Dong Xi's big mouth was too quick. She did not expect that this Zhi Lang was also blinded by love...

Zhao Shurou continued, "Based on Zhi Lang's cultivation, he's probably already dead. Even if I go, I can't do anything. The Deep Sea Flood Dragon has already reached tier-7..."

Dong Xi wanted to say something, but in the end, she shut her mouth.

"Alright, you can leave now. Pretend you don't know anything about this," said Zhao Shurou.

Dong Xi nodded and walked out obediently.

Dong Xi originally wanted Zhao Shurou to go over and take a look. If she could find out Zhi Lang's situation, Dong Xi could no longer use her current identity.

But now, it seemed that Madam Zhao Shurou was heartless and Zhi Lang might have to stay underground for a few more days.

That's good. When Zhi Lang comes back alive, he will give up on Zhao Shurou, right?

Dong Xi was looking forward to seeing the two of them break up. Zhi Lang had run away from home and was being sought revenge. Zhi Lang had captured so many people as bait, so he should pay the price.

When she was about to leave, Dong Xi saw a man hanging in the courtyard. His upper body was naked and covered in blood.

The man seemed to have noticed Dong Xi's gaze. He opened his eyes and glanced at Dong Xi.

Dong Xi also saw this person's face clearly. There was a scar on his face, and it was a shocking sight.

As soon as she met this person's gaze, Dong Xi immediately lowered her head and obediently followed the maid outside.

...

When they walked out of the door, they saw Lone Zhi Lang and the others. When everyone saw Dong Xi, their eyes lit up and they immediately rushed over.

Everyone was talking at once.

"Sister, you're finally out."

“You saw Madam Zhao Shurou?”

“What did Madam say?”

...

Dong Xi saw the few guards glaring at them like tigers eyeing their prey. She immediately said, “Boss, Brothers, let’s go back and talk.”

“Fifth Brother, take your sister back. We’ll go and sell the Blood Moon Lightning Tiger,” said Lone Zhi Lang.

The Fifth Brother did not want to go back. Lone Wolf glared at him and said, “Hurry up. If you dawdle any longer, you won’t get a share.”

Dong Xi wanted to say that she could go back on her own, but Lone Wolf would not agree.

Dong Xi could only bring Old Fifth to their resting place. Of course, Dong Xi did not want to go back with them.

After all, there was still a sect mission to be completed!

Just as Dong Xi was thinking about how to shake off Old Fifth, she suddenly heard a voice behind her. Dong Xi smiled.

Good timing!

Originally, Madam Zhao Shurou had let Dong Xi leave so easily, and Dong Xi was already very surprised.

From the looks of it now, they should have sent someone over to silence her.

"Fifth Brother, someone is following us," said Dong Xi softly.

Just as Old Fifth was about to turn around, Dong Xi immediately pulled Old Fifth back. Dong Xi said, "Don't look behind us. Let's split up and gather at the door."

"No, Boss told me to follow you all the time," said Old Fifth.

"We have to lure these people away. If they find out where our house is, it won't even be safe for us to stay in the future," said Dong Xi.

Dong Xi persuaded for a long time. At the next intersection, the two of them separated.

Chapter 359 Disappeared

The person behind him did not hesitate and followed Dong Xi.

Thank you readers!

Dong Xi, who was followed by the killer, obviously did not walk like a normal person, but he pulled a large distance away with one step.

The assassin split open and increased his speed, but after turning, he still lost track of her.

The killer stood at the intersection in a daze and looked around. He did not see Dong Xi's thin figure at all.

He grabbed a random person and asked if he had seen a little girl. Everyone shook their heads.

The killer frowned. How was he going to report back? Could it be that he had suddenly disappeared?

After the killer left, Dong Xi, who was disguised as a man, stood up from behind a stall.

Even a messenger needed to be killed? It was indeed impossible to be a good person in the cultivation world.

Dong Xi shook her head and sighed. Just as she was about to turn around, the stall owner in front of Dong Xi suddenly took out a knife and slashed at the stone block.

“What? You don’t want to buy my things after looking at it? You want to leave just like that?” asked the stall owner.

Dong Xi was shocked and quickly looked up. The stall owner had a fierce expression.

Dong Xi looked at the scrap metal on the stall and fell into deep thought.

Was this a forced sale? The stall owner probably thought that Dong Xi was a little girl and was easier to bully.

Dong Xi calmly sized up the stall owner and then looked at the knife on the stone block. Dong Xi said, “How many spirit stones does this saber cost?”

The stall owner did not expect Dong Xi to ask such a question and was instantly stunned. The stall owner said, “You want my saber? You really have guts.”

The stall owner casually took out a metal knife from his stall and threw it to Dong Xi. The stall owner said, "You buy this one."

Dong Xi took a look at it. It was just a blade made of ordinary iron. Even if she gave it away, she would be despised.

He came here to set up a stall and even forced people to buy and sell. Wasn't this just plain robbery? Was he afraid of the rules of Qinan City?

Dong Xi took the saber and smiled. Dong Xi looked at the stall owner and said, "I can buy it, but you have to answer the question."

"What's the problem?" the stall owner asked subconsciously.

"Have you heard of Qiao Xiaoyan?" asked Dong Xi.

"Qiao Xiaoyan?" The stall owner said impatiently. "Who is he? Is he very famous?"

"You should know how to get to the Rainbow Store, right?" Dong Xi sighed.

"That's a second question," said the stall owner.

Dong Xi took out two low-grade spirit stones and threw them to the stall owner. Dong Xi said, "Can you tell me now?"

The stall owner caught the spirit stone and sneered, "Just two? Do you think I'm a beggar?"

"If you don't want it, then forget it. Give it back to me. I'll ask someone else." Dong Xi said.

"Don't worry," said the stall owner. "There's no kind-hearted person in the entire city."

Dong Xi held the Mortal Iron Sword, turned around, and said, "It's such a big city. If I walk a little further, there will always be kind-hearted people."

"You little girl," said the stall owner. "You're so stingy. Go to the East District and take a look."

"Thanks, you're the kind-hearted person in this city," said Dong Xi with a smile.

"Get lost quickly," the stall owner waved his hand.

...

Dong Xi followed the stall owner's instructions and arrived at the East District. Soon, she found the Rainbow Store.

It was worth mentioning that Qinan City was so big, but the scale of the Rainbow Store was very small.

Dong Xi looked at the shop that was the size of a small shop in the village and fell into deep thought.

This shop did not seem like Second Brother's style, right? Qinan City was one of the five main cities of the East Continent. Such a large city should be the main place to accumulate wealth. How could they let go of such a fat piece of meat?

Dong Xi walked in curiously.

The shop was indeed not big. There were only two shelves. The two attendants in the shop leaned against the shelves and were a little sleepy.

Dong Xi knocked on the counter.

One of the attendants woke up and looked at the young man in front of him. The attendant said, "Fellow Daoist, what do you need?"

Dong Xi did not say anything and directly took out the token.

The waiter was shocked when he saw the token. He hurriedly stood up and said, "B-Boss."

They did not know what the Boss looked like. Those people said that every time the Boss came, he would look different. The workers only needed to remember the token.

Dong Xi nodded. She was a substitute, but she was still the Boss.

"Why is this place so small?" asked Dong Xi in puzzlement.

Another attendant woke up and made an inviting gesture. He said, "Please follow me."

Dong Xi followed the attendant and passed through the wall. Only then did she realize that the wall was just a smokescreen.

After passing through the array, there was another world behind it.

The room was five stories high. A graceful woman walked forward and handed the mask to Dong Xi. The woman said, "Fellow Daoist, please."

Dong Xi took the mask and heard the attendant and the woman talking. The woman became even more respectful.

The woman looked at Dong Xi and said, "Boss, please come upstairs."

Dong Xi followed the woman through the crowd. In the air, a Fairy was holding a pipa and playing it. It sounded so good, one would just melt.

Chapter 360 No Need

Thank you readers!

When they reached the top floor, a maid came forward to help Dong Xi take off her coat.

Dong Xi immediately stopped her. Although it was a little tattered, it would be useful later.

"No need," said Dong Xi.

The masked woman waved her hand, and the maid left. The woman took off her mask, revealing a face that could topple a country.

"My name is Xiao Han," the woman said with a smile. "I didn't know that the Boss was coming, so I didn't prepare in advance."

Dong Xi directly interrupted the polite conversation. Dong Xi reached the second floor and said, "It's fine. Do you have any leads on Qiao Xiaoyan?"

"Qiao Xiaoyan?" Xiao Han was stunned.

After thinking for a moment, Xiao Han shook her head and said, "I've never heard of him, but don't worry, Boss. I'll send someone to look for him now."

"Alright." Dong Xi nodded.

Dong Xi sent Xiao Han away and did not allow the maid to follow. She wandered around the Rainbow Store alone.

From afar, she saw a group of people gathered together, watching a cultivator take something from afar.

Dong Xi stood at the edge and saw that everyone was nervous for the cultivator.

There was a small hole on the side of a crystal cover. By controlling the spiritual energy, one could take out the item inside and take it for themselves.

If he took it out, it would really be too profitable.

However, it was not that easy. There was a tenfold gravity array inside the crystal cover. Moreover, the magic tools themselves were not small. If he wanted to take them out, he had to find a good angle and control them well.

The surrounding crowd started to talk.

“Old Wang, it should work this time, right? Look, the crystal is already at the entrance of the cave.”

“I’ve seen five people. This guy is the closest to success.”

“That drum seems to be a high-grade artifact. If he takes it out, he’ll make a big profit.”

“It shouldn’t be that easy. Look at this person. He’s obviously at the end of his rope. It’s too difficult to take this out.”

...

Dong Xi looked at it and felt that if this person did not adjust the angle, it would be impossible for him to take it out.

Second Senior Brother was smart. It was hard not to earn money like this.

Countless people wanted to take the bait.

At this moment, Dong Xi heard the others talking.

“Wuma is so amazing. I’ve only seen Wuma take it out before.”

“What’s so amazing about Wuma? It’s just a top-grade spirit weapon.”

“A top-grade spirit weapon is also a huge profit. See how many spirit stones a top-grade spirit weapon can be exchanged for.”

...

Wuma?

Dong Xi fell into deep thought again. She seemed to have heard this name before?

It seemed that the one who Zhi Lang was jealous of was named Wuma? Zhao Shurou's new favorite?

Dong Xi clicked her tongue. It seemed that this Wuma was more talented than Zhi Lang!

Dong Xi stepped forward and tried to get close to the person who had just spoken. Dong Xi said, "I think that Wuma is a smart person. It's definitely not easy to get a top-grade artifact. It's better to get a top-grade spirit weapon. Profit is profit!"

When everyone heard Dong Xi's words, they were shocked. They reacted and gave Dong Xi a thumbs up. One of them said, "Fellow Daoist, you're smart."

Dong Xi waved her hand and said, "I don't deserve it. I'm just a little smart. Fellow Daoists, what's Wuma's cultivation base?"

"He seems to be in the early stage of the Golden Core stage, but his control is very strong," said one of them.

The rest of the people followed suit.

"The woman who came with Wuma has a low cultivation level. She has just reached the Foundation Establishment stage."

“Hehe, in my opinion, Mama took that jade hairpin not to exchange for spirit stones, but to make that woman happy.”

“That’s right. Although that woman is wearing a mask, it can be seen that she is definitely beautiful. If we can have a night together, let alone a jade hairpin Hahaha”

...

The topic of their conversation slowly changed. Dong Xi smiled awkwardly and turned to leave.

At this moment, Dong Xi had not realized anything.

Xiao Han found Dong Xi and said that she had news of Qiao Xiaoyan. Dong Xi immediately perked up.

Dong Xi could not help but praise him in her heart. Second Senior Brother’s people were indeed powerful and efficient!

“Boss, Qiao Xiaoyan is the daughter of the Zhaofeng City Lord. Three months ago, someone saw her bring some people to Qinan City. After that, no one has seen Qiao Xiaoyan again.”

“Qiao Xiaoyan’s subordinates have all disappeared?” Dong Xi frowned and asked. “Who were they? Is there any trace that can be investigated?”

Xiao Han shook her head and said, "No. Qiao Xiaoyan's subordinate, Wuma, took a top-grade treasured jade hairpin from us with Qiao Xiaoyan three months ago. The two of them should have disappeared together. According to the rules here, if there's no news for more than three months, they either left this place or..."

The spirit fruit in Dong Xi's hand instantly fell to the ground. Dong Xi could not help but say, "This is quite a coincidence."
