Chapter 381 Foundation Establishment Pill

Although they had already passed the novice stage, inner sect disciples could still obtain a Foundation Establishment Pill when they reached Foundation Establishment. Although Dong Xi did not use it, there would be people who needed it.

Chi Yan did not need to worry. With Chi Yan's aptitude, she would definitely be able to reach the Foundation Establishment stage smoothly. It was not the same for Ke Xin. She had to prepare more or less for Ke Xin.

Dong Xi went to the Mission Hall and received the Foundation Establishment Pill.

When Senior Sister Wang Ying saw Dong Xi, she said happily, "Junior Sister, long time no see. A Senior Brother of the Sword Sect said that you went out to gain experience. I didn't expect you to come back so soon."

"I just came back," said Dong Xi with a smile. "Senior Sister Wang Ying, I haven't seen you for a few months. You've become more and more beautiful."

Dong Xi had a smile on her face. She was now much taller than when she first arrived at the sect. In the past, she was only a little taller than a table, but now the table only reached her waist.

Dong Xi had shaved her head. She had just grown a bit of hair, but her hair looked heroic.

Hearing Dong Xi's words, Wang Ying smiled and said, "Junior Sister, you're so sweet. I've been like this for decades, but Junior Sister is different every time we meet."

After saying that, Wang Ying thought that Dong Xi had come this time for the Foundation Establishment Pill. Wang Ying said, "Junior Sister, are you preparing to break through to the Foundation Establishment stage?"

Dong Xi nodded. Wang Ying praised, "Three years ago, you just entered the sect. At that time, I taught you calligraphy. I didn't expect that in the blink of an eye, you had already surpassed me. No wonder Master Lingxu insisted on taking you as his disciple. Now it seems that Master Lingxu has great foresight."

Dong Xi humbly continued to exchange a few pleasantries before taking the pill and leaving.

After leaving the Mission Hall, Dong Xi specially went to the outer sect, but she could not find Ke Xin's residence.

Dong Xi took out a jade slip and said in a voice message, "Sister, where are you?"

After waiting for a long time, there was still no reply. Dong Xi thought that Ke Xin was in closed-door cultivation and was about to leave when she received a reply from Ke Xin.

"I'm at Tuoling Peak. Sister, what's the matter?" Ke Xin said through voice chat.

“Why did you go back to Tuoling Peak?” asked Dong Xi.

Dong Xi asked casually, thinking that Ke Xin had something to do.

“I entered Tuoling Peak and became an inner sect disciple!” Ke Xin said in a voice message.

Without waiting for Dong Xi to be shocked, Ke Xin sent another voice message, “When you were away, and when you didn’t care about your good sisters, I was recruited by Elder Fu Rui.”

Dong Xi was speechless.

Dong Xi knew that she was wrong. However, when she was in the Beast Trainer Sect, there was really no signal at all.

As soon as Dong Xi came out of the Beast Trainer Sect, she immediately sent a message to Ke Xin and Chi Yan.

Ke Xin gave Dong Xi the location of the cave dwelling. In less than 15 minutes, Dong Xi had already arrived.

Ke Xin looked at Dong Xi who had suddenly arrived. She felt that there was some change in Dong Xi, but she could not tell.

Without waiting for Ke Xin to think, Dong Xi stuffed a porcelain bottle into Ke Xin's hand. Dong Xi said, "I apologize."

Ke Xin looked at the porcelain bottle and said, "What is this?"

Ke Xin was also an alchemist. Although she could not be like Dong Xi, who could concoct perfect pills every time, she could concoct many low-grade pills, so she did not have much need for pills.

Dong Xi did not directly tell Ke Xin what it was. Dong Xi smiled and said, "Can't you open it and take a look?"

Ke Xin looked at Dong Xi in surprise, then opened the porcelain bottle. After smelling the fragrance inside, Ke Xin frowned.

It was not shock, but that this medicinal pill had already surpassed Ke Xin's knowledge. Ke Xin did not recognize it at all.

"Little Xi, what's this? It seems to be of a high grade. What is it used for?"

Dong Xi was now slightly taller than Ke Xin. Dong Xi smiled and said, "Foundation Establishment Pill."

Ke Xin, “??”

Ke Xin widened her eyes in shock and said in disbelief, “I just reached the 5th level of Qi Refinement. Why are you giving me the Foundation Establishment Pill? It’s not as good as keeping it for you to use. You’ll definitely reach Foundation Establishment faster.”

Dong Xi did not say anything immediately. She removed the restriction on her body and said, “What do you think my cultivation level is now?”

At the Qi Refining stage, one could only see the cultivation of one cultivation realm higher than oneself. Ke Xin looked at Dong Xi curiously.

Ke Xin almost fell into Dong Xi’s arms. She was a little excited and a little scared. Ke Xin grabbed Dong Xi’s hand and said, “Little Xi, how did you cultivate so quickly? How long had he been out training? Tell me nicely, did you take some crooked path? Listen to me. It doesn’t matter if your cultivation is slow. If the direction is right, you will eventually increase your cultivation... If you take the wrong path, your life will be ruined. Your talent is so good, don’t take the wrong path...”

Chapter 382 Invite Me In?

Seeing Ke Xin’s earnest advice, Dong Xi said helplessly, “Invite me in? Shall we talk inside?”

Ke Xin immediately pulled Dong Xi into the cave. This place was much more normal than Dong Xi’s cave, like a normal room of a girl waiting to be married.

Dong Xi sat on the chair and casually picked up the spirit fruit on the table to eat.

“I was wondering why you suddenly became bald,” Ke Xin said anxiously. “Little Xi, are you already under the control of your Mental Demon? That’s right, are you still Dong Xi? Wait a minute, tell me two things that only you and I know?”

Dong Xi saw that Ke Xin was getting more and more ridiculous, so she immediately said, “Sister, enough is enough.”

Ke Xin was still stubborn as she stared at Dong Xi. Ke Xin’s expression was solemn as she held a long sword in her hand.

Dong Xi was speechless.

Wait, why is this girl using a sword?

Of course, now was not the time to ask this. If Dong Xi did not explain, she was afraid that this silly sister would stab her with her sword without hesitation.

Dong Xi’s face turned serious and said seriously, “When you eat roast chicken, you like chicken butts!”

Ke Xin, “?”

What is this?

Dong Xi continued, “You like a very peculiar flavor of shaved ice. When you see a good-looking cultivator, you always want his spiritual breath. However, you don’t dare to do so. During the beast tide, if you fall from the sky, you will land face first.”

...

Ke Xin immediately told Dong Xi to shut up. If she continued to speak like this, Ke Xin would not be able to look at herself properly. She said, “Alright, alright!”

As Ke Xin spoke, she picked up the dragon claw and stuffed it into Dong Xi’s mouth. Ke Xin said, “Stop talking!”

Dong Xi rolled her eyes at Ke Xin and spat out the dragon claw.

“I know too much?” Dong Xi said. “So, you want to poison me?”

“So, what exactly did you encounter?” Ke Xin asked. How did you cultivate so quickly?”

“Tell me, is it because I’m too talented?” Dong Xi said with a smile.

Ke Xin frowned and pondered for a long time. Thinking of Dong Xi’s results in the sect competition, Ke Xin nodded and said, “What you said makes sense.”

“I have outstanding talent and a bit of luck,” said Dong Xi. “This Foundation Establishment Pill is for you. Take it as my apology.”

Ke Xin did not hesitate and put away the Foundation Establishment Pill.

After that, she poured a cup of tea for Dong Xi. Ke Xin said, “This tea leaf was given to me by Master the last time I saw him. I can’t bear to take it out when others come.”

Dong Xi drank a mouthful of tea and pondered for a moment before taking out two jars of Green Bamboo Wine from her storage ring.

“Drink this, it’s good for your body,” Dong Xi said.

Ke Xin immediately took out two wine bowls. After drinking with Dong Xi, she began to talk about how to become an inner sect disciple.

In the previous competition, Ke Xin had already passed three rounds.

Ke Xin still tried her best. Elder Fu Rui also noticed Ke Xin because of this. After investigating Ke Xin, he discovered that Ke Xin actually had fire and wood dual spirit roots.

However, wood and fire were complimentary. He did not know why Ke Xin's spirit root value was so low.

Fu Rui felt that this girl was young, but she still had some tenacity, so he recruited her into the inner sect.

Ke Xin was different from Dong Xi when she entered the inner sect. She was not a closed-door disciple, nor was she a personal disciple.

She had been here for three months and had not seen her Master.

Dong Xi immediately understood what kind of life the ordinary Inner Sect disciples of the Ningtian Sect had. In comparison, Dong Xi was indeed lucky.

Dong Xi frowned and said, "Elder Fu Rui... Is he Senior Brother Rui Ming's master?"

"That's right. But Senior Brother Rui Ming is more favored than me. His cave abode is right next to Master's, and the restrictions in Master's cave abode will never stop Senior Brother Rui Ming." Ke Xin nodded.

Of course, Elder Fu Rui and Senior Brother Rui Ming had signed a contract. Senior Brother Rui Ming was probably the only demon beast that Elder Fu Rui did not need to guard against.

Ke Xin knew that Dong Xi and Rui Ming had a good relationship. Ke Xin said, "Thanks to you, Senior Brother Rui Ming came to visit me twice and asked me about your whereabouts. However, I was unable to contact you during that time."

Dong Xi thought of the message she had left Senior Brother Rui Ming, but no one had replied. "During this period of time, he didn't reply to my messages."

Ke Xin directly said, "He's in seclusion. Recently, Senior Brother Rui Ming has been so diligent that it's terrifying. Everyone says that Senior Brother Rui Ming is now extremely studious. He was influenced by you."

"Senior Brother Rui Ming is a member of the demon beast race. If we were to really get involved, I'm afraid we wouldn't be able to do anything," Dong Xi said with a smile.

When Dong Xi said this, she saw Ke Xin's expression change drastically and pushed Dong Xi out.

"Alright, you should go back too. Don't delay my cultivation!" Ke Xin said.

Chapter 383 Ruthless

The stone door closed ruthlessly, and Dong Xi was rebuffed.

Dong Xi sighed helplessly. She looked at the wine cup in her hand and shook her head.

Dong Xi turned his wrist and the wine cup disappeared.

She turned around and walked out.

Dong Xi's movement technique was even smoother than before. If one looked closely, one would realize that Dong Xi's distance with each step was even further.

!!

Dong Xi's speed was astonishing. Even when she passed by others, it would only make them feel as if a gust of wind was blowing past them.

In less than 15 minutes, Dong Xi arrived at the Library Pavilion.

She had come here often before and was already very familiar with the gatekeeping disciples.

Seeing Dong Xi come again, the disciple said enthusiastically, "Junior Sister, you're back?"

"Yeah, I just came back today," Dong Xi nodded and said with a smile.

"All the disciples have been lazy since you weren't around," said the gatekeeper. "It's better for Junior Sister to be in the sect."

"Cultivation is for oneself. Why is it for the sake of competing with others?" Dong Xi said. "It doesn't matter whether I'm here or not. Only then will you have a chance to achieve the Great Dao in the future."

When the gatekeeping disciple heard this, he smiled and said, "Junior Sister is amazing. She managed to see through the truth with just a few words."

"Senior Brother, I'm going in," said Dong Xi.

"Alright," said the disciple guarding the door. "There are more books in the library recently. If Junior Sister is interested, you can take a look."

After Dong Xi thanked him, she walked in.

Dong Xi was already in the Foundation Establishment Stage and could go up to the second floor.

However, what Dong Xi did not know was that an hour ago, Master Lingxu specially came over and placed three books in.

Dong Xi walked along the bookshelves, looking for the books she wanted.

In the end, Dong Xi stopped in front of a bookshelf. The collection here was filled with records of what he had seen and heard in the cultivation world. Dong Xi casually took out two books and looked through them. However, she did not find what she wanted.

Then, he continued to search, but there was nothing.

This book was not thick, and it was obvious that the author of this book had not been to many places.

However, he had not expected that he would receive a revelation from this book. On the 22nd page of the book, Dong Xi saw a portrait of a certain bird sitting in the middle of the book. It had golden feathers and a fiery red tail. It looked like a chicken, but it was much larger and stronger.

The strange thing was that this bird was a two-way bird, which had never been seen in the cultivation world.

When Dong Xi saw this, she immediately became nervous.

Her hands trembled as she flipped the pages. Dong Xi felt that she was very close to the truth.

The surroundings were very quiet, and only the sound of flipping pages could be heard. Dong Xi continued to read, and this was what was written in the book.

There were three small words at the top of the strokes, which seemed to be in the ancient language. After pondering for many days, she realized that these three words should be 'Divine Bright Bird'.

Dong Xi's eyes widened in shock and she closed the book.

Bright Bird?

Was it true? This little guy was actually an ancient divine beast?

At this moment, little chick ran out of the Demon Beast Bag and landed on the book.

Dong Xi sized up the little fellow. It did look like a chicken, and it only had yellow fur.

If it was really a Bright Bird, it was an existence that was even stronger than the Deep Sea Flood Dragon.

She had to nurture it! From today onwards, Dong Xi would be this little guy's food and clothing provider.

No, if it was a Bright Bird, it could not continue to be called 'little chicken'. It had to be a flashy name.

What should I call it? Dong Xi began to ponder.

In the end, Dong Xi looked at the little yellow chick in her hand and said, "How about Da Niu? This sounds very strong."

The little chick started to call out to Dong Xi. Dong Xi smiled and said, "Do you like it too? From now on, you will be called Da Niu!"

At this moment, Su Cheng just woke up and felt lucky. Fortunately, Su Cheng had a name...

Back then, Su Cheng had just been picked up by Dong Xi. What did Dong Xi call Su Cheng?

Blackie?

It sounded worse than Da Niu... Su Cheng did not know why a chicken was called Da Niu.

Dong Xi placed Da Niu back into the Demon Beast Bag. The next second, Da Niu stuck his head out and cried out a few times in dissatisfaction.

"I know you're suffering here, but I'm poor too. When Mom is rich in the future, I'll definitely find you a better place to stay," said Dong Xi.

When Su Cheng heard this, he closed his eyes helplessly.

Mom? How old was this little girl? She actually became a chicken's mother?

However, his ability to fool Su Cheng was still the same as before.

Dong Xi took the book and intended to copy it. Dong Xi's face was filled with excitement. When the disciples guarding the door saw it, they knew that Dong Xi had gained something and were very envious.

"Junior Sister, did you find what you wanted?" asked the gatekeeping disciple.

Chapter 384 Strange

Dong Xi suppressed her excitement and the fire element in her body became more active. She nodded.

After that, the gatekeeping disciple helped Dong Xi to copy it and handed it to Dong Xi.

Seeing Dong Xi leave, the gatekeeping disciple looked on in puzzlement.

Master Lingxu and Junior Sister Dong Xi were really a strange pair of master and disciple. Why did Master Lingxu let Junior Sister Dong Xi come and find him herself? Couldn't he just give it to Dong Xi directly?

Could it be that Master Lingxu did not want Junior Sister Dong Xi to know that he was secretly helping her from behind? Perhaps that was the case.

Instantly, a master who was silently paving the way for his disciple appeared in his mind.

The gatekeeping disciples were somewhat suspicious. Was Junior Sister Chi Yan really the last disciple of Lingxu?

Why did he feel that Master Lingxu treated Junior Sister Dong Xi better? Could it be an illusion?

Before the disciple could figure it out, Dong Xi had already left.

Along the way, Dong Xi was immersed in joy. When Dong Xi wanted to share it with someone, the first person she thought of was Second Senior Brother.

He opened the jade slip and had just written the words Divine Bird: Bright Bird when the communication jade slip split open.

Dong Xi was speechless.

Communication jade slip! Dong Xi's heart ached. She had been carrying the communication jade slip for so long.

At the same time, she understood that it was no wonder that the book had written about 'Divine Bright Bird' in such a way. It was completely different from the Bright Bird in Dong Xi's memories.

It was because she could not write it at all...

Dong Xi sighed. So this was a secret that could not be told.

No wonder when Dong Xi asked her master about it previously, her master refused to say anything.

Now that he thought about it, it was not that he did not want to say it, but that he could not say it at all.

Dong Xi felt like a nouveau riche. She had wealth but no one to show off to. She could only secretly be happy.

Dong Xi sighed lightly and took out her backup communication jade slip.

He activated the jade slip with a spell. Second Brother sent a voice message saying, "Junior Sister, what is it? Why did you say half of it?"

"Nothing much. I'm just asking. Have you found the person you're looking for?" Dong Xi replied.

These words were worth pondering over. Dong Xi naturally did not understand and did not ponder over them. Dong Xi directly said via voice transmission, "Second Senior Brother, what is the meaning of this? Junior Martial Sister is stupid and doesn't understand."

Song Qingfeng sighed softly, his voice filled with the vicissitudes of life. He said, "Those with bloodlines, no spirit roots. Those with spirit roots, the bloodline is wrong. I don't know where the problem is. "

When Dong Xi heard this, she could imagine the expression on Second Brother's face.

Dong Xi didn't know who Second Brother was looking for, so she just said through voice chat, "Second Senior Brother, don't be anxious. Take it slow. Perhaps these two people aren't what you're looking for?"

Song Qingfeng was silent for a moment before he said in a tired voice, "I understand."

Just as Dong Xi was about to put away her communication jade slip, another message came. She thought it was from her second senior brother, but when she opened it, it was from Senior Brother Rui Ming.

“Junior Sister, I heard you’re back?”

“Yes, I just got back today,” said Dong Xi with a smile.

“Junior Sister, are you still leaving after coming back this time?” asked Rui Ming.

Dong Xi thought of the Divine Bird, Da Niu, and felt that if it stayed in the sect, there was a high chance that it would not be able to afford it.

In addition, she originally wanted to go out and train after reaching the Foundation Establishment stage, so she naturally could not stay in the sect for long.

Her master was right. It was not peaceful outside the sect now, but there were many opportunities. Dong Xi had to go out more.

When Dong Xi thought of this, she said in the voice chat, “Senior Brother Rui Ming, I might have to go out in two days. Training outside is very beneficial for improving my mental state.”

“Where are we going? When are you coming back? Junior Sister, have you thought it through?”

“I want to go to the Void Sea,” said Dong Xi.

After a moment, Rui Ming sent a void message to Dong Xi. “Junior Sister, can you bring me along?”

Dong Xi was stunned for a moment, then she said in a voice message, “Senior Brother also wants to go? Did Elder Fu Rui ask you to go out?”

“If other places aren’t possible, the Void Sea is.” Rui Ming said in the voice chat.

Dong Xi did not understand why, so she did not ask further. She said, “I’ve already agreed to go with Brother Tie Zhu of Masked Moon Sect. Is Senior Brother Rui Ming willing to go with me?”

“That’s fine too. We can keep each other company,” said Rui Ming through voice chat.

“Alright, I’ll contact Senior Brother once I’ve decided what to do,” said Dong Xi through voice chat.

...

After putting away the communication jade slip, Dong Xi immediately ran to her Master's cave abode.

Master Lingxu did not enter a meditative state and had been quietly observing Dong Xi's movements.

Master Lingxu knew that there were many books in the library and he had already tried his best to hint at Dong Xi. Whether or not she could find the three books would depend on her own luck.

Chapter 385 Does She Know?

Soon, Master Lingxu noticed Dong Xi's arrival and a smile appeared on his face.

It seemed that this little disciple did not disappoint Master Lingxu.

Master Lingxu smiled and stood up. Dong Xi shouted from outside, "Master, master, open the door. Your little disciple is here."

Ling Xu smiled and waved his hand, revealing a thin crack in the restriction.

Dong Xi directly entered. She watched as her Master walked out, and she said, "Master, do you know what it is? But you just can't say it?"

Daoist Master Lingxu looked at Dong Xi meaningfully but did not say anything.

However, Dong Xi understood. Dong Xi bowed respectfully and said, “Master, please give me some pointers!”

Master Lingxu stroked his beard in satisfaction. It was really convenient to communicate with smart people. It seemed that Little Xi already knew what that little guy was.

Just as Master Lingxu was about to praise Dong Xi, she said, “Master, disciple has already broken through. I want to go to the Void Sea.”

Daoist Lingxu’s expression changed drastically and instantly darkened.

Dong Xi continued, “Master, I’m already at the Foundation Establishment stage. My Body Refining Tier has also reached the 5th tier. I also have the life-saving item that you gave me previously. Don’t worry. I will definitely cherish my life.”

Lingxu sighed and said, “When are you going? Are you alone?”

Dong Xi said, “I’ll be going with Senior Brother Tie Zhu and Senior Brother Rui Ming from Tuoling Peak.”

“Little Xi, tell Master the truth. What are you doing in the Void Sea?” Master Lingxu asked seriously. “The Void Sea is the territory of the sea demons. Human cultivators have no advantage there. If you can’t convince me today, I won’t let you go no matter what.”

Dong Xi's expression immediately turned serious. She said, "Master, you might not believe me, but Daoist Mo Han was the one who told me to go to the Void Sea."

"?"

Master Lingxu frowned. Master Lingxu asked in puzzlement, "Mo Han? You know Mo Han? Little Xi, lying is not a good thing."

Daoist Mo Han was weak and usually recuperated in Destiny Valley. Only someone came to ask Mo Han for a divination every month.

Little Xi had never been to Destiny Valley, so how did these two people know each other?

Dong Xi immediately raised her hand and swore to the heavens. Dong Xi said, "Master, I'm not lying. I can swear an oath."

Dong Xi bit her lip and said, "Master, I used a communication jade slip to ask about body refinement in the square. Daoist Mo Han happened to be kind enough to sell me the information. He said that if I want to find the Ice of Extreme Cold, I have to go to the Void Sea."

When Lingxu heard this, his eyes instantly widened. When Dong Xi finished speaking, he pointed at Dong Xi angrily and said, "You little girl, you must be on guard against others. Haven't you heard of it? There are all kinds of people on the communication jade slip, and you believe everything they say? You still

dare to randomly ask about body refinement? Aren't you afraid that your refinement will be ruined if you take random bad advice?"

Seeing that her Master was angry, Dong Xi immediately lowered her head and allowed Lingxu to scold her.

Dong Xi knew that her Master was saying this for her own good. If Dong Xi was really a ten-year-old child, she might have been misled.

However, Dong Xi had experienced a huge information explosion in her previous life, so she still knew how to do the basic filtering.

Dong Xi would also carefully check if the words of those people on the jade slip square were true or not.

Seeing Dong Xi's good attitude of admitting her mistake, Master Lingxu sighed and said, "Wait a minute. I'll ask Daoist Master Mo Han first. There are more and more imposters on the communication jade slip now. We should be careful."

"That's right. Master is right. I was too impulsive." Dong Xi nodded obediently.

Master Lingxu took out a communication talisman and raised his hand to form a seal. Master Lingxu said, "Daoist Master Mo Han, I am Lingxu. May I ask if you can guide my little disciple to the Void Sea?"

Dong Xi could only sigh helplessly when she saw the communication talisman in her master's hand turn into a paper crane and fly away.

Dong Xi took out another backup communication jade slip and placed it in front of her master. Dong Xi said, "Master, why don't you try this jade slip? It's really useful."

Master Lingxu took a look and turned his head. He said disdainfully, "Humph... I don't need this thing."

Dong Xi took out her communication jade slip and sent a message to her Senior Brother.

[Second Senior Brother, are you busy now?]

Soon, Song Qingfeng sent a voice message. He said, "No, I've found the place I'm looking for, but the situation is complicated. I'm still investigating."
