Chapter 391 Treasure, Not Food

Dong Xi was a little helpless.

“I’m not sick, but I pursue perfection.” Dong Xi shook her head.

When Ke Xin heard this, she immediately understood.

After that, Ke Xin looked at Dong Xi in shock. After a long time, she suppressed the shock in her heart and said, “Sister, you’re in the Perfect Foundation Establishment Stage?! ”

Dong Xi nodded.

“Sister, how did you do it?” Ke Xin asked excitedly. “Teach me? My God, Chi Yan has a Heavenly Spirit Root, and she’s only at the 11th level of Qi Refinement now. Chi Yan is so hardworking and hasn’t even reached the Foundation Establishment realm. You...”

Dong Xi could understand Ke Xin’s shock, but if she were to really talk about her experience, she would not be able to say it.

Dong Xi cultivated like the others, but her physique was special.

Dong Xi did not know how to tell Ke Xin. She said, "There's no secret. It's probably because I've had an Epiphany twice... When I was traveling, I encountered another opportunity..."

When she was in the Beast Trainer Sect, Dong Xi was really confused. Even now, she still could not understand it. She clearly did not do anything and only cultivated for a night as usual, but in the end, she broke through two minor realms in one night.

After Ke Xin calmed down, she pondered and said, "I see. I should go out and travel."

Dong Xi thought of the disciples who had died in the first half of the year and could not help but worry about Ke Xin. Dong Xi tactfully said, "Sister, why don't we wait until our cultivation level is higher and go out? It'll be safer that way."

Ke Xin knew that Dong Xi was worried about her. Ke Xin said, "Don't worry, I know what to do."

Dong Xi felt that the reminder was enough, so she did not continue.

Just as Ke Xin was about to continue refining pills, a small head appeared in Dong Xi's Demon Beast Bag. Compared to before, the little fellow's hair was even more sparse, and its entire head seemed to be much bigger.

Compared to raising chickens, this growth speed was really slow!

Da Niu came out of the Demon Beast Bag and swaggered around the alchemy furnace a few times. Finally, he jumped onto the jar that contained the discarded medicinal ingredients.

Dong Xi saw Da Niu lose his balance and fall into the jar. She immediately went forward to check, and Da Niu once again popped his head out.

One of the few feathers on his head had fallen off, and he was holding an abandoned pill in his mouth.

Seeing Dong Xi come over, Da Niu immediately ate the pill and then went back into the jar, leaving his butt outside.

Dong Xi looked on with a complicated expression.

I was wrong before. This little thing... It was easy to raise.

“Little Xi, what this is? Are you raising him?”

Dong Xi nodded.

“As expected, I still understand you.” Ke Xin smiled and said, “A chicken raised by you will taste especially delicious when the time comes, especially the chicken butt...”

“?”

Dong Xi immediately interrupted Ke Xin’s fantasy and said, “Stop having such dangerous fantasies. This little guy is a treasure.”

“Ah?” Ke Xin said awkwardly. “Treasure? So it’s not food...”

Dong Xi picked up a jar of discarded medicinal herbs and pills and said, “Think about refining pills first. I’m going out for a while.”

Ke Xin nodded, and Dong Xi walked out in a hurry.

After Dong Xi came out, he immediately went to find Senior Sister Ling Xi. Dong Xi took out a Youth Pill and secretly gave it to Senior Sister Ling Xi. Dong Xi said, “Senior Sister, it’s really hard to be on duty every day. Recently, Junior Sister received a medicinal pill. I wonder if Senior Sister likes it.”

Ling Xi was instantly stunned. This kind of thing happened every day. She also knew that Dong Xi had a favor to ask of her.

Under normal circumstances, Ling Xi should have refused. However, after hearing the latter part of the sentence, Ling Xi was unable to refuse.

“It’s said that this Youth Pill can make you stay young forever. I’m still young, so I don’t have any use for it. I just wanted to give it to Senior Sister...” said Dong Xi.

When Ling Xi heard the name of the pill, and she was unable to refuse.

Dong Xi also understood Senior Sister Ling Xi’s feelings at this moment. Dong Xi said, “Senior Sister, don’t worry. I don’t want to make things difficult for you. I just want to ask, how do you usually deal with those discarded medicinal pills in the sect?”

Upon hearing this, Ling Xi heaved a sigh of relief. “We send it to the herb garden. Although it’s a discarded pill, it still has some medicinal properties. It can be turned into fertilizer in the herb garden and nourish the spirit plants.”

“Senior Sister, can you sell me some of these discarded pills?” asked Dong Xi with a smile.

Hearing this, Ling Xi felt even more relaxed. She said, “I thought it was a big deal. There’s no problem with the discarded pills. You can just take as many as you want.”

What did Alchemy Sect lack the least? Of course, they were discarded medicinal pills. She could have as many as she wanted.

Chapter 392 Price

Dong Xi smiled and said, "Senior Sister, I might want a lot. I might want it all the time in the future. Let's discuss the price. I'm afraid that you won't be able to explain it to the sect in the future."

Seeing Dong Xi being so sincere, Ling Xi thought for a moment and said, "How about this, one medicinal pill for 20 discarded medicinal pills. Whatever tier of medicinal pills you need, you can use whatever tier of medicinal pills to exchange for them. Is that okay?"

"Deal." Dong Xi nodded happily.

Although the discarded pills had lost some of their medicinal properties, if one could be exchanged for 20, Dong Xi would still be able to make a profit.

If this continued, the pressure of raising Da Niu would not be too great.

Dong Xi immediately exchanged for 2,000 discarded pills to feed Da Niu.

Ling Xi would receive 100 tier 3 medicinal pills and could also explain to the sect.

Ke Xin refined in the pill refining room for a little more than a month and finally refined ten top-grade Water Repellent Pills.

Ke Xin excitedly called Dong Xi over. Ke Xin said, “Sisters, look! I succeeded! I refined the pill perfectly! This is the first time. I’m so awesome!”

Dong Xi had borrowed a lot of travel notes from the Library Pavilion, and most of them were about the Void Sea.

Dong Xi was immersed in the sea of books and was unable to extricate herself. Suddenly, she was woken up by Ke Xin.

Coming back to her senses, Dong Xi looked at Ke Xin.

He saw Ke Xin holding the lid of the furnace with one hand and the edge of the furnace with the other. Her face was filled with excitement.

A month had passed, and Dong Xi’s hair had grown to the length of a wolf’s tail under the insistence of using hair growth cream.

Dong Xi smiled. The stray strands of hair on her forehead fell down. Dong Xi pulled her hair back, revealing her sharp eyes.

Ke Xin was stunned on the spot when she saw Dong Xi’s appearance.

For some reason, she felt that Dong Xi and Senior Brother Song Qingfeng were becoming more and more alike. Could it be that each side of the world nurtured the other side?

Without waiting for Ke Xin to understand, Dong Xi put down the book in her hand and walked toward Ke Xin.

Arriving in front of the pill furnace, Dong Xi looked inside and indeed saw ten pills.

There were dark golden patterns on the pill and a pill fragrance. That's right, it was a perfect pill refinement.

Dong Xi gave Ke Xin a thumbs up and said, "Sister, you're amazing."

When Ke Xin heard Dong Xi's words, she became even more pleased with herself. Compared to a perfect pill concoction, Dong Xi's approval was even more important.

"I don't need to use the pills that I refined earlier," Ke Xin said. "We're sisters, so we can only use top-grade Water Repellent Pills!"

When Dong Xi heard this, she smiled and said, "Alright, then you have to work hard on refining pills. This little girl is waiting to enjoy life with you in the future."

“Sister, how many pills do you need?” Ke Xin asked with a serious expression. “I’ll quickly refine it for you. Don’t waste your time.”

“100 pills should be enough,” said Dong Xi after thinking for a moment.

Since there were only three people, 100 pills should be enough.

“Alright, give me a day. I’ll give you the pills tomorrow,” said Ke Xin.

Dong Xi nodded. Then, she took out her communication jade slip and sent a message to Rui Ming and Tie Zhu, telling them that they would set off in three days and that they should start preparing now.

The only teleportation array to the Void Sea was in the city, so they agreed to meet there.

Three days later, Dong Xi bade farewell to her Master and left the Ningtian Sect with Songsong and Da Niu.

Liu Qing would stay behind and take care of the spirit plants.

Dong Xi wanted to put the two little fellows into the Demon Beast Bag, but they were both capable, and the demonic beast bag could not hold them at all.

As soon as she put them in, the two little fellows popped their heads out. Dong Xi had no choice but to let the two little fellows stand on her shoulder.

When they were about to reach the teleportation array, Dong Xi grabbed the two little fellows in each hand and said, "The teleportation array charges according to the number of people. If you cause me trouble, I'll abandon you guys."

After saying that, he placed the two little fellows back into the demon beast bag.

It was unknown whether it was the threat or the two little fellows being sensible, but after Dong Xi arrived at the teleportation array, they did not come out to cause trouble.

Dong Xi was very gratified and successfully arrived at Fotai City.

Songsong was the first to stick her head out. Not long after, Da Niu also stuck his head out. Dong Xi lowered her head and saw Songsong's face begging for praise.

Songsong's voice rang out in Dong Xi's mind. Songsong said, "Little Xi, hurry up and praise me. This ugly guy wanted to come out just now, but I pressed him down. Isn't Songsong very powerful?"

Dong Xi touched the pine in relief and said, "The child has finally grown up. He knows how to care for others!"

Songsong's eyes lit up even more as she said, "Little Xi, this ugly fellow is disobedient. Why don't you let it go? It's fine as long as there's Songsong with you. Songsong is especially obedient!"

Dong Xi, "..."

Chapter 393 Must Earn It Back

To be honest, it was impossible for Dong Xi to set them free.

But seeing Songsong's excited face, Dong Xi still found an excuse.

"Songsong, I can't let him go," said Dong Xi. "This guy has eaten a lot of my good stuff. I have to earn it back. Otherwise, I'll lose too much."

Songsong tilted her head and thought for a long time. She felt that Dong Xi was right.

However, when she saw the ugly guy who did not have any spiritual energy fluctuations, Songsong was still very puzzled. Songsong said, "But... Can this ugly guy really earn back the money he ate?"

"Don't worry, it'll definitely work!" Dong Xi nodded.

Rui Ming watched the two of them interact and then looked at the crowd. He was a little reserved.

This was also Rui Ming's first time in a big city.

Perhaps he had been here before, but Rui Ming did not remember.

"Junior Sister Dong Xi, where are you meeting Senior Brother Tie Zhu?" asked Rui Ming.

"At the Ming Yang Teahouse on Wuji Street," Dong Xi replied immediately.

This was not the first time Dong Xi had come here. In order to sell fur, Dong Xi visited every corner of the city.

The two of them walked straight to the teahouse. This was the first time Rui Ming had seen Tie Zhu, but he recognized him as soon as he entered.

This was because Tie Zhu was too eye-catching among a group of refined cultivators.

Other people had teacups in their hands, but Tie Zhu had a teacup.

It seemed that drinking from the tea bowl was not enough, so he picked up the teapot and started drinking.

After drinking the entire pot, Tie Zhu wiped the corner of his mouth and said, "It's satisfying!"

"Junior Sister, is this Senior Brother Tie Zhu?" Rui Ming whispered.

"Let's go and take a look." Dong Xi nodded.

The two of them walked forward. Dong Xi said respectfully, "Senior Brother Tie Zhu."

Tie Zhu turned around and saw Dong Xi. It was as if he had seen his family. Tie Zhu stood up and said, "Junior Sister, you guys are finally here. Hurry up and drink some tea."

Tie Zhu picked up the teapot in his hand and prepared to pour tea for the two of them.

By the time Tie Zhu reacted, the teapot had already been emptied. He said, "I forgot. I finished it just now. It's too hot. I couldn't help it."

"It's alright, just one more pot will do," Dong Xi also said with a smile.

Dong Xi raised her hand and called for the waiter. She added a pot of tea and sat opposite Tie Zhu.

“I missed you the last time we parted,” said Dong Xi. “It’s still fun to spar with Senior Brother.”

“Our sect’s body cultivators aren’t good enough.” Tie Zhu nodded. “We don’t even have an evenly matched opponent. It’s even more boring.”

“It’s fine. When I’m free in the future, I’ll have a good spar with my Senior Brother,” said Dong Xi.

As he spoke, Dong Xi pointed at Rui Ming and said, “Senior Brother, you can also spar with Senior Brother Rui Ming.”

Tie Zhu looked at Rui Ming and said in surprise, “This brother looks frail, but he’s actually a body cultivator?”

“I’m not considered a body cultivator,” said Rui Ming with a smile. “My physique is just a little stronger.”

When Tie Zhu heard this, he said, “Just having a sturdy body is not enough. I’m already at the fourth level of Body Refining Tier. Even your small body may not be able to withstand a punch.”

As Tie Zhu spoke, he seemed to have seen a flash in the eyes of his skinny Junior Brother. Tie Zhu did not think much of it and just took it that his Junior Brother was embarrassed.

Dong Xi shook her head helplessly and said meaningfully, "Senior Brother, if you have the chance, you'll understand."

Tie Zhu still wanted to ask Rui Ming about his current Body Refining Tier level, but the waiter just happened to bring the tea.

"Sir, this is the tea you ordered," said the waiter.

Dong Xi poured tea for the three of them and started talking about the trip to the Void Sea.

"The Void Sea is at the northernmost part of the forest in Qinan City," said Dong Xi. "There are many demon beasts in the forest. With our cultivation, it's impossible for us to pass through the forest directly. It's safer to take the teleportation array."

Tie Zhu said, "Junior Sister is right. I heard that most cultivators in the Void Sea have water spirit roots. Junior Sister, you have fire spirit roots. You will be affected there."

Dong Xi had already made preparations. Water and fire were incompatible. The cultivators of the Void Sea were all on islands where fire spiritual energy was scarce. If they really attacked, Dong Xi's spell techniques would be greatly reduced.

However, so what? No matter what, Dong Xi was still a sword cultivator!

Before Dong Xi could speak, Rui Ming said, "Junior Sister, don't be afraid. I can protect you."

Dong Xi was very gratified. Tie Zhu smiled and said, "Fellow Daoist, you are still young, but you are very responsible in doing things. It suits my temper very well. Come, let's toast."

Tie Zhu raised the teacup in his hand.

Rui Ming was stunned for a moment. When he realized that Tie Zhu was looking at him, he picked up the cup and touched it tentatively.

It was good enough that drinking tea felt like drinking wine.

Dong Xi was somewhat helpless. Tie Zhu smiled and said, "Today, we're meeting at a teahouse. If it were a tavern, I would definitely get drunk with Fellow Daoist Rui Ming. "

Chapter 394 Get Drunk?

Get drunk?

Dong Xi suddenly had a feeling. He did not know if it was right to invite Senior Brother Tie Zhu to the Void Sea...

Senior Brother Tie Zhu, do you still remember what you are going to do this time?

Seeing Dong Xi Zhi's gaze, Tie Zhu felt somewhat awkward. After a moment, Tie Zhu said, "That, I was just joking. We still have to hurry later. How can we get drunk? Hehe... Junior Sister Dong Xi, when are we leaving?"

When Dong Xi heard this, she looked at Tie Zhu without any doubt. Dong Xi said, "We'll leave immediately after we finish drinking the tea."

The three of them were not slow-witted people. After drinking the tea, they went to the teleportation array.

The cost of activating the long-distance teleportation array was very high. Therefore, he had to wait for a hundred people before the teleportation array could be activated.

When Dong Xi and the other two arrived, there were already more than 60 people here. After waiting for an hour, there were finally 100 people.

One of them blew on the conch, and everyone who had a teleportation token heard the sound.

"Let's go," Tie Zhu said excitedly.

Dong Xi nodded and turned to look at Rui Ming.

Rui Ming looked excited and confused.

Dong Xi remembered that Rui Ming had said that Elder Fu Rui could not let him go to any other place except the Void Sea.

Why was this?

Dong Xi was puzzled, but in the end, she did not ask and followed everyone into the teleportation array.

The long-distance teleportation formation was naturally not as comfortable as the Thousand Mile Teleportation Talisman. It felt like taking a bus in her previous life.

Dong Xi took out a praying mat and sat down. Rui Ming and Tie Zhu sat on both sides of Dong Xi, as if they were two guardians.

Everyone closed their eyes. As the teleportation array was activated, all the runes on it lit up, and everything around them began to spin.

If short-distance teleportation was like taking a bus, long-distance teleportation was like putting a bus on a pendulum.

If it were not for the fact that cultivators had good physical fitness, they would probably have vomited until they fainted after two hours.

Dong Xi allowed herself to be led out by the crowd.

After getting off the teleportation array, the salty sea breeze blew over as she stepped on the ground.

Dong Xi narrowed her eyes and took a deep breath. She was actually a little hungry.

“Senior Martial Brothers, shall we try some seafood?” asked Dong Xi.

Tie Zhu, “...”

In the beginning, Tie Zhu thought that Junior Sister Dong Xi had asked to come together because she had a tough battle to fight. But now, it seemed like she was here for a vacation?

Tie Zhu did not say anything. Rui Ming said, “Sure.”

Tie Zhu also saw the love. As long as Junior Sister Dong Xi said it, Junior Brother Rui Ming would agree.

Tie Zhu raised his head and saw Dong Xi's eyes.

"Senior Brother, you don't like it?" asked Dong Xi.

"No, I just didn't expect that the always diligent Junior Sister Dong Xi would have such a side," replied Tie Zhu.

Dong Xi said with a smile, "Senior Brother, on the path of cultivation, there is tension and relaxation. This is the right path. Let's go, Senior Brother. Let's go buy some seafood. I'll roast it for you."

"Junior Sister, do you really know how to do it?" Tie Zhu asked in surprise.

"Junior Sister's barbecue is very good," said Rui Ming in a low voice.

"Alright, I'll be your assistant." Tie Zhu nodded.

Dong Xi looked at Rui Ming again and said, "Senior Brother Rui Ming, you can eat seafood?"

"I can eat fish," said Rui Ming.

Dong Xi was instantly relieved. It was normal for cranes to eat fish.

Dong Xi found a place to live, and Rui Ming volunteered to buy seafood.

Unexpectedly, Rui Ming went for two hours this time.

Dong Xi was a little anxious. Senior Brother Rui Ming was very fast, why had he not returned yet?

Dong Xi took out her communication jade slip and sent a message, but she did not receive any reply.

Dong Xi pondered for a moment and took out the feather that Senior Brother Rui Ming had given her when they first arrived at the sect.

Since she had never used this item before, Dong Xi followed Rui Ming's instructions and called Rui Ming three times with the feather.

However, Rui Ming had yet to return, and Dong Xi became even more anxious.

Holding the feather in her hand, Dong Xi could vaguely sense Rui Ming's direction.

Dong Xi used sand to extinguish the fire.

Then, he looked at Tie Zhu who was training his body not far away, and said, "Senior Brother, I can't wait anymore. I'm going to find Senior Brother Rui Ming. I can't be at ease if I can't contact him."

This was their first time here, and they were unfamiliar with the place. If Rui Ming met a bad person, it would be difficult to handle.

The two of them left the beach and followed the feather's guidance.

The further they went west, the smaller houses and some fishing boats appeared in front of them.

The sea breeze here was continuous. The sea breeze in the cultivation world was not as gentle as in his previous life. From the height of these houses, they could tell the cultivation and status of the cultivators here.

Chapter 395 Split Up and Search

The houses of ordinary height here would be overturned by the sea breeze. Therefore, in order to prevent the houses from being blown over, the commoners built their houses very low. They had to bend down to enter the house.

As for those who were powerful, they could design high-level protective shields. The materials used were also stronger, so the houses would be much taller.

It was for this reason that the two-story building in the middle was particularly eye-catching.

Dong Xi looked at the small building and his gaze became firm. Dong Xi could feel that Senior Brother Rui Ming was inside.

He sighed helplessly. He had just arrived here and had already found the strongest person here. What was Senior Brother Rui Ming trying to do?

Dong Xi suddenly regretted not asking clearly. If she had asked why Senior Brother Rui Ming was here, this would not have happened.

After entering the city, Dong Xi was worried that he would implicate Senior Tie Zhu. After thinking for a moment, he finally decided to go alone.

Dong Xi pretended not to know where Rui Ming was and said, "Senior brother, let's split up and search. You go there, I'll go to the other side. If you find Senior Brother Rui Ming, use the communication jade slip to contact him."

Tie Zhu did not think too much and directly said, "No problem."

Watching Senior Brother Tie Zhu leave, Dong Xi used Ground Shrinking to rush toward the central two-story building.

Dong Xi had thought that Senior Brother Rui Ming might have been caught and brought here, and that she needed to find a way to sneak in.

However, Dong Xi walked around the courtyard and found a bird in the corner.

The bird lay on the ground, looking very pitiful.

Dong Xi had seen Senior Brother Rui Ming's original body. Compared to this palm-sized one, Senior Brother Rui Ming was much bigger, but...What was happening now?

Dong Xi reached out to pick up Rui Ming and found that Rui Ming had lost consciousness.

Dong Xi was so frightened that she immediately injected some wood spiritual energy into him. When the healing wood spiritual energy circulated a few times in Rui Ming's body, Rui Ming woke up.

Dong Xi immediately left with Rui Ming and found an inn to stay in. She sent Tie Zhu the location. Dong Xi looked at Rui Ming and said, "Senior Brother, what's going on? You're in danger as soon as you arrived?"

"I feel like something's missing," Rui Ming sighed. "That thing is in the building."

Dong Xi was stunned for a moment. No wonder Elder Fu Rui had asked Rui Ming to come. It seemed that the item that Senior Brother Rui Ming had lost was extremely important.

“Senior Brother, you can tell us. We can search together. It’ll be much faster than you searching alone, right?” said Dong Xi.

Rui Ming nodded. Dong Xi continued, “Why did you faint just now? Did you fight with someone?”

“No.” Rui Ming shook his head.

“You didn’t fight with anyone. I don’t know what happened to you, but you suddenly fainted.”

Moreover, Rui Ming’s memory was missing. This was also one of the reasons why his cultivation had not improved for many years.

“Then do you know what’s missing?” Dong Xi frowned.

Rui Ming still shook his head. Dong Xi said, “Presumably, Senior Brother is here to find that thing, but this matter needs to be discussed in detail. If Senior Brother wants to take any action, it’s best to let me know.”

"Alright." Rui Ming nodded.

...

The two of them had just finished discussing when Tie Zhu ran back.

Tie Zhu rushed in anxiously. Seeing that Rui Ming was fine, Tie Zhu immediately heaved a sigh of relief. Tie Zhu said, "Little Brother, where did you go? Are you lost?"

Rui Ming's face was a little red. He lowered his head and said, "Yes, I got lost."

Tie Zhu immediately laughed. "It's okay. If we need to buy anything in the future, I'll go buy it. Don't run around."

As soon as the three of them met, it became lively outside.

Dong Xi looked at the closed door, but Tie Zhu had already opened the door and stuck his head out. Tie Zhu shouted towards the outside, "Fellow Daoist, what did you guys talk about? What's the commotion?"

"Miss Shangguan is throwing the embroidered ball!" The person outside said.

“What?” Dong Xi blinked and said. Throwing embroidered balls?”

Tie Zhu was indeed the strongest talker in the cultivation world. Tie Zhu directly asked, “Isn’t throwing embroidered balls a gimmick in the mortal world? How come there are people in the cultivation world who play like this?”

“Are you all outsiders?” asked the person from before. “I can’t really explain it. You should ask someone else, I’m in a hurry to snatch the embroidered ball.”

...

The originally bustling inn suddenly quieted down, as if people were hollowed out.

Dong Xi called the attendant over and gave him a handful of low-grade spirit stones. Dong Xi smiled and said, “Attendant, if you can answer my question, these spirit stones are yours.”

There were seven or eight pieces of spirit stones. To the attendant, it was a lot!
