

## Above All 421

### Chapter 421 Is My Time Coming to an End?

Dong Xi thought, 'Does Shangguan Yun'er know that the heart in her body actually belongs to someone else?'

Shangguan Yun'er noticed Dong Xi's strange gaze. Shangguan Yun'er said, "Husband, why are you looking at me like that?"

Only then did Dong Xi come back to her senses and put Shangguan Yun'er's arm under the blanket.

"Madam..." Dong Xi replied in a superior manner.

However, before she could continue, Shangguan Yun'er interrupted Dong Xi. Shangguan Yun'er said, "Husband, is my time coming to an end?"

Dong Xi was stunned for a moment before looking at Shangguan Yun'er.

Shangguan Yun'er's face was pale, but her eyes were exceptionally bright.

Seeing that Dong Xi did not say anything, Shangguan Yun'er sighed and said, "Husband, I know I'm about to die. Can you do me a favor?"

Dong Xi's mood was very complicated, but she still said, "What is it?"

Shangguan Yun'er turned her head, blood flowing out from the corner of her mouth.

Shangguan Yun'er wiped her face with a handkerchief and said, "I want to find someone."

"Who?" asked Dong Xi in confusion.

"I don't know what his name is, nor do I know what he looks like..." Shangguan Yun'er said.

"How do we find him?" Dong Xi frowned.

"This person has my jade pendant on him. It was left behind by my mother. Back then, I had someone secretly send him away and leave it for him..." Shangguan Yun'er said.

It was just two short sentences, but Shangguan Yun'er seemed to have used up all of her life's energy.

"I'm dying," Shangguan Yun'er said, clutching her heart. "But I hope I can return his heart to him before I die."

Dong Xi was a little surprised. Then, she pretended not to know anything and said, "Heart?"

Shangguan Yun'er nodded and said, "That's right. I should have died ten years ago. Because of his heart, I lived for another ten years. I've always wanted to return it, but I couldn't leave the Shangguan Residence..."

A dying person's words were kind. Dong Xi looked at Shangguan Yun'er's pale face and thought about how much pain Senior Brother Rui Ming had endured because his heart was stolen by these people.

At this moment, Dong Xi recalled that moment when she was stabbed to death again. She understood how Shangguan Yun'er was feeling...

Dong Xi's eyes slowly turned gloomy. Dong Xi looked at Shangguan Yun'er and said, "I'll bring you to him."

As soon as they left the door, Little Yue stopped the two of them. Little Yue said, "Young Master, where are you bringing the Young Miss?"

Dong Xi looked at the anxious Little Yue and said, "It has nothing to do with you."

"Young Miss is seriously ill," Little Yue said. "She must recuperate in the mansion. If you take her out, will you be able to bear the consequences?"

Dong Xi raised her eyebrows and said meaningfully, "What a loyal servant. Are you stopping me now because you're worried that something might happen to the Young Miss, or are you afraid that something might happen to you?"

Dong Xi stared straight at Little Yue. Little Yue seemed to have been seen through and started to avoid her gaze.

Dong Xi carried Shangguan Yun'er and went around Little Yue, continuing to walk outside. Little Yue regained her senses and hurriedly chased after her.

"Young Miss, Young Master, could it be that you're willing to see the 200 people in the mansion die with you?" Little Yue asked.

Little Yue's eyes widened and were bloodshot.

His expression was also very complicated. She was a little angry, worried, and... afraid.

Dong Xi stopped and looked at Little Yue, who had a twisted face, and said, "You are all alive to help prolong Yun'er's life, right? Do you think you'll be fine forever just because the knife isn't on your head? Naive!"

Dong Xi continued to walk out. Little Yue wanted to stop her, but she realized that she could not catch up.

Little Yue was also a cultivator, so she immediately saw that Dong Xi's movement technique was extraordinary.

Dong Xi carried Little Yue out of the mansion's gate and flew directly to the seaside.

Shangguan Yun'er heard the sound of the waves and tried hard to open her eyes.

Speaking of which, it was quite funny. Shangguan Yun'er grew up on the island, but this was her first time going to the seaside.

"Husband, where are we going?" Shangguan Yun'er asked.

Dong Xi did not say anything. She took Shangguan Yunrui to the flying device and flew toward the island.

Placing Shangguan Yun'er on the reef, Dong Xi took out her communication jade slip and sent a message to Senior Brother Rui Ming, but there was no reply.

Dong Xi thought for a moment, took out the feather, and said in a low voice, "Senior Brother Rui Ming, where are you? Can you hear me?"

...

She repeated it a few times, but there was still no response. Dong Xi immediately panicked.

Previously, Dong Xi had gone to the entrance of the Shangguan Residence to pick up Senior Brother Rui Ming when something happened to him. This time, could Senior Brother Rui Ming have met with an accident again?

Shangguan Yun'er sat up from the reef and said, "Husband, did something happen?"

Dong Xi did not say anything. She kept the feather and went directly to Shangguan Yun'er.

Chapter 422 The Black Wind Is Here

Shangguan Yun'er looked at Dong Xi curiously. She saw Dong Xi circling around the reef a few times and then shooting out a stream of spiritual energy. However, there was no abnormality.

Dong Xi was even more confused. What was going on?

Dong Xi looked at the sea and frowned, not thinking about the possibility of finding the entrance in the sea.

At this moment, a fishy wind suddenly blew, and the sky began to turn black.

Dong Xi did not realize the seriousness of the matter. Shangguan Yun'er said, "The Black Wind is here. Husband, let's leave quickly."

Before Dong Xi came to the Void Sea, he had read the information and knew about the Black Wind here. However, Dong Xi had no intention of leaving.

Dong Xi ate a Water Repellent Pill, then fed one to Shangguan Yun'er. She carried Shangguan Yun'er and jumped in.

Shangguan Yun'er was not mentally prepared, and she did not know how the pill worked. The moment she entered the sea, Shangguan Yun'er's heart almost stopped beating.

However, just as Shangguan Yun'er thought that Dong Xi wanted to commit suicide together with her... She suddenly discovered that she could actually breathe in the water!

It seemed that her husband had already prepared the Water Repellent Pill beforehand.

Even in the water, there was no way to completely avoid the Black Wind.

Dong Xi propped up an earth elemental protective shield and carried Shangguan Yun'er to the bottom of the island to find the entrance.

Shangguan Yun'er suddenly felt something strange. She pulled Dong Xi's hand with a little force and pointed in a direction.

Dong Xi paused for a moment and swam toward the direction Shangguan Yun'er pointed out.

The waves crashed against the rocks, and the sound could be vaguely heard in Wind Valley.

...

Rui Ming felt like he was half-awake, he seemed to hear someone say: "Senior Brother, Senior Brother, where are you?"

Rui Ming could tell that this was Dong Xi's voice, and he subconsciously let her in.

Then, Rui Ming fell into a deep sleep again.

The Black Wind struck, and the seawater was also extremely chaotic. Dong Xi could not see anything clearly.

Dong Xi was thinking about whether she should hide in the soil when the seawater in front of her suddenly boiled and a vortex appeared.

This was probably the entrance to the Secret Realm. Dong Xi immediately brought Shangguan Yun'er inside.

Not only was it painful, but it was also a lingering fear.

Dong Xi just stepped into the Secret Realm, and she found herself staring down a cliff. If she took a step forward, she would fall down.

Behind Dong Xi, a group of people was watching, making Dong Xi feel like an animal in a zoo.

Dong Xi endured the pain and stood up, pretending to be unfathomable. She turned around and looked at the people behind her. Before she could say anything, someone immediately said, "Who are you? How did you get in?"

"What?" Dong Xi chuckled. "Why can't I get in?"

At this moment, Dong Xi discovered that there was a restriction between the two sides.

It seemed that he was very lucky when he came in just now and fell into the restriction.

When everyone heard Dong Xi's words, they were speechless. Someone said, "Nonsense. If I could go in, why would I be outside? Hurry up and tell me, do you have the key to the restriction?"

Dong Xi shrugged and pretended to be innocent. "What key? Since you can't come in, it means that your strength is not enough. Just accept your fate. The treasures here have no fate with you."

"Stop talking nonsense!" one of them said angrily. "We're all at the Soul Formation stage. Why are we not strong enough?"

Dong Xi, "..."

No wonder she could not find the entrance before. It turned out that the lowest cultivation level to enter this place was at the Soul Formation stage?

Dong Xi's heart sank. The people outside were all at the Soul Formation stage. Moreover, in this place, even Soul Formation Stage cultivators could not guarantee that they would be able to escape unscathed. Dong Xi was only at the Foundation Establishment stage...

Although she did not feel good, she remained calm and did not panic at all.

In any case, these people could not enter, which meant that it was impossible to break this restriction.

In that case... Dong Xi was still safe.

With that thought, Dong Xi continued to act cool.

Dong Xi laughed coldly with some disdain. She said coldly, "Soul Formation stage? Could it be that there's no one above the Soul Formation stage?"

When everyone heard Dong Xi's words, they were stunned. Their expressions were extremely complicated. Was this the saying that there was a mountain beyond the mountain?

Of course, smart people knew what was going on.

"She must be a Senior!" One of them cupped his fists and said. "Since Senior can enter, I wonder if Senior can give me some face and make a deal with me?"

Hearing this person's words, Dong Xi's interest was immediately piqued. Dong Xi said, "Hmm? How?"

"It's said that there are Wind-Swallowing Stones in this Secret Realm. If Senior can bring some out, I can buy them at a high price," said the person immediately.

Wind-Swallowing Stone?

This was a good thing. It could be used to forge a flying magic tool. Whether it was a sword or a magic tool, if a Wind-Swallowing Stone was added to it, it would increase its speed!

Chapter 423 Ghost Cultivator

If the Wind-Swallowing Stone could be added to the sword, it could even have one or two more Sword Qi when attacking. The Sword Qi of a high-level cultivator was not easy to block.

In fact, even the Soul Formation stage would value the Wind-Swallowing Stone very much. Of course, this was a treasure.

Of course, business was not a problem, but all of this would have to wait until she found Senior Brother Rui Ming.

Dong Xi took out a fan and mimicked Su Cheng, saying, "Wait until I'm free."

Seeing that Dong Xi did not refuse, everyone had a glimmer of hope and immediately smiled.

Dong Xi swept her gaze across the crowd and said, "Other than me, did anyone else enter?"

First, she had to confirm if there were any other opponents inside. If there were really any masters of the Soul Formation stage or the Mahayana stage, Dong Xi would probably die instantly.

“Senior, no one went in before you, but a demon beast did,” said one of them immediately.

Dong Xi’s heart skipped a beat. Could it be that Senior Brother Rui Ming was injured by a demon beast?

“What demon beast?” Dong Xi immediately asked.

“Crane,” said the man.

Dong Xi, “...”

That’s good. It’s fine now.

“Thank you for informing me, Fellow Daoist,” said Dong Xi.

After saying that, Dong Xi turned around and was about to go down to take a look.

However, just as Dong Xi turned around, someone suddenly said in surprise, “Senior, are you from the Song family?”

Dong Xi raised her eyebrows and said nothing. She just picked up Shangguan Yun'er and jumped off the cliff.

The action of jumping down was very handsome, and the posturing was very accurate. In order to maintain a profound image, Dong Xi had no choice but to do this. However, Dong Xi did not have the ability to walk in the air.

After a period of free fall, Dong Xi hurriedly took out her flying magic tool and injected spiritual energy into it.

When she stepped on the flying magic tool, Dong Xi heaved a sigh of relief. She was still alive.

Dong Xi saw that Shangguan Yun'er had fainted, so she no longer carried her like a princess. This was very uncomfortable, so Dong Xi directly carried Shangguan Yun'er on her shoulder.

After flying all the way to the entrance of the canyon, Dong Xi saw a dazzling array of crystals and was instantly shocked.

So... Senior Brother Rui Ming really had a mine at home.

Dong Xi was greedy, but these belonged to Senior Brother Rui Ming, so Dong Xi would not touch them.

Dong Xi collected her thoughts. Just as she took a step forward, a sharp wind blade attacked her.

A piece of Dong Xi's shoe was cut off, and even her toes were exposed.

Knowing that she could not enter, Dong Xi simply sat on the spot and began to take Shangguan Yun'er's pulse.

Shangguan Yun'er's heart was still active, but it was not as energetic as before.

If one had to describe it, it was a dying struggle.

Dong Xi could also sense that the wood spiritual energy was somewhat useful to Shangguan Yun'er, so she immediately injected wood spiritual energy into Shangguan Yun'er.

Perhaps it was because of the wood spiritual energy, Shangguan Yun'er slowly woke up.

Shangguan Yun'er saw the scene around her change again, but the person beside her remained the same.

Shangguan Yun'er also noticed that something was not right with Dong Xi today. Shangguan Yun'er said, "Husband, are you looking for the Senior Brother we saw that day?"

Dong Xi looked at Shangguan Yun'er. Shangguan Yun'er said with a bitter smile, "I knew it. After I saw him that day, my heart started beating abnormally."

"That's right, this heart belongs to my Senior Brother," said Dong Xi.

Shangguan Yun'er lowered her head, wanting to say something, but she could not. In the end, she could only say, "I'm sorry."

Dong Xi stopped looking at Shangguan Yun'er and said, "No need to apologize to me. Tell my Senior Brother when you see him."

Shangguan Yun'er leaned against the crystal, tears flowing out of her eyes. Shangguan Yun'er said, "If only I had known you ten years ago."

Ten years ago, Shangguan Yun'er was still using her own heart. If she knew Dong Xi back then, and knew that it was possible to enter the Dao through the cultivation of paintings, Yun'er would definitely give it a try.

However, now...It was too late.

This was probably the reincarnation of the Heavenly Dao, right?

Shangguan Yun'er had just seen hope when reality gave her a hard slap, making her despair.

Looking at Shangguan Yun'er's pitiful appearance, Dong Xi recalled.

Ten years ago? What was Dong Xi doing at that time?

She seemed to be memorizing the multiplication table in school?

If he had really met Shangguan Yun'er ten years ago, Dong Xi would not have been able to save Shangguan Yun'er...

Seeing the sad Shangguan Yun'er, Dong Xi felt that she should say something, but she did not know what to say.

Words were useless in the face of death.

Dong Xi pondered for a long time before she said, "Madam, have you thought about it before... Becoming a ghost cultivator?"

The effect of this sentence was very good. Shangguan Yun'er immediately stopped crying and looked at Dong Xi. Shangguan Yun'er asked in puzzlement, "Ghost cultivator?"

Chapter 424 Time

"I can't guarantee that." Dong Xi nodded and said, "At least there's a way now. Listen to it first."

Shangguan Yun'er nodded and looked at Dong Xi. Dong Xi's expression was extremely solemn.

Dong Xi continued, "Not every soul can become a ghost cultivator. You are a mortal. After death, your soul will definitely enter the cycle of reincarnation. If you want to leave your soul in the world without going into the cycle of reincarnation, you need some special methods. Your father should have a way to do that."

When Shangguan Yun'er heard this, she immediately frowned. Shangguan Yun'er said, "My father said this before. But... What would happen if I leave my soul behind? If I don't enter reincarnation, my soul will dissipate sooner or later."

"Don't you just want ten years?" said Dong Xi. "It shouldn't be difficult for Father-In-Law to keep your soul for ten years. This way, you will have ten years. Whether you can step into the Dao will depend on your comprehension."

As for whether or not she dared to take a gamble, it would depend on Shangguan Yun'er's choice.

Shangguan Yun'er did not continue to say anything and closed her eyes.

Shangguan Yun'er knew the answer. She did not even need to think about it.

Cultivation was Shangguan Yun'er's obsession. Even if her soul was destroyed, as long as there was a chance, Shangguan Yun'er would not let it go.

Dong Xi did not say anything else. She sat down and started to recover her spiritual energy.

During this period of time, Dong Xi suddenly discovered that the absorption of spiritual energy became very smooth, and it happened after she soaked Shangguan Yun'er in the medicinal bath.

Dong Xi was extremely curious. The medicinal bath that Shangguan Patriarch had prepared for Shangguan Yun'er was definitely the best, but what exactly was this medicinal bath? How effective could it be?

Dong Xi opened her eyes and looked at Shangguan Yun'er. Dong Xi said, "Madam, do you know what the effect of the medicinal bath is?"

Shangguan Yun'er looked at Dong Xi. There was something in her eyes that Dong Xi could not understand.

"Did I ask something I shouldn't have?" Dong Xi frowned.

"The medicinal bath is to allow my broken body to better fuse with my heart," Shangguan Yun'er shook her head and said.

Dong Xi, "... So that's how it is."

Dong Xi had transmigrated here, so her compatibility with her spiritual roots was a little low, so her cultivation was slightly blocked.

In the end, he accidentally soaked Shangguan Yun'er in the medicinal bath and the blockage was gone?

When she got out, she would ask the Shangguan family for the recipe of the medicinal bath.

After Dong Xi finished speaking, she looked at Shangguan Yun'er and discovered that Shangguan Yun'er had shut her eyes, her chest no longer moving up and down.

Dong Xi panicked. Was she dead?

Dong Xi immediately stood up and walked to Shangguan Yun'er's side to take her pulse.

Oh no, she really had no pulse.

Dong Xi immediately patted Shangguan Yun'er's arm. Dong Xi said, "Madam, wake up quickly. Didn't you want to become a ghost cultivator? Are you really willing to leave like this? Madam, if you die, what should I do? How am I going to explain this to Father-In-Law?"

...

The two of them were chatting just now. How can she die just like that?

Dong Xi suddenly thought of something. She found a Universe Regeneration Pill that Second Senior Brother had given her in her storage pouch and immediately fed it to Shangguan Yun'er.

This medicinal pill ignored levels and had the effect of reviving the dead.

However, after feeding the pill, Dong Xi waited for 15 minutes, but Shangguan Yun'er still did not react.

Shangguan Yun'er could also sense Dong Xi's actions, but it was as if she was being restrained by something.

Shangguan Yun'er could clearly feel that the life force in her heart was draining away, but there was nothing she could do.

The feeling of waiting for death was so uncomfortable.

Finally, a ray of light appeared in the canyon. Dong Xi discovered something and immediately performed CPR on Shangguan Yun'er. She even looked into the distance when she had time.

This power...

It was a little familiar yet unfamiliar.

"Senior Brother, is it you?" Dong Xi muttered to herself.

When the light in the distance disappeared, Dong Xi seriously performed CPR on Shangguan Yun'er.

Dong Xi did not believe that theologian science could not save Shangguan Yun'er's life.

After another 15 minutes, the feather in Dong Xi's storage pouch suddenly came out by itself.

This feather was originally ordinary, but at this moment, it actually emitted a faint light.

"Junior Sister," said a man's voice.

Dong Xi was stunned. This voice sounded quite familiar.

“Senior Brother Rui Ming?” Dong Xi immediately asked.

Rui Ming said, “Ha... Wait for me here, Junior Sister.”

As soon as he finished speaking, the feather fluttered down again.

Dong Xi immediately caught the feather and put it away again.

After being stunned for a moment, Dong Xi started to perform CPR on Shangguan Yun’er again.

What Senior Brother Rui Ming said was nonsense. If Dong Xi did not wait here, where else could she go?

Dong Xi could not break into the Wind Formation in front of her, nor could she deactivate the restrictions behind her.

Chapter 425 You’re Senior Brother Rui Ming?

Rui Ming did not let Dong Xi wait for too long and quickly arrived in front of Dong Xi.

“Junior Sister,” said Rui Ming.

Dong Xi heard the sound and looked up. She saw Rui Ming casually stepping into the wind blades and flying out.

Those terrifying wind blades seemed to be very obedient under Rui Ming's feet. They did not seem to have any lethality at all.

Of course, this was not important.

Dong Xi looked at the man in front of her and fell into deep thought.

'This... is Senior Brother Rui Ming?'

Rui Ming was wearing a white raincoat and had a golden crown on his head. His figure was slender and he looked like he was floating in the air.

"Are you Senior Brother Rui Ming?" Dong Xi asked in shock.

Was it that Senior Brother Rui Ming who was about the same height and had a chubby face?

How did he grow up so quickly?

"If I treat you to smoothies when we get back, will you acknowledge me as your Senior Brother?" Rui Ming said helplessly.

Smoothies? This guy must be her Senior Brother Rui Ming.

Dong Xi did not say anything. Rui Ming said, "What's wrong? Back then, we agreed that you would pay for my future cultivation of medicinal pills. Does Junior Bister want to go back on her word now?"

Dong Xi, "..."

It was Senior Brother Rui Ming, there was no mistake.

"Senior Brother, it's really you. Are you alright?" Dong Xi asked excitedly.

Rui Ming shook his head and looked toward Shangguan Yun'er. Rui Ming said, "I'm fine now. But looking at you, you seem to be in trouble."

"Senior Brother, I think you should know everything by now. I brought her here because she wants to return your heart to you before she dies," Dong Xi sighed and said.

Rui Ming looked at Shangguan Yun'er indifferently. Rui Ming said, "It's okay. What should be taken back has already been taken back."

Dong Xi looked at Shangguan Yun'er who was lying on the ground and stopped performing CPR. She did not know that there was no point in performing CPR. Dong Xi said, "Senior Brother, you mean... Is she dead?"

"There's still a chance of survival." Rui Ming shook his head.

Dong Xi also felt somewhat emotional. In Shangguan Yun'er's entire life, the most correct thing she had done was to secretly let Senior Brother Rui Ming go.

"Senior Brother, can she hold on until she goes back to see Shangguan Patriarch?" asked Dong Xi.

"Sure," Rui Ming nodded. "But I'll be honest. Even if she goes back, she won't be able to last long."

Dong Xi told Rui Ming about her initial thoughts. She said, "Senior Brother, do you think this method will work?"

Rui Ming's expression was a bit complicated. Rui Ming looked at Dong Xi and said, "Just ten years?"

"Maybe not even ten years." Dong Xi nodded.

"I still need a maid," Rui Ming said after thinking for a moment. "If this girl is willing to serve me, I can save her life for ten years."

For some reason, when Dong Xi heard Rui Ming speak like this, she felt a little strange, but she also trusted him more.

Dong Xi said, "Senior Brother... Don't you hate her for taking your heart?"

This stupid Senior Brother, his heart was taken away, could he still be so kind to her? Dong Xi looked at Rui Ming, and her heart ached a little.

Rui Ming shook his head and said, "This matter is my fate. If I hadn't met Shangguan Patriarch that day and let him take my heart, I might not have been able to live. It was Shangguan Patriarch's greed that allowed me to live in another way. As for Shangguan Patriarch... Everything he did will be punished in other ways."

Dong Xi was a little confused. After thinking for a moment, she said, "Are you saying that this is a blessing in disguise?"

"No, it should be." Rui Ming shook his head. "It's a blessing, not a curse. If it's a curse, it can't be avoided."

Dong Xi looked at Rui Ming as he spoke, and at the same time, she pumped some spiritual energy into Shangguan Yun'er's heart.

The shackles that bound Shangguan Yun'er instantly disappeared, and Shangguan Yun'er regained control of her body.

This was not the end. Rui Ming picked up the wood element crystal from the ground and placed it on Shangguan Yun'er's chest.

Dong Xi was shocked. Shangguan Yun'er also sensed that her limbs had regained strength.

Shangguan Yun'er tried to move her wrists and ankles, and she could actually move them.

Just as she was about to sit up, she heard Rui Ming say, "Go and pick up some crystals. As much as you can pick up, you can live for as long as you want."

Shangguan Yun'er, "..."

At this time, Shangguan Yun'er could not care less about her identity as a Young Miss. As long as she could live, so what if she needed to pick up some crystals?

Dong Xi looked at Shangguan Yun'er who was still lying on the ground a moment ago and came back to life. She now had more trust in what Senior Brother Rui Ming had said. Rui Ming guaranteed that Shangguan Yun'er could live for another ten years. Dong Xi believed him even more.
