

Above All 431

Chapter 431 Where Did You Learn It?

Now that Songsong said this, those who did not know would think that Dong Xi had done something shameful.

The main thing was, where did Songsong learn such things? There were such open-minded Senior Brothers and Sisters in the Ningtian Sect?

Dong Xi was starting to doubt her life, but it did not affect Songsong's discipline. Dong Xi said, "You'd better be careful. If you spout nonsense like this in the future, be careful..."

Without waiting for Dong Xi to finish speaking, Songsong released Da Niu's hand. Songsong covered his eyes and said, "No, you can't let Songsong go. Songsong is very obedient."

Da Niu was suddenly released. He flapped his wings a few times, but he could not fly at all and fell to the ground.

Dong Xi quickly caught Da Niu and immediately heaved a sigh of relief.

It was a surprise but not a danger.

Dong Xi rubbed Songsong's head. Seeing Songsong raise her head, Dong Xi gave Songsong a spirit fruit and said, "Songsong, listen to me. Go and remove the restriction at the door."

When Songsong heard this, her eyes immediately lit up. Songsong said, "Songsong has finally found a task to be useful with."

Songsong jumped down from Dong Xi's body. Just as she raised her hand, she suddenly stopped and looked at Shangguan Patriarch. Songsong said, "Don't look. I'm ready to perform."

Shangguan Patriarch could not understand the beast language, so he had no idea what this little beast was doing. It could only be said that Little Beastie's hostility was a little inexplicable.

Dong Xi understood what he meant and immediately cast a spell. A yellow shield appeared above Shangguan Patriarch's head.

Shangguan Patriarch could not see anything in an instant. Dong Xi said, "This little thing is shy if you look at it, Father-In-Law. Please bear with it for a while."

Shangguan Patriarch, "..."

It was really like a tiger that had fallen to the plains being bullied by dogs.

Shangguan Patriarch also knew that if the spiritual energy could not be restored, this barrier would only be an interlude. In the future, he would be humiliated even more, especially those enemies outside. They would not be so polite...

Dong Xi did not care what Shangguan Patriarch thought. She looked at the pine tree at the door and said, "It's fine now. That guy won't be able to see us anymore."

Songsong was very satisfied with what Dong Xi had done. Facing the restriction, Songsong began to dance.

To be honest, Songsong's dance was indeed not very good. Dong Xi looked similar to the pop dance in her previous life.

Even so, Dong Xi still did not disturb Songsong. Dong Xi saw that as Songsong danced, a strange power began to spread from Songsong's body.

Dong Xi tried to comprehend it, but she found that she could not understand it at all. She could only give up.

In the end, the power that spread out overlapped with each other. The restriction outside the door shook and began to crack.

Songsong was very happy when she saw this situation. She jumped up and ran to Dong Xi. Songsong showed off and said, "Little Xi, how is it? Am I very powerful?"

Dong Xi gave Songsong a thumbs up and said, "Amazing, very amazing! You are the most powerful demon beast I have ever seen!"

As soon as she finished speaking, an electric current passed by. Dong Xi did not care at all.

Rui Ming also looked at Dong Xi in surprise, but Dong Xi did not notice.

Songsong happily sat on Dong Xi's body and said, "The restriction has been opened. Songsong is very tired and needs to rest."

"Go back then," said Dong Xi.

Songsong hugged Da Niu and said, "Songsong will hug Da Niu to sleep."

"Sure, sure," said Dong Xi.

Dong Xi could not ask for more.

There was no more sound in the room, and it was instantly quiet.

Dong Xi looked at Senior Brother Rui Ming and said, "Senior Brother, shall we go?"

As he spoke, Dong Xi stole a glance at Shangguan Patriarch, wanting to see how this old fellow would react.

In the end, seeing that Shangguan Patriarch had not changed at all, Dong Xi directly walked out. Dong Xi did not remove the hood on Shangguan Patriarch's head.

The sound of footsteps could be heard, and Shangguan Patriarch said, "Son-In-Law, don't go. We can discuss anything."

Dong Xi immediately laughed when Shangguan Patriarch called her 'Son-In-Law'.

No problem, Senior Brother Rui Ming must have a Soul Formation stage servant.

This old fellow dug out Senior Brother Rui Ming's heart, and he would use his entire life to pay for it.

Dong Xi stopped walking and deliberately said, "Father-In-Law, what else is there to discuss? I want to help you, but you won't compromise. Besides, you did such a heinous act like that before. If you don't agree now, how can we trust you?"

“What else is there to say? Let’s go,” said Rui Ming with a frown.

The two of them had only taken two steps when the Shangguan Patriarch immediately said, “I agree, I agree! I’m willing to acknowledge Immortal Master Rui Ming as my Master, is that not enough?”

Dong Xi’s smile became even more brilliant. Then, she removed the barrier around Shangguan Patriarch and said with some sincerity, “See, if you had agreed earlier, everything would have been fine.”

Chapter 432 Master and Servant Contract

Under Dong Xi’s witness, Rui Ming and Shangguan Patriarch signed a Master-Servant Contract. Of course, the two of them were not very happy. Rui Ming felt that it did not matter whether he had this servant or not, while Shangguan Patriarch felt that his reputation had been ruined.

The moment the contract was formed, the curse that restricted the Shangguan Ancestor began to dissipate, and the Shangguan Ancestor’s spiritual power returned bit by bit...

Shangguan Patriarch smiled bitterly. There was no room for regret now.

Shangguan Patriarch got up from his bed and prepared to leave.

Dong Xi called out. Shangguan Patriarch turned around and saw Dong Xi standing beside Rui Ming. The setting sun shone on Dong Xi’s body, causing the smile on Dong Xi’s face to become somewhat evil.

“Why didn’t you tell your Master before running around?” asked Dong Xi.

Shangguan Patriarch was speechless and his face turned red. After a long time, he lowered his head and said, “Master, I want to see my daughter.”

Dong Xi was very satisfied. Even if it was a fox using the tiger’s might, it was still satisfying. This was how the world is, right?

“Go.” Rui Ming waved his hand.

As soon as Rui Ming finished speaking, Shangguan Patriarch immediately disappeared from where he was.

From this speed, Dong Xi could more or less tell that he was trying to escape.

Dong Xi heard a sneer and looked at Rui Ming.

Although Rui Ming did not say anything, Dong Xi could still feel the carefree feeling from Rui Ming.

“Senior Brother, should we go and take a look?” asked Dong Xi.

“Forget it, I’ll go find Fellow Daoist Tie Zhu first.” Rui Ming shook his head.

Dong Xi, “...”

She almost forgot that the three of them came here together.

The two of them left the house. The weather outside was not bad, almost the same as the day they came. However, who would have thought that the Shangguan Residence would be turned upside down now?

When the two of them left the Shangguan Residence, no one stopped them. The original guards were nowhere to be found.

The two of them went to the inn where Tie Zhu was staying.

However, when they arrived, they did not see Tie Zhu. They looked around and stopped at the shop next door.

Dong Xi was also a little uncertain and could only say, “Senior Brother, look, isn’t that Senior Brother Tie Zhu?”

Rui Ming said, “It seems to be him... Isn’t that right?”

"Let's go in and ask," said Dong Xi.

After saying that, Dong Xi walked into the shop with Rui Ming following beside her.

Arriving at the table, Tie Zhu did not wait for Dong Xi to speak and said in surprise, "Junior Sister?"

Tie Zhu looked at Rui Ming and asked, "Junior Sister, this is..."

As he got closer, he could see that this person was Senior Brother Tie Zhu. He was just 'a little' fatter than before.

Dong Xi looked at Rui Ming and said, "This is Senior Brother Rui Ming."

The grilled fish in Tie Zhu's hand fell onto the table. Tie Zhu looked at Rui Ming up and down. After a long time, Tie Zhu asked doubtfully, "Is it... Is it really Rui Ming?"

Rui Ming nodded. Tie Zhu said in shock, "Your growth is too fast, even faster than me?"

Dong Xi, "..."

That was true. One was growing horizontally, and the other was growing vertically.

“I still can’t beat Fellow Daoist Tie Zhu,” said Rui Ming.

Tie Zhu smiled and let the two sit down. Tie Zhu said, “Everyone, sit down. This grilled fish is very delicious. Have a taste.”

After all, his Senior Brother Tie Zhu was already so fat.

After Dong Xi and Rui Ming sat down, Tie Zhu secretly said, “Junior Brother, Junior Sister, while I was waiting for you two, I found something good.”

“Hm?” Dong Xi said. What is it?”

Dong Xi was just asking casually. Tie Zhu gave them a mysterious look.

Seeing that the two of them did not understand, Tie Zhu anxiously took out his communication jade slip and signaled them.

Dong Xi finally understood. She had been too busy these two days and had no time to read the communication jade slip.

Dong Xi took out her communication jade slip, and the information burst out instantly.

Dong Xi was used to such a situation. When the information in the jade slip in her hand was loaded, Dong Xi found Senior Brother Tie Zhu in the message. After opening it, she found that Senior Brother Tie Zhu had sent hundreds of messages.

In the beginning, he posted very frequently, with more than ten messages every day.

Perhaps because there was no reply, Tie Zhu sent less messages.

Most of the time, he would ask where Dong Xi was and if Senior Brother Rui Ming had been found.

The last message read:

[Junior Sister, I heard that a Secret Realm will open here in ten days. Shall we go together?]

The following message read:

[The Secret Realm is restricted to those below the Golden Core realm. It's only open once every hundred years. We came at the right time this time. Junior Sister, if you don't make it in time, Senior Brother will go by himself.]

...

Dong Xi took the jade slip and looked at Tie Zhu, who was beside him. He found Tie Zhu looking at him.

Rui Ming kept the jade slip. Compared to Dong Xi's excited mood, Rui Ming was very calm.

"I can't go," said Rui Ming.

Tie Zhu immediately looked at Rui Ming. He did not expect Rui Ming to say this. Tie Zhu said, "Why can't you go? Didn't we agree to advance and retreat together? It's just a..."

Before he could finish his words, Tie Zhu quickly shut his mouth.

Chapter 433 Mentality

Tie Zhu looked around and found that no one heard him. He whispered, "You don't even know if it's dangerous, and you're just not going? Junior Brother, cultivating is dangerous in itself. Your current mentality can't do it..."

Hearing Tie Zhu's words, Dong Xi was stunned for a moment. Then, she understood why Senior Brother Rui Ming said that he could not go. Dong Xi immediately fell silent.

If Senior Brother Tie Zhu knew the truth, what would his expression be like?

Rui Ming felt that it was too troublesome for them to chat using the communication jade slips when they were sitting together. Rui Ming casually waved his hand and set up a soundproof barrier.

"My cultivation is too high," said Rui Ming lightly.

Tie Zhu could not react to this. After a long time, Tie Zhu said, "Hmm? What do you mean?"

"Senior Brother Tie Zhu, Senior Brother Rui Ming is saying that his cultivation has already surpassed the Golden Core stage." Dong Xi sighed helplessly.

Tie Zhu was shocked and looked at Rui Ming in disbelief.

After a long time, Tie Zhu came back to his senses and said, "Really?"

Rui Ming nodded.

Tie Zhu immediately sucked in a breath of cold air, unable to accept it for a moment.

“Junior Brother, what exactly did you experience?” Tie Zhu asked.

He was still in the Qi Refinement stage before. How long had it been since they last met? He had grown up, and his cultivation had also increased so quickly?

Rui Ming shook his head with a mysterious expression.

Tie Zhu looked at Dong Xi, who said, “Senior Brother, it’s better for the two of us to go together. Tell me about that Secret Realm in detail.”

Tie Zhu suppressed his curiosity and said, “Junior Sister, that Secret Realm is called the Sang Luo Secret Realm. It’s an invitation system. Only those who are invited can enter.”

When Dong Xi heard this, she immediately frowned. Dong Xi said, “Invitation? But I didn’t get any invitation.”

“Junior Sister, don’t worry. Listen to me. Those who are invited can bring five people in,” Tie Zhu said.

“Hm?” Dong Xi said. “In that case, I’ll have to trouble Senior Brother to bring me in to broaden my horizons.”

Tie Zhu shook his head and said embarrassedly, "It's not me either. Someone else was invited."

Dong Xi was immediately very curious. Senior Brother Tie Zhu knew someone here?

"Who is it?" asked Dong Xi.

Tie Zhu smiled mysteriously. Just then, someone walked out of the kitchen.

"I'm here," Tie Zhu said with a smile.

He was really short, even shorter than Dong Xi.

He had a wild appearance and dark skin. He held a tray full of grilled fish in his hand.

"Sir, your fish is here," the man shouted as he walked.

Just as Dong Xi was feeling very puzzled, Su Cheng's voice sounded in her mind. Su Cheng said, "It's the Dwarf Race."

Dong Xi knew about the Dwarf Race. It was written in the 'Records of the Immortal World'.

Dwarves were short and had poor eyesight, but every dwarf was born to be a master of refining weapons.

As for why this dwarf did not go into refining weapons and instead came to sell grilled fish, Dong Xi did not understand either. However, seeing Senior Brother Tie Zhu who had gained a lot of weight, it could be seen that this dwarf was also a good chef.

"Brother Liu!" Tie Zhu shouted.

However, this person did not seem to hear him at all.

Rui Ming waved his hand and removed the soundproof barrier, signaling Tie Zhu to shout again.

"Brother Liu!" Tie Zhu shouted again.

Cui Liu put the grilled fish on the other customers' tables and then walked over. Cui Liu smiled and said, "Old Tie, what's the matter?"

When Dong Xi heard this form of address, she immediately spat out her tea.

They all looked at Dong Xi. Tie Zhu said, "Junior Sister, what's wrong?"

Dong Xi was also unable to explain the joke of this form of address. Dong Xi waved her hand and said, "I'm fine. I choked just now."

"Be careful," Tie Zhu nodded. "Don't think that just because you're a cultivator, you don't have to care about your health."

Seeing Dong Xi nod obediently, Tie Zhu looked at Cui Liu. Tie Zhu said, "Brother Liu, give me two more plates of grilled fish so that my Junior Sister and Junior..."

Tie Zhu shut his mouth halfway. After knowing Rui Ming's cultivation, Tie Zhu could not call him Junior Brother no matter what.

"No problem. Please wait a moment." Cui Liu nodded.

After saying that, Cui Liu ran back to the kitchen. His two short legs were like spinning tops.

Dong Xi looked at Tie Zhu eating so happily and suddenly thought of something. Dong Xi said, "Senior Brother, why didn't he give his spot to anyone else but you?"

When Rui Ming heard this, he put up the soundproof cover again.

Tie Zhu smiled and said, "Because I come here every day to support him. Brother Liu said that I'm his soulmate. I don't know if you know my voice or not, but I think this grilled fish is delicious, so I gave him a lot of spirit stones."

Tie Zhu smiled and continued, "A while ago, I told him that my Junior Brother had gone to the Shangguan Residence to become a live-in son-in-law. That fellow looked envious and said that other cultivators didn't like him and despised him for being short. I casually comforted him and said that it was almost the same for me. I'm so fat now, and I can't find a Dao Companion."

Chapter 434 That's the Reason?

Tie Zhu took a bite of the grilled fish and continued, "Perhaps Brother Liu felt that he had a lot to do with me being so fat, so he told me about the Secret Realm and even said that he would bring me along. I thought that if the three of us came together, he would agree to bring you along. He also said that he had no other friends."

...

Dong Xi never dreamed that this was the reason.

Dong Xi did not know what to say. After a while, Tie Zhu had finished all the grilled fish. Tie Zhu raised his hand and used a cleaning spell. Tie Zhu said, "Junior Sister, don't underestimate this Secret Realm. Brother Liu said that there are indeed many good things in this Secret Realm... Something about ice."

Tie Zhu frowned, looking distressed.

Dong Xi was stunned, and her heart thumped.

The cultivation technique began to circulate without any warning, and a name immediately appeared in his mind.

“Is it Deep Sea Ice?” asked Dong Xi.

Tie Zhu was stunned for a moment before saying, “That’s right, that’s right. That’s the name. Look at my brain. I can’t remember anything.”

When Dong Xi heard this, she was a little excited. Dong Xi said, “Yes, I must go! I came for this Deep Sea Ice.”

Tie Zhu was not surprised to see Dong Xi so excited. He said, “I knew it. No iron elemental would be able to reject such a good thing.”

Rui Ming looked at the two people’s excited expressions and suddenly felt a little distressed. Rui Ming said, “If I had known this would happen, I would have recovered later. I could have gone to the Secret Realm with you.”

Dong Xi and Tie Zhu, who were originally excited, instantly fell silent when they heard this.

Dong Xi glared at Rui Ming. Dong Xi said in disdain, "A full man really doesn't know how hungry a hungry man is."

"Junior Sister is right," Tie Zhu immediately said.

"Forget it, you guys go. I'll stay in the Shangguan Residence and clean up the mess." Rui Ming sighed lightly.

Dong Xi was a little worried. She said, "Senior Brother, why don't you wait for me to come back and stay with you? Shangguan Patriarch is full of tricks. I'm afraid you'll fall into his trap."

"Junior Sister, have you forgotten that he already has a contract with me?" said Rui Ming with a smile.

Moreover, Shangguan Yun'er still had to rely on Rui Ming to continue living. Now, the Shangguan family was under Rui Ming's control, and they still dared to rebel?

Dong Xi thought that this was also the case. Dong Xi said, "I just feel that you're too kind and shouldn't care about such a trivial matter."

Tie Zhu was confused. He could not understand a single word these two said.

However, Tie Zhu was very smart. He did not ask what he should not know and just lowered his head to eat the grilled fish.

There was no such thing as seasoning in the cultivation world. It was already good enough to add salt. Basically, they were all concerned about the original taste.

However, Cui Liu's grilled fish actually had something on top of it. It was fluorescent, and Dong Xi did not dare to eat it for a moment.

However, seeing that Senior Brother Rui Ming had already finished one, Dong Xi also took a bite.

It was indeed very good. This seasoning had a little mint flavor, which just got rid of the fishy smell.

The fish meat was also very chewy. Dong Xi suspected that Cui Liu had used his Qi cultivation technique on the grilled fish.

Dong Xi ate the fish meat in her mouth and felt the warmth in her Dantian.

Dong Xi immediately understood why Senior Brother Tie Zhu had been eating grilled fish. This fish could actually condense spiritual energy in the body!

Before Dong Xi could calm down, a group of people barged in and overturned a few tables. One of them shouted arrogantly, "Cui Liu, get out here immediately."

Dong Xi was shocked and almost dropped the fish in her hand.

Dong Xi looked at the few people who came in. They were all dressed like locals and all of them were fierce. Could they be gangsters?

Dong Xi subconsciously looked at Tie Zhu. Senior Tie Zhu was very loyal. If he did not even know what was going on, he would directly help Brother Liu and cause trouble.

As expected, Tie Zhu immediately became anxious, as if he was a little aggrieved.

Fortunately, Tie Zhu was still rational and sat in his seat obediently.

Dong Xi heaved a sigh of relief. However, when she looked over, why was Senior Brother Tie Zhu's posture not right?

Dong Xi subconsciously looked at Senior Brother Rui Ming. The moment the two of them looked at each other, Dong Xi instantly understood.

Just now, he was still thinking that Senior Brother Tie Zhu had good self-control today, but it turned out that Senior Brother Rui Ming was controlling him from the side!

Tie Zhu could not speak or move. He could only stare at these people fiercely.

Chapter 435 Get Out

These people shouted for a long time before Cui Liu came out.

Obviously, they did not have much patience. The leader walked straight to the kitchen, and the rest took out their swords, wanting to chase everyone out of the house. However, this place was different from the human world. It was fine if they wanted to be aggressive, but they just might run into powerhouses they could not afford to offend. In other words, they might just kick an iron plate.

This time, these people were also unlucky. Of course, this iron plate was not Rui Ming, but someone else.

Dong Xi looked into the room. Instantly, eight cultivators stood up and shouted.

“Who are you asking to get out?”

“Do you dare fight me?”

“You people dare to shout at me?”

“Get out!”

...

These people who were looking for trouble were naturally not afraid. They had already expected it before coming. They also knew that those who came here to eat were all below the Golden Core stage.

It was rare for people above Golden Core to eat anything.

The few people who came were all at the late stage of the Foundation Establishment stage. How could they be afraid of these little brats?

“It’s for your own good,” one of them said. “Don’t get thrown out later. You’ll lose face.”

After saying that, this person’s expression was gloomy as he directly threw a spell technique over.

Dong Xi’s eyes lit up when she saw the binding technique. She said, “That’s a lightning cultivator!”

She became a little restless. She wanted to be electrocuted to refine her body.

However, at this moment, an electric current that was stronger than before spread from Dong Xi's arm to her spine.

Dong Xi was in a deadlock for a moment. When the electric current in her body dissipated, Dong Xi said in his sea of consciousness, "Big Snake, what are you doing?"

"I granted you your wish," said Su Cheng indifferently.

Dong Xi, "..."

Rui Ming seemed to have noticed that something was wrong with Dong Xi. Seeing that Dong Xi had quickly returned to normal, Rui Ming continued to watch the show.

By this point, Dong Xi could tell that the cultivator who was attacking him was not at the Foundation Establishment stage. To be able to deal with him so easily with just a random magical technique meant that his cultivation base was definitely at the Gold Core stage.

The few people who were looking for trouble were also stunned. One of them whispered, "Hurry up and leave."

They quickly walked out. After taking two steps, someone whispered, "Boss hasn't come out yet."

The person who had attacked just now was at the Golden Core stage. There might be two or three people with the same cultivation level among the others.

These troublemakers were no match for them at all. If they stayed here, they would only be beaten up. If they had known this would happen, they would have come back after dark.

They felt that it was right and immediately walked out.

The guy who said that their Boss had not come out yet did not dare to stay here when he saw that his brothers had left. He followed them out.

Even after he left, he still could not figure out why there were so many experts in a grilled fish shop.

Rui Ming saw that they left, and then released the restriction on Tie Zhu.

Tie Zhu was worried about Brother Liu and immediately went to the kitchen.

As soon as they entered, they saw Cui Liu and the leader confronting each other. The leader said, "You still have five spots. I have four brothers. Can't you bring them in?"

“No, I’ve already given out the quota,” said Cui Liu.

“Aren’t you going to give me face? Don’t be shameless!” said the leader.

Cui Liu said fearlessly, “If you have the ability, then kill me. I’ve already said that I’ve given it away.”

...

Seeing this scene, Tie Zhu quickly put on his boxing gloves. Tie Zhu said, “Brother Liu.”

Cui Liu was excited when he saw Tie Zhu. Cui Liu said, “Old Tie!”

The leader saw that his brother had not come in, but this fatty had come in.

Then, he saw Tie Zhu standing in front of Cui Liu. Tie Zhu clenched his fists and said, “Still arrogant? Your little brothers have already abandoned you and ran away.”

The leader was stunned at first, then said, “Ran away? That’s impossible!”

“You don’t believe me?” Tie Zhu said lightly. “It’s been so long, and I’m the only one who came in. None of your brothers came in. What do you think?”

The leader looked at the kitchen door. Indeed, no one had come in.

Tie Zhu saw that this person was guilty and unstable, so he continued to hit his fists. Tie Zhu said, “Do you want to go out and take a look?”

Hearing this, the leader’s face darkened. Without saying anything, he took out his communication jade slip and sent a message to his brothers.

[Where are you guys? Why aren’t you coming in yet?]

The other side also replied instantly.

[Boss, hurry up and run. There are a few Golden Core stage cultivators outside.]

The leader was a little flustered. He and his brothers were all freelance martial artists. They usually knew how to avoid disadvantages. Who would have thought that there would be more than one Golden Core stage cultivator in such a shop?!
