Chapter 466 The Blessing of the Fire God

When the waiter saw the spirit stones, he immediately smiled and said, "Fellow cultivator, you might not know this, but our Fire Tribe has been here since we were born."

Dong Xi nodded. The waiter continued, "Of course, this has something to do with the habits of our Fire Tribe."

Dong Xi immediately became serious, as if she was about to know something important.

"Hm?" Dong Xi said. "What habit?"

The waiter hooked his finger and Dong Xi immediately stepped forward. The waiter whispered, "We Fire Tribesmen will eat the Blessing of the Fire God. After eating it, we won't be afraid of the fire."

Dong Xi's eyes lit up. "There's such a good thing?"

"Of course," said the waiter. "But the Blessing of the Fire God is gradually decreasing. After we Fire Tribe members pass away, we will have to take back the Fire God's Blessing."

So it was a cycle.

“Where is the Fire God’s Blessing?” asked Dong Xi.

The waiter looked at Dong Xi. The waiter frowned and shook his head, “You can’t say. If you’re not from the Fire Tribe, you can’t know.”

“Can I buy a Blessing of the Fire God with some spirit stones?” asked Dong Xi.

“No, you can’t. You’re not from the Fire Tribe, so you can’t use it.”

Dong Xi, “ ... ”

Dong Xi did not believe it. If these people were not moved, then it meant that she did not pay them enough.

These Fire Tribe people were all in good health. This was also related to the fact that they had been living in the fire since they were young. If Dong Xi could obtain the Blessing of the Fire God, could she also bathe in the lava?

Since she could not buy it here, he would find a local auction place to take a look.

Before they could find the auction house, Dong Xi received a message from Tie Zhu. Tie Zhu told Dong Xi that he had already found an inn and asked Dong Xi to come back to take a look.

The houses here were all built on the mountain wall. The beds, tables, and chairs in the houses were also made of stone.

The moment Dong Xi entered the room, she could feel the dense fire element. She could even feel that her fire spirit root was very active.

Tie Zhu walked to Dong Xi's side and whispered, "Junior Sister, the prices here are really cheap. You can stay in the best room for five low-grade spirit stones."

Dong Xi smiled and whispered, "Senior Brother, when you leave, change into some fire crystal stones and bring them back."

"Alright, I'll remember it." Tie Zhu said.

The room was very big. Dong Xi waved her hand and cast a cleaning spell before lying on the bed.

It had been a long time since he had slept in a bed. The room was filled with fire spiritual energy. The fire spiritual energy flew into Dong Xi's body on its own. There was no need for cultivation at all.

No wonder the Fire Tribe did not want to leave this place, and neither did Dong Xi.

This was simply... It felt so good!

After getting used to the fire spiritual energy here, how could they compare to the fire spiritual energy they absorbed outside?

There was no moon in this area, so Dong Xi did not need to sit under the moonlight. She was lying on the bed and had fallen asleep.

This was also the first time Dong Xi had slept since she arrived in the cultivation world. What she did not know was that while she was sleeping, a black shadow slid down from her arm and transformed into her original form in the room.

Su Cheng looked at Dong Xi, who was sleeping on the bed. Su Cheng was very resentful.

Then, Su Cheng turned around and slowly disappeared.

Dong Xi did not wake up naturally, but was awakened by the knocking on the door.

Dong Xi stood up vigilantly and looked outside the door. Dong Xi said, "Who is it?"

“Junior Sister, something bad has happened.”

Dong Xi immediately opened the door and saw Tie Zhu’s anxious expression. Tie Zhu immediately said, “Junior Sister, something bad has happened. The Fire Tribe said that someone entered their forbidden area and stole half of the Fire God’s blessing...”

Dong Xi’s heart thumped. She said, “This is bad.”

“The Fire Tribe said that it was not lost before we came,” Tie Zhu continued. “So, we stole the blessing of the Fire God.”

“Do you know who stole it?” Dong Xi asked.

“I don’t know, and no one will admit it.” Tie Zhu shook his head.

“Tell everyone to hide well. It’s fine if one of them escapes. Then, we’ll slowly think of a way.” Dong Xi said helplessly.

Dong Xi had a magic tool that could change her appearance. It was very easy for Dong Xi to turn himself as red as the Fire Race, but the others could not.

Dong Xi hid outside and looked at the inn from time to time.

Suddenly, someone approached Dong Xi. Just as he was about to pat Dong Xi on the shoulder, he was thrown over her shoulder.

After this person was thrown down by Dong Xi, he lay on the ground and groaned.

“Fellow Daoist, I just wanted to say hello to you,” the man said. “Why are you so cruel? Do we have a grudge?”

Chapter 467 Let’s Talk Somewhere Else

This person’s face was also red, and he looked very unfamiliar. However, the aura on his body was very familiar to Dong Xi.

Dong Xi frowned and pondered for a long time. Suddenly, she thought of something and said, “You are Long Wei?”

Long Wei stood up and reattached his dislocated arm. Long Wei said, “That’s right, it’s me. Let’s talk somewhere else.”

Dong Xi nodded. This was naturally not the place to talk.

The two of them came to the teahouse and opened the restrictions in the room. Long Wei said, “I have a magic tool that can change my appearance. When I saw that the situation wasn’t right, I immediately

ran away. Qing Niao didn't run away. He was captured by the Fire Tribe. I heard that the Fire Tribe's Patriarch is very angry. He said that if he didn't hand over the Fire God's Blessing, he would use Qing Niao and the others as sacrifices to appease the Fire God's anger."

Dong Xi said angrily, "Which bastard stole the Fire God's Blessing? Why would the Fire Tribe let them off after such a petty act? They didn't know how to leave either."

As Dong Xi spoke, her arm swept across the shop as if she was expressing her dissatisfaction.

Dong Xi immediately swallowed the words she wanted to say. She thought of a possibility.

Although it was a little unbelievable, it was possible.

The cultivators who came to the Secret Realm with Dong Xi and the others were at most at the peak of the Foundation Establishment stage. How could they steal the Blessing of the Fire God in front of so many people of the Fire Tribe?

But if this person was Su Cheng... There was no problem at all.

Su Cheng's cultivation was unfathomable. Forget about taking away some of the Fire God's Blessings, he was being merciful that he did not take everything.

Dong Xi sent Long Wei away with a few words. When Dong Xi was the only one in the private room, she said in her sea of consciousness, "Big Snake, did you do it?"

Su Cheng did not have anything to deny. He said, "Yes."

"How can you take so many Blessings from the Fire God?" Dong Xi asked with a headache. "Hurry up and return it."

Su Cheng laughed. His voice echoed in Dong Xi's sea of consciousness for a long time. Then, Su Cheng's figure slowly appeared in the room.

Su Cheng swung his tail and sat on the stool beside Dong Xi.

"Aren't you here for the Blessing of the Fire God?" Su Cheng asked. "Now you want me to return it?"

Dong Xi saw a hint of a smile in Su Cheng's eyes.

But at this moment, Dong Xi could not care less about Su Cheng's observation. She keenly grasped the key point and said, "What?"

Su Cheng stretched out his hand. In his hand was a dark red crystal, like a setting sun.

Dong Xi looked at Su Cheng's face and said, "Deep Sea Extreme Ice?"

Su Cheng revealed a smile. With a wave of his hand, he threw the crystal to Dong Xi.

Dong Xi instinctively caught the Deep Sea Extreme Ice. When she held it in her hand, she felt a bone-chilling sensation, as if he was holding a piece of ice.

Dong Xi was even more certain that this was the Deep Sea Extreme Ice.

At first, Dong Xi wanted to buy it from the locals, but now that Su Cheng had stolen so much, how could Dong Xi still dare to meet the Fire Tribe's Patriarch?

"You've taken so much, can you finish it?" Dong Xi frowned and said. "I can still talk to the Fire Tribe and see if I can buy them."

"Little girl, have you forgotten that I'm a snake?" Su Cheng asked after a moment of silence.

"What's wrong with snakes?" Dong Xi asked instinctively.

"Which snake did you see living in the lava?" asked Su Cheng.

When Dong Xi heard this, she immediately understood.

Su Cheng was a snake that liked damp areas. Now that he was in a place with rich fire spiritual energy, he was naturally very uncomfortable.

The Deep Sea Extreme Ice of the Fire Tribe had a huge attraction to Su Cheng at this time.

“My main body is very big, so I consume a lot of energy.”

As he spoke, Su Cheng glanced at the Deep Sea Extreme Ice in Dong Xi’s hand. Su Cheng said, “The one in your hand is the last piece.”

Dong Xi, “ ... ”

At this moment, there was another knock on the door from outside. Then, Long Wei barged in.

Su Cheng was clearly sitting at the side, but Long Wei seemed to not see him. Long Wei panted heavily and said, “Fellow cultivator, something bad has happened. The Fire Tribe Patriarch said that there are intruders hiding among their people. In order to find these people, the Patriarch has decided to take a bath together.”

Dong Xi immediately frowned. The Fire Tribe people bathed in lava. Dong Xi's body could not withstand it at all. How could the others?

Even if they had treasures to protect themselves, it was impossible for everyone to have them.

Long Wei thought that Dong Xi did not know the habits of the Fire Tribe, so he told Dong Xi how the Fire Tribe bathed.

Dong Xi could only quietly communicate with Su Cheng in her sea of consciousness.

"I think you don't want to see anyone get implicated. What should we do now?" Dong Xi asked in her sea of consciousness.

Chapter 468 Bathing

Su Cheng thought for a moment and said, "You can hide here."

Dong Xi did not suspect Su Cheng. Since Su Cheng had asked Dong Xi to stay here, he must have a way.

Dong Xi took out her communication jade slip and sent a message to the group.

[If you don't want to bathe with the Fire Tribe, come to the innermost room on the second floor of the teahouse.]

Those who were free saw this message and immediately started chatting in the group.

[What? We're even showering together?]

[Aren't you shy with so many people around?]

[What kind of race is the Fire Tribe? Is the Fire Fairy good-looking?]

...

Dong Xi did not reply to the message. After a while, she continued to send the same message.

About an hour later, two people came over, both of them blushing.

Dong Xi estimated that there were only these few fish that escaped the net.

"Fellow Daoist, what should we do now? We have to think of a way to save them. My Senior Brother has been captured."

“My wife and Senior Brother have also been captured.” Dong Xi sighed.

He had to save Senior Brother Tie Zhu. Dong Xi had brought him here, so she could not just leave him be.

As for Shangguan Yun’er, Dong Xi had also promised Shangguan Patriarch that they would do their best to rescue her.

“How are we going to save them?” asked Long Wei.

“Even if we try our best to save them, we’re like trapped beasts here. We can’t escape, and we’ll be caught sooner or later.”

Everyone was silent. They all knew that time waited for no one, but they were helpless.

At this moment, Su Cheng’s voice sounded in Dong Xi’s sea of consciousness. Su Cheng said, “Tell everyone to wait here. You and I will go see the Fire Tribe Patriarch.”

Dong Xi smiled. Since Su Cheng had agreed to take care of it, there was still a way.

Dong Xi told everyone to wait here and not to go out. As long as these few people did not go out, no one would be able to find them.

The few of them agreed. Dong Xi walked out and turned around to find that the room was empty.

Dong Xi did not know if Su Cheng was using some kind of camouflage spell or some other spell, but it was good that it worked.

After leaving the house, Su Cheng transformed into his human form.

However, it was still slightly different from before. The huge snake tail had turned into legs, and it was almost two meters tall.

Dong Xi followed beside Su Cheng like a child.

Dong Xi looked at Su Cheng's slender legs and found that Su Cheng walked very steadily without any signs of limping.

Dong Xi was suspicious in her heart. Could it be that it was an illusion in the past?

Dong Xi remembered what Su Cheng had said before. She said, "Didn't you say that snakes don't have legs?"

“It’s just an illusion,” Su Cheng said as he walked.

Dong Xi jogged after him. Dong Xi said, “Your illusion is very brilliant.”

His long legs were really good, and he walked so fast that even Dong Xi could not keep up.

The Fire Tribe Patriarch was talking to a member of the Fire Tribe in a room when a powerful pressure pressed down from all directions. The Fire Tribe Patriarch was sweating, but because his body temperature was very high, his sweat instantly evaporated into gas, and sizzling sounds came from the room.

“Where did this expert come from?” The Fire Tribe Patriarch gritted his teeth. “Why don’t you come out and meet me?”

Su Cheng walked in with Dong Xi. Dong Xi looked at the tall black figure in front of him and then at the fearful look on the Fire Tribe Patriarch’s face.

Dong Xi suddenly felt that she had played the role of a dog taking advantage of others’ power very well.

Thinking of this, Dong Xi was no longer nervous.

Although Dong Xi did not know how the Big Snake would negotiate with the Fire Tribe's Patriarch, since they were at the negotiation table, the stronger one would have more say.

And now, Dong Xi and the Big Snake were the stronger ones.

Su Cheng withdrew his pressure, and the Fire Tribe Patriarch immediately relaxed. He said, "May I know where Senior came from? Why did you come to my small Fire Tribe?"

Su Cheng tidied his sleeves and sat down on a stool at the side.

Su Cheng was no longer afraid of such high temperatures after he had refined more than half of the Fire God's Blessing.

"I heard that you captured my subordinate?" Su Cheng asked.

The Fire Tribe Patriarch was stunned for a moment before he understood. He said, "Are you an outsider?"

Su Cheng did not explain. The Fire Tribe Patriarch continued, "I see. No wonder your cultivation is so high..."

“Release my subordinates, or else I might do something when I’m angry.”

The threat in his words was very strong. The Fire Tribe Patriarch smiled bitterly and said, “Your spiritual energy is strong, so it’s normal for you to do anything. But to us, it’s just a matter of whether we die early or late.”

Su Cheng’s eyes were a little strange. Dong Xi was anxious when she heard this. Dong Xi said, “Why do you need to die? As long as we let our people go, you won’t die.”

Chapter 469 The Earth Dragon Will Flip

“Come with me,” the Fire Tribe Patriarch sighed.

Dong Xi looked at Su Cheng and saw that he was not moving at all. Dong Xi frowned. Her strong curiosity made him pull Su Cheng’s arm and follow behind the Fire Tribe Patriarch.

Su Cheng was pulled by Dong Xi, so he naturally looked at Dong Xi’s hand. He was slightly stunned, and Su Cheng followed suit.

The Fire Tribe Patriarch brought the two of them to the inner room and stood in front of the wall. The Fire Tribe Patriarch’s walking stick was made of some unknown material. He tapped lightly on it, and the fire net spread out along the walking stick.

When the wall was covered with fire nets, the Fire Tribe Patriarch put away his walking stick.

At this moment, the wall suddenly disappeared, and lava appeared in front of everyone.

Dong Xi instantly sucked in a breath of cold air, faintly suspecting that they had already reached the core of the earth.

The Fire Tribe Patriarch looked at the lava in front of him and said, "This is the lava under the volcano. Before long, the earth dragon will flip and the volcano will collapse."

When people said that an earth dragon is flipping, it meant that there is an earthquake.

Dong Xi was stunned for a moment before saying, "The earth dragon will flip? How do you know what will happen in the future?"

Dong Xi had just finished speaking when Su Cheng, who was at the side, said indifferently, "Prophet?"

The Fire Tribe Patriarch looked at Su Cheng with a gratified expression. He said, "You're really knowledgeable. As expected of a Senior, you actually know my identity."

Dong Xi was very curious about the identity of the Prophet. What did the Prophet know? How did he know? How was it different from that fortune-teller? Also, was the Prophet's prediction of the future 100 percent accurate?

Even if she had a stomach full of questions, Dong Xi knew that she could not say anything now. She could only endure it and slowly ask the Big Snake when she returned.

“Since you know that staying here will result in such an outcome, why didn’t you leave?” Dong Xi asked.

Dong Xi guessed that perhaps the Fire Tribe wanted Su Cheng to do something.

“If I could leave, I would have taken everyone away long ago,” said the Fire Tribe Patriarch.

The Fire Tribe Patriarch pointed at the lava and said, “The Teleportation Formation is under the lava.”

Upon hearing this, Dong Xi said in confusion, “If you can bathe in lava, why can’t you go over?”

“This old man has made a lot of preparations to bring everyone away,” the Fire Tribe Patriarch said. “The Fire God’s Blessing is only to increase everyone’s tolerance towards the fire element. However, the lava is extremely deep. We don’t even know where the Teleportation Formation is. If we continue to act rashly, we might not be able to withstand it before we find it.”

Dong Xi was even more confused when she heard this. From what the Fire Tribe Patriarch said, it meant that the ancestor of the Fire Tribe had harmed his descendants.

If the Teleportation Formation was placed in the lava, who could pass through?

After a while, the Fire Tribe Patriarch explained to the two of them. He said, "When the Fire Tribe first arrived here, they brought a lot of resources and were very strong. However, as time passed, the treasures they brought were slowly used up. The cultivation of the people reached a bottleneck overnight. No matter how much they cultivated, they couldn't make any progress. The reason why they placed the Teleportation Array so deep was to prevent the younger generation from leaving as they pleased and to defend against external enemies. No one expected it to become like this. As the ancestors with high cultivation passed away one by one, we Juniors still can't go up in cultivation..."

When Dong Xi heard these words, she slowly understood.

"So, you want me to take you out?" Su Cheng asked.

The Fire Tribe Patriarch's eyes lit up and he immediately said, "If Senior can take us out, my Fire Tribe is willing to pay any price."

Su Cheng thought for a moment and said, "It's not impossible. Let my subordinates first."

The Fire Tribe Patriarch transmitted his voice, asking his clansmen to let them go.

Su Cheng suggested that the Fire Tribe Patriarch prepare a room for them and help them escape in three days.

When only Su Cheng and Dong Xi were left in the room, Dong Xi whispered, “Big Snake, are you sure you can leave this place? The lava was bottomless... Don’t you need to go down and take a look?”

Su Cheng shook his head and waved his hand. He took out a comb and placed it in Dong Xi’s hand. Su Cheng said, “Comb my hair.”

Dong Xi was forced to accept.

The wood spiritual energy was attached to the comb, and every time he combed it, Su Cheng enjoyed it.

Dong Xi saw Su Cheng squinting his eyes and enjoying himself. Dong Xi wanted to pluck a few strands of hair off his head.

However, when she saw Su Cheng’s beautiful hair, she could not bring herself to do it.

Dong Xi said while combing his hair, “Big Snake, are you really not going to take a look?”

Dong Xi knew that the snake’s cultivation was strong, but she still felt that it was a little too much to agree to such a thing!

Chapter 470 Will You Turn Bald?

Su Cheng ignored Dong Xi. Dong Xi looked at Su Cheng's hair and could not help but say, "Will you become bald if you go into the lava?"

Dong Xi thought of Su Cheng's bald head and inexplicably felt that he was quite good-looking.

Dong Xi came back to her senses and saw Su Cheng's deep eyes. Dong Xi was stunned. Su Cheng said, "No."

"It's up to you whether you want to go or not," Dong Xi snorted and said. "I'll see how you'll explain yourself to the Fire Tribe when you can't get out."

Seeing that the three-day promise was about to arrive, Dong Xi was very anxious. However, looking at Su Cheng's confident appearance, she did not know if Su Cheng was really good or just showing off.

In the end, it was the appointed day. Early in the morning, the Fire Tribe Patriarch brought the Fire Tribe members over.

"Please help us, Senior," said the Fire Tribe Patriarch.

Su Cheng nodded and said, "Since I've agreed, I'll naturally save them. Tell those who have no business to stay away. If they're accidentally injured by me, I won't care."

Seeing that Su Cheng did not go back on his word, the Fire Tribe Patriarch was very happy. He immediately ordered the others to go to the ancestral hall.

The ancestral hall was the safest place for the Fire Tribe. It was not the place where the Deep Sea Extreme Ice was hidden.

Tie Zhu, Shangguan Yun'er, and the others were also brought in by the Fire Tribe. The originally bustling street was now empty.

Su Cheng walked down the street with Dong Xi and the Fire Tribe Patriarch.

Su Cheng glanced at the surrounding buildings and finally looked at the Fire Tribe Patriarch. Su Cheng said, "You hide well too."

As for Dong Xi, Su Cheng did not say anything. When Dong Xi was thinking about where to hide, Su Cheng directly carried Dong Xi and let her sit on his shoulder.

Then, Su Cheng turned into a black shadow and jumped into the sky at a terrifying speed.

Crack!!!

A loud cracking sound rang out, but Dong Xi did not feel the impact at all.

As it turned out, at the moment of the explosion, a protective shield had enveloped Dong Xi.

Su Cheng stood in the sky. The strong wind from the explosion blew past. The restriction that originally isolated the outside world was now like a glass cover, shattering bit by bit...

Dong Xi admitted that she was wrong. She should not have doubted the Big Snake.

Dong Xi had thought of countless possibilities. She had thought that the snake would escort the Fire Tribe members to the Teleportation Formation. She had also thought that the Big Snake would fish out the Teleportation Formation or draw a new Teleportation Formation. She had even thought that the snake would kill the Fire Tribe members to silence them.

However, she did not expect the snake to break through the restriction so easily and brutally.

No, Dong Xi should have thought of it long ago. Back then in the Beast Trainer Sect, that was what the Big Snake had done.

Su Cheng broke the restriction and turned into a small snake that coiled around Dong Xi's arm.

All of this happened so suddenly that Dong Xi fell down without any preparation.

Dong Xi reacted quickly. She took out a flying magical tool and sat on it. Dong Xi complained in her heart.

However, thinking that Su Cheng might have exhausted his spiritual energy, Dong Xi forgave the Big Snake.

“All of you, come out,” Dong Xi shouted.

Her voice spread throughout the entire volcano.

The members of the Fire Tribe came out one after another. All they saw was a thin figure.

The Fire Tribe Patriarch looked at Dong Xi with a complicated expression. He then looked at the sky and suddenly realized something. He started crying.

“This...” The Fire Tribe Patriarch said excitedly. “The restriction that has troubled us for tens of thousands of years is gone. We can go out now!”

Hearing this, the Fire Tribe members cheered excitedly.

Dong Xi and the others were also infected by this joy, and there was a sincere smile on their faces.

Now that the restriction was gone, everyone could leave.

He hoped that this trip would be a real Secret Realm and that there would no longer be such a strange small space.

The Fire Tribe Patriarch gave them one day to pack up and leave tomorrow.

Dong Xi and the others were treated as honored guests by the Fire Tribe, and they prepared a large table of delicacies.

At dawn the next day, everyone gathered in the Fire Tribe's ancestral hall.

Dong Xi wanted to meet up with her companions, but she was stopped by the Fire Tribe Patriarch. The Fire Tribe Patriarch said, "Little Friend."

Dong Xi looked over in confusion and saw the Fire Tribe Patriarch smiling as he passed a box to Dong Xi.

"We don't have much use for this anymore," the Fire Tribe Patriarch said. "I'll give it to you. It's fate that we met. When you leave this place in the future, it'll be good if you think of us."

Dong Xi held the box and looked at the Fire Tribe Patriarch's departing appearance. She felt a little puzzled.

Dong Xi pondered for a moment, but she could not figure out anything. However, she still kept the box and followed behind the Fire Tribe Patriarch.

Dong Xi saw the people of the Fire Tribe bid farewell to their ancestors and flew out one by one under the leadership of the Patriarch.

When everyone went out and looked at the mountains and rivers outside, the Fire Tribe members cried tears of joy.
