### Chapter 491 You Know My Brother?

"That's right, it's me. What's your relationship with Senior Brother Li Li?" said Dong Xi.

Dong Xi's friendly manner stunned Li Yao. Li Yao quickly walked to Dong Xi's side and said, "What? You know my brother?"

Dong Xi smiled and said, "I don't just know him. I have a very good relationship with your brother. If your brother wasn't in seclusion and knew that I was here, he would definitely come back to look for me."

Thinking back to the time when Li Li had been following her around, Dong Xi felt a little emotional.

Li Yao glanced at Dong Xi's expression and said, "That's impossible, you're just a female cultivator. I've never seen my brother have a particularly good relationship with anyone."

When Dong Xi heard this, she gave Li Yao a haughty look.

Dong Xi thought about the book. In the book, surely Li Yao was a side character, just some cannon fodder.

However, the original book only talked about Dong Rou. Li Li and his sister were not mentioned at all.

Dong Xi smiled and looked at Li Yao. Dong Xi said innocently, "Then have you seen any female cultivator who is Mo Han's guest of honor? One who would even be served tea by Mo Han?"

As Dong Xi spoke, she raised her teacup and showed it to Li Yao.

When Li Yao saw this, she instantly exploded.

This teacup was previously given to Senior Brother Mo Han by his master. Senior Brother Mo Han had never used this move on behalf of others.

And this tea leaf was specially found by the Sect Master to stabilize Mo Han's body. Why should this female cultivator drink it?

Li Yao snatched the teacup and said fiercely, "Who are you? How dare you drink my Senior Brother's tea leaves?"

Dong Xi was not angry. She just smiled and said, "You see, not just everyone can drink Daoist Mo Han's tea, but some people can... How infuriating!"

Dong Xi suddenly recalled the time when she was reading the novel. Why did the plot of the Li Li siblings not appear? Perhaps it was because of Li Li's sister's personality, she might not live until Dong Rou appeared...

"You..." Li Yao shouted angrily.

Li Yao took the teacup and splashed the tea at Dong Xi.

Dong Xi casually waved her hand and put on a protective shield to block the tea. Dong Xi said mockingly, "Senior Brother Li Li is a Nascent Soul stage cultivator. Why haven't you broken through to the Golden Core stage yet? Fellow Daoist, cultivation is not easy. If you don't advance, you will fall behind. If you work hard and cultivate, your cultivation will be yours. However, nothing will change even if you see Mo Han thousands of times."

Perhaps the last sentence just hit Li Yao's heart. Li Yao shouted even more angrily, "If I can't do it, do you think you can do it? Who do you think you are?"

"Nonetheless, Mo Han will leave with me." Dong Xi said.

When Li Yao heard this, she could not help but pull out her sword and stab at Dong Xi.

However, as soon as the longsword was pulled out, it was sent flying by a stream of spiritual energy.

Then, there was a violent cough. Li Yao and Dong Xi looked over at the same time. Mo Han was clutching his chest and coughing non-stop. There was still a trace of blood at the corner of his mouth.

When Li Yao saw this scene, she immediately panicked. Li Yao said, "Senior Brother...You can't use spiritual energy. How could you forget? Is this female cultivator worth your protection?"

Li Yao became more and more upset, her eyes filled with tears.

Mo Han wiped the blood from the corner of his mouth and used a cleaning spell on himself. Mo Han said, "Li Yao, don't come here anymore in the future."

Li Yao was stunned and looked at Mo Han in disbelief. Li Yao said, "Senior Brother, can you repeat that?"

Li Yao pointed at Dong Xi and Li Yao and said miserably, "You want to burn the bridge with me for a female cultivator you just met?"

Mo Han did not say anything. Dong Xi said, "Idiot, if you come a few more times, you might kill Mo Han. Do you not use your brain? All you can think about is love? Is your Senior Brother's life so worthless in your eyes?"

Li Yao pointed her sword at Dong Xi and said, "You don't have to sow discord here."

"You don't even know my identity, let alone why I'm here, yet you're making things difficult for me. Just because I'm a female cultivator?" Dong Xi sneered. "Would you believe me if I told you that I'm here today to treat Mo Han and that I don't want to treat Mo Han after you made such a fuss?"

Li Yao was stunned, and her hands trembled. Dong Xi continued, "You're lucky I'm the one who came today. If a powerful female cultivator were to come one day, she would directly harm Destiny Valley because of your jealousy. At that time, it would be too late for you to die to atone for your sins. Mo Han isn't blind, so do you think he will like you when he sees your terrible attitude? When he sees your sword moves that are full of loopholes? Or that you don't have a brain?"

Li Yao was so angry that she was about to make a move when she was stopped by the guards who rushed over.

Chapter 492 Satisfied?

Mo Han waved his hand and let the guards take Li Yao away. Mo Han said, "In the future, whoever dares to let Li Yao in will leave Destiny Valley."

Dong Xi watched as Li Yao was forcefully taken out and then looked at Mo Han. Dong Xi suddenly had an inexplicable feeling.

Mo Han actually seemed a little happy.

When Dong Xi thought of this, she could not help but say, "Fellow Daoist Mo Han, are you satisfied with your scolding?"

"Not bad," said Mo Han.

Dong Xi smiled and said, "You people are so obsessed with your reputation that you have to suffer. Your Junior Sister is like this today because of your indulgence. She really thinks everyone in the world is here to serve her!"

When Mo Han heard this, he just smiled and coughed even more violently.

Blood gushed out like a fountain. Mo Han covered his mouth, and blood flowed out between his fingers.

Dong Xi's expression changed. She immediately took out the Vitality Reinforcement Pill from her storage ring and let Mo Han eat it.

Dong Xi raised her hand and injected the wood spiritual Qi into Mo Han's body.

Although Dong Xi had known Mo Han before, they had never met before. Dong Xi did not dare to personally control the spiritual energy to heal him, like she did with the Big Snake.

In the end, he could only inject the wood spiritual Qi into Mo Han's body and let Mo Han heal himself.

Even so, Mo Han stopped coughing and the blood did not continue to spurt out.

Dong Xi retracted her hand and said, "Fellow Daoist, you're actually so weak. I can't take you away either. If something happens, I won't be able to explain it to Destiny Valley."

Mo Han shook his head. Just as he was about to cast a cleaning spell on himself, Dong Xi did it for him first.

Mo Han said, "I don't need you to explain. I won't live long. The Eastern Continent knows about this."

Dong Xi was stunned for a moment. Mo Han continued, "You want to teach me body tempering? Would I be able to live longer if my body was better?"

Dong Xi frowned. She really could not rebut this logic, but... "Your body is so weak, so you can't refine your body!"

Deep Sea Extreme Ice could only be used at the third layer of Body Refining Tier. However, Mo Han's body had already deteriorated to this state. Could he persist until the third layer of Body Refining Tier?

Mo Han lowered his head and his face could not be seen clearly. He said, "It's okay. It's good to live for two more days."

Dong Xi saw this kind of desolation and instantly felt sympathy for him.

Forget it, I'll do my best and leave the rest to fate.

Dong Xi tried her best. How long he could live depended on the will of heaven. It was said that Mo Han was now more than 200 years old, which was more than 100 years older than ordinary people.

Dong Xi left Destiny Valley with Mo Han. For Mo Han's sake, Destiny Valley even sent a carriage to send the two of them back to the Ningtian Sect.

Dong Xi had just enough money left to pay for the Teleportation Array Formation. She was very satisfied with Destiny Valley's tactful attitude.

At this moment, Rui Ming had flown back and transformed into a human to appear in front of Elder Fu Ming.

Elder Fu Ming was stunned for a moment before he said, "I thought I picked up a disciple, but I didn't expect his cultivation to be even higher than mine."

Rui Ming obediently knelt down. Rui Ming said, "A teacher for a day is a father for life. No matter what cultivation level Rui Ming has, you are still Rui Ming's Master."

Elder Fu Ming waved his hand and injected spiritual energy into Rui Ming's body. Rui Ming did not resist and allowed Elder Fu Ming's spiritual energy to explore his body.

After checking, Elder Fu Ming withdrew his hand and said with a smile, "Not bad. You've gained a lot from this trip. It's just that your heart is very weak now, but it will grow very quickly. When that time comes, you'll be back to your peak, and you'll be able to fly freely."

As he said that, Elder Fu Ming thought of something. Elder Fu Ming said, "How did you deal with the thief who stole your heart?"

"I've accepted him as a servant," said Rui Ming.

"He almost caused you to lose your life. Why did you let me off so easily after suffering such a great crime?" Elder Fu Ming asked with a puzzled expression.

Rui Ming said seriously, "Master, although this thief dug out my heart, he still saved my life. I was destined to die. That day, I was harmed by a traitor and was seriously injured. If those traitors found me, I would definitely die. This thief took me away from the island and helped me escape from death. Although he did it for his own selfish desires, I also benefited..."

Elder Fu Ming sighed and said, "That's right. Forget it. Since you've already taken in a servant, you can let him pay off his debt slowly. Also, where did that girl Dong Xi go? Didn't she go to the Void Sea with you, so why didn't she come back with you?"

"Dong Xi said she needed to go to Destiny Valley."

...

Dong Xi sat in the carriage provided by Destiny Valley and ate the fruit specially prepared for Mo Han. Dong Xi said, "Your Qi and blood are all weak now, so you can't take any supplements. These are all great supplements. Since your stomach isn't great, you should eat less. I have a good stomach, so I'll help you eat them so they don't go to waste."

Chapter 493 Healing

?

Mo Han did not care at all. The current Mo Han had long lost his appetite.

"Eat more and treat my illness again after you're full, okay?" Mo Han said.

Looking at Mo Han's appearance, it was obvious that he knew the benefits of Dong Xi's wood spiritual Qi.

However, when Mo Han said that, Dong Xi immediately thought of the time when she was treating the Big Snake and the time when she was controlled by the Big Snake.

"No, my treatment is very expensive, and you didn't give me any money," Dong Xi immediately said.

Mo Han said, "My divination is also very expensive, but you didn't give me any money."

"But I've given you the Deep Sea Extreme Ice, so we're even now." Dong Xi said.

Mo Han thought for a moment and said, "When my body is better, I can perform divination for you anytime."

"?"

Why did this lie sound so familiar?

"No matter what, you're the future star of Destiny Valley. Don't tell me you can't afford to pay for the consultation?" Dong Xi said. "Is there a need to give me false promises?"

"It's not that I can't afford it," Mo Han said. "I just think that Fellow Daoist doesn't like those common things."

Dong Xi was speechless.

Of course, she liked them. Dong Xi was a layman, so of course she liked them.

Mo Han also seemed to see through Dong Xi's thoughts. Mo Han said helplessly, "Fine, is one spirit vein enough as the consultation fee?"

As soon as Mo Han finished speaking, Dong Xi had already begun to take Mo Han's pulse. Dong Xi said, "Yes, absolutely enough. Fellow Daoist is generous. Do you need a private order?"

When Mo Han heard this sentence, it sounded familiar. Mo Han said, "Hmm? What is a private order?"

Dong Xi said, "I'll control my spiritual energy to help you sort out your meridians."

Letting another person control spiritual energy in the body was a very dangerous thing. If this person had any bad thoughts, it would cause great harm.

Dong Xi was just saying it casually, so it did not matter whether Mo Han agreed or not.

After Mo Han heard it, he thought for a moment and said, "That's fine. You can try it first. If the effect is good, the consultation fee can be increased."

When Dong Xi heard this, her eyes immediately widened. Dong Xi said, "No problem. Just watch. The effect will definitely be excellent."

Dong Xi was afraid that Mo Han might regret it and retract his promise. She put down the fruit and raised her hand to treat Mo Han.

Dong Xi controlled the spiritual energy to circulate around Mo Han's body. Dong Xi frowned.

As expected of Mo Han, who even Destiny's Valley best could not do anything about. His situation was indeed not very optimistic.

It was even harder to deal with than the poison in the Big Snake's body.

Dong Xi had tried to repair Mo Han's meridians countless times, but no matter how hard she tried, Mo Han's meridians would still break, as if there was some kind of power that was specifically destroying them.

When she encountered such a situation, Dong Xi also went against it. She repaired it repeatedly. The fine meridians were repaired countless times, and their toughness seemed to have become stronger. They did not break again.

Dong Xi immediately heaved a sigh of relief and stopped. There was already a thin layer of sweat on her forehead.

The spiritual energy that had increased a lot because of the breakthrough was almost used up.

Dong Xi ate the supreme-grade Spirit Restore Pill to replenish some of her spiritual energy. Then, she picked up the spirit fruit and ate it again.

"It's not easy to earn your consultation fees!" Dong Xi said as she ate.

At this time, Mo Han had not noticed the changes in his meridians. He only instinctively felt that after Dong Xi's spiritual energy was sorted out, it was not as painful.

Now that he heard Dong Xi say this, Mo Han smiled and said, "The more you work, the more you get."

The carriage soon arrived at the Ningtian Sect.

When the Ningtian Sect disciples saw the carriage, they immediately reported to the Sect Master, who sent his Head Disciple to welcome them.

However, no one would have thought that the person who got off the carriage would be Dong Xi.

"Junior Sister, why are you here?" the Head Disciple asked in surprise.

When Dong Xi saw the Head Disciple of the Sect Master, she felt very close to him. Dong Xi said, "Senior Brother, long time no see. I was wondering about the reward you promised me..."

The Head Disciple was speechless. He was stunned for a moment before saying, "Junior Sister, your memory is still as good as ever."

Dong Xi smiled and said, "I may not remember the rest, but I dare not the important things."

"I've already settled it," the Head Disciple said. "In a few days, the points will be distributed. I'll personally send it to Junior Sister."

When Dong Xi heard this, she said excitedly, "Thank you, Senior Brother. It's a deal!"

While the two were talking, Mo Han also came down.

When the Head Disciple saw the iconic white hair, he was shocked. The Head Disciple said, "Daoist Master Mo Han?"

Mo Han nodded.

The Head Disciple looked at Dong Xi in confusion. What was Junior Sister doing? Why did Daoist Master Mo Han come back with them?

"I'm sorry for the sudden visit," said Mo Han.

Chapter 494 Admiring Mo Han for a Long Time

The Head Disciple of the Sect Master immediately said, "Daoist Mo Han is too polite. It's the honor of the Ningtian Sect for you to come to our sect. I've admired Daoist Mo Han for a long time. I wonder if Daoist Mo Han will be staying with us during this period of time..."

Mo Han interrupted the words of the Head Disciple. Mo Han said, "You don't have to be so polite. I'm here to seek advice from Fellow Daoist Dong Xi. I'll just stay on Fellow Daoist Dong Xi's mountain peak."

The Head Disciple was speechless.

He even started to be curious about his junior sister. Is Daoist Mo Han going to live at the foot of Dong Xi's mountain? Moreover, I heard that Master Li Li broke through after leaving the foot of Dong Xi's mountain and returning to Destiny Valley.

Why were they all here to look for Dong Xi? Could it be that there was something magical about Dong Xi?

The Head Disciple could not figure it out for a while. While he was thinking, a voice suddenly sounded.

This person said, "Master, why did you deceive me..."

This resentful voice seemed very familiar?

Dong Xi suddenly had a bad premonition and instinctively looked over. Dong Xi was instantly stunned on the spot.

"Long Wei, why are you here?" Dong Xi asked.

Long Wei brought Qing Niao with him. He said, "Master, you secretly ran away. I was unloved and abandoned, so naturally, I came looking for you!"

Mo Han suddenly looked like he was watching a good show.

"Junior Sister, when did you take in a disciple?" asked the Sect Master's Head Disciple. According to the sect rules, one could not establish their own sect before reaching the Golden Core realm."

The words of the Head Disciple were like a life-saving straw.

"Long Wei, you heard it. I can't do anything about the sect's rules." Dong Xi immediately said.

Long Wei said with a sad face, "I don't care. I can be a fairy boy first. When you reach the Golden Core stage, you can take me as your disciple. According to Master's ability, it should only be three to five years. I can still wait as a disciple."

Dong Xi was speechless.

This was also the first time Dong Xi had encountered such an entanglement. Of course, she still had some doubts.

"Long Wei, how did you know I was here?" Dong Xi asked.

Dong Xi had always been very careful outside. She had never left any evidence behind and would not let anyone know that she was a disciple of the Ningtian Sect.

However, Long Wei had come. What was going on?

With a smile on his face, he said proudly, "This is my secret technique, Thousand Mile Tracking."

When Dong Xi heard this, her eyes immediately lit up. She felt that this ability was very good.

Dong Xi immediately smiled. When Long Wei saw Dong Xi smile like this, Long Wei felt his eyelids twitch wildly, but he did not know why.

"Long Wei, why don't I take you as my Master?" Dong Xi asked. "I think your secret technique is quite good..."

The Head Disciple was speechless.

Mo Han was speechless.

Long Wei was speechless.

Everyone knew that Dong Xi did not play by the rules, but this was too ridiculous.

Long Wei was stunned for a moment, then he smiled and said, "This can't be taught. This is the innate skill of our race."

After saying that, Long Wei winked and said, "Master, why don't you accept me? If you want to find anything in the future, I'll help you find it?"

Dong Xi was silent. She had to admit that she was actually a little tempted.

But in the end, Dong Xi said, "No way."

Long Wei immediately felt like crying. Wasn't this apprenticeship too difficult?

Long Wei thought, 'Although I'm a little lazy, it's not that bad, right?'

At this moment, the usually silent and taciturn Mo Han said, "Fellow Daoist Dong Xi, if I were you, I would accept it."

Dong Xi looked at Mo Han in surprise. Dong Xi frowned and thought for a moment. In the end, Dong Xi said, "Then let's try."

Long Wei was stunned on the spot. When he came back to his senses, he immediately knelt down and kowtowed.

Dong Xi stopped him and said, "There's no need to be happy so early. I'm very strict when it comes to accepting disciples. Not everyone can come to our Ningtian Sect's Lingxu Peak."

Long Wei said confidently, "Master, you can test me."

"As long as you don't regret it," Dong Xi said meaningfully.

Seeing that they had settled the matter so quickly, the Head Disciple frowned and said, "Little Junior Sister, the sect rules state that no one below the Golden Core stage is allowed to take in disciples."

Dong Xi said, "Thank you for your reminder, Senior Brother. I'll keep it in mind. Senior Brother, you'll also have to give me 600 million more points. Junior Sister is relying on those few points to survive."

The head disciple did not know what to say. He could not tell Dong Xi that he had forgotten in front of a few outsiders. "Let's go in first. We can't let the guests chat at the door."

Long Wei obediently followed behind Dong Xi while Qing Niao was chased back by Long Wei.

Chapter 495 Don't Worry

Long Wei asked Qing Niao to go back and tell the old man at home that he had already found his Master so that the old man did not have to worry.

After all, the Ningtian Sect was a Righteous sect. It was indeed a good thing for the Young Master to enter the Ningtian Sect.

Moreover, the matter of the Young Master entering the Ningtian Sect was very complicated. It could not be explained in a few words. Qing Niao needed to go back and help the Young Master explain it to the family.

Most importantly, it was impossible for the Qing Niao to enter the Ningtian Sect...

Dong Xi's Immortal cave could not accommodate so many people, so she could only shamelessly ask Senior Sister Wang Ying to arrange rooms for two outer sect disciples.

The Head Disciple was stunned when he saw this scene. After a long time, the Head Disciple said, "Little Junior Sister, is the spiritual energy sparse in the outer sect disciples' area? If Daoist Master Mo Han stays there, isn't it too neglectful?"

Dong Xi did not think that way. She felt that the small wooden house of the outer sect disciples had a garden, which was more suitable for recuperation...

Especially since Mo Han could not use his spiritual energy, wasn't it better to live there?

Dong Xi looked at Long Wei and said, "You can do whatever the other disciples do, and I won't care about you. There's only one rule, you're at the seventh level of Qi Refinement now. If you don't reach the eighth level of Qi Refinement in a month, you'll pack up and get lost immediately."

After Dong Xi finished speaking, she turned around and left, leaving Long Wei, Mo Han, and the Sect Master's Head Disciple stunned on the spot.

The Sect Master's Head Disciple said in embarrassment, "My little Junior Sister is not very sensible and doesn't understand human relations. Daoist Mo Han, please don't blame her."

"Thank you for your kindness, but I think this place is good, so there's no need to trouble yourself."

The Head Disciple could not persuade them, so he could only let Mo Han and the others stay there.

When there were only Long Wei and Mo Han, Long Wei bowed to Mo Han and said excitedly, "Thank you for speaking up for me."

Although Long Wei did not know Mo Han's background, if it was not for Mo Han's words just now, Dong Xi definitely would not have taken Long Wei as a disciple.

Mo Han smiled and said, "You're welcome. It's just a piece of cake. Whether you can succeed or not depends on your own efforts."

Hearing Mo Han's words, Long Wei was a little discouraged. He said, "One month... How can this be enough? Master must not want to take me in, that's why she's making things difficult for me."

Mo Han said from the side, "It's not to make things difficult for you. You will understand in the future."

After Mo Han said that, he turned around and entered his small courtyard.

Long Wei returned to another room and looked around. He turned around and saw someone practicing fist techniques not far away.

Long Wei recalled that his Master had said that whatever others did, Long Wei would follow. Long Wei walked out.

What should he practice? Long Wei's fancy punches and fancy moves were not worth mentioning here. On the contrary, that disciple had only punched out one move and, and he did it a single move for 25 minutes.

Long Wei also practiced punching for a long time. Seeing that person stop, Long Wei immediately went over and said enthusiastically, "Senior Brother, which sect are you from?"

When this disciple heard this, he looked at Long Wei in confusion. The disciple said, "Alchemy Sect, Junior Brother, did you go berserk? No, why haven't I seen you before? Could it be that the demons are invading?"

As soon as this disciple finished speaking, he looked at Long Wei warily.

Long Wei immediately said, "No, I was just brought back by Master Dong Xi today. It's my first day in the sect, so I'm not familiar with this place. I'm not from the Demon race... Senior Brother, look at my Righteousness."

Hearing this, this disciple looked at Long Wei in confusion for a long time. This disciple said, "That's true. It's not strange for Senior Sister Dong Xi to do things like this."

Long Wei took out a middle-grade spirit stone and handed it over. Long Wei said, "Senior Brother, this is a little token of my appreciation. Please accept it. There are still many things that I don't understand. I wonder if Senior Brother has the time to explain them to me?"

When the disciple saw the spirit stones, his expression immediately improved. The disciple said, "What is it? I'll just rest for a while. Time is tight, so let's talk quickly."

"I'm very curious. Isn't this the Alchemy Sect?" said Long Wei. "Why have you been practicing your fighting?"

The disciple smiled and said, "Senior Sister Dong Xi said that only by being strong can we fight for more resources. If outer sect disciples like us want to enter the inner sect, there's only one way. We have to pass the sect competition. The sect competition has already ended, but we must get a good ranking in the next sect competition."

When Long Wei heard this, he secretly clicked his tongue. Long Wei said, "Then when are you going to practice your fist technique?"

The disciple said, "At night. I refine pills in the morning, practice boxing in the afternoon, and cultivate at night. I feel refreshed the next day!"

Long Wei was speechless.
