

Chapter 41

My Mate came first.

'Shift back men.' I ordered never looking away from Jack.

'Back your men down too.' I said. 'My men can't be defenseless.'

I heard my men shifting back.

While Jack's men waited for an order.

'Shift' Jack said.

Instantly they shifted back.

I heard clothes being slid onto skin, the sound unnerving me.

I shifted to the right, Jack's eyes following.

'tsk tsk be careful Alpha.' He said 'Now I'm going to shift, you make one move and she's dead.'

I held in a growl but I nodded.

I would never intentionally hurt Sam.

I could see an argument going on between Sam and Jack.

'Baby, please. Listen to him, I don't want you to get hurt.' I pleaded.

Her grey eyes met mine, and I saw her fear.

'Everything will be fine, baby.'

In the next second they were both shifted.

I tried not to let it bother me that she was standing naked in front of everyone.

'Atleast put on some clothes' I growled.

Jack flicked his fingers and clothes were instantly brought forward.

Sam threw on a big shirt with some shorts.

"Shift Alpha." Jack demanded.

I bristled at his tone.

I had the Alpha gene in me.

But I complied.

I shifted and Don handed me some shorts.

I shoved them on never taking my eyes off of Jack.

Jack snapped his fingers and two men came up to him.

They looked about early twenties. Tall and broad.

He whispered something to them.

Suddenly the Alpha of the Midnight Pack was dragged forward.

I guess now we would find out his involvement.

A growl sounded loudly. John and my father were holding back Tyler.

'Get him under control ' I mind linked.

I wouldn't allow anything to jeopardize my Mate.

The Alpha was thrown to the floor.

I could see him vibrating.

I know how he felt.

Alphas wanted dominance.

They weren't used to being treated like dirt.

I felt the tension in the crowd.

Jack's men had gathered behind him while some stayed by the hostages.

The Alpha tried to stand up but Jack kicked him hard in the face, knocking him over.

I know the Alpha could probably take Jack. He was in his thirties atleast. His blonde hair was matted his green eyes so like Tyler's ice cold

. He wore day old clothes ripped in different areas and from here I could smell his stench as if he hadn't taken a shower in ages.

When he looked up I saw his bloody lip.

'Tyler' I linked 'Your father will be fine. He's an incredible warrior, never forget that. '

I felt the anger and fear clouding his mind.

'I know he will Alpha' Then he closed off his mind to me.

Normally that would have pissed me off. But I understood he was in pain.

A breeze swayed through the field sending a mouth watering scent my way.

I had never smelled anything so delicious.

A mixture of lavender and the ocean.

My eyes twitched as I saw men from my pack sniffing the air.

What was going on?

Was this a part of Jacks plan? To distract my men?

But once I saw his men do the same I knew it wasn't.

'Father?' I linked.

'You smell that?' He asked.

'What is it?' Don interrupted.

'Its your mate. She's in heat' Dwayne said. 'Crap'

Realization hit me hard as my father said 'All the unmated wolves will do anything to get her. Its their instinct to reproduce.'

My eyes went to Sam.

She was looking at me.

She didn't seem to notice the stares from all the men.

'Men. Do whatever you have to do but control yourself. That's your

future Luna you are smelling.' I mind linked my whole pack using my Alpha voice . 'Any man who disobeys me will be punished. You're warriors you can control yourselves.'

I saw slight nods from my men.

"Ahh such a delicious smell" Jack grinned "You know that's not the only thing that smells good on your Mate."

A loud growl escaped me at what he meant.

Not only had Sam been physically abused but sexually as well.

My wolf growled in spite.

I wanted him dead.

My eyes flickered to Jack's men. Some moved closer. A look of hunger on their face.

Anyone who touched my Mate would die. Of that I swore.

"Tsk tsk. Calm yourselves for now my sweets. It'll be your time soon."

Jack grinned but it soon turned to a scowl as he looked down at a disheveled Alpha . " Bryan Bay Alpha of the Midnight Pack. I thought you would be a little bigger. "

Bryan looked up, confusion etched on his face.

"Do I..." I flinched as Jack smashed his foot into his face again.

"Don't fucking talk when I'm talking!" He yelled. "You're a weak Alpha and an even weaker Mate."

I watched painfully as blood ran down Bryan's lip and nose. And as far as I knew Alpha Bryan's Mate had left him.

A crazed look entered his eyes.

His canines were elongating.

" My men have been keeping an eye on you and your Pack you know? "

He looked at me. "But that's not it. I've had eyes on the inside."

I felt as if I had been slapped.

My own pack had betrayed me ?

Jack grinned .

"Come forward child." He snapped.

I watched intently then a blonde head finally appeared from the crowd.

My mouth gaped open in shock.

I should have known.

"Hello Chris " The overly glossed lips pulled back in disgust "I see you've met my father."

"Chelsea? " I whispered shocked.

What the hell....

Chapter 42

-----Sam-----

I stared open mouthed.

Did I just hear what I think I just heard?

Chelsea? THE Chelsea Holland?? Was MY sister?

How was that possible?

"Aww baby, do close your mouth before a fly goes in there." She purred sliding a finger down my Mates cheek.

A growl escaped me.

No one touched my Mate!

She turned and gave me a deep scowl. "Taking what was mine, I don't appreciate that little sister."

"I'm nothing to you!" I spat.

Chelsea stalked towards me.

My cheek stung when she slapped me, but that didn't stop me from lunging at her.

Jack restrained me easily.

"Calm down NOW!" Jack bellowed.

"Yes father" Chelsea instantly stopped.

Jacks grip on my arm tightened painfully.

"You to daughter." He said sourly.

"Don't call me that!" I spat in his face.

That earned me a hard punch to the gut.

I doubled over in pain.

I heard a growl and I knew Chris was about ready to shift.

'Babe please don't get him angrier' Chris mind linked.

I could feel his anger, his restraint. I nodded without looking up.

"I bet your wondering how you two are related. Well I had an affair while your mother was pregnant. A one night stand. Little did I know that she would leave pregnant." Jack smirked "Chelsea went to the shop to check her car. That's when I knew. I told her of my plan once we started talking. And here we are now."

I processed this information.

That would explain why he hadn't bothered me some nights.

He was too busy being reacquainting with his long lost daughter.

"So Chelsea would give me information from the inside. Every move you guys did." Jack shrugged, glaring down at me "It was going all smoothly until he met you. You messed up all my plans!"

I gave him a disgusted look.

"And what was that? Infiltrate all the packs around the one you really wanted?" I scoffed "Your mistaken if you actually think you'll ever get this land."

His cruel smile sent a chill down my spine.

"You see I have two things that will make that happen sweet daughter."

I felt bile rise up in my throat at that word.

Daughter.

I was never one to him!

My body was shaking, my wolf was itching to rip his head off.

'Calm down' I told her 'Well have our chance.'

She purred at that.

We couldn't wait.

From the corner of my eye I saw the Alpha of Midnight Pack move.

Blood scattered the dirt from where his nose had bled.

He looked up and our eyes met.

His green eyes widened in shock.

I stared at him confused.

"Sarah?" He whispered.

My mouth gaped open.

How did he know my mom?

I flinched as Jack kicked him down.

I shook my head.

I had to know how Bryan Bay knew my mother.

I could feel Chris's questioning eyes but I shook my head at him.

"What are those things?" I finally asked looking at Jack.

His eyes stared hatefully at me while Chelsea kept eyeballing my Mate.

I restrained myself from growling at her.

"Well for one. Your being Mates with the Alpha actually did work in my favor. Not so much on Chelsea's though. "

Chelsea growled lowly.

"I know for a fact that the Alpha would never let anything happen to his Mate. And another thing, I'm going to expand this territory."

I looked up at Chris as he laughed out loud.

He stared at Jack with so much hate.

A chill went down my spine.

But not of hate, of lust.

He looked so sexy, his muscles bulging as he restrained himself.

Sweat dotted his frame, I watched as it streamed down his face to the

ground.

I shook my head.

What the hell was I thinking about?

Here I was in a life and death situation and I was, thinking of pouncing on him.

Chris must have noticed for his eyes met mine.

They were pitch black with lust.

My body erupted in goosebumps.

Why was I having these outrageous thoughts?

'Your in heat baby, every unmated male right now is trying there hardest from pouncing on you and taking you.' Chris mind linked.

I didn't really understand what he was saying but I nodded.

"What's so funny? " Jack snapped.

"You really think you can expand my territory dumbass? There are territory lines! " Chris's face twisted into a scowl.

Suddenly the Alpha was picked up roughly by the men who had thrown him.

"You see that's why he's here."

"My father will never bow down to you mongrels!" a Guy yelled from the back.

He looked a lot like Alpha Bay so I was guessing that was his son.

Jack laughed smirking.

"Oh yes he will."

I was pushed forward stumbling to the floor.

I growled as I spit dirt from my mouth.

I would kill him slowly and painfully.

"You see pup, your father has a weakness." Jack picked me up from my

hair. I held in my tears as pain erupted through my skull.

I was face to face with Alpha Bay.

"Who does she look like?" Jack asked.

Once again his eyes widened and he shook his head.

"It can't be." He mumbled.

"Father. Who is she?" his son demanded. He was being held back by John and an older version of Chris. His father.

"You see Bryan" Jack growled out his name with so much hate I'm surprised Bryan Bay didn't wither beneath his gaze " You were an incompetent Mate. You couldn't even take care of Sarah!"

"Why is he talking about mom? What's he have to do with her?" his son demanded shaking from head to toe.

"Tyler, calm down!" The Alpha yelled shaking his head "That's not possible! Sarah left me!"

Jacks face twisted in a snarl.

"You really think a Mate would leave their other half? Pathetic. She was in an accident. She lost your baby. But don't worry I gave her another one." His hold tightened in my hair. Tears streamed down my face as I held in my sobs.

"But she's what ruined my life! Sarah died in child birth!"

"Its not my fault I was a baby!" I screamed.

I was tired of being blamed for something I hadn't done!

"She's my sister?" Tyler's voice cracked " Mom never left? "

"So you see. You hand over your territory, saving the only thing that reminds you of Sarah or she dies."

I looked at Bryan.

I could see his hesitance.

His eyes were filled with hate and regret.

Mom had mated a gentleman I could tell.

Too bad he hadn't been my father.

'I'm sorry' I mind linked to him.

His green eyes met mine.

'This isn't your fault child' His voice filled with despair ' You look so much like your mother.'

'I know. ' I grimaced 'I hope you have a good life Alpha Bay. Be there for your Pack, I'm good.'

Then I closed off our link.
