

**Chapter 3500**

“It’s just that I was too kind in those years, and I just allowed your wicked species to live in this world for more than ten years. Now it has brought such a serious disaster to my Chu family and Chu Sect!”

“Now, I should make up for the mistakes I made back then.”

“This time, Brian Chu, even if a god descends to the earth, it can’t save you!”

Chu Yuan’s roaring loud sound, like thunder, continued to explode during these nine days.

He was dressed in a gray robe, and the corners of his clothes were hunting in the wind.

He stands proudly in Tianhe, like looking down at the sentient beings of ants, looking down at the tiny Mark under his feet.

Then, his outstretched palm resembled a five-finger sacred mountain pressed down by the Tathagata Buddha. With a powerful force of thunder, towards Mark below, he suddenly pressed down.

No one doubted that Mark would still have any vitality under this palm.

“Hahaha..”

“Hahahahaha...”

But at this moment, facing the danger of life and death, Mark suddenly laughed.

He looked up to the sky and screamed, and in that smile, there was fierceness and determination.

“Chu Yuan, put away your lofty face!”

“You pride yourself on being noble and above all beings.”

“But in the eyes of my Brian Chu, you are just an old dog who lives for decades.”

“What’s so arrogant about you?”

“I, Brian Chu, is twenty-five years old, so I can break through the sky, sweep Chumen, and stand on top of the list!”

“what about you?”

“When you were twenty-five, were you half the height of my Brian Chu?”

“The only thing you are better than me is that age.”

“If you are giving me ten years, I, Brian Chu, will still trample you under my feet!”

On the top of Chumen Mountain, Mark sneered, but roared in the wind.

Hearing Mark’s words, the entire Chumen Mountain was undoubtedly stunned.

They didn't expect that Mark's death was imminent, and he didn't know if he was in the slightest panic or horror. On the contrary, he was so wild and unruly.

The heroic and domineering words are just as they listened, and they all felt stunned!

When everyone was shaking, Mark's voice still rang again.

"However, Chu Yuan."

"Even if I, Brian Chu, are really going to fall here today, before I die, I will break your teeth!"

boom!

When the words fell, Mark broke out all over his body.

This time, Mark had no reservations, and even ran Yundao Heavenly Decision in a way that broke through the limits of his body.

The surging momentum lingers and flows, and the horror and majesty converge like a storm.

The ground under his feet exploded, and the Yuanli in his body rushed like crazy.

At this time, Mark was like a raging fire, burning in an unprecedented way.

If someone could look inside, they would definitely find that all the veins in Mark's body were tight at this time, and because of the majestic motive force, cracks had been exposed.

Yes, Mark started desperately.

He is very clear about the gap between himself and Chu Yuan.

Although there is only one difference between the titled master and the god realm.

However, there is a qualitative difference between the two.

Just like just now, a single blow between Chu Yuan's gestures could almost kill Mark's half life.

It can be seen how big the difference in strength between the two is.

Mark can only have the possibility of Weibo if he fights with his fate, which poses some threats to Chu Yuan.

However, in the face of Mark's words, Chu Yuan dismissed it with a smile.

"Fireflies, dare to compete with Haoyue?"

"I can't help myself!"

Chu Yuan shouted coldly, and the offensive in his hand was fierce again.

But at this time, Mark rose to the sky after the energy accumulation was completed.

As soon as he shot, it was Mark's strong hole card.

"Yundao Tianjue, the first style..."

“Yunyang kick!”

....

“The second type, a scorching landslide!”

....

“The third type, the seal of the sky!”

## **Chapter 3501**

In a short moment, Mark released three moves in a row.

With a punch and a palm, the surging power almost shattered the void.

Of course, Mark’s attack was far from over.

After the earthshaking seal fell, Mark volleyed a finger.

Chi Yan’s giant fingers shattered Tianhe, like a fire dragon, and gathered towards Chu Yuan.

After one finger fell, Mark stepped on the sky and waved like a dragon, and Void God Slash immediately fell.

Yin and Yang are retrograde, and Tianhe is upside down.

The world in front of him was once again separated by the two forces of yin and yang.

The five styles are continuously released, and the surging power can’t help but converge and stack.

In the face of the weather, it’s like flying in the air.

“Does this guy belong to Xiaoqiang?”

“How can you not die?”

“After a series of battles, I was hit by the old Patriarch again, so that he could still explode with such power?”

After Yundao Tianjue five styles were continuously released, the Chu family and the Chumen all trembled in shock.

Especially those Chumen elders, as well as those with higher status and good strength like Chu Shen, felt even more shocked in their hearts.

They also all have title cultivation bases, and they know that the continuous and high-intensity battle like Mark before, consumes their own physical strength and vitality, how huge is it?

If you change to another title powerhouse, you will be exhausted long ago.

However, who would have thought that not only did Mark not see the slightest decay, but he also got more and more courageous.

The power that has erupted now is no more than the time difference between the fierce battle against Tang Yun before.

“This is unreasonable...”

“His ability to sustainably fight is too abnormal, right?” Grand Elder Truman frowned and said in doubt.

For their martial arts people, the strongest fighting state simply cannot last.

After all, the elemental energy stored in the pubic area is limited, and sometimes a big move can consume most of the elemental energy in the body.

If you want to return to the peak, it will undoubtedly need a long period of time to adjust your breath, run the exercises, and then absorb power from the heavens and the earth.

But Mark’s current state undoubtedly violated this iron law well-known in the martial arts world.

“It’s Yundao Tianjue.”

At this time, Tang Yun, who had been silent for a long time, suddenly replied.

“I remember hearing from my sister that the Chu family’s Yundao Tianjue exercise method is extremely abnormal, not only has a strong outbreak, but also has a high efficiency.”

“The absorption efficiency of the heaven and earth elemental strength is far superior to other martial arts techniques.”

“This is only a simplified version.”

“The full version of the Yundao Tianjue technique is bound to be even more enchanting.”

“The long-lasting combat ability he has shown should be closely related to this Yundao Heavenly Decision.”

Tang Yun is worthy of being the master of a sect, and soon saw the key point.

For the Chu Clan powerhouse, in fact, Mark’s biggest trump card was that Chu family’s unique knowledge.

This is why, Mark can crush the world at this age.

Even the nearly tens of thousands of people from Chumen could not stop Mark alone.

“This damn Brian Chu!”

“Using my Chu family secret method to slaughter my Chu family powerhouse.”

“However, he can’t last long.”

“Under the gods, all are ants.”

“Even though his talent is against the sky, but after all, his background is too shallow, his age is too young, and his realm is nowhere near that of my old Patriarch.”

“It’s probably the limit if it can last until now, right?”

Chu Shen smiled coldly, looking at Mark who was desperately fighting in front of him, but he showed a gloating smile.

Just like, in front of his eyes, Mark at this time was already a dead body.

Not only Chu Shen, but everyone else shook their heads, showing pity to Mark.

Just now Mark used Izumo Dao Tianjue, not even Tang Yun defeated him, let alone Chu Yuan.

No one thinks that in such a mortal situation, Mark will make any waves.

But, just when everyone was thinking like this.

Mark clenched his hand into a fist, and his surging vitality was concentrated on the palm of the fist.

Everyone watched, the shadows of fists, in front of Mark, crazily condensed.

### **Chapter 3502**

In the end, a heavy punch was slammed against Chu Yuan in front of him.

“Yundao Tianjue, sixth style...”

“Wuji Jin!”

Bang bang bang bang...

Nine consecutive punches burst into the void.

For a while, all this world is swept by Mark's fist.

All the disciples of Truman who saw this scene were crazy.

Especially the Chu family members are staring at them.

“This bastard, did you use the sixth form again?”

“I think he is crazy!”

“With six tricks, he is not afraid to hollow out himself?”

“This Brian Chu is really going to fight his old Patriarch!”

Chu Shen and others thought that Mark's use of the five styles would be almost over.

After all, Yun Dao Tian Jue is the world's most powerful secret technique, and the elemental power consumed by each style increases geometrically.

The last time Mark played Wuji Jin, he consumed a lot of energy and his aura was much dimmed.

Now he has used it again. Is this really going to drain all his strength to fight Chu Yuan, leaving no remaining power or retreat?

Boom~

The storm swept wildly, and the terrifying coercion swept the world.

Nine strengths, almost have the power of destroying the world.

Everyone in Truman who felt the huge oppression in it turned back.

Those disciples with humble status even lay on the ground, burying their heads in the pile of rocks.

“Is this the Yundao Tianjue of the Chu family?”

“Sure enough, it’s terrifying!”

“If this Brian Chu has the Chu Yuan 80% realm, it is estimated that the outcome of this battle will be extremely suspenseful, right?”

Everyone sighed with emotion.

Meng Wanyu looked up anxiously.

Tang Yunqiao’s face was also pale.

At this moment, the entire Chumen Mountain people are staring at the emptiness.

They knew that this would be the last encounter between Mark and Chumen.

After this attack is over, life and death will be finalized.

When everyone was nervously paying attention to this life and death duel, Chu Yuan, who was on the cusp of the storm, frowned quietly.

Although he didn’t want to admit it, Chu Yuan also had to say that for so many years, this Chu Tian was the first person to make him feel threatened besides Moon God.

Yun Daotian’s six tricks were released, and even Chu Yuan felt pressured.

This time, he didn’t dare to care about it.

His expression turned, his eyes were cold. After the move just now, Chu Yuan immediately used the powerful secret technique of the Chu Sect, the three masters of the Chu Sect!

Sirius, Baihu, Qinglong.

The three attacks carried the power of the dragon and the tiger, and Mark’s might and power, violently confronted each other.

In the rumbling sound, Chu Yuan instantly defeated Mark’s several attacks with a force of destruction.

What Yunyang kicked, what fierce landslide, in front of the real powerhouse of the gods, did not hold it for a moment.

After losing Mark’s two offensives in a row, Chu Yuan’s attack remained undiminished and continued to slash towards Mark.

Immediately afterwards, the earth-shaking mark was broken, the red flame’s fingers collapsed, and the void was cut off.

The first five styles of Yundao Tianjue, like a chicken and dog, were instantly swept by Chu Yuan with invincibility.

“Hahaha~”

“He’s done!”

“ended!”

“Brian Chu, your death date has finally arrived!”

The disciples on Chumen Mountain have already begun to celebrate.

The Chu family members cheered happily.

In this way, in the gazes of countless powerhouses in Chu Sect, Chu Yuan’s attack and Mark’s last Wu Ji Jin met.

This time, there was no sweeping sweep like before.

The attacks on both sides unexpectedly fell into a short stalemate.

The Jiu Dao Quan Jin launched a layer upon layer of resistance to Chu Yuan’s offensive.

One boxing strength was annihilated, and the other boxing strength quickly made up.

With the Jiu Jin bursting out, Chu Yuan’s Chu Sect’s Three Jues powers instantly wilted for most of them.

However, even if Wuji Jiu Jin showed extremely strong resilience, in the face of absolute strength, it still gradually fell into a disadvantage.

Until the ninth energy was annihilated, it still failed to completely block Chu Yuan’s attack.

“Brian Chu, it’s over.”

Chu Yuan looked at Tianhe from a distance, the corners of his lips lightly opened, and the faint voice was just like the final judgment on Mark.

After that, Chu Sect’s Sanjue’s remaining prestige, with an irresistible slaying force, slashed towards Mark

### **Chapter 3503**

But is it really over?

Just when everyone was waiting for Mark to be blood-stained on the spot.

Hum!

In nine days, I heard only a loud sword chant, which quietly exploded like a dragon roaring and a tiger roaring.

Then, on the Chumen Mountain, the thousands of children all saw Mark’s hand, the ancient Yunyang sword, once again lit up with golden light.

The dazzling sword light is like a bolt of lightning that cuts through the world in the dark, exquisite in the world!

At the same time that the ancient sword lights up, Mark's aura has reached an unprecedented peak at this moment.

"This this..."

"This kid, think... what do you want to do?"

"Could it be that he still has cards?"

Everyone in Truman who saw this scene was almost insane.

Everyone looked like a ghost, looking at the thin figure in front of them.

They couldn't imagine that Mark, who was already almost at the end of the crossbow, had yet to show his cards after six consecutive moves.

When everyone was shocked, Mark's momentum was still condensed.

The majestic power rushed from his limbs to the long sword in his hand.

In the public area, Yundao Tianjue was running crazily.

The surging vitality that resembles a deep sea, flowed along Mark's veins regardless of the consequences.

In the end, under Mark's clothes, there were blood stains flowing out of his pores.

The once deep and ethereal eyes were already red because of congestion.

Today's Mark is like the demon from Shura Hell, just looking at it makes people shudder.

"This guy, madman, is a complete madman!"

"He's playing with fire..."

Seeing the scene before him, the Chumen elders instantly guessed Mark's intentions.

He is forcibly overdrawing his physical strength.

Like a balloon, he is urging the power in his body to revolve in a way that breaks the limit of his body's ability to withstand it.

A little carelessness will result in a broken muscle and death!

"Back, fast back!"

"After a while this madman is playing and exploding, we all have to be affected!"

After Chu Shen realized Mark's intentions, all their faces were pale, almost frightened.

As the saying goes, the stupid ones are scared, and the scared ones are terribly scared.

What's more, the one who is desperate now is the most powerful person on the top of the list.

Titled masters of this level generally really explode, and the destructive power is comparable to a nuclear weapon.

It's strange that Chu Shen and others are not afraid.

But when the people all over the mountains retreated in panic, there were two people among the crowd who did not retreat.

One is Meng Wanyu and the other is Tang Yun.

"stop!"

"Stop it!"

"Stop!"

Meng Wanyu's beautiful eyes were red, and she kept shouting.

Tang Yun was also unable to control her emotions at this time, and under the huge sadness, she also screamed sadly at the sky.

"Mark, why are you doing this?"

The body was stained with blood, and the beautiful woman was in tears.

Tang Yun's voice choked, her crystal tears were shattered by the wind.

However, in the face of Tang Yun's disciples and disciples, Mark seemed to have not heard it.

The power in him is still condensing, and he still endures the pain, frantically extracting the few remaining power in his dantian.

In the end, perhaps it was the reason why the power was too majestic. Mark's eyes were already crying blood, and there were even a few veins in his body that had broken, and the red blood was overflowing along the corners of Mark's mouth.

Shed.

"Stop!"

"Stop it..."

Meng Wanyu cried with tears.

Tang Yun was even more heartbroken.

But Mark, just like the moth fighting the fire, even if his soul is scattered, he vowed to slash this traversing blow.

Xinghuo starts a prairie fire, the world changes, and the nine dragons chant my heaven.

He is the only descendant of the Celestial family of the Chu family, and he is dead and vigorous!

Sit and wait to die, it was never what Mark did!

What's more, his grudges with Chu Yuan have been entangled for many years.

The hatred of being chased and abandoned back then.

Almost all the emotions suppressed in Mark's heart over the years have gathered in this sword.

He wants to use his strongest blow to tell the world that he is not to provoke Chu Tian.

He even wanted to make the people of the Chu family who expelled him from the family back then to regret and fear!

### **Chapter 3504**

At this time, Mark, although he was bleeding, but the power of soaring to the sky, only like Yaoyang.

Why did the moths fight the fire, because at that moment, he got light and heat!

"Chu Yuan, ten years of sorrow, all kinds of hatreds, cut it with one sword today!"

The roaring loud sound, like thunder, blasted into the void.

Then, everyone only saw that thin figure, holding a sword in his hand, holding it across the sky.

Thousands of frontiers, under his hand, kept gathering.

All the strength, momentum, and emotions all reached the most violent culmination at this time, and then there will be the most hearty explosion.

"Yundao Tianjue, Seventh Style"

"Smashed Star Sword!"

It has been thirteen years since Mark was expelled. After this journey, Mark has experienced more than a hundred battles.

But it wasn't until this moment that the seventh form of Yundao Tianjue appeared in the world for the first time.

At the moment Mark slashed with this sword, on the Chumen Mountain, all the powerful Chumen were horrified.

Especially those of the Chu family, they were even more shocked.

"This this..."

"How can this be?"

"He...he actually used the seventh formula?"

"I'll go to Nima!"

"Can you be more perverted?"

Chu Shen and the others were full of panic, and the whole person was almost scared to pee.

You know, Yundao Tianjue is the most profound and obscure martial arts secret of the Chu family, and most of the previous Chumen Patriarchs have only repaired the chain to the sixth form.

Just like Chu Yuan, Xi Wu said, when the time limit was approaching to retreat to the forbidden area of the Chu family, his understanding of Yundao Tianjue was only in the sixth form.

But who could have imagined that the Brian Chu in front of him broke through the shackles and used the seventh formula.

Don't say that these people are Chu Yuan, and their expressions are also shocked.

"Seventh style?"

"He actually used the seventh formula!"

"Damn it!"

"He is a contemptuous abandoned son, and he has realized the seventh formula?"

At this time, Chu Yuan's mood could not be kept calm.

You know, until now, Chu Yuan's Yundao Tianjue comprehension has only stayed in the sixth form.

And a junior who was still an abandoned son who was expelled from the Chu family by him, and his comprehension above Yundao Tianjue, has surpassed him.

This is naturally unacceptable to Chu Yuan, who has always been lonely and proud.

"However, Brian Chu, no matter how enchanting you are, titles and gods are the shackles and gullies that you will never step on."

"It's your Yundao Tianjue seven-style continuous cutting, and it will never be my Chu Yuan one-in-one general!"

Chu Yuan's face was sullen, and his icy words resounded like ice.

Mark ignored it and turned a deaf ear.

He urged the ancient Yunyang sword in his hand to operate with the secret technique of Yundao Tianjue, standing proudly in Tianhe, and slashed down in anger.

Stabbed!

The sword is like a rainbow, and the sword is like frost!

At the moment when Mark's long sword was raised, everyone only felt that this world was almost dimmed.

In everyone's eyes, there is no heaven, no earth, only the sword in Mark's hand that runs through the ages.

Finally, with the momentum of the thunderbolt, he slashed towards Chu Yuan fiercely.

“Huh, bluff!”

Chu Yuan snorted coldly, his tone was full of disdain.

In this way, he urged his attack to meet Mark's sword light fiercely.

However, after only a momentary confrontation, Chu Yuan's expression suddenly changed.

“what?”

The disdain and contempt just now disappeared, and as everyone saw it, Chu Yuan's eyes widened with horror.

“Damn, this guy, how... how could it be possible to burst out this level of power?”

Chu Yuan was completely shocked.

After feeling the power of Mark's sword, Chu Yuan dared not slack anymore. All his power instantly poured out, and he fought fiercely with Mark's Star Broken Sword.

It is driving to the limit.

However, in such a short period of time, Chu Yuan simply couldn't resist too effectively.

boom!

After the muffled sound, everyone only saw that the three dragons, tigers and wolves that Chu Yuan had previously displayed were cut off by Mark with a single sword.

Moreover, the majestic sword spirit remains unabated.

Yundao Tianjue's majesty and exquisiteness are inexhaustible, swept down, and finally swallowed that Chu Yuan in an instant!

## **Chapter 3505**

Yunyang ancient sword, the power of broken stars.

As the saying goes, the wind helps the fire, and the fire borrows the power of the wind.

The ancient sword of Yunyang was passed down by the ancestor of Yunyang, and Yundao Tianjue was also created by the ancestor of Yunyang.

Mark uses Yunyang Tianjue to spur the ancient sword of Yunyang. The two complement each other and complement each other.

Especially the seventh-type star-breaking sword, undoubtedly exerted the power of Yunyang sword to the extreme.

Yundao Tianjue, Mark has been repairing the chain for more than ten years.

Before that, Mark could only use six formulas completely.

As for the seventh-type star-breaking sword, Mark has also been studying it for many years.

Before, Mark used the finger as a sword to perform this trick.

However, that power has not been able to satisfy Mark for a long time.

Therefore, Mark has been trapped with this trick.

But this time, with the help of the Yunyang Ancient Sword, Mark will undoubtedly perform this move again, like a godly help.

Mark had a feeling that perhaps when the ancestor of Yunyang created this broken star sword, the sword he held in his hand was this ancient Yunyang sword.

Until now, Mark had only realized the purpose of the ancient sword taught by his wife under Fenghai City that day.

Presumably, the grandma, the more she wants to use the Yunyang ancient sword, the seventh style of Izumo Dao Tianjue.

Yundao Tianjue is more powerful when used with Yunyang Ancient Sword.

Just like Mark at this time, there is Yundao Tianjue technique inside, and the body of Dragon God is outside to help, supplemented by the ancient Yunyang sword in his hand.

It can be said that Mark gathered all the magic tricks of their Chu clan.

Especially under the blessing of Yunyang Ancient Sword, a vicissitudes and ancient aura suddenly radiated from Mark.

The cyan sword air is vertical and horizontal, and the golden light phantom is permeated.

The people of the Chu family looked into the sky, and the thin figure between Tianhe suddenly became tall and sacred.

Until, it slowly overlapped with the ancient stone statue enshrined in their Chu family forbidden area.

“This this...”

“This is the ancestor of Yunyang?”

Chu Shen and others were completely stunned.

For a moment, they even thought that Brian Chu was the reincarnation of their Chu family ancestor.

Even some of the Chu family members who were shallow-minded, knelt on the ground and knew that their ancestors had passed through the ages.

The miraculous scene in front of him trembled the entire Chumen Mountain. ,

More than that, when Mark held the Yunyang Ancient Sword and cut out the seventh form of Yundao Tianjue, the bright sword light almost penetrated the ages of time and space.

At this time, on the vast Pacific waters, several figures took the lead to set foot on the sea.

These people are not others, they are the four strongest Dragon God powerhouses under Mark.

Although it is still above the vast sea, even if it is thousands of miles away, the sword light on Chumen Mountain is still so strong and clear.

“This...this power...”

“This breath...”

“It’s the Dragon Lord!”

“It’s the Dragon Lord...”

Feeling the Ruyuan aura coming from the far end of the Tianhe River, Gaia and others almost burst into tears for a moment.

“Still alive!”

“Dragon Lord is still alive...”

“accelerate!”

“Speed up!”

“We must be there in time...”

Gaia, Owen and the others had bloodshot eyes and were anxious, rushing to Chumen Mountain like crazy.

The speed was strange, like a stream of light, only pulling out afterimages under the sky.

Since the Dragon Temple issued the highest order summoning order, it has only been a few hours in the past.

Like Gaia, they are the fastest, but they still haven’t reached the other side of the ocean.

As for the others, the movements are even slower.

Some planes have just flown halfway.

Even those who are close are still driving on the way to Chumen Mountain.

No one knows if they can arrive in time.

After all, the time gap is too big.

When Gaia and the others reacted, Mark had already killed Chumen.

If they wait for them to arrive, it is very likely that the battle is over.

At this time, Gaia and the others, only hope that their dragon master can last longer and longer.

## **Chapter 3506**

It must last until the arrival of their King Qin Master!

While several dragon gods rushed to the land of Noirfork, Ericson Li and Chen Ao were already on the plane to New York City.

On the plane, in addition to them, there were also a large number of powerful men they gathered, all with live ammunition, holding weapons in their hands.

Of course, the strong here are only for ordinary people.

Compared with titled powerhouses, the strength of these people is far worse.

“Ericson Li, didn’t you tell Lei San?” On the plane, Chen Ao asked Ericson Li.

Ericson Li shook his head: “No. There is always one person left to take charge of the overall situation in Noirfork. In case you and I do not come back, there will be someone to guard Mr. Chu’s relatives and family members.”

“But if you and I are all separated from another country, who else will guard the Noirfork land.”

Before Ericson Li came, he thought a lot.

When Mark left, he had specially asked him to help him guard Noirfork.

This sentence, Li Erhui always remembered.

Even if he couldn’t keep it anymore, he had to leave Jiang Dong a backbone to pass on Mr. Chu’s order.

“Fart!”

“If Mr. Chu is gone, is Noirfork still Noirfork?”

During the conversation between Ericson Li and Chen Ao, an old man with a peaked cap in the front seat suddenly cursed.

Ericson Li and Chen Ao immediately looked up, only to see a familiar face appearing there.

“Lei San?”

“Lei San!”

Chen Ao both spoke in unison, shouting in horror at the same time.

Yes, the old man who was sneaking on the plane in front of him was not someone else, but the boss of the land of Denham, Lei San.

“You two, you are not authentic.”

“Want to leave me and go by yourself?”

“If I really want to guard Noirfork for Mr. Chu, then the three of us must guard together!”

“You want me to carry it alone, you go out to be heroes, there’s no way!”

Lei Lao San cursed.

Ericson Li and Chen Ao looked at each other, then they all smiled, their old eyes flushed.

Sometimes, it is the same belief that brings people closer together.

Just like the three big bosses who once smashed Noifork, it is precisely because of the same persistence and belief that even after many years, they can still meet again at this moment.

And while they were talking, in the distant Tianhe, a golden glow suddenly rose to the sky.

The dazzling beam of light can still be seen through the glare windows of the plane.

For a while, Ericson Li and the others were all stunned.

Not only the three people in front of them, but all those rushing towards Chumen Mountain at this moment saw this dazzling beam of light.

The land of the maple sea, the old house of the Chu family.

The old lady is watering the fruits and vegetables in the yard as usual.

Suddenly, the old lady seemed to feel something, and suddenly stood up straight and turned to look into the distance.

Suddenly, there was a little sadness on that old face.

“After all, is it this far?”

The old lady sighed for a long time, but there was a complex emotional reversal in her heart.

They were all descendants of her, all descendants of the Chu family, and the old lady didn't want to see anyone fall.

But, who will listen to her wishes?

“Fight, fight hard.”

“Fighting you to death and life, we and you will have a face in the future, to face your ancestors of the Chu family...”

The old man shook his head, and walked into the depths of the old house.

At this moment, the storm was still on Mount Chumen.

The power of the broken star sword, like a tiger descending a mountain, swept all over the place.

Chu Yuan's attack was instantly annihilated.

In the face of the terrifying might, Chu Yuan urged all his own power to defend, and even crushed a piece of jade talisman, the power inside condensed into a defense on his body.

Photomask.

However, this mask only lasted for a while.

Hearing a stab, the light mask instantly shattered.

But the broken star sword remained unabated, slashing fiercely on Chu Yuan's shoulder.

“The body of the sun dragon!”

“Yang keel, ice and snow muscle!”

“Now now!!!”

Chu Yuan was approaching a big enemy, and his whole body was urged to protect the body like crazy. Then he could only rely on his body to block Mark’s blow.

## **Chapter 3507**

boom!

There was another loud noise.

The deafening sound, like a nuclear explosion, exploded from heaven and earth here.

The rocks collapsed and the earth cracked.

The entire Chumen Mountain was shaking violently.

Chu Yuan deserves to be the ultimate powerhouse of an era.

Even if Mark used the seventh formula of Yundao Tianjue, even if Mark had the bonus of the Yunyang Ancient Sword, even if Mark mastered the secrets of the great gods of Chumen.

However, after the real encounter with Chu Yuan, it was still difficult to gain an overwhelming advantage.

Just like now, relying on his own defense, Chu Yuan actually fell into a stalemate with Mark’s attack.

Two terrifying forces, like the tip of a needle and a stalk of wheat, entangled crazily.

Of course, this stalemate did not last long.

Finally, after persisting for a long time, Chu Yuan’s body trembled, a mouthful of blood was vomited out, and the breath of the whole person wilted in a way that was visible to the naked eye.

As Chu Yuan vomited blood, the battle here undoubtedly had a chain reaction.

Everyone saw that Chu Yuan’s defense instantly weakened. Later, in the horrified gaze of everyone, Chu Yuan’s Yanglong body shattered.

As Chu Yuan’s final defense was shattered by Mark, then Chu Yuan at this time was naturally exposed before Mark without any barriers.

Broken Star's sword intent remained unabated. After the Zong Xing Sword's aura broke through thousands of obstacles, it finally smashed on Chu Yuan's shoulders.

The flesh exploded and the bones and muscles shattered.

Amidst a painful howl, Yunyan Gu Jian was born in the flesh and blood of Chu Yuan and chopped in more than an inch.

However, Chu Yuan is a powerhouse in the god realm after all, and the stalemate just now has exhausted most of the power of the broken star sword intent.

Mark's sword, after a few inches deep into Chu Yuan, also dissipated its power.

As for Chu Yuan, there was blood all over his body. After being severely injured by Mark, the breath of his whole person was undoubtedly weakened by most.

However, just when Mark's sword power was exhausted, the Moon God, who was beaten into the ruins by Chu Yuan, had already rushed out of the rubble at some point.

She seized the opportunity and cut down the long sword in her hand one after another.

Thousands of sword auras woven into a sky-shielding sword net in this void.

Thousands of sword auras, like the sea of Yuan, fell crazily towards Chu Yuan's body.

For a time, Chu Yuan was pierced by Wan Jian.

Seeing this, the indomitable old sect master on the Chumen Mountain exploded all over his clothes, and thousands of bloodstains appeared all over his body.

Especially on Chu Yuan's chest, the Moon God Sword Qi attack was the most violent.

The flesh and blood had been torn apart, revealing the abundance of bones inside.

"quick!"

"Mark, it's now!"

"A final blow to his chest!"

The Moon God's sudden violent violent tremors undoubtedly trembled everyone present.

Even Chu Yuan himself did not expect that Moon God would attack at this time.

But if others didn't pay attention, it didn't mean Mark didn't.

When Moon God shot, Mark had already urged the little remaining power in his dantian to gather on the Yunyang Sword.

The sharp edge surged, and the sword energy swept across.

The Yunyan Sword Art was once again displayed by Mark.

This time, Mark's sword tactics made the final blow to Chu Yuan.

Today's Chu Yuan had all his defenses broken, and the blow of the Moon God caused Chu Yuan to be extremely severe.

At this time, Chu Yuan had been stunned by the cooperation of Mark and Moon God.

The current gap was exactly when Chu Yuan was at his weakest. The vitality of his entire body had been dissipated, and his chest was also unreservedly exposed under Mark's sword.

At this time, Mark had a great possibility of killing Chu Yuan in one fell swoop.

“quick!”

“While his strength hasn't gathered yet!”

“Make a fatal blow!”

As the saying goes, the opportunity is not to be missed and the time will not come again.

The Moon Gods are both strong in the god realm, and they know the terrible realm of the gods.

Mark made all his cards and seemed to have defeated Chu Yuan.

### **Chapter 3508**

However, it is only temporary.

The big reason for Chu Yuan's defeat just now was that he underestimated the enemy.

In other words, Chu Yuan didn't use his full strength before being hit by Mark.

Once he comes back to his senses, even with an injured body, he can make a comeback easily.

So, now that Chu Yuan was hit hard by the two of them, and the power in his body was dissipated before they gathered, Mark had a chance to kill him.

Mark naturally knew what Moon God was worried about.

He knows that ten years of honor and disgrace, today's success or failure, will be in one fell swoop.

“Chu Yuan, you have to die!”

“When you expelled my mother and me from the Chu family, did you ever think that the abandoned son would become your grave digger?”

At the summit of Chumen, Mark was covered in blood.

The long sword in his hand brought a thousand powers and stirred up the situation.

In the wind and rain, Mark swung his sword violently.

The roaring loud sound, with endless abruptness and wanton, swept across the whole world.

After that, Yunyan Jian Jue counted the sword intent, and, like a sea of Yuan, with an unrivaled momentum, he slashed towards Chu Yuan's bloody body.

“stop!”

“\*, stop it...”

.....

“You bastard, bastard!”

“How dare you kill my old Patriarch?”

.....

“stop!”

....

Seeing this situation, the entire Chumen Mountain was almost crazy.

Before a few breaths, Chu Shen and the others looked at Mark with pity, waiting for Mark's fall.

However, who would have thought that in just a few breaths, the situation here would have turned into a shocking reversal.

Mark defeated the strong gods with invincibility.

The Moon God made up for it and hit Chu Yuan again.

But Mark made up the knife in the end, and the two cooperated, this is to kill Chu Yuan in one fell swoop.

All of this came too fast, and it was all in the midst of lightning.

When Chu Yuan and the Great Elder Chumen reacted, Mark had already delivered the final blow.

At this time, they want to save, they are too late.

Only with red eyes, shouting hysterically, let Mark stay under the sword.

Chu Shen and the others knew very well that after Chu Yuan suffered successive injuries, it was at the weakest time when the gate of heaven opened wide. Mark made up his knife at this time. Chu Yuan would not die, and he would definitely be

Mark was seriously injured and beaten into a waste.

At that time, their Yang Chu family, the dignified Chu family, were really stepped down by Mark alone, and they were directly destroyed by this hot summer boy, the abandoned son of the Chu family.

This result was undoubtedly unacceptable to the disciples of the Trumen.

But what if you don't accept it?

The development of this world has never been shifted by the will of some people.

No matter how they yelled or yelled, Mark remained indifferent.

The power in his hands is still increasing.

“Do not!”

“You can’t kill me...”

“I am the head of the Chu family, I am the head of the Chu Sect!”

Chu Yuan was also panicked at this time.

He yelled in horror, frantically urging the scattered forces.

However, not enough, not enough time at all.

He has no time to gather forces to form an effective defense, and Mark’s power has already arrived.

“Do not!”

“do not want.....”

At that moment, the summit of Chumen Mountain shouted.

At this moment, thousands of children shed tears.

However, just when everyone thought that Chu Yuan would be doomed this time, who would have thought that at the last moment, a beautiful figure appeared.

Red lips are like fire, and eyebrows are like ink.

The stunning face of the allure, the misty face, only if God gave the world’s most beautiful gift.

She opened her arms and blocked it like a jade body.

“teacher!”

“Tang Sect Master!”

At this moment, everything was stunned at the top of Chumen Mountain.

Who would have thought that Tang Yun stood in front of Mark at the last moment.

“Tang Yun, get out of me!”

Such an abnormal change caused Mark’s expression to trembled.

His eyes were red, and he roared wildly.

However, Tang Yun was decisive. She bit her red lips and stood there with endless guilt and determination.

## **Chapter 3509**

“Sorry Mark.”

“He is my teacher, and he has the kindness of raising and teaching me.”

“I can’t watch you kill him.”

“I would like to die for him.”

Tang Yun’s eyes were resolute, she looked at Mark, her beautiful eyes were red.

She opened her arms and blocked there like that.

She knew how difficult it is for Mark to walk now.

She even knew how much Mark paid to get the situation in front of her.

Mark’s efforts are worthy of all the rewards.

If she is not the master of the Truman, if she is not Tang Yun from the Tang family, if she is not Chu Yuan’s teacher, she will definitely be happy for Mark’s achievements today, cheering for him silently, and cheering for him.

However, even though there are all things in the world, there is only no if.

Her status as the master of the Chu Sect and as a disciple of Chu Yuan was destined to prevent her from being happy and supporting Mark’s achievements.

Tang Yun has no choice!

She must stand up and protect her teacher.

Whether it was out of gratitude or the friendship between teachers and students, Tang Yun couldn’t help watching Chu Yuan fall.

“Mark!”

“What are you doing in a daze?”

“quick!”

“It’s running out of time!”

Ahead, the Luna God’s anxious voice came again.

At this time, the Moon God had just performed a powerful blow, which was an embarrassing period when the old force had just tried its best.

At this time, if she recharged her energy to launch an attack, there would be no time at all.

Only relying on Mark to complete the fatal blow to Chu Yuan!

At this time, Mark, the sword was already on the string, and the Yunyan Sword Art could burst out at any time.

But the appearance of Tang Yun undoubtedly delayed Mark’s attack for a while.

Facing what Tang Yun said, Mark roared angrily: “Tang Yun, why?”

“Why do you have to force me?”

“You know, I don’t want to kill you.”

“But why, are you trying to force me again and again?”

Mark’s eyes were sobbing blood, and his face was magnificent.

There is endless anger and grief rising in his lungs.

The violent anger sounded like a surging river, rushing for thousands of miles.

“Tang Yun, do you really think that Mark didn’t dare to kill you?”

Mark was really angry.

Senran words, Youruo ice skates swept across.

In the end, Mark, who was furious, still cut down the long sword in his hand mercilessly.

Tang Yun closed her eyes, like a sleeping person stepping into the long night. At this moment, the Lord of Truman also calmly walked into the endless darkness.

She doesn’t blame Mark.

She only blames fate!

Sometimes, Tang Yun really feels that good luck is tricking people.

Since Mark had life and death grudges with the Chu family, why did God let her have such a deep entanglement with this man.

Since God asked her to bear children for this man, why did they let them stand on the opposite side of each other, until now, life and death are facing each other.

If possible, Tang Yun would rather not go to the old Chu house.

In this case, he would never meet Mark, let alone have such a deep entanglement with him.

In this case, neither he nor himself would be as painful as it is now.

The wind was surging, and the sword aura hummed.

Tang Yunmei closed her eyes, her intoxicating body stood there, her purple skirt fluttering under the sky, it was so sad.

At the same time, Mark cut down with a sword.

Yunyan sword intent stretches across the world, and the invincible posture is dim and starry.

In this way, with unmatched momentum, he slashed towards the sky in front of him.

Everyone saw that the sharpness of Mark’s sword was in Tang Yun’s place.

“Mark, don’t!”

Meng Wanyu shed tears, and the Tang family was even more shocked.

As for Chumen Mountain, the strong man over the mountains was equally astonished.

However, just when everyone thought that Mark's sword would split Tang Yun first, and then cut Chu Yuan.

Who would have thought that at the last moment, Mark's sword edge was still a little bit off after all.

The vertical and horizontal sword qi passed by Tang Yun, went straight down for nine days, and cut directly towards Chu Yuan, who was blocked by Tang Yun.

As the saying goes, the slightest loss is a thousand miles away.

It was Mark's slight deflection of the sword's front at the critical moment. When this attack finally fell on Chu Yuan, the sword's front deviated from Chu Yuan's key point, but stood on Chu Yuan's arm.

### **Chapter 3512**

Although Chu Yuan was harsh on her, he was really teaching her carefully. In the end, Chu Yuan even single-handedly helped Tang Yun to be the master of the Chu Sect.

One day as a teacher and as a father for life.

This is why, when her teacher is in danger of life and death, Tang Yun will disregard her life and give up her life for protection.

But what about Mark?

This hand was soaked in the blood of Chumen's children and nearly killed Chu Yuan's demon king's executioner. Why did Tang Yun save him?

why!

Everyone can't figure it out.

Even Meng Wanyu was shocked.

But Tang Yun couldn't take care of these anymore.

She once thought that when Mark abandoned her and chose to continue her revenge in the old house of the Chu family, she was already ashamed.

However, when he really saw that the man who had entered his body so deeply was about to fall, the kind of sadness, no matter what, was even more uncomfortable than killing her.

Even just now, when she saw that Chu Yuan was in desperate situation, she didn't feel as uncomfortable as she is now.

At this time, Tang Yun's inner emotions had already broken through reason.

There was only one thought left in her mind.

That is, she didn't want Mark to die!

"Xiao Yun, what are you doing?"

“You are crazy!”

“Retreat to me!”

Tang Yun’s sudden movements made Chu Yuan naturally shocked.

He never thought that after defeating the Moon God, someone would come out to shelter Mark.

Moreover, this person turned out to be his most proud disciple.

“You villain, do you want to die?”

“Don’t let me go!”

Chu Yuan was almost mad, and his angry shout resounded throughout the world.

But Tang Yun turned a deaf ear.

At this moment, how guilty she was for Mark in her heart, and how firm her eyes were.

“Bastard!”

“You villain, really want to be pissed off?”

Chu Yuan had a magnificent face, he only felt that his entire chest was about to explode.

He didn’t expect that the traitor would come out of the sect.

However, anger returned to anger, and Tang Yun was his own disciple after all. Even if he did something wrong for a while, it was impossible for Chu Yuan to kill her.

In desperation, Chu Yuan immediately lost his power for success.

Seeing that, the huge red flame fingers that originally covered the sky and sun dimmed by a few percent in an instant.

However, it only weakened a bit of skill, and Chu Yuan did not stop.

He controlled his power to the right level. In this way, he could kill Mark while not threatening his disciple’s life.

Anyway, Mark is already a broken body, at the end of the crossbow, not to mention that the power of the gods is a martial arts master who can slaughter Mark arbitrarily.

Therefore, with the same strength, Tang Yun was only injured, and Mark might fall directly!

In this way, under everyone’s gaze, after Chu Yuan converged, the huge red flame fingers still fell.

The immense power, like a river bursting a bank, instantly engulfed Tang Yun and Mark.

The soaring storm rolled up the wind and sand in the sky.

Those two figures were swallowed by the wind and sand in an instant.

Outsiders can no longer see the situation inside.

I only saw a purple light, quietly lit up.

Like a candlelight swaying in the wind and rain, it will not go out for a long time.

“Door!”

“teacher!”

....

Outside, everyone is worried and praying.

“Mark!”

Moon God was anxious, her pretty face with tears.

However, no one saw that in the storm, Tang Yun held Mark tightly with scars, crystal clear tears dripping on Mark’s wounds.

At the same time, there was a lotus jade pendant on Tang Yun’s neck, shining brightly.

The purple divine brilliance, condensed into a light lotus, enveloping the two people.

It seems to be a shelter in the wind and rain.

“This...this is...”

“Ziyang Lingyu!”

Seeing the purple light lotus blooming in the storm, Chu Yuan immediately opened his eyes and trembled and lost his voice.

The elders of the Tang family were even more shocked.

They didn’t expect that their Tang family’s jewels would be used at this moment!

### **Chapter 3513**

The Chu family has treasures handed down from generation to generation, and naturally so does the Tang family.

The Tang and Chu family were related by marriage a long time ago.

According to legend, the ancestor of the Tang clan was the confidant of Chu Yunyang, the ancestor of the Chu family.

This is why, the ancestral land of the Tang and Chu two families are all in the same place, under the same old house of the Chu family.

It can be said that at that time, the Tang family was rare in the ancient family that was comparable to the Chu family.

However, for thousands of years, the Tang family has almost always been a supporting role to the Chu family.

Almost all the wives of the Chu family's patrons in the previous dynasties were the daughters of the Tang family.

It is normal for such an ancient family to pass down several magical treasures from the ancestors from generation to generation.

It was like the Ziyang Lingyu that Tang Yun had always carried around her neck.

Of course, besides this piece of jade, Tang Yun still had a piece before her body, which was left to her by her mother.

But it was given to Mark by Tang Yun.

Tang Yun felt that Mark probably lost that piece of jade long ago.

After all, he did too much to hurt Mark.

However, the purple light lotus in the storm did not last long.

As if the power was exhausted, it gradually dimmed.

Although it lasted only a short time, it had blocked most of Chu Yuan's power.

The remaining bit of prestige has already done little harm to Mark and Tang Yun.

Soon, the wind and sand dissipated and the storm ceased.

Mark and Tang Yun appeared in front of everyone again.

At this time, Mark's breath was dying, and he had overdrawn a lot of power before, but now Mark's body has begun to show side effects.

It's like a begging that has astigmatized the air, languishing.

Even breathing is so disordered.

In front of Mark, Tang Yun was still standing there.

"Tang Yun!"

"What on earth do you want to do?"

"You actually urged your Chu family's Ziyang Lingyu for him!"

"Do you know how long it will take Ziyang Lingyu to absorb enough power for you to use it once?"

"Now, you were wasted on a dead person!"

Chu Yuan was very angry.

Naturally, Chu Yuan had long heard of the treasures handed down from the Tang family.

Such a sacred object, when released, can almost block a full blow from the powerhouse of the gods.

However, the light lotus condensed out, and the heaven and earth power it needed was extremely majestic.

After being released once, it can be used again next time.

After all, it takes a long time for Ziyang Lingyu to absorb the vitality.

But now, such a precious life-saving thing was wasted by his own disciples on their enemies.

How can Chu Yuan not be angry?

“Teacher, please let him go.”

“Even though he has made a thousand mistakes, he is your grandson after all, and even the only son of my brother Zhenghong, and the grandson of Chu’s grandmother who was admitted personally by his grandmother.”

“If you kill him, how will you face my Zhenghong brother in the future, how will you face the grandma who lives in the old house...”

Tang Yun’s beautiful eyes were red, and she was struggling to ask for it.

In the end, even the reputation of Chu Zhenghong and Old Madam Chu was moved out. I hope that Chu Yuan will look at the face of these people and bypass Mark.

“shut up!”

“This abandoned son deceived the master and destroyed the ancestors, and killed so many people in the Chu family. How dare to call my descendants of the Chu family?”

“He deserves too!”

“The wicked son of Chu Zhenghong gave birth to such a beast. When he comes back, I will tidy up with him.”

“As for the old lady, it was this little beast that blinded his mind for a while.”

“When I cut off the head of this beast item, I will explain it to the old lady.”

“You don’t have to worry about these things.”

Hearing Tang Yun’s words, everyone just understood why Tang Yun would shelter Mark.

It turned out that it was Mark’s father Chu Zhenghong.

“Yes, sect master.”

“You don’t have to think about these things.”

“This Brian Chu deserves ten thousand deaths, so Zhenghong will be here, and he will definitely not forgive him.”

“If you really consider our Chu family, you should kill this Brian Chu.”

**Chapter 3514**

The Chu family also persuaded Tang Yun not to shelter Mark.

But where did Tang Yun listen, that graceful body stood there all the time, blocking Mark behind him.

Chu Yuan was about to be pissed off by his own apprentice. Although his martial arts talent was amazing, he was sometimes too stubborn.

“Yun’er, don’t ask him.”

“I, Brian Chu, would rather ask the people of the world than the old dog Chu Yuan.”

“I don’t know right from wrong, a dog looks at people, it’s despicable and shameless.”

“The upright family style left by Yunyang ancestors has long been defeated by this old thing.”

“For such evil obstacles of the Chu family, I, Brian Chu, will beg him!”

Although Mark was seriously injured, his actions were extremely difficult, but when he scolded others, his lethality was still not weak.

After a few words, Chu Yuan’s old face was green and his whole body trembled.

“presumptuous!”

“How can the name of Yun’er be called by your abandoned son!”

Mark’s words also drew all the experts from the Chu Sect to angrily reprimand.

Chu Yuan also raged murderously: “You beast, you dare to insult me when you die?”

“In that case, how can I keep you?”

“Tang Yun, let me go!”

In furious, Chu Yuan was no longer polite.

Angrily screamed, and then Tang Yunzhen withdrew with a palm.

Chu Yuan’s strength is the realm of the gods. If he really wants to kill someone, how can Tang Yun stop him?

“Teacher, no!”

Tang Yunqiao’s face was pale, tears almost streaming down her anxiety.

But it was useless. At this moment, Tang Yun had been shaken by Chu Yuan for a thousand kilometers.

Even if she wanted to protect Mark, she couldn’t do it at all.

In this way, Mark was once again exposed to Chu Yuan’s attack without any barriers.

“This time, I think who else can protect you?”

Chu Yuan shouted angrily, the next moment, Yundao Tianjue, unexpectedly, the wind and the wind will rise again.

After the Chi Yan fingers fell, Chu Yuan immediately cut out the sixth form, Wu Ji Jin.

Bang bang bang bang...

Full of nine punches, quietly condensed.

With unmatched power and majestic power that almost broke through the sound barrier, he smashed down towards Mark's place.

Seeing this scene, the corners of the eyes of Chu Yuan and others couldn't help but fiercely twitched.

They didn't expect that facing Mark who was already defeated, their old Patriarch would even use such a powerful attack.

This is the sixth form of Yundao Tianjue. This trick is enough to deal with the Moon God in its heyday, but now it is used to deal with Mark who has no strength to fight back.

"It seems that the old Patriarch was also tortured by Brian Chu for fear!"

"Fear of another accident, directly use your strongest power to kill him in one fell swoop."

Everyone guessed and said with emotion.

No one doubted that if Mark was hit by this move, it would be the end of the soul flying away.

"\*!"

"stop!"

In the distance, the Moon God who was rushing to rescue him yelled angrily.

"Teacher, don't..."

Tang Yun also shouted anxiously.

But their voices were shattered by the storm that was brought up by the punches.

"The farce has lasted long enough."

"It's time to end."

Chu Yuan's brows and eyes were cold, his murderous intent raged, and the power in his hand became more fierce.

However, Mark just smiled inexplicably in the face of this mortal blow.

No fear, no fear, no panic begging for mercy.

Mark, who was facing life and death, was so peaceful.

He gritted his teeth and stood up from the ground hard.

She smiled in the direction of Moon God, and smiled slightly in Tang Yun's direction.

That way, it seems to be saying goodbye to them, and also to this world.

“I, Brian Chu, has been in my life, and I finally fell here today.”

“However, before I am dying, I can watch the confidante weeping for me. That is not in vain, Brian Chu, I have gone through this world.”

“It’s just that the only one I can’t stand for is the one who gave birth to me and the one I love.”

The Tianhe River is full, and the setting sun is sunset.

On the top of Chumen Mountain, the thin figure stood there like that.

Above the heroic face in the past, at this moment, it is full of vicissitudes and loneliness.

### **Chapter 3515**

When the hero is at the end, he looks up and sees everything he used to.

That year, a woman took her child down Chumen Mountain, begging and bumping all the way, and finally returned to her hometown.

That year, he left his hometown and went to Zuoqiu’s family as his son-in-law.

That year, Your Excellency Haiyuan welcomed the luxury car, and he goodbye to the man who had made him cruel for ten years.

Later, in Edensberg City, the powerful came to worship.

Taishan Wuhui, he became famous in one battle!

Ten years, just in a flash, passed.

Life, how many decades can there be, can accompany all the peaks and underestimations of a person.

However, he can stand in the crowd, watching thousands of hands waving.

But I can never see you again.

“Goodbye, mother.”

“Goodbye, Helen Qiu.”

“Goodbye, Xiao Lei...”

“I owe you, Brian Chu, I will pay it back in my next life.”

Between Tianhe, Mark’s red lips lightly opened, and he smiled softly.

No one saw that there was a sparkle in the man’s deep eyes.

At the moment before Chu Yuan’s attack fell, Mark opened his hands and calmly embraced the eternal night that even came.

boom!

The storm passed by, and the wafu thundered.

At this moment, Xu Lei, who was far away in the Pacific Ocean, trembled suddenly, and her whole person was almost falling to the ground.

“Miss Xu, what’s the matter with you?”

“Is it airsick?”

Seeing Xu Lei’s pale expression, Xue Renyang on the side asked anxiously.

But Xu Lei didn’t speak, she just turned her head and looked out of the dazzling window, looking in the direction of Chumen Mountain, two lines of tears quietly shed.

“Brother Mark...”

“You will be fine.”

“You will be fine...”

....

Xu Lei burst into tears and wept uncontrollably. She looked sad and still had the slightest majesty of Queen Yenching, but she was a child who lost her most beloved one.

It was also at this time that Helen Qiu, who was still in a meeting at the company, suddenly felt a kind of colic in her heart.

The feeling of palpitations made Helen Qiu almost fainted.

Because of Helen Qiu’s sudden change, this high-level group meeting was immediately interrupted and stopped.

The executives of the group stepped forward to help and asked, “Mr. Qiu, are you okay?”

“Should I go to the hospital?”

“Don’t scare us...”

All of a sudden, the entire group became a mess, and one after another began to worry about Helen Qiu’s body.

The land of Denham, Ye Family Residence.

Ye Ximei was still looking after Xiao Mark.

Xiao Mark, who was still alive and laughing, suddenly started crying for some unknown reason. He couldn’t coax anymore, and his hoarse voice undoubtedly frightened Ye Ximei.

Thinking that this little guy had gotten something bad, he immediately asked his sister to invite a few goddesses to see, but a lot of talisman papers were burned, and a lot of spells were also read.

The guy is still crying, crying hoarse, heartbreaking.

Booming~

Chumen Mountain, the storm is raging.

The whole mountain was shaking violently.

Everyone saw that the thin figure under the Tianhe was instantly enveloped by Chu Yuan's Promise Fist.

Luna's eyes were flushed, and his pretty face was tearful.

Tang Yun lay down on the ground, crying sadly.

Chu Shen waited for the people of Chu Clan, but all heaved a sigh of relief, only feeling relieved.

"This unbeatable Xiaoqiang was finally beaten to death, right?"

Looking at the scene ahead, Chu Shen wanted to laugh, but found that he couldn't laugh at all.

After all, this war is too tragic.

The entire Truman, facing Mark alone, was still such a tragic victory.

Chu Zhengliang is dead, life is better than death, and he will only be like a walking dead in the future.

The demigod powerhouse, the sacred object of the Chu family, Iron Wood, was also cut down by Mark.

In the past hundred years, the combined losses of the Chu Family were not as profound as the disasters that Mark brought to them today.

Even their old Patriarch Chu Yuan suffered a lot of injuries.

Winning this war at such a painful price is undoubtedly not a glorious and bragging thing for both the Chu family and the Chumen.

### **Chapter 3516**

"But, anyway, finally, it's over."

At this moment, all the people of Chu Sect were deeply moved.

Even Chu Yuan, with that tired body, breathed a long sigh of relief at this time.

Before that, Chu Yuan thought that with his ability, killing Mark was not a matter of hand.

But Chu Yuan never dreamed that he would actually fall into a hard fight.

This Brian Chu was so young that he let Chu Yuan exhaust all his cards before completely beheading him.

To some extent, there is no winner in this dispute.

Mark lost, lost his life.

Chu Yuan also lost, losing face.

"Chu Zhengliang, this idiot, last time, as agreed, took the Chu family to the hot summer to apologize."

"Anyway, it's all face loss."

"If you just apologize, at least there is no substantial loss."

“It’s okay now. Not only the Chu family, but the entire Chu Clan was lost. It also greatly damaged my Chu Clan and even the Chu Clan’s strength, and Tiemu was damaged here...”

Thinking of today’s loss, Chu Yuan’s heart is undoubtedly dripping blood.

Although the battle is over, if time can return, Chu Yuan will inevitably urge Chu Zhengliang to fulfill his promise instead of making the floor full of feathers like he is now.

However, it was undoubtedly too late for Chu Yuan to be angry anymore.

Chu Zhengliang has been abandoned.

Mark planted the most vicious curse, but that was the judgment technique passed down by the ancestors of the Chu family. Even if Chu Yuan had the power of the gods, he could not be saved at all.

“This rebellious son is also to blame!”

Chu Yuan glanced at it, and Chu Zhengliang, who was still nailed to the top of Chumen Mountain and howling ghosts and wolves, was sad in his heart, but he also cursed angrily.

“Okay, don’t look at it.”

“Clean up the mess.”

“Look at those fellow students who fell under Brian Chu’s sword, do you still have a chance?”

Two clashes, even the battle.

Even Chu Yuan had to admit that the illegitimate son of Chu Zhenghong, who was expelled by him back then, had a talent far beyond ordinary people.

Therefore, today’s Chu Yuan, naturally, is not calling Mark abandoned son, but by his name.

As the saying goes, among the strong, there is sympathy for each other.

Even if it is an enemy, he will show proper respect to the opponent he recognizes.

At this time, the nine fist strengths had not completely exploded. The first few had already wrapped Mark, but Chu Yuan was too lazy to watch it. It’s up to now. All Mark’s hole cards are already

If it’s exhausted, if Mark can make some moths, then Chu Yuan won’t have to do anything, and just kneel down for this undead Xiaoqiang to beg for peace.

How can this be beaten to death, this time of desperation, who will not collapse?

After the successive battles, Chu Yuan himself was tired.

However, just as Chu Yuan thought this way, the faces of the Chu Sect people around him abruptly, and everyone’s eyes widened, looking forward to where Mark was.

“Old Patriarch, you... look at it quickly?” Chu Shen shouted out.

At that time, Chu Yuan’s old eyes twitched subconsciously, and there was a wailing in his heart.

Second Olympics, won’t you?

This guy, still has a hole card?

When Chu Yuan's heart collapsed, he immediately turned around and looked at it.

I saw that the Yunyang Ancient Sword that was originally shot by him, at some point, actually flew over and hovered in front of Mark.

The golden light escaped from the ancient sword.

In the end, the endless golden light condensed a vicissitudes and ethereal figure of an old woman on the heaven and earth.

As soon as the figure appeared, it slapped three times in succession.

The three palm prints are like the palms of the Tathagata falling from the sky.

The first palm directly shattered Chu Yuan's Jiu Dao Wu Ji Quan Jin.

The second palm, flying across the world, shot Chu Yuan into the air like a ball.

The third palm fell from the sky and smashed Chu Yuan from the air into the earth.

boom! boom! boom!

Three palms in a row, a strong man of the gods, strongly suppressed.

### **Chapter 3517**

However, after Chu Yuan was slammed into the depths of the earth with a palm, he quickly crawled out again.

At this time, Chu Yuan, with full of fear and respect, looked at the illusory light and shadow in front of him. The majestic and mighty Chu Yuan before, after all, was still in this light and shadow.

Before, lowered his arrogant head.

Faint face, with awe, bloody lips trembling, and then, among everyone's shocked and violent eyes, respected and worshiped the light and shadow in front: "Mother..."

Although there are only a few words, at the moment when the top of Chumen Mountain sounded, it was shocking.

Everyone was stunned.

Everyone stared at the scene in disbelief.

"Bastard!"

"As a member of the Chu clan, you dare to harm my descendants of the Chu family."

"You are so deceiving your master to destroy your ancestors, and you still have the face to call my mother?"

The light and shadow flickered, and there was a majestic anger in the old voice.

Chu Yuan was full of aggrieved heart, repeatedly defending: "Mother, don't blame me..."

"It's Brian Chu who rebelled against the scriptures, deceived his master and destroyed the ancestors, and killed me. I don't know how many people in the Chu family. Even your grandson, Chu Zhengliang, was killed by him..."

"If you don't kill him, how can I correct the family rules?!"

Facing the anger of the old lady, Chu Yuan's still full of principles is plausible.

"shut up!"

"You rebellious son, you still don't know how to repent now?"

"Kneel me down!"

The old lady snorted sharply.

The majestic power swept from the ancient Yunyang sword.

For a time, it was like an old lady visiting in person.

An unprecedented majesty swept through.

In the face of his old mother's anger, Chu Yuan dared to disobey the slightest bit. He actually knelt down in front of everyone, facing the light and shadow of this old lady.

As Chu Yuan knelt, the rest of the Chu family also bowed to the ground.

For the Chu family, it was the first time that many people saw the old prince appear with their own eyes.

After all, the Chu family's ancestral home in Fenghai is rarely known.

Only the core members of the family will go to the hot summer when they worship their ancestors during the Spring Festival every year, and visit the old lady by the way.

Therefore, for so many years, to the Chu family, the old lady is almost just a mascot of generations, and he will pay respects during the Spring Festival. The rest of the time, nothing

People pay attention to this old lady.

After all, a person who is half of his body can hardly take care of himself because of his actions. Naturally, what he says is of little weight.

However, until now, Chu Shen and the others realized that this old lady who lived in the Chu family for more than a hundred years was not a mere seniority.

The three palms just now were so powerful that they were even far above Chu Yuan.

"Unexpectedly, this Chu family still hides such an old monster."

"As expected of the Chu family, the background is terrifying, it's shocking the world!"

At the moment the light and shadow of the old lady appeared, Mike Jones and others were also scared to pee.

In my heart, I just felt that the Chu family became more mysterious and unfathomable.

However, apart from the tremor, Bill Jones and others couldn't help but wonder why this old lady was so powerful, why she had never come out for so many years, and even heard of it.

However, the fact that the Jones family doesn't know does not mean that the Tang family don't know.

People like Tang Yun and Tang Xian, the great elder of Chumen, undoubtedly heard about this old prince.

"This old lady of the Chu family, didn't he always guard the old house of the Chu family, and never asked about foreign affairs, why did he suddenly appear today?"

Tang Xian was also shocked.

But when everyone trembled, Moon God took advantage of this time to rush forward, grab Mark's arm, and immediately flew down Chumen Mountain.

"Hurry up!"

Mark is already at the end of the crossbow. If it wasn't for the old lady to suddenly show his majesty with the ancient sword of Yunyang, Mark is afraid that he would have died here.

### **Chapter 3518**

However, even if the old lady appears to be a saint, it does not mean that he will sit back and relax.

The Moon God could see that the reason why the light and shadow of the old prince could appear here should be the secret technique used to seal the power in the ancient sword of Yunyang, and then at the critical moment

Moment to inspire.

If the Moon God hadn't expected it, the three palm prints just now had used up the power of the old lady sealed in the ancient sword of Yunyang.

Now that Chu Yuan can be shocked, it is entirely dependent on the prestige and seniority of the old lady.

Once Chu Yuan recovered, Mark was still in danger.

The Moon God didn't dare to take this risk, and when Chu Yuan and others knelt down and bowed down, she took Mark and flew away toward the Chumen Mountain.

"Damn it!"

"Monthly reading, stop for me!"

Seeing Mark who was mortal, he was about to fly.

Chu Yuan was undoubtedly unwilling, yelling angrily, and got up to chase after him.

"presumptuous!"

"Do you still want to kill him?"

The voice of the old lady came from the light and shadow again.

Chu Yuan's old face twitched, although he was unwilling, but after all, he was his old mother, the highest-ranking person in the Chu family, and he didn't dare to disobey her in front of so many people.

Had to kneel back obediently again!

Don't dare, this light and shadow are obviously hard to last.

Soon, it began to fade away.

Don't dare, before dimming, the voice of the old lady came out again.

"Chu Yuan, don't think that if my old lady can't get out of the land of Fenghai, you can be lawless and wantonly wreck my Chu family's descendants."

"I tell you, although I stayed behind the Chu family ancestral land, there is still a way to punish you!"

"You do it for yourself..."

The cold voice echoed, and the light and shadow disappeared like the wind.

Quiet, quiet for a long time.

Even if the light and shadow dissipated, Chu Yuan and others still knelt.

Chu Yuan took the lead to get up until no more changes appeared.

"Old Patriarch, what should I do now?"

"Really let Brian Chu leave like this?"

Chu Shen was unwilling, and immediately stepped forward and asked.

Chu Yuan's eyes were gloomy, and he immediately shook his head: "Of course not!"

"The order goes on, Chu Sect gathers all the power to chase and kill Brian Chu!"

"Live to see people, die to see corpses."

"If an ordinary disciple wants to capture Brian Chu, he can be directly promoted to the elder of Chumen."

"If the elder catches Brian Chu, Chu Zhengliang's position, I will let him do it!"

Chu Yuan's low voice echoed quietly, and for a while, everyone in Chu Sect was eager to try.

After all, everyone already knows that Mark is already a dying body, as long as he catches up with him, he doesn't need a titled powerhouse, even a grandmaster can be in a different place.

This is the biggest opportunity for promotion in decades, how can these people not be tempted?

"But the old lady is over there..." Chu Shenxin had concerns.

Chu Yuan whispered, "It's okay. The old lady stays in the old house and will never be able to step out of Fenghai in his life."

"It's thousands of miles away from the hot summer, she won't know."

"What's more, the old lady is so old, she shouldn't care about the affairs of the younger generation!"

Chu Yuan was obviously uneasy about the old lady's intervention in Mark.

He even felt that all the treasures of the secret technique in Mark's body were given to him by the old prince.

This undoubtedly made Chu Yuan even more unhappy.

Back then, he had asked the old lady more than once about Yundao Tianjue in the full version, but the old lady said that he didn't know it from the beginning to the end.

Now, he was given an abandoned son he expelled from the family.

Isn't this just plainly slap her son in the face?

"I don't know what the old lady thinks?"

"Then Brian Chu kisses him again, can he kiss his son?"

"Moreover, in front of so many people, three palms in a row made me foolish!"

Chu Yuan was full of displeasure.

The three palms that the old lady suddenly shot just now, although they suppressed Chu Yuan forcefully, they didn't cause him fatal damage, but they made him lose face.

### **Chapter 3519**

Now that the light and shadow dissipated, Chu Yuan naturally had no scruples. Immediately gave the order to let the people of Truth go and pursue Mark.

"go!"

"Everyone, let me go!"

"In any case, we must not let that Brian Chu escape back to the hot summer!"

Chu Yuan's rolling voice reverberated throughout Chumen Mountain.

The torrent of anger was just like the thunder exploding.

In an instant, thousands of people in the Chu Sect, like arrows from the string, flew in all directions.

However, after looking back, Chu Yuan discovered that Tang Yun was still here, except for some seriously injured people who were difficult to move.

"Xiao Yun, what are you doing in a daze?"

"Hurry up and chase after that Brian Chu!"

“If you weren’t confused just now, this Brian Chu has been killed by me.”

“Now give me atonement.”

“After a while I chased them and stopped the Moon God, you tried your best to kill that Brian Chu for me.”

“This time, don’t be as confused as last time.”

“You don’t have to worry about me, or your brother Chu Zhenghong, let alone the Chu family.”

“Although Brian Chu has half blood of my Chu family, since he was expelled from the family that year, he has nothing to do with my Chu family.”

“You don’t have to worry about it, just kill!”

“Did you hear me?”

Chu Yuan looked at Tang Yun who was still there, and sternly reprimanded.

This time, Tang Yun didn’t argue any more.

Just nodded and agreed.

In this way, not long after Mark and Moon God left, Chu Yuan led the Chumen Quartet to pursue and kill Mark.

The Moon God himself was also injured, and he flees with another wounded, so the speed will naturally not be too fast.

Soon, he was chased by Chu Yuan.

Between the mountains and forests, the Moon God is standing in the air.

A long skirt is fluttering, and his beautiful face is full of endless majesty.

With a faint eyes, solemn expression, holding a long sword, just like this, lying between the Tianhe River.

Chu Yuan, Tang Yun and many other experts from the Chu Sect gathered around.

However, what surprised them was that in the face of Chu Yuan who was chasing him, the Moon God did not move at all. He stood there calmly, as if he had been waiting for them.

Come in so-so.

“Is this giving up resistance?” Elder Truman whispered with eyes full of doubt.

Chu Yuan looked at the beautiful figure ahead, and his old eyes suddenly narrowed.

“Moon God, you can’t escape.”

“Where is Brian Chu, hand him over.”

“Otherwise, I will kill him first, and then destroy your Japanese martial arts!

Chu Yuan was very angry, his eyes scanned the surroundings.

At the same time, the spiritual power is also diverging towards the neighborhood.

However, what disappointed Chu Yuan was that he didn't even feel Mark's existence.

It looks like it was hidden by this moon god.

I have to say that the Moon God is indeed witty.

She knew that she was running away with Mark and she would soon be chased by Chu Yuan.

Therefore, she chose to separate from Mark and stay by herself to attract the attention of the people of Truth and buy time for Mark.

"Chu Yuan, you keep saying that Brian Chu deceived the master to destroy the ancestor Chu Yun."

"I think you are the one who deceived the master and destroyed the ancestor."

"You dare to disobey your mother's words."

"If your Chu family ancestors are still there, you must be the first person to kill."

The faint voice of the Moon God echoed, with indifferent eyes, looking at the powerful Chumen who surrounded him.

Chu Yuan didn't have the patience to talk nonsense with her: "Don't delay here, let me tell you, that Chu Tian can't escape!"

"I don't want to waste my tongue with you here, get out of my way."

"When I kill that Xiao Xiao, I will look back and settle our account!"

After realizing that Mark was not here, Chu Yuan stopped wasting time with her, and prepared to continue searching and pursuing with her.

However, before Chu Yuan turned around, the Moon God's figure flickered and he was already in front of Chu Yuan.
