Chapter 567 Something Was Wrong

Meryl sat there and waited for a while. Seeing that Chandler was not coming back, she started eating.

After all, there was a table full of delicious food, and she was hungry.

She called Chandler. But no one answered.

The only person who could make Chandler leave her without hesitation was Rachel.

However, Meryl was much calmer at this moment.

Perhaps after learning the cause of Andy's death, she began to re-examine the relationship between Chandler and Rachel.

Or maybe she had already expected it, so she became numb.

Meryl believed that Chandler would not betray her and that he must have had some reason to find Rachel.

Since they were a couple, Meryl thought she shouldn't be suspicious.

Meryl just wanted to wait for Chandler to come back and give her

a reasonable explanation.

She finished eating soon, but Chandler still hadn't come back.

Meryl paid the bill and walked out of the restaurant.

It was getting late. Just as Meryl was thinking whether she should go back to the theater or not, a black car stopped in front of her.

"Being abandoned?"

Felix had a smile on his face, a slightly evil smile. "It's still early. How about going on a date with me?"

Meryl

frowned, thinking, "Date? How does Felix know that I was with Chandler just now?"

She said cautiously, "No."

Staring at Meryl's back, Felix's eyes were filled with interest.

"You're the first one who dares to reject me. But I just fucking like you."

Philip, who was sitting in the front seat, glanced at Felix through the rearview mirror.

He thought, "Mr. Powell is really awesome as he dares to rob Chandler's woman."

Chandler rushed to the box and found Rachel was pinned down

by Yinson, with most of her clothes stripped off.

Rachel was lying on the ground with her hair disheveled. She tried desperately to protect her private parts with her hands. But she had been slapped several times on the face by Yinson, and even

her shoulders were covered with bruises.

She cried and said, "I am the daughter of the Morgan family. If you dare to touch me, I will make you pay the price!"

More than ten

years ago, the Morgan family had followed the Powell family. Although the Powell family had been cleaned up now, it had been involved in the dark world in the past, so the Morgan family was naturally not clean either.

These hooligans had heard something about the Morgan family.

Yinson sneered, "The Morgan family has been in decline for a decade or two. You are nothing."

With that, he kissed Rachel regardless of anything.

Rachel screamed in fear, "Take your dirty mouth away! When Chandler comes, he will definitely not spare you!"

"Wait until I feel good first."

Yinson ripped off his belt, and Rachel turned pale with fright.

But the disparity in strength between men and women made it a

luxury for Rachel to break free from his hands.

At the critical moment, Chandler kicked open the door of the box from outside.

Rachel became excited. "Chandler!"

Chandler grabbed Yinson by the neck and punched him in the face.

Yinson was caught off guard and got hit hard. Half of his teeth were knocked out, and his mouth was filled with blood.

Rachel immediately got up from the ground and cried, throwing herself into Chandler's arms.

"Chandler, if you had come a little later, I would have been..."

Rachel was so frightened that she was shaking. She held Chandler's arm, and tears streamed down her face.

Chandler pulled his arm away. Then, he saw that Rachel's dress was torn and the shoulder straps were broken. He immediately took off his suit jacket and threw it to her.

"Put it on!"

Rachel did as she was told, only to find that she had almost exposed herself.

She put on Chandler's suit jacket and hid behind him. "This man just tried to rape me. You can't spare him!"

Rachel was obviously terribly frightened. She was trembling while hiding behind Chandler.

Chandler's punch just now was powerful. Yinson fell to the ground and couldn't get up for a long time.

Chandler turned around and asked, "Why are you here alone?"

He thought, "Rachel has just returned and is unfamiliar with the city. Logically, she shouldn't have come to a place like a bar alone."

"Felix brought me here!"

"Felix?"

Rachel nodded.

"Where is he?"

"After dropping me off here, he received a phone call and left."

Chandler narrowed his eyes when he heard this, and Rachel realized that something was wrong as well.
