[Chapter 711 An Ominous Premonition](#)

While Eliana was being drugged and taken away, Maurice raised his head thoughtfully in the room.

He thought he heard Eliana's voice a moment ago.

Maurice looked up at the door, but he was sure he hadn't heard a knock.

Did he hear something that never happened?

Maurice started to feel a little uneasy.

A lawyer was sitting next to him, holding the contract that Earle had thrown to Maurice.

As he read it through, the lawyer's face became gloomier and gloomier. He closed the contract and whispered to Maurice, "Mr. Moran, the terms in this document are very disadvantageous to you. You can't sign it..."

Opposite them, Gerald was patiently taking care of Earle, looking like a dutiful son.

The cold wind blew over the rooftop. A large mass of white clouds covered the bright sun, casting an ominous shadow on the ladies below.

Eliana's hands and feet were bound together, and she sat uncomfortably on the ground. Next to her, Harriet was enjoying watching the video feed on her phone.

In the video, the room where the three children were staying, could be seen.

"Tut-tut, your children really love you! They're worried about you, and your dear husband, Maurice, is probably searching for you everywhere by now."

Sneering, Harriet showed the video on her phone to Eliana.

Eliana didn't expect that Harriet had even installed surveillance cameras in the children's room!

[Chapter 713 Saved](#)

As she saw the phone lying on the ground, Harriet's face changed dramatically.

Damn it! She had been deceived!

Noticing that the phone was still on, she picked it up without hesitation and hurled it hard on the ground.

With a loud bang, the phone smashed into pieces.

"You bitch! How dare you phone for help!"

Harriet bent down, grabbed Eliana's hair, and bashed her head against the wall.

As her head made contact with the wall, Eliana felt a sharp pain in her head. The severe pain almost made her faint. Blood began to pour down from her forehead into her eyes, blurring her vision.

[Chapter 714 Go Back To The White Family](#)

Seeing the man walking away from her, Harriet lunged herself at him and grabbed the hem of his trousers.

"Who are you?" she asked. With her eyes burning with anger, Harriet screamed, "I'm a member of the Stone family! Put her down right now, or I'll make you suffer!"

With contempt and disgust in his eyes, the man glanced at her before kicking her aside.

"I don't give a shit about your identity! How dare you attack Eliana? She's a part of White family!"

"You're... You're from the White family?" Harriet stammered as she widened her eyes in disbelief.

[Chapter 715 Fall](#)

"Damn it!" Maurice blurted out, as he squinted into the sky.

His voice startled Corbin. "Mr. Moran, what's wrong?"

Automatically, Corbin looked up, following Maurice's movements.

"Oh, my word! Is that person hanging there... Eliana?"

Swaying in the wind in midair above the rooftop, looking as if she would fall at any moment, was a woman's slender figure.

Maurice's heart skipped a beat, and he felt like he couldn't breathe. "Hurry up! Call the fire department immediately. There is a small platform under the rooftop. If the air mattress is arranged there, there will still be hope!"

[Chapter 716 Dream](#)

While on the helicopter, Eliana fell asleep and had a dream.

In her dream, a castle was built on the lakeside, standing under the blue sky. And the air was filled with the sweet smell of bread and food. It was like a fairy tale.

She and Maurice stood in front of the priest with happy faces, reciting their lifelong vows.

On the side, Eliana's father was looking at them with a smile. Her mother was crying and seemed reluctant to let her marry.

Her lovely children, Aileen and Adrian, walked around her and Maurice, asking for their hugs.

Suddenly, a discordant voice sounded, interrupting the happy scene.

"Eliana, I'm sorry, but I can't marry you."

It was Maurice who spoke.

[Chapter 717 Forgetting](#)

"What? Did you say she used psychotropic drugs before?" Branson asked in shock.

"Yes," the doctor agreed with a sigh. "Unfortunately, I don't know what specific drug she took. But I can tell you that whatever drug she took, it has a great impact on her health."

After hearing the doctor explain Eliana's condition, Branson was stunned for a while.

Although the doctor didn't say much, what he said was enough for Branson to understand that Eliana had been living a tough life.

[Chapter 718 Examine Earle](#)

"It's Mr. Moran! He's back!"

The shareholders and senior executives of the Moran Group were excited to see Maurice show up at this critical moment.

However, Maurice looked completely different right now.

He who used to be lively and vigorous, now looked very haggard. He had dark circles under his eyes and his face was a bit pale.

Nonetheless, he still had that same cold stare that made everyone who met his eyes shiver in fear.

"Mr. Moran looks exhausted." someone remarked.

"Well, his bride got missing at their wedding, and he had been looking for her for so long."

"I thought he fell into a deep depression after his fiancée disappeared. I didn't expect he would show up!"

[Chapter 719 His Decision Doesn't Count](#)

Gerald felt embarrassed by Maurice's words. He glared at Maurice and snapped, "How dare you judge me? I don't think you deserve to be a member of the Moran family either. It's only been a few days since Eliana disappeared and you're already so miserable!"

However, Maurice completely ignored Gerald's words and asked coldly, "Where's Grandma? Where is she?"

Avoiding Maurice's gaze, Gerald said perfunctorily, "She doesn't want to see you for now. You don't need to know where she is."

[Chapter 720 Exposed](#)

The presence of the bodyguards caused a tense atmosphere, and the conference room was in an uproar.

"Everyone, quiet!" Maurice abruptly ordered in a cold voice.

"Mr. Moran, what... What is the meaning of this? What do you want to do?" All the people in the conference room trembled in fear.

After saying just a few words, why did it seem like Gerald and Maurice were about to fight?

And why did Earle go back on his words and suddenly stop changing the CEO?

Everyone was confused as to what was going on.
