

THE ADORABLE TWINS AND THEIR CEO DADDY

Chapter 96 The Children's Father

Maurice seemed to be indifferent.

Soon, the elevator door closed, making him disappear from Eliana's sight.

Seeing that, Eliana felt a pang of regret in her heart.

She realized that she should have checked what was going on before she said such things to him.

Maurice had gotten her such a good opportunity, but she had misunderstood him.

Meanwhile, at the kindergarten school.

Nana handed over Adrian and Aileen to their teacher and said, "Be good, and listen to your teachers, okay?"

"Don't worry, Nana! We will be good to the teachers!" Aileen said with a cute smile, amusing the teacher.

Adrian held her hand and said, "Don't worry, Nana. I will take good care of Aileen."

After reluctantly saying goodbye to the kids, Nana walked to the car.

She had to take the dog to the vet next.

She made up her mind to keep Eliana away from Preston after she got the ring.

When she got close to the car, she noticed that the back door was slightly open.

And the dog was biting the tire, grinding its teeth outside the car.

Seeing the naughty dog, Nana was speechless.

Since Aileen had been reluctant to let her go, she had been really busy coaxing her and had forgotten to close the door tightly.

"Bowling, come here," she called the dog softly, approaching it slowly.

When the dog saw her, it barked, and ran in the opposite direction.

'Damn it! I can't lose it!'

Thinking that, she anxiously tried to catch up with it.

But the dog ran around, looking at her from time to time, as though it was teasing her.

All of a sudden, the dog bumped into a man's leg and fell down.

Looking at it, Nana hurried to apologize, "I'm sorry... It's you!"

The man turned around before she finished her words.

It was Corbin.

He bumped into Nana after dropping Silas off at the kindergarten.

'What bad luck!' Corbin cursed in his mind while smiling at her politely. "What a coincidence."

Ignoring him, Nana bent down to pick up the dog.

"It's already hard for you to take care of two kids all by

yourself. Doesn't their father help you at all?"

Upon hearing that, Nana paused.

Did he really think that she was Adrian and Aileen's mom?

Why was he pretending like he knew her? And how could he ask her about their father so bluntly?

Although Nana was a little annoyed, she replied calmly, "I have been taking care of them by myself ever since they were born. They don't need a father!"

After all, she knew how much Eliana had been through in the past few years to take care of them.

That was one of the main reasons she hoped that Eliana could find true love someday.

Then Nana fell silent.

Seeing that, Corbin suddenly felt sorry for her.

She had to be Jonathan's lover in the dark, and had to take care of the kids all alone.

All of a sudden, they heard the sound of camera shutters.

With vigilant eyes, Nana looked around.

She noticed a man with a camera running away after seeing her.

"Stop!" Nana called out to him before she began to chase him.

Startled by her voice, the man stumbled and fell to the

ground.

Nana ran to him and took the opportunity to grab his camera.

But the man quickly stood up and snatched it back from her hands.

"Delete the photos, or I'll call the police." Nana's expression darkened and her beautiful eyes were burning with anger.

However, there was not even an ounce of fear in the man's eyes.

He quickly turned on the video recorder in the camera and asked, "You are Nana Marlin, the star, right? Were you just dropping off your illegitimate kids at school? Who is their father?"

Furious to see the camera still running, Nana pounced forward to grab the camera from him.

But he somehow managed to push her to the ground.

"You're just someone who's past her glorious days. How could you be so arrogant? If I hadn't been free, I would not have followed you at all!"

Nana fell to the ground, wincing from the scratches on her hands and legs.

The man paused for a moment before turning the camera towards her again.

"Come on, look at the camera. Let me take a few more photos of you."

The shutter kept clicking, and he seemed to be recording how embarrassed she looked at that

moment.

But the next second, he stopped laughing and began to cry out.

His hand was twisted, and the camera was taken away from him by force.
