Chapter 1121

Briana Cameron turned around, only to see a stout woman with dark skin and thinning hair on top of her head, storming in with anger on

her face

She was dressed in a yellow tracksuit, with gold jewelry adorning her neck and ears, looking like a well-fed golden python

Briana Cameron frowned, before she could speak, the woman headed straight for Madeline on the bed, raising her hand to hit her

Just as the hand was about to fall, someone suddenly grabbed the

Melinda turned her head and saw that the person blocking her was a girl about the same age as Madeline. She immediately snorted coldly. "Let go of me I'm disciplining my daughter. What does it have to do with you?" Madeline has been led astray by people like you"

Briana Cameron looked indifferent. "This is a hospital. not a place for you to throw tantrums. If you want to throw a fit, do it somewhere

else!"

Looking into Briana Cameron's cold eyes, a touch of fear

unconsciously rose in Melinda's heart. However, she quickly reacted, splashing around and trying to shake off Briana Cameron's hand

"Let go of me! You scoundrel! Get out of my daughter's hospital room immediately!"

However, no matter how much she struggled, she could never break free from Briana Cameron's grip, and even felt her grip tightening more and more

Madeline gritted her teeth, her eyes filled with disgust. "If you dare to call my friend a bitch again, I won't give you a penny in the future!"

Money was Melinda's lifeline. She clearly hesitated for a moment, then cried out even louder.

"Oh dear, you really want to drive us to death, don't you? I know you're a big star now, looking down on me, your father, and your brother. thinking we're too poor for you. But don't forget, it was me who raised you from diapers. If you really disown us, I'll have no choice but to go to the television station and reporters, to let everyone know your true

colors!"

No sooner had the words fallen than Briana Cameron abruptly let go. Unprepared, Melinda fell flat on her backside, sprawling on the ground

"Murder! Is there no justice left! I...uh..."

Briana Cameron shoved a mango directly into her mouth, staring at her with a cold expression, "If you dare to scream again, I'll throw you out!"

Just then, a furious curse came from the door, "Madeline, you bitch, what have you done to mom?!"

A man, less than 1.7 meters tall and with a sleazy appearance, rushed into the ward quickly, hurriedly helped Melinda up from the floor, and then glared at Madeline in anger.

There was not a trace of emotion in Madeline's eyes. The last call from Melinda had completely disillusioned her with this family. They only

saw her as an ATM, they had never considered her as a family member, so she would not bother about them anymore.

"I did it, what's wrong?"

Apollo Garcia looked up at Briana Cameron, about to curse, but froze the moment he saw her face clearly.

It took him several seconds to snap back to reality, but the anger that had previously been on his face was gone, replaced by a smile.

It was just that smile, no matter how you looked at it, it was sleazy.

“Beautiful lady, you are my sister’s friend? Hello, I am Apollo Garcia, Madeline’s younger brother.”

Briana Cameron cast a glance at the hand he extended, a flash of coldness flickering in her eyes.

Madeline, who was standing by the side, couldn’t stand it anymore and said coldly. “Apollo. I’m warning you not to mess with my friend, or I will definitely not let you go!”

Unprecedentedly, Apollo was not angry, but instead, he was grinning at Madeline.

“Sis. I’m your brother, do you really need to be so guarded against me This time, when mom and I heard that you were hospitalized, we rushed over immediately. Look, these are the mangoes we brought for you from home!”

Saying so, he passed the fruit in his hand over.

“Besides, wasn’t your friend also my friend?”

Madeline glanced at the few, spotty mangoes in the clear plastic bag, a hint of mockery flashing in her eyes.

Over the years, she had given them at least a million dollars, and yet they dared to fob her off with this kind of rubbish. Did they really think she was still the old Madeline who could be manipulated by

them?!

“Take the trash you brought and get out of my sickroom immediately. I don’t want to see you anymore.”

Madeline's reaction took Apollo aback, after all, Madeline had never given him the cold shoulder before.

"Sis, what happened to you today? Why are you so angry? Did your husband upset you? I'll go and teach him a lesson for you!"

Seeing the serious look on Apollo's face, Madeline sneered, "Apollo, don't think I don't know what you're up to. Brycen and I have already broken up, and he has a new love now. It's impossible for him to introduce you to a job. I advise you to give up this idea as soon as possible!"

Apollo was stunned. He had come to Haseton with Melinda for this very purpose.

Realizing that his goal was unattainable, the pretense on his face finally collapsed. He gritted his teeth and said, "Why did you break up

with him?! Do you know, my girlfriend said that if I don't have a formal job in Bridenville, she won't marry me. And her family is demanding a dowry of 888,800 Transfer the money to me immediately!"

Briana Cameron on the side sneered. "What do you think you are. what right do you have to let Madeline use the money she worked so hard to eam as a dowry" Can't you earn money yourself" Don't tell me you plan to let Madeline support you for the rest of your life? You're such a leech!"

Apollo glared at Briana Cameron with a face full of anger. "What's it to you? If it weren't for your somewhat good looks, and my desire to toy with you, do you think I would be nice to you? This is our own family matter. get lost immediately!"

Madeline felt both embarrassed and apologetic towards Briana Cameron, turning to her and saying, "Briana, why don't you go back first? I can handle things here on my own."

Briana Cameron raised an eyebrow, sat down directly next to her, and calmly began to speak. "Madeline. looking at them like this, if I were to leave now. they would definitely bully you. I'll just sit here. I'm actually curious to see just how shameless these two can be!"

"Who are you calling shameless?! You little wretch, I'll tear your mouth apart!"

Melinda, standing nearby, rushed towards Briana Cameron, reaching out to pull her hair

However, before she could even touch Briana Cameron, her wrist was seized and she was slapped several times in the face.

“Ah! It hurts!”

The sound of slaps, accompanied by Melinda’s screams, was particularly harsh in the hospital room.

Apollo saw Melinda being hit and immediately tried to push Briana Cameron away. However, not only did he fail, but he was also slapped by Briana Cameron, which sent him flying and falling to the ground, causing him to lose a front tooth.

Every part of his body was in pain, but what surged in his heart was not anger, but fear.

Was this woman a freak?!

Otherwise, how could a single slap send him, a grown man, flying?!

“Let go of my mom! If you dare touch her again, I’ll report you for intentional injury!”

Briana Cameron raised an eyebrow, a cold glint in her eyes, “Do you think I would care?”

After speaking, he slapped Melinda twice again.

“Ah! I was wrong! I’m sorry, I shouldn’t have cursed at you. Please, I beg you to forgive me!”

Melinda’s face was swollen like a pig’s head, and she didn’t dare to speak as arrogantly as before. If Briana Cameron hit her again, her face would be disfigured.

Briana Cameron let go of her, turning to look at Madeline, “Madeline, what do you plan to do with these two people?”

Originally, this was Madeline's family matter, she shouldn't have interfered. But Melinda and Apollo never considered Madeline as their family, and she didn't want Madeline to continue being exploited by

them.

Madeline was silent for a few seconds, then said, "I'll have my agent bring someone over to send them back."

Upon hearing this. Apollo's face was full of reluctance. He raised his voice and said, "I won't go back unless you help me sort out my work and dowry issues first!"

Madeline looked at him coldly, her eyes devoid of any warmth.

"Whether it's about getting married or finding a job, it's your own business. Why should my money be used to help you get a wife or find a job?"

Apollo sneered, "If you don't give me that money, it will just end up benefiting other men. At least I'm your brother, always your family. If you ever suffer any grievances in the future, I can stand up for you!"

Madeline was amused to the point of laughter, her expression mocking as she said, "Do you take me for a fool? Was the money I gave you initially not enough? Just because I didn't want Brycen to find you a job, my mother cursed me out over the phone, asking why I should bear the burden of your lives?! Since you're here, let's clear things up face to face!"

Looking at Madeline's calm expression, Melinda sensed that this time was different from before, and hurriedly said, "What...what do you want to do?! Do you really want to cut ties with us?!"

"Correct!"

Madeline looked at them squarely, "From now on, I have absolutely nothing to do with you. I will not give you any chance to see me again."

Seeing her resolute expression, Melinda finally realized, belatedly, that she was serious this time.

She suddenly threw herself on the ground, rolling and wailing, “Oh God! Open your eyes and see, how could I have raised such a heartless daughter?! How pitiful am I! She’s trying to kill me!”

Ignoring her tantrum, Madeline turned to Apollo and said, “I give you two choices. The first is I give you two million, and you sign the agreement to sever ties. The second is you continue to make a fuss, but I guarantee, you won’t get a penny!”

Apollo’s face was ashen, his gaze at her filled with hatred.

After a good while, he gritted his teeth and said, “Five million! I won’t sign for a penny less!”

“No way! I don’t have that much money, do you think I’m an ATM?!”

Seeing Madeline’s angry expression, Apollo was not in a hurry. With a rascal-like demeanor, he said nonchalantly. “Make it clear, it was you who wanted to cut ties, giving two million to dismiss a beggar”

Melinda always listened to her son. Seeing her son agree, she abruptly stood up. pointed at Madeline, and sneered. “Yes, five million, not a penny less!”

Madeline gritted her teeth. “It’s not that I want to drive you to death. but you want to drive me to death! At most three million, that’s all my savings!”

“Five million!”

Apollo looked at Madeline smugly, as if he had her at his mercy Even if he spent all the money and came back to ask for more, she couldn’t do anything to him because of the agreement they had to sever their relationship!

Madeline sneered, “I said no means no. Since you guys won’t agree, let’s just drop it. I won’t give you a penny!”

Chapter 1124

Seeing Madeline’s determined face, Apollo couldn’t help but wonder, had Madeline really run out of money?!

However, he soon sneered, "You only have three million, are you fooling idiots?! You've been a star for so many years, I heard that you make tens of millions for a single movie, how could you possibly only have three million!"

Madeline sneered, "Don't I have to pay a commission to the company when I act in films?! Don't I have to pay taxes?! Don't I need to use it myself?! Plus, I have to help you guys out from time to time, my money doesn't just fall from the sky!"

Upon hearing this, a hint of doubt flashed in Apollo's eyes, and his expression became hesitant.

It was now clearly impossible for Brycen to find a job for himself. If he really fell out with Madeline, he might not get a penny in the future. What he had in his hands now was the most important.

Thinking of this, Apollo gritted his teeth and said, "Fine, but I want to see the money immediately!"

Madeline was utterly disappointed in him and felt that her past self was incredibly foolish, actually harboring the delusion of buying their affection with money.

In their eyes, he was just a tool for making money, never a member of their family.

She took a deep breath, picked up her phone and directly called Bella, asking her to come over with a lawyer.

Chapter 1124

After hanging up the phone, she said coldly. "My agent and lawyer will be here soon with the agreement to sever ties. Once you sign it, I will transfer the money to you. After that, we will have no connection whatsoever."

Apollo didn't speak, but he was calculating in his mind.

Breaking off the relationship was impossible. Three million was nowhere near enough for him to use for a lifetime. Now, he just wanted to get Madeline's money first, and when the money was used up, he would come back to Madeline for more.

If Madeline didn't give in, he would expose her to the press, and then she would naturally pay to resolve the issue.

Apollo was excited about his own cleverness, as long as he tightly held onto Madeline, he wouldn't have to strive for the rest of his life.

Soon, Bella arrived with the lawyer, having already informed him of Madeline's thoughts on the way.

“Ms. Garcia, this is the preliminary severance agreement I have drafted Please take a look and see if there are any areas that need

modification.”

Madeline took the agreement, quickly skimmed through it, and then said. “There’s no problem, let’s proceed according to this ”

“Alright, if there are no issues, both parties can just sign on the last page.”

Madeline handed the agreement to Apollo, “If there are no issues, you can sign it.”

At this point, Melinda also stopped making a fuss, hurriedly walked to Apollo’s side and whispered, “Apollo, are we really going to cut ties with this damn girl?! What will we do if we run out of money in the future?!”

Apollo didn’t respond to her words, he simply took the pen and signed his name, then handed the pen back to her

“Mom, sign it.” I said

Melinda quickly shook her head, “No... I can’t... I can’t sign this agreement.....

”

No sooner had the words fallen than Apollo impatiently said. “Just sign when you’re told to, stop talking so much nonsense! Otherwise. I’ll go back by myself later, and you can stay here! Let’s see if Madeline will care about you!”

His voice carried a threat, and immediately everyone in the room, except for Melinda, couldn’t help but frown.

He was so rude to his own mother, it seems he must have been used to ordering people around at home.

Startled by her son’s shout, Melinda didn’t dare to speak. She took the pen and signed her name.

After a few people had signed, the lawyer took the documents and left

Chapter 1125

Apollo looked at Madeline, irritably saying, "Can you transfer the money to us now?"

Madeline didn't know why his attitude had changed so quickly, but based on her past experience, Apollo was definitely up to no good.

She looked at him expressionlessly, and said word by word, "I can give you the money, but you'd better be clear that the agreement we signed is legally binding. If you're planning any tricks, I advise you to give up now, or I can sue you to get my three million back!"

Apollo sneered, "Rest assured, I won't come looking for you again!"

"I hoped you would do as you said!"

After Madeline had transferred the money, Apollo left with Melinda.

The two had just stepped out of the hospital when Melinda hurriedly said, "Apollo, you signed so easily. What if she really doesn't recognize us in the future?! This three million is only enough for you to get married. Your father and I were hoping to rely on Madeline for our old age!"

Apollo chuckled and said, "Mom, don't worry. Do you really think I would let you and dad end up on the streets? We can always say that she forced us to sign this agreement. Worst case scenario, she sues me. But as soon as I expose her estrangement from her family to the media, her career will be ruined. She must know the consequences, right?"

Hearing this, the worry on Melinda's face lessened a bit, but she still frowned and said, "Will this really work?"

Seeing Madeline's state today, she truly intended to sever ties with them. How could she possibly give money easily in the future?

"Don't worry, leave it to me! I'll buy the tickets for you first, you go back first, and I'll go back a few days later."

"How could you not go back with me?! And you staying here won't do any good..."

Before he could finish speaking, he was interrupted by Apollo.

"Who told you I was fine? That bitch Madeline just insulted you and me. I can't swallow this insult, I'm going to settle the score with her."

Moreover, thinking of Briana Cameron's beautiful face, if I could have a chance to play around, it would be worth it in this lifetime. However, I couldn't tell Melinda about this, otherwise, if she went back and told Oprah, I would be done for.

Melinda's face turned extremely ugly, she hurriedly said, "Son, that woman is clearly not to be messed with. Haseton is full of people we can't afford to offend, unlike our county. If something happens to you. what are we supposed to do?!"

"Don't worry, I know what I'm doing, and what kind of trouble could Madeline's friends possibly cause! Even if something really happens, I'm her only brother. I don't believe she would really ignore me!"

"I felt..."

"Enough, stop talking about all these irrelevant things. Think about the scene just now when she pinned you down and beat you up. Aren't you angry?! I'm just trying to vent your anger for you!"

Melinda unconsciously touched her swollen face, a surge of anger welling up in her heart.

Melinda unconsciously touched her swollen face, a surge of anger welling up in her heart.

How could she not be angry

Over the past few years she had been untouchable in the town and village with Madeline’s money. Unexpectedly she was beaten and pinned to the ground as soon as she arrived in Haseton

“Mom was angry, but she was also afraid that we couldn’t afford to provoke her ”

“Don’t worry I have everything under control. I won’t let anyone know it was me who did it. I’ll take you to the station now?”

After seeing Melinda off. Apollo returned to the hospital where Madeline was keeping watch at the entrance

In the sickroom

After Apollo and Melinda left, Madeline looked at Briana Cameron with a guilty expression and said. “Briana. I’m sorry about earlier. I didn’t expect them to insult you. I apologize”

Briana Cameron’s expression was indifferent, “You don’t need to apologize. after all, you weren’t the one who was wrong. However, I think your mother and your brother won’t let it go easily, even if an agreement has been signed. You still need to be wary of them.”

Madeline nodded, “I know, I will be wary of them. In fact, I also know that they are inherently greedy and won’t easily sever ties.”

“Then why did you give them so much money?”

Madeline chuckled, a hint of self-mockery flashing in her eyes. "At least by giving them these three million, I could have some time undisturbed."

Seeing this, Briana Cameron didn't know what else to say.

After staying with her in the hospital room for a while, Briana

Cameron stood up and said, "Madeline, I won't stay here with you any longer. If anything happens, feel free to call me at any time."

"Good."

After leaving the hospital room, Briana Cameron drove straight back to the villa.

When going back, Briana Cameron discovered that a taxi was following her not far behind.

She stared at the rearview mirror, couldn't help but raise an eyebrow, turned the direction, and drove straight towards the outskirts of the

city.

Seeing Briana Cameron heading to more and more remote places, Apollo couldn't help but worry Where was she going? Had she discovered that he was following her?

"Master, you weren't discovered, were you?"

As soon as he saw Briana Cameron appear at the hospital entrance, Apollo immediately hailed a taxi and followed her. He originally thought she would go home, but unexpectedly, she went further and further into a remote area.

"Impossible. I've been driving for so many years. I know very well how to remain unnoticed. He must have had some business in this place."

"But... lad, who exactly are you having me follow?" Apollo furrowed his brows, coldly saying, "It's none of your business. All you need to know is that I'll pay you once we reach our destination."

The taxi driver also didn't speak, just continued to follow Briana Cameron's car. After about ten minutes, Briana Cameron's car finally stopped.

Seeing nothing but desolation all around, a barren wasteland devoid of life. Apollo's eyes were filled with surprise, always feeling that something was subtly amiss.

As he was hesitating to get out of the car, Briana Cameron pushed the car door open and stepped out, leaning against the car and bowing her head, seemingly lost in thought.

The taxi driver also stopped the car, turned his head to look at Apollo and asked, "Do you want to pay now, or later? Do you want me to take you back?"

Apollo hesitated for a moment, thinking of the scene where he was beaten by Briana Cameron in the ward today, a flash of fear flickered in his eyes.

"Excuse me... driver... could I discuss something with you?"

"What happened?"

I won't lie to you, the woman ahead was my wife. Some time ago, I caught her having an affair with another man.

"Recently, we've been going through a divorce, and she has been refusing to see me. I want to ask for your help to restrain her so I can take her home and discuss the divorce."

Hearing this, a flash of surprise passed through the driver's eyes. He looked at Briana Cameron, then at Apollo, his eyes full of disdain.

"Could such a beautiful woman be interested in you?"

Apollo's face stiffened, a flash of anger in his eyes.

"What did you mean by this?"

Seeing him angry, the driver quickly said, "No problem, no problem, I was just asking. But you said this woman is your wife. I can't just believe you like that, there's no proof."

"I promise that everything I said was true. As long as you help me catch her. I will definitely thank you properly."

After hesitating for a while, the driver still shook his head in refusal.

“No, if she’s not your wife, what I’m doing is undoubtedly illegal”

“Really. I just rushed out this time and forgot to bring my marriage certificate. If you’re willing to help me catch her, I can let you play with her for free once.” Driver: ”

“Isn’t she your wife? What’s the difference between what you’re doing and a beast?”

Apollo sneered. “Ha, if she hadn’t been messing around outside, making a fool out of me. I wouldn’t have treated her like this!”

Seeing Apollo’s angry face, the driver hesitated for a moment, somewhat believing what he had just said.

“I could help you catch her, but after catching her, you had to show me your marriage certificate, or evidence that could prove you were a couple, otherwise, I would call the police.”

“Alright. I agree with you.” The two of them got out of the car and slowly walked towards Briana Cameron.

A few meters away from Briana Cameron, Apollo began to speak. “Wife, even though you’ve done something to wrong me, I think we still need to have a calm discussion. As long as you don’t resist, I won’t do anything to you.”

Briana Cameron glanced up at him, a hint of mockery flashing in her eyes.

“Apollo, I thought you would learn your lesson after I dealt with you in the hospital. But not only did you not learn, you even brought people here, trying to kidnap me?”

Apollo’s face stiffened, then he gritted his teeth and said, “Wife, why pretend you don’t know me, I...

Before he could finish speaking, suddenly, with a whoosh, something violently hit his mouth.

Apollo let out a scream, spitting out a mouthful of blood from his mouth, a tooth mixed in with the blood.

The driver following Apollo hesitated for a moment, then a hint of retreat flashed in his eyes.

He couldn't help but whisper. "Brother, you didn't tell me your wife was so formidable This is between you two as a couple. I won't interfere. I'm leaving now"

After saying that, he turned around and ran off like a shot

Apollo wanted to call him, but every time he moved his mouth, it hurt. so much that he couldn't speak at all.

Briana Cameron slowly approached him, her eyes devoid of any emotion.

"You've been tracking me up to this point, what on earth do you want?!"

She originally thought that Apollo would leave after taking the money. but she didn't expect him to follow her.

Apollo shook his head and backed away, wanting to speak but unable to utter a single word

As Briana Cameron approached, a sense of terror involuntarily rose in his eyes.

Don't come over!

"Since you enjoyed stalking others so much, then you should experience the feeling of crying out to the heavens and the earth without response."

The moment the words fell, Briana Cameron also rushed in front of Apollo, grabbed him and fiercely punched him in the face.

"Ah!"

Screams kept ringing out, it was unknown how long it took before they ceased.

An hour later. Briana Cameron returned to the villa in high spirits.

If it weren't for the tall figure standing at the door, her mood would have been better.

She stepped forward, her expression icy as she asked, "Do you need something?"

"I had already sent someone to rescue my parents. Stay away from Isaac in the future."

A flash of surprise crossed Briana Cameron's eyes, then she spoke, "I need evidence, not your word."

Maxim didn't waste any words, he directly took out his phone and dialed Rayan's number.

"Give the phone to my dad."

Soon. Reese's voice came from across.

"Maxim, what happened?"

"It's okay, I just wanted to ask how you and mom are doing?"

"We were doing well, undergoing tests in the hospital ward, you didn't need to worry."

"Good."

Maxim hung up the phone, turning to Briana Cameron, he asked, "Do you believe it now?"

"This was my own business, there was no need for Mr. Yoder to

Worry."

After speaking. Briana Cameron bypassed him, directly opened the door, and turned to leave.

Maxim frowned, reaching out to grab her hand, stopping her "Briana Cameron. I'm not joking with you. Isaac and Robinson are both very dangerous. you'd better stay away from them!"

Briana Cameron shook off his hand, looking at him with a mocking expression. "Could anything be more dangerous than you, Maxim? I don't want to see you. Could you please never appear in front of me again?!"

Maxim's hand trembled slightly, slowly retracting before he spoke. "I understand. As long as you no longer involve yourself in any thing related to Isaac and Kingly Group, I promise I won't appear before you again."

"Alright, I agreed to your terms, I hope you can also keep your word. "

Hearing her agree without hesitation, Maxim finally realized the extent to which she despised him.

He lowered his gaze, said nothing, and turned to leave directly.

Briana Cameron also turned around, opened the door, and went straight into the villa, the two of them going their separate ways

After sitting down on the sofa. Briana Cameron seemed to have used up all her strength, leaning on the sofa without moving.

After a long while, she finally got up, casually cooked some noodles. for herself, ate them, and then went upstairs to sleep.

Late at night.

Apollo had finally returned to the city. At that moment, his face was bruised and swollen, his appearance was disheveled, and his body was swaying as if he would fall at any moment. He had barely managed to dial the emergency number, and after giving his address, he blacked

out.

When he woke up again and found himself in the hospital, he finally felt like he had survived a catastrophe.

Meanwhile, his hatred for Briana Cameron had reached its peak in his heart.

This wretch harmed him so badly, he surely wouldn't let her off!

Thinking of this. he immediately rang the bell to call the nurse over, telling her that he wanted to call the police.

The nurse, upon seeing that he had woken up, quickly notified the police.

Not long after, two policemen came over.

Upon seeing the police, he immediately said, “Officer, I need to report a crime. I was maliciously beaten to this state!”

Next, Apollo exaggeratedly described how he was beaten by Briana Cameron, but when the police asked him why he went to the suburbs, he began to equivocate

Noticing his concealment. the expression of the police also became serious. “Mr. Madeline, if you don’t cooperate with us, we may not be able to help you protect your rights. Are you sure you really want to hide it?”

Apollo hesitated for a moment, but still told a lie. If the police knew his real purpose. he might be the one who got arrested.

The police finished taking notes and stood up, ready to leave.

Apollo hastily said, “Officer, when can you arrest the person who hit me?!”

The police glanced at him and said. “We always rely on evidence in our investigations. We will summon the person you mentioned to make a statement. If the situation is true, we will then take the next step. ”

Apollo paused for a moment, then gritted his teeth and said, “She will definitely not admit it!”

“We would conduct an investigation, and if what you said was true, you would definitely receive the appropriate compensation, and the other party would also be punished ”

“Good.”

After the police left, Apollo lay in bed for a while, feeling a bit hungry. He got up and went downstairs intending to buy some food.

Just as he reached the entrance of the hospital, he bumped into someone head-on. Apollo frowned, about to scold the person, but froze the moment he saw who it was, followed by a surge of ecstasy.

“Brother-in-law?! You are the brother-in-law, right?!”

Apollo quickly grasped the other person’s hand, smiling with a face full of flattery

Previously. Madeline had always refused to let them see Brycen, but he had secretly seen Brycen’s photo on Madeline’s phone and had later searched for it. Therefore, when he saw Brycen, he recognized him at a glance

Brycen had originally come to see a friend, but unexpectedly, he was inexplicably pulled aside by a man who called him brother-in-law

He shook off the other person’s hand, saying coldly, “You’ve got the

Wrong person.”

Apollo quickly said, “How could I possibly be mistaken? I’ve seen your photo on my sister’s phone. Your name is Brycen, right?”

A flash of surprise crossed Brycen’s eyes, he frowned and asked, “Who Is your sister?”

Apollo slapped his forehead, chuckled and said, “Oh right. I forgot to introduce myself I’m Apollo, my sister’s name is Madeline You guy are dating, aren’t you?!”

Upon hearing this, Brycen was silent for a few seconds, “When did you come to Haseton? Your sister didn’t tell me.”

“About yesterday, she probably was too busy and didn’t have time to tell you.”

Seeing the wounds on Apollo’s face and body, Brycen couldn’t help but frown.

“Did you come to Haseton for treatment?”

Apollo shook his head and said irritably. “Don’t mention it. I came over yesterday and accidentally had a quarrel with someone. Without a word, he beat me up like this. I haven’t dared to tell my sister yet, for fear that she would worry. She’s still in the hospital, isn’t she sigh...”

“Didn’t you call the police?”

"I reported it, but what's the use? I'm insignificant in Haseton, and I don't want to make a big deal out of this; lest it affects my sister's future."

Apollo spoke with such sincerity that Brycen subconsciously believed him, asking, "Do you need my help?"

"Is it possible?!"

Apollo looked hopeful, but then as if he had thought of something, he quickly waved his hand and said, "Never mind... Brother-in-law, I don't want to cause you trouble, and if my sister finds out, she will definitely scold me!"

"I wouldn't tell her, so you don't have to worry about that. Just focus on getting better. I'll have my assistant handle it. I have things to do today. so I'll leave it at that."

"Alright, brother-in-law, take care! Once I'm better, I'll personally visit your home to thank you!"

Brycen didn't say anything more, he simply turned around and walked towards the hospital.

It was not until he was out of sight of Apollo that he took out his

phone and dialed his secretary's number.

"Check if Madeline had a brother named Apollo, who was hospitalized at Haseton Liberty Hospital."

After hanging up the phone, a hint of contemplation flashed in Brycen's eyes.

Not many people knew about his relationship with Madeline, so when Apollo mentioned his and Madeline's names just now, he was already seventy percent convinced. However, just to be on the safe side. he thought it would be better to have his secretary check it out.

Soon, the secretary had returned the call.

"Mr. Carney, Ms. Garcia's brother was indeed admitted to Liberty Hospital. Do you need to send some fruits over?"

“No need, he was beaten up by someone, and the police have already been notified. You arrange for someone to follow up on this matter. The person who hit him must be punished!”

“Alright, I understood.”

After ending the call, a meaningful smile curled up at the corner of Brycen’s mouth.

Madeline was now giving him the cold shoulder, refusing to be with him

However, as long as her family was pleased, they would definitely reconcile.

Chapter 1130

In less than an hour, Briana Cameron was detained.

After knowing the reason for her detention, she just found it somewhat ridiculous.

Looking at the serious-faced police officer across from her, she said calmly. “Apollo claimed that I hit him. Is there any evidence? Is there a video or surveillance footage of me hitting him? Or are there any eyewitnesses? If there is nothing, how can you prove that the injuries on his body were caused by me?”

The police officer frowned, speaking expressionlessly, “Being stubborn won’t do you any good. If you confess, perhaps you could argue for leniency. Otherwise, if Apollo refuses to sign the letter of forgiveness, you might face imprisonment.”

Briana Cameron was not frightened, there was not a trace of fear in her eyes.

“Before my lawyer arrived, I wouldn’t answer any questions.”

On the other hand, Maxim quickly received the news of Briana Cameron’s detention.

“Go find out what exactly happened! Also, arrange a lawyer for her!”

Rayan was about to speak when the office door was suddenly pushed open, and Aurora walked in, her face filled with anger.

“Maxim, don’t forget, I am your fiancée now, not her. Where does that leave me and the Fredrick family when you are so protective of another woman?!”

Maxim looked up at her coldly. "If it weren't for the backing of the Fredrick family, do you think you would still have the right to stand here and argue with me. based on what you did to her?!"

Aurora sneered. "Regardless, it was you who agreed to the engagement in the first place. Now, if you continue to have ties with Briana Cameron, she will be the one who suffers. You wouldn't want her to bear the stigma of being a mistress, would you?"

"If you dare to do anything to her again, even the Fredrick family won't be able to protect you!"

Sensing the cold and ruthless aura emanating from him. Aurora's hand. hanging by her side, involuntarily tightened. She hadn't expected him to protect that wretch so fiercely, especially when she was his fiancée!

Thinking of this, a flash of jealousy and hatred crossed her eyes. After a long time. she sneered and said. "I don't need to take action, there are plenty of people who can't stand her! But I want to warn you, if you flirt with Briana Cameron under the name of my fiancé, she's the one who will get hurt!"

After speaking. Aurora turned around and left directly.

It was not until the cold air around him disappeared that Rayan finally managed to catch his breath.

Although he also disliked Aurora, the Fredrick family posed a significant threat to the Yoder Group. If they really fell out with Aurora, it wouldn't benefit the Yoder Group in any way

"Mr. Yoder, regarding Ms. Cameron, should we inform the Cameron family? After all, given your current status, it's not very convenient for you to step forward."

No sooner had the words fallen than Maxim gave him a cold look. "Do as I say!"

"Was.

"

Rayan turned away, his face full of helplessness. It was Mr. Yoder who had decided to distance himself from Briana Cameron, but now that she was in trouble. he couldn't help but get involved. If this continued, both of them would suffer.

In less than half an hour. the top lawyer from the Yoder Group had arrived at the police station.

Briana Cameron saw him, her face changing color.

“Mr. Brooks. I have already contacted other lawyers, you may go now If it’s not too much trouble, could you please relay a message for me? Ask Mr. Yoder to stop meddling in my affairs in the future.”

Mr. Brooks sat down across from Briana Cameron, smiling as he said, “Ms. Cameron, you must have upset someone. Aside from me, there probably isn’t another lawyer in Haseton brave enough to take your case.”

Briana Cameron frowned, logically speaking, the lawyer she had contacted should have arrived by now.

But Apollo had just arrived in Haseton, and Madeline had already severed ties with him. How could he possibly have any backing”

Seeing that Briana Cameron still didn’t believe him, Mr Brooks raised an eyebrow. “Ms. Cameron, if you don’t believe me, I can wait here for half an hour. If the lawyer you contacted arrives. I can leave immediately.”

Seeing his confidence, Briana Cameron fell silent for a moment before finally speaking up to refuse, “Mr. Brooks, whether my lawyer comes or not, I don’t want to have anything to do with Mr. Yoder anymore, so please leave.”
