

After Divorcing, She Shocked the World Chapter 13 - The Man Who Slept with Her

Chapter 13: The Man Who Slept with Her

Wu Mei turned around and saw the tall and handsome man looking at her from a few steps away with an ambiguous expression on his face.

Lin Piaopiao ran to Li Nanchen's side and tugged at his clothes. She raised her finger to point at Wu Mei and said, "Brother Nanchen, it's her! Wu Mei called me to the bar, claiming that she had something to discuss with me..."

1

"But after I came, she hit me and bullied me! Everyone around here can testify for me!"

"You have to stand up for me and teach her a lesson!" Lin Piaopiao lied as she hid behind Li Nanchen. She secretly flashed Wu Mei a provocative smile.

Wu Mei watched as Li Nanchen's entire body turned cold and he walked towards her step by step with his lips pursed. She could not help but clench her fists and prepare to defend herself.

He believes what that woman said?

Furrowing her eyebrows, Wu Mei couldn't help but sneer, "President Li, what are you doing? Are you planning to cause trouble for your wife for the sake of your mistress?"

However, Li Nanchen ignored her ridicule. His towering figure suddenly stopped two steps away from her and he gently draped his suit jacket over her body, helping Wu Mei ward off the gazes on her body.

"Are you okay?" he asked in a low voice. He then handed her an expensive handkerchief and said, "Wipe your hands."

"Hmm?" Wu Mei looked down and realized that she had somehow gotten a cut on her hand and was bleeding.

Lin Piaopiao stared at them in disbelief as they stood side by side. She said, "Brother Nanchen, you... What are you doing?!"

"No matter what she does, no one can touch my woman."

11

He looked around his surroundings while using the handkerchief to bandage Wu Mei's wound. "No one can teach her a lesson, including me," he said indifferently.

2

Wu Mei was slightly taken aback by his protectiveness. She raised her head and stared at his side profile.

"No, Brother Nanchen, you have no idea what kind of woman Wu Mei is! She betrayed you and fooled around with other men!"

Lin Piaopiao couldn't stand the provocation and shook her head hysterically. Shoving the onlookers aside, she rushed to Wu Mei's side and yanked the jacket off her.

Pointing at the bruises and love-making marks on Wu Mei's exposed skin, she shrieked, "This is the evidence!"

"She's a slut, a prostitute that will sleep with anyone! Don't be fooled by her!"

Lin Piaopiao could no longer maintain her pure and innocent demeanor as she cursed.

1

However, Wu Mei couldn't take it anymore. She raised her leg and kicked Lin Piaopiao in the stomach, sending her flying to the ground. She sneered, "You need evidence to accuse me."

"My husband was the one who made these marks last night."

4

Wu Mei took the opportunity to nestle in Li Nanchen's embrace. She lifted his chin with her index finger and moved her red lips closer to his and seductively nuzzled his lips.

"I had s*x with my own man. No matter how intense it is, what does it have to do with you?"

11

Lin Piaopiao clutched her stomach, unable to speak due to the pain. She stared at Li Nanchen in disbelief.

2

No, impossible!

They will never sleep together in the same room! Li Nanchen doesn't love her at all!

"Honey, I don't think she believes me. Why don't you tell her yourself how intense we were last night..."

Wu Mei's calf rubbed against Li Nanchen's calf, intentionally or otherwise. She hooked her arm around his neck and gently breathed into his ear. As if showing off, she glanced at Lin Piaopiao and said, "Tell her how amazing you are. How did you make me unable to get out of bed?"

9

"..." Li Nanchen's ears turned red, but he did not deny it.

Lin Piaopiao's eyes were bloodshot and brimming with tears. Her expression was full of indignance!

What right does Wu Mei have to get Li Nanchen? He should be hers. They were clearly going to get a divorce soon!

1

"You're shameless!"

"A slut that everyone can f*ck. She slept with a gangster from the bar last night and went home after that to seduce Brother Nanchen. He must have been forced..."

Lin Piaopiao fumbled for her phone on the ground. She yelled, "I have proof! I have a witness!"

"Just you wait..."

Wu Mei looked at her sympathetically.

How much does Lin Piaopiao like Li Nanchen such that she can deceive herself into thinking that she could "force" Li Nanchen to sleep with her?

Li Nanchen instructed the bodyguards to collect the phones of everyone in the bar and delete the photos and videos that had been taken secretly.

Meanwhile, Wu Mei disdainfully removed his handkerchief that had been used to bandage her hand. With a frown, she then skillfully wrapped it around the wound and tied two knots using her mouth.

Very quickly, Lin Piaopiao dialed Huang Mao's number and put it on speaker. She looked at Wu Mei smugly.

"Listen up, I'll call Wu Mei's paramour right away!"

1

She's doomed this time!

Ring... ring... ring...

No one picked up the phone, and Lin Piaopiao's expression gradually became anxious.

The bar owner and the security guards were worried. They turned to look at the door of the next room. *The blonde isn't dead, is he?*

Wu Mei yawned and lazily picked up two bottles of beer, handing one to Li Nanchen.

She said mockingly, "Beer goes well with watching a show."

3

Ring...

Just as Lin Piaopiao was about to lose hope, the call finally went through. Frantically, she asked, "Hurry up and tell me! Was it you who slept with Wu Mei last night? Didn't you take photos as well?!"

2
