

After Divorcing, She Shocked the World Chapter 16 - Counterattack and Tracking

Chapter 16: Counterattack and Tracking

On the forum page, Wu Mei tapped lightly on her keyboard and tried to log into her personal Ministry of Defense secret agent account.

After entering the password a few times, a warning popped up on the computer screen. Wu Mei's eyebrows knitted together. She thought of some possibilities and decisively cut off the internet connection.

"D*mn it!"

Someone is tracking her IP address!

Wu Mei looked at the trojan horse virus that had been implanted in a short span of time. Gritting her teeth, she quickly changed the procedure.

She was the youngest and most promising agent in the Ministry of Defence and was one of the top in terms of hacking and Internet information. Unfortunately, Wu Mei had been careless and nearly revealed her current location. If that group of people chased her here, it might have involved unnecessary trouble.

Very quickly, she completely wiped out the trojan horse virus.

Wu Mei, who had taken care of the problem, was a little frustrated. She threw the computer on the floor and went to stand on the terrace, feeling the breeze.

The Ministry of Defense is paying so much attention to M's account and even set up layers of firewalls and tracking systems. What kind of conspiracy is hidden behind this?

Just then, the door was suddenly pushed open with a soft sound.

Wu Mei muscles instantly tensed up. Out of reflex, she approached the person and used her arm to push the person's shoulder, pushing him up against the wall!

Just as she was about to attack, she saw that it was actually Li Nanchen.

"..."

Wu Mei gritted her teeth and controlled her anger. She lectured him, "If you want to enter someone else's room, you have to knock on the door. This is courtesy, understand?"

Li Nanchen was speechless.

Isn't this his house?

3

Wu Mei noticed his dazed expression and realized that she had overreacted. She lowered her eyes before swiftly putting on a devilish smile and lifting up Li Nanchen's chin.

"What's the matter? President Li, are you burning with desire in the middle of the night and can't control yourself, so you came to find me to help you extinguish the fire?"

Li Nanchen was silent for a few seconds. Then, he took out the first aid kit and showed it to her. He said, "Go sit by the bed. I found a better medicine for scalds."

Wu Mei was taken aback.

Is he here to help her? Because of the scald?

But she asked if he wanted her to extinguish his fire?

Ahem, that's embarrassing.

3

Li Nanchen did not mind. He pushed her onto the bed and used his knee to separate her legs. As expected, her fair legs were red.

2

Wu Mei was stunned for a moment. She then said, "President Li, this position... Feels a tad bit wrong, doesn't it?"

1

"Lie down," he said coldly, seeming to be somewhat angry.

Wu Mei sighed and lay face down on the bed with her long legs spread open as she let him manipulate her.

Li Nanchen's rough fingers rubbed against her smooth and tender legs. Coupled with the cooling sensation of the ointment, she couldn't help but let out a soft moan.

"..."

Li Nanchen gritted his teeth and paused for a moment. His eyes were filled with desire.

It was easy to remember how intense they'd been that night.

After a long while, he continued to apply the ointment on her.

Wu Mei could tell that the time taken to apply the medicine was much longer than before and that the breathing of the man behind her had become heavier. She could not help but snicker.

She turned around and deliberately caressed his thigh with her fair and soft feet. Seeing that the fire in his eyes was getting hotter, she retracted her foot and pulled the blanket over herself.

"I'm sorry, President Li. My leg was scalded today so I really can't have sex with you. You can take care of it yourself."

"..."

Li Nanchen gazed deeply at Wu Mei.

She really made him confused at times!

"Have a good rest." Li Nanchen abruptly pushed her away and left without looking back. He slammed the door shut behind him.

Only then did Wu Mei get up and put the shoulder strap that had fallen back in place. Her eyes turned cold.

Recalling the Ministry of Defense's "tracking", she knew that she could not reveal any information and let others know that M was still alive!

All information and data about M, as well as people or things, were possibly all under their control now.

It was a trap waiting for her to walk right in!

"Thankfully, they don't know about this appearance." Wu Mei looked at her new identity in the mirror and gently wiped the mirror with her hand. "Don't worry, I will use this identity to counterattack and investigate the truth!"

...

The next day in the dining room...

Wu Mei picked out the peas and threw them into Li Nanchen's bowl. Feeling his gaze on her, she tilted her head and asked, "What's wrong? I don't eat peas."

"You can tell the nanny to not put that in that future..." Li Nanchen reminded her as he drank his coffee.

The doorbell rang. The butler led a somewhat familiar middle-aged man to the dining room. Wu Mei narrowed her eyes and sized him up...

"President Li, sorry to disturb yours and Miss Wu's meal."

"But Piao Piao went on a hunger strike at home. She cried and wanted to commit suicide, saying that she couldn't stand the humiliation Miss Wu brought upon her. In order to take care of Piao Piao, I really can't continue to be Old Master Li's attending physician. Today, I specially came here to ask you to find someone more qualified than me!"

2

Lin Liguó stared fixedly at Wu Mei.

Realisation dawned on Wu Mei and she exclaimed. *He is Lin Piaopiao's father, Lin Liguó?*

It was said that Lin Liguó is a medical expert...

But Grandpa Li is seriously ill?

She never knew!

Li Nanchen looked at him with a deep frown and said, "Are you threatening me?"

2

"How would I dare to? However, I still have to remind you that the Old Master is in a bad condition and time is tight. You had better make a decision early. Otherwise, even if the Gods come, they won't be able to save the Old Master!" Lin Liguó said and looked at Wu Mei smugly.

2

He shall see how long this woman can occupy the position of the President's wife!
