

# After Divorcing, She Shocked the World

## Chapter 331: Threatening Him Again

I think Li Zhuo purposely angered Old Master Li," Bi Fang could only guess.

Li Nanchen nodded and thanked Bi Fang

Bi Fang finally calmed down and asked Li Nanchen, "Did something happen to you and Junior Sister? Where is she?"

Li Nanchen couldn't have left Wu Mei behind, right?

Li Nanchen said in a low voice, "Mei'er helped me cover my retreat so that I could rush back to save Grandpa first."

"You!" Bi Fang's eyes widened in anger. Even though he guessed that they were in a lot of trouble, he could not agree with Li Nanchen leaving Wu Mei behind.

That's horrible.

He had to contact Wu Mei first.

Bi Fang dialed Wu Mei's number. Her phone rang in the car.

He really wanted to curse.

In actuality, Wu Mei's situation was pretty good and she managed to wait for the police to arrive.

The police officers were shocked when they saw the scene before them.

This was because the victim had mentioned to the police that there were more than ten people on the other side, but within a short span of ten minutes, there

were about thirty people.

Despite having so many opponents, not only did Li Nanchen and Wu Mei not show any signs of weakness, they even managed to gain the upper hand. They were simply too strong.

Wu Mei finally heaved a sigh of relief and bent down to get in the police car.

She leaned against the back of the seat and closed her eyes to rest.

The police officers pinned down all the burly men who did not manage to escape in time and brought them back to the police station. However, they probably would not be able to get too many details out of them.

They might find an excuse.

Wu Mei looked at these people coldly and said with a sneer, "Leave them at the police station first. We can find out everything about them within 24 hours."

The bodyguard was still standing in front of Wu Mei. He turned his head and said to her, "Don't worry, we'll pass on the message on Madam's behalf

Wu Mei nodded. She also wanted to know how Li Nanchen was doing and could only ask the bodyguards to contact Li Nanchen.

Li Nanchen quickly picked up the call. After hearing that Wu Mei was safe, he finally felt at ease.

"How's the situation in the Li Family?" asked Wu Mei.

Li Nanchen composed himself and lowered his voice to say, "You were right.

They wanted to deal with Grandpa. Ill send Grandfather to the hospital first.

You can go and visit Auntie first."

Naturally, Wu Mei had to visit Mother Wu to be at ease before she could return

to the Li Family.

Li Nanchen really hoped that Wu Mei could accompany him, but he was even more afraid that Mother Wu would be in danger.

He could not keep Wu Mei by his side.

“Okay! I left my phone in the car. Ill contact you after I see Mom,” Wu Mei said softly.

Li Nanchen agreed. After hanging up, he noticed that Li Zhuo’s car was trailing behind them.

“We can’t let them go!” Bi Fang was afraid that Li Nanchen’s heart would soften.

Li Nanchen laughed coldly and said, “They won’t leave. They will only hide because they want the Li Corporation more than me.”

They finally arrived at the hospital and sent the unconscious Old Master Li into the operating room.

His situation was extremely dangerous.

Bi Fang revealed his identity to the doctor. When he went to change into the sterilized surgical gown, Lin Ligu had also rushed over.

Li Nanchen sized up Lin Ligu. He saw how anxious Lin Ligu was, as if he was wholeheartedly thinking for Old Master Li. But in reality, he had already revealed a loophole

An accident had just happened in the Li family and Old Master Li had just arrived at the hospital. Not only did Lin Ligu catch wind of the news, but he also rushed over.

This was too deliberate.

Li Nanchen looked at Lin Ligu calmly, wanting to hear what he had to say.

Lin Ligu took a deep breath and calmed himself down. He said to Li Nanchen, "Piaopiao told me that something happened in the Li family. Did the Old Master fall ill

"Yes" Li Nanchen said coldly.

If it were anyone else, they would definitely be cautious when facing Li Nanchen's attitude. However, Lin Ligu was different.

Lin Ligu believed that he was Old Master L's attending physician, and only he could ensure Old Master Li's safety, so Li Nanchen had to be polite to him.

Lin Ligu sighed heavily and said regretfully, "Nanchen, you're too stubborn. You and Wu Mei are already divorced. How can you still live together? Wouldn't it be bad if word got out?"

Li Nanchen clenched his fists. Is he threatening me again?

Indeed

Li Nanchen had guessed correctly.

Lin Ligu continued, "As long as you marry Piaopiao, I promise that I will do my best to treat Old Master Li. This won't have to drag on further."

Li Nanchen was frustrated and had a murderous aura around him. He only wanted to raise his fist and get rid of Lin Ligu. He sneered, "So you admit that you deliberately delayed treating my grandpa's illness because of this matter."

"Don't spout nonsense. I'm doing this for your own good, and even more so for Old Master Lis good." Lin Ligu waved his hands frantically and deliberately

put on an aggrieved look.

Looking at his expression, Li Nanchen felt nauseous.

Lin Liguó rubbed his hands together and took a step forward. He said solemnly, "Think about it carefully. As long as you agree, I will immediately continue to research the treatment plan. I can guarantee that Old Master Li will be able to lead a long life."

When he thought about how Lin Piaopiao could finally marry Li Nanchen, he felt very happy.

In the future, he would be Li Nanchen's father-in-law. Li Nanchen would not dare to yell at him again.

Not only did Li Nanchen not agree to Lin Liguó's request, he even leaned back in his chair and reminded him with a sneer, "With Lin Piaopiao's condition, can she marry into the Li family?"

## **Chapter 332: Going into the Operating Theater**

Condition?

She was crazy.

How could Lin Liguó not know that Lin Piaopiao was staying in the Li family and that her condition was not right? Sometimes, she even showed signs that she was mentally ill. But so what?

Lin Liguó believed that as long as Li Nanchen was willing to marry Lin Piaopiao, Lin Piaopiao would turn back into a normal lady.

He waved his hand dismissively and said to Li Nanchen, "As long as you agree..." Li Nanchen suddenly shouted Lin Liguó's name. He abruptly stood up and took a step

forward. "Did you come to the hospital to threaten me while my grandfather is undergoing surgery?"

Lin Liguó was shocked by Li Nanchen's imposing manner. He had originally wanted to take advantage of Old Master Li's critical condition to reap some benefits. Obviously, he had forgotten what kind of person Li Nanchen was.

His voice trembled. "

I'm just making a proposal."

Li Nanchen sneered coldly. As the joints in his right hand cracked, Lin Liguó's legs started to turn to jelly.

No matter how afraid Lin Liguó was, he had to fight for Lin Piaopiao and Li Nanchen's marriage.

Li Nanchen lowered his voice and said, "I think you should be the one to consider this carefully. If something really happens to my grandpa, do you think you'll still be of any use?"

"If you're useless, do you think I'll even keep you, let alone Lin Piaopiao?"

Lin Liguó was not a fool.

If something really happened to Old Master Li, given Li Nanchen's character, he would definitely settle the score with him, making it impossible for him to gain a foothold in the entire industry or even the entire society.

He retreated half a step back in fear and nearly fell to the ground.

Fortunately, someone caught him in time.

This person was Li Zhuo.

Li Zhuo looked at Li Nanchen disapprovingly and put on the airs of an elder as he persuaded Li Nanchen, "Nanchen, I know you're very anxious, but you shouldn't scare Dr. Lin. He still needs to treat the Old Master."

Li Nanchen sat back on the bench and looked at Lin Liguó. "I have Lin Piaopiao's weakness in my hands. I have evidence of everything she did."

"Where do you want her to spend the rest of her life?"

Lin Liguó's face was pale. He wasn't afraid of betting on whether Li Nanchen would be soft-hearted.

No matter how scared he was, he still had to bring Old Master Li out and threaten Li Nanchen, "If you say that again, later in the operating theater, I might not dare to..." Li Zhuo also frowned. Just as he was about to warn Li Nanchen, Bi Fang strode over.

Bi Fang invited a specialist who happened to be in the hospital to treat Old Master Li.

"I'll leave it to you." The moment Li Nanchen saw Bi Fang, he immediately stood up.

Bi Fang casually introduced the specialist to Li Nanchen, "This doctor is very famous in our country. I invited him over to take a look."

"I won't waste any more time. Let's go into the operating theater first."

Li Nanchen watched as the two of them quickly entered the operating theater. He closed his eyes in relief and raised his hand to massage his temples.

Li Zhuo narrowed his eyes. When he saw Bi Fang walk into the operating room, he was shocked to discover that there was such a person in the Li family.

Looks like he has underestimated the people around Old Master Li.

Lin Liguo was truly frightened now. He still remembered what Li Nanchen had just reminded him.

Once Old Master Li no longer needed him, he would be dead meat.

"You guys wait outside. I will definitely be able to treat Old Master Li." Lin Liguo waved his hand and swiftly strode towards the door of the operating theater.

He was stopped.

The nurse politely reminded Lin Liguo not to delay the patient's treatment and invited him to the waiting area.

How could Lin Liguo wait?

If Old Master Li woke up under Bi Fang's treatment, he would no longer have the right to negotiate with Li Nanchen.

Lin Liguo stomped his foot and turned around to look for someone familiar in the hospital.

He had to enter the operating theater.

Li Nanchen knew that Lin Liguo had already thought things through. Although he found it ridiculous, it was still useful.

After all, Lin Liguó's medical skills were really good.

Li Nanchen finally shifted his gaze to Li Zhuo and smiled disdainfully. "Second Uncle, there's only you and me now. Do you still want to continue acting?"

"You child, what nonsense are you spouting?" Li Zhuo threw out this sentence unhappily and turned to walk towards Sheng Hongfei and Li Dongjue.

What they needed to do now was to leave the hospital. They could not leave their lives in Li Nanchen's hands.

How can they leave?

This is truly a difficult problem.

They need Li Nanchen to chase them away.

Li Dongjue thought of a plan and whispered something to Sheng Hongfei.

Sheng Hongfei really did not want to do such an embarrassing thing. However, for the sake of her husband and son, she could only throw caution to the wind.

"Aiya, I don't feel well. Dr. Lin, help me take a look first." Sheng Hongfei was kicking up a fuss in the corridor of the hospital. The medical staff rushed over to remind her a few times, but it was to no avail.

Li Nanchen was so frustrated that his head hurt. He could see through Li Zhuo and his family's little scheme with one look. It was really laughable and pitiful.

"Chase them out," Li Nanchen said bluntly to the bodyguards.

The bodyguards walked towards Li Zhuo with cold expressions.

Li Zhuo was shocked. He did not believe that Li Nanchen would be so direct and immediately said, "Your Second Aunt is not feeling well.. Can't you respect your elders?"

### **Chapter 333: Call from the Assistant**

Li Nanchen could tell that they were looking for an opportunity to escape, but before Old Master Li woke up, he had no evidence to prove that Li Zhuo had hurt Old Master Li. He could not be bothered to argue with them in the hospital. This would only disrupt the doctor's surgery.

“Second Uncle, you can escape now, and you can also find a way to cover up what you’ve done.” Li Nanchen rubbed his fingers lightly and said with a cold smile.

Li Zhuo’s expression turned horrible. After all, being exposed didn’t feel good.

Li Nanchen’s words were very impolite as he continued, “But don’t let me catch you red-handed. Otherwise, even if grandfather wants to let you stay, I won’t be polite.”

Li Zhuo flung his sleeves and shouted, “What nonsense are you spouting? You’re slandering me.”

“That Bi guy is an outsider. Would you rather believe in an outsider than your family?”

Look! He started shouting again.

The medical staff came out to stop him again. Their gazes towards Li Zhuo and the rest were already very unfriendly.

Seeing this, Li Nanchen clapped his hands. “Okay. In that case, stay here.”

How could Li Zhuo possibly stay?

He angrily reprimanded Li Nanchen before dragging his wife and son away.

‘There was no mistaking it. They were escaping.

Li Nanchen narrowed his eyes and watched this scene with disdain. He slowly retracted his gaze and rested his forehead in both hands.

What should he do?

Will Old Master Li be alright?

“president Li, I’m here to help.” Carrying a document, Qin Yang appeared beside Li Nanchen.

‘When Li Nanchen heard someone walking towards him, he could already tell that it was not Wu Mei’s footsteps. However, he still raised his head in anticipation before lowering his head in disappointment.

Not Wu Mei.

Qin Yang sat beside Li Nanchen and placed the document at the side. He said awkwardly, “There’s no hurry. You can look at it later.”

It seemed like a very important document.

Qin Yang knew his limits. He wouldn't specially run over to deliver a document after something had happened in the Li family.

"Let me take a look." Li Nanchen extended his hand towards Qin Yang.

When Qin Yang handed the document to Li Nanchen, he also realized that Wu Mei wasn't with Li Nanchen.

It wasn't appropriate for him to ask directly. He only said, "President Li, I have to return to the company later. Is there anything you want to do?"

Looking at the situation, Li Nanchen would not be in the mood to work for the time being.

"It's fine. You can let me know if there's anything," Li Nanchen said.

He signed the document and handed it over to Qin Yang. Then, he took out his phone and looked towards the operating theater.

How long would he have to wait for the results?

Seeing that there was no one else around to make arrangements for Li Nanchen, Qin Yang could only order dinner for Li Nanchen before asking about Wu Mei's whereabouts.

It turned out that something had happened to the Wu family as well.

"You should go back to the company." Li Nanchen noticed that Qin Yang was at a loss. He was holding onto the document and standing rooted to the ground.

Besides waiting for the results, there was nothing else he could do.

Even if Qin Yang stayed behind, it would be useless.

"Alright, I'll return to the office first." Qin Yang carried the document and walked towards the lift. He then turned around and looked at Li Nanchen.

Li Nanchen stared at his phone for a while and then at the operating theater. His thoughts were very obvious.

He looked forward to seeing Wu Mei, but he was afraid that he would disturb her, so he could only endure it for now.

Qin Yang shook his head. After entering the lift, he took the initiative to dial Wu Mei's number.

The place where Wu Mei was located was also very noisy. She seemed to be handling a very troublesome matter.

After dealing with the neighbor who deliberately stopped her and refused to let her into the neighborhood, she then communicated with the police officer.

After settling Mother Wu down, she wanted to contact Li Nanchen but received a call from Qin Yang first.

“Is the Li Corporation in trouble?” Wu Mei could only link his call to the Li Corporation.

Qin Yang coughed awkwardly and said helplessly, “Ms. Wu, you may think that I’m a busybody, but I just arrived at the hospital to deliver a document to President Li and realized that Old Master Li’s condition is quite serious.”

“I don’t know the details either. I only heard that Mr. Li Zhuo had a secret meeting with Old Master Li and Old Master Li had a relapse after that.”

Wu Mei only knew that Old Master Li had been sent to the hospital, but she did not know what had happened.

She asked anxiously, “How’s the situation?”

Qin Yang told her the truth, “I only asked President Li to sign some documents outside the operating theater. President Li didn’t mention anything related to this. However, I’ve asked the medical staff and they said that the situation isn’t optimistic. It seems like there are signs of poisoning.”

When Wu Mei heard this, her first thought was that Li Zhuo had forced Old Master Li to take the poison.

Other than that, she couldn’t think of any other reason.

Li Nanchen is accompanying Old Master Li in the hospital. Should she return to the Li family villa to look for clues?

“I have to trouble Assistant Qin to help suppress this news. Whoever dares to spread this news, keep an eye on them.” Wu Mei believed that the people who would deliberately spread this news were definitely people arranged by Li Zhuo. After Qin Yang promised Wu Mei, he hung up.

Mother Wu sat next to Wu Mei the entire time. When she saw Wu Mei frowning and pondering, she could not help but hold her daughter’s hand.

## **Chapter 334: Thrown Down the Stairs**

'Wu Mei forced herself to snap out of it and smiled apologetically at Mother Wu.

"Mom, the Li family is in trouble. I want to go back and take a look."

Mother Wu comforted Wu Mei and asked gently, "Do you need Mommy to accompany you?"

If Wu Mei needed her, she could stay by her side.

'Wu Mei's heart ached slightly. Mother Wu wanted to be by her side because she was worried about her. She also wanted to be by Li Nanchen's side.

Mother Wu could tell what was on Wu Mei's mind. She sighed and tidied her hair.

"Me'er, if you're so worried about Nanchen, why are you unwilling to remarry?"

"I can tell that Nanchen really wants to remarry you as soon as possible."

'Wu Mei held Mother Wu's hand instead. "Mom, now is not the time to talk about this. I'll leave all the bodyguards at home to protect you. I'll go back to the Li family first."

Mother Wu looked at Wu Mei in astonishment and asked in bewilderment, "Shouldn't you go to the hospital first?"

'Wu Mei stood up and walked out while saying, "Mom, have you forgotten? There's still Lin Piaopiao at home. I believe she will be willing to tell the truth."

It was only then that Mother Wu realized that Lin Piaopiao did not seem to exist during the entire incident. She did not appear at all.

How is that possible?

When she thought of the crazy Lin Piaopiao, not only did she feel fear, but she also felt disgust and disdain. She muttered, "Hmph, I think Old Master Li's sudden relapse this time must have been caused by Lin Piaopiao. She still laid a hand on Old Master Li in the end."

However, they did not find any clues or evidence and Lin Piaopiao had escaped temporarily.

'Wu Mei's heart trembled slightly. After comforting Mother Wu, she hurried back to the Li Family.

She thought that Mother Wu was right.

This matter must be related to Lin Piaopiao, but Li Zhuo must also have done something.

When Wu Mei walked into the villa, she saw the butler and servants. They were in a sorry state and were cleaning the house.

They had changed into clean clothes, but they could not hide the wounds on their faces and wrists.

It's all caused by Li Zhuo.

But what can they do?

Just send Li Zhuo to the police station and lock him up for a few days?

In the end, Li Nanchen could only send them more subsidies to make up for the harm caused.

The butler turned around and saw a gloomy Wu Mei standing at the door. He quickly walked over and said, "Young Madam, the Old Master is already in the hospital."

"L know!" Wu Mei nodded and casually replied.

As she walked upstairs, the butler followed behind her and told her about what happened after they were sent back.

The butler had already tidied up the study room. Everything that had been touched had been preserved and could be used as evidence.

Surprised, Wu Mei stopped in her tracks and turned to look at the butler.

'The butler felt uncomfortable under her gaze and could only explain, "The Old Master is usually very careful too. I've been with the Old Master for many years and have learned a lot."

"I will arrange for someone to send it for testing." Wu Mei believed in the butler's ability.

This saved her some trouble.

She could interrogate Lin Piaopiao directly.

When the butler saw Wu Mei enter Lin Piaopiao's room, he felt that Wu Mei must have made a mistake.

Li Zhuo wanted to harm Old Master Li. Now that she was looking for evidence, there was no point in asking Lin Piaopiao.

Then, he heard Lin Piaopiao scream.

'Wu Mei was carrying Lin Piaopiao as if she was carrying a bag.

Lin Piaopiao's wig was also messed up, and her makeup was ruined. She desperately slapped Wu Mei's hand, trying to escape.

"Wu Mei, are you crazy? Grandpa Li's matter has nothing to do with me. I was so scared that I didn't dare to go out."

"If you dare to hurt me, I'll let Brother Nanchen deal with you."

She was still dreaming.

Did she think that Li Nanchen would hurt Wu Mei because of him?

This was too unbelievable. No matter how one thought about it, it was impossible.

Without a word, Wu Mei dragged Lin Piaopiao to the stairs and threw her down.

Lin Piaopiao screamed and fell down the stairs. When she fell on the last step, a thought suddenly popped up in her mind.

'Wu Mei was helping Mother Wu take revenge.

After she pushed Mother Wu down the stairs, she only apologized lightly and let the matter rest. This was enough to make Wu Mei hate her.

Lin Piaopiao struggled to get up. She gritted her teeth and looked at Wu Mei. "I was the one who pushed Auntie down the stairs, but so what? If the Li family wants to protect me, you can only bear with it."

"If [were you, I would know that in Brother Nanchen's heart, you are not important at all. I would have left the Li family a long time ago instead of shamelessly staying on."

'Wu Mei walked down the stairs step by step while Lin Piaopiao moved backward step by step.

Lin Piaopiao turned her head and saw the servants watching this scene with their mouths agape. She shouted frantically, "Quickly call the police and save me. Wu Mei is crazy. She wants to kill me."

Not only did the servants not help Lin Piaopiao, they even dispersed and pretended not to know anything.

They all trusted Wu Mei, and knew that she must have done this for a reason.

'Wu Mei grabbed Lin Piaopiao's collar and sneered, "Take a guess, can your father cure your hair?"

Lin Piaopiao looked at her abruptly. "How do you know?"

‘Wu Mei smiled disdainfully and flung Lin Piaopiao aside. “Before I interrogate you, I’ll tell you officially that your father’s laboratory is no longer in use due to funding issues.”

## **Chapter 335: Going Crazy and Telling the Truth**

**Editor:**Henyee Translations

Impossible. This is impossible.

This thought popped up in Lin Piaopiao’s mind before she was knocked unconscious by Wu Mei.

‘When she woke up again, she was already back in the basement.

The familiar chair, the familiar binding method.

Unfamiliar bodyguards stood on either side of her while Wu Mei sat opposite her and was answering her phone.

Lin Piaopiao tilted her head and looked at Wu Mei seriously. Suddenly, a wave of anxiety surged in her heart.

Wu Mei said that Dad didn’t carry out the experiment for me, didn’t she?

What about her hair?

“You’re awake?” Wu Mei said with a smile.

Lin Piaopiao was stunned by the question. She nodded her head in confusion and said blankly, “I am the person my father loves the most. He will definitely cure my hair.”

“Is there a problem with his funding? What’s the problem?” Lin Piaopiao muttered.

Just as Wu Mei was about to ask a question, Lin Piaopiao suddenly stretched her neck and stared at her.

“Wu Mei, why are you always so lucky? Why can you always escape?” Lin Piaopiao tilted her head and shook it gently.

“It should be you whose hair drops completely. Then, your scalp will slowly turn red, and spots will appear. As long as there’s a slight abrasion, a wound will appear. The wound will only fester and not heal.”

‘When the bodyguards heard Lin Piaopiao’s description, their expressions became complicated. They were even more disgusted.

Lin Piaopiao's description was too grotesque.

'Wu Mei stopped looking at her. She lowered her head and took out a bracelet. It was Lin Piaopiao's bracelet.

Lin Piaopiao's eyes widened when it appeared. She looked terrified. "How can it be in your hands? You can't use it against me. You can't."

'Wu Mei shook the bracelet and looked at Lin Piaopiao again. She said softly, "Don't be afraid. I'm different from you. I still have some humanity."

"won't use it against you. I'll just let you eat it."

"Whatever Grandpa Li becomes, you will become as well. In order to save you, Lin Liguo will definitely think of a way to treat you, right?"

'Wu Mei suddenly pretended to be surprised and said, "Look at my memory. It's really terrible. He refused to treat your hair, so why would he make the antidote?"

She handed the bracelet to the bodyguard and shot him a look.

Holding the bracelet expressionlessly, the bodyguard walked towards Lin Piaopiao.

Watching the bodyguard's actions, Lin Piaopiao shut her mouth tightly. She refused to eat that thing. However, when her chin was pinched, she screamed.

"I just bought some medicine casually. I wanted to scare Grandpa Li and make him feel unwell, so I could only listen to my father's arrangements."

"L like Brother Nanchen too much. I want to marry him as soon as possible."

"It's all Grandpa Li's fault. Why did he stop us? We are truly in love."

When Lin Piaopiao said the word "love", she immediately burst into tears and laughter. She even tilted her head and bit the bodyguard's finger.

'The bodyguard moved quickly and dodged.

Lin Piaopiao opened her mouth wide and struggled with all her might to get closer to Wu Mei. She tilted her head and smiled as she said, "I bought a lot of them. One by one, I put them in Grandpa Li's food every day. They melt the moment they touch water. You can't taste them."

"We sent it for testing." Wu Mei clenched her fists in anger, but in order to hear more truth, she had to endure it.

Lin Piaopiao seemed to have heard a joke. She raised her head and laughed out loud. "Testing? Hahaha, this can't be detected through testing. I spent a lot of money to buy it. You will never find out what it is."

"As long as Old Master Li dies, I can marry Li Nanchen. I will be able to marry him."

Suddenly, she struggled with all her might. The rope scratched her wrists and ankles until they were bleeding.

But Lin Piaopiao didn't care.

She shouted louder and louder until it became a howl.

Wu Mei took the bracelet from the bodyguards again and said to them, "Seal her mouth and tie her up tight. Don't let her escape."

"I'll find a way."

She kept the bracelet in her bag and quickly walked out of the basement to contact Li Nanchen.

Li Nanchen's voice sounded tired and she could tell that he was not clear about it. However, Wu Mei had no choice but to tell Li Nanchen about the information she had heard from Lin Piaopiao.

Just as Wu Mei was about to speak, she suddenly heard a "bang", followed by Lin Piaopiao's exaggerated laughter.

Li Nanchen asked in a low voice, "Mei'er, are you alright? What was that sound?"

"Lin Piaopiao seems to have really gone mad," said Wu Mei.

At that moment, Lin Piaopiao shouted her last sentence, "I can't hold on anymore. I want to take my medicine. I want to take my medicine."

Her mouth was sealed, and silence returned to the basement.

Wu Mei composed herself and told Li Nanchen what she had found out. She surmised, "I think it should be a new drug that Mo Li sold to Lin Piaopiao."

Developing this kind of drug required a lot of money.

Even Li Zhuo himself did not have enough funds to invest in this, much less hand it over to Lin Piaopiao.

She looked onto Li Nanchen.

"I'll go to the hospital first and help Bi Fang stabilize Grandpa's condition."

“Don’t worry, we’ll think of a way..”

## **Chapter 336: Thrown Out of the Operating Theater**

The hospital corridor was silent.

When Wu Mei arrived, she saw Li Nanchen resting his forehead in his hands. His eyes were closed and he was exhausted.

Her heart instantly ached. She strode over and opened her arms to hug Li Nanchen.

Li Nanchen opened his eyes dazedly. When he saw Wu Mei’s face clearly, he tilted his head and leaned into her embrace.

“Go and rest first. Let me keep watch here.” Wu Mei patted Li Nanchen’s shoulder gently and coaxed him.

Even if they stayed outside the operating theater, they could not help Old Master Li. They might as well rest well and wait for Old Master Li to be pushed out of the operating theater.

Li Nanchen shook his head and said, “I went to lie down for a while.”

However, he merely felt a strong sense of exhaustion, but he could not fall asleep at all.

His mind was filled with the image of Old Master Li when he was unconscious. This made him feel especially pained, yet he was unable to walk out of it.

‘Wu Mei’s heart ached as she stood opposite him. She held him in her arms, wanting to give him a sense of security.

Let’s not talk about what Lin Piaopiao had done for the time being. Let’s wait for the test results first.

She looked around and did not see Li Zhuo and his family. She could not help but narrow her eyes.

Old Master Li is still in the operating theater. Are they really not willing to continue pretending and just want to leave as soon as possible? They probably even want to use Old Master Li’s illness to influence the Li Corporation, right?

Just as Wu Mei was pondering over Li Zhuo’s possible thoughts, Li Nanchen had already let go of her. Instead, he held her wrist. “Go and rest first. When Grandfather

comes out, I'll call you."  
How could Wu Mei leave?

She sat beside Li Nanchen, her gaze landing on the operating theater. She asked softly, "Has Bi Fang come out? What did he say?"

Li Nanchen thought about what happened after Old Master Li was pushed into the operating room. He shook his head lightly and said "He and Lin Liguo are busy inside and haven't come out."

"It's just that Li Zhuo caused trouble on purpose so some medical staff came out to stop him."

But the outcome was not good.

'Wu Mei's eyes widened in shock. She sucked in a deep breath and her mind buzzed.

Crap!

If Lin Piaopiao can drug Old Master Li, Lin Liguo might also deal with Old Master Li.

Li Nanchen is too careless.

'Wu Mei did not have time to explain and immediately asked Li Nanchen to make arrangements for her to enter the operating theater.

Li Nanchen looked at Wu Mei in shock. He was aware of Wu Mei's abilities, but it did not mean that she could treat Old Master Li.

"Listen to me." Wu Mei pressed Li Nanchen's hand down.

She said urgently but coldly, "Right now, you need to listen to me."

Li Nanchen also sensed that Wu Mei might have thought of something important. Without hesitation, he immediately contacted the Hospital Director.

'Wu Mei went to make preparations and walked into the operating theater as quickly as possible.

In the operating theater, someone is actually making a commotion?

Lin Liguo placed his hands on his hips and pointed at Bi Fang. He had no intention of treating Old Master Li.

On the other hand, Bi Fang and another doctor were trying their best to deal with Old Master Li's condition. Their foreheads were covered in sweat, but it was very difficult to

concentrate with the commotion Lin Liguó was causing. However, they couldn't stop.

Resentment flashed across Wu Mei's eyes. She took a step forward and placed her hand on Lin Liguó's shoulder.

Lin Liguó turned around unhappily and shouted at Wu Mei, "Which department's nurse are you? How dare you touch me?"

He clearly did not recognize Wu Mei who was wearing a mask.

'Wu Mei moved quickly. When Lin Liguó was facing her, she swiftly kicked his knee.

Just as Lin Liguó was about to raise his head and scream, Wu Mei covered his mouth. He could not utter a single sound. He also had to swallow the pain he felt when his knees hit the ground.

At that moment, Lin Liguó realized that Wu Mei was not a nurse. But who is she?

'Wu Mei did not intend to introduce herself to Lin Liguó in the operating theater. Instead, she dealt him another blow and knocked him out.

'When Lin Liguó fell to the ground, his eyes widened in horror before shutting tight.

'Wu Mei grabbed Lin Liguó's collar forcefully, trying her best not to cause too much noise when he fell. This would affect the surgery progress.

She waved the medical staff, who walked over, off. She then dragged Lin Liguó out of the operating theater.

When Li Nanchen saw the unconscious Lin Liguó, his expression was indescribable, but he felt oddly relaxed.

'Wu Mei would not throw out Lin Liguó for no reason. Lin Liguó must have done something wrong.

"President Li?" When the bodyguard saw this scene, he was also very shocked, but he didn't know what to do next.

Li Nanchen rubbed his temples tiredly and sighed. "Just find a bench and send him there."

'Wu Mei would not really take Lin Liguó's life. She was just waiting for him to wake up.

'When Li Nanchen looked at the operating theater again, Wu Mei had already changed her clothes and entered the operating theater again.

This time, Wu Mei chose to stand beside Bi Fang. She handed Bi Fang the surgical tools and wiped his sweat from time to time.

Bi Fang didn't pay much attention to Wu Mei, who was beside him. Her whole heart was on Old Master Li..

## **Chapter 337: Successfully Ended**

Without Lin Liguo deliberately causing trouble, the process went much more smoothly.

After Bi Fang took care of everything, he lifted his hands. When he turned around, he realized that the medical staff beside him was Wu Mei.

The reason why Lin Liguo stopped shouting was probably because of Wu Mei.

Bi Fang smiled and said to Wu Mei smugly, "Look, I succeeded."

"This is the result of our cooperation."

'Wu Mei smiled and nodded. She didn't respond to Bi Fang. Instead, she sent Old Master Li out together with the other medical staff.

The moment Li Nanchen saw that the door to the operating room was opened, he quickly stood up and ran over to hold the armrest of the bed.

"We're sending the Old Master to the ICU," Bi Fang said to Li Nanchen.

Li Nanchen instinctively stiffened. He did not expect such a situation.

'Wu Mei looked worriedly at Li Nanchen, but still decided to follow Old Master Li and send him to the ward first.

'When the doctor who helped out saw Bi Fang and Wu Mei's serious expressions, he could only comfort them, "In the end, it still went very smoothly. After all, the Old Master is already very old and he was lying down a lot previously, so his body's functions are definitely not as good as that of young people. His recovery process will be very slow."

"The medical conditions are so good now. After he gets discharged, he should recuperate properly."

"Alright, thank you, Doctor," Wu Mei immediately expressed her gratitude to the doctor.

Bi Fang examined the equipment on Old Master Li's body before turning to Wu Mei and saying, "I will stay and help. Don't worry."

'Wu Mei wanted to say 'thank you' to Bifang, but when she opened her mouth, she was unable to say a single word.

She was too nervous.

Bi Fang sighed and walked forward to pat Wu Mei's shoulder. "Hurry up and go out to change and disinfect. As long as I'm around, Old Master Li will be fine. But the Li family is different."

'Wu Mei knew that Bi Fang was right. After taking a deep look at Old Master Li, she went out to change her clothes and disinfected herself before going to see Li Nanchen.

"Now's not visiting time. We need to wait a little longer," Wu Mei said to Li Nanchen.

Li Nanchen was no longer as tense as before. Even though Old Master Li was sent to the ICU, he was only there for observation and treatment, not for any other reason.

This was good news to him.

Li Nanchen opened his arms and gently hugged Wu Mei. He said gratefully, "Mef'er, thank you."

After Wu Mei rushed over and threw Lin Liguo out of the operating room, Old Master Li was also pushed out shortly after. How could Li Nanchen not understand?

Lin Liguo probably did not intend to treat Old Master Li, and had more likely been thinking of ways to destroy it.

'Wu Mei had great foresight.

Wu Mei denied Li Nanchen's guess. She hugged Li Nanchen's back with both hands and said seriously, "It's because Lin Piaopiao said that she drugged grandfather. She spent money to buy this medicine."

Li Nanchen instinctively shuddered. So Mother Wu's discovery was true.

TAfter that incident, they had replaced the servants who worked in the kitchen and tightened their watch, but it was too late.

I see.

Li Nanchen was so angry that he wanted to return to the Li family and drag the Lin father and daughter out. He wanted to teach them a lesson and make them pay the price.

'Wu Mei could feel Li Nanchen's emotions fluctuating, Not only did she not let go, she even hugged him tighter.

She was using her actions to comfort Li Nanchen's raging heart.

With Wu Mei comforting him, Li Nanchen's emotions finally calmed down. He lowered his head and rubbed his chin gently against her hair.

His feelings were indescribable.

It was all thanks to Wu Mei that the perilous situation was resolved.

He finally understood why Wu Mei had such a big reaction when she heard that Lin Ligu was in the operating theater.

Lin Piaopiao has been staying in the Li family. Because of her hair loss which affected her appearance, she had never walked out of the Li family home again.

Who helped Lin Piaopiao buy such a powerful medicine?

He could not think of anyone else other than those who had visited Lin Ligu.

'Wu Mei and Li Nanchen had never considered anyone else, nor did they think about Li Zhuo.

"Could it be that it has nothing to do with Li Zhuo?" Li Nanchen muttered.

'Wu Mei did not think so. Li Zhuo must have gone to visit Old Master Li with a scheme. As for what he did, they would only know when Old Master Li woke up.

Bi Fang walked out quickly and asked them to arrange for a nurse. They didn't have to stay in the hospital anymore. They just had to wait for the notice.

With Bi Fang staying behind, they could rest assured.

'When they walked out of the hospital, Wu Mei sent a message to Mother Wu to tell her that she was safe. Mother Wu replied very quickly.

It seemed like Mother Wu had been waiting for her.

She then saw Li Nanchen instructing the bodyguards to bring Lin Ligu back to the Li family. Only then did she know that Lin Ligu had run away immediately after waking up.

Lin Ligu was really a smart person. When he saw that the situation was not right, not only did he not stay to question the reason for driving him out of the operating theater, but he also chose to escape. Li Nanchen really admired him.

'When they returned to the Li family, they happened to see the furious Lin Ligu.

Li Nanchen sized up Lin Ligu and sneered, "Dr Lin, are you treating my Li family as your home?"

When Lin Ligu saw Wu Mei, he instinctively shrank back..

### **Chapter 338: Father and Daughter Refuse to Admit**

After Lin Ligu woke up, he guessed that the woman who threw him out of the operating room was Wu Mei.

He hated Wu Mei, but he was also very scared.

'Wu Mei was too ruthless. She kicked his knee and knocked him unconscious.

He had no strength to retaliate.

"Nanchen, as your elder, I don't want to make things difficult for you. But what about my daughter?" Lin Ligu's eyes were red and his face was full of sorrow. His tone was filled with pain as he complained to Li Nanchen.

The most interesting thing about him was that whenever he came face to face with Li Nanchen, he had to immediately mention his identity as an elder.

Perhaps it was because being able to become someone familiar with Li Nanchen was something very honorable.

'Wu Mei walked into the house and approached Lin Li with a gentle smile.

This smile scared Lin Ligu.

Lin Ligu stuttered as he shouted at her, "Hey, hey, Ms. Wu, don't go overboard. This is the Li family, not your Wu family."

"The Li family is hers," Li Nanchen said bluntly.

'When Lin Ligu heard Li Nanchen's words, he instantly roared angrily, "Li Nanchen, don't forget that you two are already divorced. She is not the Young Madam of the Li Family."

Li Nanchen was also very concerned about this matter. The better his relationship with Wu Mei, the more he didn't know how to bring up the matter of remarrying. He looked at Lin Ligu even more angrily.

'Wu Mei merely treated Lin Ligu as a clown. She took out a pen recorder and waved it in front of Lin Ligu, playing back everything that Lin Piaopiao had said.

Lin Ligu's face changed again and again until it was deathly pale.

Is his good daughter crazy? How can she admit it?

Once she admitted to it, it would be equivalent to fixing their crime.

With Li Nanchen's personality, he will send them to jail.

Lin Ligu straightened his back and said bluntly, "My daughter is sick. As long as you scare her, she will say what you want to hear."

"You must have scared my Piaopiao."

"What illness?" Wu Mei raised her eyebrows and asked.

Lin Ligu stammered and refused to say it out loud. However, Wu Mei waved the recording pen in her hand again. He stuttered, "My daughter is under too much mental pressure. She's taking medicine now."

Taking medicine?

'Wu Mei recalled that when she left the basement, she heard Lin Piaopiao shouting something about "taking medicine". So this was true.

'Wu Mei kept the pen recorder in her pocket in front of Lin Ligu. Pointing upstairs, she said, "Lin Piaopiao is upstairs. If you want to see her, just go and see her. Why are you shouting in the living room? You're losing your dignity as an elder."  
She threw everything that Lin Ligu had said back in his face.

The butler looked at Wu Mei in shock. He and the servants had watched Wu Mei take Lin Piaopiao away but she hadn't sent Lin Piaopiao back.

Did Wu Mei remember wrongly?

Lin Ligu immediately ran upstairs as he shouted "My Piaopiao". Unfortunately, he did not enter Lin Piaopiao's room.

He asked the butler for the key to the room but was rejected.

'The butler did not think that he had the right to open the guest room, even if Lin Ligu was Lin Piaopiao's father.

Lin Ligu was about to faint from anger. His intuition told him that he had to leave with Lin Piaopiao.

But how?

Lin Piaopiao shouldn't be in the room. Where can she be?

While Lin Liguó was at a loss, Li Nanchen had already gone to see Lin Piaopiao.

Lin Piaopiao's mouth was sealed. Her head was tilted to the side as she stared blankly ahead. When Li Nanchen appeared in front of her, her eyes lit up.

"Untie her," Li Nanchen said.

The bodyguard removed the cloth from Lin Piaopiao's mouth, allowing her to speak.

Lin Piaopiao stared blankly at Li Nanchen's face and giggled. "Brother Nanchen, you're here to pick me up."

Li Nanchen looked at her in disgust and asked coldly, "Where did you get your medicine from? Did Lin Liguó give it to you?"

"Brother Nanchen, I've waited so long for you. You're finally here," Lin Piaopiao said with a smile, but she was obviously in a trance.

Li Nanchen asked a few questions consecutively and received the same answer.

Lin Piaopiao simply said, "Brother Nanchen, let's get married."

Get married?

Li Nanchen only wanted to get the truth from Lin Piaopiao, but Lin Liguó refused to tell him and Lin Piaopiao was also crazy.

After they harmed Grandpa, he had to let them off just like that?

Li Nanchen couldn't get over this.

Where is the breakthrough in this whole matter?

When Li Nanchen left the basement, he was still thinking about this matter, but Wu Mei had already discovered something.

She zoomed in on the surveillance footage and watched as Lin Liguó dialed a number.

Lin Liguó must have memorized this number. After entering the first three numbers manually, he suddenly thought of something. He put his phone into his pocket and walked out quickly.

He stood outside the door and took out his phone again. However, he did not expect a camera to capture him.

‘Wu Mei clearly saw everything that Lin Liguó did. She crossed her arms and revealed a mocking smile.

Lin Liguó is much more foolish than she had imagined.

Lin Liguó was about to enter the number again when he received a call.

## **Chapter 339: Releasing Them**

This number belonged to a foreign country.

‘Wu Mei memorized the number at a glance and quickly sat in front of the computer to search for the source of the number.

The number came from a small country, but the number did not exist.

This was one of the more ordinary hacker techniques and could be easily achieved. The only thing that could be confirmed was that Lin Li had connections with a certain force outside the borders.

“That makes sense. The medicine in Lin Piaopiao’s hands shouldn’t be from China,” Wu Mei muttered.

Li Nanchen happened to walk into the study room and saw Wu Mei working on two computers. He frowned and asked, “What are you talking about?”

Wu Mei raised her head and looked at Li Nanchen’s face in all seriousness. “I believe that everything related to matters outside the borders has to do with Mo Li.”

Li Nanchen suddenly stopped in his tracks. His expression was solemn and his gaze was dark.

Did Mo Li plot against Old Master Li?

‘Wu Mei threw up her hands. “But there’s no proof,” she said wearily. “But Lin Liguó is outside right now and on the phone. If only we could hear him.”

Li Nanchen sat behind Wu Mei and placed one hand on the back of the chair. He looked at the screen and asked in a low voice, “Can you find the source of the number?”

“The location is set up randomly. I can’t track any more information.” Wu Mef’s tone was very calm.

She was about to faint from anger. After calming down, she couldn’t be bothered to continue being angry.

Reason being that there was no need to continue getting angry. It was better to think of ways to deal with Lin Ligu and Lin Piaopiao.

Li Nanchen seriously considered it and leaned down to whisper a few words into her ear.

‘Wu Mei was clearly in disagreement. She quickly turned around to face Li Nanchen and rebutted, “Li Zhuo’s family of three has already left. If we let them go, wouldn’t that be...”

She was unwilling.

Old Master Li was still in the hospital. How could she not demand an explanation from them?

She could definitely dig out useful information from Lin Piaopiao’s mouth.

Li Nanchen pinched Wu Mef’s chin, forcing her to face him.

‘When their eyes met, angry sparks were still burning in her dark eyes.

“Hate them too, but there’s nothing we can do for now. What if Lin Ligu can really contact Mo Li? We can’t let go of such a possibility.” Li Nanchen pressed on Wu Mei’s shoulder, hoping that she could calm down and listen to him first.

“The Lin father and daughter are easy to control. Besides...”

Besides, what is the point of Lin Piaopiao admitting it?

Li Nanchen realized that Lin Piaopiao’s mental state was not right. If Lin Ligu brought Lin Piaopiao away and performed an assessment on her mental condition, it would mean that the Li family would have to suffer in silence.

Lin Ligu could even completely absolve himself of buying the medicine.

As for Li Zhuo.

Li Nanchen really wanted to teach them a lesson, but in the end, he knew that it wouldn’t work.

Because Old Master Li was still alive.

As long as Old Master Li was alive, he could only marginalize Li Zhuo’s family of three.

Li Nanchen could understand the Old Master's feelings, but it did restrict his actions.

Hearing Li Nanchen's decision, Wu Mei suddenly hugged Li Nanchen's waist.

Li Nanchen was shocked. When he hugged Wu Mei back, he said hesitantly, "If you're really unwilling..."

"Mr. Li, you've suffered," Wu Mei comforted Li Nanchen.

"I'll follow your arrangements, but I won't let them off either."

Li Nanchen's heart warmed and he said softly, "Okay." He was very grateful that Wu Mei chose to stay by his side when he was most helpless and sad.

In the end, Li Nanchen sent Lin Piaopiao back to her room and instructed the servants to help her clean up.

After hanging up the phone, Lin Ligu took a deep breath and knocked on the door of the Li family villa again.

He was cursing Li Zhuo in his heart.

In order not to be discovered, Li Zhuo specially used a foreign number to contact him.

The outcome of their phone call infuriated him.

Li Zhuo had accused Lin Piaopiao of being useless and unreliable the whole time. However, Li Zhuo was also a failure.

Lin Ligu was furious, but he had no choice but to tolerate it. He had to contact Mo Li through Li Zhuo and come up with a solution to treat Lin Piaopiao.

Not just for her hair, but also for her mental health.

The moment Lin Ligu walked in, he saw a servant carrying a tray and preparing to go upstairs.

He immediately stopped her and said, "Who's this for? Let me take a look."

He really treated himself as part of the Li Family.

A look of disgust appeared on the servant's face. She then lowered her head and hid her expression well. In a low voice, she said, "Ms. Lin is hungry and wants to eat something."

Lin Ligu was shocked. "What nonsense are you talking about? She's not in the room at all."

The servant was startled and took half a step back. She explained while trembling in fear, "Ms. Lin came down personally to say that she wanted to eat. That's why I went to prepare it."

Lin Ligu was confused. He did not know what was going on.

When he knocked on the door of the guest room previously, Lin Piaopiao did not respond. However, when he went out to answer Li Zhuo's call, Lin Piaopiao went downstairs again?

Lin Ligu did not believe it.

'When he came to Lin Piaopiao's room again, he found Lin Piaopiao curled up at the head of the bed, scattering the pills in the bottle all over the place. She then poured out another bottle of medicine and was about to stuff the pills into her mouth..

Chapter 340: Must Leave

When Lin Ligu saw this, he immediately roared and pounced towards Lin Piaopiao.

Lin Piaopiao was faster than Lin Ligu. She quickly dodged and threw the bottle of medicine at Lin Ligu.

Lin Ligu waved his hands frantically and anxiously tried to coax Lin Piaopiao, "Child, let's talk it out. Don't do anything foolish."

The Lin Piaopiao before him could be said to be clean and tidy.

Although more than half of her hair was gone, the remaining part was washed clean. However, red spots could be seen on her scalp.

The corner of Lin Piaopiao's lips showed signs of festering. However, he did not think that it was because Lin Piaopiao had been interrogated by Wu Mei and Li Nanchen. Instead, he thought that Lin Piaopiao's medicine had side effects.

"I need to take my medicine. After I eat it, I'll be normal." Lin Piaopiao glared at Lin Ligu and tilted her head as she said this.

Lin Ligu panicked. His first thought was not to bring Lin Piaopiao to see a doctor, but to cover up the fact that Lin Piaopiao was sick.

He immediately said to the servant beside him, "Hurry up and go out. What are you looking at?"

The servant had long been scared out of their wits by Lin Piaopiao's condition and wanted to leave.

After hearing Lin Ligu's command, she quickly placed the plate on the table and ran out.

Lin Piaopiao took a deep breath and gulped. She crawled over on all fours and picked up a big bowl. She smiled and said, "Wow, it smells so good. It's my favorite."

Lin Ligu was frightened by Lin Piaopiao's actions. He quickly reached out to stop her, but she slapped his hand away.

"Daughter, calm down. This porridge is too hot. You can't drink it." Lin Ligu was anxious, but he was afraid of scaring Lin Piaopiao, so he didn't dare to speak loudly.

Lin Piaopiao waved at Lin Ligu and said mysteriously, "You don't have to coax me. I know what you're thinking."

"Think about it. If something happens to me, you'll lose a money tree."

Lin Ligu was so angry that he almost fainted. He had done all he could for Lin Piaopiao, but was she questioning him in the end?

However, Lin Piaopiao didn't seem to sense the heat at all and started eating ravenously. Seeing this, Lin Ligu cast all his anger aside and could only try his best to help Lin Piaopiao blow the steam off the food.

Li Nanchen and Wu Mei witnessed this scene.

When Wu Mei saw this, she asked Li Nanchen, who was beside her, in surprise, "Nanchen, do you think she's really crazy now, or is she pretending?"

They could not underestimate Lin Piaopiao.

Lin Piaopiao might use her illness as an excuse to play the fool to escape the law.

Li Nanchen was also in a terrible mood. He could not tell Lin Piaopiao's true condition and only knew that he was extremely annoyed.

"Dr. Lin!" Wu Mei spoke first.

When Lin Piaopiao heard Wu Mei's voice, she merely raised her eyelids and couldn't be bothered to pay attention to her.

“What are you shouting for?” Lin Liguó was in a pique of anger and was not polite to Wu Mei.

Wu Mei sneered and said, “No matter what, I’m still Mr. Li’s ex-wife. It’s reasonable for me to come to the Li family to help, but your daughter is sick. It’s not suitable for the Li family to be feeding her.”

Lin Piaopiao’s surname was Lin, not Li.

Lin Liguó was furious. Just as he was about to shout out that Lin Piaopiao would be Li Nanchen’s wife in the future, he noticed that Wu Mei had raised her hands and gently clasped them.

It was a simple action.

Yet, Lin Liguó was so frightened that he did not dare to speak. He only said gloomily, “Even... Even then, she had an accident in the Li family. Shouldn’t the Li family be responsible for it?”

His eyes lit up, thinking this was a good idea.

In the future, Lin Piaopiao could stay in the Li family, and there would be many opportunities for her to get close to Li Nanchen.

How could Li Nanchen give Lin Liguó this chance?

He laughed coldly and said, “Okay, then let’s get the doctor to do a psychiatric evaluation on Ms. Lin and check her actual condition. The Li family will pay to send her to the mental hospital.”

How could Lin Liguó let Lin Piaopiao be sent to that godforsaken place?

He quickly stood in front of Lin Piaopiao and shouted, “Don’t you dare.”

“Guards!” Li Nanchen clapped.

A few bodyguards barged into the room, preparing to take out Lin Piaopiao’s things.

“No, no, you can’t do that,” Lin Liguó shouted anxiously.

He seemed to have forgotten that he was not a member of the Li family, yet he wanted to take over everything.

Holding her chopsticks, Lin Piaopiao looked at Lin Liguó and laughed out loud.

She clapped her hands again and turned to pick up the small mirror. She pointed it at her face and muttered, "My illness is much better than before. I should be fully recovered soon."

Such a Lin Piaopiao was quite scary.

Lin Piaopiao's belongings were all sent out.

Lin Liguo was also held up by the bodyguards and dragged outside. No matter how much he struggled, he could not win against the strength of the bodyguards. He could only continuously kick his legs and try his best to resist.

Lin Piaopiao had no intention of resisting. After taking her hat and mirror, she walked outside.

She was still humming as she walked past Wu Mei. "I'm going to find Brother Nanchen."

If this is an act, she's acting really dumb, isn't she?

Wu Mei followed behind them, but she kept a careful distance and coldly watched the father and daughter being sent to the stairs..
