

After Divorcing, She Shocked the World

Chapter 351: Must Leave

Old Master Li was already showing signs of improvement. To Li Zhuo, this was a bolt out of the blue. This was what he was most afraid of. However, Li Yanghong was very calm and took the opportunity to remind him of something very important.

Li Zhuo was Old Master Li's biological son.

No matter how much the Old Master hated him, he would still take Li Dongjue into consideration. However, he had to give up an important witness. Who was the important witness?

Lin Ligu, of course.

Lin Ligu had gotten the new drug from him and secretly harmed Old Master Li through Lin Piaopiao.

Who could guarantee that Lin Ligu would not betray him?

"He won't. He knows the seriousness of the matter." Li Zhuo was packing his luggage, clearly making plans in advance.

Li Yanghong was right. Old Master Li would not pursue the matter, but Li Nanchen would.

The person Li Zhuo was wary of was not Old Master Li.

Li Yanghong sneered. "Why wouldn't he? I heard Li Nanchen mention that if the Old Master wakes up, Lin Ligu will be useless."

"With Dr. Bi around to treat the Old Master, there's no need to keep an eyesore around, right?"

Li Zhuo froze. He had clearly forgotten about this important matter.

Bi Fang was too good.

But this kid did not socialize. He was very careful and cautious. It was almost impossible for him to take action on him.

“Lin Liguu will betray you for his future.” Li Yanghong reminded Li Zhuo before leaving.

He received another call from Wu Yi. He promised to arrange for Wu Yi to join the Wu Corporation.

Li Zhuo did not know that Li Yanghong had other plans. After careful consideration, he finally made a decision.

He looked at the medicine bottle on the side and silently picked it up.

He could let Lin Liguu have a taste of what Old Master Li had eaten back then.

As for Lin Piaopiao

She’s already crazy, isn’t she?

Li Zhuo’s scheme was very good. He spent money to hire a killer to infiltrate the mental hospital where he successfully met Lin Liguu and put the new drug into Lin Liguu’s cup. Lin Liguu was sent to the same hospital as Old Master Li that night due to poisoning. His condition was identical to Old Master Li’s.

“Who did it?” Wu Mei had just visited Old Master Li when she heard about this. She was shocked.

Bi Fang lowered his voice and said, “He consumed too much of the drug. Even if he was saved, he would still be in a vegetative state.”

“If we want to know the truth, we can only investigate...”
The door to the ward opened and the butler invited them in to talk.

Wu Mei and Bi Fang looked at each other before entering the ward.

When Wu Mei walked to the bed, she comforted Old Master Li and said, “Grandpa, don’t worry. Nanchen is on his way here.”

Old Master Li suddenly grabbed Wu Mei’s hand and said weakly, “It’s Li Zhuo. Call the police. It’s Li Zhuo.”

He would not let Li Zhuo off any longer.

Otherwise, the entire Li family would be finished.

Wu Mei and Bi Fang exchanged glances. While contacting Li Nanchen, they also contacted the police.

With Old Master Li testifying and the cause of Lin Liguó's death in their faces, even if they couldn't find any evidence, they had to get Li Zhuo arrested.

Li Yanghong went along with Li Zhuo's arrangement and went to the hospital to visit Old Master Li, who had just woken up. When he happened to hear this, his expression immediately changed and he informed Li Zhuo.

He said in a low voice, "The Old Master has made up his mind this time to deal with you. You must leave."

Li Zhuo's voice trembled in disbelief as he said, "You're lying to me."

Li Yanghong avoided Li Nanchen, who was walking out of the elevator. After seeing Li Nanchen leave, he lowered his voice and said, "I have a recording. Do you want to listen to it?"

This was the evidence.

After all, Li Zhuo was someone who had done big things. He was ruthless and decisive.

Since Old Master Li wanted to call the police to arrest him, he had to leave.

After Li Zhuo hung up, he immediately called Sheng Hongfei and Li Do. All of them had to leave.

Li Dongjue had already expected this day to come. Li Zhuo had always thought that he was well-prepared, but there were actually many loopholes.

Most importantly, Li Zhuo was not ruthless enough such that Old Master Li survived.

'When the father and son were about to get into the car, they noticed that Sheng Hongfei was looking at the house with red eyes.

They can't be able to come back in the future, can they?

"Let's go!" Li Zhuo grabbed Sheng Hongfei's hand and shoved her into the car.

Sheng Hongfei wiped her tears and said angrily, "Where can we go? Are we going back to the branch company? Won't we be walking right into their trap?"

Li Zhuo hung up and sneered. "Who said we're going back to the branch company? Someone has already made arrangements for us."

“Let’s leave first and find a chance to deal with the Old Master. As long as the Old Master passes away, we still have a chance to fight with Li Nanchen.”
The Li Corporation has to be his.

Sheng Hongfei angrily turned her head and looked out of the car window, unwilling to bother with her impulsive husband.

The car started.

Sheng Hongfei suddenly screamed and pointed outside the window. She shouted at Li Dongjue, who was in charge of driving, “Son, quick! Dodge!”

Dodge what?

When Li Dongjue raised his head and looked ahead, it was already too late.

An oil tank car sped over. It had a clear target and crashed into them without hesitation.

The car exploded with a boom.

In the blink of an eye, the two cars were engulfed in flames. It was impossible to rescue the people inside.

Li Zhuo actually died in an accident?

‘When Li Yanghong arrived at the scene, he saw a strong man with blond hair and blue eyes standing not far away. He turned around and fled..

Chapter 352: Nothing Left

Li Yanghong remembered Li Zhuo mentioning that he had made a deal with Mo Li.

Who was Mo Li?

She was a foreigner who had invested in the Wu Corporation and was wanted for drug trafficking.

Li Zhuo must have asked Mo Li for help and got killed.

That must be it.

Li Yanghong was quite perceptive. He ran for a long distance and hailed a taxi to get to the Li Corporation to hide.

He thought that foreigners would never have the guts to deal with him in the corporation.

The taxi driver suddenly asked, "Li Yanghong, did you think that it would be safe if you hid in the Li Corporation?"

Li Yanghong raised his head abruptly and looked at him. He asked, "What are you talking about?"

The driver sneered and stopped the car at the side. He took off his hat and revealed his dazzling blond hair.

Li Yanghong quickly turned around and tried to open the door, but the door was locked and he could not get out.

Li Yanghong turned around and said with a trembling voice, "I'm a member of the Li Family. You can't act recklessly."

This was a society governed by law.

He would call the police.

But it was too late.

The chauffeur took out a syringe and placed it on Li Yanghong's neck. He quickly injected the drug and pulled out the syringe.

Li Yanghong covered his neck and trembled in fear, but he couldn't utter a word.

The chauffeur sneered and said, "Li Yanghong, don't worry. Madam Mo Li said that from today onwards, you'll be the test subject of our organization. We'll be putting you under observation."

Test subject?

Observation?

Li Yanghong started to tremble non-stop. His eyes rolled to the back of his head and he fainted within the shortest time possible.

The driver put on his cap and drove the taxi. He left Li Yanghong outside the Li Corporation and left coolly.

'When the security guard discovered Li Yanghong, he immediately informed Li Nanchen. However, when Li Nanchen rushed over, all he saw was the crazy Li Yanghong.

Everything had happened too quickly.

In just a day.

First, Lin Liguang was poisoned to death.

Then, Li Zhuo got into a car accident and his entire family died in a fire.

Li Yanghong was thrown at the entrance of the company and became deranged.

'When all these events were put together, it was no longer a coincidence. It was the other party clearing its tools.

"Very good, Mo Li!" Li Nanchen gritted his teeth. He was furious, but he had no leads on Mo Li.

Mo Li was targeting all the members of the Li Family. He felt that this was an official declaration of war, and he definitely could not let her off easily.

Li Nanchen turned his head and said to Qin Yang, "Send Li Yanghong to the hospital for a checkup first before informing his family."

"I'll go to the hospital to accompany Grandpa after I'm done at the company."

Not only did Qin Yang send Li Yanghong to the hospital, he even went to inform Wu Mei personally.

When Wu Mei heard about this, she was rather shocked, but she chose to keep it a secret from Old Master Li.

Old Master Li had just woken up and could not be agitated.

After all, it was acceptable for Li Zhuo to be sent to the police station, but to be blown up.

'Wu Mei's complexion was not very good. After Bi Fang examined Li Yanghong, they found out that Li Yanghong had been injected with an unknown drug and had temporarily lost his sanity. He needed systematic treatment.

Treatment?

'Wu Mei raised her eyebrows. "Drugs. It's all drugs."

She thought of the same person as Li Nanchen.

Mo Li made arrangements for everything and cleaned up all the people who would expose her, right?

“Li Yanghong’s family will handle his affairs. We don’t have to interfere.” Wu Mei did not know what role Li Yanghong played in this, but for Mo Li to make a move on Li Yanghong, he was not a good person either.

‘When Wu Mei turned around, she thought she saw Wu Yi, but she was gone in the blink of an eye.

Is she missing Wu Yi?

‘Wu Mei thought that she might be hallucinating because she was too tired.

In actuality, Wu Yi heard that Li Yanghong had been admitted to the hospital and specially came to visit him.

In the end?

‘Wu Yi did not expect that Wu Mei would also be in the hospital and that she would overhear the conversation between Bi Fang and Wu Mei. She quickly asked the doctor about Li Hongyang and knew that Bi Fang’s words were true.

It was unlikely that Li Hongyang would return to normal.

Her hopes were completely dashed.

‘Wu Yi left the hospital in a daze, not knowing where to go. She stumbled to the main door of the Wu Corporation.

She looked up at the familiar place and suddenly bolted over like crazy, but was stopped by the security guards.

“I want to meet Wu Mei’s mother. I want to meet her,” Wu Yi shouted.

“I know she’s in the company. I want to take back everything that belongs to me.”

Not only did the security guards not take Wu Yi seriously, they even called the police and asked them to take her away.

‘When Yang Shan arrived at the police station, Wu Yi hugged her and cried.

“Mom, Lin Liguang is dead and Li Hongyang is crazy.”

“No one can help us anymore. We have nothing left.”

Yang Shan hurriedly comforted Wu Yi and said in a low voice, "You know Li Nanchen's uncle, Li Zhuo, right? We can rely on him first..."

'Wu Yi suddenly cried even louder. "Mom, he's dead. They're all useless now."

Yang Shan's face turned pale. She immediately sprang up and shouted. She was furious, but what could she do?

The mother-daughter pair could only helplessly vent their unhappiness, but they could not find a solution.

Go beg Wu Mei?

Stop dreaming.

'Wu Mei was enjoying their predicament. She would never help them.

Feeling only despair, the mother and daughter hugged each other and cried loudly.

Would they have to live in that small house in the future?

Chapter 353: Dangerous Person

The Li family was in a mess.

'Wu Mei helped Li Nanchen settle all the problems. But fortunately, they were all easily resolved.

They buried Li Zhuo's family of three together. As Old Master Li was downcast, he listened to Bi Fang's suggestion and chose a nursing home to recuperate in.

'Wu Mei accompanied Li Nanchen to help Old Master Li settle down before returning to the Wu Corporation.

'When the security guard saw Wu Mei, he wanted to mention Wu Yi, but Wu Mei left too quickly and he didn't make it in time.

Actually, it's not a big deal, right?

Everyone in the corporation knew that Wu Pang was in prison and that Yang Shan and Wu Yi had lost their livelihoods.

The company belonged to Mother Wu and would belong to Wu Mei in the future.

The security guard returned to his post and completely forgot about Wu Yi.

‘Wu Mei accompanied Mother Wu in the office. Mother Wu was no longer as submissive as before. She had a new look.

Mother Wu would do her best for her daughter.

“Mom, you’ve worked hard.” Wu Mei smiled and moved to Mother Wu’s side.

Mother Wu patted Wu Mei’s hand and said with heartache, “You’re the one who’s really having a hard time. However, the Li Family’s matters have already been settled.

Everything will return to normal in the future.”

“Yeah! That’s right!” Wu Mei had confidence in the future.

She could focus on investigating the cause of death in her previous life and find out the truth behind M’s accident.

Mother Wu coughed lightly. “When are you planning to remarry Nanchen?”

‘Wu Mei blushed and grumbled, “Don’t rush us. We know what to do.”

Mother Wu pushed Wu Mei’s hand away unhappily. She tapped Wu Mei’s forehead and said, “You are the most insensible.”

‘Wu Mei quickly hugged Mother Wu and said coquettishly, “Mom, I want to remarry. I just want to wait a little longer. Mom, don’t worry...”

She would be together with Li Nanchen.

Mother Wu had no choice but to compromise.

‘Wu Mei’s phone rang. The name displayed was Ben.

Mother Wu would not ask about Wu Mei’s work. She asked Wu Mei to answer the call as she had to continue with her work.

‘When Wu Mei heard Ben’s work arrangement, she felt that it was extremely unbelievable. She asked in surprise, “Ben, do you mean that I’m no longer suspended and can be reinstated?”

Ben fell silent.

‘Wu Mei’s lips curled up into a cold smile. She found it especially ridiculous.

Ben wanted her to contribute, and he would take the credit?

‘Wu Mei never knew that the Ben she taught had so many tricks up his sleeve. She had really misjudged him.

It’s impossible for a person’s true personality to change suddenly.

Perhaps this is the real Ben.

Ben was furious. He gritted his teeth and said, "Wu Mei, this is an order."

"[need to be reinstated before I accept the mission. Although you are my mentor, I will definitely not violate the rules," Wu Mei replied with a sneer.

Ben was furious and said angrily, "Wu Mei, this isn't the first time you've broken the rules."

'Wu Mei pretended to be surprised and asked, "Are you planning to make me violate them again? I will be fired."

Ben fell silent. After a long pause, he said, "Alright, I'll make the arrangements. I'll give you the information first. He has something extremely dangerous in his hands. We need to get it."

"After you receive the order, we will work together and get the thing out."

"alright!" Wu Mei agreed readily.

Ben quickly sent the information to her. When she saw the contents, her eyes instantly widened.

She did not continue standing in the corridor. She turned around and walked into her office, closing the door behind her.

The person on the information was called John. He had a box in his hands that was considered a dangerous item. They had to get it and destroy it.

"Black box," Wu Mei muttered as she looked at the picture.

So Ben was looking for this thing.

'When Wu Mei realized that John had been hiding in the security department of the Wu Corporation, she realized why Ben had arranged for her to approach him secretly. This is ridiculous.

John has been right under my nose.

It was impossible for Wu Mei to wait for further news from Ben. She took the initiative to find John.

John had just left the office because of the shift change.

'Wu Mei was furious, thinking that it was all because of Ben.

If Ben had informed her earlier, she could have successfully cornered John.

The security chief obtained John's address as per Wu Mei's request.

'Wu Mei drove to chase after John, but she was still a step behind him.

In this district, there was a hostel.

It was where John lived.

He really hid himself well.

'Wu Mei calmed herself down , preparing herself to find John, show her sincerity, reveal her identity, gain his trust, and get the black box.

Who knew that someone would be faster than her.

'When Wu Mei arrived outside John's room, she found it in chaos.

It was obvious that someone had searched for it. There were still traces of blood on the ground.

'Wu Mei's face turned pale. It seemed that someone had found John faster than her and successfully kidnapped him and took away the black box.

'When Ben contacted her, the deployment notice had been sent to her to check and accept.

They would capture the dangerous target together.

"He's been taken away, and his residence has been ransacked. It looks like the person was looking for something," said Wu Mei quickly.

Ben growled angrily. "What are you talking about? You..."

'Wu Mei shouted sternly, "Ben, isn't this your fault? You know that he's a dangerous person.. Why didn't you arrange for your team members to monitor and tail him in advance?"

Chapter 354: Trust Me

It was Ben's mistake, of course.

John was his mission. Out of selfishness, he was not willing to give Wu Mei another chance to make a contribution.

Why was that?

Because Wu Mei and M were too similar.

Ben always had the illusion that he would be replaced by Wu Mei, which made him very uneasy.

All the reasons that made him uneasy had to be dealt with.

‘Wu Mei walked out of the apartment and saw the police officers rushing off to investigate. Due to her special identity, she was spared from trouble and directly returned to the Li family villa.

The villa was really too quiet.

‘Wu Mei walked to the living room and quietly looked out of the dimly-lit window. She couldn’t help but feel exhausted.

She was only one step away from the truth, but she was still too late.

Suddenly, someone hugged her from behind.

‘Wu Mei instinctively stiffened, but the familiar aura calmed her down instantly.

She slowly turned around and hugged Li Nanchen. In a soft voice, she said, “I’ve been reinstated. I can accept missions in the future.”

Needless to say, Li Nanchen did not want Wu Mei to take the risk, but he still chose to support her decision.

But

“Your emotions aren’t quite right.” Li Nanchen could sense Wu Mei’s dejection.

‘Wu Mei mumbled and told Li Nanchen everything that had happened. In a low voice, she said, “I also don’t know who captured the mission target. It’s just terrible.”

Li Nanchen comforted her, his hands slowly rubbing her arms to give her sufficient warmth. “Let’s eat something first. How about it?”

“Alright!” Wu Mei nodded.

Li Nanchen turned on the lights in the living room and asked the servants to prepare supper for them.

‘Wu Mei remained in Li Nanchen’s embrace the entire time, enjoying the rare moment of silence. However, a call broke the silence.

It was Mo Li.

'Wu Mei was extremely shocked.

In disbelief, she turned to look at Li Nanchen and waved her phone. "Look, it's a call from overseas."

From overseas?

Mo Li!

Li Nanchen quickly sat up straight, but still kept his body close to Wu Mei. He said softly, "Answer the call."

'When Wu Mei picked up the call, she also pressed the recording button.

She wanted to record everything that Mo Li said just in case.

Mo Li answered calmly, "Wu Mei, your mission target is in my hands. I also have what Ben wants."

"How about that? Let's meet privately."

'Wu Mei did not hesitate to reject her. "Of course not. This is Ben's mission, not mine."

Mo Li was obviously infuriated. She sneered and said, "Wu Mei, it's your mission now too."

The notice Wu Mei received was for her to handle this matter with Ben.

She could not avoid it.

'Wu Mei also wanted to get her hands on the black box, but she would not let Mo Li have a handle over her.

She said indifferently, "Alright, in that case you can try your best to get the organization to suspend me again. I'll wait for your good news."

Mo Li was flustered and exasperated, but there was nothing she could do about it. She could only threaten Wu Mei, but Wu Mei ended the call.

When Mo Li called again, Wu Mei refused to answer.

'Wu Mei tossed her phone aside. When she turned to look at Li Nanchen, she lightly pursed her lips.

What should she say to Li Nanchen?

She leaned lightly into Li Nanchen's embrace and said gloomily, "You know that I have to go."

Of course, Li Nanchen understood what Wu Mei meant. She was just trying to confuse Mo Li. He hugged her waist and asked, "What do you think?"

Wu Mei thought seriously for a moment and said softly, "She will call again. I will track her exact location and make a move in advance."

She looked up at Li Nanchen. "Will you blame me?"

Li Nanchen was astonished and asked at the same time, "Why?"

That's right!

Why?

This wasn't Wu Mei's job alone.

Wu Mei quickly burrowed into Li Nanchen's embrace. She wanted to tell Li Nanchen the truth, but she was afraid that Li Nanchen would misunderstand. She could only say, "After I settle everything, whether you believe me or not, I will tell you."

"If you're willing to believe me, let's... remarry."

She abruptly lifted her head and looked at Li Nanchen with determination.

Li Nanchen's heart trembled slightly. His brows were knitted together as he asked unhappily, "Do you think that if you didn't mention remarrying, I wouldn't believe you?"

Wu Mei's eyes stung slightly. Without hesitation, she kissed Li Nanchen and said aggrievedly, "Because even I can't trust my current self."

"But I want to get something from Mo Li. I can't let it fall into Ben's hands."

Right now, she felt that Ben was more suspicious than K.

Because after M's death, K's personality and way of doing things had not changed at all, but Ben seemed to have become another person. He was scheming and wanted to turn to the power struggle.

If M was alive, Ben had to be active at the front line.

Only when M died would he have a chance.

Li Nanchen felt Wu Mei's uneasiness and anger. Finally, he sighed and held her in his arms. "I will believe whatever you say."

"If you want to find Mo Li earlier than Ben, you must have a foolproof plan."

This included the most important section of who would provide support to Wu Mei.

'Wu Mei's heart warmed. She immediately hugged Li Nanchen and kissed him hard.

Li Nanchen gently caressed Wu Mei's back, wanting her to relax.

After supper, he might have to "eat" something again...

Chapter 355: Using a Kiss to Soothe One's Uneasiness

Li Nanchen felt Wu Mei's uneasiness. When they stumbled into the room, Wu Mei was still trembling.

He gently pushed away Wu Mei who was kissing him and looked at her worriedly.

"Mei'er, what are you afraid of?"

'Wu Mei did not know what she was afraid of. Perhaps it was because the closer she was to the truth, the more uneasy she felt.

"I was thinking that I must catch Mo Li," said Wu Mei.

Li Nanchen's face turned green and he kissed Wu Mei forcefully. "You're in my arms and you're thinking about a woman?"

He only said that because he hoped Wu Mei would be in a better mood.

'Wu Mei's face turned slightly red. She buried herself in Li Nanchen's embrace and said in a muffled voice, "You've misunderstood me."

Li Nanchen furiously carried Wu Mei and collapsed onto the bed with her.

'Wu Mei groaned under his weight, but she tightly hugged Li Nanchen's waist.

She did not know where this uneasiness came from. Perhaps it was because.

She was too excited...?

Li Nanchen sighed and sat up. He said resignedly, "Rest well today. We'll wait for Mo Li to contact us again."

"I'll go to the bathroom first."

'Wu Mei quickly hugged Li Nanchen's waist and said in a quavering voice, "Nanchen, don't go."

She hoped that Li Nanchen could accompany her.

What else could Li Nanchen do?

He could only give up on his previous idea. He turned around and hugged Wu Mei before gently kissing her again, doing his best to calm her down.

‘Wu Mei also gradually calmed down, but at the same time, she felt that she was being ridiculous.

She had never stopped investigating Mo Li. Now that Mo Li had appeared before her, what was there to be afraid of?

Attack.

Snatch the black box back.

After finding out the truth and avenging herself, she would then use a ring to restrain Li Nanchen.

‘Wu Mei’s heart leapt with joy, thinking that this was a good idea.

She wanted to lock Li Nanchen firmly by her side and not let him go anywhere.

Li Nanchen could feel Wu Mei relaxing and her genuine enthusiasm. He could not help but laugh out loud. He casually removed Wu Mei’s outerwear and threw it aside. How could Wu Mei be willing to appear weak? She tugged on Li Nanchen’s shirt fervently, causing the buttons to pop.

Their movements became more and more intense. They wanted nothing more than to rip each other apart and never separate from each other.

When Li Nanchen entered Wu Mei’s body, Wu Mei instinctively arched her back and accepted him without reservation.

Too fast.

She wanted to cry.

“Nanchen, I think I love you.” Wu Mei couldn’t help but shout.

Li Nanchen froze. Then, he bit on the corner of Wu Mei’s lips impolitely. “You little heartless girl. You have to love me.”

‘Wu Mei looked earnestly into Li Nanchen’s eyes, but she soon drowned in his deep love.

The commotion lasted until the latter half of the night.

‘Wu Mei thought that Mo Li would contact her again, but there was no news from her.

Now was not the time to be anxious.

They were all playing a game to see who was more anxious.

In the end, Mo Li became anxious.

When Wu Mei received Mo Li's phone call, she immediately used her GPS device to track Mo Li's phone number.

Mo Li chuckled and said, "Wu Mei, were you getting anxious from waiting?"

"That's not right, is it? I think you're the one who is anxious," Wu Mei replied languidly.

Li Nanchen handed Wu Meia glass of water and kissed her again.

Mo Li heard the slight noise.

After a moment of silence, Mo Li sneered, "Wu Mei, you killed my Carl, yet you still have the mood to show off your affection. You're really heartless."

As if she had heard a joke, Wu Mei said bluntly, "Mo Li, you must be mistaken. The ones who died are from the Viper Organization. What does that have to do with me?"

"ah, that's right, you should also be a member of the Viper Organization. That's understandable in that case."

She did it on purpose.

Mo Li was obviously infuriated by Wu Mei. She immediately told her about the agreed time and said through gritted teeth, "You must come alone. Or else..."

"Mo Li! You don't have any conditions to threaten me anymore," Wu Mei reminded her kindly.

'Mo Li let out a strange laugh that sounded more like a cry. Her volume increased until she was almost shouting at Wu Mei, "My weaknesses are gone, but you, Wu Mei, have too many weaknesses. Your mother, your man, and everyone you love and care for will become my weapon."

"You have to do as I ask. Otherwise, I will let Viper kill all of them, just like how they killed Li Zhuo."

Mo Li threw her phone aside.

The call ended.

'Wu Mei hated it when people used her mother and lover to threaten her. Every time, Mo Li would successfully infuriate her.

This was no small feat.

As she slowly clenched her fists, Li Nanchen could not help but laugh.

What is he laughing about?

She's angry.

Li Nanchen held Wu Mei's shoulders and shook his head as he said, "Mei'er, if you inform Ben, he will definitely think of a way to take credit. But with his help, our chances of winning will be higher, right?"

"Yes!" Wu Mei compromised.

After finding Mo Li's location, she sent it to Ben and proposed the entire plan.

Mo Li wanted to see her alone.

Even if they managed to reach Mo Li's location ahead of time, she would be the one to attract Mo Li's attention..

Chapter 356: The Ring on the Middle Finger

Ben arranged for his team members to cooperate with Li Nanchen to capture the other members of the Viper Organization and find John.

Wu Mei did not mention the "black box". She also suspected that Ben wanted it, but she did not bring it up. Ben did not say much either. He only said that he would plan in detail.

They would take action before the agreed time with Mo Li.

Wu Mei and Li Nanchen looked at each other and relaxed slightly.

However, she had something else planned, which was to inform K.

She didn't quite understand the reason behind it, but she knew that K was also investigating M's matter.

In the end, it turned out that K had believed a piece of news and went to Country Y. Now, he could only try his best to return.

"K, you..." How was Wu Mei going to tell K that there was the truth behind M's death in the black box?

Was K trustworthy?

Wu Mei bit her lip and smiled wryly. "I hope you can come back in time. There will be an unexpected surprise."

This was a decisive battle.

K could tell that there was something wrong with Wu Mei's tone. He lowered his voice and asked, "Wu Mei, what do you know?"

"I don't know anything. All I know is that we may be after the same thing. And we'll know the answer soon enough."

Hopefully.

K didn't give a definite answer in the end.

'Wu Mei was lying when she said that he would not be disappointed.

After all, one more person meant a higher chance of winning.

No matter how different they were from each other, they should have the same attitude towards Mo Li.

Ben was fast.

The higher-ups requested for Ben to work with Bai Xue and fully cooperate with Wu Mei in capturing Mo Li.

They would be split into three teams and Li Nanchen would only be considered the fourth team.

The first team was Ben's team members. They were in charge of clearing the obstacles in front of them and ensuring that Wu Mei could safely get to meet Mo Li.

The second team consisted of Wu Mei, Ben, and Bai Xue. They would form a triangle and search for Mo Li's location.

The third group consisted of Bai Xue's team members, including Feng Yue.

Li Nanchen could not participate, but it was understandable that he was worried about Wu Mei. He could only wait outside.

Needless to say, Li Nanchen was reluctant but he had no choice as this was not his mission.

'When Li Nanchen heard this arrangement, he was generally satisfied.

Even if Ben and Bai Xue were to drag the team down for the sake of credit, they wouldn't hurt the team members by accident.

"Finally gave a reliable order," Li Nanchen grumbled unhappily.

'Wu Mei looked at Li Nanchen in surprise and hugged him with a smile. "Don't worry, I'll protect myself too. I won't let anything happen to me."

"I know!" Li Nanchen was at ease.

'Wu Mei was not someone who would entrust her safety to her team members. After all, the team members nurtured by Ben had their own selfish motives.

In addition, there were Bai Xue's team members.

'Wu Mei reached out and rubbed Li Nanchen's forehead. She smiled lightly and said, "Trust me."

"L trust you!" Li Nanchen held Wu Mei's hand. With a twist of his fingers, a gold ring appeared.

Before Wu Mei could get a good look, the ring was already on her middle finger.

"Ms. Wu Mei, I'll wait for you to come back and let's remarry." Li Nanchen kissed her hand.

'Wu Mei's face turned slightly red. She took another ring from Li Nanchen's hand and put it on Li Nanchen's finger. She answered seriously, "Okay."

Even if she did not manage to find out the cause of M's death this time, she did not wish to let Li Nanchen go.

She would tell Li Nanchen the truth.

Their initial unhappiness and unease were all thrown to the back of their minds.

In less than half a day, Old Master Li found out that Wu Mei and Li Nanchen had decided to remarry after Wu Mei's mission and insisted that they go to the nursing home.

Old Master Li's health was not good, so he could not be too anxious.

'When Wu Mei and Li Nanchen arrived at the nursing home, they realized that Mother Wu had also rushed over. It was obvious that she had dressed up meticulously. Bi Fang came to welcome them and said sourly, "Yo, Mr. Li still managed to trick my little Junior Sister?"

Li Nanchen glanced at him coldly. "Dr. Bi, please be more professional."

They chatted and laughed as they walked towards Old Master Li.

Li Nanchen held her hand tightly and turned his head to smile at her. "Ms. Wu, are you nervous?"

'Wu Mei gave him an angry look and immediately held Mother Wu's hand. She said loudly, "Mom, where are you going to stay today? I'll go back with you." Mother Wu looked at Wu Mei begrudgingly and said unhappily, "Stop teasing Nanchen. I don't need you to coax me either."

'Wu Mei blushed and said coquettishly to Mother Wu, "Mom, you don't understand."

The environment in the nursing home was very good. With his treatment here, Old Master Li would be able to recover quickly and return to the Li family as soon as possible.

'Wu Mei sat beside Li Nanchen, feeling more confident about the upcoming mission.

Li Nanchen lowered his head and whispered into her ear.

'Wu Mei looked at the gratified gazes that the elders cast towards them. Worried that she would be afraid, she deliberately turned her head away. It was rare for her to be shy, but more than that, she was happy.

'Wu Mei's heart was warm and she tightened her grip on Li Nanchen's hand.

The happiness she wanted was right before her eyes.

'With family by her side, with friends accompanying her, and most importantly, her lover would never leave her side.

She would never let go..

Chapter 357: Begin the Attack Plan

The plan was officially put into motion.

On the outskirts of a neighboring city, Mo Li was staying in a villa which hardly had anybody occupying it.

The investor here was a foreigner so they could only obtain the basic information.

'They guessed that it was the hidden location of the Viper Organization.

It was actually so close to the city, yet they had never been discovered.

Could there be something special about this place?

'Wu Mei stuck to the original plan and met Ben and the rest together with Li Nanchen.

'When Feng Yue saw them, she quickly walked to Li Nanchen's side and raised her brows smugly at Wu Mei.

Now was the critical moment, and it was the best opportunity as the Viper Organization members in the villa did not notice what was happening outside.

Feng Yue did not think about working seriously. Instead, she wanted to take advantage of her mission to protect Li Nanchen's mission to provoke Wu Mei. It was too shameless.

Ben shouted at Feng Yue in dissatisfaction, "Don't forget your identity and mission."

Feng Yue didn't succeed in provoking Wu Mei. Instead, she was reprimanded by Ben. She blushed and retreated behind Bai Xue.

Focused on the mission, Bai Xue merely said to the remaining members, "All of you, focus and follow the orders. The most important thing is to stop the Viper Organization members who might return from outside, understand?"

This was because the members of this organization might not all be staying in the villa. They might have been asked to do other things.

They had to be extra careful.

'Wu Mei looked deeply at Li Nanchen, worried about his situation.

Li Nanchen was caught between laughter and tears as he kissed Wu Mei's forehead and said softly, "Put on your earphones and keep in contact."

"Don't trust them too much, just trust yourself."

'Wu Mei touched the bulletproof vest on her body and promised Li Nanchen, "I will return safely."

When Feng Yue saw how close Li Nanchen and Wu Mei were, her face turned red with anger. However, no one would stand on her side.

Due to the urgency of the situation, everyone had to keep their spirits up. No one would be bothered by such jealousy.

Set off!

Ben's team walked in front, trying to clear the barriers to the gate without using their guns. They started to break into the interior of the villa.

Ben and Bai Xue walked in front while Wu Mei followed behind them.

Wu Mei suddenly turned around and looked at Li Nanchen. She squeezed out a smile, hoping that Li Nanchen would not worry.

How could Li Nanchen be at ease? However, he also placated her by waving his hand.

He wished that he could go in with Wu Mei, but with Ben and Bai Xue present, they were constantly stopping him. If he continued insisting they would miss the best opportunity. Thus, he could only choose to endure.

He had brought a lot of bodyguards and professional gunmen with him. They would rush in to save her at any time.

In the end, Wu Mei turned around, held her gun tightly and quickly walked in with them.

Occasionally, someone would let out a groan as though they had fallen to the ground. After that, tranquility would be restored, as though no one had been alarmed.

When Li Nanchen turned to enter the car, Feng Yue quickly followed him but was stopped by the bodyguards.

Feng Yue said anxiously, "Mr. Li, I'm here to protect you."

"You'll only drag me down," Li Nanchen said in disdain.

Needless to say, Feng Yue knew that her ability was far inferior to Wu Mei's, much less Li Nanchen's. Instantly, her face turned red with anger, but she could no longer approach Li Nanchen.

Li Nanchen sat in the car and listened to Wu Mei's breathing through his earpiece. He was slightly relieved.

However, why did no one come out to check even though there were some strange sounds?

It turned out that the members of the Viper Organization were also taking advantage of their free time to wrestle in the backyard, which was much louder than their movements. With every step she took, Wu Mei would carefully observe the situation inside.

This is very strange.

Are there no surveillance cameras?

“The first floor is safe. There are no rooms.”

“The second floor is safe. It’s a storage room for ammunition.”

“The third floor...”

There was the sound of fighting on the third floor.

‘Wu Mei and the others quickly ran to the third floor and joined the fight. They took care of the situation in the shortest time possible.

“There’s still the fourth floor,” Bai Xue said through gritted teeth.

Her arm had been cut by a knife. She quickly bandaged the wound and watched as Ben’s team members walked up to the fourth floor.

There was a commotion on the second floor too, but it was successfully resolved by Bai Xue’s team.

Thinking that there might be people living on the third floor, Wu Mei immediately raised her gun and started searching every room.

She had guessed correctly.

‘When someone heard the commotion and walked out of the room, he instinctively raised his fist, wanting to take Wu Mei down, but Bai Xue’s dagger stabbed his aorta. Blood spurted out rapidly.

“Thank you!” Wu Mei said to Bai Xue gratefully.

Bai Xue glared at her angrily and said resentfully, “I didn’t do it to save you. I did it for the mission.”

To earn credit.

If it wasn’t for the fact that Wu Mei was still useful, she definitely wouldn’t have saved her.

‘Wu Mei only expressed her attitude before going to check the other rooms.

There was quite a commotion on the fourth floor and a gunshot was heard.

Ben got the message that there were five bodyguards guarding the door of one of the rooms. Their bullets kept coming.

Bai Xue also heard her team members say that the members of the Viper Organization who were having fun at some place had come out one after another.

They had to guard the second floor and not let them get their hands on the guns.

Time was running out.

After confirming the location of the room, Wu Mei quickly ran into a room on the third floor and opened the window.

She did a simple check and climbed out of the window..

Chapter 358: Tie Up as a Hostage

Bai Xue had been chasing after Wu Mei the entire time. When she saw Wu Mei climb out, she shouted anxiously, "Come back! Don't do anything rash!"
"If you ruin the plan, I'll be the first to kill you."

'Wu Mei didn't hear Bai Xue's threat because she successfully climbed to the fourth floor and climbed through the half-open window.

Isn't this too easy?

'Wu Mei felt uneasy. After jumping in, she quickly found cover and slowly searched the place.

The interior of the room was very luxurious, but one could smell a strange smell.

Then, she heard a woman giggling and calling out "Carl".

'Wu Mei quickly made sure that there was no one else in the room. She immediately moved to the door and locked it.

If anything happened, she could jump out of the window.

The height of the fourth floor was not low, but with her height, there should be no problem.

'The woman was lying on the bed with one leg on the floor and a cigarette in her mouth. She was laughing incessantly.

“Carl, don’t worry, I will avenge you and I will make the Viper Organization the strongest organization in the world.”

It was Mo Li.

‘Wu Mei almost didn’t recognize this woman’s face, because her complexion was yellow and she was thin and weak.

Mo Li was no longer as voluptuous and vibrant as she used to be.

‘Mo Li casually threw a syringe onto the ground and burped, as if she was hallucinating.

‘Wu Mei did not expect to see such a scene.

“Mo Li, where is John?” asked Wu Mei.

Mo Li heard someone asking her a question, but she did not know who it was. She said in a nonchalant tone, “He’s dead. Those who are useless can’t be kept.”

‘Wu Mei quickly held the gun in her hand and suppressed her anger. She asked again, “Where is the black box?”

Mo Li finally realized that there was another person in the room. However, she could not see Wu Mei’s face clearly while she was on drugs.

She didn’t really remember Wu Mei’s question. She merely smiled and said, “Wu Mei, you came to see me?”

Hmm?

Why does Mo Li sound so familiar?

‘Wu Mei was certain that she was not acquainted with Mo Li.

“Why are you looking at me like that? Is it because I’m dragging you down again? I’m already trying my best,” Mo Li murmured.

‘Wu Mei’s heart raced. She stepped back slightly and muttered a name, “Zhong Ling?”

Mo Li smiled and said, “What kind of tone is that? You sound like you don’t know me.”

“Are we going to train?”

It’s Zhong Ling?

‘Wu Mei had guessed that Mo Li had another identity, but she definitely did not guess that it would be Zhong Ling.

Could it be that Zhong Ling didn’t die back then?

“Where is the black box?” Wu Mei asked again.

Mo Li closed her eyes and burst into laughter all of a sudden. “I remember now. You and I have already fallen out. 1...”

She had completely fallen into her hallucination.

‘Wu Mei did not know that Mo Li and Carl had such a deep relationship. Mo Li had taken drugs because of Carl’s death and had even fallen into an incurable fantasy. However, this had nothing to do with her.

‘Wu Mei no longer had the time to feel sorry for Zhong Ling, nor did she want to know how Zhong Ling became Mo Li. She only knew that she had to find the black box as soon as possible.
It should be here, right?

‘Wu Mei murmured, “Nanchen, did you hear that? Mo Li is Zhong Ling.”

Li Nanchen said softly, “I heard it. It’s very safe outside now. Where are you?”

‘Wu Mei touched her ear and said, “There’s a fight going on outside the room. I’m going to tie Mo Li up and bring her out.”

With this hostage, they had a chance of winning.

Bai Xue had already climbed up. She was in a sorry state as she fell from the window onto the ground.

‘Wu Mei climbed up so smoothly, but she nearly fell.

“What are you looking for?” Bai Xue asked when she saw Wu Mei looking around the room.

‘Wu Mei was stunned. How could she have forgotten about Bai Xue?

For Bai Xue to be able to climb up from here, she must have learned some skills.

“I’m looking for something to tie Mo Li up and use her as a hostage,” Wu Mei said urgently.

“We don’t have much time. We need to get her out as soon as possible so that our team members can suffer less injuries.”

Snow snickered. “You’re pretty concerned about your comrades.”

'Wu Mei's gaze froze. She turned to Bai Xue and asked sarcastically, "Don't you care? You should be more concerned than me."

Bai Xue couldn't stand Wu Mei's sarcasm. She was furious and took out her belt.

'Wu Mei was shocked.

What is Bai Xue doing?

Bai Xue raised her head in disdain. "The credit this time belongs to me and Ben. It has nothing to do with you."

"After you go out, you better be sensible and keep a distance from Ben. Otherwise, I'll make you..."

'Wu Mei couldn't be bothered with her. Instead, she tossed a piece of gauze to Bai Xue.

Bai Xue moved swiftly towards Mo Li and tied her up while suppressing her disgust.

Bang!

Someone was kicking the door.

Shocked, Bai Xue ran even faster.

'Wu Mei had already found what she wanted, but she did not intend to bring it out directly. Instead, she found another good spot.

Bai Xue shouted angrily at Wu Mei, "Wu Mei, come and help me! What are you looking for?"

At that moment, the door to the room was kicked open and Ben strode in.

"Wu Mei is looking for the black box," said Mo Li..

Chapter 359: The Truth Behind Her Death

'There was blood on Ben's body. His gaze was cold as it swept across Wu Mei, who was already standing upright, and Bai Xue, who was tying Mo Li up.

Bai Xue stared at Mo Li in bewilderment and asked, "What are you talking about? What's this black box?"

Mo Li turned to look at Bai Xue's face and said, "It's you, dumbass."

Furious, Bai Xue flung Mo Li's hand away and gave her a tight slap. "You've already lost. How dare you act so brazenly."

Mo Li burst into laughter and said, "Bai Xue, aren't you dumb? Ben doesn't like you at all. The higher-ups are only speaking up for you because you're dumb. You're just a pawn. You'll be useless anytime."

Exasperated, Bai Xue pulled Mo Li up and said, "Let's use her as a hostage and get out."

Wu Mei kindly reminded her, "Bai Xue, the members of the Viper Organization can abandon Mo Li and leave on their own."

Bai Xue was stunned and did not understand.

Mo Li smiled arrogantly and said smugly, "I'm useless as a hostage. Once I become their threat, they'll cast me aside."

"What's the use of catching me in advance?"

"I have already made arrangements. They will all leave directly, and I will die here with all of you."

Bai Xue looked at Wu Mei angrily. "You lied to me. You said that we could use her as a hostage."

It was also Wu Mei who said that the members of the Viper Organization would not be threatened.

"Why would Wu Mei say that?"

Of course it was because she hoped that Bai Xue would only care about Mo Li and not delay her search for the black box.

Mo Li laughed so hard that she almost couldn't breathe. She then turned to look at Bai Xue and said, "Do you know? I hate Wu Mei, but you're the person I hate the most."
"You're very stupid. You're too close to me."

What does she mean?

Bai Xue froze. She lowered her head in shock and looked at her abdomen.

There was a dagger in her abdomen.

"You!" Bai Xue widened her eyes in shock, not believing that she would be injured because of Mo Li.

Mo Li shrugged off the belt around her waist and slumped onto the bed weakly. She said in disdain, "Bai Xue, don't struggle. There's snake venom smeared on it."
'The snake venom acted up very quickly.

Bai Xue went from being injured to the venom taking effect and her mind becoming chaotic.

'They were currently on a mission and had no time to save Bai Xue.

She would definitely die.

Ben cleared his throat and said, "Wu Mei, let's get her out of here."

"Alright!" Wu Mei nodded. Just as she was about to walk towards Mo Li, Mo Li raised her head and looked at her seriously.

'Wu Mei had never known that these were Zhong Ling's eyes.

Mo Li smiled and said, "Wu Mei, we'll die together."

'Wu Mei did not think so. She merely said, "You don't have to leave, but we have already sealed off this place. You won't be able to escape."

Mo Li shook her head in confusion.

She grabbed the small bag beside her, opened it, and began to suck.

Heavens! This dose is lethal!

Is Mo Li crazy?

Mo Li has gone mad!

She raised her head and watched as Ben gestured to Wu Mei. Just as he was about to leave, Mo Li laughed and asked, "Ben, don't you want the black box?"

"Wu Mei hid the black box."

"I know your secrets. I also know what Wu Mei is investigating. I will deliver them to you today."

He looked at Wu Mei in shock. "You know about the black box?"

Just as Wu Mei was about to deny it, Ben raised his pistol and said coldly, "In that case, you must die for the black box?"

Ben wanted to kill her?

'Wu Mei was stunned. At the same time, she realized that Ben was too careless. Didn't he realize that she had been wearing a mini earpiece?

She was still in contact with Li Nanchen.

Narrowing her eyes, Mo Li stared at the scene of the master-disciple pair turning against each other. "Ben, you killed your master, M, and lured K, who was investigating the truth, to Y Nation, didn't you? You wanted to use the chaos in Y Nation to kill K." "I've done you such a big favor. It's worth you killing Wu Mei with a bullet, isn't it?"

"I saw where Wu Mei hid the black box. I can tell you."

'Wu Mei's face was pale as she stared at Ben. "Did you kill M?"

"What does that have to do with you?" Ben pulled the trigger.

It was impossible for Wu Mei to tell Ben that she was M, but she felt a weight lifted off her shoulders.

She turned to look at Mo Li and said, "I don't care about the black box because I already know the truth."

That was enough.

She quickly moved forward to snatch the gun from Ben's hand.

Needless to say, Ben would not easily let go of his weapon. He started fighting with Wu Mei.

He had the chance to hit Wu Mei several times, but Wu Mei kicked him and the bullets hit somewhere else.

"Who the hell are you?" Ben was furious.

Forget it if Mo Li knew the truth.

He couldn't let Wu Mei get out alive.

'Wu Mei sneered and said, "Someone who wants to avenge M."

"I don't know you," Ben blurted.

He did not believe that there would be people around M whom he did not know.

Because M trusted him.

‘Wu Mei smiled disdainfully. “In that case, I’m sorry. She has never trusted you. She was just tricked by you.”

Ben actually yelled angrily at Wu Mei, “This is impossible! The person she trusts the most is me! Die!”
This is ridiculous.

Ben had personally killed M, yet he wanted to be M’s most trusted person..

Chapter 360: I Love You (Finale)

The most ridiculous thing was that Ben had even sent K away just to remove a thorn in his side.

‘Wu Mei was in so much pain from being hit that she felt that her ribs were about to break, but she still said mockingly, “Hmph, stop dreaming. M has never trusted you.”
“Who would believe a man who killed them?”

Ben was furious, but he refused to believe Wu Mei’s words.

Li Nanchen’s voice came from her earpiece, causing her to lose focus. Ben punched her and hit it aside.

Ben aimed the gun at Wu Mei again, but there were no more bullets.

He was kicked in the chest by Wu Mei, causing him to vomit blood. He tried his best to raise his head to see Wu Mei’s face.

“W-who taught you your martial arts?” Ben felt that Wu Mei’s moves were all too familiar.

He used to think that it was very similar to M

‘Wu Mei bent down and said provocatively, “M. M only trusts Bi Fang and me.”

Ben tried to fight back, but Wu Mei knocked him out.

‘Wu Mei turned to look at Mo Li and said, “Zhong Ling, come back with me.”

The gunshots outside were incessant and extremely noisy.

Mo Li rubbed her ears and raised her head to look at Wu Mei. Tilting her head lazily, she sized her up and said, "Wu Mei, you're too naive. I told you before, I want to die together with you."

Li Nanchen's voice rang out again, but it was intermittent.

'Wu Mei managed to piece everything together.

The members of the Viper Organization were engaged in a gunfight with their team members, and they seemed to have received a message as they retreated to the backyard.

Retreat?

Why is that?

'Wu Mei had an ominous feeling.

"Why are they retreating?" she asked as she kept her eyes fixed on Mo Li.

Mo Li simply stared into Wu Mei's eyes as her pupils began to dilate. "Because I've already planted a bomb in the villa," she murmured. "Ben triggered the switch when he came in."

"Countdown of five minutes. The bomb will explode automatically."

"Why is there a bomb? Because I really want to die with you, Wu Mei."

"But why five minutes?"

She collapsed onto the bed and began foaming at the mouth, but she was smiling.

"Because I still hope that the Wu Mei I know will survive."

Five minutes?

'Wu Mei suddenly felt like cursing.

It had been at least three minutes since Ben entered the room and he fainted.

'Wu Mei quickly ran to Mo Li and heard Li Nanchen's roar.

Li Nanchen wanted to enter the villa area, but Feng Yue did not allow it. They had already started fighting.

It seemed like Feng Yue had received an order.

"Wu Mei, leave quickly. I'll pick you up," Li Nanchen shouted.

‘Wu Mei’s reaction was fast. She didn’t take another look at the time, nor did she care about Bai Xue and Ben who were lying on the ground. She quickly ran to the window. At the same time, she also heard a warning sound from outside the villa, reminding all the team members to retreat and not linger any longer.

Just as Wu Mei was about to jump out of the window, several planes flew past her, creating a huge air current.

The Viper Organization member in the helicopter raised his gun and shot at her, stopping her from leaving.

He was forcing Wu Mei to stay behind.

‘Wu Mei swiftly fell to the ground. While dodging the bullets, she also wasted a lot of time.

She could not continue to dodge and had to leave first.

She couldn’t escape through this window.

There were still other windows.

‘Wu Mei dashed out of the room and went straight to the room next door. She opened the window swiftly and jumped down without any hesitation.

This was a four-story building.

Using the window of the next floor, Wu Mei jumped down and rolled on the ground twice before running forward.

Li Nanchen’s voice sounded in her earpiece again. She heard him say frantically, “Wu Mei, quick, there’s less than a minute.”

“Where are you? I’ll pick you up.”

‘Wu Mei was in pain from the static. She rubbed her ears and shouted in shock, “Don’t come over. I’ve already left the villa. I can run out.”

Within a few seconds, she had already run far away.

The entire villa exploded from the inside out.

Some of the team members who were running slower due to injuries were blown up by the bombs in the villa and lost their lives in the blink of an eye.

'Wu Mei's heart was filled with bitterness. She could only forcefully raise her spirits and desperately run outside.

Soon!

'She can run out.

A member of the Viper Organization who was covered in blood suddenly appeared in front of her. He had been unconscious due to his injuries and woke up from the explosion. He turned around and saw Wu Mei. He instinctively kicked Wu Mei away and shot her in the chest.

'Wu Mei fell hard onto the ground and was shot again.

Holding her breath, she raised the gun in her hand and shot the man in the head.

She had no strength left, but she still wanted to get up.

The fire quickly spread to where she was and surrounded her.

'Wu Mei's eyes began to blur. She tried her best to raise her head and look at the outer wall of the villa.

Just a little more.

She can leave.

Her Li Nanchen is waiting for her.

'Wu Mei felt the fire burning her body. The intense pain caused her to temporarily regain consciousness, but her willpower quickly faded.

The bomb triggered a second explosion and the entire villa collapsed, burying her inside.

Li Nanchen's voice was still ringing out from Wu Mei's earpiece, but she no longer had the energy to reply. She opened her mouth, slowly closed her eyes, and stopped breathing.

She wanted to say, Li Nanchen, I'm sorry.

Li Nanchen, I love you.
