

After Divorcing, She Shocked the World Chapter 36 - The Strong Effect of the Medicine

Chapter 36: The Strong Effect of the Medicine

At the dining table, Wu Yi sat opposite Li Nanchen and occasionally cast flirtatious glances at him, causing Wu Mei to feel nauseous.

"Your stomach is not well?" Li Nanchen asked and placed a bowl of light winter melon shrimp soup in front of her. "Drink something light."

He was only concerned about Wu Mei. Wu Yi was so jealous that she felt acidic water gushing out of her heart!

She watched as Li Nanchen took two sips of the red wine. She was instantly delighted when she saw that his handsome face seemed to be a little flushed. She tried to tease him by using her toes to try to hook Li Nanchen's feet under the table.

In the end, she hooked Wu Mei's feet instead.

5

Wu Mei was originally burying her head in the soup and didn't want to lose her temper. After being disturbed like this, she couldn't take it anymore and smashed the bowl!

She pointed at Wu Yi and sneered, "Even if you want to seduce someone, you should know who the other party is, shouldn't you?"

2

"You f*cking hooked my leg! On account of my mother, I'll keep your slutty feet safe today and not chop them off!"

"But if there's a next time, I'll make you spend the rest of your life in a wheelchair. You won't even be able to sleep with a man!"

2

Mother Wu covered her ears in fear.

Wu Mei glanced at her and had no choice but to lower her voice. She held her hand and coaxed her gently. Then, she turned around and glared at Wu Yi. "Want to try hooking me again?"

After making sense of the situation, Yang Shan quickly stopped her and said, "Wu Mei, she's not sensible. Don't stoop yourself to her level."

"Why don't you sit down and finish this meal? Look, you didn't even eat two mouthfuls!" Yang Shan said as she pointed to the sumptuous dishes on the dining table.

Wu Mei handed her jacket to Li Nanchen and helped Mother Wu stand up. She glared at Yang Shan and said, "I'll give you one more night to get out of my house. Otherwise, don't blame me for being rude!"

Yang Shan was so scared that she didn't dare to utter a single word. She heard Wu Pang shout, "Get lost! Hurry up and get lost!"

After Wu Mei and Li Nanchen left on the Maybach, Yang Shan saw that Wu Yi was still standing at the same spot and couldn't help but get angry. She shoved her shoulder.

1

"Why are you so impatient? We were still eating and you started to get horny?! The matter was clearly settled, but you messed it up!"

Seeing Li Nanchen leave, Wu Yi could not help but shout, "You're blaming me? You're the one who's incapable!"

"If you had the status of Wu Mei's biological mother, I would be the one who married Brother-in-law! Would I need to use such a method to snatch him away?"

1

"You! You wretched girl! I'm your mother! How dare you say that about me!"

Yang Shan was so angry that she smashed several bowls. She looked at Wu Yi in bitter disappointment. The mother-daughter duo argued unhappily.

After Wu Mei sent Mother Wu back to the sanatorium, they returned to the villa. She then went into the bedroom to study Old Master Li's treatment plan.

"Paraplegia, residual poison, treatment method... Use traditional Chinese medicine to administer acupuncture, and external application to supplement it."

The weekly blood purification would be able to expel some of the poison that Old Master Li had accumulated in his body. However, the remaining poison would still affect his body.

She tried her best to calm down and decided to use acupuncture to help Old Master Li expel the poison and open up his meridians.

However, this method appeared risky. If Li Nanchen knew, he would definitely reject it!

What should she do?

Wu Mei's eyes shone slightly. Old Master Li's condition could not be delayed for too long. She decided to go to the hospital tonight to perform acupuncture on him.

In order not to let Li Nanchen find out that she was not in the room, she decided to let him have a good "sleep" first.

Thinking about this, Wu Mei crept to the room next door and pushed open the door.

In the room, Li Nanchen was half-naked on the bed. His breathing was heavy and his skin was slightly sweaty. His brows were knitted together as if he was having a nightmare.

Puzzled, Wu Mei lifted her hand to feel his temperature. His skin felt hot, but not like that of a fever.

Due to the angle, she could only lie on Li Nanchen if she wanted to find his sleeping acupoint and make him sleep for four to five hours...

Wu Mei slowly climbed onto his body. She could feel his hot breath.

Just then, Li Nanchen, who was a light sleeper, suddenly opened his eyes and held her slender waist.

"Wu Mei...!"

The effects of the red wine slowly became apparent. Li Nanchen lost control of his rationality and caressed every inch of her skin. He flipped over and pressed her under him.

Wu Mei was shocked and wanted to break free. "Li Nanchen!"

However, the moment she moved, she rubbed against Li Nanchen's body part, causing it to expand by a few sizes and press against Wu Mei's abdomen.

"Hey... Wake up!"

Wu Mei could tell that Li Nanchen had been drugged. If she had known earlier, she wouldn't have been so unprepared!

5

Li Nanchen did not say anything. He used his knees to spread her legs apart and lowered his head to gently nibble on her beautiful neck, earlobe, collarbone...

The drugged man was so strong that Wu Mei couldn't move at all. At first, she tried her best to hold it in, but in the end, two soft moans escaped from her lips. It was sweet and seductive.

"You are the one who delivered yourself to me, Wu Mei..."

Li Nanchen's voice was hoarse, causing her body to tremble.

Right now, it was too late for regrets!
