

After Divorcing, She Shocked the World Chapter 7 - Seducing Brother-In-Law

Chapter 7: Seducing Brother-In-Law

3

Really came at the right time.

Wu Mei took the opportunity to retract her fist and pursed her lips as she said, "Tsk, I'm sorry. It's just some family matters. I've embarrassed myself in front of President Li."

Li Nanchen's brows furrowed as he scrutinized Wu Mei who was speaking in a relaxed tone.

After waiting for her for a long time outside, he wondered if something had happened, so he came in to take a look.

Who would have thought that he would witness such a good show?

Li Nanchen's expression darkened and he asked, "Do they always beat you like this?"

1

Gauging from her calm tone, it seemed like she was already used to such things.

So this is her situation in the Wu family? But why has she never mentioned it to him?

13

Wu Pang had not expected Li Nanchen to turn up. He quickly got up and waved his hands in denial while stammering, "President Li, why didn't you inform us that you were coming beforehand? This... isn't what you think! It's all a misunderstanding. We were just fooling around."

Li Nanchen ignored him and looked straight at Wu Mei.

Wu Mei smiled and said, "Yes, we are indeed fooling around. We're playing a game of pretend fighting."

5

Wu Pang nodded vigorously and said, "Yes, yes!"

However, the next moment, Wu Mei picked up the baseball bat from the ground and whacked Wu Pang hard in the stomach!

28

Wu Pang's face turned ashen and he immediately wanted to scream.

However, Wu Mei smiled and said, "See, this is how we play it. This kind of game just looks painful, but it doesn't hurt at all."

3

With that, she shot a threatening glance at Wu Pang.

How could Wu Pang dare to deny it?

Even if he was in so much pain that he almost vomited blood, he still had to smile stiffly and said, "Yes, yes, it doesn't hurt at all."

Li Nanchen nodded skeptically.

11

Wu Pang heaved a sigh of relief and quickly left Wu Mei's killing range. In a bootlicking manner, he said,

"President Li, what brings you here all of a sudden?"

In the past, Li Nanchen had never accompanied this good-for-nothing daughter home. Otherwise, Wu Pang would not have been so careless.

"I'm accompanying Wu Mei to take her ID and stuff."

Li Nanchen turned his head and asked gently, "Where are your things?"

Based on the Host's memories, Wu Mei pointed to the second floor.

Li Nanchen looked around at the servants and said coldly, "Go pack her things and bring them down."

His tone was icy. The servants did not dare to refute him and quickly went upstairs to pack.

Li Nanchen held Wu Mei's wrist and led her to the sofa to sit down. He quietly looked at Wu Pang and the others who were standing, as if he was the master of the house.

"Are you hurt?" he asked.

"No."

Wu Mei shook her head. *How can Wu Pang hurt her with his mediocre skills?*

On the other hand, when Wu Yi heard Li Nanchen's concern towards Wu Mei, her eyes were ablaze with jealousy.

Brother-in-law is so handsome.

He looks even more handsome up close.

Such an outstanding man should be her husband, not that bitch Wu Mei!

7

Wu Pang's eyes darted around as he fawned over Li Nanchen as though he was looking at a walking cheque.

"President Li, I've been to your company a few times, but I haven't been able to meet you."

"Look, this... Since we've met, I would like to ask if you are interested in investing in the Wu Corporation? After all, you are also the son-in-law of the Wu Family..."

Wu Mei's hand that was holding Li Nanchen froze momentarily. She looked at Wu Pang coldly, not expecting him to be so shameless.

"I'm a businessman, and business is about profit and making money."

"No one would do a business deal that would incur losses. The Wu Corporation has been on the verge of bankruptcy for the past few years. It's in shambles and deep in debt. I can't think of any reason to invest in the acquisition to undertake the risk together..."

"I thought that you would understand if I politely refused to meet you. I didn't think that... President Wu's ability to understand would differ from that of normal humans."

11

Li Nanchen's words caused Wu Pang's face to turn purple and he almost fainted.

Wu Mei nearly burst into laughter.

He was indeed a man with a sharp tongue and a vicious heart. He did not even use vulgarities when scolding people. It was simply gratifying!

"Well... You can't say that. We're just temporarily facing some trouble..." Wu Pang said through gritted teeth, not daring to offend Li Nanchen. After all, Li Nanchen was his last hope, so he could only curry favor with him.

Seeing how awkward the situation was, a gleam flashed across Yang Shan's eyes and she tugged on Wu Yi.

"President Li, you came in a hurry. You must be thirsty, mustn't you? Wu Mei is really too much. She doesn't even care about her husband. Yiyi, quickly go make a cup of tea for your Brother-in-law. President Li loves to drink West Lake Longjing tea."

2

Wu Yi was ecstatic. *This is her chance!*

1

Very quickly, she finished brewing the tea and walked towards Li Nanchen.

Wu Mei couldn't help but sneer at Wu Yi's flirtatious behaviour as she had deliberately pulled down her off-shoulder dress further to reveal half of her

chest. This seduction method was a seriously old trick and not worth mentioning.

"Brother-in-law, have some tea... This is freshly brewed..."

Wu Yi bent down on purpose, revealing her voluptuous chest as she swayed in front of Li Nanchen.

Wu Mei suddenly said, "West Lake Longjing tea? How did you know I wanted to drink that? Thanks."

3

She took the teacup from the tray and abruptly shook her wrist in mid-air. The entire cup of tea splashed onto Wu Yi's face and body!
