

## AFTER MARRIAGE 23

### Chapter 23: I'm F\*cked This Time!!!

Mo Shenbai had only taken a few steps when he felt someone grabbing him. He turned around and saw fair and slender fingers clutching his sleeve. When he looked up, he saw Xu Youyou's small face.

Xu Youyou looked slightly anxious as her brain spun rapidly. 'What should I do? If he dies, won't I become a widow? Grandma would be even more worried! I have to save him!'

Mo Shenbai frowned. He looked at her suspiciously. Although he was in a hurry, he did not rush her.

Pei Chuan, who was standing at the side, felt awkward and tactfully averted his gaze.

"I..." Xu Youyou stammered due to her anxiousness, "Can I, can I not have him drive me?"

"Reason?"

"I..." Xu Youyou said as her eyes darted around. Then, she blurted out the first excuse that came to her mind, "He, he looks too fierce! He has a scar at the corner of his eye. I... I'm scared."

The driver, who had just walked in: "..."

Mo Shenbai glanced at the driver, who had tactfully stepped back, and said calmly, "There's no need to be scared. He's not fierce."

Xu Youyou was so anxious at this moment that beads of sweat had already appeared on her forehead. Her fingers tightened around his sleeve as she bit her lip before she said, "Then, then... Can I use your car? It's very comfortable!"

Who knew if it was because of her bright eyes or because he was in a hurry, but Mo Shenbai did not say anything this time. He directly told Pei Chuan to drive another car in the garage.

Pei Chuan nodded. Before he left, he looked at Xu Youyou and thought to himself, 'This girl is quite vain...'

Meanwhile, Xu Youyou sighed in relief inwardly. She thought that Mo Shenbai would be fine if he did not use the black Bentley.

.....

Mo Shenbai's dark eyes looked at her fingers that were still clutching his sleeve and asked, "Can you let go now?"

Xu Youyou reacted and hurriedly withdrew her hand with a smile on her face.

Soon after, Mo Shenbai got into the black Cayenne that Pei Chuan drove before the Cayenne drove away.

The driver raised his hand to touch the scar at the corner of his eye and asked tentatively, "Miss Xu, can we leave now?"

“Yes.” Xu Youyou’s face flushed red when she saw the slightly aggrieved expression on the driver’s face. ‘It’s over! I encountered another embarrassing situation!’

...

Xu Youyou sat in the Bentley silently. Ever since moving into Moon Pavilion, she felt that she encountered many embarrassing situations that could cause social deaths.

The car traveled smoothly on the road.

Since Xu Youyou had said he looked fierce, the driver did not dare to say anything unnecessarily.

Mo City University and the Mo Group were in the same direction. About two-thirds of the journey overlapped with each other. For this reason, the driver was quite familiar with the roads. When he was about to turn at the intersection, a large truck suddenly veered toward the car.

Perhaps, due to his sensitivity to danger, the driver reacted quickly and did not hesitate to turn the steering wheel to the side to avoid the large truck. Alas, although his reaction was fast, the speed of the two vehicles was fast as well. In the end, the truck still slammed into the rear of the Bentley.

Bang!

Xu Youyou, who was sitting in the back seat of the car, did not have time to react before she heard a loud crash.

The sound of glass shattering rang out as fragments of glass flew in the air.

Xu Youyou’s entire body tilted to the side. Fortunately, the safety belt held her back. Her ears were ringing as the scenes around her spun and shook. It was as though the entire world was shaking. Before she fell unconscious, a thought appeared in her mind: I’m f\*cked this time!!!
