

After Prison 1141

[Chapter 1141](#)

Shawn and the elders made sure Severin and the Taurus Hall's members had left the Free Rebel Gang compound. After a while, Shawn pressed his chest to feel his racing heartbeat. "Damn it! He scared the sh *t out of me when he showed us he's a level nine warrior king. Luckily, he wasn't angry at us because Gabriel was our guardian. At least he's a reasonable person."

Herbert was relieved too. "Yes. Luckily he's a reasonable person."

Meanwhile, Severin and the others were on the way back. Since it was still early, he decided to go shopping.

As he was walking, he thought of what happened just now. A smile appeared on his face. "Those guys really wanted to kill me and chop me into pieces in the first place. Then they rather let us keep the money.

Yuka forced a smile. "You know how strong you are. They aren't going to take the money because they don't want you to make their life hard."

She continued after a sigh. "It's so good when you are strong. You can easily solve many problems when you have strong attainment."

Severin smiled. "I'll give you two days to settle all the business here. Then you can move to South Link City. Sheila and I will stay longer because we'll like to look around. Also, spend more time training after taking the alchemical pill I gave you to increase your attainment."

Yuka nodded. "Yes. I plan to do that tonight. I've assigned those tasks to Great Elder and Second Elder." After thinking about it, Yuka said, "Oh. I'll ask them to go back first. Since I'm free now, I can show you around."

Sheila was happy. "That's good. We're not familiar with the city. It'll be nice if you can bring us around."

Yuka smiled happily, quickly took a glance at Severin, and bit her lip. In a short time, Severin had saved her twice which made her think she might have fallen for him. All the while, she had met many different men in her life. None of them gave her the confidence to fall in love with them. The more men she met, the more she understood those men were just after her body and they did not like her for who she was.

Severin was different. He did not look at her with lustful eyes. He would even avoid close body contact with her or stare at certain body parts.

Three of them went to different places and had a great time. Little did they know, the bodyguards of the Orto County Mansion saw them. They even secretly took Severin's photos and sent them to Owen and Sami.

Sami sneered while looking at those photos. "My dad is arriving tomorrow morning. This guy has no idea. what's coming after him. Look at how enjoying he is now."

Owen chuckled. "Any man would be happy in his situation. I mean he got two beautiful girls accompanying him."

Sami's face turned sullen. She snorted. "He better enjoyed it while he can. He's going to die tomorrow. Hey, get up early tomorrow and go pick up my dad from the airport."

Owen nodded. "Don't worry, I have already set my alarm. We won't be late. Oh, I'll bring more guards with me too."

Time passed and it was time to sleep. After a busy day, Severin and Sheila went to bed and sleep soundly. Yuka was lying on the bed alone and recalled back what happened these two days. A sweet smile appeared on her face.

"Oh, my god! The Supreme Leader is so outstanding! I can't imagine how nice it is if I can be his woman."
