

## After Prison 1144

### [Chapter 1144](#)

After listening, Severin shook his head with disappointment. "I thought you will listen if I speak nicely to you and you're going to ask your daughter to apologize to me. I guess I have to use violence to show you you're not the strongest or you can't possibly do everything you want just because you're the Commander."

The bald-headed level nine warrior king stepped forward and sneered. "Commander, I think he's just bluffing and trying to scare us. Let me test what he's capable of."

Severin smiled back, "Are you sure? Don't regret it when I kill you later."

"Regret? I don't even know what that means. And I don't think you can kill me!" The bald-headed guy scoffed and flew up to the sky to wave his hand at Severin. "Stop waiting time. I don't want to get innocent people hurt so let's fight up here."

"Great!"

Severin leaped and appeared in front of him.

"Kill him, Fintan! But don't let him die so easily. I want to see him suffer." Sami shouted excitedly.

Fintan smiled. "Miss Sami, I'll try my best. I don't know how strong he is and I'm afraid I can't control my strength and accidentally kill him."

"You have no idea what you're talking about!" Severin smiled disdainfully and was not afraid of Fintan.

"Haha! Laugh while you can!"

Fintan waved his hand to create many flying swords from his spiritual energy. Roughly counting, there were nearly a hundred flying swords flying in front of him and looking extremely scary.

"Is this a level nine warrior king's attack? Gosh, his telekinesis is so strong. You need to have lots of spiritual energy and strong telekinesis to create so many flying swords and to control every flying sword," Yuka exclaimed.

The Great Elder of Taurus Hall frowned and approached Yuka. He said, "Miss Yuka, his attack looks so strong. We don't know if the Supreme Leader could tackle it. If he failed, then we're doomed too."

Despite that, Yuka was not afraid and continued to stay calm. "We've been training for all our life and we should be prepared to die anytime. If people with attainment are afraid to die, then we will never proceed too far in our attainment. Don't forget that we are part of Dracodeus Temple. We shall live and die together."

The Great Elder nodded. Even so, he still hoped Severin could withstand the enemy's attack.
