

After Prison 1170

[Chapter 1170](#)

Severin walked over nonchalantly and took away all the spatial rings from those people he killed just now. After that, he slowly walked back toward the restaurant.

“Hey, Kylie, I’ve already settled this trouble for you. I’m sure it’s not too absurd for me to ask your staff to help me settle these people’s bodies, right?”

Kylie nodded. “No problem. You’re so amazing and charming! Too bad, I’m so much older than you and I’m already a mother. If not, I go all out and chase after you.”

The way Kylie looked at Severin was full of admiration as if she finally met the idol she had fantasized about.

The restaurant staff were shocked as this was the first time they saw Kylie in this condition because the Kylie they knew would never admire a guy so much. The current Kylie adored Severin so much that she almost threw herself at him.

“Oh. Your contact number! You haven’t given me your contact number and your address too! Just buzz me the next time when you want more spiritual alcohol, and I courier it to you!”

Kylie wiped off the saliva on her face, giggled, and continued to look at Severin while asking for his number.

Severin smiled. “Erm... you need to give me your bank account too so I can transfer the money to you when I receive the spiritual alcohol.”

“No problem! Pleasant working with you!” Kylie smiled.

Several minutes later, Sheila literally had to drag Severin away from the restaurant.

“Oh, my god! Kylie totally became a different person after witnessing the fight just now. She almost threw herself at you!”

Once they had walked further away from the restaurant, Sheila finally expressed her thought.

Severin forced a smile. “That’s a bit over. Yes, it’s quite scary but not as scary as the way you said it.”

Sheila replied, “Are you serious? I’m not exaggerating. Didn’t you hear her say that she is going to chase after you if she’s not married? You’re definitely a man of great charm and distinction.”

“Haha!” Severin laughed out loud.

“Alright. It’s late now. We should head back.”

Sheila stretched her back and said, “I need to take a good night’s sleep. We can look for Gallus Hall tomorrow morning.”

Suddenly, Severin thought of something. He slapped his head and said regretfully, “I’m such an idiot. I shouldn’t have killed all those people. At least keep on alive so I can ask him about Gallus Hall.”

Severin smiled. "Never mind. We just arrived. There's no need to rush. We can start to ask around tomorrow. Nine Dragon City is so much bigger and busier than Skycean City. The attainment of the hall master of Gallus Hall is very high. I'm sure Gallus Hall is not as well known as Nightsky Gang. So it's going to be quite hard to locate them."

"You're right. We can ask around tomorrow. It's also very late now. Even if we found out where the location is, we can't go there now."

Severin nodded. Soon, they were back in the hotel room.

"Honey! Let's open our present!" Severin said with a smile as he took out the spatial rings he got from the people he killed.
