

## After Prison 1231

### [Chapter 1231](#)

Suddenly, Sheila realized it. "That's right. I almost forgot her. She's really dying to train too,"

Severin smiled faintly. "I'm sure it's not going to be a problem if uncle-master promised to find one for me, it means he is confident. She can train a few months later."

Sheila looked up and smiled gently. "Severin, am I eligible to learn the Mind's Eye now?"

Severin nodded. "Of course. But I have to help you open your third eye first. As I said, you need to take off your clothes and lay face down on the bed for me to do that."

Sheila's face blushed after hearing that. Then she nodded shyly. "Okay. That's not a problem. You have seen my body anyway."

Severin smiled and said, "Alright. Then let's begin. It's just going to take several minutes."

While he said that, he flipped his palm to take out his toolbox and placed it on the bed. Sheila took a deep breath, took off her clothes, and lay on the bed with her face facing down.

The moment Severin looked at Sheila's perfect body and fair skin, he gulped uncontrollably. As he took out his tool, he reminded, "Oh, there's something I need to remind you. When it's about to finish, I will take out the needles one by one. When that happens, your body is going to feel extremely comfortable. So comfortable that you might moan. But that's very normal."

has to be so comfortable for me to moan. I believe I can

Sheila looked back and gave Severin a fierce look. "I won't do that. It has to endure it."

Once she finished talking, Severin slapped her butt

"Ouch!" Sheila shouted and looked back angrily at Severin, "Why did you do that?"

Severin smiled. "If you can't take that, what makes you think you won't moan later?"

Sheila felt speechless. "I wasn't prepared when you smacked my butt. It's just a normal reaction! I won't shout if I'm prepared!"

Severin chuckled at how proud and confident Sheila looked. Then he started the dry needling treatment. Time passed very quickly, Suddenly, Severin started to take out the needles one by one. It felt so good and comfortable that Sheila's body

twitched.

"Ah!" She could not control herself and moaned comfortably. Immediately, the color of her cheek became rosy.

"Ahem, ahem. What did you say just now? Didn't you prepare yourself?" Severin teased.

"You're so annoying!"

Sheila looked back and glared at Severin. The color of her cheek was so red it looked like an apple. Soon, Severin took out all nine needles. Every time he took out a needle, Sheila could not help but moan. The moaning sound was so alluring and sexy.

Once that was done, she stood up and was going to put on her clothes. Suddenly, Severin stood up and hugged her from

### [Chapter 1232](#)

“Hey, what are you doing?” Sheila asked shyly and she was feeling very nervous.

Severin smiled faintly. “Obviously you know what t want to do. Why did you even ask?”

After that, both of them fell to the bed. Severin did not wake up until it was nearly evening. Then he started to n nake mate alchemical pills. Since he had collected a lot of spiritual herbs, he did not waste any time. The next day, he was also busy making more alchemical pills. In the end, he made a lot of second-grade alchemical pills. Besides that, he also did not forget to make several first-grade alchemical pills. Finally, Nancy had settled and sold off the businesses and was ready to move to South Link City.

Two days later, everyone reached South Link City and they were very happy. Severin looked for Larry and requested Larry to bring Nancy and the others to find a place to stay and settle down. Whereas, Sheila and him went back to South County Mansion.

“Diane! Look. Severin and Sheila are back!”

When they were walking into the South County Mansion, Megan said happily. She was strolling in the garden together with Diane. Diane was happy to see them. “You re right! He must be very happy to find two halls within a short period. It’s a remarkable progress.”

“Dad! Dad!”

Selene saw them too and ran toward them.”

“What? She’s running so fast!”

Sheila gasped when she saw how fast Selene could run. “Gosh, Selene is so talented. She’s so young but she improves so fast!! she thought.

Severin squatted down and carried Selene. He asked, “Selene, did you have another breakthrough? What’s your attainment now?”

Selene quickly cocked up her head and looked pleased with herself. “Lillie and Wendy said I’m a level nine grandmaster now! I just need to train harder and I’ll become a profound master soon.”

“What? You’re a profound master soon?”

At first, Sheila was really proud of herself for becoming a profound master. Then she was so surprised Selene was already a level nine grandmaster and soon to be a profound master.

“Haha! Not bad! You’re truly my daughter! I remember when I left you were just a level seven grandmaster. Then you become a level nine grandmaster while I was gone. You’re really very talented!”

Severin laughed out loud and felt very happy that he kissed Selene's chubby face.

"Dad! How long did you not shave your face? 1's so prickly!"

However, Selene gave her father a blank look of disgust and wiped her face with her hand.

"Haha! She is disgusted by your stubble and kiss!"

Sheila laughed out loud at Selene's reaction. Selene's expression was just priceless.

### [Chapter 1233](#)

Severin smiled embarrassedly. "I forgot to shave. They grow so fast."

After that, he gathered a thin layer of spiritual energy on his palm and rubbed his chin and mouth a few times. Suddenly, the stubbles on his face were gone.

Selene's eyes lit up. "Wow! Dad, can you shave like that? It's so amazing!"

Sheila was surprised too. "You can do that?"

Severin chuckled. "Haha! Of course. It's a waste of your spiritual energy. But you need to have high attainment and strong telekinesis. Otherwise, it's not going to be clean."

"This is the first time I see it too," Diane said as she walked over and gave Severin a look.

Severin put Selene down and looked at Diane gently. "Diane, do you miss me while I'm away?"

Diane blushed. "Why did you ask that when there are so many people here?"

Felicia covered her mouth and smiled. "Haha. It's nothing. Yes, she misses you. You're her husband. Do you think she won't miss you?"

Severin smiled. "Diane, you improve so quickly. You're a level three profound master now!"

Diane smiled, "Of course. I keep myself busy with the training while you're gone and I also use three stalks of first-grade spiritual herbs to help with my training."

"Wow! Diane, you're a level three profound master!"

Sheila looked at Diane with envy. "Hehe. I have good news too. I'm a profound master too. Although I'm just level one, I'm really pleased with myself. At least I have the requirement to have attainment now."

Diane was happy for Sheila. She smiled, "Really? That's so great! You're improving very fast too!"

"I think I'm alright," Sheila replied shyly.

All of a sudden, Sheila remembered something and said, "Oh! Diane, and Megan, I bought many gifts for everyone. They are in Severin's spatial rings. I'll get him to take it out later!"

"You bought gifts for us? Hooray! Severin, take it out now!" Megan said while extending her arms out. Her eyes were speaking

with joy.

Severin smiled bitterly. "What's the rush? She bought a lot of things. I'm afraid you're not going to be able to take everything by yourself. Come on, let's go in. I'll put them on the couch."

Megan was so happy, "Sheila, you're so nice!"

Sheila giggled. "We're a family. You know how much I love shopping. So I kept asking Severin to go shopping with me. When I see something that I think you guys will like, I buy it. Oh, I also bought some toys for Selene!"

"Thank you, Mommy Sheila!" Selene said happily.

When they were in the living room, Severin took out all the gifts Sheila bought for everyone. The gifts were not just for Megan and Diane but everyone including, Felicia, William, Judith, and Maurice. As Severin said, the gifts were so many that they were everywhere.

"Wow. You also bought a gift for me. Thank you, Sheila. You're so thoughtful," Maurice said happily as he looked at the watch Sheila bought for him.

Sheila smiled, "You're Severin's Dad and that makes you my Dad too. I definitely won't leave you out!"

#### [Chapter 1234](#)

Unexpectedly, Zachariah walked right in as Sheila finished talking.

What about me? Do I have a gift too?" he asked with a smile when he saw everyone holding a gift.

Followingly, Sheila looked embarrassed and scratched her head. "Umm... Dad, I was too busy buying gifts for everyone else so I accidentally forgot about you."

Zachariah reacted with a long face. "What? You forget to buy a gift for me? You heartless little girl."

Severin quickly came to the rescue and said, "Dad, wait. Sheila didn't forget you. She did buy a gift for you."

Sheila frowned after hearing that because she really did forget to buy a gift for her dad and now she did not know what to do

after what Severin said

"Oh, really? Where's my gift?" Zachariah raised his brow and extended his hand. "Give me."

Severin flipped his palm and took out a bottle of spiritual alcohol. "Sheila must have forgotten that we bought this bottle of spiritual alcohol. It's incredibly aromatic. After drinking it, it can strengthen your body and increase your lifespan. Whereas, it can help to increase attainment for those people with low attainment."

After a pause, he continued, "Which means that doesn't apply to you because your attainment is considered high. It works better for supertie fighters and grandmasters So drinking this won't make any difference to your attainment but it tastes very nice. Drink it tonight and you'll know what I mean."

"That's right! Dad, this is your gift. I forgot about this just now, Sheila explained quickly.

"Silly girl..." Zachariah smiled and said, "I heard you guys are back so I came over to take a look. How's the trip?"

Severin nodded. "It's very good. I found two halls and have already relocated them here. Dracodeus Temple is slowly getting stronger."

Sheila added, "It's not exactly smooth sailing but it's not too bad. A lot of things happened and even Steward Hatcher, one of The Three Commanders, was involved in a particular matter."

"What? You saw Steward Hatcher? What happened? Tell me everything," Zachariah asked curiously.

"Yes! Sheila, please tell us what happened. I want to know too!"

Megan's eyes sparkled as she looked at Sheila with anticipation.

"It's a long story..."

At that point, Sheila regretted it. If she had to tell everything that happened during the trip, it was going to take a long time. By now, she understood why Severin would say everything was fine. At least, he would not have to explain in detail to the

others.

"No worries. No worries. Sit down and you have all the time you need to tell us everything."

Felicia too was looking forward to listening.

Sheila was at a loss for words. All she could do was smile embarrassedly and sit down as Felicia said. Whereas, Severin had already gone upstairs to avoid being asked more questions or forced to tell them what happened during his trip.

### [Chapter 1235](#)

At night time, the whole family sat together happily to have their dinner together. After the dinner, everyone went back to

their room to rest.

During the dinner, Severin took out a few bottles of spiritual alcohol for everyone to taste. Although Maurice and the others did not have attainment, the spiritual alcohol provided a lot of beneficiary to their bodies but they were not allowed to drink a lot. Each person was told to take just a few sips to try.

After Diane finished her shower, Severin was already knocking on her door.

She opened her room and saw Severin had already changed into his pajamas. She smiled bitterly, "Don't tell me you're thinking about that."

Severin closed the door and smiled lustfully. "Diane, I haven't slept with you for days. Of course, I'm thinking about that tonight."

"You're a pervert! Scram!"

Yet, her words did not actually match what she was thinking. Her face was blushing. The way she looked at Severin suggested she actually missed him a lot and desired to sleep with him ton, Severin was attracted by her eyes as if her eyes were inviting

him

Moreover, Diane was wearing a fiery red nightie tonight. Severin felt a fire burning in his abdomen. He walked closer to Diane and hugged her from the back. "Yes, I'm a pervert but only when I see you"

"You're so annoying. You're bullying me again!"

Despite those words, Diane was feeling very touched and sweet. She looked back as if she was feeling a little angry at Severin. Her reaction only intrigued Severin even more. He carried her and put her on the bed.

The next day, Severin stopped Diane when she was about to get up. It shocked her.

She frowned. "What? Not again, please! You did it twice last night!"

Severin smiled faintly. "No, that's not what I want. I was planning to teach you Mind's Eye and also open your third eye.

Once Diane heard that she was relieved Severin was not planning on another round of sexual intercourse anymore and curious

She asked, "What's Mind's Eye? And how do you open a third eye?"

Then Severin started explaining it to Diane. After knowing the answer, Diane said, "Oh, my god. No wonder you can tell other people's attainment. It's because of this secret technique! This is so wonderful. Hurry up and open my third eye!"

After that, Diane laid down on the bed with her face facing down and felt hopeful.

Severin did not forget to remind her of the same thing he told Sheila. "There's one thing I need to tell you before I open your third eye. It's not going to hurt but when I took the needle away, your body is going to feel extremely comfortable. So comfortable that you're going to moan. I need to tell you this first so you won't scold me later."

Diane smiled. "I can't imagine it. But don't worry, I won't make a sound. You're just taking the needles away. How comfortable can that feel?"

Severin smiled bitterly. "Sheila said that too but she did not hold it in."

Diane was surprised. "Sheila is already learning Mind's Eye? I have a lot of catching up to do."

### [Chapter 1236](#)

Suddenly, Diane paused for a while. "Don't worry. Sheila is young and it's normal that she cannot hold it in. I'm different. I

know I can bear it."

Once again, Severin smiled evilly, "Oh, really? Why don't we bet on it? If you can't hold it in, then you need to promise to sleep with me again later."

Diane smiled. "Okay. Then what if I can bear it and didn't moan?"

Severin gave it a thought and said, "You can request anything from me. Anything."

"Deal!"

Diane smiled and shrugged her shoulder. "Let's start."

Severin nodded. His eyes looked different and professional. He took out the needles and applied them to the correct spot one after another. When all nine needles were placed correctly, he slowly turned the needle.

A warm feeling flowed through each spot in Diane's body and it made her feel so comfortable. However, she was very pleased with herself and thought Sheila was very weak. Yes, it felt very comfortable but it was not to the level where she could not control herself.

"Ah!"

Suddenly, Severin took out the first need without informing Diane. An electric feeling appeared from the spot and flowed into every part of Diane's body. It was so comfortable that Diane could not help but mean lightly.

Severin chuckled "Honey, I'm sorry but you lost. Your voice is so sexy."

Diane's face blushed and she gave Severin a look. "Scram! That's all you think about!"

Severin smiled. "Well, I'm a guy. Don't forget about our bet. I know you never break a promise, so you better hold up the other end of your bargain."

Diane's mouth twitched. Severin had worn her out last night and she was scared her body could not cope if Severin really

wanted to do it one more time.

She gritted her teeth and said, "Don't worry. I never break my promise!"

Severin was glad to hear that. Then he went on to take out the second needle

Same as the first time, it was so comfortable that Diane moaned again. This time, her face and ears were blushing. She scolded herself for being so useless and not bearing it again.

Soon, the nine needles were all taken out, Severin flipped and took out a book for Diane. "This is the Mind's Eye technique book. You have completed the first and most important step which is to open your third eye. It's not that difficult after this. It's not a lot so I think it's going to take one day for you to memorize everything in this book."

Diane took the book and read it. "This is great! I can start to learn Mind's Eye now!"

[Chapter 1237](#)

“Hehe. Honey. It’s time for you to fulfill your bet.”

Severin chuckled. His heart was throbbing hard and the desire to hold Diane grew stronger while he looked at Diane’s perfect body.

Suddenly, Megan knocked on the door. “Hey! Larry, Rachel, and the others are here. They’re waiting for you downstairs. Are you two up yet?”

“Yes! We’re. We’ll be right down soon!”

Diane was so happy to be saved by Megan. When she looked at Severin’s sullen face, her level of happiness skyrocketed. She quickly got up and put on her clothes. “Hurry up! They’re waiting for you!”

No matter how much Severin did not want to, he could only get up and put on his clothes. “I did tell them to come over but not so early! Sigh, I really didn’t expect them to come so early.”

Diane glared at Severin. “It’s not early anymore. It’s already after nine. You just don’t feel like getting up because of those dirty thoughts in your mind.”

Severin smiled. “Well, you can’t blame me. No guys in this world will want to get up if they have you sleeping beside them.”

By now, Diane was already done. “When did your mouth become so sweet? I never knew you’re so good at sweet talk

Severin shrugged his shoulder and complained, “This is not sweet talk. This is the truth ”

Finally, they went downstairs when both of them freshened up.

“Good morning, Supreme Leader! Good morning, Missus Diane.”

The group of people stood up and greeted respectfully by cupping their hands together when they saw Severin and Diane walking down.

Severin extended his hands out and pressed down to ask everyone to sit down. “Sit down, please. I have asked all of you here today so you can get to know each other. Especially the hall masters of Taurus Hall and Gallus Tall.”

Rachel smiled. “We have already introduced ourselves and got to know them last night. We even went out for supper together. It was too late so we didn’t invite you.”

Severin smiled. “Is it? That’s great. We’re a family now so we need to stick together and get along well.”

Mick from Mus Hall laughed. “I used to hear people talking about how beautiful the hall masters of Taurus Hall and Gallus Hall are. But your beauty has totally exceeded my expectations. Haha. It seems like we have a lot of beautiful hall masters.”

Candy gave her father a look after hearing that. Dad, I’m also very beautiful.”

Mick chuckled. “Hahaha. Yes! I almost forgot about you My sweetheart, you’re also very beautiful.”

Candy did not know if she should cry or laugh at that situation. "Dad, listen to yourself. You should just say I'm also beautiful like them too. Why do you need to lie about it? Am I really very beautiful if you can easily forget about me?"

### [Chapter 1238](#)

Yuka looked at Mick and Candy arguing together and chuckled. "I really like it how you and your father make fun of each other. You two leak very close. My parents passed away when I was very little. Luckily I met the old Supreme Leader, he helped me a lot. If not, I won't be here today."

After that, she looked at Severin. "Of course. I think the new Supreme Leader is very good too. You have to be better than excellent to let the old Supreme Leader pass down his legacy to you."

Severin smiled bitterly. "Thank you. You guys have no idea how strong the old Supreme Leader is. I'm totally incomparable to him"

"Supreme Leader, you're too humble. You're very strong. That's no doubt about that."

"That's right. I've never seen such a man who is so steady and prefers to keep a low profile. Man like you are the one who can't reach where normal people can't."

Obviously, many hall masters thought Severin was being too humble. They had no idea Severin was really telling the truth.

In fact, Severin also knew that they were not going to believe him no matter how hard he explained. From those hall masters' perspective, he was really the strongest person they knew.

"Alright. There are two reasons that I have asked all of you to come here today. One, get to know each other. Secondly, I want to see what are your progress and the improvement you made." Severin smiled and changed the topic.

After that, a faint golden light appeared in Severin's eyes but it happened in a flash. The golden light was very faint and people could hardly notice it

He looked at Larry, smiled, and nodded. "Not bad, not bad. You're a level seven warrior king now. It seems like the breakthrough happened not long ago. I'm impressed with the speed of your improvement."

Blade who was standing beside Larry asked with a big smile, "Supreme Leader. Can you guess what's my attainment?"

Before Severin answered, Nancy replied, "Master Blade, you can't hide your attainment from the Supreme Leader. He knows the secret technique that could easily tell another person's attainment."

"Seriously? Oh, well. I was thinking of giving him a surprise. I made quite a progress lately."

The anticipation expression disappeared from Blade's face.

Severin smiled bitterly. "Master Blade, you're right. You're a level five warrior king now. But if you want to assume personal responsibility, you need to work harder and become a level eight or nine warrior king."

Blade felt embarrassed and scratched his head, "I want to but it's not that easy. I'll do it slowly. It's bad to rush especially when it comes to training."

After that, he remembered something and said, "Supreme Leader, can you not call me Master Blade? You're my Supreme Leader, the boss of my boss. I don't think it's good that you're calling me Master Blade."

Severin did not care. "I have already gotten used to calling you Master Blade since we were back in Brookbourn. It doesn't matter. It's just a name. You don't have to bother about that."

### [Chapter 1239](#)

Once Severin finished talking to Blade, he turned his attention to Mick

He looked at Mick and said, "Mick, you did well ino. You're a level seven warrior king now. At least I don't have to worry! anymore now that most of you have reached level seven warrior kings. It's not going to be a problem to have all of you reaching level nine warrior kings in eight months. Heck, I assume you guys could probably be warrior emperors by then."

Everyone was thrilled to hear that. In the past, they

uld only dream about becoming a warrior emperor but now, their wishes could come true. According to Severin, that was going to happen within eight months. If another person told them that, they might he was bluffing or a lunatic.

Yet, they did not question Severin at all because they knew Severin was a third grade low-rank alchemist and also from the improvement they had from the past three months. In fact, all of them felt like they were dreaming.

After that, Severin looked at Candy and Lauren and nodded happily. "You two are level four warrior kings. That's good. Not many people can bully you two in this city."

Candy was feeling joyful. "I'm really happy to receive a compliment from you. My dad doesn't like to compliment me. He never encourages me and always complains that I prefer to go shopping or dress up prettily."

Everyone could not help but burst out laughing.

After that, Severin looked at Gracie and Rachel. His ryes lit Hahaha! This is good!"

"Not bad! You two are now level right warrior kings now!

Gracie covered her mouth and laughed like a lady. "It's because of you. You're the reason we could improve so swiftly. Without your alchemical pills, we can never reach where we are now."

Rachel also agreed, "That's right. We're so lucky that you're a fantastic alchemist "

When Yidel saw Severin was looking at him, he smiled embarrassingly, "Supreme Leader, I'm sorry for bring a burden to everyone. I'm just a level five warrior king. I think my artainment is the lowest among all the other hall masters."

Suddenly, Yuka spoke. "Mister videl, I'm the same as you, a level five warrior king. I guess I'm at the bottom ton."

Severin told them, "Don't belittle yourself. You guys made good improvement too because I just found you two recently and when I found you two, your attainments were very high. I have eight months left. You guys just need to reach level nine warrior kings within half a year."

Yidel cupped his hand. "Don't worry, I will do my best."

Yuka replied, "I believe with help from you 1 can achieve that."

After that, Severin looked at Nancy who had just joined them. Nancy was already a level six warrior king when he found her. Thus, Severin did not think he needed to worry too much about her.

Lastly, he looked at Zoheb. His eyes brightened up again. "Zobeb, you did well. I thought you were a level seven warrior king but looking closely, you have reached level eight. Not bad, not bad."

Zoheb was a kind, simple-hearted, and quiet man. Most of the time, he would just remain silent.

After Severin praised him, he quickly cupped his hand. "Thank you for your help. I wouldn't be so strong without the help from you. I will do anything for you whenever you need me. Even if that means I have to run into the fire or sacrifice my life."

#### [Chapter 1240](#)

Suddenly, a guard came running looking very anxious and nervous. "Supreme Leader! A woman barged right in. She had a mask on her face and asked to challenge you to a fight."

The guard paused for a while and said, "I told her we need to inform you but she didn't listen and hit many of my colleagues."

Severin was shocked. With a frown, he asked, "Who is she? How dare she do that? Does she know this is the South County Mansion?"

Diane commented, "The lowest disciple we have is a level one warrior king. If the woman could hurt many warrior kings, I think her attainment must be very high. At least a level five and above warrior king"

Mick clenched his fist tightly. "F\*ck her! Did she just dig her own grave barging in here without permission?"

He walked right up and cupped his hand. "Supreme Leader, I would like to take this opportunity to test myself since I just become a level seven warrior king. I hope you can allow me to go fight this woman, Don't worry, I only intend to teach her a lesson for being so rude and I won't kill her."

What Mick said had caused the others to express their dissatisfaction.

Blade balled up his hand and said, "Mister Mick, I don't think you should go. We don't have to crack a nut with a sledgehammer. It's better that I go fight the woman. I'm a level five warrior king and that should be enough to teach the woman a lesson. People might say you bully her if you're the one fighting her."

It came as a surprise to Severin that many people were interested in fighting the woman. He thought for a while and said, This is South County Mansion but she did not care at all. I think Diane's assumption is right. Blade, you stay back. Mick, you can go fight her."

Blade was disappointed with the decision. Yet, he accepted it. "Alright, I understand."

Whereas Mick was happy to hear that. He quickly cupped his hand, "Yes, Supreme Leader. It won't take long"

After that, he strode out. Shockingly, he came back looking sullen within a minute.

"How is it? Did you teach her a lesson? Rachel asked with a smile.

Mick answered angrily, "No. I found out she was stronger than me when we fought so I came back. Supreme Leader, I think you're the only one stronger than her."

"What? She's stronger than you?"

Everyone was shocked to hear that. Severin nodded. "Alright. Then I'll go out and see who she is."
