

## After Prison 411

### [Chapter 411](#)

It was the first time Sheila presented a gift to Diane. She was afraid Diane wouldn't be happy about it. After all, even though she bought gifts for everyone, her intentions were still too obvious.

Diane received the gifts with a smile. "Thank you, Miss Ballard. They're beautiful. I like them!"

"Come, have a seat here!" Diane ordered her attendant to place a set of utensils and a stool on Severin's other flank.

"Thank you, Diane!"

With the both of them seated beside Severin, Sheila thought Diane was generous for making that arrangement. That was why Severin loved his wife. She was such a saint!

"Diane, I'll bring your presents inside!" Megan was gathering all the gifts the Shanahans had received from Sheila.

"Sure!" Diane nodded as she passed her gifts to her sister.

"Ahem. Miss Ballard, you're too generous. You've brought us so many gifts, and we don't know how to repay you!"

Severin sat down and raised his glass. "I'll give you a toast!"

It was Sheila's first time drinking with Severin. She also filled her wine glass and gave Severin a toast.

"Cheers! I guess this marks our first time drinking together!" Sheila clinked her glass against Severin's and finished her drink in a single gulp.

Severin's lips twitched as he thought silently, "What is she thinking? Saying that might cause a misunderstanding with the others!"

He smiled awkwardly and finished his glass of wine.

"Well, well. I never imagined Miss Ballard could hold her drink at such a young age!"

Stanley, who was sitting opposite Sheila, helped himself to a glass of wine. "Miss Ballard, this is also our first time drinking together. Come, let me give you a toast!"

This time, it was Sheila's turn to twitch her lips, but she quickly regained her composure. "Let's have a toast!"

Claude decided to butt in too. "Hey, it's also my first time visiting the Shanahans. I guess everyone has their first time of their own here, right? Come, let's have a toast together, shall we?"

Catherine stood up from her seat. "Well said, Mister Emerald! We shall toast for our first time, second, third, and so on!"

Everyone stood up with their glasses raised and finished their drinks. Diane smiled in amusement as she peeked at a frustrated Sheila.

“Take a break from the liquor and eat something. Just don’t knock yourself out!” Severin reminded Sheila out of concern.

“Don’t worry, my handsome. I won’t get drunk that easily!” Sheila teased Severin.

“You care about me, don’t you? Are you worried about me?”

“I.....”

Severin didn’t know what to say.

“Here, try this dish!” Diane said with a smile.

### [Chapter 412](#)

Everyone was in a good mood, especially the Shanahans. Having Sheila Ballard and Claude Emeraldo visiting their estate meant their family was becoming more significant. At that rate, they had a chance to become one of the first-tier families in the city.

Catherine Shanahan was in a good mood too. While she usually wouldn’t drink much, she had two glasses of red wine that afternoon.

“Come, let’s drink!”

However, nobody expected Sheila Ballard to get drunk that soon. Even though she had already lost her composure, she continued filling her glass.

“Miss Sheila, you’re drunk. You must stop before you knock yourself out!” Diane tried to advise her.

“I’m not drunk. I can still drink. I can drink a lot!” Sheila struggled to keep her eyes open as she mumbled.

Severin felt the situation was getting out of hand. Sheila had already finished two bottles of red wine. Despite her claims, the headstrong girl couldn’t hold her liquor. How was Severin supposed to explain what happened to her father?

“You should stop, Miss Ballard. You’re already drunk!” Severin nudged the girl.

“Hic, no!” Sheila protested stubbornly.

She pouted at Severin. “I-I won’t listen to you u-unless you kiss me. If you d-don’t, I’ll j-just keep drinking! Hehe! Hic!”

Embarrassment filled Severin’s face. The drunk girl could no longer stop herself from saying those silly and awkward words.

“Ahem! She is already drunk, I guess!” Megan conceded.

“What should we do?” Diane didn’t know how to deal with the situation anymore.

“Hehe! I never imagined Miss Ballard has such a wild side!” Claude suddenly laughed. “Mr. Feuillet, you must have quite the charm to make a cute girl like her fall for you!”

“You know that’s not true, Mister Emeraldo. She’s drunk!”

“Well, liquor makes a person honest about their feelings! It’s a good thing you have that charm, Mister Feuillet!” Claude continued teasing Severin.

“F\*ck, I’m so jealous! It’d be great if I could kiss her!”

Stanley couldn’t help but express his envy. To him, Severin always got the best things in life. Not only was Sheila Ballard leagues above beauties like Robin Zelanko, but she was also cute, young, and had impressive breasts. If only he could get a gorgeous and powerful beauty to fall in love with him. Severin always had all the luck in the world!

“Diane, Megan, can you two bring Miss Ballard into your room to rest? We’ll get her bodyguards to bring her home once she sobers!” Catherine suggested.

“Yes, Grandma!” The two girls got up and began to help Sheila.

“No! I want to be with my darling Severin! I don’t need anyone’s help!”

To everyone’s surprise, Sheila quickly locked her arms around Severin’s thigh and hugged it tightly.

#### [Chapter 413](#)

“Uh...”

Diane and Megan exchanged glances and didn’t know what to say. It was also embarrassing for Diane. She had to watch another woman shamefully hug her man.

“Miss Ballard, please watch your conduct! Let Diane and Megan help you to a room to rest!” Severin tapped Sheila’s shoulder. He was getting more and more furious.

After all, he was losing face in front of his in-laws, family and friends, and especially his beloved wife. However, he still had to hold some restraint on her. After all, Sheila was still the precious daughter of the powerful Ballard family. He couldn’t push her away by force, so he could only convince her to let him go.

“Mmmm...no! I don’t want to! I want to be with you. I like you so much.” After Sheila mumbled a little, she fell asleep on Severin’s lap.

“She’s drunk! Don’t take her seriously!” Severin looked at Diane and his in-laws as he tried to defend himself.

“Severin, maybe it’s best you bring her inside. At this point, you’re the only one who can help her. She’ll only listen to you.” Catherine said. But under her calm demeanor, she was trying hard not to show how happy she was.

Since Sheila had a crush on Severin, the Shanahans could support their marriage and use it to establish a strong relationship with the Ballards.

“That’s right, Severin! Help her inside now!” Felicia ushered her son-in-law.

“F-fine!”

Severin tapped on Sheila's shoulder again. "Miss Ballard, just let my thigh go. I'm bringing you inside to find a bed to sleep in!"

"Sleep? Sure. Do you want to sleep with me?"

Sheila finally released her grip, but her words left everyone speechless. However, she didn't just stop there.

"Isn't it too soon, though? I'm not ready yet!"

Severin's heart almost stopped after hearing that. He quickly helped Sheila to her feet.

"No, I'm not sleeping with you. I'm just putting you to bed."

"No! I want you to stay with me! I want you!"

Sheila continued her drunken tirade and grabbed another glass. "How about we have a couple more drinks?"

Severin quickly snatched the glass from her hand and placed it on the table. Then, he carried her up like a princess.

"That's enough drinks for today. I'm bringing you to Diane's room!"

He began walking toward a mansion nearby. This time, it was Diane's turn to be furious. She could accept Sheila having a crush on her husband. However, the embarrassing things Sheila said were simply too much for her.

"Ahem! Miss Ballard overestimated herself. She ended up drunk and rambled all sorts of nonsense. Come, let's continue drinking!" Claude tried to defuse the situation and raised his glass.

"Yes, that's some crazy talk she did! She's still cute, though!" George said as he clinked his glass with Claude's.

"Mmm."

Sheila laid her head on Severin's chest and mumbled. "My charming Severin, do you want to sleep with me? It's my first time. Please be gentle!"

Severin almost lost his footing. He knew he had made the right choice to leave quickly. He would be in trouble if Diane and the others heard what Sheila had said.

"You stupid girl! Don't drink that much if you can't handle it!" He cursed at the drunken girl in his arms.

#### [Chapter 414](#)

"Mmm!"

Sheila mumbled one last time before she passed out. After walking for a few minutes, Severin carried Sheila into Diane's room and placed her on the bed. Then, Severin removed her shoes and repositioned her body so she could sleep comfortably.

Suddenly, Sheila's arm wrapped around his neck.

“Be gentle, please! It’s my first time! I’m scared!” She muttered.

Her sexy red lips, angelic face, and sexy body almost made his heart move. Severin gulped as he almost fell for her charms. He quickly put her arm away from his neck, shook his head, and left the room. He splashed his face with water inside the toilet before heading downstairs.

“She’s such a handful. How could she get so drunk?”

Even a righteous man like Severin would have a tough time dealing with a wild-spirited beauty like Sheila.

“How was it? Is she alright?” Diane asked her husband when she saw he had returned.

“She’s fine. She quickly fell asleep after I put her on the bed!”

“She’s such a piece of work. She can’t drink much, and she spouts all kinds of nonsense when she’s drunk!” Severin couldn’t help himself from grumbling.

“Hehe, maybe she’s just being honest about her feelings!” Catherine laughed before continuing.

“Severin, it’s a good thing Sheila likes you. That proves you have what it takes to be capable. and charming. Moreover, Sheila is from a high-class family. That should show how popular you are!”

Catherine’s words didn’t mean much to Diane, but she knew she was leaving Severin a hint.

“Oh, don’t drink yourselves silly tonight. We need to send the War Chief our invitation tomorrow. We’ll leave in the morning. Don’t be late!”

Severin smiled confidently. “Don’t worry, Grandma. We won’t.”

Then, he turned his attention to Claude. “Come, Mister Emerald! Let’s continue drinking! Let us drink as much as we can!”

“Haha! Yes, we will! It’s a pleasure to drink with you!”

The two men raised their glasses and began drinking again. When lunch was finally over, Claude left home with his men.

“Grandma, we’ll be heading home too!” Diane said while carrying her present.

“Alright.” Catherine nodded.

“Diane, should we go to your place tomorrow morning, or are you fetching us instead?” Megan quickly asked.

“Well, we can fetch you tomorrow!” Diane replied.

As Severin and Diane began their drive home, the man watching from the teahouse balcony sneered

#### [Chapter 415](#)

“It seems that Miss Ballard likes you very much!” On the way back, Diane, who was sitting in the passenger’s seat, smiled slightly and said to Severin.

Severin did not know how to answer, so he could only reply half-jokingly, “Hey, Honey, you think too much, she is just drunk and talking nonsense. But this shows that you did not choose the wrong person, right? Your husband’s charm is extraordinary!”

After Diane heard this, she could not help but pursed her lips and said with a smile, “Isn’t that right? I’ve chosen the best man!”

After that, she asked curiously again, “By the way, what is the gift that Claude gave you? Why do I feel that he came here today to curry favor with you?”

Speaking of Claude, Severin could not help but smiled and said, “Claude is a smart man, I guess he saw Larry from Draco Hall and the others gave a lot of the Chavezes’s property to the Shanahans. He must think that the Shanahans has a bright future, so he’s there to give gifts!” However, Diane shook her head. “I don’t think it’s that simple. The gift to you is more precious, right? I looked at the box, and it was not simple. Although I didn’t see what was in it, I can only imagine how precious it is!”

Severin smiled lightly. “It’s really not simple, there is a thousand-year-old reishi mushroom inside!”

“Thousand-year-old reishi mushroom?”

Diane frowned, and soon smiled again. “reishi mushrooms can be seen everywhere, but if it is thousands of years old, it is probably fake. Hehe, how old is this reishi mushroom? Who can actually tell? I think it’s hard to find even a century-old one!”

Severin said with a smile, “Honey, there are indeed a lot of reishi mushrooms, and those on the market are not expensive, but for those of us who practice, we can still recognize whether it is a thousand-year-old mushroom. If it is five hundred years old, there will be a lot of spiritual energy gathered in the reishi mushroom, and there will be more spiritual energy in the reishi mushroom that is thousands of years old!”

“Spiritual energy?”

After hearing this, Diane said, “That is to say, the mushroom has absorbed the essence of the sun and the moon, and there is a kind of energy in it. Then, after you take the mushroom, you can improve your cultivation? Can you become very powerful?”

Severin smiled lightly and said, “Hehe, pretty much. It is a kind of energy, but it is not the essence of the sun and the moon, but the essence between the heaven and the earth. This kind of

gas is not something that ordinary people can feel. I don’t see it. Only those with good cultivation talents can carefully perceive the existence of this kind of energy!”

Diane suddenly felt a little lost and said, “It seems that I am the kind of ordinary person who can’t cultivate, right?”

Severin could tell that Diane also wanted to cultivate and gain some strength, especially after she was kidnapped by the bodyguards of the Chavezes that day, she might have a little trauma in her heart.

If she had some strength, she might not have been so passive at that time. If she had been able to hold back the two bodyguards who took her away for a while, and when Abigail came back, she would not have been taken away.

Thinking of this, Severin held Diane's other hand with one hand, and said with a faint smile, Honey, don't worry, I will definitely find the treasure that can change your physical talent, and then you can also cultivate."

Having said this, Severin paused for a moment, and said, "Of course, for a cultivator, the person with energy is considered to have stepped into the threshold of cultivation, because the person with energy already knows how to breathe out spiritual energy and use spiritual energy for cultivation. He knows how to use spiritual energy to nourish the body. As for warriors and grandmasters, they are not considered cultivators at all!"

"Not cultivators?"

Diane was very smart, and quickly understood the meaning of Severin's words. Her eyes and she said, "Honey, what do you mean? If I can exercise and practice hard, I can still become a warrior or a master, right?"

Severin frown. "There are two ways, the first is to keep exercising, but in this way, my wife may become a muscular woman. I don't want you to become like that, Honey. At that time, your arms will be full of muscles, so it won't look good!"

Diane rolled her eyes and said, "What about the second method?"

Severin said, "The second way is to use this thousand-year-old reishi mushroom, cut it into small pieces to make tea, it can not only nourish the body, prolong life, and make the skin firmer and smoother, but also, It can also change the physique of the body and quickly make you a warrior. Coupled with a little exercise, you can become a grandmaster!"

#### [Chapter 416](#)

"My God, no wonder I saw that you didn't really want this gift at the beginning, but when you saw what it was, your eyes lit up immediately, and then you accepted it. From your reaction, I knew it was something good!" Diane could not help but exclaim.

Severin smiled and said, "Selene is too young, so I can't make tea for her. However, her parents can take it. It's okay for them to prolong their life, at least ten years more. As for you, At that time, you can keep more than half of it, and I will teach you some boxing and kicking exercises in two days. You can practice even if you have nothing to do!"

"Okay. Honey, you're so kind to me!"

After hearing this, Diane immediately laughed, obviously very happy. "This Claude is willing to take out such a treasure. This is really a waste of resources."

"Haha, it's because people think your husband is useful. This is how the world is. When you are incapable, no one will think highly of you!" Severin laughed.

However, at this moment, an old man appeared on the road ahead, and slapped a nearby tree. with his palm.

"Not good!" When Severin saw it, he immediately felt something was wrong, and immediately slammed on the brakes.

Boom! The big tree broke directly and fell into the middle of the road, blocking Severin's way.

"Ah!" Diane was startled, and looked carefully, if Severin had reacted a bit slower just now, the big tree might have fallen on their car. 1

"My God, that old man is amazing!" Diane looked at the old man and could not help exclaiming.

"Honey, I don't know if you noticed just now. When the other party patted the tree, there was a faint white light flickering on the palm. That's spiritual energy. This guy is a first-grade profound master."

As Severin spoke, he got out of the car. "Seeing that old man like this, he's probably coming after us!"

"Profound master!" Diane gasped, and hurriedly shouted to Severin, "Honey, you have to be careful!"

Diane sat in the car, clenched her fists, worried. She knew that Severin was very powerful, but this old man did not look weak, so she wondered if her husband could win.

### [Chapter 417](#)

"Looking at you, you should be a professional killer!"

After Severin got out of the car, he walked over quickly, stood not far from the other party, and said calmly.

The old man was not in a hurry, he smiled at Severin and said, "That's right, boy, you react very quickly!"

"Hey, killers keep coming to my door recently, and I don't know which bastard invited them!" Severin sighed, then rubbed his fists and said, "Although I killed them all, it's still quite annoying!"

"Haha, you killed them all? That means the previous ones are all rubbish!" the old man laughed and said. "This time, you're probably the one who will die!"

"You are quite confident!" Severin rubbed his fists, and said to the other party. "I hope you are the last one!"

"Yeah?" A cold light flashed in the old man's eyes, and then he flipped his palm in an instant, took out a few throwing knives from nowhere. He swung them suddenly, five throwing knives shot towards Severin. These flying knives were so fast that they turned into afterimages.

Severin frowned, this old guy is really quite insidious. If he chooses to dodge, the place where these throwing knives will fly will be Diane in the car behind him. He had no doubt that such throwing knives could easily penetrate the windshield of that car and hit Diane. So, he could not dodge.

"How shameless!" Severin sneered coldly and stretched out his hands. Seemingly randomly, he struck the air several times like lightning, and caught all five flying knives.

"How can it be?" When the old man saw the situation, his mouth opened wide in surprise. The five flying knives were caught by Severin in the blink of an eye, which shows how fast Severin was.

This kind of speed was impossible for any profound master. Severin just glanced at flying knives lightly, and then sneered again. "Sure enough, a shameless person is shameless in everything he does. There is poison on these. Hehe, even if my skin is scratched a little, then. I'm dead, right?"

“You...” The old man was even more shocked. Who was the target this time? This kid knew that there’s poison on it just by looking at his throwing knives?

“Back to you!” Severin waved his hand, and the five flying knives flew back in a flash. This time, the speed of the flying knives were faster, and the angle of the flying knives became more and more tricky.

“Not good!” When the old man saw Severin waving his hand, he knew something was wrong, and he bowed slightly, ready to dodge. It was a pity that Severin’s throwing knife flew back too fast. The old man squatted down quickly, but found two knives sticking into his stomach, two on his thighs, and one on his arm.

All five throwing knives landed on him.

“Cough, cough!” The old man frowned, and immediately spit out two mouthfuls of black blood, with fear and unwillingness in his eyes, and fell straight down.

Severin walked up to the big tree lying across the road and kicked it, and the big tree was kicked to the side of the road.

“I can’t believe it! My husband killed a profound master just like that?”

#### [Chapter 418](#)

Diane, who was sitting in the car, was completely dumbfounded when she saw that Severin had dealt with such a powerful killer so easily.

“This man is so terrifying!”

Soon, Severin came back again and sat back in the car.

“Honey, you are so awesome, you are my idol!”

Diane looked at Severin and could not help but hugged Severin’s arm. “When can I be as powerful as you?”

Severin smiled and said, “I’m afraid it’s a bit difficult, haha!”

“Shut up!” Diane immediately rolled her eyes at Severin, who seemed to be quite charming.

At this time, Easton Lough’s family was completely bankrupt. After selling all their property, they finally owed more than three hundred thousand dollars in foreign debts. Such a sum did not seem much for the former Loughs. However, for them now, it felt like a headache. There were no resources and no money in hand. Even if they wanted to start a small business, no one was willing to cooperate with them. What’s more, those creditors would often come to them to ask for debts.

“I’m so mad, I thought I found a rich kid, but what happened? I didn’t get anything, and my youth was wasted!” Lucy also muttered angrily in her own home. No matter what she did, she could not feel better.

Lucy’s mother, Helga, complained from the side, “Hey, it’s all because you didn’t choose the right person. If you weren’t with Easton back then, if you stayed with that Severin, maybe it would be okay. Severin’s family is rich now.”

Landon chimed in. "That's right! The mansion they live in now is worth nearly 15 million. dollars, not to mention how great it is to drive around in luxury cars. I heard that the Shanahans are now in full swing. Even the eldest daughter of the Ballards seems to like Severin, and she is pursuing him. That kid is really lucky!"

Hearing what her parents said, Lucy became angrier. After thinking about it, she could not help but said to Landon, "Dad, do you think I'm pretty?"

Landon did not know why Lucy would suddenly ask such a question, and immediately said, "of course you're pretty. Back then, you're the prettiest girl in school."

"Yeah?" Lucy frowned, and after thinking for a while, an idea suddenly came to her mind.

Back then, Severin loved her so much that he even dared to hit Easton, a rich son, on the head. with a bottle. He even went to jail for her. If that was the case, she believed that maybe Severin was with Diane now because Diane gave birth to a child for him. The relationship between the two may not be very deep. Moreover, she estimated that Severin must still think about her in his heart. The last time he went to make trouble at her wedding, it must have been out of love. In fact, he must have gone to the wedding because he did not want to see her marry Easton.

Severin was tall, handsome, and rich. Not to mention his medical skills, he was also good at fighting. This must be the best choice. She believed that as long as she was willing to go to Severin, there might be room for redemption, because she firmly believed that Severin must still love her in his heart. Definitely, the relationship of three years cannot be forgotten just like that.

After thinking about it, Lucy stood up involuntarily, and said to Landon and Helga, "Mom and Dad, I'll go out for a while!!

After going out, Lucy soon found her former classmates Quinn Janssen and Timothy Tanner.

"Lucy, why are you here?"

Seeing Lucy coming, Quinn could not help but say, "I heard that you and Easton broke up?"

Lucy nodded. "He is now a poor man and still owes a lot of debts. How can I share such a burden with him? I don't want to suffer with him, and I don't want to help him pay off the debts!"

After speaking, Lucy thought for a while, and then said to Quinn, "Quinn, do you think I can still be with Severin? I want to redeem our love!"

#### [Chapter 419](#)

Quinn and Timothy originally relied on the relationship between Lucy and Easton to receive a few small projects from the Loughs, which made them rich and became multi-millionaires.

Fortunately, after knowing what happened to the Horsfields, Timothy knew immediately that Easton was finished, so he immediately went to the Loughs to settle the debt owed by the other party for his project. In this way, their loss was not too big, and in the end they lost more than thirty thousand dollars. Now after Timothy heard Lucy's words, he secretly scolded Lucy for being shameless. When he saw Easton was rich, he abandoned Severin and chose

Easton.

Now that Easton was in trouble, and Severin was now rich and powerful, she suddenly said that she wants to restore their original love? Such shameless words could only be said by such.

a woman.

Although Timothy despised her in his heart, Quinn and Lucy had a good relationship after all. So he still smiled and said, "Umm, I'm afraid it's a bit difficult, right? After all, you not only followed Easton, but also threw a big tantrum when he went to the wedding. At that time, you humiliated Severin severely and even said that you were going to kill him. How could he still accept you under such circumstances?"

However, Lucy said, "How do you know if you don't try? He went to jail because of me, which shows that he loves me very much. Maybe he still thinks of me in the depths of his heart now. Besides, if he is willing to accept me, I'm willing to be a mistress!"

Quinn did not speak, because she did not know what Severin was thinking.

After thinking for a while, Quinn could not help but said to Lucy, "Lucy, umm, whether Severin still likes you or not, wouldn't you know if you ask him? What's the use of you coming to us?"

"That's true. If he still likes you, you can just ask him. We can't give you answers if you come to us. We are not roundworms in his stomach!" Timothy said.

Lucy was embarrassed. "If I go to him now, what if he doesn't want to see me? So, if I come to you, I hope that you can help us create a chance to meet. If you can give him a call and ask him out, I believe he will probably come out!"

After finishing speaking, Lucy grabbed Quinn's arm again. She looked pitiful as she shook Quinn's arm and said, "Quinn, can you help me? If you don't help me, no one will be able to help me!"

Seeing Lucy's pitiful appearance, Quinn's heart softened.

"Hey, I remembered. Isn't Cain coming back from abroad tonight? Timothy and I are planning to meet some old classmates and invite him to karaoke at night. Then we will use the excuse of a class reunion to get Severin out. Naturally, we'll call you out too. You should follow along, so that must make sense, right?" Quinn quickly thought of something, her eyes lit up and she said.

After Timothy heard this, he also nodded. "Sounds like a good solution. After all, we are all classmates. It seems reasonable for Lucy to appear there at that time!"

When Lucy heard this, she frowned, and could not help feel a little unhappy. She said, "Quinn, you already didn't you invite me

Quinn felt a little embarrassed. In the past, they would call Lucy and Easton to any gathering

#### [Chapter 420](#)

Easton and Lucy were rich, and they were quite pretentious and aggressive, so they always paid the bill. This was why Quinn and others like to invite them to gatherings.

Now they knew that Lucy and Easton were separated, not to mention that Easton had not only become a poor man, but also owed a lot of debt. He even came to them to borrow money yesterday, but they refused. They naturally have something to do now, and they did not want to call Lucy anymore. After all, Lucy must not have the money to pay the bill. Also, every time Lucy goes out, she would order food and drinks that were extravagant and expensive.

This time, the party was organized by the two of them. They were still rich, so they planned to pay the bill. They did not dare to invite Lucy, for fear that after Lucy went, she would order a lot of expensive drinks. They would have to pay a lot then.

Of course, Quinn would not say that. After a moment, she smiled awkwardly and said, "Hey, Lucy, Timothy and I mainly thought of you breaking up with Easton. We're afraid that you wouldn't be in a good mood, and that's why we didn't invite you!"

Timothy also immediately smoothed things over and said, "Yes, and you know Cain. He pursued you when he was studying, and you don't like him. We are afraid that after you go, you will be embarrassed after seeing him! It's not because we didn't call you because we were thinking about what's best for you!"

After Lucy heard this, she felt a little grateful. "Thank you, you two are really considerate of me!"

"Hey, we have such a good relationship, don't be so polite. If we can help you, we will definitely help!" Quinn immediately said with a smile.

Unexpectedly, Lucy took the opportunity and said, "Well, Quinn, I'm a little tight now, can lend me fifteen thousand dollars, and when I have money, I will definitely pay it back soon for you!"

Upon hearing this, the smile on Quinn's face froze in an instant. "Lucy, I'm afraid this won't work. You also know that our Timothy also relies on the Loughs for our resources. Now that the Loughs have gone bankrupt, it's hard to even protect ourselves. We've lost hundreds of thousands of dollars, and now we can't turn over the funds, so how can I lend you money?"

Timothy looked at Lucy, who was still wearing a gold necklace and a very thick gold bracelet, and could not help saying, "Lucy, if you are short of money, you can sell your gold and silver jewelry for money. Don't you have a lot of jewelries? Don't you have branded bags that you don't use much? These bags can also be sold at a cheaper price, right?"

After thinking for a while, Lucy finally nodded. "It seems that this is the only way to go."

"By the way, the Holy Water Bar, tonight at eight o'clock. Let's gather over there!" after Quinn thought about it, she finally said to Lucy.

After hearing this, Lucy nodded, and then asked curiously, "By the way, Quinn, Cain has been abroad for several years, right? Why did he come back all of a sudden? I haven't heard from him, so how is he doing now?"

After Quinn heard this, she smiled wryly and said, "Hey, that guy failed to chase you in the past, and then he went abroad not long after graduation. It's been five years, and he hasn't contacted us after he went abroad. Then, he took the initiative to contact us, saying that he was coming back, and asked me to find invite some classmates for a get-together. As for his situation, I don't really know!"
