

Revenge On Love Rats After Rebirth by Olivia Marsh Chapter 1320 Image Shattered!

Chapter 1320 Image Shattered!

Vivian's face turned rosy in an instant as she glared at Selena, desperately trying to find something she was better at than Selena.

However, after searching for a long time, she found that no matter what aspect she looked at, she was far inferior to Selena.

In front of everyone, Vivian didn't have the guts to openly say that she was better than Selena, even though she had a thick skin.

"I was born as Miss Shaw--" Vivian angrily said.

Selena's eyes glimmered, and she impatiently waved her hand. "Apart from comparing your family background, what else can you compare with me?"

"Without your identity, just as a person, what do you have that's better than me?!" Her rosy lips curled into a triumphant smile. "Are you more beautiful than me? Do you have a better figure? Are you more talented? Do you have more money and power? Are you more gentle and lovely? Are you more attractive to Osvaldo than me?!"

"You have nothing that can compare to me. Why should you compete with me for a man?!"

Vivian's face instantly turned white, and she glared at Selena. "Selena, what's wrong with you?!"

"What's wrong with me?" Selena blinked her eyes, although she was drunk, she subconsciously still wanted to maintain her image.

She sat back in Osvaldo's arms and lifted her slender arms, wrapping them around the man's long neck, and asked in a sweet voice, "Honey, am I pretty?"

Looking at the young girl's misty black eyes, Osvaldo bent his vermilion lips into a smile. "Yes."

"Am I cute?"

"Yes."

"Am I beautiful?"

"Yes."

After confirming that her beautiful and lovely image was not shattered, Selena turned back to look at Vivian, her eyes bent. "See! My husband said that even when I'm drunk, I'm still more beautiful than you!"

Vivian was so angry that she couldn't hold back her rage any longer and pointed at Selena, cursing, "Compared to someone like you who has no manners, at least I'm not fickle and flirt with men!"

The only thing Selena could be criticized for was that she had remarried a scumbag in Creephia. This was something that Vivian couldn't let go of.

It was also a well-known fact.

But in front of Osvaldo, no one dared to mention it.

Vivian was really angry and dared to expose the shortcoming of Osvaldo and Selena in front of Osvaldo.

After Vivian shouted these words, Osvaldo's eyes became cold.

But before he could say anything, Selena was already angry and stood up, slamming the table. Her hand was about to hit the table, but Osvaldo was quick to put his hand down, catching Selena's hand. With misty black eyes, Selena stared sharply at Vivian and said, "You have good manner? You know that Osvaldo has a fiancée, yet you persistently make advances towards him." She continued, "You have known Osvaldo for over ten years, but he has never given you a second glance. I have only known him for less than a year and he is already mine. Haven't you realized this fact?"

Selena paused and glanced at Vivian's chest, saying disdainfully, "Is it the two breasts that give you the confidence to try and break us apart?"

The scene was filled with coughing and laughter. Lady Lauren laughed so hard that she collapsed into Benjamin's arms.

If she had known her daughter-in-law would be so funny when she was drunk, she should have fed her alcohol earlier!

Osvaldo and Leia were at a loss.

Vivian was jealous, angry, and resentful, and her emotions burst out like a flood. Just as her anger was about to erupt, Freddie suddenly stood up and grabbed Vivian's arm, saying, "That's enough, Vivian!"

Vivian trembled all over, looking at Freddie with red eyes and calling him "brother."

Freddie took a deep breath, looked up at Antonio, and said, "Vivian is drunk and has been very rude. I will take her home now and apologize to you, Sir."

Antonio finally saw the fact that Selena and Vivian were not getting along, and being biased towards his granddaughter-in-law, he waved his hand and said, "Go ahead."

Freddie's gaze lingered on Selena's face for a few seconds, then fell on Osvaldo's face. After a moment of silence, he finally said, "Mr. Anderson, we'll take our leave now."

Osvaldo's black eyes fell on Selena's face without speaking.

Undoubtedly represents acquiescence.

Vivian's eyes were red, staring fixedly at Selena's cute and smiling face, with a sharp tone that was full of unknown fierceness. "I wish Miss Turner can always be as proud as she is today!"

Selena raised the corner of her lips and nodded towards her. "Thank you for your blessing, Miss Shaw."

In front of everyone, Freddie, Vivian, and a group of people from the Shaw family turned and left.

After they left, Osvaldo lowered his head and coaxed Selena in his arms. "Selena, do you want to come home with me?"

Selena nodded obediently. "Okay."

Osvaldo gently touched her hair and said, "You're so good."

Then he turned around and walked out with Selena in his arms.

Lady Lauren, who was about to come over to tease Selena, was stunned.

...

Osvaldo carried Selena into the car and placed her in the front passenger seat, lifting his hand to fasten her seat belt.

Selena obediently let the man do as he pleased, not doing anything but staring at Osvaldo and smiling.

Selena had been drunk before, but at that time, she was probably too drunk and fell asleep directly.

This half-awake and half-drunk state today was also the first time Osvaldo had seen it.

What made him even more unhappy was that so many people saw it!

Osvaldo looked at the girl sitting obediently in the passenger seat and his thin lips curved. "Do you want to go somewhere, Selena?"

Selena blinked, seeming to remember something, and then blinked again, lifting her hand to start undoing her seat belt.

Osvaldo helped her untie the seat belt and took Selena down from the seat, placing her on the ground.

Then he watched as she looked around like a small animal, and finally walked to a tree and quietly crouched down.

Osvaldo looked at her back view, waited for a while, and when he didn't see Selena make any further moves, he walked over and crouched down in front of her.

He raised his head, gently touched Selena's hair, and asked, "What are you doing, Selena?"
