Revenge On Love Rats After Rebirth by Olivia Marsh Chapter 1401 Cut Manny

Chapter 1401 Cut Manny

Regardless of status or gender!

Oswaldo didn't like Selena focusing her attention on other people and chuckled, "Let's take a break tonight, and I'll take

you out to play, okay?"

Selena smiled at the man's pleasant voice, "Sure."

Oswaldo took Selena's hand and led her out.

...

Leia arrived at the Riddle Group with a thermos in hand. She had been here with Selena before, and the receptionist

recognized her as the young lady's guest, taking her directly to the conference room and knocking on the door.

"Young Master, there's a guest."

Upon hearing this, Leon paused the meeting.

Leia walked in.

Hattie, who was sitting next to Leon, immediately stood up. Before she could run over, Leia had already walked over.

She carefully scrutinized her disciple and noticed that Hattie had lost weight, and she pouted.

"Miss Hattie, Madam Selena asked me to come and see you. Shall we go somewhere else to talk?"

After greeting Leon, Hattie took Leia to her own room. Half an hour later, after Hattie finished her soup, Leon arrived alone.

When Leia saw that he didn't bring anyone, she took out the letter that Selena had written and handed it to Leon. "This is from Madam Selena."

Leon raised his eyebrows, took the letter and opened it, and a hint of excitement flashed in his eyes.

Hattie asked curiously, "Brother, what did Selena write?"

Leon leisurely put the letter away and stared at Hattie for a long time before reaching out to touch her hair. "... You

should thank her in the future."

With just that sentence, Hattie knew that Leon wouldn't tell her what was written in the letter.

Hattie smartly stopped asking.

Selena's actions were undoubtedly for her own good.

After Leia left, Leon returned to the rest area and sat in front of the floor-to-ceiling windows, taking out the letter again.

There was only one sentence in the letter.

However, Leon stared at that sentence for a long time.

It has to be said that Miss Selena, who knows where she came from, is a really scary person.

She is highly intelligent and cunning.

Most importantly, she has ruthless methods.

Leon took out a lighter and burned the letter, then made a phone call. "Go take care of something..."

The power struggle within the Riddle family became more and more intense.

Manny openly took control of the Riddle Group as the second young lady of the Riddle family and participated in

decision-making and management. She even openly snatched several important cooperation agreements from Leon.

To make matters worse, a group of shareholders who had followed Leon for several years suddenly rebelled and joined

the second branch of the Riddle family, bringing with them several key project proposals.

Leon suddenly found himself in a situation of internal and external troubles.

The major aristocratic families who had been paying attention to the situation in the Riddle family were shocked but

realized that this third concubine of the Riddle family, who had always been low-key, was not a simple person.

From her method, who had become powerful in the Riddle family, it was obvious that she had been planning for a long time!

Manny was well prepared, and Leon kept losing ground and soon fell behind.

In this situation, the two siblings of the Riddle family were very busy.

One noon, Hattie was holding some documents, preparing to attend Leon's meeting.

Manny suddenly held a food box and blocked her way, "Hattie, your father asked me to bring you some food."

Hattie looked at the sweet but evil woman in front of her and was about to tell her to get lost, but suddenly remembered

Selena's teachings and held back the words in her mouth.

She looked up at Manny with disgust and asked, "What do you want?"

Manny looked at this girl who looked very similar to Nevaeh and Selena, and a smirk appeared on her lips,

"I don't want

to do anything. It's just that you and your brother haven't been back to the Riddle family for a long time.

Grandpa and

grandma are always talking about you and have fallen ill. Aren't you going back to see them?"

Hattie looked at the snake-like woman in front of her and sneered, "If they die at your hands, I'll clap my hands and cheer!"

Selena had told her not to reveal her weaknesses easily in front of her enemies.

It was obvious that Manny was going to harm her. If she went to see those two sick old people now, she would be really stupid!

Manny sighed slightly, "I'm not lying to you. Grandpa and grandma are really sick..."

She reached out to touch Hattie's hair, but Hattie stepped back and said with disgust, "Don't touch me, you're filthy!"

Manny seemed to have touched a sore spot and her eyes momentarily became fierce. She looked down at Hattie with a

low voice that was as cold and sticky as a venomous snake, "Selena will die a very ugly death!"

"She will first experience heartbreaking betrayal, then encounter the despair of shattered hopes, and finally die in

immense pain and misery!"

"Just like that slut Nevaeh!"

"And of course, there's you, little worm. After Selena is gone, dealing with you will be as simple as moving a finger."

"Just like killing your mother..."

The woman's face carried a smile as she spoke and coldly, as if casting a wicked curse. Hattie felt a chill run down her spine as she looked into the emotionless eyes of her opponent.

With a bang, the information in Hattie's arms fell to the ground, her face turned pale and her eyes became confused.

Manny enjoyed the anger and pain on her face, her eyes filled with even more amusement.

She was ready for Hattie to hysterically attack her, but she didn't expect Hattie to not cry or shout. She didn't even

pounce on her. Instead, she reached behind her and pulled out a knife.

Manny realized something was wrong when she saw the knife, and immediately stepped back, but was ultimately too slow.

Hattie had been studying under Leia for over half a year, and her skills had already surpassed those of an ordinary person.

She wielded the specially customized and glimmering knife that Leia had made for her, and without hesitation, charged towards Manny.

"Ah!" A pitiful and tragic scream echoed through the entire building.

The people in the office rushed out upon hearing the cry, only to be stunned by the scene in front of them.

Hattie held a

bloody knife, standing over Manny, who was lying on the ground with blood on half of her shoulder.

After landing a blow, Hattie immediately picked up the knife and prepared to strike Manny a few more times.

"Ah!"

"Miss!"

"Manny!"

The people around them finally reacted and hurriedly rushed to stop Hattie. But they were too slow. Hunter had already

rushed to his wife's side and, without thinking, turned around and punched Hattie in the face.

The knife that Hattie was wielding was blocked by Hunter.

Hattie froze for a moment, and the next second, her small body was punched and sent flying by Hunter, landing heavily on the ground.

Revenge On Love Rats After Rebirth by Olivia Marsh Chapter 1402 Follow-Up

Chapter 1402 Follow-Up

"Miss!" The people from the Riddle's building rushed up to see Hattie.

Hattie got up from the ground, her eyes red, staring fiercely at Hunter.

"I hate you!"

"I will never forgive you in my whole life!"

"I will personally kill you two and avenge my mother!"

Hunter looked into the fierce and clear eyes of the young animal staring at him, his expression froze, and a feeling of pain flooded his heart.

He looked at his hands, then at the girl's eyes full of hatred, and subconsciously wanted to say something.

But Manny

suddenly grabbed his hand and shouted, "Ouch..."

Hunter forgot the fleeting feeling just now, looked at Manny, and said, "Manny, how are you? I'll take you to see a doctor right away..."

He hurriedly picked up Manny and walked towards the elevator.

Leon rushed over from the conference room, picked up his sister sitting on the ground, and gently comforted her, "It's

okay, brother is here, don't be afraid..."

Hattie rubbed against his shoulder and cried, "Brother, I will never forgive him..."

Leon comforted her by patting her shoulder, "Then don't forgive him, I will protect you in the future."

He looked at the blood on her face and clothes, picked up Hattie, and sent her back to the room.

The assistant looked at the knife on the ground and had a serious expression. "Young Master, Miss Hattie injured that woman with a knife. They will probably hold onto it tightly..."

Leon was full of anger and paused at the assistant's words. He said coldly, "Hattie is underage and has mental illness. If that woman dies, it can only be considered her own fault!"

It is estimated that Hattie also thought so, which is why she directly pulled out the knife and attacked.

The assistant said, "Although that's the case, Miss Hattie's reputation..."

Leon sneered, "She won't marry in her whole life, and I can afford to raise her!"

...

Selena had just come out of the laboratory, and she received the news, and her eyes darkened instantly.

"How is Hattie now?"

"Miss Hattie has no other injuries except for the punch," the person replied.

Seeing Selena's expression, Leia added, "She didn't have a relapse either."

There was a faint flash of something in Selena's eyes. Hattie must have been threatened by something that made her feel the need to kill Manny, even without a relapse.

Perhaps even making she feel like Manny couldn't live! Selena took off her lab coat and said, "Let's go see her."

After changing clothes, Leia drove and took Selena to the Riddle's building. When Selena arrived, she ran into a group of police who were taking Hattie away.

It was a fact that Hattie had injured someone with a knife, and Manny, as the victim, naturally wouldn't miss such a good

opportunity. She found police to take Hattie away.

When Selena arrived, the two sides were at a stalemate.

"Mr. Riddle, it's a fact that Hattie injured someone with a knife. The arrest warrant has been issued. Even if you are the

young master and young miss of the Riddle family, you are not qualified to interfere with our investigation!"

Leon stood guard at Hattie's room, with a cold look on his face. "Hattie is seeing a psychiatrist. If you want to take her

away, at least wait until she wakes up."

"There is no such provision for arresting criminals," the leader smiled. "Mr. Riddle, you'd better step aside. If you continue

to interfere, you may be suspected of obstructing justice..."

Leon smiled, "Then you might as well arrest me too and see what the consequences will be?"

The police's face sank. He didn't not want to do it, but Leon's mother had a good relationship with the higher-ups. Once

Leon was arrested, if it alarmed those people, even if they were right, they would become wrong.

As the two sides were deadlocked, suddenly two soft footsteps came from the side. Everyone looked up and saw Selena

and Leia walking over.

When Leon saw her, his eyes flickered. "Hattie is inside."

The leader of the police saw Selena and had some fear on his face.

Selena walked to the door and did not go in, whispering, "Hattie, come out."

The door opened from the inside, and Hattie walked out with a pale face, avoiding Selena's gaze.

Selena looked at Hattie's pale face and asked softly, "Does it still hurt?"

She was referring to the punch that Hunter had thrown at she.

Hattie shook her head, "It doesn't hurt anymore, Selena."

Selena smiled and touched she's hair. "Then let's go."

Hattie was about to ask where they were going, but she saw Selena take her hand and look at the police

officers, "I'll go with you."

At first, the group of people didn't react. It wasn't until Selena started walking out with Hattie that they realized what she meant.

The police officers who came to arrest Hattie had their faces changed immediately.

The leader of the group blocked Selena and said, "Miss Turner, your approach is unreasonable!"

He dared to arrest Hattie, but did she dare to arrest Selena?

Selena tilted her head and seemed to be thinking about something. She spoke, "I'm just accompanying Hattie, it won't

interfere with anything."

The leader said sternly, "Miss Riddle has committed a crime, that's why we want to arrest her. You haven't done anything

illegal, so we have no right to arrest you!"

Selena looked at him and smiled, "What I'm doing now, would it be considered obstructing official duties? If that's the

case, shouldn't I be arrested?"

The police's face turned pale.

To be honest, although Hattie was wrong to attack someone, the majority of public opinion was on her side, supporting

her and criticizing Manny.

They could possibly arrest Hattie without causing too much uproar, but if they dared to arrest Selena, the police station

would probably be in chaos tonight!

But what Selena said, he had just told Leon. If he refuted her now, it would be making a fool of himself.

To arrest or not to arrest, for a while, he couldn't come up with a win-win solution.

Selena lowered her head and said to Hattie, "Hattie, it's right for you to go with them since you attacked someone, but

don't worry, nothing will happen."

Hattie grabbed her hand and nodded to indicate that she wasn't afraid.

Selena looked at her with a slight smile, "It's a pity this time, but if that woman dares to use underhanded means against

you again in private, don't hesitate to kill her with one blow!"

Even when Selena was angry, she couldn't help but have the urge to kill with a knife, let alone Manny.

Therefore, she really didn't think that what Hattie did was wrong.

Leon finally realized where Hattie suddenly got her courage from.

The crowd was stunned.

Does Miss Turner know what she's saying?

The group of police officers who were arresting people twitched.

Is it really okay to teach children like this in front of them?

Chapter 1403 Can Even Selena Be Caught?!

However, if these words were passed to Manny's ears, he probably would never dare to appear alone in front of Hattie again.

Hattie looked at Selena with her eyes, "Selena, aren't you blaming me?"

Selena had taught her to remain calm in the face of enemies.

But she couldn't resist and ended up using a knife to cut Manny.

Selena smiled, "You didn't lose control this time, right?"

Hattie hesitated for a moment, "... No."

She had attacked Manny in a sober state of mind.

Selena touched her hair, "So, you did a good job."

The others remained silent.

After comforting Hattie, Selena looked across at the other person and said, "Inciting juvenile delinquency is a crime, isn't it?"

Her gaze fell on Leia, and she smiled, "If that's not enough to arrest me, then..."

Leia received Selena's signal and narrowed her eyes dangerously.

The police immediately stepped back several steps in fear.

Selena's meaning was clear. If they still weren't enough, she didn't mind giving them an assaulting police officer charge on the spot!

The police waved his hand with an unpleasant expression, "Take them all away!"

Selena held Hattie's hand and walked into the elevator with the group, leaving the people at the Riddle's building staring in shock.

However, since Selena went in with Hattie, there was no need to worry about her safety.

Leon straightened his tie and walked into the private elevator on the other side.

"Young Master, there's an important meeting coming up. Where are you going?"

Leon didn't look back, "You guys hold it. Notify me of the results when it's over."

He wanted to see what kind of "surprise" the other side had prepared for them by inciting Hattie to return to the Riddle family.

...

It can be imagined how much shock it caused when the two young ladies of the Riddle family were taken to the police station together.

The person who arrested Selena was immediately summoned to the superior's office, "Can't you understand orders? You were supposed to catch the small one. Who allowed you to catch the big one too?!"

Josiah's face was unpleasant as he explained the situation, "She insisted on coming with us, and we couldn't do anything about it."

Jacob was restless and walked around in circles. Selena came along with Hattie. Who would dare to harm she in her presence?

If they couldn't complete the task given to them...

Jacob stopped and said, "Go find two people and separate them under the pretext of interrogation and examination." He

added meaningfully, "And then, you know what to do!"

Josiah turned and left the room.

Outside the office, almost everyone in the police station had come to see the two sisters.

Selena's name was now well known in the capital, and anyone who truly loved the country admired her.

Although Hattie had a charge of stabbing someone with a knife, the Riddle family's troubles were no secret.

In addition, the two girls were pretty, and normal people would not have any ill intentions towards them.

"Miss Turner, what would you like to drink..."

"Miss Hattie, do you drink milk? Do you want an apple?"

As a group of young girls chattered around the Riddle sisters, Josiah approached and said, "Miss Turner, we need to perform a mental check on Miss Hattie. Please wait outside for a moment."

Hattie, hearing about the mental check, instinctively hid behind Selena.

Selena patted her arm and said, "Hattie was scared just now, her emotions are unstable, and strangers will make her feel unsafe. I'll go with her."

Josiah coldly said, "That's not within protocol!"

Selena looked at the group of young girls and said, "Is there a rule that family members are not allowed to accompany during a medical examination?"

One young girl replied, "It's generally not allowed, but--" "That's the rule, please don't obstruct official business, Miss Turner!" Josiah pointed to two people and said, "Take Miss Riddle inside!"

The police officers watching thought that everyone in the capital knew that Miss Riddle had a mental illness, and it was just a routine check, not a big deal, so they didn't say anything.

Selena remained calm and composed, with no sign of panic, as they were about to take Hattie away.

Suddenly, a voice

rang out, "Wait!"

Josiah frowned and turned to see the chief walking over. The chief looked at him and said, "You, come with me!"

Josiah's face darkened, and he followed the chief.

As soon as the door closed, the chief lowered his voice and said, "Josiah, have you gone crazy?! Are you even allowed to arrest Selena?!"

Josiah repeated the reason, feeling aggrieved.

After listening, the chief sneered, "Go and find someone to take their statements and send them back as soon as possible!"

"No!" Josiah objected. "That girl was wielding a knife and causing harm. How can we let her go so easily with such a serious offense?"

"You're talking about the law to a minor with a mental illness?"

Josiah lowered his head. "I heard it with my own ears. She admitted to being conscious while committing the crime. She did it on purpose!"

The chief chuckled in anger. "Alright, upright Officer Josiah. Her mental illness doesn't excuse her from the crime."

"But the fact that she's a minor still stands, doesn't it? Are you telling me that she lied about her age?"

Josiah's face looked unpleasant. "Even if we can't charge her with a crime, shouldn't we follow the proper procedures?"

The chief stared at him with a hint of suspicion. "Do you have a grudge against Miss Riddle?"

Josiah's heart skipped a beat. "No! I just can't stand the way the two sisters behave."

The chief deeply looked at him and handed him a document. "This was just delivered, an evaluation of Miss Riddle's mental illness by some reputable psychologists in H Country."

"Do you think their evaluation is not better than what we do in our department?"

Josiah flipped through the pages, his face becoming even more unpleasant. There were not only domestic psychologists

but also several foreign experts, each of them renowned authorities. He couldn't even find a reason to object.

"Even if she has a mental illness, we can't let her go so easily," Josiah argued.

"That's enough!" The chief slammed his hands on the table. "Officer Josiah, please stop being so stubborn.

Otherwise, I'll

start to suspect that you have some ulterior motives for holding onto a child like this!"

Josiah panicked. "Chief, I just can't stand them -"

"If you can't stand it, then hold it in!" The chief's voice turned cold. "Those two outside, one is from the Turner family and the other is from the Riddle family. My office is too small to handle those influential families."

"Send the girl back to where she belongs before they arrive."

"If something happens here and the entire police department is implicated, I'll hold you responsible!"

...

In the outer room, Selena sat on a chair, gently patting Hattie's shoulder.

Revenge On Love Rats After Rebirth by Olivia Marsh Chapter 1404 Journalists!

Chapter 1404 Journalists!

Selena could feel that since the police said they would take Hattie for a psychological examination, she had become tense.

Selena lowered her eyelashes.

Hattie's mental illness had always been a tool used by the other party to torture her.

It seemed that the fact that Hattie had been doing well recently made the other party very unwilling and they wanted to

drive her crazy again.

Selena patted Hattie gently.

she had just seen blood today and was forced to come here. It was natural for her to be afraid.

After waiting for a while, two female police officers walked over with notebooks. They did not take them into the

interrogation room but began to ask questions gently.

After the questioning was over, one of the police officers smiled, "Miss Turner, Miss Riddle, according to the regulations,

you can leave after paying bail."

Selena smiled slightly, "Thank you."

Leia came in and paid the bail. Selena held Hattie's hand and walked out.

At the moment they walked out of the police station, Selena clearly felt that she beside her had breathed a sigh of relief.

Selena touched her hair, "Would you like to go back with Selena tonight?"

Hattie nodded, seeming to want to reassure Selena. A smile appeared on her cold face, "Selena, I'm fine now."

Selena smiled, "Good girl."

As she was about to get into the car while holding Hattie's hand, a group of journalists carrying cameras suddenly rushed

out of the surrounding corners, almost surrounding the three of them in an instant.

"Miss Riddle, is it true that you pushed your stepmother down the stairs and killed your five-month-old brother?!"

"Miss Riddle, can you tell us why you did this? Even if you hate your stepmother, the child is always innocent. How could you do such a thing?"

"Miss Riddle, have you never had nightmares after that? Did you hear the crying of the child and dream about the bloody child coming to find you?"

A barrage of questions came at Hattie unexpectedly. Selena immediately held Hattie in her arms and covered her ears with her hands.

She looked at the microphones and cameras that were rushing towards her and the faces that were as greedy as evil

spirits. Her voice was cold and chilling.

"Give them a beat!"

The moment Selena finished speaking, Leia picked up a stick and smashed it down towards the journalist closest to

Selena.

"Ah! Help!"

"Ouch!"

"She is killing us!"

In an instant, a large number of people fell to the ground at the scene.

Even many people who Leia didn't touch were holding their heads and groaning in pain on the ground.

Seeing this scene, Selena was amused.

She looked at the camera recording them directly in front of her and said calmly, "The following footage may be a bit

bloody and violent. Children who are watching the live broadcast, please leave for a moment and come back later."

"If you don't listen and get scared, it's your own fault."

Hearing Selena's words, the journalists who were pretending to be injured on the ground froze.

This is a live broadcast, how dare Selena...?

Doesn't she care about her reputation anymore?!

At this moment, because of Selena's words, the live streaming platform was flooded with comments.

"Miss, don't be impulsive! This is outside the police station!"

"Don't use violence, or those trolls will insult you!"

"Selena, we know you're angry, and we will definitely help you get justice later. Don't be impulsive..."

Selena seemed to know what they were talking about and smiled slightly, "I've protected so many people, why can't I

protect myself?"

"The prestige of the Turner family is indeed important, but it's not a shackle for me!"

"On the contrary, I'm one who takes revenge for the slightest grievance. Whoever offends me will pay the price!"

"I've already earned a bad reputation, so I must follow through to the end!"

After speaking, Selena's tone became sharp, "Hit them!"

Leia greeted all those who hadn't been hit yet with the stick.

For a while, there were screams all over the scene.

Some people were so scared by the sight of their comrades' broken bones and blood that they ran away, but as soon as

they got up, they were hit in the knees by the lucky cat thrown by Leia and fell heavily to the ground.

Leia was very fast and had already greeted all the journalists before the police arrived on the scene.

So when the people from the police station received the news and rushed to the scene, they were faced with a bloody mess.

Leading the team was Josiah.

He looked at the painful expressions of the journalists and his heart sank.

When he looked at Selena's face, there was an undisguised malice, "Miss Turner, you intentionally hurt people, please come with us!"

Selena looked at the scene of chaos and devastation with a cold laugh, leading Hattie back to the police station.

Meanwhile, the online viewers who witnessed the live stream were infuriated by what they saw.

"Argh! I can't believe those reporters did that on purpose!"

"What should we do? I'm really worried. The fact that Miss Turner hit someone is undeniable, and now those people may target her even more."

"I've never seen such blatant framing before! I'm so angry! It must be that vicious mistress from the Riddle family! I curse her and her whole family to die!"

The news reached the Turner family, and Patrick immediately grabbed his car keys and headed out the door when he received a phone call. The butler followed him with a worried look on his face, "Miss Turner may have gotten into trouble

this time. Master, what should we do?"

Regardless, it was a fact that Selena had publicly hit someone.

"Selena is right," Patrick said, his face cold.

The butler was stunned.

"The reputation of the Turner family was not built on letting her suffer in silence!"

After speaking, Patrick started the car and sped off towards the police station.

Meanwhile, inside the police station, the chief was at a loss as he watched Selena and Hattie return. He had just sent the two of them away, and now they were back. What was going on?

As he thought about the possibility of those gentlemen coming to visit his territory later, the chief felt his vision darken.

Was this small police station enough to withstand their wrath?

When he heard the reason for Selena's return, the chief became even more desperate. The charge against her could not be immediately resolved!

Selena sat in a chair, gently comforting Hattie who was trembling in her arms. Although Selena had covered Hattie's ears in time, the noise was still too loud. After hearing those comments, Hattie's reaction was unexpected.

Selena looked at the pale-faced girl and could feel her fear. It was because of Hattie's actions that led her to be sent to a

juvenile detention center for pushing Manny down the stairs and causing her to have a miscarriage.

Luke had told Selena about this before, so she knew. However, she never expected the death of that child would cause so

much harm to Hattie.

Revenge On Love Rats After Rebirth by Olivia Marsh Chapter 1405

Questioning!

Chapter 1405 Questioning!

Selena looked at Hattie's terrified face, and softly asked, "What are you afraid of, Hattie?"

Hattie's eyes were confused. "Selena, I didn't mean to... "

Selena looked at her gently. "I know it's not your fault." she trembled in her arms. "I just wanted to avenge my mother. I never meant to harm that child..."

The teenage girl returned home from school to find her mother's lifeless body and was met with her wicked stepmother

taunting her with the truth of her father's affair and her mother's death. In extreme sadness and anger, the girl pushed

the woman down the stairs and accidentally killed a five-month-old baby.

That scene of blood became a nightmare that haunted she every night.

Then, in hysteria, she was sent to a juvenile detention center by her own grandparents who had loved her since she was a

child, and was forced into a mental illness...

Selena's eyes glinted with cold light as she gently patted Hattie's shoulder. "It wasn't your fault that the child died, it was that woman's fault."

"She wickedly killed her own child and framed you, Hattie."

"You only wanted to avenge your mother, and you did nothing wrong."

"It's all that woman's fault, everything is her fault!"
Under Selena's gentle comfort, Hattie gradually stopped trembling.

...

Leon had just gotten out of the car and he received a call from his assistant, informing him that Selena and Hattie had been arrested again.

Leon was amused by the news.

But he didn't turn around and leave immediately, instead, he strode towards the Riddle family's gate.

Erica had probably heard the news as well, and was waiting at the gate on purpose. She approached Leon and

straightened his collar. "I'll go see Hattie, be careful."

Although Erica had retired for many years, she still had connections.

She was the most suitable person to visit Hattie.

Leon patted his mother's shoulder as she walked away.

After Erica left, he lit a cigarette and smoked it before entering the place where Daphne lived.

Ever since Penelope was arrested, the old lady had been bedridden for the most part.

Kaitlyn had been by her side all along.

The servants reported that the young master had returned, and the old lady's face, which had been gloomy for many days, lit up with joy.

"Quickly, let the young master in."

Leon and Hattie haven't visited her for a long time.

Daphne felt upset and wanted to talk to Leon about the recent conflict within the Riddle family.

Kaitlyn, who was with her, saw the joy on Daphne's face and felt a hint of dissatisfaction.

Although she had been the one taking care of Daphne since she fell ill, Daphne was still concerned about her grandson,

Leon.

Despite her anger, Kaitlyn continued to act obediently with a smile on her face. She greeted Leon and called him

"brother" when he arrived.

When Leon heard her voice, his cold gaze fell upon Kaitlyn's face. She was startled by his look because Leon had never

liked her due to her relationship with Hattie.

However, this was the first time that Leon had looked directly at her.

Kaitlyn felt a bit scared, but then remembered that the news about Hattie killing her brother had already spread.

Did Leon know the truth and want to make it up to her?

With this thought in mind, Kaitlyn's expression became even more docile.

After staring at her for a few seconds, Leon shifted his gaze away from Kaitlyn and walked to Daphne's bed. He looked at the old woman lying on the sickbed and spoke in a normal tone, "Grandma, that woman came to the

company and told Hattie that you and grandpa wanted to see us. What do you want to say to us?"

Even the slow-witted Daphne knew about the recent situation within the Riddle family.

She looked at Leon with a hesitant expression.

Leon said with a smile, "Grandma, if you have something to say, you need to do it quickly. I'm busy. I don't know when I'll have time to see you again."

Seeing that Leon didn't seem to be angry, Daphne breathed a sigh of relief and whispered, "Leon, your younger brother has a weak heart. You should... be more tolerant of him."

Ache had a weak heart and had been wandering outside as an illegitimate child for many years. Daphne felt that she

owed him a lot and usually defended him.

Leon took out a cigarette from his pocket, lit it, took a puff, and then asked, "How do you want me to be more tolerant of him? Tell me."

Daphne thought that Leon had finally agreed to accept his younger brother and was pleased. "Ache has had a weak heart

for years. It was because your second uncle doted on him that he did those foolish things."

"If you can make concessions, then please do so."

"At the end, everything in the Riddle family ultimately belongs to just a few of you."

"Hattie and Kaitlyn will eventually get married and leave the Riddle family. In the end, it will be you and Ache who

remain."

"You are brothers, and should support each other."

"Let bygones be bygones..."

"Don't let those bad things affect the relationship between you brothers."

Leon looked at the well-meaning Daphne and a cold smile appeared on his lips. "If you want me to give up something,

Grandma, you might as well make it clear."

Daphne was taken aback by the question and perhaps knew she was in the wrong. She moved her lips, but didn't say

anything.

"The position of the Riddle family's young master, the position of the Riddle family's head, and the entire Riddle

Corporation... all given to him, is that enough?!"

Daphne's expression suddenly changed. "Leon, that's not what I meant..."

"Uncle wants to help him take away what belongs to me, and you ask me to compromise and give way openly... if it's not giving away these things, then what is it?"

Daphne was speechless under the questioning.

Leon's tone was full of sarcasm. "Giving things away isn't enough. It would be even better if both Hattie and I were dead.

Then there would be no one left, and Uncle's family could take everything from the Riddle family... right?!"

Daphne hurriedly said, "Leon! What nonsense are you talking about? I would never think like that!"

"Is that really not what you're thinking?" Leon looked at Daphne with dark eyes. "If you didn't have such thoughts, then

why did you cause Nevaeh to die for Kiera all those years ago?!"

Daphne's face suddenly changed. "Leon, what are you talking about? Nevaeh died of an illness!"

Leon's eyes were cold and mocking. "You know better than anyone else how Nevaeh died!"

"In your mind, all the children of the Riddle family are not as important as Kiera, whom you raised, and Penelope."

"For those two women, you were willing to sacrifice your granddaughter, granddaughters, and even your grandson..."

Chapter 1406 Trade Hattie for It!

Daphne covered her chest and looked at Leon angrily, "Leon, what nonsense are you talking about? You are my grandson, and I have always favored you since you were young..."

"I know it was not your fault, it was your second uncle who did this. I just want you to be lenient with him..." Leon sneered, "Will my second uncle be lenient with me?"

"Of course!" Daphne's tone was firm, "Your second uncle promised me that he will not do anything. He did this only to give Ache and Kaitlyn a legitimate identity!"

"So, in order to benefit these illegitimate children, you are willing to send Hattie to her death, right?" Leon's face grew colder.

"Hattie is still a member of the Riddle family, and I will compensate her in the future..." Daphne said with a guilty conscience.

"Your compensation is to push Hattie down the stairs, causing the death of your unborn grandson, and making it known

to everyone! Not only that, you want to send her to prison, and make her live in the rumors of killing her own brother for

the rest of her life?" Leon's face was icy.

Daphne suddenly turned pale and shook her head in denial, "How could I harm my granddaughter like that?"

"If it's not you, then it's second uncle who did it," Leon flicked the fireworks in his hand, "You probably just scold second

uncle, and when he complains to you about Hattie maliciously hurting that woman, you shed a few tears and comfort

yourself..."

"You won't really let Hattie go to jail. You will just send her far away, and then you can enjoy your life with your precious

grandchildren who have finally become legitimate heirs..."

Daphne's face became stiff. In the end, it turned ashen. She wanted to refute, but she couldn't find the words to say. Because she didn't have the confidence to tell Leon that she

would never do such a thing.

Daphne was trembling with anger, "Hattie caused the death of that child... it's the fact..."

"So, in your opinion, Hattie deserved to have her mother die, be sent to a juvenile detention center and turned into a mental patient by you and grandpa, be rejected by her own father, and have her position taken away by these illegitimate children who trampled on her mother's blood?" Leon sneered.

"She can only accept it and cannot retaliate. Once she does, she will no longer be your obedient and lovely granddaughter and will be sacrificed..."

Daphne was touched at her weakest point and her vision became dark.

"I... I..."

She wriggled her lips for a while and suddenly cried out, "You only blame me for being cruel to Hattie, but what can I do about it?"

"Ache and Kaitlyn are also my grandchildren, and I just want all of you to be well..."

Looking at Daphne's heartbroken expression, Leon's eyes turned cold. "So, Grandma, in this situation between the illegitimate children and Hattie, you ultimately chose to sacrifice Hattie, didn't you?"

Daphne wanted to deny it, but couldn't find the words. Kaitlyn, who was standing on the side, finally realized that Leon had not come back to make it up to her, and her

resentment grew deeper.

But upon hearing Daphne's words, she became happy again.

Hattie had been arrested and disgraced throughout the city, and she might be sent abroad in the future. After she left,

Kaitlyn would become the only Miss of the Riddle family!

Kaitlyn's face showed a look of longing, but just as she was about to smile, she heard Leon say, "I know."

Daphne looked at Leon with tears in her eyes and was about to ask what he knew, she heard Leon say, "After this incident

is over, you and Grandpa will get divorced and leave the Riddle family."

Daphne was shocked, looking at Leon incredulously, "What did you say?!"

Looking at her aged eyes, Leon said with a smile, "You have already destroyed two bloodlines of the Riddle family. I

absolutely will not allow you to destroy the only remaining daughter of the Riddle family."

"As the mistress of the Riddle family, it is your responsibility to uphold the legitimate bloodline of the Riddle family."

"Since you have failed to do so, you are naturally not fit to sit in this position."

"I will notify the entire clan later."

"Grandma, get ready to leave the Riddle family."

After speaking, Leon no longer looked at Daphne's pale and twisted face, but instead turned his gaze to Kaitlyn who was standing nearby.

Kaitlyn seemed to sense the danger and instinctively tried to hide beside Daphne. "Grandma..."

Leon coldly ordered, "Take her away!"

Two bodyguards walked in from outside the door and grabbed Kaitlyn.

Kaitlyn immediately screamed and cried, "Grandma, save me! Save me!!"

Daphne was startled by Kaitlyn's crying and immediately forgot what Leon had just said, lifting the covers and sitting up,

"Leon, what are you trying to do?!"

"Someone! Call someone quickly!"

The servant heard something was wrong and rushed in. Upon seeing the situation inside, everyone looked at each other

but did not move.

Daphne was furious, "What are you all standing there for? Go and save Miss Kaitlyn!"

But no one moved despite her yelling.

Leon looked at Daphne's angry expression and said coldly, "Tell Uncle Two that if he wants his illegitimate daughter to be

safe, he should exchange her for Hattie!"

Daphne rushed to hit him, "Leon!"

Leon grabbed her wrist, threw her to the side, and smiled coldly, "Grandmother, I told you and Uncle Two earlier that I

would kill these illegitimate children. But you didn't believe me with just a few words."

Daphne wanted to save Kaitlyn, but was firmly held back by two maids.

"Pack up for the old lady."

"After the internal turmoil of the Riddle Group subsides, we will establish a clan temple and officially strip her of her

position as the mistress of the Riddle Group!"

Leon looked deeply at Daphne and said, "You love that woman and those illegitimate children so much that even without

the Riddle family, they will still take good care of you."

"Grandmother, you... should take care of yourself."

After speaking, Leon turned around and left.

The two bodyguards grabbed Kaitlyn and followed him.

Daphne watched Kaitlyn being taken away and heard Leon's words, her heart aching.

She fainted on the spot.

Hunter received the news right after Kaitlyn was caught, and he immediately went to find Leon with his men.

After Hunter left the hospital room, Manny, who was lying on the bed, opened her eyes.

She sat up slowly, picked up the glass of water on the table...

Revenge On Love Rats After Rebirth by Olivia Marsh Chapter 1407 Good Night

Chapter 1407 Good Night

She sat up and picked up the water glass on the table, but instead of drinking, she slammed it heavily against the wall.

The woman's gentle face turned ferocious.

Unlike Nevaeh, she could use the two old folks from the Riddle family to harm Nevaeh, but she couldn't use them to

harm Selena and Hattie.

Especially since Selena came to the capital, she hadn't gained any advantage over her!

After Manny vented his anger, he made a phone call, "Deal with that little bastard from the Riddle family!"

...

Inside the police station.

Selena sat in a chair, staring in the direction of the door.

By now, the sky had darkened completely and it was raining.

In the dim rain, a somewhat blurry figure walked from afar.

He held a jet black umbrella in his hand, and as the distance closed, that exquisite face gradually appeared, with eerie

eyes that were so dark they were terrifying.

Selena's face broke into a sweet smile.

She watched as the man approached, and finally stopped in front of her.

Oswaldo took off his coat and draped it over her slender shoulders. With his delicate and translucent fingers, he buttoned

her up from head to toe, wrapping her up tight.

Then, he acted and pulled her into his arms.

The police officers on the scene looked at this man, whose face and aura were indescribable, with a few seconds of stiffness.

This man's aura was just too out of place here.

Beneath that perfect, god-like face, there was something that made people's hair stand on end.

Everyone could feel it, except for she in his arms...

A group of people looked at Selena, their expressions extremely complicated.

Oswaldo's actions clearly silently conveyed to everyone that she in his arms was his precious treasure that he held dear to his heart.

Selena's smile, even on such a rainy day, couldn't conceal her sweetness. "Hattie just fell asleep, I asked Leia to watch

over her, I'm going to get her."

A group of police officers saw Selena leave, leaving Oswaldo alone in the hall, and felt an urge to shout for help rise up in their hearts.

Miss Turner is so brave to be able to laugh at such a frighteningly handsome man. In the end, the bureau chief had to

come forward, "Mr. Anderson, as you know about Miss Turner's situation, the victim is persistent, and she may need to

stay here for one night."

Oswaldo's sinister gaze fell on him, his eyes dark as night, "Stay for one night?"

The police chief trembled in fear, afraid that the killer would slaughter all the journalists because of this statement, so he

changed his words, "No, after you pay the bail, you can take Miss Turner away."

Oswaldo's eyes revealed a hint of violence.

The police chief was almost in tears, "Those journalists deliberately injured people and caused Miss Turner great

psychological trauma. They will be detained for more than a month... no, three months!"

When Selena led Hattie out of the lounge, she keenly felt that the atmosphere was not quite right. Oswaldo still looked

the same as when she went in, and the police on the opposite side all looked terrified. Selena raised an eyebrow, "Can't

we just bail her out directly?"

Oswaldo's thin lips curled slightly, "It's all taken care of."

Then he hugged Selena's waist and walked out.

Leaving behind a group of people with dull expressions in the lobby.

Finally, when they sent Osvaldo away, the police chief breathed a sigh of relief, but then another person walked in.

The police chief saw the person's cold demeanor and said in a panic, "Mr. Turner, Miss Turner has already been taken away by Mr. Anderson."

Patrick paused, glanced around the lobby, confirmed that Selena had left, and turned to leave.

As soon as Patrick left, Erica arrived.

The people in the lobby were sweating profusely as the representatives of several big families arrived one after another.

To prevent anyone else from coming, they immediately announced on the official website that Selena had been bailed out.

It is not difficult to imagine how much discontent this official message would cause.

But who could blame Selena for being a Turner? She was the newly appointed director of the research institute. If

anything happened to her, they couldn't afford to take responsibility! Sending her back early was the wisest choice!

Osvaldo drove Selena back to the villa.

After dinner, Leia took Hattie to rest, and Selena went to the basement to train.

Oswaldo went to the hospital.

The journalists who were beaten by Leia were gathered together, loudly discussing how to unite and sue Selena.

They didn't notice the door opening behind them and closing.

A few people, led by someone, noticed the dead silence around them and turned their heads to see a black-haired man

in black standing by the door.

His eyes overlooking them were like he was looking at ants.

The group trembled and asked, "Who are you? What do you want?"

The man stood high and mighty in place, his eyes full of violence, and let out a cruel sneer.

A few minutes later, a scream of horror came from the room.

...

Selena finished washing up and changed into her sleep gown, lying in bed. She looked out the window.

It was raining tonight.

Oswaldo would definitely come to her room to "share the bed."

Thinking of this, Selena decided not to sleep for now and picked up a book from the table, flipping through it.

As expected, familiar footsteps could be heard outside the door after a while.

Oswaldo walked in and saw his wife hugging a pillow, waiting for him with a smile.

He lowered his gaze, concealing the smile and darkness in his eyes, and spoke softly, "Wait for me for a moment."

Selena said with a smile, "Okay."

Oswaldo went to the bathroom to wash up and came out after ten or so minutes, lying down next to Selena. She almost instinctively snuggled up to him, finding a comfortable position in his arms and saying, "Good night."

Oswaldo pinched her chin and kissed her for a while before whispering, "Good night."

Selena felt the man's burning body temperature and blushed, nervously grabbing her sleep gown and closing her eyes in embarrassment.

After Selena fell asleep, Oswaldo went to take a cold shower before coming back to hold her and fall asleep...

...

When the couple was sleeping, many rumors that were unfavorable to Selena broke out on the internet without surprise.

"Miss Turner is really something, she beat up so many people and was immediately released without charges!"

"The Turner family did not handle this matter well. Even if there were achievements, wrongs were still wrongs.

Can

someone who did something good just break the law with impunity?"

There were countless comments like these.

The girls who truly admired Selena were enraged.

Many people could see that someone deliberately spread rumors to

ruin Selena's reputation.

But the fact was that Selena had openly hurt people.

Chapter 1408 Very Good

Revenge On Love Rats After Rebirth by Olivia Marsh Chapter 1408 Very Good Chapter 1408 Very Good

This gave the trolls an excuse to start extremely blackening Selena, but such public opinion did not last long.

About an hour later, comments about Selena began to disappear massively on the internet.

Accounts that attacked Selena were permanently banned.

Even the comments that defended Selena and criticized others were deleted.

All information related to the name Selena, good or bad, could no longer be disseminated.

Watching this familiar style, many people felt an inexplicable awe in their hearts behind the screen. The rumors were quietly wiped out.

So much so that the next day when Selena was ready to deal with it, she was surprised to hear the news. But when she searched through major networks, there were indeed no negative news about her.

Selena didn't care about it anymore and asked, "What about those reporters yesterday? Did they find anything out?"

Leia said, "The police have interrogated them. They were all bought by someone to deliberately block Miss Hattie. The purpose was to provoke Miss Hattie, making her reputation irreparable and unable to stay in the capital city."

Selena had guessed this outcome long ago and was not surprised at all. She just asked, "Where are those people now?"

Leia's eyes flickered nervously as she replied, "They are still locked up inside. The young master sent someone to 'intimidate' them, and those people confessed to everything bad they had done in the past. They are not good people and will probably sit in jail for a few years."

"Very good," Selena smiled. Obviously, she was very satisfied with this outcome.

With this batch of "precedents," others would have to weigh the consequences before targeting Hattie.

Leia lowered her head silently.

Selena didn't notice her strangeness and remained silent for a moment before suddenly saying, "There are a few little mice in the police station. Send someone to catch and interrogate them. Manny wants to use a psychiatrist to do something to Hattie."

The other party insisted on individually checking Hattie for mental illness, definitely holding some purpose. And asking girl about her mental illness would not yield much. Selena was worried that she had no opportunity to intervene, but now she had an opportunity presented to her.

Leia agreed and, seeing that Selena had no further questions, took the initiative to talk to her about the Riddle family's affairs.

"The Riddle old lady fell ill. It is said that Leon has announced his intention to deprive her of her position as the mistress of the Riddle family."

"Leon also took away the Riddle family's illegitimate daughter. The second young master of the Riddle family went with his men to demand her release from Leon last night, but returned empty-handed."

"The Riddle family is in chaos now."

Hearing the commotion in the Riddle family, Selena said with a smile, "Let Hattie stay here a few more days."

Leia said with a smile, "Okay!"

As for the rumors about Hattie, Selena didn't care. After dealing with Hattie's matters, Selena drove to the research institute.

...

Inside the Riddle's building.

Since Kaitlyn was taken away by Leon, Hunter had been anxious and upset.

After a night, worried that Leon might harm his and Manny's precious daughter, he once again blocked Leon with his men.

"Leon, hand over Kaitlyn immediately!"

Leon ignored the angry man in front of him and ordered his bodyguards, "Please escort him out!"

The bodyguards moved to grab Hunter.

Hunter was furious, "Leon, how can you be so heartless and hurt your brothers and sisters? Aren't you afraid of being ridiculed?!"

Hearing the man's righteous condemnation, Leon paused and turned to look at Hunter.

With a mocking smile on his lips, Leon said, "So you also know that hurting brothers and sisters will be condemned by others."

"When you hurt your wife and daughter, how could you be so righteous?"

Hunter choked, "What are you talking about?!"

Leon didn't even bother to look at him and said, "You are not qualified to negotiate with me. If you want to negotiate, let the woman behind you come!"

After saying that, Leon turned and left.

Halfway through, he seemed to remember something and turned back, "Uncle, remember, your illegitimate daughter is in my hands!"

"If Hattie suffers any harm in the future, I will take back twice as much from her!"

Hunter did not take his daughter back and was insulted. He angrily went back to find Manny.

"Manny, Leon refuses to hand over Kaitlyn..."

But reporting to the police was useless.

Kaitlyn was still Leon's sister in name.

Leon had countless excuses to get away with it.

Moreover, the police were just doing their job and didn't bother to pursue it further.

Hunter paced back and forth in the room, "Damn Leon! How dare he do such a thing..." He never expected that Leon

would directly target Kaitlyn.

"They even openly took away Daphne's position as the lady of the Riddle family!" Hunter complained, but did not hear

any words of comfort. He turned around and saw Manny sitting on the bed, lowering her head, unable to tell what she was thinking.

Hunter walked to the bed and gently said, "Manny, don't worry, I will definitely find Kaitlyn and bring her back safely..."

Manny grabbed the water cup on the table and slammed it heavily on his head, "Shut up!"

Hunter's face turned pale and he immediately stopped speaking.

Manny grabbed his collar and said fiercely, "Didn't you promise me last time that you would personally kill that little

bitch? Why is she still alive and well until now?!"

Hunter was almost suffocated by her grip and explained with difficulty, "Manny, listen to me, it's not that I don't want to

do it, but there have always been people protecting that little bitch, making it impossible for me to get close to her..."

Manny threw him out heavily, "Kneel down!"

Hunter knelt down in front of her.

Manny sneered, "Remember, I am your master, and you cannot disobey any of my commands, do you understand?"

Hunter knelt on the ground and looked at her with concern for the torn wound on her shoulder. "I understand, Manny. I

will listen to you..."

Only then did Manny lie down and think coldly about the current situation.

The two elders of the Riddle family were clearly useless now. She could use them to deal with those who hurt Nevaeh,

but both Selena and Hattie were ruthless towards the two old ladies. They didn't care about them at all.

These two pawns were useless.

But it didn't matter. She had better pawns.

All the daughters of the Riddle family would eventually die tragically in her hands!

Manny gently closed her eyes.

...

In the afternoon, Selena left the research institute and returned to the villa.

Hattie was sitting in the garden, looking up at the sky.

Chapter 1409 Not Give up!

Selena stared at the side profile of she for a moment before speaking up. "Leia, go get us two cups of milk tea," she said.

Leia went to get the milk tea.

Selena sat down beside Hattie and said, "Hattie."

Hattie snapped out of her thoughts and turned to look at Selena. She hesitated before speaking up. "Selena, I want to..."

Selena looked into the girl's eyes and asked, "What do you want to do, Hattie?"

Gathering all her courage, Hattie said, "I want to avenge my mother!"

Selena had already guessed as much and showed no surprise on her face. She knew that Leon and herself had been

protecting Hattie too closely, and Manny hadn't had a chance to make a move on her.

On the other hand, she had been unable to find any evidence of Manny's involvement in her mother's murder.

Manny hated all the girls in the Riddle family equally and preferred to torture them rather than kill them outright.

"Have you seen the complete evidence when you were in the detention center, Hattie?" Selena asked, looking straight

into the girl's eyes.

Hattie's slender body stiffened, her face turning pale and frightened.

She suddenly threw herself into Selena's arms and hugged her tightly. "Selena, please believe me. I won't let them use

and control me again! I will definitely avenge my mother!"

Selena gently stroked the girl's hair and smiled lightly.

"If that's what you want to do, then go and do it bravely.

But

remember not to lose yourself and live well."

Hattie nodded heavily in Selena's arms, her voice choked with sobs. "I will definitely live on!"

Leia soon returned with the milk tea. Selena handed a cup to Hattie and watched as the girl took it and turned away,

determined to do what she had to do.

Leia looked at her little apprentice's back in confusion and asked, "Madam Selena, where is Miss Hattie going?"

"Home."

"But the Riddle family is in so much danger now..."

"Hattie wants to find evidence and avenge her mother."

Leia panicked, "Madam Selena, it's too dangerous. Miss Hattie is only thirteen years old, she's just a child..."

Selena looked at Hattie's thin and delicate back, as if she saw herself at that age, and smiled. "Thirteen... that's enough."

When she was thirteen...

Selena looked up at the blue sky above her. A young eagle flew up from the direction of the rising sun, screeching as it soared higher and farther into the sky.

...

And while everyone was focused on the chaos in the Riddle family, the Soo family, which had been quiet all along, was

the first to send out a message.

In the Turner family's hall, Selena looked at the invitation on the table and raised an eyebrow. Patrick poured her a glass of water and asked, "What do you think, Selena?" Selena's slender fingers tapped the table as she shook her head. "It's too early to say anything now." Patrick thought for a moment and explained to Selena, "The Riddle family is different from the Soo family. Before the illegitimate child was exposed, Leon was the only legitimate male heir of his generation in the Riddle family. In addition, Miss Riddle was young, and the relationship between the siblings was good. There was no conflict over the succession, so Leon was able to wield power for many years." "But the Soo family is completely different. Nicholas only cares about his own interests. Even though he's almost eighty years old, he still tightly holds all the power in his hands. This has led to Alfie's father, my uncle, living a mediocre and unhappy life." "In Alfie's generation, it's even worse... He hasn't received anything that his son or grandson could inherit." Selena smiled as she listened.

From this perspective, Alfie was completely powerless. It was no surprise that he lost so in the eyes of outsiders.

Selena looked at the engagement invitation on the table with a playful glint in her eyes.

Patrick saw her expression and asked, "What would you do if you were in Alfie's shoes, Selena?"

Selena lazily propped her chin with her hand and said, "Patrick, do you want to bet with me?"

Patrick's eyes lit up. "What's the bet?"

Selena pointed at the invitation. "Let's bet on the Soo family's struggle. Who will be the ultimate winner?"

Patrick became interested. "Who do you bet on to win, Selena?"

Selena smiled. "I bet on Alfie."

Patrick laughed at Selena's enthusiastic expression.

"Then I'll bet on Selena to win."

Selena was speechless. Could they really bet like this?

Oscar, who had been silent all this time, listened to their conversation and asked Selena, "Why are you so certain that

Alfie will win?"

Selena blinked and said matter-of-factly, "Because Uncle won't allow Alfie to lose."

Compared to Patrick's blood relationship with Alfie, the Turner family naturally preferred to see Nicholas's downfall, as

they had a feud with him.

Oscar was at a loss for words.

Patrick chuckled and coughed. "Selena, Father won't easily interfere in other families' affairs."

Oscar is after all a member of Zone Six, with a special identity. He won't interfere with the internal conflicts of the various prestigious families in the capital unless absolutely necessary.

Selena leisurely took the invitation and said, "My intuition tells me that Alfie won't lose." She then looked at Patrick and answered his earlier question, "Patrick, if I were born into a family without any freedom, there is only one thing I would do."

She smiled faintly, her eyes filled with cruelty, "Better to die a glorious death than to live in dishonor!"

Selena took the invitation back to the villa. When Osvaldo returned in the evening, he had dinner with his wife and went to his study to work.

At nine o'clock that night, Selena pushed open the door of Osvaldo's study, placed the invitation on the table, and looked at his eyes. "Will you go?"

Osvaldo didn't look at the invitation. He lifted Selena into his arms and asked gently, "Do you want to go?"

Selena sighed slightly, "Although it's troublesome, Nicholas must not win." If Nicholas won, it would be very difficult for

the Turner family to recover what was taken by the Soo family. But if Alfie came into power- Selena had a feeling that Alfie was not a shameless person, and it would be easier to recover what belonged to the Turner family from him.

Oswaldo looked at his wife carefully and a hint of darkness flashed in his eyes. He raised his lips slightly and pinched

Selena's nose, "If I don't agree, will you not go?"

Selena blinked and nodded, "Yes."

Although she didn't know what Alfie was thinking, he was once Selena's fiancé, and Selena had been paying attention to

this aspect since accepting Oswaldo's proposal.

She brought the invitation back to the villa mainly to ask for Oswaldo's opinion.

Revenge On Love Rats After Rebirth by Olivia Marsh Chapter 1410 Chaos

Chapter 1410 Chaos

Osvaldo's lips curled up in a smile. "Then let's go." He could naturally guess Selena's thoughts. His wife wanted to resolve the situation in the capital and go home.

Naturally, he couldn't leave Nicholas to cause trouble for her.

As for Alfie's words...

Osvaldo's gaze turned cold as he held onto Selena's arm and tightened his grip. Selena's eyes curved and she asked, "Will

you come with me?"

Oswaldo nodded.

Selena was even happier. She looked at the pile of files on Oswaldo's desk and stood up, understandingly. She lowered

her head and gave Oswaldo a kiss. "Goodnight."

Oswaldo also kissed her forehead. "Goodnight."

Selena turned around and walked out. After her figure disappeared from his sight, Oswaldo regained his focus. He

opened his computer and continued the call he hadn't finished earlier.

Luke's figure appeared on the screen, his expression uncertain whether he was happy or worried. He had heard Selena's

words just now. Although this little brat's emotional intelligence wasn't that great, as a girlfriend, she was indeed the most qualified.

This beautiful and obedient wife, who would dare to compete with Oswaldo for her? If someone did, he would definitely take care of them.

Luke sighed. "Be careful recently."

Oswaldo glanced over a document, signed it carelessly, and asked, "How many of them have arrived?"

Luke was speechless. "You caused such a big mess in the Federation. Those who want to kill you are not just a few

people, are they?"

This man had at least some self-awareness!

To prevent people from finding Selena early, Osvaldo had almost turned the Federation upside down recently.

Under such a big commotion, it was hard for his identity information to not be exposed. In just these few days, he had

encountered too many assassination attempts to count.

Osvaldo didn't have any extra reaction to Luke's words.

He signed the document fluently and switched to another one. He didn't even lift his head as he gave instructions. "No

matter what methods you use, no one is allowed to know of her existence until the situation in the capital is resolved."

When Luke heard this instruction, he was at a loss.

However, he couldn't refuse. "I'll personally go there during this period. You be careful."

"There are many people sent by them. In case someone finds out your true identity..."

Osvaldo shut down the computer before he finished speaking.

After finishing up the work on the desk, Osvaldo turned and left the study.

It was ten o'clock, the exact time Selena usually went to sleep. Osvaldo walked to the door of Selena's room and pushed

it open.

Selena was lying in bed and hadn't fallen asleep yet. She looked at him as he walked in, with a hint of surprise in her eyes.

Oswaldo walked to the bedside and hugged her in her nightgown. He whispered, "I have some things to attend to these

few days. I might not come back at night."

Selena blinked, looking surprised.

Unless he was traveling abroad, Oswaldo would almost always return to their villa every night.

This was the first time he said he wouldn't be coming back at night.

Selena didn't intend to inquire further, but since they were about to get engaged, she asked, "Is there something going on?"

Oswaldo looked at her dark eyes and couldn't resist kissing her before replying, "It's just some business."

Selena blushed and smiled, saying, "Well, remember to call me tonight and say goodnight."

In the Capital University lab, Black Crow and White Crow had just left. After dinner, Black Crow went to take a shower, and

when he came out, he saw Julian sitting in the hall, looking at a document with a solemn expression.

Black Crow paused and had a hunch that the document was related to Selena. He walked over with a frown and asked,

"What happened, Julian?"

Julian handed him the document and said, "Things are going to get lively in the capital."

After reading it, Black Crow's face turned cold. "We can't let those people notice her now!"

The underground virus was at its crucial point. Selena had already identified the two people who had colluded with

Divine Love, and there were also several families at odds with each other.

It was a time of internal and external troubles, and attracting the attention of the Federal side would be a very

troublesome thing.

But Black Crow also knew that Selena's ability to remain hidden for so long on that side was already incredible!

During her time in Creephia, Selena had prepared to return home soon and didn't expect the situation to become so severe.

After arriving in the capital, that man helped her shoulder all the external pressure.

So far, her presence has not caught the attention of people over there.

However, with the growing conflicts in the capital and the increasingly tense situation in the federation, it has become

difficult to keep Selena's existence a secret.

Julian's face was cold, "If it weren't for him, those people would have known about her existence long ago."

Black Crow sat down opposite him, "What should we do now?"

Julian shook his head, "I think she must have been prepared to face those people for a long time."

Selena is such a smart person, she couldn't possibly not have guessed.

The only thing she may not know is that the man by her side has helped her fend off all of this.

Black Crow's face turned pale.

Julian glanced at him and said, "But don't worry too much. Zero One will come to the capital soon."

Black Crow's face looked better.

With Margot around, at least there was no need to worry too much about Selena's safety. But what Selena wanted was

not just to save her own life.

Once the people over there noticed the underground virus, their subsequent actions would become even more difficult.

Black Crow thought for a moment and said, "I'll go find her tomorrow."

Julian looked at him and pondered for a moment, "Wait a bit longer."

"What are we waiting for?" Black Crow asked.

"The situation may not be so bad," Julian smiled, "after all, this is the capital, the man's territory. He's made things so big, he's likely already anticipated today's situation."

"Do you think it's possible that he's already come up with a solution?"

Black Crow frowned but did not object.

Because based on his understanding of that person, he really could do it.

After all, they couldn't deny that the man really loved Selena.

Julian smiled, "So, we can wait and see. As long as we get through this period of time, then..."

Julian looked up towards the direction of the Federation Empire, and a sharpness flickered in his eyes.

As long as those people didn't kill her when she was at her weakest, then in the future, they would have no chance to

completely uproot her!
