Chapter 15

The group of people who were close by were shocked by Leah's address "Selena".

Selena?

The Riddle family's daughter, who had just been thrown out of the house for repudiating her marriage?

How is this possible?

They were all a bit overwhelmed because they were so shocked.

Some people who were far away, not knowing Selena's identity, whispered.

"Which lady is this? All the men in Creephia will go crazy now."

"I just thought Leah looked good, compared to this young madam, Leah looks like a commoner."

"Pfft, is Leah stupid? With such a huge difference in looks and temperament, she actually dares to take the initiative to come up as a background."

"I initially thought Leah had a good temperament, but when she stood in front of this lady, she instantly turned grey and had no light at all."

Leah heard the whispers that emerged, and her nails dug deep into her hands before she could barely maintain her decorum.

She gazed into Selena's smiling eyes, and her heart was burning with spiteful jealousy as her eyes turned cold.

She hates it when people say she's not better than Selena!

The women were mostly jealous, while the men, on the other hand, had faces of fascination and amazement.

Although Dominic had long known how good-looking Selena was, he was still shocked at the moment when he looked at the perfectly beautiful woman standing downstairs.

When he had seen Selena reveal her true face twice before, she still had gauze wrapped around her head and her face was sickly pale, but today, her face was rosy, she was dressed up in makeup and decorations, and she walked slowly, her grace and elegance overpowering all the famous girls in Creephia.

Mrs. Walson was not very surprised, looking at her son's bewildered eyes, she sneered, "I told you long ago, Selena is better than Leah, you don't even think what is her mother's origin!"

Unfortunately, Dominic has been so brainwashed by Leah that for more than ten years, she is the only one in his eyes and heart.

And Selena had, indeed, been useless before, and now it was too late.

Dominic suppressed the slight complication that spilled out of his heart, raised his steps to go downstairs.

Selena admired Leah's cynical eyes for a moment, and smiled full of disdain, "See, without all those schemes and tricks, I don't do anything, just by standing towards here, you've already been ignored."

After she finished, she heaved herself away from Leah and stepped on her high heels to walk inside.

And at that very moment, Leah grabbed her wrist, raised her voice and said affectionately, "Sis, I know I was wrong, I'm so happy that you're here today."

At the same moment, her hand with long fingernails was recklessly grabbing towards Selena's chest.

What she couldn't have, she would rather destroy than let Selena get it!

Selena, who had been prepared for this, sneered and dodged to the side, at the same time, raising her hand, she slapped Leah's face fiercely.

In full view of the crowd, Leah received a heavy slap on the face

Her face tilted to the side and her eyes widened, as if she couldn't believe it, Selena actually dared to hit her on this occasion?

She reacted extremely quickly, and with a flick of her body, she was ready to fall to the ground.

But before she could act, a thin heel stepped on her foot and crushed it hard on the back of her foot!

“Ah!”

Leah let out a miserable cry, her originally elegant and delicate movements were not maintained, her body lost its weight and plunged towards the drinks tower on the other side.

There was a loud clatter and the beautifully decorated champagne tower shattered into a heap.

In full view of everyone, Leah slumped in a pile of broken glass crumbs, spilled all over by various coloured drinks and liquor, in a wretched and humiliating position, on the ground.

She was covered in bruises, staring dead at the red carpet, shaking with anger, her eyes almost spilling out with the sinister look in them

Selena!

This time the commotion was so loud that the eyes of everyone on the scene subconsciously looked over

At the sight of this scene, the crowd froze.

In dead silence, a clear and nice voice, with a laugh, was ringing in everyone's ears, “You have played the same trick for more than ten years, and not come up with something new, even if you are not tired, I am tired of seeing it.”

Everyone looked in disbelief at the woman who was elegantly holding a glass of red wine and standing with a smile on her face, and they don't

know whether they were stunned or what, but they were all a bit speechless.

In the dead silence, two voices in shock and anger stood out clearly, “Leah!”

Molly and Dominic, one from the hall and the other from the stairway, rushed to Leah together.

Dominic helped Leah up from the ground, seeing her covered in wretchedness and her painful face turning swollen, he glared at Selena, "Selena, how dare you!"

Molly's eyes turned red with distress and she slapped over, "Bastard!"

Selena took a step back and Molly's slap fell short.

Selena hooked her lips into a smile, her gaze cold and seeping, "Molly, you actually dare to insult the Riddle family's real first lady in public, you really think highly of yourself"

Molly's eyes were livid and as she was just about to speak, she was pulled by Leah's hand, "Mom, I fell down by accident, it's not Selena's fault."

She endured the pain and stood up, pushing Dominic away, the high heel marks on the top of her shoes were distinct. Her eyes were red and she hissed in pain, smiling at Selena, "Selena, it's good to see you here."

This is Leah, who always knows how to use the advantage and pull the hatchet for her.

Selena smiled in an overbearing manner, "But I don't want to see this hypocritical and ugly face of yours at all. If Mr. Walson hadn't personally come to the entrance of Olympus Group's gate to beg me, I wouldn't have come."

Leah and Dominic's faces both twisted.

The others in the hall finally came back to their senses when they saw this scene.

"She's Selena? That second lady who was kicked out from the Riddle family, didn't they say she was ugly?"

"Unbelievable, she's actually that legendary, foolish second daughter of the Riddle family."

"Hmph, even good look can't disguise her vicious nature!"

“She really doesn’t have any self-awareness, how dare she show up at the Walson? She can’t be so naive to think that the Walson family will still recognize her as their daughter-in-law, can she? If I were her, I would have jumped off a building long ago. How can such a woman still have the nerve to live in the world?”

“I heard that she was photographed by the media, that’s why Dominic canceled the wedding and she kicked out by the Riddle family. Having such a daughter and fiancée is really a family misfortune!”

When Dominic saw that though Leah was bullied, yet she still looked generous and kind, a surge of anger went straight to his head, he looked at Selena with fury and shouted, “Apologize to Leah!”
