Chapter 16

Selena smiled faintly, "Apologize, who is she?"

It was clear that her expression did not show the slightest hint of arrogance, but it gave the impression of light contempt and mockery. Dominic pushed away Leah's hand that was blocking her and his eyes were shady, "Selena!"

Selena was holding red wine, looking down on the three people on the floor from above, she was smiling, "I think you really needs to go wash your eyes, Mr. Walson, she-"

She pointed to Leah.

"An illegitimate daughter born to a mistress, the culprit who pissed off my mother to death, now dominates my father, my home, my status as first daughter of the Riddle family, and my fiancé."

"You actually want me, the victim, to apologize to her? Dominic, are you really a pig, not even have a brain?"

Leah leaned weakly in Dominic's arms, teardrops on her face, and shuddered in anger at the words.

When Dominic heard such humiliation, his face turned pale, "You are a madman, you don't know reflect on yourself, you will always just push your mistakes onto others, you deserve to have no one like you, Selena, how can you be so shameless?"

As soon as Dominic's words fell, a number of women's voices echoed from the scene.

"Mr. Walson is right, before Lady Selena accuses Lady Leah and Mr. Walson, can she explain those scandals?"

"Some one accuses others of being heartless, but why doesn't she reflect on herself?"

“If you come from a bad background, you still deserve to be forgiven, if you have a bad character, then you deserve to end up with nothing.”

Selena glanced coldly at the few people who had spoken.

They are all ladies from the celebrity circle who are in good terms with Leah.

Jealousy is in the nature of women.

Especially when a notorious woman, who could be sneered at and abused in the mouths of everyone, appears in such a radiant light, the huge imbalance is enough to stir up the hostility in their hearts.

It makes them want so badly to tear her expression apart, to make her a wretched mess, to see her become as pathetic and ridiculous an existence as the rumours have it.

This is how Selena should be portrayed!

They stood behind Leah and looked at Selena with a clear look of ill will and disdain.

Selena snorted, “Is it me who is shameless, or is it you scum and bitch who are too disgusting?”

She tilted her head, her eyes full of sneers, and smiled coldly, “As my fiance, you were with Leah on my birthday, you were with Leah when I was sick, and you were still with Leah when something happened to me. You are always with Leah.”

But he begrudged Selena of his attention.

“You’ve given her so many clothes and bags and cosmetics, what have you given me?”

Leah took those things every day and flaunted them in front of Selena, leaving that girl depressed and mentally weakened at a young age, never having a happy day

Selena’s eyes, little by little, seeped out an icy chill, and her smile was extremely cold, “My fiancé hangs out with my sister all the time, yet he still accuses me of being insensitive for not taking the initiative to give way, heh-”

“Dominic, ask yourself, do you have that qualification to righteously accuse me or not?”

Dominic met her cold eyes that looked down on him, and his face changed, with a vague hint of weakness at being exposed.

Leah’s face was full of panic, sniffing, seemingly suffering from great aggression and humiliation, “It’s not like that, Selena, Mr. Walson and I are always innocent, we didn’t do anything wrong to you.”

As soon as Dominic saw that she was covered in bruises, the hint of weakness instantly disappeared, and he angrily accused, “I did not have any relationship with Leah, she is a gentle and kind lady, unlike you!”

Selena’s gaze turned extremely cold as she said with a smile, “I’d rather go find a random person than you, your fiancé is nothing to me!”

Dominic’s face twisted, “Get out!”

Selena gave him a cold glance, “Do you think I’m happy to come here?”

With that, she turned and walked away.

Leah watched her back as she was forced away in disarray, the corners of her mouth curling into a smile.

Dominic froze for a moment when he saw Selena turn to leave.

Before he could react, there was a sudden angry flourish of fury in his ears, “Dominic!”

Dominic looked up and met Mrs. Walson’s furious face.

His face became stiff.

Mrs. Walson was trembling all over.

She was just one step late and he was fooled by Leah’s words. How could she have given birth to such a stupid son?

Mrs. Walson pointed in the direction Selena left and looked angrily at Dominic, “Go and apologize to Selena!”

Leah's smile froze for a moment.

When she opened her mouth to speak, Mrs. Walson looked at Selena's back as she gradually walked away and gave Leah a cold look, "Leah, Dominic and Selena still have a marriage contract between them, do you think it is appropriate for you to stay in her fiance's arms in front of

Selena?"

Leah's face lost all its blood in a flash, and she stood shakily in place, shaking off Dominic's hand in a panic, "I'm sorry, Mrs. Walson, I didn't, I didn't do it on purpose."

Dominic gave her a pitying glance, with some traces of tolerance under his eyes, and turned his head to look at Selena, shouting somewhat impatiently, "Selena, stand still!"

In the past, even if he had gone too far, as long as he opened his mouth, Selena would turn around and come back to him.

But this time, Selena walked away with determination, and even when she heard Mrs. Walson's voice reprimanding Leah, she did not look back.

Dominic's face gradually sank.

Mrs. Walson watched Selena walk further and further away, and it dawned on her that the twenty percent of shares that had disappeared. She was ruthless and raised her hand, and slapped towards Dominic's face heavily.

Before Dominic could react, he was met with a hard slap on the face.

There was a loud thud.

Dominic's face was struck to the side, and a five-finger mark clearly emerged on his face.

Not only was Leah frozen, but the entire banquet hall was stunned by the slap.

After Mrs. Walson hit Dominic, she scrambled to catch up with Selena, "Selena, I helped you teach that bastard a lesson, I know it's all his fault, please give him a chance."

Mrs. Walson went after her and tried to grab Selena's arm, but Selena dodged it.

Her face was cold and she looked at Mrs. Walson with a sneer, "Mrs. Walson, your son is a scum bag and I wouldn't want him."
