Chapter 18

The eyes of everyone were gathered on Leah.

It seemed true.

When Leah heard those voices defending Selena, her eyes surged with tears, biting her lips, looking at Selena with a look filled with a sense of vulnerability and regret, saying in a dumb voice, "Selena, I know that I ruined your wedding with Mr. Walson, you hate me and will never forgive me again. But, these days, I'm really worried about you."

At the end of the sentence, the words seemed to choke her up.

The meaning of her words was a reminder of the "promiscuous" scandal that Selena had been involved in on the night of the wedding banquet. Selena stroked her brow, said in an icy cold voice, "Mrs. Walson, my time is precious, it is not for standing here watching Leah act.*"

Mrs. Walson took a deep breath and almost instantly made up her mind.

"Selena, I said that I will never let you suffer one more moment!"

She coldly swept her eyes at Leah, "Since you refuse to say anything, then I can only go and transfer the surveillance, everyone will know what the truth is by then."

Leah's body stiffened imperceptibly, her eyes in tears, "Mrs. Walson –

Mrs. Walson cut off her words, her eyes glowing coldly. "Leah, since you say you have not wronged Selena, why should you be afraid?" Leah's hand on her chest slightly tightened, she sucked in her nose, tears in her tears, looking at Dominic with aggression.

"Dominic."

To a woman of Selena's notorious reputation, such an act of blatant surveillance would not have been a loss, but to Leah, it was obvious that she was telling everyone that Mrs. Walson was doubting her character.

For a famous girl of good character, such behaviour is tantamount to humiliation.

Dominic's face was gloomy as he clenched his fist slightly and met Leah's scarlet eyes. He was about to say something to stop her, but there was a cold and stern shout from Mrs. Walson, "Dominic, shut up! Selena is your fiancée, if you can't remember that, get out of the Walson family!"

Dominic's face was sullen, if his mother spoke so harshly to him in public, it must be because Selena had proposed another harsh condition! This woman is getting ahead of herself!

He glared coldly at Selena, but saw her standing gracefully in the doorway, not even glancing at him.

Her face was full of impatience, looked as if she might have turned away at any moment if his mother hadn't held her back.

Dominic's heart snapped and he realized that once Selena really turned around and left today, it would be even more difficult to get his hands on the 20 percent of the Riddle family's shares.

Talon said coldly, "Dominic, your mother just said that Selena is your fiancée, you don't trust your fiancée, but without even asking, you help Leah accuse and humiliate Selena, others will think that Leah is your love."

Dominic was distracted and looked coldly at his cousin, "Shut up, Talon!"

But Talon ignored him and looked at Leah, her eyes full of mockery, "Leah, Selena is my cousin's fiancée, there are so many people here, you can go and cry to other people about your grievances, it's better to be more restrained towards your sister's fiancé."

Leah's face turned white, and she bowed her head to hide the sinister look in her eyes.

It was normal for Talon to be partial to Selena and dislike Leah, but she couldn't figure out what was wrong with Mrs. Walson and Dominic today

Walson

to defend Selena so much.

Soon, the person who had been instructed by Mrs. Walson pulled up the footage of that scene from the surveillance.

After watching the surveillance, Leah's mother Molly immediately shielded Leah behind her and looked at Selena with cold eyes, saying sharply, "Mrs. Walson, did you see everything clearly? Leah really was kind enough to pull Selena in, Selena not only attacked Leah viciously, but hit her. Such a woman of vicious character, do you really want her to marry into the Walson family?"

Mrs. Walson's face was full of coldness as she raised her voice. "Molly, you are only Selena's stepmother, you are not qualified to tell her what to do, and you are not in a position to interfere in the affairs of the Walson family.

Molly's face was unpleasant, shocked and puzzled, and as she was about to continue her accusation indignantly, Leah stopped her

Leah sucked her nose, a strong and stoic look, looking pity, shook her head to Molly, "Mom, forget it, Selena should beat me, it's all my fault, I've always felt guilty in my heart."

Molly said in a stern voice. "Leah, you're just too kind to be bullied by that Selena all the time!"

Selena watched the two making a show, and a smile that was cold blossomed at the corners of her lips.

Mrs. Walson was afraid that Molly would completely annoy Selena, who, in a fit of rage, turned away, so she raised her voice, saying, "Molly, please watch your words! Everyone in this world is entitled to blame Selena, but not you! It is a fact that you and your daughter destroyed her's family and caused her to lose her mother. You do not tolerate and compensate her, but you even speak ill of her Do you really think that there is no one to help Selena?"

A fierce look swept across Molly's eyes, her body shaking with anger.

Leah secretly pinched Molly's arm, tears welling up in her eyes, sniffing, looking at Selena and speaking with a pleading tone.

"Mrs. Walson, I know it's all me and my mother who owe it to Selena, it's our bad, Selena, I'm sorry, my mother spoke out of turn because of my injuries, please forgive us."

When Dominic looked at Leah, who was obviously in a mess, but still begged Selena in such a low voice, his heart was angry and heartbroken, he could not wait to go forward and take Leah into his arms for protection.

It was just that Mrs. Walson's warning was still ringing in his ears, so he could only hold back, his resentment towards Selena deepening in his heart.

Selena looked at Leah's teary-eyes, smiled slightly, and finally opened her mouth.

"Leah, you are so ugly."

Leah's body stiffened, and her face turned pale.

Compared to Selena's elegant and noble glow, her dirty dress and wretched description at the moment were indeed ugly.

With such an arrogant and domineering look, Selena finally angered Leah's group of girlfriends.

"Selena, don't go too far! Molly scolded you, but Leah has already apologized, what more do you want?"

"I'm so mad at you, it's obvious that you hit Leah and caused her to fall and get seriously injured, yet you ask Leah to apologize to you, what do you think you are?!"

Dominic was slightly relieved to see that someone had finally stood up for Leah.

Hearing those voices accusing Selena, Leah was relieved to see that things were finally going in the direction she had expected once again.

She bowed her head and was smug, but she heard a cold voice come into her ears –

"Leah, can you explain what you secretly said to Selena with your mouth pattern? And why did you grab Selena's neck?"
