Chapter 26

“This mother and daughter are really no good!”

“In just a short while, a new charge has been placed on Selena, for goodness sake! What a bully!”

“Once is a coincidence, twice is scheming, now it seems that Leah is a real bitch.”

Leah and Molly felt the strange eyes being cast from all directions and listened to the whispers, their faces were pale.

Molly was about to argue, but was stopped by Leah.

Leah looked up at Selena, bending down and explaining with a face full of guilt.

“I’m sorry, Selena, this matter is my fault and my mother’s fault. I was at the auction that day, the man who bought that necklace around your neck was not Mr. Jordan, I mentioned it to my mother and it just happened to be heard by Mr. Walson, that’s why he had a misunderstanding, it’s my fault, don’t blame Mr. Walson.”

At her words, the crowd remembered again that the diamond on Selena’s neck had been bought by a man for 500 million, but that man, it seemed, really wasn’t Luke.

If it wasn’t Luke, what other man in Creephia would have spent 500 million in heavenly prices to buy a diamond for a woman?

With so much money, can that man and Selena have nothing happen between them?

In an instant, everyone’s eyes returned to Selena once again, with intense complexity and curiosity.

Even Luke looked at her with interest, wondering how Selena would cope with this question.

In any case, Selena was still carrying the name of Dominic's fiancée, so once she said that Osvaldo was her husband, she would admit that she had cheated on him.

But did she dare to aggravate Osvaldo?

Selena smiled softly, her fine fingers twirled the green diamond and said without haste, "It was given to me by a nice man, he thought I am as beautiful and precious as this diamond and bought it for me on purpose, what's wrong with that?"

Dominic was first stunned, his face was steeped in gloom, and he was about to subconsciously speak out in rebuke.

Selena's gaze, however, blazed, fell on her, "Dominic, before accusing me, ask yourself how much you have given Leah?"

Dominic's eyes were weak and his face was blushing, but he still said with a straight face, "I gave Leah a gift, I didn't mean anything by it, but you played around with that man-"

Selena gave a mocking sneer", her eyes cold, and cut off his words coldly.

*Played around? Which one of your eyes saw me playing around with a man? Do you have any proof? Or have you already gotten used to planting evidence at your fingertips because I wouldn't contradict you before?"

"You gave Leah so many things for her to show off in front of me, and you actually have the nerve to justify telling me that you're not having an affair? Heh-"

Her eyes were cold, and she seemed to be so angry that her voice was so deafening that the whole room could hear it, "Dominic, since I was a child, have you ever given me anything?"

Dominic was abruptly stunned, his gloomy expression froze on his face, and his body gradually became stiff as he thought back carefully.

It's not that he hadn't thought of giving Selena a gift, but every time when he was ready to do so, either something went wrong with the gift or he happened to see Selena bullying Leah, so those gifts, in the end, failed to give Selena.

It was only at this moment that he realized that he hadn't given Selena a gift for so many years.

Dominic looked at the cold, angry face of the girl across from him and for the first time in his life, a guilty conscience came to him.
