

To Leopard, even if it was only 50 million, it was still an absurd amount. There was no reason for him to not go for it.

"The only problem now is that that brat's crazy fighting ability... I'm not sure how to deal with him."

"I asked Duan Yuntao about it before, and his fighting ability wasn't trained since young. It seems like he only started training under a Chinese master after he went to S Country. Later on, he was trained by a strong mercenary who taught him grappling and fighting. All in all, he doesn't have a strong foundation. If you go up to him with a surprise attack, I think you might have a shot at beating him."

Leopard thought about it all day, but still couldn't make up his mind in the end.

"But there is something that I want to remind you about homicide cases, you cannot ask for anyone's help. We are the only ones who can know about this—it's not about getting a smaller share of the reward if you involve one extra person, but it's about the risk of the case getting exposed."

"Understood."

"If you decide to go through with it, I will contact Duan Yuntao and let him know; do it after you see the money. If you won't do it, just pretend that this never happened. Also, don't even think about getting on Fan Hunjun's good side. I'm sure you understand, whose side do you think he'll believe—yours or mine?"

"Mr. Hui, do you really think that I'm that type of person? Whether I do it or not is all up to me; no one else will know about this."

"Then think it through, all right? You have one week to make up your mind."

"I understand."

"Also, that idiot Chen Feifei seems to have fallen in love with Fan Hunjun. If you really decide to do it, we can use her to get Fan Hunjun to show up where you want him to."

"Did you tell Chen Feifei about this?"

"What do you think?" Jiang Zehui sneered coldly. "If you want to do this, you can use her to your advantage. Chen FeiFei is the only chink in Fan Hunjun's armor."

"I understand!"

After hanging up, Leopard suddenly thought of Ma Panhan.

He immediately picked up the phone again and dialed her number. "Ms. Ma, did you settle the matter with Hong Bin? Why haven't you called me these days?"

"You were late, it's already done! Little brat, you're so unreliable when the time calls for it."

"What are you talking about? Fan Hunjun must have solved it for you, am I right? Anyway, I was

the one who came up with the idea of asking him for help."

"Then thank you very much!"

"You don't have to thank me, but I wonder how you thanked him, Ms. Han. Did you spread your beautiful wings for him?"

"Stop it, aren't you artistic today? They are my charming point after all; these pair of beautiful wings are all that I have."

"Then I'll leave it to you. I'll introduce one of my classmate to you when I'm back, how's that?"

"Sure thing!"

After putting down the phone, Leopard fell into contemplation again. He needed to make up his mind whether it was worth fifty million to kill a person. On top of that, the target was a professional like Fan Hunjun.

Even so, he intended to be the one who paved the way no matter what.

Jiang Zehui thought of using Chen Feifei, but then he thought of using Ma Panhan as well. One extra option wouldn't hurt his chance of succeeding anyway.

Then he took out his phone and stared at Jiang Zehui's name and contemplated for a long time, but in the end, he didn't make the call.

Immediately after hanging up the call with Leopard, Ma Panhan heard Chen Che yelling from the side. "Sh*t, honey. Ever heard the saying, even a pig could fly if it stood on a cliff? Look at this asshole Thoughtless Hun! A once in a lifetime opportunity falling into his lap just like that!"

Ma Panhan stared at him blankly. "If someone is flying, there has to be a reason for it! Why are you calling him Thoughtless Hun? Tell me, where can you find a friend who is willing to give you a mansion and 300 million as a gift? All you do is kiss people's ass* and those friends you have are all useless people who only know how to take advantage of other people. I think you're the real thoughtless person here! I have six words for you —cherish what you have now!"

Chen Che blinked his eyes and asked confusedly, "Isn't that five words?"

"Did you become an expert in counting now?"

Ma Panhan walked to the side and saw a T-shirt with the same design with the one Fan Hunjun bought hanging on the clothes rack. She stared at it and thought of him. Fan Hunjun sure was outstanding today.

In fact, from the moment Fan Hunjun settled the issue with Hong Bin for her, she knew that he was no longer the same person as before.

When she remembered the shy, innocent, and confused back then in the hotel room, Ma Panhan almost laughed out loud.

She secretly vowed to sleep with him before Li Shanshan did and let a rookie like him have a taste of what it was like to be with a real charming woman.

Sitting in his office, Pang Zhibiao was shocked when he saw the news that his classmates sent in the group chat. He immediately forwarded a few videos and photos to his fiancée, Hu Ying, and wrote, "You really can't judge a book by its cover. Looks are really deceiving, wouldn't you say? That Thoughtless Hun who used to be a such a pushover has now becomes a phoenix. This doesn't make any sense."

Hu Ying carefully scanned the photos and videos, her heart pounding.

Back then in the KTV lobby that day, Hu Ying realized that Fan Hunjun was acting rather odd, and that was why she took the initiative to approach him. Now that she saw the news about him, she was even more certain that it was worth it after all.

Hu Ying never thought of how wealthy Fan Hunjun was; all she knew was that he was good at fighting, for he managed to defeat so many of Hong Bin's underlings on his own. He must have helped that handsome young man a great deal for him to want to repay Fan Hunjun.

A mansion coupled with more than 300 million, what kind of favor had Fan Hunjun possibly done for that guy?

Hu Ying was struggling to comprehend why was someone so powerful a loser in the eyes of Pang Zhibiao and his classmates.

Hu Ying was secretly looking forward to meeting Fan Hunjun again, but she replied to Pang Zhibiao, "What are you saying? What do you mean, becoming a phoenix? What are those videos and photos you sent me about? I don't get it."

Pang Zhibiao replied within seconds. "Don't you remember? My ex-classmate that we met at the entrance of the hospital, he's the one called Thoughtless Hun."

Hu Ying asked again, "Is it a bad thing to have money now? You're just being bitter. It's fine if you're jealous of him, but do you have to hate him like this?"

Pang Zhibiao replied, "You would never understand!"

Hu Ying wrote, "True, I don't know what happened between you two. But since he's rich and famous now, why don't you let him invest in your water-heating company, wouldn't that grow your company?"

Damn, why didn't I think of that?

The problem is that he is Thoughtless Hun... Will he even be willing to invest in my company?

An idea popped into his head and he thought of Liu Zhenqiang.

Chapter 197 Ready to Cause Trouble

"Hey, Liu Zhenqiang, have you seen the news that went viral among our classmates today?"

"Tsk, do you think I'm blind?"

"Damn it, did Thoughtless Hun win the lottery? He became a billionaire overnight. Why don't you add him into our chat group and ask him to help us— his poor classmates— out?"

"F*ck you! Weren't you the one who asked me to kick him out when Fang Youqin added him into the group? What's the matter now? Are you jealous? You are a boss too, so do you really need to go and kiss his ass?"

"Who said that I'm kissing his ass? I just want to steal from the rich to help the poor."

"That's bullsh*t. How can Thoughtless Hun be considered rich? I, Liu Zhenqiang, am also a man with a good reputation. If I were to join him and bully him too, I would be so embarrassed if anyone finds out! If you really want to scam him, just ask Fan Hunjun out for a talk along with Shen Jianguan and the others. I won't participate in this."

Upon saying that, Liu Zhenqiang hung up the phone.

Liu Zhenqiang knew very well that Pang Zhibiao definitely did not have good intentions. The reason he made this call was because he thought that Liu Zhenqiang was a gangster and he wanted to ask for his help to scam Fan Hunjun.

If his ribs had not been broken by Fan Hunjun, and if had not known that Jiang Zehui had kneeled

down for Fan Hunjun before, Liu Zhenqiang wouldn't have let go of this opportunity.

But now, he felt that Pang Zhibiao was an as*hole, so he wanted to scam Pang Zhibiao instead.

Pang Zhibiao was taken aback. What happened to Liu Zhenqiang? This fellow has been lying to and scamming his classmates for a long time. He's definitely the master of scammers. Why did he let go of Thoughtless Hun this time?

Wait, this fellow might want to go and scam him alone!

Upon thinking of this, Pang Zhibiao called Shen Jiangyuan.

Shen Jiangyuan was also one of their classmates. Now, he had opened an Audi automobile shop with other business partners. Back then, he was not an outstanding student, but he was not as arrogant as Zhang Junhao, Liu Zhenqiang, Pang Zhibiao and Chen Che, nor as honest as Wang Xu; However, he wasn't an easy bully target like Fan Hunjun either.

Having been in the society for so many years, he could not consider himself successful nor a failure. In addition to owning an automobile shop with other business partners, he also had some friends in the gang. He had been planning to show off in front of his classmates a little.

He suddenly received a call from Pang Zhibiao, urging him to call out Fan Hunjun, so that

everyone could scam some money out of him together.

Shen Jiangyuan asked, "What scam? We're just going to have a meal together."

"What? He got the Min Hill Mansion and he even got more than 300 million in cash. That's enough said, he could at least fork out several million, couldn't he? I just called Liu Zhenqiang, but that fellow doesn't want to be involved. How rare! I guess he might have already made the first step and settled Thoughtless Hun by himself!"

"Tsk, who does Liu Zhenqiang think he is? He's just a prankster and liar. Pang Zhibiao, I'm not trying to brag, but I know some friends who could crush Liu Zhenqiang as easily as killing an ant. So I guess let's carry on with the plan. Let's find an opportunity to ask Thoughtless Hun out."

"Great! I think it's best to invite Li Shanshan as well! Damn it! Now that Thoughtless Hun is rich, he must be so arrogant. Not only are we gonna scam his money, we should also embarrass him in front of Li Shanshan. I can't accept that such a beautiful woman married such a useless man!"

Pang Zhibiao hurriedly messaged the group and eagerly urged everyone to join the class reunion that was going to be held this month. At the same time, he was hoping that Fang Youqin would invite Fan Hunjun.

Meanwhile, Fang Youqin was still thinking about the handsome young man Shangguan Youran disguised. After seeing the news, she immediately dialed Fan Hunjun's phone.

Fan Hunjun and Shangguan Youran were walking towards the in-patient section of the hospital, when he saw the name Fang Youqin on his phone. He immediately picked up, "Hello, beautiful Fang, what's up?"

"You seem to be hiding something. Who would've thought that you have such a rich friend? When will you introduce him to me?"

"Why? Are you short on cash, beautiful Fang?"

"Nonsense, how would you know what I'm lacking?"

Annoying! She's really a drama queen.

"No problem, I'll introduce him to you when I have the chance."

"Oh, that's right. You caused quite a stir today—our classmates are all talking about it. Someone also suggested that we have a class reunion this month. I hope that you'll show up, okay?"

"No problem! Your words are absolute, beautiful Fang. How can I refuse you?"

"Shut your trap! Then it's settled; I'll call you once the hotel for the reunion is booked."

"Okay."

Shangguan Youran frowned, then she pursed her small mouth and asked, "Who is this beautiful Fang? I never took you for an actor. There were many beauties in S country but you never took interest in them, and now once you're back here, you're letting loose?"

"You're overthinking it; that was my classmate. She had the first bid at the auction, remember? The one who quoted sixty million before you during the auction. It seems like she did that just to get your attention. Why don't I call her so that I can introduce her to you?"

"See, I told you. Once I show myself, let alone men, even ladies come swarming at me. You're the only idiot who doesn't appreciate my charms!"

"Who ever said that I don't see your charms? I have never denied that out of all the oriental girls that I've ever seen, you're the prettiest one."

"What girl? I'm a woman, okay?" Then, Shangguan Youran casually took Fan Hunjun's arm.

Fan Hunjun quickly pushed her hand down. "Can you hold back a little? We're going to reach soon. Act natural!"

"What act? I'm a natural performer, alright? It doesn't matter anyway, does it? Since even after all these years of pursuing you, you still won't accept my feelings."

"Shangguan Youran, let's make everything clear. Yuntao is my brother, and he likes you very much. You—"

"So what? It's okay for him to like me. Does it matter whether I like him too?"

"He's older than me, but he doesn't have a girlfriend yet. He's handsome, too. Everyone's always saying how masculine he is. I thought little girls like you go crazy over guys like him?"

Shangguan Youran suddenly stopped walking. She stretched out her fair and tender little hand and pointed directly at Fan Hunjun's nose. "I'm warning you, I am a full-grown woman, not a little girl!"

"Okay, okay. You're not just any woman, you're a beautiful woman!"

"That's right!" Shangguan Youran glared at him. "I have a feisty personality. If someone likes me, then I won't even consider them, but if someone doesn't like me, I'll fall in love with them. Am I annoying?"

"Damn, you're annoying. If your dad knew about this temper of yours, he might die from frustration."

"Fan Hunjun, are you looking for fight?"

Chapter 199 Flirting

With that, Shangguan Youran raised her fists up high and started hitting Fan Hunjun. It looked as though she was hitting him with all her might but all he felt was as if she was scratching him.

Unbeknownst to them, all these were being witnessed by Li Shanshan who was standing by the window.

Li Shanshan stood at the window of Fan Hunjun's grandmother's ward, brooding over everything that had happened, her head in a complete mess. The more she racked her head, the more confused she became.

Especially when she saw how her classmates kept telling her to reply in the group, and with Pang Zhibiao riling everyone up to attend this month's class reunion, she became even more distressed.

Zhang Junhao's parents did not acknowledge her, and his mother caused a scene in the hospital. Not only that, Zhang Junhao was not as nice as he seemed as well; he was a scum who fooled around with women. However, the news just now proved that he actually had feelings for her.

Zhang Junhao will definitely be there at the reunion, so what should I do?

Li Shanshan had already filed for marriage with Fan Hunjun and their families had even agreed to their marriage. If Fan Hunjun could bury old grudges and treat her wholeheartedly, she was ready to grit her teeth and continue the relationship. Even if she couldn't distance herself from Zhang Junhao, she could completely ignore him if she wanted to.

The problem was that Fan Hunjun's words back then at the hotel seemed to lack the warmth and passionate love he had when they first met.

In addition to the father and son acknowledging each other, Fan Hunjun's friend even bade Min Hill

Mansion and gave him a few hundreds of millions. Could Fan Hunjun—who was now rich—still love her wholeheartedly after all this?

This thought made Li Shanshan feel a pit in her stomach.

Since she had promised Fang Youqin to marry Fan Hunjun, and had already filed for the marriage certificate, why couldn't she maintain the same attitude when she met Zhang Junhao at the entrance of the Civil Affairs Bureau?

How good it would have been if she had rejected Zhang Junhao from very start. She could have become a rich woman overnight and even entered the River City's celebrity list. Let alone Fang Youqin, even the other classmates would look up to her as well, instead of laughing at her for marrying Fan Hunjun.

Now that she had completely cut ties with Zhang Junhao, she couldn't rely on Fan Hunjun either. What should she do now?

At that moment, she saw Fan Hunjun and a stunning beauty headed towards her direction, flirting with each other.

If it was before, Li Shanshan would have felt nothing, just like how it was when she saw Li Xinqiao hugging Fan Hunjun's waist when they were riding the electric bike.

But it was different now. She couldn't allow herself to miss the opportunity of a lifetime!

When Zhou Manlan realized that Fan Hunjun had not returned yet, she planned to ask Li Shanshan to buy lunch for the three patients, and for themselves as well.

When she saw Li Shanshan staring in a daze through the window, she thought that Li Shanshan was at a loss because she had already seen through the fact that Shangguan Youran was actually a girl.

As soon as she was about to walk over, she noticed that Li Shanshan seemed to be looking at someone through the window. Her body froze for a moment but she walked over, only to see Fan Hunjun holding Shangguan Youran's hands as he whispered something to her.

Li Shanshan didn't recognize that Shangguan Youran was the young man from the auction, but Zhou Manlan recognized 'him' immediately with her observant eyes.

However, Shangguan Youran had short hair and was wearing flats at that time. Now, she had long hair and was wearing high heels. His whole figure was that of a slender and tall beauty, and she couldn't help but marvel at the sight.

How can she be so beautiful?

Fan Hunjun was an idiot too. If he knew such a beautiful girl who could afford to spend money like water, how could he be so stupid and choose to get engaged to Li Shanshan?

Chapter 200 Nervous

Li Shanshan was indeed beautiful, but her beauty paled compared to Shangguan Youran, who had a strong sense of fashion. If Shangguan Youran's beauty could save a country, Li Shanshan's beauty could bring ruination to a country.
