

All For You Chapter 1

The Yu Group.

A skyscraper towering into the sky, standing in the financial centre of H City, looking out of the corner of its eye.

“Attention all departments! Attention everyone! Assemble in the lobby immediately

A sharp order came over the intercom.

A few minutes later.

“Swish-” A luxurious sports car pulled up steadily at the entrance of the skyscraper.

The bodyguard in the back of the car was the first to push open the door, and the black-clad bodyguard looked around vigilantly to make sure there was no danger before he respectfully stepped forward and opened the door for the person inside the sports car.

The first thing that caught the eye was a pair of slender legs, wrapped under black suit trousers, stepping on the ground with a silent aura as if stepping on the tip of everyone’s heart.

When the man’s perfect face was revealed, everyone in the room couldn’t help but suck in a breath!

The angular silhouette, handsome eyebrows like flying.

A pair of dark eyes were unfathomable, and the corners of his mouth were slightly turned upwards, as if he was smiling.

Wherever his eyes went, everyone unconsciously lowered their heads, that was submission from the bottom of his heart

“Young Han—”

The people who were waiting on the sides in advance, greeted with one voice.

Yu Yuehan had one hand in his pocket, his short, pure black hair shining brightly in the sunlight. He gathered his eyes and slowly walked up the steps under the attention of everyone.

Everything looked serious and orderly

“Poop!” A childish voice cut through the silence.

The next second, a pink glutinous ball of rice, coming in from nowhere, was seen standing behind the crowd, picking everyone's legs and running forward with stumbling steps.

A tiny one, only about a year old, by the look of it.

Before anyone could react, it ran up to Yu Yue Han!

"Poa poa poa poa"

The brass bell-like voice, like chanting a mantra, came clearly into everyone's ears.

Dad?!

The simple two words made everyone present, all go crazy!

Who didn't know that Yu Yuehan was notorious for not getting close to women.

How could he suddenly have an extra child?!

"Let go!" Yu Yuehan lowered his eyes to stare at the milk doll hugging his little leg, his icy cold voice, issued from his teeth.

A hint of impatience faintly appeared under his eyes.

He had never touched any woman, much less a child out of thin air!

The bodyguards around him were roused back to their senses by this cold voice and hurriedly stepped forward, ready to carry this child away

As soon as his hand reached out, he caught a glimpse of something and his movement froze.

Like seeing a ghost, his eyes widened, "Han, young Han this child"

"Wha-"

At the same time as the bodyguard's startled cry, was the loud cry of the milk doll.

The soft, sticky little dumpling looked like it knew it was being disliked, pouting and crying in a pitiful manner.

With big, watery eyes, bean-sized tears were falling down as if they didn't want money

The moment you tilt your head up, revealing a delicate little face.

The five features that resembled Yu Yuehan's were so similar that the people around them almost screamed out loud!

But what really terrified the bodyguards was not the child's looks, but the piece of paper hanging in front of her

"Young Han, there is a dna test report on this child." The bodyguard respectfully took off the report and carefully handed it to Yu Yuehan.

When Yu Yuehan looked at the contents of the report, his deep sub-pupils suddenly shrank and he squeezed the report in his hand.

"Seal off this place and find the child's mother for me!"
