Chapter 1041: 231: The Big Shots are willing to call me daddy! 3

“Ye Zao wrote a complicated formula on the paper, “Then strengthen the defense system and build an isolation surface so that the anti-aircraft missiles will bounce back! “At the same time, we also need to install the most advanced supply system! “If they dare to drop the missiles, we will throw a nuclear bomb at them and let them lose more than they gain!” ”

This was exactly what ye Zao had done in his previous life!

“Cen Shaoqing looked up at Ye Zao. “Leader, are you serious?” ”

“Do I look like I’m Joking?”Ye Zao raised his eyebrows and asked.

It really didn’t seem like it.

“CEN Shaoqing continued, “Leader, can you really develop an aircraft carrier?” ”

““Yes.”In her previous life, Ye Zao had designed countless types of aircraft carriers and spaceships. To her, this was just a small problem of sprinkling water. ”

Cen Shaoqing narrowed his eyes. “Come with me to the base tomorrow.”

The Cen family’s southern region base specialized in developing space products.

“If ye Zhuo could really develop an aircraft carrier, it would be a miracle of an era! ”

“At that time, China would stand out among the 200 countries in the world! ”

Even country C would have to bow their heads in submission.

““Sure.”Ye Zhuo stood up and looked at Cen Shaoqing. “But do you really trust me that much? What if I’m just bragging? Developing an aircraft carrier is not a joke. If things go wrong, you’ll go bankrupt.” ”

Cen Shaoqing twirled the Buddhist beads. “Go bankrupt? Not Really.”

““What if I really go bankrupt?”Ye Zhuo continued, “What I need is the most advanced technology and a huge amount of manpower. Everything now is just talk on paper. If it succeeds, we can talk about it. If it fails, the consequences will be unimaginable!” ”

“Then I’ll accept it.”Cen Shaoqing reached out and wrapped his arm around ye Zhuo’s waist. He brought him to sit on his lap and opened his thin lips. “Who asked you to be my man?”

Ye Zhuo turned to look at him and raised his eyebrows slightly. “Who did you say was your man?”

““I’m your man,”Cen Shaoqing said very readily. ”

Ye Zhuo curled his lips slightly. He felt a little uncomfortable and adjusted his sitting posture. “That’s more like it.”

““Hiss...”Cen Shaoqing held her waist and said in a hoarse voice, “Don’t move.” ”

Ye Zhuo frowned slightly. “What did you put in your pocket?”

Cen Shaoqing looked indifferent. “My phone.”

“No Wonder.”Ye Zhuo was about to ask Cen Shaoqing to take the phone out of his pocket when there was a knock on the door.

Ye Zhuo immediately got off Cen Shaoqing and cleared his throat. "Who is it?"

Cen Shaoqing also heaved a sigh of relief.

He was really afraid that ye Zhuo would ask him to take out his phone!

"Little twelve, it's me." Third Cousin's voice came from outside the door. "

Ye Zhuo turned to look at little white. "Go Open the door."

"Little White said, "The battery is dead! Can't you see that the battery is charging?" "

Ye Zhuo: "..."

Cen Shaoqing was very observant as he went to open the door.

"Third Cousin's wife was still holding her newborn second child in her arms. "Little twelve, what are you doing in your room? Why aren't you opening the door?" "

"When she looked up, she saw that the person who opened the door was Cen Shaoqing. She was stunned for a moment. "Shaoqing is here too!" "

Cen Shaoqing nodded slightly. "Third sister-in-law."

"Ye Zhuo walked over and asked, "Third sister-in-law, have you been knocking on the door for a long time?" "

"Third Cousin's wife thought that ye Zhuo was the only one in the room, so she asked. At this moment, she immediately changed her tone and said, "No, you heard wrong! By the way, Little Twelve, can I trouble you with something?" "

“Third sister-in-law, go ahead.” ”

“Third cousin’s wife continued, “Your third brother and I are going out for a while. Our family’s Tao Tao doesn’t like to let the servants take him, so can I trouble you to take Tao Tao for a while?” ”

“Tao Tao was five months old this year. It was the time for him to recognize the students. Other than his parents, he didn’t want anyone else.”

“Sometimes, he didn’t even want third cousin. ”

“However, it was strange that Tao Tao, who didn’t want anyone else, was so close to ye Zao! ”

“Therefore, third cousin’s wife carried the child and came to look for ye Zao. ”

“Ye Zao smiled and nodded. “Of course. Third cousin, don’t worry. Leave Tao Tao to me.” After saying that, ye Zao stretched out his hand and took Tao Tao from third cousin’s wife’s hand. ”

Tao Tao was overjoyed when he was just hugged by Ye Zao. He cried out randomly.

“Third Cousin’s wife smiled and said, “Look how much this child likes you! Little Twelve, then I’ll have to trouble you. Your third brother and I will be back very soon.” ”

“It’s Alright, third sister-in-law. You and third brother can go for as long as you want,” ye Zhuo said. ”

“Third Sister-in-law took out the milk bottle and milk powder again. “Little twelve, if Tao Tao gets hungry later, you can make some milk powder for him to drink. There’s no need to make too much, just 20 milliliters will do.” ”

Chapter 1042: 231: The Big Shots are willing to call me daddy! 4

“Okay, no problem.” ”

“Third Cousin’s wife was still a little worried, so she continued to instruct, “Little twelve, if Tao Tao makes trouble for you later, call me immediately!” ”

“Okay.”Ye Zao nodded slightly.

“After repeatedly exhorting her, third cousin’s wife finally left ye Zao’s room with ease. ”

“Cen Shaoqing looked at the little bean in ye Zao’s arms, who was not even wearing pants. He suddenly felt that it was a bit of an eyesore. He found a scarf and said, “I think Tao Tao is a little cold. Why don’t we give him a scarf?” ”

“Ye Zao looked at the temperature in the room and said, “It’s okay. I don’t feel cold.” ”

“We are adults. Tao Tao is only five months old.”

“Ye Zao felt that Cen Shaoqing’s words were quite reasonable. He nodded and said, “Then let’s give him a scarf.” ”

“Ye Zao originally thought that Cen Shaoqing would wrap the scarf around little bean’s neck. He didn’t expect that Cen Shaoqing would tie the scarf around little bean’s stomach. He slightly raised his eyebrows and asked, “Do you know how to tie a scarf?” ”

Cen Shaoqing slightly raised his eyes. “Children are more likely to catch a cold in the stomach.”

“Really?”Ye Zao slightly raised his eyebrows.

“Of course.”

“After fastening the scarf, Cen Shaoqing reached out to ye zhuo, “Let me hug it?” ”

“”No, Tao Tao Zhi Sheng.”Ye Zhuo turned to look at tiger head, White Chubby Tao Tao, could not help but in his face a big kiss, “Tao Tao is really too cute!” ”

“After a kiss and a kiss, the little bean was amused to laugh. ”

“All of this happened too fast, Cen Shaoqing directly froze. ”

His heart was filled with jealousy.

“Cen Shaoqing’s expression did not change. “Leader, let’s discuss the plan to develop an aircraft carrier now, shall we?” ”

Ye Zhuo acted as if he did not hear Cen Shaoqing’s words and teased little bean with the little yellow duck. “Does Tao Tao like this little yellow duck?”

Cen Shaoqing’s breathing stopped. He clenched the Buddha Pearl in his hand and increased the decibel. “Leader!”

“Perhaps it was because his voice was too loud, the little bean in ye Zao’s arms trembled in fear. ”

Ye Zao turned to look at Cen Shaoqing. “Can’t You Lower Your Voice? You’re so scared.”

Cen Shaoqing:” ...”

“Ye Zao continued, “What did you call me for?” ”

“Cen Shaoqing twirled the Buddha bead. “Didn’t you say that you wanted to develop an aircraft carrier? Let’s discuss the preliminary plan, shall we?” ”

“Ye Zao said, “I’m not free now. I want to take care of the child.” ”

“CEN Shaoqing said, “Put him on the bed. We’ll look at him while we discuss the plan.” ”

“Tao Tao was very obedient. As long as ye Zao was beside him and gave him some toys, he could sit on the bed and play by himself. ”

“Ye Zao frowned slightly. “That won’t do. Since I promised third sister-in-law to help take care of Tao Tao, then I have to be responsible for Tao Tao. How can I put Tao Tao on the side? Let’s Talk About Us!” ”

Little Bean hugged ye Zao very cooperatively.

“No one could throw him on the bed, or else he would cry for him to see! ”

“Ye Zao was amused by Little Bean and smiled. “Tao Tao, don’t worry. Aunt Won’t leave you alone on the bed.” ”

Little Bean smacked ye Zao’s face and kissed him.

“Just when Little Bean wanted to kiss him for a second time, CEN Shaoqing immediately reached out and covered ye Zao’s face. ”

“Therefore, little bean kissed Cen Shaoqing’s hand. ”

“Wow!”

“Realizing that she wasn’t kissing ye Zao’s face, Little Bean was so angry that she cried out loud. ”

Cen Shaoqing:" ..."

"Ye Zao rolled his eyes at Cen Shaoqing. "Why do you owe me so much?"Then, he turned to look at little bean and coaxed, "Tao Tao, let's not cry. Uncle is a big bad guy. Let's ignore him. Is Tao Tao Hungry?" "

"Seeing that it was not easy to coax Tao Tao, ye Zhuo continued, "Cen Shaoqing, Wash Tao Tao's milk powder. Twenty milliliters will do. Remember to use warm water." "

"Not only did Cen Shaoqing not dare to say no, but he also had to wash the milk powder for his love rival. "

"Fortunately, third cousin sister-in-law came back soon, or else Cen Shaoqing would have collapsed. "

The next day.

In the southern base.

All the high-level personnel of the base had gathered in the meeting room and were discussing animatedly.

"Do any of you know what kind of meeting fifth master is calling us to?"

"I'm not sure."

"I'm not sure either."

"Could it be that miss ye is going to join our base? I just saw fifth master and Miss Ye coming together."

Ye Zhuo was going to join the base?

“Hearing this, Tang Xue’s eyes were filled with confusion. ”

“At this moment, the sound of light footsteps came from outside the meeting room. ”

Everyone immediately sat up straight.

“The next second, the conference room door was pushed open. ”

Two figures walked in from outside.

One was tall and slender.

The other had a jade-like figure.

It was Cen Shaoqing and Ye Zhuo.

Chapter 1043: 231: The Big Shots are willing to call me daddy! 5

““Welcome, Miss Ye!””

“No one knew who said this at the meeting table, but everyone started clapping.”

““Thank you, everyone.”Ye Zhuo bent down slightly.”

“Cen Hai raised his hand and said, “Miss Ye, are you officially joining our base?””

“Sort of.” Ye Zhuo’s tone was clear and shallow.

“Hearing the affirmative answer, Tang Xue’s heart tightened.”

It was so uncomfortable that she couldn’t breathe.

“Ye Zhuo hadn’t even joined the base, yet these people were already talking about ye Zhuo.”

“If ye Zhuo joined the base, would the base still have her say in the future?”

Tang Xue’s heart was very uncomfortable. She didn’t even hear what Cen Shaoqing was saying on the stage.

She only vaguely heard two words.

Space Mothership.

“When she heard this word, Tang Xue looked up at Cen Shaoqing. Her eyes were filled with disbelief.”

Developing a space mothership?

And it was successfully developed within two years!

Wasn’t this a fantasy?

Could this be the legendary love brain?

Cen Shaoqing actually believed that ye Zao could develop a space mothership!

How could ye Zao not say that she could fly into the sky?

Tang Xue was not the only one who thought so. The others were also stunned. They felt that Cen Shaoqing was dreaming.

““Master five, the aircraft carrier is not just for show. Let’s not talk about the labor and cost. Do you think that we have the technology now?””

““Master five, I also think that your decision is inappropriate.”Even director Zhao, who had always supported Cen Shaoqing and ye Zao, felt that this idea was too bold.”

““This kind of thing is not child’s play. Once we decide to implement the plan, there will be thousands of pairs of eyes staring at us. If we can’t develop it within two years, wouldn’t it be a disgrace?””

““Professor Yue is right. The development of an aircraft carrier needs to be reported. If the development fails at the deadline, who will bear the consequences?””

““Think again, master five!””

Cen Shaoqing leaned slightly and rested his hands on the conference table as he looked at everyone.

“It was originally a very casual action, but it exploded with a powerful aura. The originally noisy conference table instantly quieted down.”

“CEN Shaoqing continued, “This matter has been decided. Those who are willing to form a scientific research group with Miss Ye, stand on Miss Ye’s side.””

There was a few seconds of silence in the air.

Everyone looked at each other. Not a single one of them was willing to follow ye Zao.

Huala —

“At this moment, Cen Hai stood up. “Miss Ye, can I join your research group?””

“It’s my honor.”

Cen Hai walked to Ye Zao’s side.

Tang Xue glanced at Cen Hai with a mocking expression on her face.

Cen Hai was an idiot.

Just wait.

“Sooner or later, he would cry.”

Huala —

“Cen Hu, Cen Jiang, and Cen he also stood up.”

““Miss Ye, we also want to join your research group.””

“It’s my honor.”

“After the four brothers of Jianghe Hu Hai all stood beside ye Zao, the people at the conference table looked at the four of them as if they were looking at four madmen.”

Who would believe that someone could develop an aircraft carrier in two years?

Wasn't this a joke about their own future?

“Miss... Miss Ye, i... I'll Join Your Research Group?” A short-haired girl wearing glasses stood up from her chair.”

“This girl was called Tang Mi. Because she stuttered when she was nervous, she had a nickname called Little Stutterer.”

“You're very welcome.”

“Thank you.” Tang mi bowed slightly and walked to ye Zhuo's side.

“Little Stutterer.” Cen Jiang Winked at Tang Mi.

“After Tang Mi, no one else stood up.”

“CEN Shaoqing said, “Is there anyone else who is willing to join Miss Ye's research group?””

The meeting table was completely silent.

They weren't fools.

They would never join such an unrestrained group.

“Seeing that no one was talking, CEN Shaoqing continued, “Alright, today's meeting is over. Meeting adjourned.””

The others walked out of the meeting room one after another.

Ye Zhuo and her research group members stayed in the meeting room.

“Just as they walked out of the meeting room, the sound of discussion spread. “Do you think Master Five has gone crazy?””

“”Professor Yue, director Zhao, director Wang, you are all old people of the base, you must persuade Master Five! Although heroes can not overcome the beauty barrier, master five can not joke about the future of the base!””

“Yes!”

“Professor Yue, director Zhao, and director Wang’s expressions were a little ugly.”

None of them expected that Cen Shaoqing would turn out like this.

“For a woman, he didn’t even distinguish right from wrong!”

“Although ye Zhuo’s ability was undeniable, it was an aircraft carrier!”

Chapter 1044: 231: The Big Shots are willing to call me daddy! 6

Can an aircraft carrier be developed just like that?

“If an aircraft carrier was really that easy to develop, more than 200 countries around the world would not have waited until now! ”

Could it be that so many experts from all over the world added together were not even comparable to one ye Zao?

...

On the other side.

Shunxi Financial Group.

Si lui returned with the information he had found.

“Zhao Xueyin took the information and smiled, “Big Brother Si, thank you for your hard work.” ”

““It’s my pleasure.”Si lui continued, “Ye Shu’s children are not simple people.” ”

“What do you mean?”Zhao Xueyin asked.

“Si Lui was silent for a moment, “You’ll know when you look at the information.” ”

“Zhao Xueyin opened the information. The more she read, the more serious her expression became. ”

“Just as the lawyer had said, even though ye Shu was just a country bumpkin, Lin Ze and ye Zhuo were both exceptionally talented. ”

“Not only did these two siblings get into Beijing University at the same time, they were also the top scorers in the college entrance examination! ”

It was not unusual for them to get into Beijing University.

But getting into the top scorer was different.

Zhao Xueyin was also the top scorer back then. She knew how difficult it was to get into the top scorer.

“Back then, she worked hard for a month without eating or sleeping. She did many sets of papers before she managed to get into the top scorer without any danger. ”

But these two siblings from the Lin family actually both got into the top scorer.

And their scores were so high.

749 points!

And this was a naked score.

What surprised Zhao Xueyin even more was that ye Zhuo was also a doctor YC in the science and technology world.

“When she saw this information, Zhao Xueyin could hardly believe her eyes. ”

She froze for a few seconds before she could believe it was real.

Ye Zao was the dark horse that shocked the entire science and Technology World last year!

One had to know that ye Zao was only nineteen years old this year.

Many people couldn't reach ye Zao's level even if they spent their entire lives.

“Zhao Xueyin was a very outstanding person. Ever since she was young, she had been the child of other people's parents. No one had ever given her such a sense of crisis. ”

Especially ye Zao.

A 19-year-old doctor!

“Fortunately, Lin Ze was much more mediocre than ye Zao.”

“If Lin Ze was the same as ye Zao, then Zhao Xueyin really didn’t know what to do!”

“The lawyer saw the worry in Zhao Xueyin’s eyes and said, “Xueyin, you’re also a professor in the academic world. You’re just a doctor in the science and technology world. There’s no need to take it to heart.””

“Zhao Xueyin raised her head to look at the lawyer. “But ye Zao is only 20 years old this year. Moreover, Ye Zao became famous in the Science and Technology World last year!””

“Last year, Ye Zao was 19 years old.”

“At 19 years old, he could conquer the science and technology world and make those big shots call him daddy willingly.”

Such a person was too scary.

Zhao Xueyin was a very self-aware person. She was already 26 years old this year.

“When she was 19 years old, she was still a nobody in the academic world.”

She spent a whole eight years to become a professor.

How could she compare to Ye Zhuo?

“Thinking of this, Zhao Xueyin furrowed her brows tightly.”

“Si lui continued, “Xueyin, have you heard of Shang Zhongyong? Sometimes being famous at a young age is not a good thing.” ”

“What do you mean?” Zhao Xueyin raised her head to look at Si lui.

“The lawyer did not think that ye Zhuo had anything to be afraid of, “Ye Langhua is a good example. Back then, the nineteen-year-old ye Langhua could be said to be extremely glorious. She did not lose to the current ye Zhuo at all. It could be said that she was even more dazzling than the current ye Zhuo! But in the end? Who would have thought that the talented lady of the Golden Age, who was famous throughout the capital, would actually be destroyed by the hands of a man? “She became a joke in the capital!” ”

Ye Langhua was much more famous than ye Zao now.

Ye Zao was only a doctor in the science and technology field.

“Ye Langhua was a woman of Honor back then, but she also had her own achievements in other fields. ”

“Compared to ye Langhua, Ye Zao was not just a little bit inferior. ”

“Even someone as powerful as ye Langhua had to bow to the word ‘love’, not to mention ye Zao, who was not as talented as ye Langhua. ”

Zhao Xueyin was different from ye Zao.

Zhao Xueyin’s position today was all because she had climbed up step by step.

“Ye Zao was talented. The heavens would reward him with food. Even if he did not work hard, he could still obtain everything. ”

“After all, she had a good grandmother. ”

“Hearing this, Zhao Xueyin narrowed her eyes. “Big Brother Si, do you mean that ye Zao will also follow ye Langhua’s Path?” ”

“Si lui nodded. “That’s entirely possible! There’s an old saying in China that goes, ‘when the beam is not upright, the beam is crooked.’ye Langhua and Ye Shu’s mother and daughter’s love path is rather bumpy. When it comes to Ye Zhuo, it naturally won’t be any better.” ”

Ye Langhua had been deceived by Xi Muwen for more than 30 years.

Ye Shu and Lin Jincheng had also been bumpy for decades.

“If Lin Jincheng had not brought ye Shu back from Yun Jing, Ye Shu would still be a single mother of an unmarried daughter. ”

“The mother and daughter were in the same boat. They were both love-struck, so how good could ye Zhuo be? ”

“No matter how powerful ye Zhuo was, he would not be able to escape this calamity! ”

“To put it nicely, he was a love-struck person, but in reality, he was ignorant and stupid! ”

“If ye Langhua had a brain, she would not have been deceived like that by Xi Muwen! ”

“Therefore, in Si Lu’s opinion, ye Zhuo was not worthy of being Zhao Xueyin’s opponent. ”

“After saying that., si lui continued, “There’s also a saying that goes, ‘when your talents run out, Ye Zhuo might end up worse than ye Langhua in the future!’”! “Although ye Zhuo is doing well now, who can guarantee that she will continue to do well? But you are different. All of your achievements have been earned through your own efforts!”! “Xueyin, you have to learn to face yourself squarely and have confidence in yourself.” ”

“Zhao Xueyin narrowed her eyes and felt that Si lui’s words made sense. Ye Langhua was such a powerful person, yet she fell from the altar in an instant.”

Ye Zhuo was ye Langhua’s granddaughter. How could she escape her fate?

““Oh right,” Si lui seemed to have thought of something and continued, “There’s something very strange.” ”

““Big Brother Si, what do you think?” ”

“Si lui said, “Ye Zhuo didn’t have a good reputation before she was recognized by the Lin family. I heard that she couldn’t even recognize a few simple Chinese characters. I especially went to look it up. She only scored less than 30 points in the six subjects of the monthly high school examination. It wasn’t until she was in her third year of high school that she seemed to suddenly have an epiphany. It was as if she had changed into a different person.” ”

One had to admit that ye Zhuo had changed a lot!

It was puzzling!

Zhao Xueyin narrowed her eyes. “There’s such a Thing?”

“It’s absolutely true.” Si lui nodded and took out another piece of paper from his briefcase. “This is ye Zao’s previous results.”

“Zhao Xueyin took it and looked at it. Ye Zao’s results in all the subjects were indeed unbelievably low. If she had not seen it with her own eyes, who would believe that it was the same person? ”

But it just had to be the same person.

It seemed that there were still many stories hidden in ye Zhuo’s body.

“A moment later, Zhao Xueyin put down the report card and looked up at Si lui. “Is ye Langhua trying to raise her biological daughter to become Old Master Ye’s successor?” ”

Chapter 1045: 232: Big Brother Ye is omnipotent! 1

“Groom ye Shu?” Si lui frowned slightly. “I think ye Langhua Will Groom ye Zao as her successor.”

Ye Zao had a good background.

He was still the Dr. YC of the science and technology industry.

“Ye Shu was old after all. Although she was ye Langhua’s daughter, she did not receive any good education.”

Anyone with a discerning eye would know that they should choose ye Zao instead of ye Shu.

“Zhao Xueyin nodded. “Big Brother Si, you’re right.” ”

“Si lui continued, “Xueyin, if there’s nothing else, I’ll be leaving first.” ”

“I’ll go with you.” Zhao Xueyin followed Si Lui’s footsteps.

The two of them walked to the office building together.

Si lui looked at Zhao Xueyin. “How is Uncle doing recently? is he feeling better?”

Zhao Xueyin sighed. “He’s still the same.”

“Father Zhao’s health hadn’t been very good all these years, but fortunately, Zhao Xueyin was a good person and didn’t worry about the Shunxi Financial Group. ”

“The lawyer frowned and said, “I happen to be free today. I’ll go with you to visit uncle.” ”

“Okay.”Zhao Xueyin nodded.

The two of them arrived at the Zhao residence together.

“Before they entered the main gate, they heard a cough coming from inside. ”

“Zhao Xueyin immediately trotted over and patted father Zhao’s back. “Dad, are you alright?” ”

““I’m fine, I’m fine.”Father Zhao waved his hand and looked up to see the lawyer. He smiled and said, “Ah Lui is here!” ”

“Uncle.”The lawyer immediately walked over.

“Father Zhao continued, “I haven’t seen you for a long time. You’ve been quite busy recently, haven’t you?” ”

““I’m Alright, I’m not very busy.” ”

“Father Zhao patted Si Lu’s hand. “I’ll have to trouble you with the consortium! Oh right, I heard that ye Langhua sent someone over. What about that person?” ”

“Si Lu said, “The situation is quite complicated. Ye Langhua has now removed her identity as the heir, and now Xi Weiyue has been sent back.” ”

Father Zhao was stunned.

He subconsciously felt that something was not right.

“What’s going on? Tell me about it.” After he said that, Father Zhao looked at Zhao Xueyin. “Xueyin, go and make a cup of tea for Ah Lui.” ”

“Zhao Xueyin nodded. “Okay, Dad.” ”

Father Zhao held the lawyer’s hand and asked in detail about ye Langhua.

The lawyer explained in a concise manner.

“Hearing that, Father Zhao narrowed his eyes and said, “You’re saying that ye Langhua now has a grandson and a granddaughter? Both of them are related?” ”

“Yes.” Si Lu continued, “Ye Langhua is now interested in training his granddaughter to enter the Financial Group.” ”

Father Zhao waved his hand. “She’s just a little girl. There’s nothing to be afraid of!”

“After saying this, father Zhao continued, “You just said that ye Langhua’s grandson is the top scorer in the college entrance examination of the Capital University?” ”

“Yes.” Si Lu nodded. He could see the loneliness in father Zhao’s eyes and continued, “Uncle, Xue Yin’s aptitude is not inferior to ye Langhua’s grandson at all. You Don’t have to worry about this problem!” ”

“Hearing this, Father Zhao’s face finally had a smile on it. ”

The luckiest thing in his life was to have a good daughter.

“Zhao Xueyin was very outstanding. Ever since she was young, she had never made him worry about her. ”

“Now, she was only 26 years old, but she was already an existence that Shunxi Financial Group held its own! ”

Shunxi Financial Group had three founders.

“They were Old Master Ye, Old Zhang, and him. ”

“Old Master Ye only had one daughter, ye Langhua, but ye Langhua was a failure. She was obviously very talented, but she was ruined by a man. ”

Old Zhang had no children in his entire life.

How could these two compete with him?

“In the end, Shunxi Financial Group could only become the Zhao family’s possession. ”

“But now, ye Langhua actually had a pair of grandsons and granddaughters, ”

this made father Zhao a little fearful.

“Thinking of this, Father Zhao sighed again. “If only Xueyin was a boy.” ”

Zhao Xueyin was good at everything.

The only drawback was that she was not a boy.

Having a daughter like Zhao Xueyin was Father Zhao's greatest fortune in this life.

"Zhao Xueyin was not a boy, and it was also Father Zhao's greatest regret in this life!"

"Si lui said, "Uncle, what are you saying? Although Xueyin is a girl, she is not inferior to a boy at all. Even I feel inferior in front of her!" "

"Father Zhao smiled bitterly and said, "Ah Lui, don't try to comfort me! No matter how good this girl is, she can't be compared to a boy!" "

Girls were always girls.

It was said that having a boy would carry on the family line.

Who said that having a girl would carry on the family line?

"Since ancient times, everyone called girls money-losing goods. "

How many people called boys money-losing goods?

"Father Zhao came from that era, and some of his thoughts were already deeply ingrained. "

"Chapter 1046: 232: Big Brother Ye, she is omnipotent! 2"

"Zhao Xueyin listened to the conversation in the living room, and her expression was slightly dazed. "

"Even the water in the cup was overflowing, and she was completely unaware of it. "

Why was she not a boy?

“Miss! The water is full!”The voice of a servant came from the side.

Only then did Zhao Xueyin react. She put the teapot back and used a tissue to wipe the table.

“A few minutes later, Zhao Xueyin came to the living room with the cup in her hand. “Dad, Big Brother Si, have some water.” ”

“Thank you.”Lawyer si took the Teacup with both hands and thanked her.

“You’re welcome.”

“Father Zhao smiled and said, “Ah Lui, you don’t have to be so formal! We’re going to be a family after all!” ”

“When she heard this, Zhao Xueyin’s expression became a little desolate. ”

She only treated the lawyer as her older brother.

But father Zhao wanted to set her up with the lawyer.

“The lawyer’s gaze swept across Zhao Xueyin’s face and said with a smile, “Oh right, uncle, I don’t have anything to do the day after tomorrow. Let’s go fishing in the suburbs and relax at the same time, shall we?” ”

“Sure!”Father Zhao nodded.

“After saying that, father Zhao continued, “Tell me more about ye Langhua’s grandson!” ”

“Si lui said, “Actually, ye Langhua’s grandson is nothing to be afraid of. The truly amazing person is ye Langhua’s granddaughter. She’s only 20 years old and already has a phd in science and Technology.” ”

“”It’s useless, it’s useless.”Father Zhao waved his hands. “She’s just a little girl. So what if she has a phd? With a grandmother like ye Langhua, what kind of granddaughter can she have? In the end, she’ll only be a laughing stock!” ”

Father Zhao did not take ye Zao seriously at all.

So what if she’s a doctor?

Zhao Xueyin was also a professor!

“No matter how powerful ye Zao was, he could not beat Zhao Xueyin. ”

But it was different for Lin Ze.

Lin Ze was a boy.

“Not to mention anything else, just in terms of gender, he had already beaten Zhao Xueyin. ”

It did not matter if a boy was not outstanding. He just needed to marry an excellent wife.

“And no matter how outstanding a girl was, she still had to get married! ”

The water splashed by a married daughter.

Why couldn’t Zhao Xueyin be a boy?

“Thinking of this, Father Zhao’s expression darkened a little. ”

“Seeing Father Zhao like this, Zhao Xueyin’s heart also felt very uncomfortable. ”

She only regretted that she did not have a male body.

“Si lui pondered for a moment and continued, “Uncle, actually, this is already an old concept. The times are different now. Men and women have long been equal...” ”

“”Bullsh * T! This is all bullshit!”Father Zhao continued, “Have you seen Beauvoir’s ‘The Second Sex’?” ”

“”Go Ahead,”Si Lu said. ”

“Father Zhao said, “In ‘the second sex’, there is a sentence that says that women are the second sex, the ‘other’that is excluded from men. “Power belongs to men, and women are merely vassals. “The protection of vassals comes from power, and discrimination also comes from power.” ”

Women had always been the vassals of men.

Women wanted to make a name for themselves?

It was difficult!

“First, the gender was not right. ”

“Then, the ability was not enough! ”

“From ancient times until now, the heroes that had been passed down through the ages were mostly men, and there were only a few women. ”

“The lawyer could not win against Father Zhao, so he could only give up.”

“Zhao Xueyin brought the medicine over. “Dad, it’s time to take the medicine.” ”

Father Zhao took the medicine.

“After the lawyer left, Father Zhao looked at Zhao Xueyin and said earnestly, “I watched that child, ah Lui, grow up. He’s more than enough for you. Don’t look down on him and look down on everyone else!” ”

“Zhao Xueyin sighed. “Dad, lawyer Si and I are just ordinary siblings. The two of us are not suitable for each other at all...” ”

“Father Zhao continued, “Do you still think about love? Ye Langhua also married into love. What happened in the end? Do you also want to be the second ye Langhua?”Father Zhao was very satisfied with the lawyer, firstly, he knew the lawyer very well. Secondly, the lawyer was willing to marry into the Zhao family. ”

“He did not have a son. If Zhao Xueyin married out, wouldn’t the old Zhao family have no descendants?
”

“In this current society, there were not many boys who were willing to marry into the family! ”

The lawyer was a rare good child.

“Zhao Xueyin frowned slightly. “Even if I can’t marry love, I still want to marry the most outstanding man in the world! Dad, I can’t choose gender, but I can choose who I marry!”She wanted to prove to Father Zhao, girls were not much worse than boys! ”

“Although she could not choose her birth, she could marry the most outstanding man! ”

It would make everyone envious of her!

It would also make father Zhao the object of everyone's envy.

Boys could not do such things.

Father Zhao glanced at Zhao Xueyin. "Aren't you overestimating yourself too much! The Most Outstanding Man? Who do you think you are? Lawyer Si took a fancy to you and agreed to marry into our family. I wonder how many lifetimes you have been blessed!"

"Chapter 1047: 232: Big Brother Ye, she is omnipotent! 3"

"Zhao Xueyin held back a breath. "Dad, JUST YOU WAIT! Sooner or later, I will make master five your son-in-law!" "

2

Who was the most outstanding person in the financial world?

"Of course, it was the Chief Master Five of the HK consortium! "

"The HK consortium was the top aristocratic family in the financial world, the number one consortium in the financial world, and the number one consortium in the world. "

Master five was the founder of the HK consortium.

"Master five was a low-profile person. Although he was the founder of the HK consortium, he had never shown his face in front of the media. "

Even Zhao Xueyin had never met master five of the HK consortium.

Some people said that master five was an old man who was over 50 years old. Some people even said that master five was an upright man in his 30s.

“However, these things were not important to Zhao Xueyin at all. ”

“As long as she could marry master five, it would be enough! ”

“Although the Shunxi Financial Group was ranked second in the financial world, it could only be ranked tenth in the world. Who knew how many streets it was left behind by HK. ”

If she could marry master five.

“Then, the entire financial world would belong to the Zhao family from now on! ”

“Father Zhao continued, “If you can really marry master five, I would naturally be 100% willing. But the question is, can master five take a fancy to you?” ”

No one could deny Zhao Xueyin’s excellence.

But master five was a figure standing at the top of the pyramid. What kind of woman had he not seen before?

Could he take a fancy to Zhao Xueyin?

“After saying that, Father Zhao seemed to have thought of something and continued, “A person with Master Five’s status would not be faithful to anyone, nor would he be wronged to marry anyone! Do you want to be played by others for free?” ”

Men were not like women.

“When a man reached the peak of no one, he did not need a woman at all. ”

“Sometimes, a woman was just a tool to solve physiological problems. ”

But a woman was different.

“No matter what, a woman had to rely on a man! ”

“Zhao Xue Yin was silent for a moment. “Dad, you don’t have to care about that! Anyway, the only person I want to marry is master five! Don’t tell me that in your eyes, your daughter, I, am just that kind of vulgar woman?” ”

“No matter how outstanding Master Five was, he was just a man! ”

She had plenty of ways to make master five fall for her.

Father Zhao narrowed his eyes and did not say anything.

“Zhao Xueyin continued, “I want to make a trip to the capital tomorrow. I might not be back until later. You are alone at home. Remember to take good care of yourself. If there are any problems, give me a call.” ”

Father Zhao nodded.

“Then I’ll go upstairs first.”

“Go.”

Zhao Xueyin turned around and walked upstairs.

“Just as she walked upstairs, she received a text message from the lawyer. [don’t take uncle’s words to heart.] ”

[got it.]

“[by the way, I also found out that ye Zhuo participated in a variety show.] ”

“Zhao Xueyin immediately replied, [what’s his name?] ”

[village 2]

“Seeing the reply from the lawyer, Zhao Xueyin immediately turned on her computer and searched for village 2. ”

“I’m Ye From Chess Streamer Sitara YC. You Can Call Me Ye.”

The girl on the screen looked to be about eighteen or nineteen years old.

“She had red cheeks and white teeth, and her eyebrows and eyes were like a painting. ”

“Even though there was a screen between them, it could not block the powerful aura from her body. ”

Zhao Xueyin narrowed her eyes.

“Ye Zhuo was indeed ye Langhua’s granddaughter. When she saw her, Zhao Xueyin could already see ye Langhua, who had been shining brightly all those years ago. ”

But wasn’t ye Zhuo a doctor in the science and technology industry?

Why did she want to participate in variety shows?

Could it be that she wanted to enter the entertainment industry to act?

“Thinking of this, a glimmer flashed across Zhao Xueyin’s eyes. ”

Zhao Xueyin pressed fast forward the entire time and spent three hours to finish watching all 12 episodes of “Village 2.”.

“After reading “Village 2”, Zhao Xueyin read some documents and handed over the matters of the consortium before she went to bed. ”

Beijing.

Lin family.

“Ye Zhuo sat in front of the computer and drew a design for the whole night. When she looked at the time again, it was already past four in the morning. Ye Zhuo finished the last step and clicked save before going to bed. ”

“Although she slept very late last night, Ye Zhuo still woke up at seven the next morning. ”

“After waking up, she started running. ”

“An hour later, Ye Zhuo came to the restaurant to eat. ”

““Grandma, Mom, Dad, brother, Good Morning.” ”

“Ye Langhua and ye Shu had just met, so ye Langhua was currently staying at the Lin family’s residence.
”

“Good Morning.”

“Ye Shu continued, “Zhuozhuo, do you want a bun or a sandwich?” ”

“”A sandwich will do.”Ye Zhuozhuo sat at the dining table, picked up a sandwich, and slowly ate it. The sandwich was a little dry. ”

Lin Ze thoughtfully handed ye Zhuozhuo a glass of milk.

“Ye Langhua looked at the two siblings, her eyes filled with relief. ”

Chapter 1048: 232: Big Brother Ye is omnipotent! 4

“Lin Jincheng, who was sitting at the side, flipped a page of the newspaper in his hand. His expression was a little grave as he looked up at Ye Zao, “Zao Zao, try not to go out at night during this period of time. Even if you have to go out, have Ah Ze or Shaoqing accompany you.””

“What’s going on?”Ye Zao frowned slightly.

“Lin Jincheng continued, “On Zhaoyang Road near the university town, three female university students have gone missing for no reason in the past two days. They haven’t been found yet.””

“Oh my God! When did this happen?”Ye Shu asked in surprise.

Lin Jincheng glanced at the newspaper. “The first female university student went missing three days ago. The last two went missing the day before and yesterday. The youngest is only nineteen years old and has just entered the first year of university this year.”

“Ye Shu herself had children. Hearing such news, she felt a chill run down her spine. “That family must be worried to death! I hope they’re fine, they’re just hanging out together!””

“Lin Jincheng frowned. “It’s not possible to hang out together. The police found the phone of one of the girls nearby. Moreover, these three girls come from different schools, so they don’t know each other at all.””

“Are there no surveillance cameras on the way?”Ye Shu asked.

Lin Jincheng shook his head. “It’s because there are no surveillance cameras that it’s difficult to solve the case!”

Ye Shu sighed. “Three female university students disappeared in three days. This is too terrifying. I hope we can solve the case soon.”

“Lin Jincheng continued, “The police suspect that it’s a gang. They have already set up a special task force to investigate.””

“Ye Langhua and ye Shu had been separated for so many years. She knew what it was like to lose her daughter. When she heard the news, she felt extremely uncomfortable. She turned to look at Ye Zao, “Zao Zao, did you hear what your father said? Don’t go out at night during this period of time! Don’t be afraid of anything, just in case!””

“Ye Zao nodded. “I know, don’t worry.””

“After eating, Ye Zhuozhuo drove to the base.”

“Half an hour later, a handsome Land Rover steadily stood at the entrance of the base. Smoke and dust rose as the car door was opened. A pair of long legs was the first thing that came into view. Looking up from the pair of long legs, one could see one”

“Almost at the same time, Cen Jiang walked out of the base. “Miss Ye.””

“Cen Jiang.”

““Miss Ye, why are you alone?”Cen Jiang looked behind ye Zao. “Where’s Master Wu?””

““He went to country Y on a business trip,”ye Zao said as he walked around to the trunk.”

““OH.”Cen Jiang nodded and followed ye Zao to the trunk. When he saw ye Zao take out two metal suitcases from the trunk, CEN Jiang immediately said, “Miss Ye, put them there. I’ll do it!””

“Although the metal suitcases did not look big, it was not good for a girl like ye Zao to carry things.”

Men!

They should have a gentlemanly demeanor.

Ye Zao raised his eyes slightly. “You might not be able to carry this.”

Can’t carry it?

“As a man, how could he not be able to carry it?”

Could it be that he was worse than a little girl?

How was that possible!

“Cen Jiang rolled up his sleeves, revealing the triceps on his arms. “Miss Ye, you’re underestimating me too much! Although I’m not as powerful as master five, it’s just carrying a suitcase. It’s not a difficult task for me.””

“Ye Zao explained, “There are some precision machines in here. Although they’re small in size, their weight is not light.””

“Cen Jiang smiled and said, “No problem. Just let me do it.””

“You really want to try?” Ye Zao raised his eyebrows slightly.

“Cen Jiang nodded. “With a man like me around, how can I let you do manual labor!””

Ye Zao put down an iron box.

“Cen Jiang said, “Miss Ye, put both of them down.””

““You really can’t carry two,” ye Zao said.”

“Cen Jiang looked at Ye Zao. “Miss Ye, you’re underestimating me too much.””

“Hearing that, Ye Zao had no choice but to put the two boxes on the ground.”

Cen Jiang walked over to carry the boxes.

He had thought that he would be able to carry the two boxes easily.

“After all, the boxes didn’t look that big.”

But what he didn’t expect was that the two boxes that didn’t look that big were actually so heavy!

“Cen Jiang’s face was red from holding it in, but the two boxes still didn’t move at all!”

This was too heavy!

Cen Jiang's strength wasn't small either. He was able to lift the 100-jin barbell in one go.

"But today, he was actually unable to lift the two metal boxes."

Not to mention two.

He was afraid that he wouldn't be able to lift even one.

"But the bull had already been blown. Even if he couldn't carry it, he had to carry it."

Ye Zhuo was too amazing!

"Cen Jiang took a deep breath, hoping to break through himself and carry the suitcases."

Chapter 1049: 232: Big Brother Ye is omnipotent! 5

"3,2,1!"

The box was still unable to be lifted.

"Ye Zao smiled and said, "Let me do it." "

"Cen Jiang said somewhat embarrassedly, "Miss Ye, how heavy is this?" "

"Ye Zao said, "About 150 kilograms." "

It was actually so heavy!

No wonder he couldn't lift it.

"Just as Cen Jiang was surprised, ye Zao picked up the box easily. It was so light, as if the box in his hand didn't have any weight. "

Cen Jiang looked at ye Zao's back and swallowed his saliva.

"At this moment, ye Zao looked back slightly. "Aren't you going in with me?" "

Cen Jiang reacted at this moment and immediately trotted to catch up with Ye Zao's footsteps.

"The gate of the base was for facial recognition, so the two of them entered the laboratory without any obstruction. "

"When they entered the laboratory, they ran into many people. "

"When everyone saw ye Zao and Cen Jiang walking over, they started to discuss, "Miss Ye is Here!" "

"I heard that Miss Ye is going to set up a research group with Jianghe, Huhai, and Tang Mi. Is it true that she wants to develop an aircraft carrier?" "

"The research team was set up yesterday. Do you think it's true?"

"F * ck! I thought they were talking nonsense! I didn't expect it to be true!"

That was an aircraft carrier!

It was not an ordinary flying object.

200 countries in the world had not been able to develop an aircraft carrier until now. Ye Zhongeng?

“No matter how one looked at it, it was not reliable!”

Tang Xue looked at Ye Zhongeng in the crowd with a sarcastic look in her eyes.

“She had long felt that ye Zhongeng was too young, impetuous, and could not become a great man.”

Now it seemed.

Her intuition was not wrong at all.

“If Ye Zhongeng was unable to develop an aircraft carrier two years later, she would see how she would end up!”

“At that time, even Cen Shaoqing would be implicated by her.”

“Thinking of this, Tang Xue narrowed her eyes.”

Ye Zao and Cen Jiang walked all the way to the group’s exclusive laboratory.

“Seeing ye Zao come over, Cen Hai immediately trotted forward. “Cen Jiang, What’s wrong with you? How could you let Miss Ye carry something?” ”

“Cen Jiang said, “That’s too heavy. I can’t carry it.” ”

“Trash!”Cen Hai scolded Cen Jiang.

“Ye Zao smiled and said, “This isn’t Cen Jiang’s fault. It’s really quite heavy.” ”

“Cen Hai took the box from ye Zao’s hands. “Miss Ye, let me do it.” ”

“Ye Zao said, “You might not be able to carry it either.” ”

“Cen Hai smiled and took the box from ye Zao’s hands. “I’m not as useless as Cen Jiang...”the remaining word ‘thing’..., it was stuck in Cen Hai’s throat. At this moment, Cen Hai’s waist suddenly sank. He had never dreamed that these two boxes would actually be so heavy! ”

“If not for ye Zhuo retracting his strength in time, his front teeth would have been lost! ”

“CEN Jiang mocked, “Cen Hai, you trash. You Can’t even carry such a light box.” ”

Cen Hai:”...”

“Ye Zhuo placed the box on the experimental table and turned to look at the two of them. “Alright, stop laughing. Let’s Get to work!” ”

The two of them immediately straightened their expressions.

“Cen Hai said, “I’ll go get Cen he, Cen Hu, and little stutter to come over.” ”

“Go.”Ye Zao nodded slightly.

Cen Hai jogged to call for people.

“In a short while, everyone had arrived. ”

Ye Zao turned on his computer and enlarged the picture that he had designed overnight onto the projector.

The five of them looked at the huge space mothership on the projector and could not help but gasp.

“Ye Zao swiped the mouse and changed the design in a few different directions. He gave a brief introduction, “This aircraft carrier is a three-in-one combination of sea, land, and air. This is the defense isolation zone, this is the control system, and this...” ”

Everyone listened attentively to ye Zao’s introduction.

“The reason why they joined the research group was actually to give it a try. However, after seeing ye Zao’s design, they were suddenly filled with confidence in ye Zao!”

Ye Zao would definitely be able to develop an aircraft carrier that would amaze the world!

“At that time, those who looked down on ye Zao would regret it!”

“Especially Ceng Jiang. He had always admired ye Zao. When he saw the design, he was so excited that his blood was boiling!”

He could not wait to start working on it.

“After briefly introducing the design to everyone, ye Zao arranged work for the five of them.”

Tang Mi was a girl with a delicate mind. She was responsible for the quality inspection and weapon system.

“The four brothers of Jianghe, Huhai were mainly responsible for the functions, power, high-density information management, and welding processing.”

“Cen Jiang said, “Miss Ye, the high-melting-point deck steel and nano-metal materials for the manufacture of aircraft carriers are almost ready. When do we start the preparation work?” ”

“Chapter 1050: 232: Big Brother Ye, she is omnipotent! 6”

“Ye Zhuo was silent for a moment before he continued, “How many workers do we currently have under US that can be mobilized?” ”

““About 300,”Cen Hai said. ”

Ye Zhuo nodded slightly. “Then Let’s start tomorrow! Let’s do some preparations today.”

“Alright.”Cen Hai nodded.

Ye Zao stayed in the laboratory for the entire day and did not leave until around 7 pm.

Cen Jiang just happened to bump into Tang Xue who was walking out after sending ye Zao back. “Sister Xue.”

Tang Xue nodded. “Sending Miss Ye Off?”

“That’s right.”

“Tang Xue continued, “I saw that Miss ye stayed at the base for a day. Has your plan to develop an aircraft carrier already been implemented?” ”

“Speaking of this, Cen Jiang was extremely excited. “Today, I just did some preparatory work. Tomorrow, we’ll officially start work!” ”

“OH.”

“Cen Jiang continued, “Sister Xue, our research team is still lacking one person. Why don’t I Tell Miss Ye to let you come over?” ”

Cen Jiang had a good impression of Tang Xue.

Developing an aircraft carrier was not a small matter.

“Once the research was successful, it would be a national celebration. If Tang Xue joined the team, then even Tang Xue’s status at the base would rise along with it! ”

“Cen Jiang continued, “Miss ye said that not everyone can join our research team, but I have a good relationship with Miss Ye. As long as I tell her, she will definitely agree!” ”

“Hearing this, Tang Xue’s eyes were filled with speechlessness. ”

Not everyone could join Ye Zhuo’s research team?

This ye Zhuo really knew how to flatter himself!

It was obvious that everyone was avoiding him!

“Tang Xue smiled and said, “Cen Jiang, thank you for your kindness, but I’ve been quite busy recently. I still have a project to do, so I won’t join in the Fun!” ”

“” Ah! That’s such a pity!”Cen Jiang continued, “Sister Xue, let me tell you, I saw Miss Ye’s design today. Miss ye is really amazing! “I have a feeling that she will definitely be able to design an aircraft carrier that will amaze the world!” ”

An aircraft carrier that will amaze the world?

“Tang Xue’s face was full of sarcasm. At the same time, she sighed. Ye Zhuo’s brainwashing method was really brilliant. Not only did it make the four brothers, Jianghe, Huhai, and Tang Mi believe in her without a doubt, even Cen Shaoqing was fooled by her. ”

“Thinking that they would wake up sooner or later, Tang Xue’s heart was extremely happy! ”

“At that time, Ye Zhuo would definitely die a horrible death! ”

“Tang Xue looked at Cen Jiang, she said meaningfully, “Cen Jiang, from the moment you entered the base, I’ve watched you grow. Sister Xue, let me tell you something from the bottom of my heart. If you can quit, you’d better quit as soon as possible! Otherwise, you’ll get into trouble!” ”

“Cen Jiang was stunned. “Sister Xue, what do you mean?” ”

“Tang Xue continued, “Don’t tell me you really think that miss ye can develop an aircraft carrier?” ”

“You don’t believe Miss Ye?”Cen Jiang asked.

“Tang Xue didn’t answer Cen Jiang directly. Instead, she said, “Ask around in the base. How many people believe that Miss ye can develop an aircraft carrier?” ”

“Cen Jiang frowned slightly. “In any case, I believe that Miss ye can definitely do it!” ”

“Tang Xue smiled helplessly. “Cen Jiang, as a friend, I can only say this much. As for whether or not I will listen to you, that’s up to you!” ”

“After saying that, Tang Xue turned around and left. ”

“Cen Jiang looked at Tang Xue’s back and muttered softly, “It’s fine if you don’t want to come, but why are you slandering my goddess?” ”

Ye Zhuo went to the base for five consecutive days.

He left early and returned late every day.

“It was Saturday, and an Lizi and Zhao Pingting had invited her out to watch a movie.”

“An lizi smiled and said, “Zao Zao, what have you been busy with these few days? I’ve gone home a few times, but you’re nowhere to be seen! Are you busy dating master five?” ”

Zhao Pingting looked at ye Zao with a gossipy expression.

Ye Zao took a sip of milk tea. “Cen Shaoqing went abroad on business. I have other things to do these few days.”

“What’s the matter?”Zhao Pingting was a little curious.

“Ye Zhuo looked up slightly. “You might not believe me if I tell you, but I’m developing an aircraft carrier.” ”

“Aircraft carrier? What aircraft carrier?”An Lizi was stunned.

Zhao Pingting’s face was also filled with question marks.

Ye Zhuo slowly spat out four words. “An aircraft carrier.”

“PFFT!”

An Lizi could not help but spit out the milk tea in her mouth. “Why didn’t you say that you’re developing Noah’s Ark!”

“Noah’s Ark?”Ye Zao rubbed his chin. “We can only consider it after the aircraft carrier is successfully developed.”

“Zhao Pingting took a tissue to wipe an Lizi’s mouth. “Zao Zao, we’re serious!” ”
