Chapter 1441: 307: We don't have professor Yue Here! 4

[ maybe it's because he's beautiful. Isn't there an old saying in China? A Hero can't beat a beauty. ]

"[ I have inside information! ]! It was said that because of the nuclear reactor, YC even had a serious conflict with professor Yue from the CEN base. Therefore, professor Yue felt that it was not worth it. Professor Yue was a real talent. What else could YC do besides bragging? She said that she could build an aircraft carrier, but until now, there was no sign of an aircraft carrier "

"Nuclear reactors need water to slow down the neutrons, and this YC actually stored them directly. Does she even know about scientific research? A person like this will even build an aircraft carrier! What a joke "

A person who doesn't even know how to store a nuclear reactor still wants to build an aircraft carrier? I think she's Dreaming

"[ using a nuclear reactor as the fuel for an aircraft carrier. Oh My God, is she still asleep? ]? [ I think the people at the CEN base don't have brains either. They actually dared to cooperate with her. Aren't they afraid that the nuclear reactor will leak and cause nuclear radiation? ] "

-LChinahina is a bunch of idiots. i'm afraid that they don't even know what nuclear radiation Why why would they be worried about nuclear radiation? ]

"[ I swear! If YC can build a space mothership, I will kneel on the ground and call you dad! ] "

"[ calling you dad is nothing. If YC can achieve the speed of light, I can live stream eating shit! ] "

[ add me! ]

[ add one upstairs! ]

[ add one! ]

[ add one! ]

“[ hahaha, if YC can’t build a space mothership, doesn’t that mean that they will call us dad and live stream eating shit? ] ”

[ of course! ]

[ wait for YC to eat SH \* T Live! ]

“[ didn’t you see what YC said? She wants to build an aircraft carrier in two years. After two years, who will remember her? By then, we will have already forgotten about this matter! ] ”

[ YC’s matter was reported in the international newspaper. How could she forget it so easily? ]

“[ that’s right, that’s right. When the time comes, there will definitely be a lot of people fighting to slap her in the face! ]! Even if she was bragging, there had to be a limit. Creating an aircraft carrier at the speed of light, did she really think that country C did not exist? If even country C did not dare to brag so easily, she would really dare to say anything! ] ”

“[ right, right, right. When the time comes, the first one who would not let YC off would definitely BE COUNTRY C! ] ”

“Looking at the replies from the researchers from all over the world, Tang Xue’s face was filled with a smug smile. ”

“The matter of the space mothership was getting bigger and bigger. Right now, experts from all over the world were waiting to see ye Zao make a fool of himself. She wanted to see how ye Zao would end up. ”

On the other side.

“After ye Zao finished eating the Duck’s paw, he sat by the side and looked at his phone. He did not know what he saw, but she suddenly chuckled.”

“Cen Shaoqing was cleaning up the leftovers. Seeing her like this, he looked up curiously. “What are you laughing at?” ”

“Ye Zao said, “I’m going to have a lot of sons soon.” ”

“What do you mean?”Cen Shaoqing raised his eyebrows slightly.

Could it be...

Ye Zao could not wait to give birth to a son for him?

“Thinking of this, Cen Shaoqing’s mind wavered, and his throat felt a little dry. “Leader, leader, do you want it now?”Isn’t that a little inappropriate. Although it was said that one would think about that when one was full, it was still in the office after all... ”

“Seeing that his expression was a little strange, ye Zhuo said speechlessly, “What kind of nonsense are you thinking about? Didn’t you say that you lived like a monk before?” ”

How could a monk understand these things?

“Cen Shaoqing’s eyes were deep. “It’s all thanks to the guidance of the leader.”The subtext was that if you don’t think about those nonsense things, how would you know that I’m thinking about nonsense things? ”

“I can’t be bothered with you.”Ye Zhuo lowered her eyes slightly and took a screenshot of the comments that were about to kneel down and call her father.

“Cen Shaoqing continued to clean up the table and sorted the rubbish into different categories before placing it into the trash can. “Leader, are duck neck bones dry rubbish or wet rubbish?” ”

“Ye Zhuo hesitated for a moment before continuing, “Wet rubbish.” ”

“”Alright.”Cen Shaoqing placed the bones into the wet rubbish bag and then said, “Are wet tissues wet rubbish?” ”

“”Dry garbage,”ye Zao said. ”

Wet tissue is dry garbage?

“Cen Shaoqing frowned slightly, but did not say anything more. He threw the wet tissue into the bag of dry garbage.”

On professor Yue’s side.

“When they returned home, when Professor Yue’s husband, Wan Sheng, heard the news that Professor Yue had led the members of the entire research room to strike, he was a little worried and said, “Isn’t it a little inappropriate for you to do this?” ”

“That person was, after all, Cen Wu Ye. ”

How could the dignified Cen Wu ye be threatened by Yue Hongyan?

Chapter 1442: 307: We don’t have professor Yue Here! 5

""Since he can be a 1st grader, I can be a 15th grader!"Professor Yue said indignantly, "I have devoted my life to the base, but he said that I should retire early and he let me retire early. He doesn't care about my feelings at all!" "

""But he didn't fire you. He just let you retire early!"! "Besides, I've heard that you're also at fault in this matter. Cen Jiang's surname is Cen after all, and he's also the District Chief of Big C district. How can you beat him up just like that? ! "You only know that you were angry when ye Zhuo beat Tang Xue. Why Don't you know how Master Five felt when you beat Cen Jiang Up?" "

"In Wan Sheng's opinion, Cen Shaoqing had more or less saved professor Yue some face. "

At least he didn't fire professor Yue directly.

""In short, I have to ask him to bring ye Zao to apologize to me!"Professor Yue continued, "No matter what, my starting point is for the good of the base. Do you know how ye Zao stored the nuclear reactor? If the nuclear reactor leaks and causes a nuclear leak, who will bear the responsibility? Someone like ye Zao still wants to build an aircraft carrier? HMPH! In My Next Life!" "

"Wan Sheng Sighed. "You're just too strong!"At home, he was always the one who gave in to professor Yue. "

"After saying that, wan sheng continued, "Haven't you thought about what would happen if you offended Cen Wuye and he removed your name from the base?" "

"Professor Yue was not worried about this at all. "Removing me from the base, I'm afraid that he has the heart and doesn't have the guts to do so!" "

Her research lab could not be replaced just like that.

"If Cen Shaoqing wanted the entire C zone to resume operations, he had to come and look for her. "

“Quote, professor Yue continued, “Do you really think those people in the research lab are fools? If they are not fully confident, will they follow me? “Just wait. Before eight o’clock tomorrow morning, Cen Shaoqing will definitely bring ye Zhuo here to beg for forgiveness!” ”

“They had already gone on strike for an entire afternoon this afternoon. Although it was only an afternoon, the losses they had brought to the CEN base were not small. ”

“The current Cen Shaoqing would definitely be running around anxiously, thinking about how to apologize to her. ”

“”Are you that sure?”Wan Sheng continued, “But I think that CEN fifth master is not someone who will easily give in!”If the strike could threaten Cen Shaoqing, then wouldn’t the CEN base be in chaos? ”

“”This time, he can’t give in even if he doesn’t want to!”No one was willing to joke about their future and money. ”

Even Cen Shaoqing was not immune.

On the other side.

Shen Linlin went to find Sun Yu.

“”Sun Yu, we were too impulsive in the afternoon. I hope you can think about it. Are you really going to strike? “While there’s still time, hurry up and apologize to fifth master. Otherwise, by tomorrow morning, it will really be too late!” ”

“Sun Yu looked at Shen Linlin with a mocking look in her eyes, “Shen Linlin, do you really think I don’t know what you’re thinking? “Aren’t you just unhappy that I’m about to receive Master Five’s appreciation and be promoted! “Let me tell you, we’ve already broken up. There’s no more relationship. Please don’t come to me shamelessly in the future!” ”

“He knew that Shen Linlin would definitely regret it, but he did not expect her to come to him so quickly. ”

“Shen Linlin looked at Sun Yu, and her heart slowly turned cold.”

It turned out that she was such a person in Sun Yu’s heart.

“Shen Linlin nodded. “Okay, I got it. Sun Yu, you better remember what you said today!” ”

Sun Yu snorted coldly.

Shen Linlin turned around and left.

“Soon, it was the next morning.”

“In order to wait for Cen Shaoqing to come and beg her, professor Yue woke up early in the morning.”

“Soon, it was eight o’clock, but Cen Shaoqing did not appear.”

Professor Yue looked up at the clock on the wall and frowned slightly. Could it be that the clock was broken?

Something did not seem right.

“At the same time, at the CEN base.”

“The A-2 members quietly moved into the research room in Area B, and Area B returned to normal operation.”

“When she saw on the big screen that the research room in Area B was lit up, Tang Xue slightly curled her lips.”

She was back.

Professor Yue was back.

“She didn’t expect Cen Shaoqing to act so quickly. In just one night, he had invited professor Yue back. ”

Tang Xue immediately ran to Area B and soon arrived at the research room. She stretched out her hand and knocked on the door.

The door opened.

“However, the person who opened the door was an unfamiliar face that Tang Xue did not recognize. ”

Tang Xue was stunned. “You’re New Here? I’m Looking for Professor Yue!”

“We don’t have professor Yue here.”

“Chapter 1443: 308: Strong and merciless, smacking professor Yue in the face! 1”

No Professor Yue?

How could there be no professor Yue!

“Tang Xue’s face turned pale for a moment, but she quickly recovered. “Then, who is the leader of Your Research Unit?” ”

That person sized Tang Xue Up. “You’re looking for our Professor Ma?”

Professor Ma?

Who Was Professor Ma?

“Tang Xue had been in the base for so long, but she had never known that there was a professor with the surname Ma! ”

What was going on?

What was going on?

“If the leader of the research unit was Professor Ma, what would happen to Professor Yue? ”

Tang Xue tried her best to calm herself down. “Where’s Sun Yu? Ask Sun Yu to come over!”

““You’re looking for Sun Yu, right? Wait a moment.” ”

“Hearing that Sun Yu was still there, Tang Xue heaved a sigh of relief and nodded. “Sorry to trouble you.” ”

“As long as Sun Yu was still around, it meant that things were definitely not what she had imagined. ”

“Sun Yu had mobilized the entire staff to go on strike. Now that Sun Yu had appeared in the research room, Cen Shaoqing must have given professor Yue an explanation. ”

“You’re welcome.”That person went in to look for her.

Tang Xue was waiting for someone outside.

“About five minutes later, the door was opened again. That person looked at Tang Xue and said, “Sun Yu is a little busy right now. I’ll have to trouble you to wait a little longer.” ”

Tang Xue nodded. “No problem.”

“After saying that, Tang Xue continued, “May I know your surname?” ”

“”My name is Tang Ruye,”the man said. ”

“Tang Xue smiled and said, “What a coincidence. My surname is Tang too. Perhaps we were a family 500 years ago!” ”

“Tang Ruye smiled. “It’s quite a coincidence. Miss Tang, please wait here for a moment. Sun Yu’s side will probably arrive in about ten minutes.” ”

“Alright.”

“After Tang Ruye left, Tang Xue sat on the spot and continued to wait for Sun Yu. ”

“Ten minutes later, the tightly shut door was opened again. ”

“This time, it was definitely Sun Yu! ”

Tang Xue hurriedly stood up from her chair.

“However, when the door was opened, an unfamiliar face appeared. ”

Tang Xue was stunned. “May I ask if Sun Yu is still busy?”

The person who came was also stunned. “I am Sun Yu! Are you that Miss Tang?”

He was Sun Yu?

“However, Sun Yu was clearly a young man in his early twenties. The person in front of him could even be Sun Yu’s father! ”

How Could This Be Sun Yu?

“Tang Xue was a little speechless and said, “What kind of joke is this! Where is Sun Yu? Quickly get him out. Today is not April Fool’s Day! I have business with him!” ”

“”I’m really Sun Yu!”The Man took out his work permit. “Look, this is my work permit!” ”

Tang Xue took the work permit that the man handed over.

Suddenly.

She was stunned!

Sun Yu.

“On this work permit, it said that he was indeed Sun Yu. ”

“But if he was Sun Yu, then where did the real Sun Yu Go? ”

“Sun Yu continued, “May I ask why you are looking for me?” ”

“Tang Xue tried her best to calm herself down and continued, “May I ask, is there anyone here called Wang Qinghe?” ”

“Wang Qinghe?” Sun Yu scratched her head. “You are talking about the former head of the quality inspection team, Wang Qinghe, right? He is no longer here! Currently, all the members of the research room in Area B have been replaced by people from studio a 2.”

The former head of the quality inspection team?

Studio A 2?

Tang Xue was stunned.

What was going on?

Did Sun Yu mean that Professor Yue’s scientific research room had been completely replaced by another group of people?

How could that be possible!

No one could replace Professor Yue’s scientific research room.

Where did this a 2 member come from?

Professor Yue’s Scientific Research Room had been replaced by all the members. Why didn’t she hear any news beforehand?

What was going on?

Cold Sweat broke out on Tang Xue’s forehead almost instantly.

“Seeing Tang Xue Like This, Sun Yu asked with concern, “Miss Tang, are you alright?”

""No, I'm fine."Tang Xue tried her best to smile. "

"Sun Yu continued, "Then why are you looking for me? If there's nothing else, I still have other things to do." "

""I, I might have gotten the wrong person! I'm sorry, you, you go ahead and attend to your matters!" "

"Sun Yu glanced at Tang Xue and felt that this person was rather strange. However, she did not say anything else and turned around to walk inside. "

Tang Xue walked out of Area B and felt that both her feet were stepping on cotton wool.

It was very surreal.

"Have you heard? Area B has returned to normal order."

"Master five invited professor Yue Back?"

"No way! Do you think Master Five is the kind of person who can be easily threatened?"

"Then what's going on?"

"I heard that member a 2 has replaced all the positions in Professor Yue's research room."

"Member a 2? There's such a member in our base?"

"I'm not too sure either. I'll go ask around after work."

"Chapter 1444: 308: Strong and merciless, smacking professor Yue in the face! 2"

""This time, professor Yue's efforts were for naught. He originally wanted to threaten Lord fifth, but he didn't expect that not only did he not threaten Lord fifth, he even lost his wife and his soldiers!" "

""The most unlucky ones should be those members of zone B. They originally thought that they were the core members of Zone B, the kind that couldn't be replaced. Who knew that they would be replaced at any moment!" "

"Things haven't come to the end yet. Let's wait and see! What if there's still room for change? This core position isn't something that can be replaced just because it can be replaced."

"..."

The crowd continued to discuss.

Tang Xue immediately picked up her phone and called Professor Yue.

"Professor Yue was sitting at home, waiting for Cen Shaoqing to come and apologize. "

"However, he didn't see Cen Shaoqing even when it was half past nine. "

"Wan Sheng frowned. "Hongyan, I told you long ago that you couldn't threaten Master Five, but you didn't listen! What Now?" "

Professor Yue said that Cen Shaoqing would definitely come and apologize before 8 o'clock.

What time was it now?

“Cen Shaoqing, even Cen Shaoqing’s special assistant, Zhou Yue, didn’t show up. ”

“Professor Yue’s expression was a little ugly, but he still insisted. “He will come! Master five will definitely come!” ”

Unless Cen Shaoqing wanted to give up the entire B district.

“Otherwise, Cen Shaoqing would definitely come and beg her. ”

““It’s already 9:30,”wan sheng continued, “Hongyan! “Just listen to me and bring everyone to apologize to master five. For the sake of your many years of service to the base, he definitely won’t fuss over those things with you. Otherwise, the gains will not make up for the losses!” ”

“If professor Yue stopped now, he could still preserve his retirement reputation. ”

“At this moment, a series of phone ringtones suddenly rang in the air. ”

Was It Cen Shaoqing Calling?

Cen Shaoqing was CEN fifth master. It was normal for him to be unable to lower himself to call her.

“Therefore, this phone call was definitely CEN Shaoqing calling! ”

“Professor Yue looked at Wan Sheng. “Look, isn’t he already here? Quickly go and get my phone!” ”

“Wan Sheng glanced at her and didn’t say anything more. He walked over to the phone and said as he walked, “If master five gives you a way out later, don’t take advantage of him. If you have to let him off, let him off! Why do you have to do this?” ”

“Don’t meddle in my affairs!”It was professor Yue’s.

Wan Sheng shook his head helplessly. He took the phone and was stunned.

This...

It was not a call from master five.

Wan Sheng's expression changed. He handed the phone to Professor Yue.

"Professor Yue took the phone. When he saw Tang Xue's name on the screen, he was also stunned. "

Why wasn't it Cen Shaoqing?

Could it be that Cen Shaoqing wanted Tang Xue to be a lobbyist?

"Professor Yue narrowed his eyes. He thought for a moment before he answered, "Hello." "

""Professor Yue, it's Tang Xue. Something Big has happened!" "

"What happened?"Professor Yue asked.

"Tang Xue looked around the base. "It's not convenient to talk over the phone. Why Don't we meet up? Professor Yue, I'll wait for you at the coffee shop downstairs." "

""Sure,"professor Yue said. "

"After hanging up the phone, professor Yue felt a little strange. "

“What kind of major incident couldn’t be explained clearly on the phone, and she had to talk about it in person?”

“After thinking about it, professor Yue felt that Tang Xue must have been entrusted by Cen Shaoqing.”

“If it weren’t for Cen Shaoqing, Tang Xue wouldn’t be like this.”

“Seeing her like this, Wan Sheng asked, “What did little Tang look for you for?” ”

“What else could she look for me for? It must be fifth master who entrusted her to look for me!”

Wan Shengdu was a little speechless. “You! You’re so stubborn!”

“Professor Yue said, “Master five was the one who asked Xiaoxue to look for me!”She had to be stubborn about such a small matter.”

“Because they were close, when Professor Yue arrived at the cafe downstairs, Tang Xue had not arrived yet.”

“About 15 minutes later, Tang Xue rushed over.”

“Professor Yue ordered a cup of coffee for Tang Xue and asked despite knowing the answer, “Xiaoxue, why are you in such a hurry to look for me?” ”

“Tang Xue was not in the mood to drink coffee now. She continued, “Professor Yue, something happened!” ”

“Something happened?”Professor Yue frowned. “What happened?”

“Tang Xue continued, “The scientific research room in Area B has returned to normal.” ”

""What?"Professor Yue said in surprise, "It's, it's Sun Yu?" "

"Sun Yu was professor Yue's disciple. Ever since she joined the base, she had been following her. Logically speaking, Sun Yu should not have been sentenced to death. "

"If Sun Yu would betray her, she would not have mobilized everyone to strike! "

""It's not Sun Yu!"Tang Xue continued, "It's member a 2! Member a 2 has replaced all the members of the original research room." "

"Chapter 1445: 308: Strong and merciless, face-smacking professor Yue! 3"

"A2 members? Where did the A2 members come from?"Professor Yue had never heard of the A2 members after working in the base for so many years.

""I don't know exactly where the A2 members came from. I only know that they have replaced everyone! Professor Yue, what do you think we should do now?" "

Tang Xue was very anxious. She had hoped that Professor Yue could threaten Cen Shaoqing and make ye Zhuo apologize to her in public. She had lost all face.

Who would have thought that an A-2 member would suddenly appear on the way!

Who exactly were they?

Professor Yu looked at Tang Xue. "Are you sure that what you said is true?"

""It's true!"Tang Xue nodded very seriously. "Professor Yue, if you don't believe me, you can call and ask. Everyone saw it!" "

"Professor Yue and Tang Xue's grandfather had some friendship, so he naturally knew that Tang Xue wouldn't lie to her. "

"Do you know that you came to look for my fifth master?"Professor Yue asked.

"I don't know."Tang Xue shook her head.

"Professor Yue narrowed his eyes. "Then after I left, did fifth master look for You?" "

"No."Tang Xue still shook her head.

This was a little strange.

Could it be that Cen Shaoqing didn't care about the strike at all?

""Professor Yue, all the members of the research room in Area B have been replaced. What are you going to do?" "

"With professor Yue in the base, Tang Xue had a backer. "

"If professor Yue wasn't here, who would she rely on in the future? "

""It's fine."Professor Yue didn't panic at all. "Little Xue, I've been in the base for more than 20 years. Do you think that my position can be replaced just because I said so?" "

"If he did not have some strength, professor Yue would not have taken the position of professor. "

“Hearing this, Tang Xue’s eyes lit up. “Aunt Yue, you have a backup plan?” ”

“In front of Tang Xue, Professor Yue did not hold back at all. He nodded and said, “Yes.” ”

“Professor Yue smiled and said, “The A2 members are just a cover! I’ve been in the base for so many years, but I’ve never heard of the A2 members. Master five wants to use this to scare us! “So that we can quickly go back and apologize to him! “Unfortunately, he doesn’t know that there’s a saying in this world that goes, ‘The older the wiser!’ “He thought that I would definitely be frightened this time, but he didn’t know that I had seen through his little tricks!” ”

“Hearing this, Tang Xue was suddenly enlightened. She smiled and said, “So that’s how it is.” ”

“Professor Yue added, “Area B and Country L have a cooperation. The agreed delivery time is five days later. Unless master five wants to breach the contract, otherwise, just a group of A-2 members won’t be able to deliver the goods within the agreed delivery time.” ”

This batch of goods from country L were all high-tech electronic products.

There was a program that had to be set by professor Yue personally.

“Other than Professor Yue, no one else could set it. ”

Not only that.

Professor Yue had also set a password on the chip.

“Before the program could be reset, the password had to be broken. ”

“In the entire base, there were very few people who could break the password that she had set. ”

“Hearing this, Tang Xue immediately understood professor Yue’s meaning. She smiled and said, “So, this fifth master must come and Beg You!” ”

Professor Yue nodded.

“”Aunt Yue, you still have a way!” ”

“Professor Yue smiled and said, “Otherwise, why do you say that the older the wiser? If you want to fight with me, this fifth master is still too young.” ”

“After all, his age was obvious. ”

How Old was Cen Shaoqing?

32 years old!

Did he really think that she was 16 years older than him and that she was from white university?

“On the other side, the other members of the research unit also learned that the research unit had been replaced by a 2 member. ”

Everyone looked for Sun Yu and expressed their worries.

“”Brother Sun, what should we do? Why Don’t we take the initiative to go back! The contract says that a strike of three days is considered to be a breach of contract and an automatic resignation!” ”

“Old Qian is right. It wasn’t easy for us to get into the base. We can’t be fired just like that!”

“ ... ”

“Sun Yu had already spoken to professor Yue on the phone, she smiled and said, “Don’t worry, everyone! The CEN Corporation wouldn’t dare to fire us so casually! “If our research room can be so easily replaced, then wouldn’t Professor Yue’s twenty years in the CEN Corporation base have been for Nothing?” ”

“Hearing this, everyone immediately understood. “Brother Sun, do you mean that fifth master is scaring us?” ”

““It’s obvious whether he’s scaring us or Not!”Sun Yu continued, “All of us have signed a joint letter. Do you want to go back on Your Words?” ”

“If it wasn’t for scaring them, what A2 member would Cen Shaoqing produce? ”

“Chapter 1446: 308: strong and merciless, face-smacking professor Yue! 4”

“Sun Yu looked at everyone’s expressions and continued, “Everyone, we’ve been in the Cen family for so many years, have any of you heard of a 2 member?””

A 2 member?

“When they heard this, everyone looked at each other. They could see the confusion in each other’s eyes.”

“After so many years, they really hadn’t seen any a 2 member in the base.”

“Brother Sun is right. Master five must have run out of ideas and thought of this to scare us! So that we can all go back to work!”

““Yes, yes, yes, that must be the case!””

“We can’t be deceived by master five!”

“Sun Yu said, “I have already thought of it for everyone. When master five comes to beg us to go back, we have to make an additional request to master five.””

“What request?”

“Sun Yu faced everyone and said with a smile, “An increase in annual salary. Everyone, how about this number?” At the end, Sun Yu made a ‘7’ gesture.”

“Alright!”

Everyone cheered.

Who Didn’t like an increase in salary?

“It was also at this moment that someone asked, “What if master five doesn’t give us an increase in annual salary?””

“Sun Yu said, “Do we still remember the last order before the strike?””

“Old Qian stood up and said, “Is it the batch of goods ordered by country L?””

“”Yes.” Sun Yu nodded, then, she said, “The most crucial step of the batch of goods ordered by country L is still in Professor Yue’s hands. Professor Yue has already told me that she will definitely help everyone fight for the wish of a raise in their annual salary!””

“Upon hearing this, everyone immediately cheered, “Long live professor Yue!””

“Professor Yue!”

“Sun Yu raised her hands to signal for everyone to be quiet and continued, “So, everyone just have to wait patiently. Don’t worry, professor Yue will not let everyone down!””

“We will listen to Professor Yue.”

On the other side.

Cen’s base.

“Professor MA was familiarizing himself with the overall work flow of the research room when suddenly, Tang Ruye came over. “Professor Ma!””

“What’s Wrong?” Professor Ma put down the document in his hand and looked up at Tang Ruye.

“Tang ruye continued, “Professor MA, there’s a problem with the quality inspection team. Please come over and take a look.””

Professor ma nodded and locked the computer screen to follow Tang Ruye’s footsteps.

“Soon, the two of them arrived at the quality inspection team together.”

“The team leader, Chu Liang, stood up and said, “Professor Ma, look at this chip. It has never passed the quality inspection, but I can’t see what the problem is.””

“Move aside.”

Chu Liang stood up and gave his seat to Professor Ma.

“Professor Ma sat in his chair and placed the chip with the problem under the microscope, observing it carefully.”

“Soon, he found the problem and looked up at Chu Liang, “Inform the production team to temporarily stop production. A program on the chip has been added with a password. Now we need to crack the password and reset it. Before the program is set, the production team should not act Rashly.””

“Chu Liang nodded. “Okay, I understand.””

Professor Ma brought the chip back to his office.

“Professor Ma had thought that cracking the password would be very easy. He had not expected that after cracking the password, there would be another one.”

It was just like the poem.

“The wildfire would not burn out, and the spring breeze would blow again.”

“Professor ma frowned. Master five had asked him to accept section B because of his trust in him. No matter what, he could not betray Cen Shaoqing’s trust.”

“When it was time to get off work, the lights in Professor Ma’s office were still on.”

Professor Yue sat on the sofa and talked to Tang Xue on the phone. His eyes were full of smiles. “Is that so? You haven’t Gone Back Yet?”

“Tang Xue said, “Yes, I heard from the person with the same name as Sun Yu that Ma Jianguo has been studying for an entire afternoon!” Ma Jianguo was Professor Ma’s real name.”

“”Let alone an entire afternoon, even if he studies for an entire year, he wouldn’t be able to come up with anything like Chou Yin Mao!””

""That's right."Tang Xue flattered, "Aunt Yue, the password that you set, not to mention Ma Jianguo, I'm afraid that even if fifth master personally does it, he wouldn't be able to crack it!""

"Professor Yue looked at the clock hanging on the wall and said with a smile, "Alright, Alright. Xiaoxue, it's getting late. You should go back earlier. I need to rest.""

"Tang Xue said, "You've been in the base for so many years and haven't had a good rest. You should take this opportunity to have a good rest. Goodbye.""

""Goodbye."After saying this, professor Yue hung up the phone."

"After hanging up the phone, professor Yue hummed a tune and walked towards the bedroom."

"Seeing her like this, Wan Sheng said, "Hongyan, Lord fifth called you?""

"Chapter 1447: 308: strong and merciless, face-smacking professor Yue! 5"

"Professor Yue said, "A phone call is nothing. Just wait. He will definitely come to me personally." "

""I hope so."Wan Sheng continued, "Have you told Little Tang about our Wan Hui?" "

"Not yet."Professor Yue shook his head.

"That's good."Wan Sheng heaved a sigh of relief. "I always feel that Little Tang's child is a little unsuitable for our Wan Hui."

Wan Hui was the only son of Wan Sheng and professor Yue.

He was 28 years old and unmarried.

“Therefore, the couple had always wanted to set up Wan Hui and Tang Xue.”

“However, after this incident, Wan Sheng felt that it wouldn’t be a good thing if the two of them really became a couple.”

“Professor Yue was a stubborn person. Once he got Tang Xue Back, he wouldn’t be able to live a good life with Professor Yue.”

“”You don’t like Xiaoxue. Xiaoxue doesn’t like our Xiao Hui!”Professor Yue continued, “Do you know how many people in the base have a crush on Xiaoxue?” ”

Even a talent like Wang Lei liked Tang Xue. This was enough to prove Tang Xue’s charm.

Wan Sheng smiled. “It’s not that I don’t like her. I just think it’s a little inappropriate. Wan Hui’s personality is too quiet.”

Professor Yue rolled his eyes at Wan Sheng and didn’t say anything.

On the other side.

“Professor Ma stayed in his office the whole night. His eyes were red from staying up all night, but he still couldn’t crack the password on the chip.”

“Seeing that the agreed delivery date with Country L was about to arrive, he couldn’t go on like this.”

Professor Ma narrowed his eyes.

“After thinking for a while, professor Ma changed to another method to crack the password.”

“An hour later, it still ended in failure.”

“After learning that Professor Ma didn’t go back for the whole night to crack the password, Tang Ruye woke up early and specially brought breakfast for Professor Ma. “Professor Ma, you didn’t go back for the whole night?” ”

Professor ma nodded. “It seems that I’m really old! Why Can’t I crack this password!”

“Tang Ruye handed the food to Professor Ma. “Please eat something first, I’ll take a look.” ”

Professor Ma put the food aside and sighed. “How can I be in the mood to eat if the password hasn’t been cracked?”

“”People are made of iron and iron. You’ve been busy all night. You should at least eat something.”Tang ruye continued, “Give me a chance too. It’s said that those who are in the middle of the matter are clueless. Maybe I’ll crack it!” ”

“Professor ma smiled and said, “Then come and try it.” ”

Tang Ruye sat on Professor Ma’s chair.

“On the computer, a webpage showing the password cracking was displayed.”

Tang Ruye tried to enter a line of code.

“Very soon, the password was cracked. However, before she could be happy, she was faced with a second question.”

She saw that the password cracked on the screen was quickly covered with a new layer of password.

Tang ruye frowned slightly. "What's going on?"

"Professor Ma took a bite of the bun and said, "I've been doing this for a whole night!" "

"Who do you think set this password?"Tang Ruye asked.

"Who else could it be? It must be the previous leader of this research room. I heard that his surname is Yue."

"Tang ruye continued, "Someone came to look for that Professor Yue yesterday." "

"Is that so?"

""Yes."Tang ruye nodded, "Professor Ma, do you think we should look for this professor Yue? Since she set the password, she must know what the real password is. After all, the delivery date with Country L is coming up soon."No matter what.., they couldn't delay the delivery date. "

""Let's Wait a little longer."Professor Ma took a sip of soy milk. "I just took over Area B, and I encountered such a difficult problem. I have to ask Professor Yue. It Won't sound good if it gets out." "

"Okay."Tang ruye nodded.

"In the blink of an eye, another day had passed. "

"However, professor Ma still couldn't crack the password. In desperation, professor Ma had no choice but to invite his good friend. "

"His good friend had been engaged in scientific research for many years. Currently, he was retired at home. "

“After receiving a call from Professor Ma, his good friend rushed over. However, after sitting on the chair and studying for a long time, he still couldn’t figure out anything.”

“”Old Lian, how is it?” ”

“Lian Jianbang shook his head. “The other party is deliberately giving you a difficult problem! Other than the person who set the password, no one else can break it!” ”

“Professor ma frowned. “Old Lian, then you mean that I have to ask the person who set the password?” ”

“Yes.” Lian Jianbang nodded.

Professor ma sighed. “Is there really no other way?”

“There is a way.” Lian Jianbang said.

“What Way?” Professor Ma asked impatiently.

Chapter 1448: 308: Smacking Professor Yue in the face! 6

“Lian jianbang continued, “Make another chip.” ”

Make another chip?

“Professor ma said, “We have to deliver the chip in two days. There’s no time to make another chip!” Making a chip would take at least a week to ship. ”

“Lian jianbang said, “Then we can only ask for Help!” ”

“Is there no other way?” Professor Ma asked.

“Lian Jianbang stroked his beard. “If even I can’t solve the problem, do you think there’s anyone else who can?” ”

This sentence stunned professor Ma.

“Lian Jianbang was a national-level scientific researcher and had a reputation internationally. Although he had retired from the front line for many years, the current scientific research world still had a legend of Lian Jianbang. ”

Professor Ma thought for a while and turned to his assistant. “Go and invite Master Five.”

Inviting professor Yue back was not something he could invite just like that. It had to be done by Cen Shaoqing.

““Okay, Professor Ma.”The assistant nodded and walked out of the door.” ”

“As soon as the assistant left, Lian Jianbang asked curiously, “I heard that the leader of your base is a young man?” ”

“Professor ma nodded. “Indeed, he is quite young.” ”

“He is so young. Can His strength keep up?”Lian Jianbang asked.

“Professor ma smiled and said, “If his strength can’t keep up, can he create such a large base?” ”

““That’s true.”Lian jianbang smiled and said, “But if he can crack this password, then I will be truly convinced by him!” ”

“Professor ma said, “Old Lian, what you said is not right. You Can’t even decipher the password, let alone a young man!” ”

“”Ai, the younger generation of the Yangtze River is pushing the younger generation forward. The younger generation died on the beach! If he can’t decipher this password, then it means that he doesn’t have much ability!” ”

Professor Ma waved his hand repeatedly. “I can’t Beat You!”

“Not long after, the assistant invited Cen Shaoqing over. ”

Lian jianbang elbowed professor Ma. “That young man is the leader of your base?”

“Yes.”Professor ma nodded.

Lian Jianbang stroked his beard. “This young man is younger than I thought. His style of dress is quite unique. He looks like a real person. I just don’t know how strong he is!”

“As he spoke, Cen Shaoqing walked to Professor Ma’s side and asked, “Professor MA, did something go wrong when you sent someone to look for me?” ”

Professor Ma stood up and told Cen Shaoqing about the problem he had encountered.

“Cen Shaoqing nodded slightly and put down the Buddha bead in his left hand. He leaned over and fiddled with the computer for a while. Then, he raised his head and said, “The password has been cracked. Just inform the production team to continue production.” ”

Cracked?

Three Seconds?

So Fast?

Lian Jianbang stroked his beard. He was indeed a young man. He was too impatient.

“Little did he know that after cracking a password, there were all kinds of passwords coming at him from behind. ”

“Professor Ma walked over and said, “Master Five, you don’t know. This password is like a weed. The spring breeze blows...”the rest of his words were stuck in his mouth and turned into shock! ”

The computer screen displayed a line of English:

“Cracked, successfully! ”

The decryption was successful.

Cen Shaoqing picked up the Buddha bead. “Any more questions?”

“Professor Ma gulped. “No, no more questions.” ”

“Lian jianbang said in disbelief, “The decryption was successful?” ”

Professor ma nodded.

Lian Jianbang immediately walked over to take a look.

“When he saw the computer screen, his face was also filled with disbelief. Just as he was about to raise his head and say something to Cen Shaoqing, he realized that Cen Shaoqing had already walked out of the door. ”

“Lian jianbang hurriedly asked, “Who is that young man? Why is he so powerful!” ”

“Didn’t I tell you just now? He’s the person who founded the Cen family base!”Professor Ma said.

“”Powerful! He’s really too powerful!”Lian Jianbang said with a sigh, “It’s true that when a young man is strong, the country is strong! Old Ma, let me tell you, I’ve met people in my life that I’m convinced of. That young man just now is the first!” ”

“Professor ma said, “I heard that Miss Ye is even more amazing.” ”

“Miss Ye? Who’s Miss Ye?”Lian Jianbang asked.

“Professor ma explained, “Miss Ye is fifth master’s girlfriend!” ”

“Lian jianbang asked curiously, “Really? You’ve seen Miss Ye?” ”

“Professor Ma shook his head. “I’ve never seen her before, but I’ve heard of her. Old Lian, do you know that Dr. YC who studies the Space Mothership?” ”

“I know.”

“Professor ma continued, “Dr. YC is Master Five’s girlfriend.” ”

“”F \* ck!”The old man was so excited that he even blurted out the internet buzzwords. From this, one could see how shocked he was. ”

“In fact, when the news of the space mothership first came out, he had scoffed at it. But after meeting Cen Shaoqing today and knowing that Dr. YC was Cen Shaoqing’s girlfriend, Lian Jianbang now somewhat believed it, dr. YC could really build a space mothership. ”

“After all, Cen Shaoqing could crack a password in three seconds that he thought only the person who set the password could crack. ”

“If boyfriends were so amazing, his girlfriend would definitely not be too bad. ”

“Lian jianbang excitedly grabbed professor Ma’s hand. “Old MA, if there’s a chance, you must introduce me to this Miss Ye.” ”

“Sure.”Professor ma nodded.

“After the password was cracked, the production team continued to produce. ”

“In the blink of an eye, it was the day before the base delivered the goods to country L. ”

Professor Yue had thought that Cen Shaoqing would come to her house many days in advance to apologize to her. He had never expected that Cen Shaoqing would be able to delay until the last day.

“Early in the morning, the door was knocked. ”

Wan Sheng ran over to open the door.

“Professor Yue said, “Wait.” ”

“What’s Wrong?”Wan Sheng turned around.

“Professor Yue continued, “We can’t let him come in so easily!” ”

“The door had not been opened inside, and Tang Xue was anxious to death outside. ”

She just had to ring the doorbell and knock on the door with her hands.

“After knocking for about ten minutes, Professor Yue motioned for Wan Sheng to open the door. ”

“As soon as Wan Sheng opened the door, he saw Tang Xue, who looked anxious. ”

“”Little Tang, what happened? Why are you in such a hurry?” ”

It was not surprising that it was professor Tang Xue Yue who came from outside.

“It must be because Cen Shaoqing couldn’t bring himself to do it. He thought that she had always been good to Tang Xue, so he wanted Tang Xue to come and intercede for him. ”

“”Uncle Wan, is Aunt Yue Inside?” ”

“Yes.”Wan Sheng nodded.

“Tang Xue ran all the way inside. “Aunt Yue, Aunt Yue! Something Bad has happened!” ”

“”What’s Wrong?”Professor Yue handed Tang Xue a glass of water. “Drink some water first. If you have something to say, say it slowly.” ”

“Tang Xue couldn’t drink any more water now. With a pale face, she said, “Member a 2 has successfully completed the order. The goods have been delivered ahead of schedule!” ”

“What?”Professor Yue’s face also turned pale.

How could this be?

Cen Shaoqing didn’t come to beg her. How did they crack the password?

Chapter 1449: 309: all members are expelled. It's too late to regret! 1

"At this moment, professor Yue couldn't believe his hearing. "

It couldn't be.

"Without his help, how could that A2 member who had never heard of crack the password! "

She had personally set the password.

"Moreover, it was based on the Morse code. If she didn't do anything, no one would be able to crack it.  
"

"Professor Yue looked up at Tang Xue and said, "Are you sure that the A2 members have completed the order and delivered the goods in advance?" "

""Yes, I'm sure."Tang Xue nodded. "I saw them hand over the goods with my own eyes." "

The last bit of color on professor Yue's face disappeared without a trace.

Tang Xue was on the same side as her. She wouldn't lie to her.

""Professor Yue, what should we do now?"Tang Xue continued to ask. "

What should we do?

How would she know what to do!

She had originally thought of using the Morse code to make CEN Shaoqing submit.

“But she didn’t expect that the A2 members had actually cracked the code, and now all the members of the Research Room had been replaced...”

Professor Yue had never thought of this even in his dreams.

“Wan Sheng, who was standing at the side, shook his head helplessly when he saw professor Yue like this. “I’ve already said that master five is not someone who can be threatened just because he says so. What Happened Now? Do you regret it?” ”

“If professor Yue had listened to him earlier, such a thing would not have happened. ”

“Now, not only had she harmed herself, but she had also harmed the other members of the research room, causing them to lose their jobs. ”

“Since things had come to this point, one should know that Cen Shaoqing would no longer use the old staff of the original research lab. ”

“After all, no boss would like a traitor! ”

“Professor Yue raised his head and looked at Wan Sheng, his eyes full of anger. “Now that things have already happened, what do you want me to do? Why Don’t you kill me?” ”

“Wan Sheng Sighed. “What I mean is, if you had listened to me at that time, this matter could have been completely avoided.” ”

“Tang Xue’s eyes were slightly red, “Uncle Wan, actually, Aunt Yue didn’t want it to be like this. Don’t talk about her. The most important thing now is how to salvage it. Aunt Yue has made so many contributions to the base. Master Five is too ruthless!” ”

“Professor Yue had been in the base for more than 20 years, but in the end, he still couldn’t compare to ye Zhuo’s position in Cen Shaoqing’s heart. ”

No wonder there was a saying in ancient times that a beautiful woman was a disaster.

Wasn’t someone like Ye Zhuo a disaster?

“For Ye Zhuo’s sake, Cen Shaoqing even chased out a technician like professor Yue. ”

“After hearing Tang Xue’s words, professor Yue also felt very wronged. ”

This was all Cen Shaoqing’s fault.

No.

It should be ye Zhuo’s fault.

“If it wasn’t for Ye Zhuo, she definitely wouldn’t have become like this. ”

“Wan Sheng turned to look at professor Yue and said, “Why don’t you go and apologize to master five?”  
”

Apologize?

Professor Yue was stunned.

She wasn’t wrong in this matter. Why should she apologize?

“Whose side are you on? This matter isn’t my fault at all. You Want Me to apologize?”Professor Yue raised his head and looked at Wan Sheng.

Wan Sheng knew Professor Yue's temper. He didn't argue with her and didn't say anything else. Whatever he said was wrong anyway.

...

On the other side.

Sun Yu was also the first to know that the A2 members had completed the order.

Her reaction was the same as professor Yue's.

He couldn't believe that someone could successfully replace them.

"Moreover, he had never heard of this group of people. "

Who were these A2 members! ?

"Since they were so powerful, why hadn't he heard of them before? "

"At this moment, Sun Yu's phone rang. "

Sun Yu picked up the call.

It was a member from the research unit.

"Sun Yu said, "I'll be down right away." "

Everyone was waiting downstairs for Sun Yu.

“When they saw Sun Yu, they immediately swarmed over. “Brother Sun, what do we do now?” ”

“Have you heard? The A2 member has completed the order and has already confirmed the delivery.”

No one in the entire research room had expected that there would be someone who could replace them in this world.

“After hearing the news, everyone was shocked. ”

““I already know what happened.”Sun Yu stood up and raised her hands. “Everyone, quiet down and listen to me.” ”

“Hearing this, everyone immediately quieted down and looked up at Sun Yu. ”

“Sun Yu continued, “Everyone here is a core member of the CEN Group’s base. As long as we change our minds and return to work, the base will definitely accept us again!” ”

“Although the base already had some A2 members, could it be that those members did not have their own jobs? ”

The reason why master five was like this was to scare them so that they could quickly return to work.

Chapter 1450: 309: all members will be expelled. It will be too late to regret! 2

It was very difficult for an enterprise to nurture a batch of outstanding talents.

And they were all talents among talents.

Therefore.

The CEN base would definitely not give up on them so easily.

“Really?”

“What if the base doesn’t want us anymore?”

“Sun Yu continued, “All of you have been on strike these few days. who received the base’s resignation letter?” ”

“Hearing this, everyone looked at each other and shook their heads in the end. ”

“I didn’t receive it.”

“I didn’t receive it either.”

“Hearing that no one received the resignation letter, Sun Yu heaved a sigh of relief, he continued, “That’s why everyone doesn’t need to be so worried. We are all the backbone of Area B, so the base will definitely not dismiss everyone so easily! Everyone, gather at my doorstep tomorrow morning. We will go to the base together.” ”

He didn’t believe that the CEN base could dismiss all of them.

“Moreover, if he brought everyone back to work, master five would definitely appreciate him and think that he knew when to advance and when to retreat, so he would give him a promotion. ”

“After all, he was a person with charisma, leadership, and executive ability. ”

“Thinking of this, Sun Yu was very excited. ”

“Soon, he would also become a manager. ”

“Okay!”

Everyone nodded.

“In the blink of an eye, the next day arrived. ”

Everyone gathered at Sun Yu’s house to wait for him.

Sun Yu walked down from upstairs.

“Brother Sun has come down.”

“Sun Yu looked at everyone and asked, “Is everyone here?” ”

“Everyone Is Here!”

“Sun Yu nodded. “Since everyone is here, let’s set off.” ”

“Let’s Go!”

Everyone rushed towards the direction of the base in an imposing manner.

“There were fifty people, just enough for a bus. Twenty minutes later, the bus stopped at the entrance of the base. ”

“With Sun Yu in the lead, everyone punched in. ”

Sun Yu stood in front and placed her work card in the induction zone.

Beep —

INVALID CARD!

Invalid card?

Why was it an invalid card?

Sun Yu frowned slightly.

What was going on?

Could it be that the base had canceled his work card after he hadn't returned to work for a few days?

That shouldn't be possible.

““You, come over and give it a try!”Sun Yu pulled the other person beside her over. ”

That person quickly took out his work card and leaned against the induction ground.

Beep!

It was still an invalid card.

Why was it an invalid card again?

““I, I’ll give it a try.”The other person squeezed to the front of the induction ground and placed his work card on it. ”

Beep!

It was still an invalid card.

Why was it still an invalid card?

“At this point, Sun Yu’s forehead was already covered in beads of sweat. She raised her head to look at the others and continued, “Everyone, don’t be anxious. line up properly and try one by one.” ”

“Hearing this, everyone immediately lined up spontaneously and swiped their cards one by one. ”

“However, the result was the same in the end. ”

Invalid cards.

All of them were invalid cards.

“At this moment, everyone’s faces turned pale as they looked at Sun Yu. “Brother Sun, what should we do?” ”

““All of our cards are invalid cards. It Can’t be that all of us have been expelled, right?” ”

“Brother Sun?”

Sun Yu’s expression was also very ugly.

No.

It couldn't be.

There were more than 50 of them. How could they be expelled by the base at the same time?

There must be a problem with the system!

"Sun Yu took out her phone. "Don't panic, don't panic. Maybe there's a problem with the system. I'll call HR to ask." "

"Then hurry up and make the call."

Sun Yu dialed the HR Department's number.

Everyone looked at Sun Yu with anticipation.

Soon.

The call was connected.

""Hello, Sister Nan? This is Sun Yu from Section B's research room. I'd like to ask, why did our section B staff's work card become invalid? Is there a problem with the system?" "

""Sun Yu?" Han Nan on the other end of the phone was silent for a moment before she continued, "Is it Sun Yu from the quality inspection team?" "

"Quality inspection team? Sister Nan! Have you forgotten? I'm from the quality inspection team!"

“Sun Yu from the quality inspection team. At this moment, Han nan remembered and continued, “It’s that Sun Yu from the strike, right?” ”

“Although the strike sounded unpleasant, Sun Yu still nodded and smiled. “Yes, yes, yes.” ”

“Han nan continued, “When you came to the base, you didn’t sign the contract and didn’t look at the Employee Handbook?” ”

“Sun Yu’s heart skipped a beat, and she suddenly had a bad feeling. ”

Could it be...

No.

It couldn’t be.

“Sun Yu pretended not to understand and continued, “Sister Nan, you... You Mean... ?” ”

““Don’t you understand the invalid card?” Han nan continued, “Everyone in your research lab has already been expelled by the base.” ”

Removed from the base!

And it was all of them.

How could this be?

““Nan, Sister Nan,” sun yu stuttered, “Y-you must have made a mistake.” ”
