

Almighty D 1461

“Chapter 1461: 311: Ye Zao, Aba’s youngest executive officer! 3”

““It’s fine, it’s fine.” Auntie Sun smiled. “It’s been so many years. I’ve long forgotten about it. Maybe it’s because that child isn’t fated to be with me.” ”

“At this point, Auntie Sun sighed softly. “There’s always something in life, but there’s always something in life. Don’t force it!” ”

“Hearing this, Xia Xiaoman’s heart instantly turned cold. ”

“Perhaps not having a child with Lin Qingxuan was her life. “Auntie Sun, you’re right. Perhaps, this is life!” ”

“Auntie sun immediately said, “Madam, I didn’t mean that! I was talking about myself, I wasn’t talking about you. You’re So Rich, you’ll definitely have your own child with Sir.” ”

“Money? What’s the use of money? Can you use money to buy a child?” Xia Xiaoman said with a smile.

“Auntie sun continued, “Madam, although money is useless, you can’t do without it. The poor envy the rich. It’s better to have money than to have no money.” ”

“After saying that, auntie sun continued, “By the way, Madam, I want to talk to you about something.” ”

“Xia Xiaoman picked up the medicine, blew on it, and then said, “Go ahead.” ”

“Auntie sun said, “Isn’t the family still lacking an hour of work? “It just so happens that my daughter has a school holiday these few days, so I want her to come over and give it a try. The children nowadays aren’t like us back then. They haven’t experienced any hardships. I want to let her know that this money isn’t that easy to earn.” ”

“Sure.” Xia Xiaoman nodded. “Let her come over.”

“”Thank you, Madam, thank you, Madam!” Auntie Sun couldn’t help but bend over. ”

“Xia Xiaoman said, “You’re welcome. By the way, how old is Your Daughter?” ”

“”23,” Auntie Sun answered. ”

“”She’s three years older than my daughter. She should be graduating from college soon, right?” Xia Xiaoman asked. ”

Auntie Sun shook her head. “My daughter was very stupid when she was young. She stayed in primary school for a few years and only went to college today.”

“OH.” Xia Xiaoman drank a mouthful of medicine.

Auntie Sun immediately passed the candied fruit to her.

“After drinking the medicine and eating breakfast, Xia Xiaoman went to work. ”

Auntie Sun and a group of servants began to clean up.

“Although Auntie Sun was highly appreciated by Xia Xiaoman and Lin Qingxuan, she did not put on airs in front of the other servants. Instead, she was very amiable and smiled at everyone. Therefore, everyone liked her, when they heard that her daughter was going to work here as a part-time worker, everyone welcomed her. ”

“At this moment, Auntie Sun’s phone rang. ”

“Auntie sun said, “It must be my daughter calling.” ”

She took out her phone and saw that the person calling was Sun Jiayi.

“”Hello, Jiayi! Okay, I’ll come out to pick you up right away!” ”

“After hanging up the phone, Auntie Sun came out of the door. ”

“Carrying her bag, Sun Jiayi stood outside the door. ”

“The 23-year-old Sun Jiayi had dyed yellow hair, wavy curls, and an exaggerated round earring. She looked slightly older than her actual age. In short, she didn’t look like a 23-year-old girl. ”

“Jiayi!”Auntie Sun ran over.

“Sun Jiayi looked at the surrounding environment and spat, “What kind of lousy place is this! There’s not even a bus, and rich people live in this kind of place?” ”

The villa that Lin Qingxuan bought was located halfway up the mountain.

“It was an authentic Pan Shan apartment. After buying the apartment, Lin Qingxuan bought the entire mountain for the sake of peace. Therefore, in the entire large villa area, only the Lin family lived in an elegant environment with beautiful mountains and rivers, it just looked a little desolate. ”

“”What do you know!”Auntie Sun lowered her voice and said, “When you took the bus, did you see this mountain?” ”

“Yes.”Sun Jiayi nodded.

“Auntie sun continued, “This entire mountain belongs to Mr. Lin.” ”

An entire mountain?

“The average house price in the capital was around 80,000 yuan per square meter. ”

Sun Jiayi could not imagine how much it would cost to buy a mountain on the busy roads in the capital.

Amazing.

It was really too amazing!

“Sun Jiayi said in disbelief, “Really?” ”

““This child! Why would I lie to You?” Auntie Sun pulled on Sun Jiayi’s hand. “Quickly follow me in. Remember to call someone to find out later, okay?” ”

““I know. How Annoying!” Sun Jiayi said, “How many times have you repeated it at home!” ”

“Am I not afraid that you will forget?”

The mother and daughter walked into the hall together.

“At this moment, Sun Jiayi’s eyes lit up. ”

“At this moment, there were only two words in her mind ”

The imperial palace.

“Other than the imperial palace, she couldn’t think of anything else. ”

She originally thought that the Lin family's villa in the Deep Mountains and forests would definitely be nothing to look at.

She didn't expect that the villa would actually be decorated so luxuriously.

She even saw a painting in the corridor that she could only see in the history books.

"Chapter 1462: 311: Ye Zao, Aba's youngest executive! 4"

The servants of the Lin family each had their own duties.

"Auntie Sun brought Sun Jiayi to the side of the Butler and took the initiative to introduce, "Butler, this is my daughter, Sun Jiayi. Jiayi, this is Butler Uncle Wang.""

""Hello, Uncle Wang."Sun Jiayi greeted politely."

"The butler smiled and said, "Hello, I heard from your mother that you are from a normal school, right?""

Sun Jiayi nodded. "Yes."

"The butler said, "The normal school is good. After graduating from a normal school, you can become a teacher.". "Unlike that brat of mine, who isn't obedient at all. We asked him to become a civil servant, but he insisted on starting his own business. Up until now, it was us parents who gave him money to use! "We don't know when he will become successful.""

"Auntie sun smiled and said, "It's very fast. Who knows when the child will become a big boss!""

""Then I'll rely on your good words,"the Butler said with a smile."

"After getting to know the butler, Auntie Sun took Sun Jiayi to walk around in front of the other servants who were working and greeted them."

"After walking around, Sun Jiayi said unhappily, "Mom, what are you doing? Bring me to meet some lower-class people! Do you really want me to be a servant here for the rest of my life?""

""Don't look down on those people,"aunt sun continued, "You are a scholar, so you should know better than mom that ants can shake an elephant.""

"Sun Jiayi rolled his eyes, "I only know that these lower class people will always be lower class people. Those who are close to the Vermilion Bird will be red and those who are close to the ink will be black. If you stay with the lower class people for too long, your thoughts will also be assimilated by them! Mom, you are hopeless. If our family wants to turn over a new leaf, we can only rely on me!""

"After saying that, sun jiayi continued, "When I become the mistress of this family, Mom, I will let you have a taste of this matriarch in charge of the family!""

"Auntie Sun hurriedly held sun jiayi's mouth, "What nonsense are you talking about! You are worried that trouble will come from your mouth!""

""What are you afraid of? There is no one here."Sun Jiayi continued, "Moreover, didn't you bring me here because of this idea!""

"Auntie sun continued, "You can't say it out loud! What if the walls have ears? !"

Sun Jiayi didn't say anything.

Auntie Sun pulled on Sun Jiayi's wrist and opened the door of the lounge. "Come in with me."

Sun Jiayi followed her into the lounge.

“The lounge was very luxurious, and there was a family photo on the cabinet by the side.”

The family photo was obviously taken when Lin Qingxuan and Xia Xiaoman were married.

There must be more than twenty people on it.

“”Mom, which one is the owner of this villa?”Sun Jiayi picked up the family photo.”

“Auntie Sun pointed at Lin Qingxuan and Xia Xiaoman and said, “This is Mr. Lin, this is Mrs. Lin, and this is their daughter, an Lizi.””

“Sun Jiayi looked at the family photo carefully. “Although Mr. Lin is over forty years old, he is still quite handsome! It would be great if he could be younger!””

“”What’s the use of being young! As long as he has money!”Auntie Sun continued to speak, “They have been married for more than a year and haven’t had a child yet. Jiayi, if you can give Mr. Lin a son, then from now on, you will be the mistress of this family! And what about Xia Xiaoman!””

“”Mom, don’t worry. As long as you give me a chance, subduing this kind of old man is a piece of cake for me,”said Sun Jiayi.”

“Auntie Sun nodded, “Okay, so from now on, Jiayi, you have to listen to me. Build a good relationship with the servants outside. Isn’t there a saying in the book? The dam within a thousand miles is destroyed by an ant’s nest. You must not underestimate those servants!””

“Although Xia Xiaoman was beautiful, she was still a person in her forties. Mother Xu was half-old. How could she compare to the young and lively Sun Jiayi?”

“Moreover, an Lizi was not Lin Qingxuan’s biological daughter.”

“Most importantly, Xia Xiaoman and Lin Qingxuan were half-married.”

“Lin Qingxuan could even get rid of his first wife, let alone Xia Xiaoman, who was second-hand.”

“Therefore, in this family, sooner or later, Sun Jiayi had to make the decision.”

It was just a matter of time.

“Thinking of this, a faint light flashed in Auntie Sun’s eyes.”

“She had been a lowly person for half of her life. She had always looked at people’s expressions. Finally, it was time for her daughter to turn over a new leaf!”

Finally!

She wanted to see who would dare to look down on them in the future!

“Sun Jiayi turned to look at auntie sun and continued, “Mom, what if Xia Xiaoman suddenly gets pregnant? You Can’t stop taking that medicine!””

“Don’t Worry!” Auntie Sun nodded. “How could mom forget about this?”

“From the beginning when she came to the Lin family to be a servant, she knew that the male and female owners of this family were a half-way husband and wife. Later, when she saw Xia Xiaoman’s eagerness to have children, Auntie Sun knew that her chance had come.”

“Chapter 1463: 311: Ye Zao, Aba’s youngest executive officer! 5”

“Therefore, she had been adding birth control pills to Xia Xiaoman’s food. ”

“Although the dosage was small, Xia Xiaoman was old after all. It was already more difficult to conceive compared to young people, not to mention that there were drugs to prevent it. Therefore, Xia Xiaoman had been unable to conceive for a long time, but ye Zao had diagnosed it, xia Xiaoman had taken birth control pills before. ”

Sister-in-law sun was usually amiable and worked hard. Who would have thought that the problem was sister-in-law sun?

It was unheard of for a servant to give birth control pills to their master.

Let alone doubt it.

Others probably wouldn't even dare to think about it.

“Sun Jiayi sat on the chair and said worriedly, “What if Xia Xiaoman finds out?” ”

““She won't.” Auntie sun smiled and said, “She trusts me. She even gave me a raise yesterday.” ”

“Really?” Sun Jiayi said in surprise.

““Really, but who would want her ten thousand yuan! “When you become the mistress of this villa, we won't have any money that we want!”! Auntie sun continued, “I heard that Mr. Lin's hometown is even richer. His younger brother is called Lin Jincheng, the boss of the Lin Group. His daughter is a doctor or the head of some financial group. In short, she is rich and powerful! “Jiayi, you have to work hard and seize the opportunity. If you miss the chance, you won't be able to hide from the rain! “After this village, there won't be such a shop anymore!” ”

“One person had achieved enlightenment, and the whole family ascended to heaven. ”

“As long as Sun Jiayi could give birth to a son for Lin Qingxuan, then the entire Sun family would benefit from it. ”

“Sun Jiayi smiled and said, “Don’t worry, Mom. Am I not as good as an old woman?” ”

Xia Xiaoman was old enough to give birth to her.

Which man didn’t like young girls?

Could it be that Lin Qingxuan was a freak?

“Therefore, Sun Jiayi was very confident in himself. ”

“Sun Jiayi took the family photo and continued, “Mom, who is this woman? She is so beautiful and the man beside her is so handsome!” ”

“Auntie Sun took a look and said, “She is Lin Jincheng’s daughter, Ye Zhuo. The man beside her is her boyfriend.” ”

“Her surname is Ye?”Sun Jiayi frowned. “She’s also a stepdaughter?”

“Auntie Sun shook her head. “She’s not a stepdaughter. She and Lin Jincheng are biological women. It’s said that she grew up with her mother when she was young, so she took her mother’s surname.” ”

Sun Jiayi nodded. “I see.”

“After saying that, Sun Jiayi said with envy, “This heiress is really good. She can marry such a handsome man!”Unlike her, she could only marry an old man who was more than 20 years older than her. She was not bad looking, and her studies were okay, if she had a good background, she would definitely be able to marry into a noble family of equal status. ”

It was a pity.

“It was a pity that she was born into the wrong family and actually became a servant’s daughter. Now, she could only make herself marry an old man! ”

“Thinking of this, Sun Jiayi sighed. ”

“Seeing her daughter like this, auntie sun said guiltily, “It’s all mother’s fault. Mother couldn’t let you have a good birth, so all these years, mother has been thinking of ways to make up for it.” ”

This was the chance to change her fate.

“Many years ago, Auntie Sun had sworn that she would never let her daughter become someone like herself. ”

Now.

This wish was about to come true.

On the other side.

C nation.

“Carl had used his connections to investigate for a long time, but he still couldn’t find out who the person who did this to him was. ”

In addition.

The surveillance camera in the apartment had disappeared.

It was obvious that someone had tampered with the surveillance cameras.

“Carl frowned and sent the video to his partner, Chris. ”

“Chris and Carl had been good friends for many years, and they were colleagues. Chris was extremely talented in computers, so it wouldn’t be difficult for him to fix some of the surveillance cameras. ”

He had just sent the video to Chris.

“Knock, knock — ”

There was a knock on the door.

Carl closed the lid on his laptop. “Come in.”

“The assistant came in. “Mr. Carl, the deputy is here to see you.” ”

Carl stood up from his chair. “I’ll be right there.”

Carl came to the deputy’s office.

The door to the deputy’s office was closed.

Carl reached out and knocked.

“Soon, the deputy’s voice came from inside. ”

Carl pushed the door open and went in.

“The deputy executive officer was sitting with his back to the door, so when Carl went in, he could only see his back. ”

“Subconsciously, Carl felt that there was something wrong with the deputy executive officer today, but he didn’t think much of it. “Deputy Executive Officer!” ”

“Mr. Carl.”The deputy executive officer turned his chair around.

“But what appeared in the air was a strange face, smiling at him. “Hello, Mr. Carl.” ”

Carl paused. “Who... Who Are You?”

“Chapter 1464: 311: Ye Zao’s move, ABA’s youngest executive officer! 6”

Aaron raised his right hand. “It doesn’t matter who I am. What’s important is that I know the person I’m looking for is you.”

Boom!

Carl only felt his vision go black before he fell to the ground.

Aaron looked at the two assistants. “Bring him back.”

“Yes.”

“Aaron pressed the hat on his head. His facial features also changed, immediately turning into the appearance of the deputy executive officer. ”

“When the office door opened again, the ‘Deputy Executive Officer’ swaggered out of the office with two assistants. ”

The past staff greeted Yala respectfully.

Yala nodded.

“It was very easy, almost effortless, to leave the SELEAD branch. ”

“After walking out of Selead’s door, Yala turned around and looked inside, his face full of a mocking smile. “Selead is just so-so.” ”

“When Carl woke up again, it was a completely unfamiliar environment. ”

“A man in uniform walked over and said respectfully, “Mr. Carl, you’re awake. Do you need any help?” ”

“Carl suddenly didn’t understand the situation. He pinched his temple and asked, “Where is this?” ”

“The man continued, “This is RANIDOU’s headquarters. Minister Yaler personally invited you here.” ”

Carl then remembered the scene before he fainted.

Ranidu’s headquarters.

Minister Yaler.

“Could it be that the man just now was ranidu’s behind-the-scenes boss, Yaler? ”

Carl narrowed his eyes.

He thought that he should know something.

“At this moment, footsteps sounded in the quiet space. ”

“Carl turned around and saw Hibbert, who had lost to ye Zao that day. ”

“If ye Zao had not suddenly appeared and won against Hibbert, Hibbert would have been the new gambling king of ranito. ”

Unfortunately.

There were no ifs in this world.

““Mr. Carl, our minister invites you!”Hibbert made a ‘please’gesture. ”

Carl narrowed his eyes and did not say anything. He walked forward.

“After walking for about ten minutes, they finally arrived at a room. ”

This was a billiard room.

Aaron was holding a billiard stick and bending over to play billiard.

PA!

He scored all in one shot.

“This was also the case. Aaron looked up at Carl. “Mr. Carl, do you want to play a round?” ”

An assistant immediately handed Carl a billiard stick.

“Carl raised his hand to reject. “Sorry, I don’t know how to play this.” ”

“Aaron said regretfully, “That’s such a pity. I originally wanted to play a round with Mr. Carl.” ”

“Carl smiled and said, “Secretary Arles, I’m not going to beat around the bush. Just tell me what you want to talk to me about!” ”

“Mr. Carl is really a straightforward person. I like to greet straightforward people.” Arles put the pool cue aside and looked up at Carl. He went straight to the point. “I want to see An.”

See Ye Zao?

Carl’s expression did not change.

Why did Alar want to see Ye Zao?

It must be revenge!

“After all, Ye Zao had caused such a huge loss to Ranidou. ”

Ye Zao had only won one round against Hibbert at the gambling table.

It was just this one round that had broken Alar’s overall plan!

It had made Alar’s nearly 10 years of hard work go down the drain just like that.

So.

He absolutely could not let Yala see ye Zao.

""An? Who is An? I'm not familiar with her!" Carl continued, "Minister Yala, you may have found the wrong person." "

Yala clapped his hands.

An assistant immediately turned on the projector. The big screen behind Yala immediately played the surveillance video.

Carl narrowed his eyes.

Didn't he delete this surveillance video?

How did they recover it?

Yaler lit a cigar. "Mr. Carl still says he doesn't know An?"

"Carl stood up and looked at the surveillance video carefully, he said incredulously, "You mean she's An? Sorry! "I really don't know. That day at Ranito's door, it was the first time I saw her. I really don't know her well! "We don't even have a way to contact each other. If you don't believe me, you can check my phone!" "

"As he spoke, Carl took out his phone. "

""Mr. Carl, you have to know," Yaler's voice suddenly became fierce, "Since I can bring you here from the ABA branch quietly, I can make you disappear from this world quietly." "

""I really don't know An!" Carl was helpless. "Even if you really want me to disappear from this world, there's nothing I Can Do!" "

““Don’t worry, I’m not looking for trouble with An. I’m looking for her to talk about cooperation.” ”

“But I really don’t know her!” Carl said.

“Chapter 1465: 311: Ye Zao, Aba’s youngest executive officer! 7”

It was also at this time.

“The Alarm in the Selead branch went off. At this time, everyone discovered that Carl had been openly taken away from the deputy executive officer’s Office! ”

The deputy executive officer had an emergency meeting at the last minute to discuss the way to save Carl.

“However, the other party did not leave any clues. In addition, Carl had offended too many people. There were more than ten fingers, so they needed to check one by one. ”

Therefore.

“In a short period of time, it was impossible to find out who took Carl Away! ”

“At this moment, Chris stood out and said, “Deputy Executive Officer, Carl previously sent me a surveillance camera to fix it, but the person who hacked that surveillance camera was too clean. I studied it for a long time, but I still could not recover it. I think that Mr. Carl’s sudden disappearance may be related to the surveillance camera that was hacked.” ”

The deputy executive frowned. “What surveillance footage? Let me take a look!”

Chris took out his phone and handed it to the Deputy Executive.

“When the deputy executive saw this, his expression immediately changed. ”

“It’s him!”

Him?

Who was he? Everyone at the side looked puzzled.

“The deputy executive said, “It’s L! L’s Back! Carl’s disappearance has something to do with L!” ”

L?

The L who was ranked first among the hackers back then?

“Before anyone could react, the deputy executive officer immediately said, “Contact Miss Smith! Hurry up, Miss Smith!” ”

““I’ll go right away,”Chris said. ”

“When Ye Zhuo received the news of Carl’s disappearance, it was already the next morning. ”

Carl’s disappearance was not a small matter.

“Ye Zhuo put down the work in his hands, said goodbye to Cen Shaoqing, and flew to C Nation. ”

“As soon as he got off the plane, he saw Bai Xiaosu standing at the airport entrance. ”

Bai Xiaosu was the only Chinese who got an A in the last assessment. He was extremely talented and had been promoted to the management of ABA.

“”Miss Ye!”Seeing ye Zao, Bai Xiaosu immediately waved at her. ”

Ye Zao held the suitcase with one hand and walked over quickly. “What’s going on?”

Bai Xiaosu explained everything in a concise manner.

Ye Zao frowned slightly. “Take me to the SELEAD branch immediately.”

“Bai Xiaosu was stunned for a moment before continuing, “Miss Ye, aren’t you going to the hotel to rest for a while?” ”

“No need.”

Bai Xiaosu nodded.

“About an hour or so later, the car stopped at the SELEAD branch. ”

“Because of Carl’s disappearance, the SELEAD branch was very busy. Carl was not a simple person in the Selead branch. His disappearance immediately alerted the higher-ups of the headquarters. The higher-ups sent a commissioner to investigate the matter thoroughly. ”

The Commissioner brought two top computer experts.

“At this moment, the two experts were busy restoring the surveillance cameras. ”

“After all, this was the only way to find Carl. ”

“Bai Xiaosu brought ye Zhuo to the Deputy Executive’s office. “Deputy Executive, this is Miss Ye.” ”

“”Hello, Miss Ye.”The deputy executive immediately stood up. ”

Ye Zhuo nodded slightly and went straight to the point. “Where is the missing surveillance source code?”

“Over here.”The deputy executive stood up. “Follow me.”

Ye Zao followed the Deputy Executive’s footsteps and the few of them went to the office next door.

“In the office, two computer experts were typing furiously on their keyboards. ”

“The deputy executive walked to the Commissioner’s side, he lowered his voice and said, “Mr. Adar, this is Miss Ye. She’s the youngest executive in ABA and has a deep understanding of computers. Miss ye can restore the surveillance and help us find Carl.” ”

“After hearing the deputy executive officer’s words, the Commissioner Looked Ye Zao up and down. Then, he said in fluent F country’s official language, “Chinese?” ”

“The Commissioner felt that ye Zao did not understand F country’s language, so his tone was filled with contempt and sarcasm. “She can restore the surveillance? What a joke! The ABA is also down and out. How can anyone become an executive officer? !” ”

Chapter 1466: 312: a direct slap in the face! 1

Adar was the manager of Selead’s headquarters.

He was also a citizen of Country F who had noble blood.

Country F was different from other countries.

Country F was divided into four classes.

“High-class people, middle-class people, ordinary people, and low-class people.”

“Adar not only had noble blood, but was also a high-class person. He also had a high-class surname.”

“In his subconscious mind, China had always been a very backward country.”

“After all, country F had already taken the subway, and the Chinese were still in the Qing dynasty, with pigtailed.”

“Although they had experienced changes later, the roots of China were there!”

How good could it be?

“In addition, Adar was born noble, so he looked down on the Chinese from the bottom of his heart.”

“Especially a young girl like ye Zao, who looked like she was not an adult yet.”

“She had to have experience, experience, and knowledge.”

“If it was not because of her connections, could she have come here?”

“After all, the Chinese people were best at using the back door.”

“They could not even understand the F language, yet they still wanted to restore the surveillance.”

Did she think she was dreaming?

Yardar's eyes were filled with disdain.

""SELEAD headquarters' Selection Commissioner's Vision has also opened my eyes." Ye Zao looked at Yardar and slightly raised his chin. His eyes were filled with radiance, "Since country F is so powerful, why can't the two computer experts that the commissioner brought recover even a small surveillance camera?"

"She was standing in front of Yardar. She was clearly a young girl in her teens, but she gave off a strong sense of oppression."

This kind of queen-like aura was born in her.

"If others tried to forcefully imitate her, it would only give people a sense of humor."

Adar was stunned.

"He did not expect ye Zao to know F language. His face alternated between green and white, looking extremely ugly."

"This low-level Chinese, did she know what she was talking about?"

Did she know who hacked the surveillance footage!

L!

L was the best hacker in the world!

The two computer experts adar brought with him were the top experts of Selead.

“Even they didn’t have any leads, let alone a Chinese!”

“If you haven’t seen the world, then you haven’t seen the world.”

“Adar was so angry that he laughed. It was a sarcastic laugh. “ABA’s Executive Ye, right? Since executive ye is so powerful, let’s invite executive ye to give it a try! Let’s open our eyes!””

“After saying that, Yardar looked at the programmer who was trying to restore the surveillance. “Polly, let Miss Ye do it!””

“Polly stood up, glanced at ye Zao, and walked behind Yardar.”

“Like Yardar, Polly looked at ye Zao with a mocking expression.”

She was too young.

“When he was playing with the computer, Ye Zao was probably still playing with the mud!”

Saying that such a little girl knew how to use a computer?

Or was she some kind of expert.

Who would believe it?

“Ye Zao leaned over and sat down. He pressed a few buttons, and the computer screen quickly switched to another page.”

“Looking at Ye Zao’s operation, Polly frowned slightly. “What is she doing? She will destroy the entire system! Does she even know how to use a computer? I think she doesn’t even know where to turn off her computer!””

“The Selead branch used the world’s most advanced and advanced system, and it had not been popularized into daily life yet.”

“Looking at ye Zao’s appearance, it was clear that she did not know anything about computers.”

“It was fine if she did not know, but she had to pretend to know!”

She was really full of ugliness!

No wonder China was still so backward until now.

“It was fine if she was embarrassed in her own country, but she had to come abroad to embarrass herself.”

“Adar patted Polly’s hand and said in a low voice, “Let her do it! I must teach this Chinese a lesson today! At that time, no matter who comes to plead for her, I will not give her face!””

“Once ye Zao’s operation caused the entire Selead branch’s system to be paralyzed, then ye Zao would be in Big Trouble!”

Polly saw Yadar’s intention and suppressed the dissatisfaction in his eyes. He didn’t say anything else.

“Just as the two of them were waiting for ye Zao to make a mistake, Bai Xiaosu, who was beside them, said in surprise, “Ah! It’s Out!””

What’s Out?

Yadar and Polly's eyes revealed a satisfied light.

There must be a mistake!

"The next second, Bai Xiaosu cheered, "Deputy Executive Officer, Miss Ye has successfully restored the surveillance camera!"

"The deputy executive officer's eyes lit up, and he quickly walked behind ye Zao."

The screen showed that the monitor had indeed been successfully restored.

The progress bar was 100% !

"Miss Ye, you're really amazing!"The deputy executive officer was so excited that he could not control his volume."

Chapter 1467: 312: Face Slap! 2

Ye Zao released the mouse and looked up slightly. "Thank you. But the most important thing now is to find out who the two people who tried to kill Carl are."

"As long as there are surveillance cameras, everything will be easy!"The deputy executive said excitedly. "I want to tell Miss Smith the good news immediately! Miss Smith will be very happy!" "

"Looking at the back view of the deputy executive and ye Zao, they left. "

"Adar and Polly, who were standing on the side, were stunned. "

“They stood on the spot, unable to say a word. ”

How could this be?

Ye Zao had actually restored the surveillance cameras!

This was the surveillance camera that Hacker I had personally hacked.

“Other than L himself, there was no one else who could restore the surveillance cameras. ”

“Adar, who had always looked down on the Chinese, only felt that his body was covered in cold sweat. ”

It was not a good feeling to put his face on the ground and step on someone who was looked down on.

He could not figure it out.

He really could not figure it out.

Polly sat in front of the computer for two hours and could not figure out anything.

How long had ye Zhuo been sitting in front of the computer?

It had not even been ten minutes.

“”It’s not her! The person who restored the surveillance was not her at all!”Yardar looked at Ye Zhuo’s back, then he said, “How could a Chinese person master the most advanced computer system! Polly, you restored the surveillance! She just took advantage of you!” ”

Ye Zao had just used Polly’s computer.

Polly had been working hard in front of the computer for more than two hours.

This was the result of Polly's two hours of hard work!

"Polly was stunned at first, then he quickly reacted, "Mr. Yardar, you're right! I restored the surveillance, but before the progress bar appeared, it was snatched away by this Chinese person!" "

"Thinking that he had actually restored the surveillance footage that Hacker I had personally hacked, Polly was very excited. "

""Yes! That must be the case!"Yardar nodded. "Sinister, it's really too sinister!" "

"Yardar had long heard that the Chinese were more sinister, but he did not expect that the Chinese were actually so sinister. "

They actually wanted to snatch other credits.

"The winner was obviously Boris, but ye Zao took it away. "

And it was the kind of person who did not blush and did not have a heartbeat.

Shameless.

"This time, Adar's understanding of the Chinese was completely new. "

He had never known that people could be so shameless.

They could flaunt the fruits of other people's labor.

“Adar looked at Boris and said, “Don’t worry, Boris. I will definitely get justice for you.” ”

On the other side.

Ranito casino.

“No matter how Adar asked, Carl never gave him An’s contact information. ”

“Meanwhile, the Selead branch began to openly look for Carl, which made Adar very worried. ”

Adar scratched his hair and looked up at Hibbert. “Carl is still not willing to say anything?”

“”Yes.” Hibbert nodded. “Minister, do we need to torture him?” ”

Ranidou was not a clean place.

Yaler was the king of the encirclement. There were countless torture devices that could make people talk.

“”Not for the time being,” yaler continued, “Have the surveillance cameras been cleaned up?” ”

Carl and An were both rare talents.

Yaler wanted to take them for his own use and not offend them.

“Hibbert nodded. “Don’t worry. It was L. who did it personally. Also, Selead has our people. If there is any movement, we will inform them immediately.” ”

“”That’s good.” Hearing that L personally handled the surveillance, alar let out a sigh of relief. ”

L was the number one hacker in the world. No one could recover the surveillance that he personally hacked.

In the lounge.

L took off his coat and was about to rest for a while when the computer lit up.

L Ben rubbed his eyes and looked tired.

“But in the next second, the fatigue on his face disappeared. ”

Someone broke through his firewall and restored the surveillance.

“At this moment, L thought he was hallucinating. ”

How could this be?

Who Was it!

“L may not be in the underworld, but hacking was his specialty. In all these years, he had never met an opponent! ”

“SELEAD headquarters sent two top computer experts to study him for more than two hours, but they couldn’t do anything to him, let alone others! ”

Who was this person?

“L immediately sat up straight, operated the computer, and quickly locked onto the other party’s IP! ”

“Soon, L found the person who hacked his firewall and restored the surveillance.”

This person was actually one of the computer experts sent by SELEAD headquarters.

Strange.

Chapter 1468: 312: a direct face slap! 3

It was really too strange.

“This person spent two hours but was unable to break through the firewall. However, after changing his ID, he managed to break through within a short ten minutes.”

Could it be that the other party had changed people?

“But even if they had changed people, they should not have been able to break through his firewall within a short ten minutes.”

L narrowed his eyes.

At the same time.

Selead branch.

In the head office.

“When Smith found out that ye Zao had recovered the surveillance footage that L had hacked, he said in disbelief, “Really?” ”

The deputy executive nodded. "It's the real Miss Smith! I've already handed the recovered surveillance footage to the technical department to investigate. I believe we'll be able to find Carl very soon!"

Smith walked to Ye Zhuo's side. "This is Miss Ye?"

"Ye Zhuo took the initiative to reach out his hand to Smith. "Miss Smith, nice to meet you. I'm Ye Zhuo."

"Miss Ye is really amazing," Miss Smith said with a smile. "It's just like what you Chinese say! Young and promising!" "

"You're too kind," ye zhuo continued, "Regarding Carl's matter, I..." "

"Before ye Zao could finish his sentence, the office door was suddenly pushed open forcefully. "

Adar walked in with Polly.

"Mr. Adar, what happened?" Smith looked up at Adar. "

"Adar said angrily, "Miss Smith! That's not what happened! It was Miss Ye who stole Polly's results. The surveillance was restored by Polly. It has nothing to do with Miss Ye!" "

"Smith looked at Yardar with a face full of question marks. "Mr. Yardar, what do you mean?" "

"Yardar continued, "Because Miss ye used Polly's computer just now. After Miss Ye sat on it, the progress bar reached 100% . Therefore, the surveillance footage was recovered by Polly. Miss ye only benefited from Polly!" Yardar could not bear this injustice. "

"The person who restored the surveillance footage was clearly Polly, so why should ye Zao take the credit?" "

“If he did not say a word, ye Zao would really think that F Nation people were easy to bully! ”

A puny Chinese wanted to bully them?

No Way!

Ye Zao chuckled. “Can’t afford to lose?”

“”Is it that we can’t afford to lose, or did you use underhanded methods!”Yardar looked at ye Zao, then he said, “Do you really think you can recover the surveillance footage that L hacked? In your dreams! WHO IS L? The number one hacker in the world! Miss Smith, please give Boris Justice!” ”

Smith was a little troubled.

“Ye Zao was the one who recovered the surveillance footage, but ye Zao was using Boris’ computer. ”

“After all, Boris had already been working hard on the computer for two hours. ”

“Just as Adar had said, Polly had been working hard for two hours but still could not restore the surveillance. How could ye Zao Restore the surveillance after only ten minutes? ”

There was only one reason.

“When Polly’s immediate efforts were about to see the results, ye Zao sat in front of Polly’s computer and stole the results of Polly’s work. ”

“Smith was, after all, a citizen of F Nation. He would definitely subconsciously stand beside Adar. ”

Smith turned to look at Ye Zao. “Miss Ye...”

“Ye Zao’s expression was indifferent. Obviously, he did not take this matter to heart, “Since Mr. Adar cares so much about who restored the surveillance camera, then I’ll give it to him! The most important thing now is to find Carl. Miss Smith, I have a request.” ”

““What do you mean give it to me? The surveillance camera was originally restored by Polly!” Adar was furious. “Do we, the great F nation, still need you to give it to us!” ”

“If he had not seen it with his own eyes, Adar would never have believed that there was someone as thick-skinned as ye Zao in this world.”

How Shameless!

At this moment.

Chris rushed in from outside the door. “Deputy Executive Officer! Where’s Miss Ye?”

The deputy executive officer turned around. “She’s Here! What’s Wrong?”

“Chris continued, “All the computers on the first floor have been controlled by L. quickly get Miss Ye to go over and take a look!” ”

“Just now, when ye Zao was restoring the surveillance on the first floor, Chris was also there.”

“Ye Zao only used ten minutes to restore the surveillance, alarming L. with his toes, it was obvious why L. Was Here! ”

“L had never met an opponent in his career, ye Zao should be the first. ”

“How could this be!” The Deputy Executive’s expression changed.

“There was a secret room on the first floor, all the important documents were stored in the computer in the secret room.”

“If there is a failure on the first floor that can not be fixed, then the whole Selead branch will be greatly weakened!”

Chapter 1469: 312: a direct slap to the face! 4

Smith stood up and turned to look at Chris. “Are you sure it’s L?”?

Chris nodded. “Every computer on the first floor shows an’L’!”

This was L’s usual method.

“After saying that, Chris continued, “Miss Ye broke through the firewall and restored the surveillance. I think that L is definitely coming for Miss Ye! After all, Miss Ye is the first opponent L has encountered in his career.” ”

“Hearing that, Smith frowned.”

Came for ye Zao?

But didn’t Yadar say that the person who restored the surveillance was Boris?

“The deputy executive turned to look at ye Zao and continued, “Miss Ye, then please follow me down to take a look!” ”

“Ye Zao’s tone was shallow, like two birds with one stone, “Since Mr. Yadar has always thought that I’ve picked up Mr. Boris’s loopholes, then let Mr. Boris Go! I think, since Mr. Polly can restore the

surveillance footage that L personally hacked,. Then it shouldn't be a problem for him to counterattack and defeat L." "

"Polly was stunned for a moment, then he quickly reacted. "

"Even if ye Zao didn't say it, he would have stood up himself! "

He was the one who restored the surveillance footage!

What was going on if ye Zao went down?

"Since he could restore the surveillance footage that L hacked, he could also defeat L! "

"Once he defeated L, he would become famous. "

"Thinking of this, Boris was extremely excited. "

Chris was a little confused.

What was going on?

Did it mean that the person who restored the surveillance footage was actually Boris?

But he was standing right beside ye Zao at that time.

The person who restored the surveillance footage was clearly ye Zao.

When did it become Boris?

""Do you even need to say that?"Adar stood in front of Boris and looked at Smith. He continued, "Miss Smith, don't worry. Boris will definitely defeat L and maintain our Selead branch's confidential system."
"

"Smith nodded. "Mr. Adar, I believe in You!" "

Adar looked at Polly. "Let's Go!"

Polly followed Adar's footsteps.

"When he passed by Ye Zao, Adar snorted coldly. "

Ye Zao did not take him to heart. He raised his head and looked at Smith. "Miss Smith."

"Go ahead."

"Smith thought that ye Zao would explain to her about restoring the surveillance cameras. He did not expect that.., ye Zhuo said, "Leave the matter of finding Carl to me. Then, you can assign ten more people to me. I will definitely bring Carl back in one piece." "

"Ten people? Are you sure?"Smith asked.

"Ye Zhuo nodded. "Yes, I am sure." "

"Smith thought for a moment. "How about this, I will assign ten more people to you and add an elite team. You must bring Carl back." "

Smith more or less knew about ye Zhuo's ability.

He was the youngest executive officer in ABA.

“If she didn’t have any ability, she wouldn’t have been sent by Bab to support them. ”

“No need.” There was no special expression on ye Zhuo’s face. “Ten people will do.”

“”That’s good.” Smith nodded. “If miss ye needs anything, remember to tell us at any time.” ”

“Okay.”

“”Also,” Smith hesitated for a moment before continuing, “Yadar has a weird temper. Regarding the restoration of the surveillance cameras, I hope that Miss Ye can give me some face and apologize to Yadar.” ”

Apologize?

“Ye Zhuo’s lips curled up slightly. “Don’t worry, Miss Smith. After Mr. Polly defeats L. , I will definitely apologize to Mr. Yadar personally.” ”

“At this moment, Smith suddenly could not understand ye Zao. ”

“If it was anyone else, they would probably be angry from embarrassment. However, she was still smiling and was not angry at all. ”

It gave people the illusion that the surveillance camera was ye Zao’s recovery.

“Thinking of this, Smith’s heart skipped a beat. ”

Could it be that the surveillance camera was really recovered by ye Zao?

Ten minutes.

“Ye Zao only used ten minutes to restore the surveillance. If that was really the case, how terrifying was her strength? ”

No.

It couldn't be.

Smith still felt that it was a little impossible. Polly was the top computer expert in the headquarters!

She had studied computers for a whole twenty years.

How Old was ye Zao?

“Not to mention studying computers for twenty years, she was probably not even twenty years old yet.
”

“Therefore, Ye Zhuo must have picked something up. ”

In the cubicle on the first floor.

Everyone's computers were in a state of Blackout. Everyone was in a mess.

Polly went to the main console.

The result was the same.

Even the computer was controlled by someone.

“Faced with such a situation, Polly had no idea where to start.”

Calm down.

The current him had to calm down immediately.

“Adar asked, “How is it?” ”

Chapter 1470: 312: a direct slap to the face! 5

“Polly said, “Give me some time, it shouldn’t be a problem.” ”

““That’s good.” Adar nodded. “Polly, we f nation’s face will be in your hands! You must not let that Chinese see a joke.” ”

“Polly smiled and said, “Don’t worry, I definitely won’t let you down.” ”

Polly was very confident in himself.

“This was because everyone had a weakness, and everything had a loophole.”

“If he could even break through L’s firewall, it meant that he had found L’s weakness.”

“This time, he would definitely be able to defeat L.”

Polly sat in front of the main computer and began to counterattack.

“On this side, when L saw that the other party had come online, he narrowed his eyes. ”

It was finally here!

“Polly originally wanted to directly stop L and make a deduction to hack the computer on the other side, but unexpectedly, L didn’t give him the chance at all. ”

“In just a few minutes, Polly was trapped there and couldn’t even move his mouse. ”

What was going on?

Polly was sweating profusely.

On the other side.

L looked at the other party’s operation and lit a cigarette.

It was obvious that the person on the other side was not the same person who broke through his firewall within ten minutes.

L did not have time to play with such a person. He pressed the Enter Key.

The computer screen was immediately occupied by a piece of English code.

On the other side.

Polly kept changing the code.

The next second.

PA —

“A white light flashed on the computer screen, and all the computers returned to normal operation in that instant. ”

Polly was stunned.

This...

This was it?

He didn't do anything!

It seemed that the legendary L was just so-so.

“Just as Polly heaved a sigh of relief, there was another ‘Pa’. The computer that had returned to normal quickly dimmed at this moment. ”

A green ‘I’ slowly appeared on the black screen.

The virus had not been removed.

“Polly narrowed his eyes and immediately picked up the mouse, preparing to turn the tide. ”

“The computer had just returned to normal, and now it had suddenly become like this. It must be that L was unwilling to admit defeat and had redone it. ”

“However, Polly was not anxious at all. ”

“After all, he had already found L’s weakness. ”

“As long as he followed the operation just now and did it again, he would definitely be able to successfully defeat L. ”

“The cubicles, however, exploded at this time. ”

“”Not good, not good! There’s a problem with the computer on the second floor!” ”

“What should we do? Where’s Miss Ye! Didn’t miss ye restore the surveillance? Why Can’t she defeat L. ?”

“Someone lowered his voice and said, “Lower Your Voice. I heard that the person who restored the surveillance wasn’t Miss Ye, it was Mr. Polly. Isn’t Mr. Polly fighting with L. On the Main Computer?” ”

“Mr. Polly? It’s clearly Miss Ye!”

“I heard that it was Miss Ye who picked up Mr. Polly’s loophole!”

“How could this be?”

“”If the person who restored the surveillance was really Mr. Polly, then why can’t he defeat L Now? It’s clearly Polly who can’t afford to lose!” ”

“Lower Your Voice! Don’t let him hear you!”

“Who said Mr. Polly would lose! It’s only just begun! What’s the rush? I believe in Mr. Polly!”

“For a moment, the cubicle was filled with discussions. ”

“The deputy executive wiped his sweat as he walked up to Polly. “Mr. Polly, what did you do just now? Why did the computer on the second floor go down as well?” ”

“What?” Polly thought he was hearing things. “The computer on the second and second floor went down as well?”

Only then did Polly realize that he had not defeated L.

L. had temporarily retrieved the virus so that the computers on the second floor would also be affected.

“Thinking of this, Polly’s face turned pale. ”

“The deputy executive nodded. “That’s right! Mr. Polly, what on Earth have you done? What should we do now? If the headquarters blames you, who will bear the blame!” ”

Adar ran over from the side. “Mr. Deputy Executive! Please don’t stand here and disturb Polly. I guarantee that Polly will definitely be able to defeat L. in the shortest time possible!”

“The deputy executive looked up at Adar. “Do you know that the computers on the second floor are all down! What did your subordinate Polly Do! If this goes on, our entire branch will be controlled by someone!” ”

“If Adar had not forcefully blamed Polly for the restoration of the surveillance cameras, things would not have turned out this way. ”

“When they heard this, Adar and Polly had the same expression. They turned to look at Polly. “What’s going on?” ”

“At this moment, Polly was really panicking. “I, I don’t know what’s going on either...” ”

Not only was he panicking.

He was also regretting it.

He should not have said that ye Zao had picked up a loophole at this moment.

“In such a situation, ye Zao should have embarrassed himself. ”

“Ye Zao could not even fix the surveillance cameras, let alone go against L! ”

But now.

He was the one who had embarrassed himself.

No.

He could not be defeated just like that.

He could not lose!

“With his understanding of computers, how could he lose to a Chinese person? ”

“Polly tried his best to calm himself down, then he said, “Mr. Adar, don’t worry. No matter what, I will do my best to fight with L to the end. Restoring surveillance and controlling the virus are different. Please give me some time, Mr. Deputy Executive Officer!” ”

“Adar nodded and turned to look at the deputy executive officer, “Being anxious now is not a solution! “If even Polly can’t contend with L, do you think a little girl from China can? “If things really reach a point of no return, I’ll explain it to the headquarters!” ”

The deputy executive officer took a deep breath. He was too lazy to argue with Yardar and went upstairs to look for Smith.

On the other side.

Ranito casino.

Yardar came to Carl's room personally.

"Hearing the footsteps, Carl said directly, "How many times do you want me to repeat it? I'm really not familiar with An." "

"A moment later, Alar appeared in the room with a faint smile on his face, "Mr. Carl, you should know that there is a limit to a person's patience." "

"Carl looked up impatiently, "How many times do you want me to say it? I'm not familiar with An! No matter how much you force me, I can't find An!" "

""Really?"Yaler curled his lips and leaned over to sit in front of Carl, "I originally wanted to explore with Mr. Carl, but judging from Mr. Carl's appearance, he doesn't want to talk to me! In that case, don't blame me for being rude to you!" "

"At the end of his sentence, Yaler took out a gun from his waist, put it to his mouth and blew on it. Then, the cold muzzle of the gun was pressed against Carl's forehead. "

Click.

It was the sound of the trigger being pulled.

""Mr. Carl, don't think that I'm playing with you."Although there was still a smile on his face, his eyes were completely cold. "If you push me too far, I'll do anything!" "

The reason why he was able to get to this point was because of his dirty hands.

He wanted to discuss it with Carl and take Carl for his own use.

“But Carl didn’t cooperate, so he had to resort to this. ”

“Carl gulped, “Mr. Arles, please calm down...” ”

“Carl said as he carefully pushed the muzzle away, “Mr. Arles, guns are too dangerous. Be careful not to let the gun go off.” ”

“The next second, the muzzle was pushed away and pressed against Carl’s forehead again. Arles’ cold voice sounded in the air, “I’ll count to three. It’s your choice whether you live or Die.” ”

“Then, he started counting, “Three, two...” ”

Carl was so scared that his face turned pale.

“Just as he was about to count down to one, a cold light quickly flew over from the direction of the door.
”

Shoo!

It was covered with a chill.

Bang!

The shadow directly hit the gun in his hand.

Crack!

“At the same time, the light directly nailed into the wall. ”

Yeller turned his head and saw that what was stuck on the wall was a card!

It was the ace of Hearts!
