Chapter 1611: 242: the three-year agreement has arrived. The aircraft carrier is out! 1

It's a mistake!

It must be a mistake!

"With Tang Xue helping her, how could she not be accepted?"

Bai Yun tried hard to calm herself down.

"Zou Ying looked at Bai Yun and continued, "Bai Yun, I don't think I heard your name over there. I'll go and report with them first!" "

"The announcer must have carried the wrong person!" Bai Yun immediately walked into the broadcasting room.

"The door of the broadcasting room was pushed open from the outside, and the announcer inside was shocked."

"Who are you?"

Bai Yun adjusted her facial expression and tried to look more gentle. "Hello! I'm the examinee for this episode. My name is Bai Yun. Did you just say the wrong name? Or did you miss one?"

"The announcer said, "There are a total of fifteen candidates for this episode. I have already finished broadcasting!" "

"Hearing this, Bai Yun could not remain calm. She said with an excited expression, "My name is Bai Yun! Bai Yun, Yun Yun, take a closer look! How can my name not be on the list!" "

Bai Yun was already prepared to be accepted. She was really prepared to become a member of the CEN base.

She did not expect...

She did not expect the announcer to say that her name was not on the list.

Tang Xue had already promised her!

The announcer frowned slightly. "No means No. What's wrong with you? is the studio where you came from? Get Out!"

""It's You! It Must Be You!" Bai Yun did not leave, instead, she took a few steps forward and walked to the announcer's side. "It must be you who tampered with the list! I was clearly accepted! Tell me! Did you get someone to impersonate me?" "

Yes.

It must be like that

It must have been this broadcaster who tampered with the name list.

It was simply too hateful!

"Seeing Bai Yun like this, the broadcaster immediately dialed the internal line. "The security department? Quickly send someone to the broadcast room!" "

""Do you know who I am? I am your Dr. Tang's cousin! How dare you, a mere broadcaster, scheme against me! Hurry up and add my name! Otherwise, my cousin will not let you off!" "

The broadcaster frowned slightly.

“Before ye Zao came, Tang Xue was the youngest female doctor in the base. ”

The members of the base had always had a good impression of Tang Xue.

They did not expect Tang Xue to have such an unscrupulous cousin!

Was this really Tang Xue’s sister?

“”I don’t care whose sister you are, your name is not on the list! Not to mention that you are Miss Tang’s sister, even if you are Miss Tang’s biological mother, you don’t have the right to ask me to add your name!” ”

Which member of the CEN base didn’t rely on their true talents to enter!

“According to Bai Yun’s words, she still wanted to use the back door? ”

She was really embarrassing Tang Xue!

“At this moment, the door of the broadcast room was pushed open again. ”

The head of the security team walked in with his men. “What’s going on?”

“”Captain Liu, this person is causing trouble in the broadcast room! Quickly take her out!” ”

“I’m Your Professor Tang’s cousin. Let’s see who dares to touch me today!”

“Bai Yun stood there, looking high and mighty. ”

“How could a small security team, a watchdog, be compared to Tang Xue?”

“At this moment, two security guards stepped forward and directly controlled Bai Yun, taking her out.”

Bai Yun’s eyes were filled with disbelief.

She never expected that these people would dare to lay their hands on her!

““Let go of me, let go of me! Do you know who I am? I Am Dr. Tang’s cousin! If you offend me, you will regret it!” ”

Bai Yun shouted along the way and was dragged into a small dark room.

In the office.

Tang Xue was preparing the experimental tools when her assistant ran in from outside.

““Miss Tang, the security department called. They want you to come over.” ”

Tang Xue frowned. “Security department? Did they say what it was about?”

“They didn’t say.”The assistant shook his head.

“Tang Xue put down her gloves. “Then I’ll go over first. If Bai Yun comes looking for me, you can let her sit and wait for a while.” ”

“Okay.”The assistant nodded.

“Very soon, Tang Xue arrived at the security department. ”

“Minister Liu, why are you looking for me?” ”

Don't underestimate minister Liu of the Security Department.

“If it were any other place, the security department would indeed be fine, but this was the CEN group's base. ”

Everything was managed in a formal manner.

“Minister Liu came from a proper military background, and the equipment he was equipped with were all real guns and bullets, as well as meritorious deeds. ”

“Just now, a candidate named Bai Yun caused trouble in the broadcast room and claimed to be your cousin. Come over and see if she is your cousin.” ”

Chapter 1612: 242: the three-year agreement has arrived. The aircraft carrier has been launched! 2

“Tang Xue frowned slightly and continued, “Minister Liu, I do have a cousin named Bai Yun! But she will definitely not cause trouble in the broadcast room!””

Bai Yun had already been arranged internally by her!

Was she so full of herself that she wanted to cause trouble in the broadcast room?

Minister Liu looked at Tang Xue. “Come and take a look and you'll know!”

Tang Xue nodded and followed minister Liu's footsteps.

“Bai Yun was sitting in the interrogation room. When she saw Tang Xue coming over, she immediately stood up from her chair and said excitedly, “Sister, you’re here!””

“After saying that, Bai Yun turned around and looked at the other people in the interrogation room, she said proudly, “I knew my cousin would definitely come and save me! You guys are finished! Sister, these people bullied me just now. You Must Get Justice for me!””

“Tang Xue never expected that the person in the interrogation room was really Bai Yun. Her expression turned cold as she continued, “Shut Up!””

Bai Yun was shocked by Tang Xue and immediately shut up.

“Tang Xue turned to look at minister Liu and smiled apologetically, “Minister Liu, I’m really sorry! Bai Yun is indeed my cousin. She’s young and insensible. I’ll apologize for bringing trouble to You!””

“Seeing Tang Xue like this, Bai Yun was displeased. “Sister! Why are you apologizing to her! I’m clearly the one who’s been wronged! Sister, you don’t even know, they’re simply too much...””

“I told you to shut up!”Tang Xue’s eyes were about to spew fire.

Idiot!

She really didn’t know why mother Tang would introduce such an idiot.

“Seeing that Tang Xue was really angry, Bai Yun finally shut up.”

“Tang Xue continued, “Apologize to minister Liu!””

“Bai Yun looked at minister Liu and said unwillingly, “I’m Sorry.””

Bai Yun was very confused.

“Could it be that Tang Xue, a dignified doctor, was not even comparable to the head of the security department?”

She actually wanted her to apologize to the head of the security department!

“In Bai Yun’s eyes, minister Li was not much different from a doorman!”

“Minister Liu continued, “Miss Tang, if you are sure that this is your cousin, just sign here and you can take her away!””

“As he said that, minister Liu handed the document and pen to Tang Xue.”

“Tang Xue took the document and pen and signed on it. “Thank you, Minister Liu, for the trouble.””

“Minister Liu said, “Miss Tang, if you hadn’t come here personally, I wouldn’t believe that you have such a cousin! I’ve really opened my eyes today!””

His words were clearly filled with mockery.

She didn’t know what shameful thing Bai Yun had done! To make minister Liu Not give her face.

“Tang Xue put on a fake smile. “I’ve made a fool of myself, Minister Liu!””

“After saying that, Tang Xue turned to look at Bai Yun. “Let’s Go!””

“Bai Yun followed Tang Xue’s footsteps and asked in a low voice, “SIS, isn’t that person just a small minister? Why are you so respectful to him! You’re the youngest female doctor in the base! Don’t Tell Me You’re afraid of Him?””

“Do you know who minister Liu is? He is from the PL. He even has the right to directly convict you and put you in jail!” Tang Xue continued, “Let alone me, even if my grandfather is still alive, I have to give minister Liu some face!”

Bai Yun sucked in a breath of cold air. She really didn't expect that a small minister of security would be so powerful!

No wonder Tang Xue was so wary of him and so respectful towards Head Liu.

It seemed that the CEN base was indeed different from other places.

“Bai Yun wanted to say something more, but Tang Xue saw through her intentions and continued, “Shut up and don't speak!””

Bai Yun had no choice but to shut up.

“But in her heart, she was snorting coldly. What was so great about this Tang Xue that she even gave her a look.”

“Along the way, Tang Xue held back her anger and did not make a sound.”

“However, she could clearly feel that wherever people passed by, they would point and point at her and Bai Yun.”

“When they arrived at the office, Tang Xue looked at her assistant. “You go out for a while!””

“Okay.” The assistant nodded and walked out of the door, closing the office door at the same time.”

“Tang Xue turned to look at Bai Yun and said angrily, “Let me ask you, how did you get brought to the interrogation room by the security team?””

“Speaking of this matter, Bai Yun felt extremely aggrieved, “Sis! I wasn’t even accepted for that assessment! Didn’t you say that you already had a good relationship with the higher-ups? Didn’t you say that I had already been chosen internally? But why didn’t the broadcaster announce my name, and even said that I hadn’t been accepted at all! I couldn’t take it anymore, so I went to look for the broadcaster to argue with him. Who knew that not only did the broadcaster not help me investigate, he even mocked me. In the end, he even called the security team over... ..”

Chapter 1613: 242: the three-year agreement has arrived. The aircraft carrier has been born! 3

Tang Xue finally understood what was going on and frowned.

“You said that you weren’t accepted?”

“”Yes.” Bai Yun nodded. “SIS, what’s Going On? Did someone impersonate me?” ”

How would Tang Xue Know What was going on.

She had clearly made a deal with the assessment head!

“Tang Xue walked to her desk, picked up the microphone, and made a call. “Get Me the Assessment Department.” ”

“”Yes, Miss Tang. Please wait a moment.” ”

“Soon, the call was connected. ”

“”Check Bai Yun’s results for me,” Tang Xue said. ”

“Please Wait a moment. Check the admission ticket number.”

“After checking the admission ticket number, the other side continued, “Bai Yun has 0 points.” ”

“The CEN base’s assessment was very strict, with a total of 50 points. Even if it was a top student with rich combat experience, it was very rare for them to get a full score, let alone Bai Yun, who knew nothing about scientific research, it was too normal to get 0 points. ”

0 points.

Bai Yun actually got 0 points.

She had clearly informed the head examiner that Bai Yun shouldn’t have only gotten 0 points.

How dare he!

How dare he!

“Although Old Master Tang was no longer around, the gratitude he had shown the head examiner when he was still alive was still there. ”

Ungrateful.

Tang Xue had never expected that the head examiner would call her Xiao Xue on the surface and be extremely affectionate. He even said that he wanted to take her as his biological granddaughter. She had never expected that the mainland would not even give her this bit of face!

“The world was really cold and people died like extinguished lamps. Now That Old Master Tang was no longer around, all of them had changed their faces. ”

Old Master Tang should not have helped the assessment leader back then.

Tang Xue was very angry!

“Bai Yun walked to Tang Xue’s side and continued, “Sister, what should we do now? Can I still be accepted by the base? Help me go to the assessment office and Talk About It!” ”

“Tang Xue was already very angry. Now that she heard Bai Yun’s words, she was even more furious. “Even if the announcer did not mention your name, you can’t go to the broadcast room and cause trouble! Do you know how much you have embarrassed me? !” ”

“Now, everyone in the base knew that this idiot, Bai Yun, was her sister! ”

Bai Yun lowered her head and didn’t say a word.

She had thought that Tang Xue had great authority!

She didn’t expect that Tang Xue’s authority wasn’t even comparable to that of a head of the security department.

“Tang Xue continued, “You can go back first!” ”

Go Back?

“Since Bai Yun was here, she didn’t want to go back just like that. ”

“Bai Yun looked at Tang Xue in surprise, “Sis! I’m here to participate in the CEN Base’s assessment competition! Everyone around me knows that I’ve been accepted by the CEN base. What’s the point of going back now!”Wasn’t it embarrassing? ”

“Do you know how many points you scored?”Tang Xue asked.

“I don’t know.”

“0 points!” Tang Xue said angrily, “You want to join the CEN base even though you scored 0 points?”

“Bai Yun snorted and said confidently, “Isn’t that because of you?”

She studied finance. It would be strange if she could get full marks!

“If she didn’t have Tang Xue as her backing, Bai Yun wouldn’t have come to participate in this assessment.”

Tang Xue was so angry that her head hurt.

How could she have such a useless cousin?

Why was she so confident when she got 0 points?

“Bai Yun continued, “If I knew you couldn’t do it, I wouldn’t have come!”

Couldn’t?

She couldn’t?

Tang Xue felt her dignity being trampled on by Bai Yun.

She was the backbone of the Cen family base.

The descendant of Old Master Tang!

“Before ye Zhuo appeared, she was the youngest female doctor in the base. ”

Who wouldn't address her as Miss Tang?

But now.

Bai Yun actually questioned her strength!

It was all that damned old man Zhou Guangwei's fault!

“If it wasn't for his ingratitude, Bai Yun wouldn't have only gotten 0 points. ”

“Whenever she thought of Zhou Guangwei, Tang Xue would be extremely angry. ”

Zhou Guangwei's position as the test leader had been brought up by Old Master Yang.

She didn't expect Zhou Guangwei to forget so quickly!

“After a while, Tang Xue turned to look at Bai Yun and said, “Go back and wait.” ”

Wait?

“When she heard this, Bai Yun's eyes lit up. Could it be that she still had a chance? ”

“”Then I still have a chance, right?” Bai Yun looked at Tang Xue. “Sister, you've already promised me! You Can't go back on your word!” ”

“Tang Xue narrowed her eyes and continued, “When Ye Zhuo's two-year agreement expires, I will definitely let you enter the base and let you be the management of the base.” ”

“Two years later, even the entire CEN group’s base would be hers. What else could she not decide.”

“At that time, not to mention Zhou Guangwei, even ye Zhuo and Cen Shaoqing would have to see her face!”

Chapter 1614: 242: the three-year agreement has arrived. The aircraft carrier has been born! 4

“When she thought of that scene, Tang Xue was extremely excited. The corners of her mouth curled into a proud arc.”

“At that time, she would return all the humiliation she had suffered today to Ye Zhuo!”

She would let ye Zhuo know what a true proud daughter of the heavens was!

Ye Zhuo did not even have the right to shine shoes.

““Two years?” Bai Yun said speechlessly, “Sister! You want me to wait for two years! ?””

““The two-year agreement has already passed for more than a year. Don’t worry, I Won’t make you wait for two years,” Tang Xue said.”

“Really?” Bai Yun asked in disbelief.

““Yes.” Tang Xue nodded. “So, you go back and wait first. During this period of time, I’ll think of other ways for you. Perhaps you don’t need to wait for the two-year agreement.””

“With her popularity in the base, it wouldn’t be a problem to place someone inside”

“Even if Zhou Guangwei, that ungrateful wretch, didn’t help her, there were still others.”

“”Okay.” Bai Yun nodded and continued, “I don’t want to go back so soon. Can I walk around here?””

Tang Xue hesitated.

“The base wasn’t like other places. If Bai Yun got into trouble, it wouldn’t be easy to end things.”

“Seeing Tang Xue Like This, Bai Yun was a little speechless and said, “No Way? Sister, you don’t even have this little bit of authority?” It was fine if she wasn’t allowed to pass the assessment, but now she actually didn’t even have the authority to walk around the base.”

“”Who says I don’t Have It!” Tang Xue took out a work badge and gave it to Bai Yun, “Put on my work badge, but remember one thing, there are some places here that are not allowed to take photos. Take care of yourself, and don’t stir up trouble!””

“Seeing Tang Xue’s work badge, Bai Yun’s eyes lit up. She immediately took it with both hands and said with a smile, “Sister, thank you! Don’t worry, I Promise I won’t cause any trouble for you.””

“Let’s go quickly.”

Bai Yun wore her work badge and walked out with satisfaction.

The Cen family’s base was very big.

“Because of her work badge, Bai Yun received many greetings along the way.”

“Tang Gong!”

“”Good afternoon, Miss Tang.””

“This was the first time Bai Yun had taken the initiative to be greeted by someone. Moreover, the person who greeted her was full of respect. For a moment, her vanity exploded.”

He held his head high and puffed out his chest. It was as if he had become some great official.

“According to the instructions of the base, Bai Yun came all the way to the lounge.”

The lounge was divided into four floors.

The first and second floors were the dining area.

The third and fourth floors were the entertainment area.

“All the food and entertainment facilities here were free. However, only the researchers of the CEN’s base could come in and eat for free.”

“Bai Yun had Tang Xue’s work card, so he swaggered into the dining area on the first floor.”

“The dining area was very large. The first and second floors added up to a total of more than 3,000 square meters.”

“The variety of food was even more colorful, gathering delicacies from all over the place.”

He could eat as much as he wanted.

But there was one condition.

No waste.

EAT as much as you take.

It was said that this rule was changed after ye Zhuo came to the base.

“Before this, the act of wasting was still very serious.”

Bai Yun found a seat and sat down.

“Immediately, someone came over. “Tang Gong, what would you like to eat?””

“Bai Yun thought for a moment and then said, “I’d like a medium-rare M 9 steak.””

““Okay, please wait a moment.””

“Bai Yun had only said that she would try it, but she didn’t expect that there would really be M 9 Here!”

““Wait a moment,” Bai Yun continued.”

“Do you need anything else?”The attendant turned around.

““I want another bottle of Veen mineral water,” Bai Yun said, “Do you have it?””

““Yes, please wait a moment.”The attendant nodded.”

“This time, Bai Yun could not remain calm.”

This CEN base was too rich!

“They even provided m 9 steak and Veen mineral water, and they did not even need money!”

“M 9 steaks were four figures per catty, and Veen’s mineral water was 157 yuan per bottle. If these two things were added together, it would cost at least 700 to 800 yuan. If the Cen’s base workers ate like this., how much money would they have to eat in a day?”

Bai Yun licked his lips and felt that he had to stay and work in the Cen’s base.

The benefits were too good!

“Soon, the steak and mineral water were brought up.”

“Before eating, Bai Yun took a photo with her phone.”

“After eating the steak, Bai Yun wanted to go to the bar to get some tissues to wipe her mouth.”

“At this moment, a thin young woman walked over and said with a smile, “Miss Tang, do you want some paper? I have some here!””

“Thank you.” Bai Yun took the paper.

““You’re welcome.” The young woman continued, “It’s my honor for Miss Tang to be able to use my paper.””

Bai Yun was stunned.

So Tang Xue had such a high status in the base?

But why didn’t she even have the authority to arrange for her to enter the base?

Chapter 1615: 242: the three-year agreement has arrived. The aircraft carrier has been announced! 5

“The young woman continued, “Miss Tang, is there anything else you need?” ”

“Bai Yun hesitated for a moment before continuing, “Go and bring me some snacks.” ”

“Alright.”

“Looking at the young woman’s back, Bai Yun’s eyes were filled with shock. She had not expected that Tang Xue’s authority would actually be so great. ”

“However, what Bai Yun did not know was that because Tang Xue wanted to maintain her high status, she rarely came to the dining area to eat with everyone. ”

“After all, there were all kinds of people who came to the restaurant. ”

“And she was just a manager, how could she eat together with these people! ”

“Very soon, the young woman came over with snacks. “Miss Tang, my name is Sun Yue. You Can Call Me Little Sun.” ”

“Okay.” Bai Yun nodded.

“After sitting in the restaurant for a while, Bai Yun met no less than ten people who came to greet her and compete to help her with her work. ”

Bai Yun finally experienced the feeling of being superior to others.

She stayed in the dining area for a period of time.

Bai Yun came to the fitness area on the fourth floor again.

There were many people in the fitness area.

“In the fitness area, Bai Yun was naturally respected by everyone.”

Bai Yun was extremely proud.

She raised her chin and walked forward arrogantly.

“The position of the treadmill in front was very good. Wherever she went to run, people could see her at a glance. Through the French window, they could also see the scenery of the artificial lake downstairs.”

“At this moment, a slender figure walked over from the other side. She directly pressed the button and started running on the treadmill.”

The girl had a bun on her head. She wore a black halter top and black slim pants.

“From the back, her figure was so good that it made people scream.”

“Black was a very dark color. If her skin was slightly yellow or wheat-colored, it would appear even darker. However, when Black was worn on the girl, it made her skin look as white as a piece of jade.”

People could not help but exclaim.

How could it be so white.

Bai Yun frowned slightly. This ugly woman was really too bold. She actually dared to steal her things! Did she take a fancy to this treadmill?

It must be intentional!

It was said that a person with a good back view would definitely be extremely ugly in the front. This woman's back view was so good-looking. Her appearance would definitely be extremely ugly!

Wasn't there a saying on the internet?

Back View Kill.

Back View Kill referred to this kind of person.

Bai Yun walked to the front and looked at the girl's back view. She crossed her arms over her chest and looked as though her clothes were high up. "Get Down!"

"In this base, who wouldn't treat her with respect? Only this ugly person dared to steal her things!"

She deserved a lesson!

"In a flash, the girl on the treadmill took off the wireless earphones on her ears and turned around slowly, revealing a face that could topple a city. "You called for me?" "

Bai Yun was stunned when she saw this face.

She never expected that this 'ugly girl' actually had such a good-looking face.

It was even more stunning than her back view!

"She was pure yet charming, and there was a hint of elegance in her charm. "

Even the belle of Baiyun School was not as good-looking as her.

“She had plastic surgery, right?”

“If she did not have plastic surgery, how could she be so good-looking?”

Right!

She definitely had plastic surgery!

“In this day and age, as long as there was money, what could not be done?”

“Baiyun narrowed her eyes and continued, “I thought you were deaf! Didn’t you hear me when I told you to come down?” ”

Ye Zhuo did not say anything. He just looked at Baiyun without any expression on his face.

“Seeing that ye Zao did not say anything and did not come down, Bai Yun was angry. was this person challenging her bottom line?”

“Did he really think that just because he had a pretty face, he could run amok in the base?”

““What are you still standing there for? I told you to come down! Why Are You So Blind? Do you believe that I Will Fire You?”When she said this, Bai Yun puffed out her chest. ”

On her chest was Tang Xue’s work badge.

She thought that ye Zhuo would immediately change his attitude when he saw Tang Xue’s work badge. He would call her Miss Tang and apologize to her.

She did not expect ye Zhuo to have no expression on his face.

“Tang Xue?”Ye Zhuo raised his eyebrows slightly. “District D’s Administrator?”

“Bai Yun curled the corners of her lips and said smugly, “You know who I am. Hurry up and come down!”

“Ye Zhuo pressed on his earpiece and said softly, “Have Liu Luo come to fitness area B.” ”

“Okay.”A reply came from the other side.

Bai Yun narrowed her eyes.

She felt that something was not right.

“When the others saw Tang Xue’s work badge, they were all respectful and respectful. Why did this little girl not show any respect at all, but instead, she told the air to make a trip here? ”

Who was staying?

Could it be that this little girl knew Tang Xue?

“Chapter 1616: 242: the three-year agreement has arrived, and the aircraft carrier is out! 6”

She’s Tang Xue’s leader?

No!

That's impossible!

How Old is this little girl?

"She looks like she's at most seventeen or eighteen years old, how could she possibly be Tang Xue's leader."

"Maybe she's the same as her, using someone else's work card to impersonate her!"

"Now, she's here pretending to scare her."

Right.

It must be like that.

"Bai Yun snorted, "I've seen too many people like you who rely on others to intimidate others! I'll give you three minutes to think about it! If you don't give me the treadmill, I'll make sure you don't see the Sun Tomorrow!""

Ye Zhuo didn't say anything.

"At this moment, a tall figure trotted over from the other side."

Bai Yun was attracted by the sound of footsteps.

This person was actually minister Liu of the Security Department.

Why was Minister Liu Here?

Bai Yun swallowed her saliva.

This minister Liu was someone that even Tang Xue had to respect!

“If he came, wouldn’t her fake identity be exposed?”

No!

She couldn’t let minister Liu discover her.

“Bai Yun quickly turned her head and said to ye zhuo, “Why aren’t you coming down? There’s a limit to a person’s patience!””

“At this moment, Liu Zhuo walked directly to Bai Yun’s side and stopped. He said respectfully, “Miss Ye!””

“Ye Zhuo stood on the treadmill and slightly lowered his eyes. He looked at Liu Zhuo and said, “Liu Zhuo, how did you become the head of the security department? You didn’t even notice that there were outsiders in the base sneaking in to eat and drink?””

Bai Yun looked at Ye Zhuo in disbelief.

Could it be...

Could it be that ye Zhuo was really some big shot?

But she clearly looked so young.

“At this moment, Bai Yun’s body was covered in cold sweat.”

“If she was really caught on the spot, where would she put her face? Especially since she had just used her identity as Tang Xue to teach many people a lesson.”

“Thinking of this, Bai Yun’s face burned with pain.”

What should I do?

“Liu Shao looked at ye Zhuo, and his forehead broke out in cold sweat.”

“Although ye Zhuo was young, his aura was not small at all, especially when he became serious.”

““Miss Ye, please clarify.””

“Ye Zhuo continued, “Take a good look at who this Miss Tang beside you is.””

“Liu Shao turned his head, and only then did he see clearly that the person standing beside him was Bai Yun.”

“Most importantly, Bai Yun was actually wearing Tang Xue’s work badge.”

One had to know that the Cen family base’s dining area and entertainment area were forbidden for outsiders to visit.

““Bai Yun?” Liu Zhuo turned his head to look at Ye Zhuo. “Miss Ye, this is Tang Gong’s cousin, Bai Yun. She is also one of the examinees today. Her work badge should have been given to her by Tang Gong.””

What he meant was that this matter had nothing to do with him.

“After all, Bai Yun had entered through the proper channels.”

“As for these matters, they were all caused by Tang Xue.”

“Ye Zhuo’s tone was light, and his red lips parted slightly, “Tang Xue has derelict her duties and has given her work badge to another person without authorization. This has already seriously violated the base’s employee code of conduct, Articles 5 and 13. “Have her submit a 3,000-word report before tomorrow. In addition, this examinee named Bai Yun’s results for this assessment are all invalid. She will forever be blacklisted by the base.””

“Bai Yun’s legs were weak, and all the strength in her body seemed to have been sucked away in an instant. She was filled with regret.”

How could she have imagined that such a young girl’s position in the base was actually higher than Tang Xue’s!

Liu Zhao gave a look to the two security guards beside him.

The two security guards immediately controlled Bai Yun and brought her outside.

“A second ago, Bai Yun was still awe-inspiring, showing off in front of everyone, but now she had become a drowning dog.”

““Miss Tang!” Sun Yue, who had just taken something for Bai Yun on the first floor, saw Bai Yun being dragged away by the security guards and stood up in surprise. “What’s wrong with Miss Tang?””

“Someone immediately laughed and said, “This isn’t miss tang! It’s just a fake, just a freeloader!””

““But I heard that she’s Miss Tang’s cousin, and Miss Tang wanted to help her pull some strings. Who knew that the head examiner wouldn’t fall for Miss Tang’s tricks!””

““The funniest thing is, do you know how many points this Baiyun Assessment has scored?””

“How many?”

“I heard from the assessment department that it’s 0 points!”

“0 points? Oh My God! What is Miss Tang thinking, to actually want to pull strings for such a person?”

“Tang Xue is just relying on old master Tang’s small meritorious service and wants to order around in the base. She doesn’t even look at her own weight!”

The air was filled with mocking laughter.

“Tang Xue was standing behind everyone. When she heard these words, she was so angry that her entire body was trembling.”

Chapter 1617: 242: the three-year agreement has arrived. The aircraft carrier has arrived! 7

“In the past, who would dare to talk about her like that behind her back without ye Zhuo? ”

And Now?

What was she being called? !

These bitches who climbed up the ladder and trampled on the lower ones.

Just you wait.

“When the two-year agreement arrives, she will make all these people who once ridiculed her regret it beyond measure! ”

Tang Xue clenched her fists.

In the fitness area.

“After a small setback, ye Zao ran for another hour or so. Then, he went to the first floor, ready to eat something on the first floor.”

“Isn’t that my goddess?” He ziteng stood on the other side of the fitness area. When he saw ye Zao, he said excitedly, “Fifth brother, I’ll go and greet my goddess first.”

“Cen Shaoqing slightly raised his eyes. Then, his pupils suddenly shrank. He used the hand holding the Buddha bead to cover he ziteng’s eyes. “Don’t Look!” ”

“He ziteng was stunned. Before he could say anything, CEN Shaoqing continued, “Turn around!” ”

“It was an order, and his voice was almost overflowing with ice.”

What was going on?

How did Cen Shaoqing suddenly become so scary?

He ziteng was a little stunned. He did as he was told and quickly turned around.

“Looking at He ziteng’s back, CEN Shaoqing continued, “Wait here for a while. Don’t turn around. I’ll be right there!” ”

“After saying that, CEN Shaoqing quickly ran over.”

“He ziteng did not dare to turn around. He could only raise his voice and ask, “What’s wrong, fifth brother? What are you not letting me see?” ”

No one behind him responded.

“But even if no one behind him responded, he ziteng still did not dare to turn around. He muttered softly, “What’s wrong? Why Won’t you let me turn around!” ”

“Cen Shaoqing ran all the way to Ye Zao and took off his coat. Without saying a word, he draped it over ye Zao’s body. “Ancestor, why did you run out dressed like this? !” ”

Hot Pants.

Suspenders.

“Exposing his arms and legs, it was simply too revealing! ”

This was not possible!

Only he could see his wife!

“Ye Zao was slightly stunned by Cen Shaoqing’s actions. He just looked at him. “Cen Shaoqing, what are you doing?” ”

“Cen Shaoqing carefully fastened the last button. After making sure that he could not see anything, he was slightly satisfied. He then said, “Leader, let’s discuss something.” ”

“”Go ahead,”ye Zao said. ”

“Cen Shaoqing’s thin lips parted slightly. “In the future, can you wear this kind of suspenders to go out?” ”

“Why?”Ye Zao asked.

“CEN Shaoqing continued, “There are too few fabrics, and there are too many people in the gym with too many eyes...” ”

Even though ye Zao had worn a swimsuit with him when they were on vacation on the island previously.

“But at that time, there was only him and ye Zao on the island, and there was no other person. ”

“Only then did ye Zao realize that Cen Shaoqing disliked her for wearing too little, he said somewhat speechlessly, “What era is it now? Isn’t it normal to wear this way? Your thoughts are too conservative! Why are you like an old man? You’re not allowed to wear this or that!” ”

““You can wear it, but you can only wear it for me to see.”Cen Shaoqing whispered into her ear.” ”

Ye Zhuo raised his eyebrows slightly. He felt that Cen Shaoqing’s request was a little overbearing. His red lips parted slightly. “I’m not your personal property. How I dress is my freedom.”

““Leader, I beg you!” ”

Ye Zhuo did not say anything.

Cen Shaoqing continued to pray.

“After a while, Ye Zao raised his eyes slightly. “Alright! Seeing that your attitude is so sincere, I will reluctantly agree to you. However, I also have a request.” ”

““Leader, speak.”Hearing ye Zao agree, Cen Shaoqing’s eyes lit up.” ”

“Ye Zao continued, “I haven’t thought of what request. When I think of it, I will tell you again.” ”

""Okay."Cen Shaoqing nodded slightly. "Thank you, leader." "

"Ye Zao smiled. "By the way, didn't you say that you were busy? Why did you have time to come to the fitness area?" "

"CEN Shaoqing said, "I came with Ziteng." "

""OH."Ye Zao continued, "Then you guys go ahead. I'll go back to the office first." "

"I'll send you off."Cen Shaoqing followed ye Zao's footsteps.

The two of them chatted as they walked. They were very intimate.

"Cen Shaoqing was nearly 1.95 meters tall, while ye Zao was only 1.73 meters tall. Cen Shaoqing's bones were big and strong, causing ye Zao to wear his coat like a child stealing an adult's clothes. "

Tang Xue just happened to see this scene. She was so angry that she almost vomited blood.

She originally thought that Cen Shaoqing and ye Zao were not suitable for each other and that they would break up one day.

"She did not expect that after such a long time, not only did they not break up, their relationship was getting better and better. "

"Chapter 1618: 242: the three-year pact has arrived, the aircraft carrier is out! 8"

"Even more unexpectedly, ye Zao even wore Cen Shaoqing's clothes. "

“Others might not know, but Tang Xue knew very well.”

“Cen Shaoqing had a very serious mysophobia. Usually, if outsiders accidentally touched his clothes, he would have to disinfect them several times.”

“Unexpectedly, this time, he actually directly put the coat on ye Zao.”

How could she not be jealous.

Tang Xue was so jealous that she was about to go crazy!

1

But she still tried her best to calm herself down.

She could not be angry.

It was not the time yet.

“When the two-year pact was over, she would make everyone regret it!”

Tang Xue only retracted her gaze when ye Zao and Cen Shaoqing’s figures disappeared in front of her.

“When Cen Shaoqing appeared in the fitness area, it was already half an hour later.”

“He ziteng was still standing there obediently. Without Cen Shaoqing’s words, he did not even dare to turn his head.”

“You can turn around now.” Until Cen Shaoqing’s voice appeared in the air again.

“He ziteng turned his head and said in surprise, “Fifth brother, you’re finally back! If you don’t come back soon, I’m going to turn into a Rock!” ”

“After he said that, he ziteng continued, “Fifth brother, what did you not let me see just now? You’re So Mysterious!” ”

He was really very curious.

What exactly made Cen Shaoqing panic like that.

“In his eyes, Cen Shaoqing had always been a calm and self-controlled person. He had never been like that just now ”

“Nothing.” Cen Shaoqing’s tone was indifferent. It was as if the person who had lost control just now was not him.

“”Nothing?” He ziteng narrowed his eyes and continued, “Fifth brother, I know that you’re definitely hiding something from me! Please, can you just tell me? What secret do you have that I can’t See?” ”

“”Since it’s something that you can’t see, do you think I’ll tell you?” Cen Shaoqing looked back slightly and asked. ”

He ziteng:” ... ”

“Time flew like an arrow, and the sun and moon moved quickly. ”

“In the blink of an eye, another year had passed. ”

There was only half a month left until the two-year agreement on the aircraft carrier.

“During this period of time, Tang Xue was very pleased with herself. She wished that she could walk while humming a little song.”

“Especially these days, there were new problems coming from the large C area.”

“Today, there were problems with the defense system.”

“Tomorrow, it was the flight system.”

“And the day after that, it was the power source.”

The new problems were increasing almost every day.

In the office.

“Because ye Zhuo had signed a confidentiality agreement with the people from the large C area, Tang Xue had specially arranged for someone to stay in the large C area. She had to report the situation to Tang Xue almost every day.”

“Liu Jin stood in front of the office desk and said obsequiously, “Miss Tang, don’t worry. Not to mention that ye Zhuo won’t be able to successfully develop the aircraft carrier in half a month, even if she was given another two years, she might not be able to complete it!” ”

“Tang Xue curled the corners of her lips and continued, “But I heard that the overall structure of the aircraft carrier has been completed. Now, it’s just waiting to fly.” ”

“Liu Jin’s lips were full of sarcasm. “That’s just an empty shell! With the design, who wouldn’t know how to copy it?” ”

Everyone in Area C knew that the aircraft carrier ye Zao created was just an empty shell.

It couldn't fly at all!

"Tang Xue nodded. "Alright, you can leave first." "

"Miss Tang, if you have any instructions, you can call me anytime," Liu Jin said. "

"At the same time, the international websites were also in an uproar! "

"[the two-year agreement is about to arrive, why is there still no news from China?]? [May I ask where Dr. YC went?]? [where did the CEN base go?]? [where did the authorities go?]? [why didn't they come out to explain?]? [aren't they trying to cheat?] "

"[isn't it normal to cheat? Do you think they will really honor the bet? Chinese people are naturally cunning! Also, that YC probably ran away a long time ago!] "

"Chapter 1619: 343: aircraft carrier launch ceremony, broadcast globally! 1"

"[the person above is right. Dr. YC should have run away long ago! Otherwise, why hasn't there been any news about the aircraft carrier project?]"

"[according to the Chinese people, it's normal for YC to run away.]"

"[fortunately, she signed the bet agreement. Otherwise, wouldn't she have run away for Nothing?]"

“[there is a saying in China, ‘If you can run away, you can’t run away. Don’t worry, even if YC runs away, the CEN family base will pay for it.]”

“[screenshot JPG] these were YC’s bold words two years ago! At that time, she said that she would definitely develop an aircraft carrier that could surpass the speed of light! She did not expect to be slapped in the face so quickly! hahahaha!]”

[waiting for the aircraft carrier to take off!]

[we still have to land on the eight planets! What did YC say before? They want to land on Neptune to realize the freedom of diamonds for all people. Why didn’t they come out and say it now?]

[I’m waiting to buy a diamond at a dollar each!]

“[I thought YC would really be able to lead the humans to the eight planets? After all this time, they have all run away!]”

“[it’s normal that they have run away. Under such circumstances, if YC did not run away, would he have to wait for people to scold him and pay for it?]? [but, to be honest, YC really makes me look down on him. He runs away whenever he has something to do. He doesn’t have any responsibilities. He really gives the Chinese a lot of face!]”

“[haha, Yes, he really gives the Chinese a lot of face!]”

[I was still waiting to see an aircraft carrier that can surpass the speed of light! I didn’t expect that he would run away!]

“[@yc,@nehulu family,@chinese research base,@cen family base, why didn’t anyone come out to explain?]”

[aren’t you guys usually quite active? Why are you all cowering like turtles at such a critical time?]

[is there a need to ask? You want to pretend to be deaf and not admit your debt!]

“[after signing the bet agreement in black and white, can huaxia still go back on their word?]”

“[picture JPG] the bet agreement is here! It clearly states that on may 18th, an aircraft carrier launch ceremony will be held at the center of Huaxia Base. There will be leaders from ten countries participating. At that time, there will be a global live broadcast. This is the live broadcast address, take it!]”

“[thank you for the link, Boss!]”

“[thank you, Boss!]”

[the live broadcast will definitely be very exciting.]

[will the live broadcast room be full?]

“[definitely! Brothers, remember to record the video.]”

[the aircraft carrier plan is obviously going to end in failure. Don't you think it's unnecessary to hold the launch ceremony?]

“[what the person above said is wrong. If we don't hold the launch ceremony, we can hold the failure ceremony! We also have to announce a bet agreement. If we don't hold the ceremony, who knows if China will cheat?]”

“[hahahaha, the person above is right. This aircraft carrier launch ceremony should be changed to a failure ceremony.]”

[see you on the 18th of May.]

The entire international copyright was related to the aircraft carrier.

“Tang Xue slowly browsed the website, the corners of her mouth slightly curling up.”

“Although two years had passed, the reaction of the people was far more intense than she had imagined. Not only did the people not forget about this matter, they were even more enthusiastic.”

Just wait and see.

Ye Zhuo was about to receive his retribution.

And that B * Tch Tang Mi.

Tang Xue narrowed her eyes as a sinister light flashed in her eyes.

“”Miss Tang.” At this moment, there was a knock on the door.”

“Come in.” Tang Xue came to her senses. She closed the international website and looked up.

“The assistant walked in from outside and said, “Miss Tang, Miss Ye has sent someone to urge you to send the analysis report to her.””

“Got it.” Tang Xue nodded.

“The assistant looked at Tang Xue and hesitated for a moment before adding, “Miss Tang, you’d better send it now. Miss ye seems to be in a hurry.””

What was there to rush.

Tang Xue snorted in her heart. Ye Zao was like a clay bodhisattva who couldn't even protect himself. How could he still have the face to rush her?

Didn't she know that she was about to be nailed to the pillar of shame of the scientific research world?

"If she were ye Zhuo, she would have found a hole to hide in by now. How could she still have the face to embarrass herself here!"

"However, thinking about it, it made sense."

"If ye Zhuo had known shame and dignity, he would not have said that he would build an aircraft carrier that was faster than the speed of light."

Cen Shaoqing was also a smart and muddle-headed person. To think that he would actually fall for someone like Ye Zhuo!

"I've already sent it over." Tang Xue sent over the analysis report.

"The assistant said, "Alright, Miss Tang. If there's nothing else, I'll be leaving first.""

"You go ahead." Tang Xue waved her hand.

The assistant walked out of the door.

Tang Xue continued to browse through the international news.

"On the international section, there were more and more topics regarding aircraft carriers. In a short while, they occupied the entire front page."

"Chapter 1620: 343: the launch ceremony of the aircraft carrier, broadcast live worldwide! 2"

Soon.

“Not only was the international section occupied, but the domestic social and news apps also began to broadcast the news. ”

On Weibo.

Ye Zhuo was listed on five hot searches.

Dr. YC!

the launch ceremony of the aircraft carrier was held on May 18th

BET Agreement

Cen's Base

an aircraft carrier that is faster than the speed of light!

“I have been following the news of an aircraft carrier ever since it was first announced. I did not expect two years to pass so quickly! Is there anyone who knows about this? How is the completion of this aircraft plan coming along?”

“”I also wish for my country to become stronger. To be honest, when I saw the comments of those people on the international technology websites, I was really angry. But what can I do? Could YC really build an aircraft carrier that is faster than the speed of light?” ”

[YC shouldn't have signed this bet agreement! There's nothing wrong with not owing the bet agreement. Signing the bet agreement is equivalent to handing over the management rights of the entire Cen's base to someone else!]

[two years have passed too quickly!]

“[in the end, I can only blame this Dr. YC for being too arrogant. Did she really think that she could build an aircraft carrier just because she won first place in a certain science and technology competition?]? It was one thing for her to say that she could build an aircraft carrier, but she even said that she could surpass the speed of light! Wasn't this just a dream? This kind of person was not worthy of sympathy at all!] ”

“[yeah, I personally feel that if YC did not boast that she could surpass the speed of light, it might be easier to solve the problem. The biggest problem now is how to solve the speed of light! This is also her own fault!] ”

[I feel so embarrassed!]

“[same here, same here. I'm traveling outside now. When I say that I'm Chinese, they will chase me and ask me if YC is Chinese!] ”

[another world! I was just surrounded by people a few days ago! I've never been so embarrassed in my life.]

“[but when signing the betting agreement, someone should have come out to stop it. Now that it has happened, what's the use of regretting it?] ”

“[how do you know that no one will stop it?]? [as far as I know, most of the elders of the CEN base have stood up to oppose it. Unfortunately, their arms can't twist over their thighs. The management rights of the CEN base are all in the hands of Fifth Master Cen. As long as fifth master CEN supports YC, even if those elders don't agree, what can they do?] ”

“[sigh! Fifth Master Cen, just wait to regret it! Love really corrupts people. Fifth Master Cen used to be a smart person. I didn't expect that he would listen to such nonsense!] ”

“[it’s not enough that YC has humiliated her own people, but now she wants to humiliate our Chinese people!] ”

[I’m so angry! Our Chinese face has been completely humiliated just like that!]

[this YC really has a bad reputation for ten thousand years!]

“[it’s fine that YC has a bad reputation for ten thousand years, but the most important thing is that she has also damaged the reputation of Dr. Millet, Dr. Warne, and the Feiyu Team!] ”

“It must be known that when ye Zhuo announced the establishment of the aircraft carrier project team, Dr. Millet, Dr. Warne, and the Feiyu team, the three forces, did not hesitate to support ye Zhuo. ”

“Now that it had come to this, the reputation of Dr. Millet, Dr. Warne, and the Feiyu team would also be damaged! ”

“When she saw the words ‘go down in history in history in history’, Tang Xue clicked ‘like’ below. ”

Wasn’t a person like Ye Zhuo the eternal bad?

“”Miss Tang.”At this moment, there was a knock on the door again. ”

“Come in.”Tang Xue raised her head.

“”Miss Tang, I’m sorry to disturb you.”The assistant walked in from outside the door. “Just now, Miss Ye sent someone to say that your analysis report is not up to standard. You have one hour to correct it before sending it to her!” ”

“What’s Wrong?”Tang Xue frowned.

“The assistant shook his head. “I’m not too sure about the specifics, but Miss Ye’s secretary said that Miss ye pointed out all the mistakes.” ”

Tang Xue’s expression did not look good. “I got it. You can go out first.”

The assistant walked out.

“Just as the assistant left, Tang Xue picked up the cup on the bracelet and smashed it on the ground. ”

She saw that ye Zao did it on purpose!

“He was deliberately making things difficult for her, making her change it again and again. ”

Once or twice.

Just wait.

Ye Zao couldn’t be complacent for long.

She wanted to see how ye Zao would still be able to smile on May 18th!

She would return all the cowardice that she had received from ye Zao these days to ye Zao!

And she would return it to Ye Zao with double the amount!

On the other side.

Construction cabin in large C area.

“As the launch ceremony approached, the cabin was bustling with activity. ”
