“Chapter 1621: 343: Aircraft Carrier Launch Ceremony, live broadcast worldwide! 3”

“Ye Zao was sitting in the main control cabin, operating the system. There was almost no expression on his face, and he was extremely calm. ”

“Cen Jiang.”

“At this moment, ye Zao pressed the communicator beside his ear. ”

“”Miss Ye, please speak.”Cen Jiang quickly replied. ”

“Ye Zao continued, “Activate the defense system.” ”

“Okay.”Cen Jiang sat in front of the defense system’s seat and activated the main button. Blue laser beams immediately appeared in the air.

A cold electronic voice came from the air. [ the defense system has been activated! ]

“”Miss Ye, the defense system has been activated!”Cen Jiang continued. ”

“Okay.”Ye Zao’s voice was shallow. “Don’t turn it off before I speak.”

“Ye Zao tested the defense system. There were no problems, so he checked the flight system and the attack system. ”

“After confirming that there were no problems, ye Zao got down from the main cabin and said to his assistant beside him, “We have an early shift today. Let everyone get off work. Everyone has worked hard during this period of time!” ”

“”Okay.”The assistant nodded. “Thank you, Miss Ye!” ”

“When they learned that ye Zao had let everyone get off work early, everyone was very happy and almost cheered out loud. ”

Tang Xue called her personal assistant over. “Arrange a few people to follow ye Zao to prevent her from escaping!”

“What the Internet said was right. As the launch ceremony was getting closer and closer, and the aircraft carrier plan had failed, ye Zao must have already planned the route and was thinking of how to escape! ”

She could not let ye Zao escape!

“If ye Zao escaped, how would she slap ye Zao’s face and torture him? ”

“Okay.”The assistant nodded.

“Wait a minute.”Tang Xue called the assistant again.

“Do you have any other instructions?”The assistant turned to look at Tang Xue.

“Tang Xue continued, “Ye Zao is a very vigilant person. Arrange a few smart people and don’t let ye Zao find out! Inform me immediately if you find ye Zao entering or leaving the airport!”Earth was so big, once ye Zao escaped from China, it would be like looking for a needle in a haystack! ”

“Therefore, she had to make preparations in advance and not give ye Zao the slightest chance to escape! ”

“Alright!”The assistant nodded.

“Tang Xue waved her hand. “Alright, go and make the arrangements!” ”

The assistant turned around and walked out.

“Looking at the back of the assistant, Tang Xue narrowed her eyes. ”

“This time, ye Zao would be unable to escape even if he had wings! ”

On the other side.

Tang Mi came home from work.

“When Xiao Qing saw Tang Mi coming back, he said in surprise, “Why are you back so early today?” ”

“Tang mi massaged her temples and said somewhat tiredly, “I’ve been working overtime these few days, so miss ye told us to leave work early and let us have a good rest.”During this period of time, in the large C district, they would only get off work at 9:10 pm and go to work at 8:00 am. By the time they got home from work, it was already 11:00 pm! She was almost exhausted. ”

“How’s the construction of your aircraft carrier going?”Xiao Qing asked.

“She had been watching the news all day, and the more she read, the more anxious she became. ”

“Tang Mi was only responsible for the defense system, “I’m not too sure about the details, but judging from Miss Ye’s condition, there shouldn’t be any problems with the aircraft carrier taking off! “Mom, don’t worry. Whether it’s a blessing or a curse, it can’t be avoided! “Things have already come to this point. It’s useless for you to be anxious.” ”

“A month ago, Tang Mi was also a little anxious. She had thought of many outcomes. ”

What if the aircraft carrier plan failed?

“But the closer it was to the aircraft carrier taking off, the calmer Tang Mi became.”

“No matter what the outcome was, she would accept it unconditionally.”

So what if the aircraft carrier plan really failed?

At least she had worked hard for it before.

“You are a member of the aircraft carrier plan, and you don’t even have confidence in yourself. How can you tell me not to worry!” Xiao Qing frowned, “Tang Mi, I told you a long time ago that the aircraft carrier plan would never succeed. You didn’t listen to me! How is it now? Have you seen the result?”

Tang Mi smiled and changed the topic, then said, “Mom, I’m hungry. Is the meal ready?”

Xiao Qing knew that she was changing the topic. He said helplessly, “It’s already so late, and you’re still thinking about eating! The fire is about to burn!”

“As a parent, Xiao Qing couldn’t be in no hurry at all.”

“A person is iron rice and steel. No matter what, you can’t forget to eat!” Tang Mi held Xiao Qing’s hand, she smiled and said, “Mom, I’ve said it before. Since I’ve chosen this path, I’ll never regret it! So, you don’t have to worry. Just accept the reality.”

Xiao Qing sighed.

Don’t worry.

“This sentence was easy to say, but it was not so easy to do. ”

“Chapter 1622: 343: aircraft carrier launch ceremony, live broadcast worldwide! 4”

“It would have been fine if this person was someone else, but this person was her daughter! ”

Her own daughter!

How could Xiao Qing remain indifferent!

“”Then didn’t you ask Miss Ye?”Xiao Qing continued, “The launch ceremony is in a few days! You Don’t even know how many people are waiting to see the joke on the internet right now! “If the aircraft carrier plan fails, you should also come up with a countermeasure. You Can’t just sit around and wait for Death!” ”

“Tang mi said, “Mom, how can I ask Miss Ye at a time like this? ! Aiya! “Don’t worry. Even if the aircraft carrier plan really fails, it’s not a big deal. At most, I’ll just retire from the scientific research world!” ”

“At this moment, asking ye Zao would only add to ye Zao’s worries. ”

It was better not to ask.

Wait for God’s will.

Xiao Qing looked at Tang Mi and sighed again.

“”Okay, mom, don’t Sigh.”Tang mi cupped Xiao Qing’s face with both hands. “BE HAPPY! Look, I’m not in a hurry! We have to believe in Miss Ye, and we have to believe in Miracles!” ”

Believe in Miracles?

“Outside the door, Tang Mi’s mouth was full of sarcasm when she heard this. ”

“If miracles appeared so easily, it wouldn’t be called a miracle! ”

“It seemed that the aircraft carrier plan was really going to fail. Otherwise, Tang Mi wouldn’t have said that she had to believe in miracles. ”

“Tang mi immediately turned around and walked out of the door. When she reached home, she looked at Tang Xue and said with a smile, “Xiaoxue, guess what I heard next door!” ”

“What did you hear?”Tang Xue asked curiously.

“Tang continued, “Tang Mi told Xiao Qing to believe in miracles! Don’t you think it’s laughable!” ”

“They are at their wit’s End!”The corner of Tang Xue’s mouth was full of sarcasm.

“Tang continued, “Have you contacted the C Nation headquarters in the past few days? You have to stay close at this time! You Can’t let others take away your credit!” ”

“”Don’t worry, Mom. The headquarters value me very much,”Tang Xue said. ”

She was the only informant in the C Nation headquarters in China.

Both William and the headquarters were very polite to her!

“Really?”Tang asked in surprise.

“Yes.”Tang Xue nodded.

“Tang continued, “Then when you have the authority to manage the CEN base, can you arrange for your cousin to go in?” ”

““Yes.”Not to mention Bai Yun, she could even arrange for her seven aunts and eight aunts to go in. ”

““That’s Great!”Tang said excitedly, “I’ll contact Yun Yun right away. She’ll definitely be overjoyed!” ”

There were only a few days left before the aircraft carrier took off. They had to get Bai Yun to come over early to watch the show.

“After saying that, Tang continued, “Oh right, Xiaoxue, can you arrange for Yun Yun to visit the site?” ”

“Last time at the base, Ye Zhuo had offended Bai Yun badly, causing him to suffer such humiliation. This time, Bai Yun wanted to personally watch ye Zhuo fall from the altar and become a despised dog! ”

““Sure,”Tang Xue continued, “If you want to go to the venue, I can arrange for you to go with me.” ”

“Really?”Mother Tang was very excited.

Going to the venue to watch was definitely more exciting than watching a live broadcast!

Tang Xue nodded. “Of course it’s true!”

““Then I want to go to the venue to watch too. I’ll tell Yunyun about this good news first!”After saying that, mother Tang jogged over to make a phone call. ”

“On the other end of the phone, Bai Yun was also very excited when she heard the news. ”

“Aunt, did cousin really say that I should be the management team?” ”

“Ever since she was publicly humiliated by ye Zao at the Cen Base, Bai Yun swore that one day, she would seek revenge on ye Zao and return everything that she had experienced to ye Zao a hundredfold.”

“Finally, she had waited until this day!”

The wheel of fortune had turned.

“From now on, in the CEN base, she would be the leader.”

She wanted ye Zao to serve her tea and water.

“As long as she imagined it, she would feel extremely happy!”

“Bai Yun curled the corners of her lips, her eyes filled with pride.”

“Of course it’s true! would aunt lie to You?” Mother Tang continued, “Come over quickly! If there’s a chance, it’s best if your cousin can introduce you to Mr. William.” ”

“Who’s Mr. William?” Bai Yun asked.

“Mother Tang said, “Mr. William is from C Nation. You’ll know when you get here!” ”

“Okay, thank you, aunt! I’ll come over tomorrow!” ”

“Okay.” Mother Tang said a few more words to Bai Yun before hanging up.

Next door.

It was not easy for her to get off the morning shift. Tang Mi was very happy and ate two bowls of rice in a row.

“Chapter 1623: 343: aircraft carrier launch ceremony, live broadcast worldwide! 5”

“Seeing Tang mi like this, Xiao Qing didn’t know whether to cry or laugh! ”

Was this child stupid?

“At this time, she wasn’t in a hurry at all. Instead, she was eating and drinking well. ”

“”Her mother, are you not feeling well? Hurry up and eat! It’ll be cold soon!”Tang Shengli looked at Xiao Qing curiously. ”

“Xiao Qing was a little speechless and said, “You two are just like Father and daughter! How can you still eat at this time!” ”

“Tang shengli smiled and said, “I know you’re worried about the aircraft carrier plan. What’s there to worry about? There’s always something in life, but there’s always something in life. If we really fail, then it’s our daughter’s life! “Little girl, am I Right?”At the end of her sentence., tang Shengli turned to look at Tang Mi. ”

Tang mi nodded. “Yes! My dad is right!”

Xiao Qing shook his head helplessly. How were they father and daughter? They were simply two children that made people worry!

“Tang mi smiled and said, “So, Mom, don’t worry too much! There’s nothing to worry about!” ”

The next day.

Tang Xue arrived at the office early in the morning.

“Just as she arrived, someone knocked on the office door.”

“Come in.”

The door was pushed open in a flash.

Old Nie walked in from outside.

“Nie Gong!” Tang Xue raised her head slightly.

“Old Nie placed the things in his hands on the office desk. “Miss Tang, this is the bird’s nest that my wife brought back from country I. I heard that this thing is very good for girls, so my wife specially asked me to bring these over to give to you!” ”

“”Nie Gong, you’re too polite!” Tang Xue immediately stood up from her chair. “I can’t take this.” ”

“Old Nie said, “Miss Tang, you must accept it! You’ve been kind to our family! Not to mention a few boxes of bird’s nest, even if you want me to go down a mountain of knives and into the Sea of fire, I won’t even frown!” ”

“”Nie Gong, you’re exaggerating!” ”

“Old Nie looked at Tang Xue, then he said, “Miss Tang, if it weren’t for the fact that you don’t mind me, I would still be in Area C of ye Zao! “After the aircraft carrier project is declared a failure, then I can only stay at home and drink northwest wind! “But it’s different now. Now, not only can I continue to work in the base, after I retire, I can even get a decent retirement salary!” ”

“Many people were secretly envious of old nie, regretting not leaving with him back then. ”

“Old Nie was also very glad that he made the right choice back then. At the same time, he was very grateful to Tang Xue. If it weren’t for Tang Xue, he wouldn’t have gotten to where he was today! ”

“”Nie Gong, you’re a talented person. It’s my honor to be able to invite you to my Tang family’s laboratory. If you want to say thank you, I should be the one thanking you!”Tang Xue continued, “Actually, you should be thanking yourself the most. As far as I know, there are many people in Area C who are regretting not choosing to come out with you back then. This shows that you have foresight and boldness!” “Not everyone can have your boldness!” ”

“Tang Xue’s eloquence was very good. Otherwise, she wouldn’t have been so popular in the base. ”

Old Nie felt very comfortable listening to these words. He felt that he had made the right choice back then!

“”Miss Tang, no matter what, I still have to thank you! Please accept these bird’s nests,”said old nie, old Nie seemed to have thought of something and said worriedly, “Oh right, Miss Tang, I heard that Ye Zhuo has signed a gambling agreement with C nation. From now on, the management rights of the CEN family’s base will no longer belong to the Cen Family!” ”

“Old Nie was worried that if C Nation took over the Cen family’s base, it would affect him! ”

What if C Nation and a few other countries carried out a big purge of the base? What would he do then?

“Tang Xue also saw old Nie’s doubts and said with a smile, “Nie Gong, I can’t guarantee anything else, but please rest assured that as long as they are members of our Tang family’s laboratory, they will not be affected!” ”

“Really?”Old Nie asked in disbelief.

“I don’t need to lie to you about such things!”

“Old Nie excitedly bowed to Tang Xue and said, “Miss Tang, then thank you!” ”

““You’re welcome,” Tang Xue said. ”

“After bowing, Old Nie continued, “Miss Tang, do you know China?” ”

“Yes.” Tang Xue did not hide anything.

“Old Nie said excitedly, “I knew that a truly talented person would not be buried no matter where he went! Miss Tang, I’ll leave it to you to take care of him in the future!” ”

“Tang Xue nodded. “Don’t worry, Worker Nie. I definitely won’t mistreat the members of our Tang family’s laboratory.” ”

“Ten minutes later, Old Nie walked out of Tang Xue’s office. ”

“Chapter 1624: 343: aircraft carrier launch ceremony, live broadcast worldwide! 6”

“When he walked to the rest area, he happened to bump into Yu Zifei.”

“Although Old Nie had betrayed Ye Zhuo before, he was still Yu Zifei’s teacher after all. Yu Zifei still greeted him politely, “Teacher!””

Old Nie was happy today. He was too lazy to argue about the past with Yu Zifei and nodded with a smile.

““Teacher, are you in a good mood today?” Yu Zifei asked.”

“Old Nie looked at Yu Zifei and continued, “Zifei, are you still in Miss Ye’s aircraft carrier project team?””

“Yes.” Yu Zifei nodded.

“Old Nie glanced at Yu Zifei, then he said, “Zifei, you and I are master and disciple. On account of our past friendship, I won’t argue with you about the past! “As long as you apologize to me, let bygones be bygones! “Although the aircraft carrier’s launch ceremony is about to start, it’s still not too late for you to withdraw now. You should take this opportunity to quickly withdraw. I’ll go and Tell Miss Tang to let you join the Tang family’s laboratory!””

““Teacher, I appreciate your kindness. I’ll still say what I said. I believe in Miss Ye.” Yu Zifei had applied to join when old NIE had withdrawn from the aircraft carrier project team.”

“Since he chose to join at such a critical moment, it meant that he trusted ye Zao enough.”

Ye Zao was a very thoughtful and courageous person. Yu Zifei wanted to make a name for himself by following behind ye Zao!

“Moreover, Yu Zifei had always been very grateful to ye Zao.”

“Back then, old Nie suddenly betrayed and left the aircraft carrier project team. If it were anyone else, they would definitely vent their anger on him and reject his application.”

“Who would have thought that not only did ye Zhuo not doubt his motives, he even told him to do a good job.”

Yu Zifei would remember ye Zhuo’s words for the rest of his life.

“Old Nie raised his head and looked at Yu Zifei. His gaze was as if he was looking at a fool. He continued, “Yu Zifei! Don’t you know what’s good for you. I’m only saying these things to you because we’re master and Disciple!””

What the hell!

Old Nie hated people who didn't know what was good for them and climbed up the ladder!

"He was already like this, yet Yu Zifei still didn't know what was good for him."

"Yu Zifei continued, "Teacher, I know you're thinking of me, but I don't want to leave Area C. even if the aircraft carrier plan fails, I won't regret it.""

"A dog biting Lu Dongbin doesn't know how to appreciate a good person!" Old Nie snorted. "You're more regretful than me!"

"Teacher, I won't regret it." A man's words held great weight."

What was the point of going back on his words?

Old Nie turned around and left.

"After taking a few steps, old nie turned around. "Yu Zifei, if you cry in front of me in a few days and say something regretful, don't blame me for not taking into account the relationship between master and Disciple!"

"At that time, not to mention crying, even if Yu Zifei knelt on the ground and begged him, he wouldn't sympathize with Yu Zifei."

"Don't worry, teacher, that day will not come!" Yu Zifei said with a smile."

Old Nie was so angry that his face was red. He walked forward without looking back.

Yu Zifei looked at old Nie's back and touched his nose.

“Zifei!”

“At this moment, a female voice sounded in the air.”

“Pandi.” Yu Zifei turned his head.

“Zhang Pandi walked over from the side and said with a smile, “Was your teacher looking for you just now?””

“Yes.” Yu Zifei nodded.

“Zhang Pandi continued, “Did he tell you to leave the Big C area and go to Miss Tang’s laboratory?””

“Yes.”

“Did you agree?” Zhang Pandi asked.

“”No.” Yu Zifei did not hide anything and directly shook his head. “Pandi, you know that no matter what, I will not betray Miss Ye.””

“Ye Zao had trusted him so much back then. If he betrayed ye Zao, wouldn’t that make ye Zao’s heart turn cold?”

“Zhang Pandi frowned, “Do you know that the base is about to be taken over by C Nation? !”! “I heard that Miss Tang is highly appreciated by C Nation’s headquarters. In the future, Miss Tang will be the base’s agent and the head of the base!”! “If you can join the Tang family’s laboratory at this time, you won’t be far from the management level!”! “Hurry up and apologize to your teacher and ask him to forgive you!””

“After saying that, Zhang Pandi continued, “It’s best if you can also let me join the Tang family’s laboratory!””

Zhang Pandi also wanted to join the Tang family's laboratory.

"Unfortunately, the Tang family's laboratory was already full."

"Pandi! What are you talking about!" Yu Zifei looked at Zhang Pandi in disbelief.

"Don't you understand what I'm saying?" Zhang Pandi was also a little angry, "A wise man submits to circumstances! Don't you know how many people don't have the means to curry favor with Miss Tang recently? Yet, you threw away the fat meat that was delivered to your door!"

"Speaking up to this point, Zhang Pandi lowered her voice, then, she said, "I'm 28 years old, and you're over 30 years old. We've been in the base for so long, but we've always been like this. Aren't you worried at all? "If you think I'm your girlfriend, go find teacher Nie right now and apologize to him properly. Ask him to arrange for both of us to go over to miss Tang's side."

"Chapter 1625: 343: aircraft carrier launch ceremony, broadcast globally! 7"

"Once C Nation took over the base, there would definitely be a huge purge. "

Those who stayed would become the management team.

"In this situation, other than the people from the Tang family's laboratory, who else could stay? "

Zhang Pandi was dreaming of joining the CEN family's laboratory.

"Am I not already working hard?" Yu Zifei grabbed Zhang Pandi's hand and said very seriously, "Pandi, you have to believe me. Miss Ye's aircraft carrier plan will definitely succeed!" "

“Once the aircraft carrier was successfully launched, the names of all the members of their Area C would be on the stage of history.”

“Zhang Pandi looked at Yu Zifei and said, “Yu Zifei! You’re 32 years old this year! You’re already past the age of Dreaming! Wake Up!” ”

“”Pandi, you have to believe me one more time.”Yu Zifei held Zhang Pandi’s hand tightly. ”

“Zhang Pandi took a deep breath, then she said, “If I was only eighteen this year, then I would definitely wait for a miracle with you. But I am already twenty-eight this year. I have no time to waste! Go back and think about it at night! If you haven’t left Big C area by tomorrow, then we will break up!” ”

“Pandy! Do you think breaking up can be said so casually?”

“”Yu Zifei, wake up. I’m not just saying it casually. I’m very serious!”Zhang Pandy was a very realistic person. “Since you can’t give me the sense of security I want, someone can!” ”

It wasn’t that she didn’t want it.

“After saying this, Zhang Pandy turned around and left. ”

“Pandy!”Yu Zifei chased after her.

“Zhang Pandi shook off Yu Zifei’s hand. “Yu Zifei, I’m very serious now. Don’t think that I’m joking with you.” ”

Yu Zifei looked at Zhang Pandi’s back and sighed helplessly.

He had been dating Zhang Pandi for five years and was about to reach the age of marriage. Who would have thought that there would be a problem at such a critical time!

“Brother, now is the time for you to make a choice.” Cen Hai walked over and put his arm around Yu Zifei’s shoulder. “Do you want a career or a girlfriend?” ”

“Yu Zifei smiled and said, “Pandi is just acting like a child. It will be fine in a few days!” ”

“In a few days, the launch ceremony of the aircraft carrier would be held. ”

“If the aircraft carrier plan was successful, Zhang Pandi would definitely be very happy. ”

“Thinking of that scene, Yu Zifei was a little excited. ”

“I don’t think so.” Cen Hai looked at Zhang Pandi’s back and said, “Zhang Pandi’s heart is obviously not with you anymore!” ”

“Don’t talk nonsense.” Yu Zifei used his elbow to hit Cen Hai’s chest.

“Cen Hai continued, “Facts speak louder than words. Just wait and see! Your girlfriend is definitely not someone easy to deal with!” ”

“Yu Zifei did not take this matter to heart. She just thought that the little girl was complaining and said with a smile, “Let’s go, let’s go and eat. We have been busy for a whole day and haven’t eaten yet. I’m Starving!” ”

“Let’s Go!” Cen Hai was energized at the mention of eating. He continued, “I haven’t even eaten breakfast! I’m Starving!” ”

The two of them laughed as they walked.

“When the others saw this, they all had complicated expressions on their faces. ”

“At a time like this, the people from Big C district could still laugh. ”

“Especially Xiao Lu. When she saw Cen Hai and Yu Zifei, the sarcasm in her eyes was overflowing.”

“Back then, she had been punished by ye Zhuo for a small mistake. She had left the quality control department unwillingly, but she had not expected to be taken in by Tang Xue in the end.”

“Now that she thought about it, she felt extremely fortunate.”

“She was very clear that she had met Tang Xue. If it had not been for Tang Xue, she would still be cooped up in Area C of the university! In the future, she would still be expelled from the scientific and technological world.”

“But now, it was different!”

“She was a member of the Tang family’s laboratory. In the future, she would also become a manager.”

In the high-level office.

A few leaders of the scientific and technological world were gathered for a meeting.

“Ye Zhuo stood in front of the conference table with his hands propped up in front of it. He leaned forward slightly and said, “Doctors, I believe that everyone has seen it just now. As long as everyone works together on the day of the launch ceremony, there won’t be any problems.” ”

“Dr. Warne’s face was filled with disbelief. “Miss Ye, are you sure that there won’t be any problems?” ”

“Ye Zhuo pressed the mouse, and the projector immediately converted into a 3D image and a precise formula. “The aircraft carrier rises from here and accelerates from here.” ”

“”But if it suddenly accelerates, won’t it cause weightlessness to the human body?”Chen Hao, one of the members of Feiyu team, asked. ”

""No."Ye Zhuo switched the screen. "As long as the defense system is turned on, no matter how fast the aircraft carrier is, it will be the same as when we were on Earth." "

"Chapter 1626: 343: aircraft carrier launch ceremony, live broadcast worldwide! 8"

"Chen Hao nodded and looked at ye Zao, then said, "Father Ye, you're not really from the future world, are you?"

"He remembered that ye Zao once joked that she was from the future world, and even said that in her world, although the human civilization had reached level four, the ecological environment had been severely damaged, she also called on everyone to protect the environment."

"Ye Zao smiled and said, "Of course. When have I ever joked?"

"No one took ye Zao's words seriously. Dr. Millet smiled and said, "Actually, I came from 300 years ago!"

"Then I came from 100 years ago!"

"But in a flash, the conference room returned to a relaxed atmosphere."

The next day.

Yu Zifei waited for Zhang Pandi to go downstairs for lunch as usual.

"Ten minutes later, Zhang Pandi went downstairs as expected."

“But the next second, the smile on Yu Zifei’s face froze at the corner of his mouth.”

Who was the man next to Zhang Pandi?

“If he was not mistaken, the two of them were holding hands.”

“”Pandi!”Yu Zifei immediately walked over, his face filled with anger, “Zhang Pandi, what are you doing?””

“Zhang Pandi raised her head to look at Yu Zifei. “I’ve already made it very clear to you yesterday. Since you can’t give me what I want, someone will give it to me! Yu Zifei, I’ve given you a chance, but you don’t know how to cherish it!””

“At this moment, the man beside Zhang Pandi blocked in front of her, with a smug look on his face, he said, “Yu Zifei, now that Zhang Pandi is my girlfriend, don’t provoke my girlfriend in the future! Otherwise, don’t blame me for being rude to you!””

“Yu Zifei also knew this man. He was Tang Xue’s right-hand man, Zhou Rui! Zhou Rui was 1.7 meters tall and weighed 180 kilograms. Because of his weight, he could not find a girlfriend. It was not until the news that Tang Xue would become the base’s agent spread out in the next few days that Zhou Rui became popular.”

“Pandi! Tell me. This is not true!”Yu Zifei had given his true feelings to Zhang Pandi. He did not believe that Zhang Pandi would lie to her.

“Zhang Pandi held Zhou Rui’s hand tightly. “Yu Zifei, wake up. This is true! Don’t blame me. If you want to blame someone, you can only blame yourself for not knowing what’s good for you.””

“Compared to the handsome Yu Zifei, she would definitely not choose the Fat Zhou Rui.”

But Zhou Rui had the ability.

Zhou Rui could get her to join the Tang family's laboratory with just a sentence.

Could Yu Zi Not?

"Zhang Panti had no other choice. Today was the last day. After Tomorrow, even if she found Zhou Rui, she would not be able to join the Tang family's laboratory."

"After saying that, Zhang Panti looked at Zhou Rui again and said sweetly, "Zhou Rui, let's Go!""

"Okay." Zhou Rui nodded and looked at Yu Zifei proudly. When he passed by Yu Zifei, he even noticed Yu Zifei bump into him."

"Yu Zifei stood rooted to the ground, his face pale."

"Brother, you must be disheartened! What did I say yesterday? Didn't you not believe me? Do You Believe Me Now?" Cen Hai walked over from the side and crossed his arms as he looked at Yu Zifei."

Yu Zifei hugged Cen Hai and cried bitterly.

"Cen Hai stood rooted to the ground and was stunned. He stretched out a finger and poked Yu Zifei on the shoulder, "Hey, why are you still crying? A man is a man. Isn't it embarrassing? You are so handsome. Are you afraid that you won't be able to find a girlfriend? "Tomorrow is the launch ceremony. When our aircraft carrier successfully lifts off, there will be a day that Zhang Panti regrets!""

"Yu Zifei was really a little upset. After being with Zhang Panti for so many years, he had never thought that they would end things this way."

This kind of betrayal was heart-wrenching. It was so painful that he could not breathe. Perhaps only those who had experienced it would understand!

Cen Hai comforted him for a long time before he comforted Yu Zifei's emotions.

““Alright, Don’t cry anymore. Tomorrow is the aircraft carrier launch ceremony. The team is busy! Come back with me and help!””

“Yu Zifei nodded. Thinking of the launch ceremony tomorrow, his heart felt a little better.”

“Although Love was gone, his career was still there.”

May 18th.

Saturday.

“At the same time, today was also the day of the launch ceremony of the aircraft carrier.”

The launch ceremony was held at 10:18 am.

“Before 8 am, the audience in the live broadcast room had reached 30 million. This was not even counting the foreign live broadcast rooms.”

“Although there was a time difference with China, the foreign audience still stayed in front of the live broadcast room, afraid of missing out on something.”

[ I’m so excited! I wonder what YC will do for the first match! Will she sell her misery? ]

“[ she will definitely sell her misery, but it’s not certain if China will buy it! ]”

“[ ah! It’s so embarrassing! I heard that the people all over the world will be able to watch today’s live broadcast. Damn it, I won’t have the face to travel abroad in the future! ]”

“Seeing the comments on the bullet screen, Tang Xue entered a line of text and clicked to send it. [ I hope to expel YC’s nationality! China doesn’t have such scum! ]”

“She originally wanted to send it out to see what kind of attitude everyone had, but she didn’t expect that once this sentence was sent, it immediately received many likes.”

[ I support the leader’s idea to drive YC out of China ]

[ I support + 1! ]

Tang Xue looked at the bullet screen and slightly curved her lips.

“Seeing Tang Xue like this, Bai Yun, who was at the side, asked curiously, “Sister, what are you laughing at?””

“Tang Xue immediately reacted and said, “Nothing. Bai Yun, you can sit here with my mother later.””

“”Okay.” Bai Yun nodded and continued, “Oh right, why didn’t I see ye Zao? Did she run away at the last minute?””

“Today was not a flight ceremony for ye Zao, but a large-scale humiliation scene.”

Tang Xue frowned slightly. Only then did she remember that she had not seen ye Zao for a period of time.

“This leaf burning, is not really run?”

“Chapter 1627: 344: aircraft carrier lifts off, blood boiling! 1”

“Thinking of this, Tang Xue’s heart skipped a beat. ”

She had had people stare at ye Zao for such a long time. She did not expect that a problem would appear at such a critical moment!

It was intentional.

Ye Zao was doing it on purpose.

“She had been staring at ye Zao for a week. There was nothing unusual about ye Zao during this week, yet he had lost his whereabouts at this time. It was obvious that he wanted to catch her off guard.”

She had underestimated ye Zao after all.

Tang Xue narrowed her eyes.

“SIS, why aren't you saying anything!” Bai Yun tugged at Tang Xue's sleeve. “What do you think will happen if ye Zao really runs away?”

“She was still waiting to be promoted to the management level. Then, she would get ye Zao to bring her tea and water. She would humiliate ye Zao and avenge her past humiliation!”

“Now That Ye Zao had run away, how was she going to avenge her past humiliation?”

Bai Yun felt a little uncomfortable.

“Sit down first.” Tang Xue stood up. “I'm going out to take a look.”

“Bai Yun nodded. “Sis, you must get ye Zao Back!””

Tang Xue did not say a word and walked out.

Bai Yun looked at Tang Xue's back and was very anxious.

"Just as she walked out, Tang Xue took out her phone and called her assistant. "

"The call was quickly connected, "

"Miss Tang."

"Tang Xue said, "Where's Ye Zao? I told you to keep an eye on her. Where did you see her? The aircraft carrier launch ceremony is in two hours. Why is ye Zao Missing!" "

"The assistant was also very anxious at this moment. "Miss Tang, I don't know what's going on either! She was clearly still within our line of sight half an hour ago. I didn't expect her to disappear now!" "

""Trash! You're all a bunch of trash!"Tang Xue's face was full of anger. "Immediately arrange for people to go to all the major airports and high-speed railway stations to stand guard! If you find any suspicious people, immediately control them and call me!" "

""Okay, Miss Tang, I'll go and handle it immediately." "

"Ye Zao couldn't stay in Hua anymore. If she escaped, she would definitely leave the country! "

"After some thought, Tang Xue gave another call to her classmates who were in the process of leaving the country. "

"After making the call, Tang Xue walked towards the preparation area. "

"Miss Tang!"Xiaolu walked towards her.

Tang Xue nodded.

“Xiaolu continued, “Miss Tang, did ye Zao Run Away?” ”

“Yes.”

“Xiaolu smiled and said, “Miss Tang, this might be a good thing for you.” ”

“What do you mean?”Tang Xue turned to look at Xiao Lu.

“Xiao Lu said, “Ye Zhuo can run away, but a monk can’t run away. She has signed a gambling agreement with C Nation, Country L, and five other countries. Even if she runs away, the international side will send people to capture her! At that time, the one who will lose face will still be her. Also, the aircraft carrier launch ceremony will be held soon. If ye Zhuo doesn’t appear soon, the higher-ups will definitely issue a global arrest warrant for her. Unless she changes her appearance, otherwise, there is no place for her to hide in this world!” ”

Did Ye Zao have the ability to change her appearance?

“Hearing this, the corners of Tang Xue’s lips curled up. ”

Xiao Lu’s words made a lot of sense.

“The person that ye Zao offended now was not just her, but the entire international department. ”

“Even if ye Zao ran away now, he would be captured by the international department in a while. ”

“In front of the global audience, Ye Zao was handcuffed and brought back by the International Department. When that time came, the scene would definitely be very exciting! ”

He was really looking forward to it more and more.

“You’re right,” Tang Xue continued, “Xiao Lu, spread the news of ye Zao’s disappearance now.” It would be best if the matter became bigger and the international department was personally involved. ”

“Okay.” Xiao Lu nodded and said with a smile, “I’ll do it right away.” ”

“Okay.” Tang Xue nodded.

“After Xiao Lu left, Tang Xue called her assistant and asked her assistant to withdraw all the people who were following and investigating ye Zao. ”

“After doing these things, Tang Xue walked to the preparation cabin. ”

“In the preparation cabin, Cen Jiang, Cen he, Cen Hu, and Cen Hai were preparing for the launch ceremony of the aircraft carrier. ”

Tang Xue looked down at the four brothers with a sarcastic smile on her face.

“Cen Jiang,” said Tang Xue. ”

“Cen Jiang said without raising his head, “I’m sorry, Tang Gong, we’re very busy right now and don’t have time to entertain you. Please excuse us.” ”

Worker Tang.

“Hearing this title, Tang Xue Only felt that it was ironic. ”

“Before ye Zao came to the base, everyone had called her Miss Tang. The four brothers of Jianghe, Huhai also affectionately called her sister Xue. ”

And Now?

“Ever since ye Zao appeared, those who used to call her miss tang all called her worker Tang.”

Fortunately.

“Fortunately, the heavenly axiom had a cycle of reincarnation.”

“Now, it was finally ye Zao’s turn to get his retribution!”

She will laugh to see Ye Zhuo Cry!

“Chapter 1628: 344: the aircraft carrier lifts off, blood boiling! 2”

“Tang Xue smiled and said, “Team leader Cen Jiang, there’s something you still don’t know, right?””

Cen Jiang didn’t say anything and continued with his work.

“Today was the aircraft carrier lift-off ceremony. The entire world’s audience was watching them, and they couldn’t afford to make any mistakes.”

“CEN he said unhappily, “Worker Tang, do you not understand human language or what? Didn’t you hear what Dajiang said? We don’t have the time to entertain you now!””

“Tang Xue wasn’t angry either, she continued, “You guys worked hard to prepare here, but you didn’t know that some people had already run away! “I feel that it’s not worth it for you guys. You guys trusted ye Zhuo so much, but he ran away at the last moment without telling you guys!””

“Who did you say ran away?” Cen Hu raised his head and looked at Tang Xue with his eyes wide open.

“You really don’t know?” Tang Xue smiled and said, “Ye Zhuo ran away.”

“What nonsense are you spouting!” Cen Hu directly stood up and grabbed Tang Xue’s collar, he said angrily, “Who asked you to slander Miss Ye! Miss Ye isn’t that kind of person! She Won’t run away! I want you to immediately apologize to miss ye right now!”

“I’m spouting nonsense?” The corners of Tang Xue’s lips curled up. “Facts speak louder than words. Didn’t you notice that Ye Zhuo never appeared from the beginning to the end?”

“No! Miss Ye won’t run away!” Cen Hu was so angry that his breathing quickened. He looked as if he wanted to strangle Tang Xue to death.

“If she didn’t run away, where did she go?” Tang Xue didn’t care about Cen Hu’s attitude at all. She continued, “The four of you are too pitiful. You’re about to be sold, and you’re still counting money for others! How pitiful and pathetic!”

“Shut up! Shut your stinky mouth for me!” Cen Hu raised his fist and almost couldn’t control himself.

“Seeing Cen Hu like this, Cen Jiang immediately stood up and stopped Cen Hu. “Cen Hu! Quickly let go of Tang Gong!”

“Although it was Tang Xue who provoked Cen Hu first, if Cen Hu were to make a move, then the nature would be different.”

“Moreover, Tang Xue was a woman.”

“If a grown man were to hit a woman, it would only bring shame to ye Zhuo.”

“I won’t Let Go!” Cen Hu’s eyes were red as he said, “Unless she apologizes to Miss Ye! Miss ye will not run away!”

“Let Go!” Cen Jiang said seriously, “How does miss ye usually teach us! Do you want to embarrass Miss Ye!”

“Hearing this, Cen Hu calmed down a little and slowly let go of Tang Xue’s collar.”

Tang Xue tidied up her collar and still had a smile on her face. “You guys are really loyal. It’s a pity that you followed the wrong person! Ye Zao is not worthy of your loyalty at all!”

“You woman, what nonsense are you talking about!” Cen Hu pointed at Tang Xue angrily. “Do you believe that I will kill you?”

Cen Hu grew up in Pingling and had a straightforward and irritable personality. He worshipped ye Zao very much and could not bear to see others criticize ye Zao.

“Tang Xue smiled and said, “If killing me can bring ye Zao back, then you can kill me, right?””

Cen Hu was very angry and took in large mouthfuls of air.

“Tang Xue continued to provoke Cen Hu. “Unfortunately, even if you kill me, Ye Zao will not come back. All of you, including all of you from Area C, have been played by ye Zao!””

Cen Hu clenched his fists tightly and his entire body was trembling.

“Forget it, forget it. Don’t bother with this kind of person.” Cen Hai held Cen Hu’s arm. “Big Lake, don’t bother with this kind of person!”

Tang Xue couldn’t be bothered to say anything more to these four idiots. She turned around and walked to the other side.

An Idiot was an idiot.

"If it were anyone else, they would understand with just a little bit. This was an idiot. At this point in time, he was still lying to himself!"

She was simply stupid and adorable.

"Looking at Tang Xue's back, Cen Hu was so angry that he shouted, "Miss Ye won't lie to us!""

The corners of Tang Xue's mouth curled up slightly.

"Just as she walked out of the preparation cabin, Tang Xue saw Tang mi rushing over."

"Although Tang Mi had had conflicts with Tang Xue before, Tang Xue was still her cousin. Due to their relationship, Tang Mi took the initiative to greet her, "Sis.""

Tang Xue snorted coldly.

Tang Mi now knew to suck up to her?

What a pity.

It was too late!

"Now You Know Your Mistake?"Tang Xue looked at Tang Mi.

Tang Mi was stunned for a moment.

"Tang Xue continued, "Tang Mi, I warned you before. You only have one chance. You Don't know how to cherish it! You want me to forgive you, right? Sure! Unless you make your mother kneel in front of my mother and apologize to her!"

“Xiao Qing boasted that he was born into a prestigious family, and he had given Tang a lot of attitude before.”

Tang Xue dreamed of making Xiao Qing lower his head in front of Tang to vent her anger.

“Chapter 1629: 344: the aircraft carrier lifts off, blood boiling! 3”

Now was a good opportunity.

““What are you talking about, Tang Xue!”Tang Mi was very angry. “I really didn’t expect you to be such a person!” ”

Make Xiao Qing kneel to Tang?

It was fortunate that Tang Xue could say such a thing!

““At a time like this, you’re still thinking about your integrity? “How much is your integrity worth?”Tang Xue continued, “I advise you to seize this opportunity and miss it. Even if your mother kneels in front of my mother for three days and three nights, I won’t Forgive You!” ”

Tang mi couldn’t be bothered with Tang Xue anymore. She turned around and walked inside.

“Tang Xue looked at Tang Mi’s back and said, “Tang Mi, don’t regret it!” ”

Tang Mi came to the preparation cabin.

“Seeing Tang Mi come in, Cen Hu immediately stood up. “Tang Mi!” ”

“Tang mi smiled and said, “Great Lake, what happened to you?” ”

“Cen Hu said aggrievedly, “Just now, Tang Xue Came. She said that Miss Ye is a liar! Miss Ye abandoned all of us and ran away! Miss Ye won’t run away, right? Miss Ye won’t lie to us, right?” ”

Tang mi nodded. “Of course Miss Ye won’t lie to us! Have you forgotten what Miss Ye told us last night? Hurry up and start preparing. Don’t Pull Miss Ye’s crotch.”

“Hearing that, Cen Hu instantly found confidence. He smiled and said, “Right! Miss Ye won’t lie to us.” ”

““Great Lake, why are you acting like a fool!”Cen he said somewhat speechlessly. ”

Cen Hu wiped his tears. “You’re the Fool!”

“CEN he said speechlessly, “Look at your silly face! Other people only said a few words to sow discord, and you’re still crying!” ”

““I don’t have any culture, I don’t know what it means to sow discord!”Cen Hu was very talented in science and technology, but his culture was indeed not deep. ”

On the other side.

“Dr. Millet, Dr. Warne, and the Flying Space Team were having a meeting in the office. Just in case the aircraft carrier encountered any problems during the lift-off, they had to take immediate measures. ”

“Chen Hao said excitedly, “I’ve participated in the launch of rockets and spaceships, but this is my first time participating in the lift-off ceremony of an aircraft carrier!” ”

“Dr. Millet smiled and said, “Let’s talk about you. Isn’t it the first time for all of us here?” ”

“After saying that, dr. millet continued, “I hope the aircraft carrier can successfully lift off and land on Neptune.” ”

The first plan after the aircraft carrier’s lift-off was to land on Neptune.

“Neptune was 4.5 billion kilometers away from Earth. According to the schedule, it would take four hours to travel to Neptune at the speed of light! ”

“What Millet was worried about now was not whether the aircraft carrier could take off, but whether the aircraft carrier could land on Neptune within four hours. ”

“After All, Neptune was the furthest planet from Earth. ”

“Because it was too far away from Earth, humans knew very little about Neptune. ”

Dr. Millet was still worried that the aircraft carrier would encounter other problems after landing on Neptune.

What if something unexpected happened?

“Neptune was 4.5 billion kilometers away from Earth. If something happened to the aircraft carrier on Neptune, they would have no choice but to panic on Earth. ”

““Don’t worry. With burning father around, there will definitely be no problems.”Chen Hao was ye Zao’s biggest fan! He trusted ye Zao very much. Even if everyone said that ye Zao had run away, he still firmly believed that ye Zao had not run away. ”

Because ye Zao was not that kind of person.

“If ye Zao wanted to run away, he would not have waited until now. ”

“Dr. Warne handed a piece of paper to Dr. Millet, then he said, “I will board the aircraft carrier with Miss Ye. I’ll leave this side to you. If anything happens, immediately activate the emergency cabin. No matter what Miss Ye says, you have to save Miss Ye First!” ”

Even though Dr. Warne also trusted ye Zao very much.

“However, the aircraft carrier was going to fly out of Earth after all. Who knew what kind of danger they would encounter in outer space. ”

“China could lose him, but China could not lose ye Zao! ”

“Millet looked at Dr. Warne, and her voice suddenly became a little choked up. “Dr. Warne, you...” ”

“Remember to do as I say.”Dr. Warne patted Millet’s shoulder.

Millet nodded.

“Chen Hao continued, “And me, Dr. Warne. I’ll go up with you.” ”

“The two members of the Feiyu team lost their composure. They immediately looked up at Chen Hao and said, “Captain!” ”

“Chen Hao smiled and said, “It’s my honor to be able to go to Neptune with Father Ye.” ”

“After saying that, Chen Hao looked at Sun Tian and said with a cheeky smile, “Little Sweetie, if anything happens to me, I’ll leave the Feiyu team to you.” ”

“Sun Tian said with a firm gaze, “Captain, I believe in Miss Ye just like you! I also believe in the research community of China!” ”

“Chapter 1630: 344: the aircraft carrier lifts off, blood boiling! 4”

“Well done.” Chen Hao stopped smiling and continued, “But you have to have a solution for both.”

Sun Tian nodded.

Dr. Warne looked at Chen Hao. “Have you thought about going with me?”

“At the moment, humans had only landed on the moon, but this was the first time they had landed on Neptune.”

“If anything unexpected happened, they would never see the Sun on Earth again, and they wouldn’t even be able to bring their bodies back to Earth.”

Chen Hao nodded. “I’ve thought it through.”

“And US.” At that moment, the door was pushed open and the four Jianghe and Huhai Brothers walked in.

“And me!” Another figure walked in from outside.

“Yu Zifei!” Cen Hai looked at Yu Zifei.

Yu Zifei walked over and high-fived Cen Hai. “Okay.”

“Cen Hai continued, “But didn’t you say that you weren’t going?””

“Now you want to sacrifice yourself for scientific research, CAN’T YOU?” Yu Zifei asked.”

“Actually, the reason why Yu Zifei didn’t go before was because of Zhang Pandi.”

“He was Zhang Pandi’s boyfriend. If anything happened to him, he would be irresponsible to Zhang Pandi.”

But now it was different.

“Now that he had broken up with Zhang Pandi, he no longer had anything to worry about. Therefore, he wanted to give it his all and become the first batch of people to land on Neptune.”

“Even if he really sacrificed himself, he would not regret it.”

“Cen Hai said, “Yes, yes, but it’s strange. How did you change so quickly? It’s said that women are fickle, but you are a man!””

“Seeing the cheeky faces of the few of them.., professor Hua en said very seriously, “It’s not a joke to go to Neptune on an aircraft carrier. If we are not careful, we might become space trash! “Please think carefully. Once you board the aircraft carrier, you won’t have the chance to regret it.””

““Don’t worry, Professor Warne. We know.”Yu Zifei turned to look at Professor Warne.”

The four brothers nodded seriously.

“Professor Warne Thought for a moment and took out a stack of documents. “If you really want to go, sign this document.””

““Wait! Wait!”Tang mi ran in from outside and said breathlessly, “Me! And Me! Professor Warne, I want to go to Neptune to see the diamonds too!””

Professor Warne handed a document to Tang Mi.

“Cen he looked at Tang Mi and said with a smile, “Good for you, little stutterer. You’re quite aware of your thoughts!””

“That’s a must!”Tang mi said.

“Professor Hua en continued, “All of you have decided to sign the document. Once you sign it, there will be no room for regret.””

“In the end, the few of them signed the document without even looking at it.”

Professor Hua en:”...”

“Cen Jiang looked at professor hua en and said, “Professor, since we have decided to follow Miss Ye to Neptune, we have made all the preparations. No matter what happens on Neptune or in outer space, we will not regret it.””

“Professor Hua en sighed and said somewhat speechlessly, “You young people!””

“Although he was a little speechless, Professor Hua en saw the future of China’s scientific research community in these young people.”

This kind of fearless sacrifice spirit was not something that just anyone could have.

“After signing the document, Chen Hao took a photo of the document and sent it to the group. [ brothers, I’m going to follow our father to Neptune! ]”

“When this news was sent, the group was in an uproar.”

[ I’m so envious! I want to go to Neptune Too! ]

[ remember to take a photo and send it to the group at any time. ]

[ are we really going to achieve diamond freedom? ]

[ I also want to apply to join my father's research group. ]

[ V587! ]

[ remember to protect our Father! ]

“[ right, right, right, nothing is more important than our father's safety! ]”

“[ finally, I wish our father's aircraft carrier a smooth flight and a smooth landing on planet Neptune! I wish our Niu Hulu family to become stronger and stronger! ]”

“Looking at the message in the group, Chen Hao was a little excited. He then replied, [ brothers, don't worry. I will definitely protect our father! In addition, we have already prepared high-definition cameras. We are ready to give everyone a galactic live broadcast at any time! ]”

...

The launch ceremony of the aircraft carrier was set at 10:18.

Time passed very quickly.

“In the blink of an eye, it was 9:35. There were still 43 minutes before the launch ceremony, and the audience in the square had already arrived.”

Various media outlets also came to the scene to watch the live broadcast.

“Dr. Warne, Dr. Millet, and the Feiyu team had already arrived on stage.”

“The leaders of the six countries — country C, country G, country P, Japan, and Country L — also appeared on stage.”

“As time passed, the launch ceremony of the aircraft carrier was about to begin. However, ye Zao had yet to appear. The live broadcast was very lively.”
