

Almighty D 1641

“Chapter 1641: 345: Trash, Tang Xue is expelled from the base. 2”

““Everyone, please.” Cen Shaoqing made a welcoming gesture.”

“The few of them followed Cen Shaoqing and walked up the stage. There were only a few people, but there were thousands of them.”

““Clap, clap, clap —”

The scene was filled with applause.

“Seeing ye Zao and the others walk over, the Chinese leaders on the stage stood up first and applauded to welcome them. When the leaders of the various countries and Dr. Cara saw that everyone stood up, they had no choice but to stand up and applaud together, to welcome the return of the hero.”

“Cen Shaoqing walked to the front of the rostrum, dialed the microphone, and opened his thin lips slightly. “I now announce that the 5.18 Chinese aircraft carrier launch ceremony has been successfully held!””

Clap Clap Clap —

Another round of deafening applause.

“Cen Shaoqing slowly raised his right hand. Although it was a very simple action, it successfully quieted the scene down.”

““Dr. YC and her team, including Dr. Warne, Dr. Millet, the flying universe team, and all the staff of the CEN base in Area C, have successfully built the world’s first aircraft carrier faster than the speed of light!

Landing on the eight planets was only the first step for mankind to conquer the universe. “In the coming days, Dr. YC will lead her team to create more miracles in the world”

“”The members who will board Neptune with Dr. YC this time are: Dr. Hua’en, Zhao Hua’en, Captain Chen Hao of the Feiyu team, and Cen Jiang, Cen he, Cen Hu, Cen Hai, Tang Mi, and Yu Zifei of the Cen family base in Area C! “They are all heroes of China, Heroes of the people! “Heroes of the world!””

Applause grew louder and louder.

No one had expected that ye Zao could really build an aircraft carrier that surpassed the speed of light. They had never expected that ye Zao could successfully land on an aircraft carrier!

“One had to know that before this, everyone had come to watch the launch ceremony as if they were watching a show.”

But Ye Zao had done it!

“Below the stage, Tang Xue’s face turned pale.”

Dream on.

This must be a dream.

“If all of this was true, then what would she do?”

“During this period of time, she had done her best for Country C, all for the sake of obtaining the management rights of the CEN base.”

But now...

“The aircraft carrier project had succeeded, and country C had become the loser. She was on the same side as country C, and country C’s failure meant that she had also failed.”

How could country C fail!

Country C was a well-known technological power!

“If country C failed, wouldn’t she become a joke?”

“At that moment, everyone around Tang Xue cheered.”

“Except for Tang Xue, Bai Yun, and Tang, who was sitting next to them.”

“Tang originally thought that Tang Xue would win glory for the Tang family this time, get the management rights of the CEN base, and slap Tang Mi in the face.”

She didn’t expect that.

She didn’t expect that the aircraft carrier plan would actually succeed.

“Not only did it succeed, but Tang Mi, that little b * TCH, had also followed the aircraft carrier to Neptune, becoming the first person to land on Neptune.”

How could tang swallow this grievance! !

There was also Bai Yun. She had almost thought of the days when she would become the manager of the CEN base.

She had not expected ye Zhuo to return.

“The aircraft carrier was still floating in midair. Dr. Cara narrowed his eyes and lowered the microphone for a moment, then he said, “Fifth Master Cen, Dr. YC, none of us have been to Neptune before. We can’t believe that you did indeed take a light-speed aircraft carrier to Neptune just by listening to your side of the story. Please provide us with evidence to prove that you did indeed take an aircraft carrier to Neptune.”. “...”

“As soon as he said that, the comments on the bullet screen changed completely.”

“”Yes, yes, yes! Professor Cara is right. Let YC Show us the evidence! Didn’t YC say that everyone could have their diamond freedom? Where are the diamonds? Where are the samples collected from Neptune?””

“Show us the evidence!”

“Maybe landing on Neptune is a scam!”

“There isn’t even any evidence. It must be a scam!”

“Liar!”

Ye Zhuo looked back at Tang Mi.

“Tang mi immediately understood. She smiled and said, “Professor Cara, please look over there!””

Professor Cara turned his head to look at the place Tang Mi was pointing at.

“The aircraft carrier slowly landed in a storage room. The door to the storage room was opened, and a colorful light shone out of it.”

The storage room was filled with dazzling diamonds.

“Not only were there common diamonds, but there were also collection-level pink and green diamonds!”

They were all colorful.

“Tang mi continued, “Those are the diamonds we brought back from Neptune. There are twenty tons in total.””

Twenty tons!

It must be noted that a diamond mine could only produce two to three tons of diamonds on average.

Chapter 1642: 345: Tang Xue was kicked out of the base. 3

“However, ye Zao brought back twenty tons of diamonds. ”

Twenty Tons of diamonds were equivalent to ten mines. How much energy did that save earth?

“After all, overexploitation was the most wasteful of energy and the most destructive to the environment! ”

“Tang mi continued, “In addition, we also brought back many samples from Neptune. Many of them are the depleted energy sources on Earth.” ”

“After saying that, Tang Mi turned to Dr. Cara and asked with a smile, “Dr. Cara, do you want to test the authenticity of the Diamonds?” ”

Dr. Cara was stunned.

He was at a loss for words.

“The samples brought back from Neptune were the most precious ones. If China could extract some precious energy from the samples and use it to develop nuclear weapons, wouldn’t China be unparalleled in the world? ”

“Moreover, with the light-speed aircraft carrier, China could travel through the eight planets at will and do whatever experiments they wanted! ”

“In this way, China would definitely surpass country C and become the world’s largest country! ”

“The more Kara thought about it, the more uncomfortable she felt. She almost could not breathe. If she had known that ye Zao could really create a light-speed aircraft carrier, she would not have made an enemy out of ye Zao. She should have cooperated with ye Zao so that they could share the resources! ”

“But now, what was the use of regret? ”

“Not only would they not be able to share the resources with China, but they would also lose their main research base! ”

No!

No.

They could not let China take away the main research base of Country C.

“Dr. Kala continued, “Diamonds are not exclusive to Neptune. Other than Neptune, there are also diamond mines on Earth. “Does having a batch of diamonds mean that you have really landed on Neptune? “Unless, unless you send the samples you brought back from Neptune to the International Department for Quality Inspection!” ”

It would not be a loss to exchange the samples from Neptune for the base.

“If they could develop useful energy from those samples, then country C would be able to turn the tables. They might even be able to use the energy to build an aircraft carrier that was faster than the speed of light!”

“The more Dr. Cara thought about it, the more excited he became.”

“Ye Zao smiled faintly and looked at Dr. Cara, his red lips parted slightly. “The northern hemisphere of Neptune has our flag planted on it. Dr. Cara, why don’t you take your team and go to Neptune to take a look?” ”

“At this point, ye Zao seemed to have thought of something. He continued, “Oh, I’m sorry. I forgot that your country is currently unable to land on Neptune!” ”

The last sentence was no different from a taunt.

“Professor Cara’s face alternated between green and white, looking very ugly.”

“In fact, the meaning behind ye Zao’s words was very simple.”

How could a country that was unable to land on Neptune have the right to question China?

Professor Cara did not expect ye Zao to be so difficult to deal with.

“He thought that ye Zao would definitely take out the sample in order to prove his innocence, but he did not expect that not only did ye Zao not want to take out the sample, he even took the opportunity to mock him.”

[Ah Ah Ah! I’m finally satisfied! I just want to say that dad is cheating!]

[isn't professor Kara the most aggressive person? Why isn't he talking now? There's also the BET agreement. Why aren't they talking about the bet agreement now?]

"[it's so funny. Now not only does Kara not dare to say anything, even those people on the bullet screen don't dare to talk nonsense anymore!] "

[it's really good to vent my anger. I'm so happy to see Kara Like This!]

[China has finally risen!]

"Seeing that Professor Kara did not say anything for a long time.., tang mi continued, "Professor Kara, do you want to test these diamonds or not? Actually, there are some differences between the diamonds on Neptune and those on Earth." After all, the environment was different, the Diamonds on Neptune were of better quality and more transparent! "

"Dr. Kara finally realized what was going on. He smiled stiffly and said, "There's no need to test them." "

"There was no need to test the real diamonds and the fake diamonds. Under the illumination of the lights, they could be identified at a glance. "

"If he went to test them now, he would only be embarrassing himself. "

"Although he knew that these diamonds were real, Dr. Kara still did not believe that ye Zhuo had built an aircraft carrier that was faster than the speed of light and even landed on Neptune. "

Everything was like a dream!

It was very unreal.

"Tang mi continued, "By the way, Dr. Kara, I wonder if you still remember the betting agreement that you signed with the other five countries and our Miss Ye." "

Betting Agreement.

Dr. Kara's heart skipped a beat when he heard these words.

Was this topic finally brought up?

"Dr. Kara did not say anything, but Tang Mi continued, "I think Dr. Cara will not forget such a big matter. After all, you and the leaders of the other five countries are here today for this matter. "We have already drawn up the transfer agreement for the base. Dr. Cara and the leaders can just sign it." "

"Chapter 1643: 345: Trash, Tang Xue is expelled from the base. 4"

Ye Zhuo signaled with his eyes for his assistant to deliver the agreement to Dr. Cara.

"Dr. Cara's face turned a little pale when he saw the agreement, and the other five people beside him also looked very pale."

They had originally come to recover the Cen's base in Hua.

But they didn't expect...

They failed to steal the chicken and instead gave away their own country's scientific research base.

The original bet agreement was notarized at the International Notary Office.

"In order to prevent China from reneging on the bet, they even publicized this matter internationally and made it known to everyone. Who knew that in the end, it would turn out to be a self-inflicted wound, shooting themselves in the foot."

They regretted it!

“If they had known that ye Zao could really build a lightspeed aircraft carrier, they definitely would not have done that.”

“But now, what was the use of regretting it?”

“In front of the people of the world, they could only sign the agreement.”

“Dr. Cara took the pen from his assistant, his hands shaking!”

“According to the bet agreement, they had lost not only the right to use the bases of various countries, but also a huge amount of compensation.”

They had thought that the loser this time would definitely be China.

Who would have thought that China would turn the tables?

“The leaders of the other countries were not much better than Dr. Cara, and their expressions were very ugly.”

After signing the papers.

“Ye Zhuo slowly walked over, and his eyes were as clear as ever. “Thank you, Dr. Cara, and everyone for your cooperation. Three days later, we will send a commissioner to complete the handover of the management rights of the bases.””

“Dr. Cara was speechless. He could only smile and say, “It’s our duty to accept our loss!””

“After saying that, Dr. Cara cupped his hands to ye Zao and said, “I haven’t congratulated Dr. YC on successfully landing on Neptune!””

“”Thank you,”ye Zao said in a low voice. “It’s all thanks to your support. Without your support, I don’t think the aircraft carrier project would have been so successful.””

Dr. Cara looked at the young girl standing in front of him. He couldn’t tell what expression he had in his eyes.

“But for a moment, he recalled the first time he saw ye Zao.”

“At that time, he just felt that this young girl was very different from other girls her age. She had a calmness and stability that other girls her age didn’t have.”

“But Dr. Cara never thought that one day, this girl would successfully build an aircraft carrier that was faster than the speed of light.”

That was the speed of light!

“Two hundred countries from all over the world had joined hands and failed in the end. However, this little girl was only in her early twenties!”

How did she do it?

“If he had not seen it with his own eyes, Dr. Cara would never have believed that it was real!”

“An hour later, the aircraft carrier launch ceremony ended successfully.”

“After it ended, all the major media reporters swarmed over. They all wanted to interview ye Zao and the few people who had successfully landed on Neptune to get first-hand news.”

“Ye Zao was too lazy to deal with all this, so he asked the river, Lake, and sea brothers, as well as Tang Mi and Yu Zi, to appear on camera.”

“On the other hand, Dr. Warne and Dr. Millet went to study the samples they had brought back from Neptune.”

In the office.

Cen Shaoqing turned to look at special assistant Li. “Go and call Tang Xue Over.”

Special Assistant Li nodded. “Okay.”

“However, when Tang Xue saw Special Assistant Li, she panicked.”

“”Th-special assistant Li, why are you here?””

“Special Assistant Li had seen everything Tang Xue had done during this period of time. To be honest, he looked down on Tang Xue.”

“If someone like Tang Xue was in wartime, she would definitely be a traitor.”

“Fifth master wants you to go over.”

Tang Xue gulped. “Did fifth master say what it was about?”

“”I’m not too sure either. You’ll know once you get there,”said special assistant Li.”

Tang Xue put down the document in her hand and followed special assistant Li’s footsteps. She prayed to God all the way.

She prayed that Cen Shaoqing would not pursue her responsibility.

“Old Master Tang was a benefactor to the base. Moreover, Old Master Tang had left because of the base. As long as Cen Shaoqing was a person who cared about favors, he would not make things difficult for her.”

“When she thought of Old Master Tang, Tang Xue felt much better.”

“Very soon, she arrived at Cen Shaoqing’s office.”

“Cen Shaoqing sat in front of his desk with a string of Buddhist beads in his hand. Although he didn’t say anything and his sitting posture was very casual, Tang Xue felt that she couldn’t breathe. It was very oppressive.”

“After a while, Tang Xue licked her lips and walked in front of Cen Shaoqing. “Fifth master, you were looking for me.””

“Cen Shaoqing looked up slightly. “Tang Xue, you don’t have to come tomorrow.””

“Tang Xue’s face turned pale. “Fifth Master, why?””

“Chapter 1644: 345: Trash, Tang Xue is expelled from the base. 5”

“Cen Shaoqing pulled out a document from the pile of documents and threw it in front of Tang Xue. “Colluding with the C Nation people, betraying the base, and even trying to blow up the aircraft carrier, Tang Xue! You’re really giving Mr. Tang face!” ”

“The last sentence was neither light nor heavy, but it made Tang Xue kneel on the ground in fear, she cried, “Fifth Master, please give me another chance! I swear, I won’t be like this in the future! I grew up in the base. If I leave the base, I won’t be able to live anymore! Fifth Master, Please!” ”

“Tang Xue had been very smart since she was young. She understood many things at a single point and was much smarter than children her age. Furthermore, Old Master Tang did not have any preference for sons over daughters, therefore, when Tang Xue was 12 years old, she followed elder Tang into the CEN base. Elder Tang also had the idea of grooming Tang Xue to become his successor. ”

“Tang Xue did not disappoint elder Tang’s expectations. Along the way, her performance was very outstanding. She completed many scientific research experiments and even received many awards. At one point, she became the youngest female doctor in the CEN base. ”

It was precisely because of her success along the way that Tang Xue became more and more proud. She could not see anyone else in her eyes.

It was not until ye Zao’s appearance that Tang Xue’s understanding was shattered.

“Ye Zao was younger than her, prettier than her, and more capable than her. What Tang Xue could not accept the most was that Cen Shaoqing, who had seen through the mortal world and wanted to become a monk several times, had actually changed his mind because of Ye Zao’s appearance, from a monk who had nothing to ask for, he had become a person with flesh and blood. ”

Tang Xue did not believe it. She did not believe that ye Zao was the real ye Zao.

She suspected that ye Zao’s ability was fake and that ye Zao’s beauty was fake.

“She tried to expose ye Zao several times, but ye Zao used his actions to tell Tang Xue that everything on her body was real. ”

Until ye Zao proposed the aircraft carrier plan.

Tang Xue knew that her chance had come!

“For the current human race, the speed of light was the limit. ”

It was impossible for ye Zao to exceed the limit and create an aircraft carrier at the speed of light.

“She had to seize this opportunity so that ye Zao would never be able to make a comeback. Later, ye Zao signed a contract with C Nation as he wished and gambled on the CEN base. God knows how happy Tang Xue was during that time. ”

“Later, William took the initiative to look for her and wanted to sign a contract with her. As long as she helped William, C Nation would hand over the management of the CEN base to her after the gambling agreement came into effect, she would become the person in charge of the CEN base. ”

It was also at this time that Tang Xue knew that her chance to be proud had come.

Tang Xue signed the agreement without hesitation.

“She had thought that after today, she would be able to turn over a new leaf and become the owner of the CEN Group’s base. ”

Who would have thought...

That ye Zao would actually come back alive from Neptune.

“If it wasn’t for ye Zao, she wouldn’t have ended up like this. ”

It was all because of ye Zao.

It was all because of ye Zao!

The person who should have left was ye Zao.

Ye Zao was a scourge.

“Tang Xue cried like a weeping pear blossom. “Fifth master, I know I was wrong. I really know I was wrong! I didn’t do it for the sake of the monk, but for the sake of the Buddha, please forgive me...” ”

Cen Shaoqing pinched his temples. “Get rid of him.”

“Yes!”The special assistant immediately stood up.

“”Fifth Master!”Tang Xue shouted, “You can’t be so heartless! My grandfather sacrificed himself for the base. You Can’t treat the Tang family like this!” ”

“However, Cen Shaoqing acted as if he didn’t hear Tang Xue’s words and dragged her away with the assistant. ”

“Assistant Li looked at Tang Xue, who had lost control of her emotions, and said, “Miss Tang, have you forgotten that you’re not the only granddaughter of Master Tang?” ”

Tang Xue’s expression froze at that moment.

That’s right.

How could she have forgotten Tang Mi!

“Tang Mi, this little b * tch, what kind of dumb luck did she have to become a core member of Area C by accident? And now, she had even become the first batch of people to land on Neptune! Most importantly, Tang Mi also participated in the construction of the aircraft carrier. This aircraft carrier was the first aircraft carrier in the world! ”

“To humans, it meant a lot. In the future, Tang Mi’s name would follow the first aircraft carrier of humans and be recorded in history forever. ”

“Thinking of this, Tang Xue felt extremely uncomfortable. ”

Tang Mi was not worthy of all of this.

“When she was young, Tang Mi was not as good as him. She took a total of three examinations before she was admitted into the CEN base. If the chief examiner had not given her face, Tang Mi would not have been admitted into the CEN base. ”

But Now?

“She, a truly talented person, had been chased away by the CEN base, while Tang Mi, this clown, stood at the most dazzling spot. ”

Chapter 1645: 345: a piece of trash. Tang Xue expelled from the base. 6

Unwilling.

Tang Xue was truly unwilling.

What right did Tang Mi have?

What right did Tang Mi have to know all of this?

“Ah!”

Tang Xue suddenly lost control of her emotions. She screamed and was close to hysteria.

In the office.

Ye Zhuo was eating dessert as he walked out from the inner room. "What's going on with Tang Xue's grandfather?"

"CEN Shaoqing said, "Old Master Tang was one of the first elders to establish the CEN family base with me." "

""I see."Ye Zhuo nodded slightly and continued, "Does that mean Tang Mi is also Old Master Tang's granddaughter?" "

""Yes."However, old master Tang did not value Tang Mi when he was still alive. He did not even mention Tang Mi, causing Cen Shaoqing to forget that Old Master Tang still had a granddaughter in the Cen family base. "

It wasn't until this time that Tang Mi decided to board the aircraft carrier with Ye Zhuo.

Cen Shaoqing then remembered that elder Tang didn't only have Tang Xue as his granddaughter.

"I want to tell you something."Ye Zhuo finished his dessert and looked down at Cen Shaoqing.

"Okay."Cen Shaoqing put down the document in his hand. "I'm all ears."

""I want to develop interstellar tourism,"ye Zhuo continued. "

"Hearing this, Cen Shaoqing was not surprised. "Where do you plan to go?" "

""Mars,"ye Zhuo said. "

"Currently, other than China, no other country could land on the eight planets. Therefore, they had to seize the opportunity to develop interstellar tourism ahead of time, so that China could be at the forefront of the world. "

“Once human civilization developed to level 2 and above, there would be no rush to come. ”

“Okay.”Cen Shaoqing nodded slightly. “I support you.”

“Mars mountain was currently a barren land without oxygen. It was mainly made up of carbon dioxide. Therefore, not only was there a sandstorm on Mars, but it was also extremely cold. It would take a long time to transform Mars. ”

“However, as long as it was something that ye Zhuo wanted to do, Cen Shaoqing would accompany her unconditionally. ”

He supported her.

“After eating a dessert, ye Zao went to the experimental cabin to analyze the samples that he brought back from Neptune with Dr. Millet and the others. ”

At the same time.

At the Lin family home.

“Seeing that ye Zao had finally returned successfully, Lin Jincheng dared to burst into tears. ”

This was a cry of joy.

“Ye Shu smiled and said, “It’s okay. Zao Zao is fine now. Why are you still crying?” ”

“”I didn’t dare to cry when you were crying just now. Now, you won’t Let me cry for a while?”Lin Jincheng sobbed. ”

“Other than crying when he met ye Shu and the others, Lin Jincheng had never cried so miserably before.”

“If he had cried with Ye Shu at that time, Ye Shu’s emotions would definitely have collapsed.”

“Therefore, Lin Jincheng couldn’t cry at that time.”

He had been controlling himself.

“Ye Shu thought that Lin Jincheng was mentally strong and could bear all this, so he did not cry. She did not expect that Lin Jincheng was not mentally strong, nor did he not care about ye Zhuo. He just did not dare to cry.”

“Thinking of this, Ye Shu’s eyes turned red again.”

““Dad, Mom, Don’t cry.” Lin Ze walked over with a fruit plate. “Eat some fruit first. I just called searing. Searing said that she will be home at about 11:30.” ”

“Because the aircraft carrier suddenly lost contact with the ground, Lin Jincheng and ye Shu were so nervous that they didn’t eat anything for the whole day.”

“Ye Shu wasn’t hungry at first, but when she saw Lin Ze coming over with a fruit plate, she was instantly hungry. She picked up a watermelon and said, “This watermelon is so sweet! Jincheng, have a piece too!” ”

“Lin Jincheng took the watermelon from ye Shu and ate it. He couldn’t control his tears. Although the tears were salty, the watermelon was indeed sweet in his mouth.”

It was very sweet.

Over here.

“After learning that ye Zao was fine, Ye Sen was extremely happy. He made phone calls everywhere to share his happiness with others. ”

Neptune was so far away from Earth. He thought that ye Zao was doomed this time!

Fortunately.

“Fortunately, Ye Zao was fine. ”

“Otherwise, ye Sen felt that he couldn’t live anymore! ”

“After making phone calls with his friends, ye Sen Dialed Ye Zao’s number again. However, on the other end of the phone, there was a notification that the other party’s phone was turned off. ”

Ye Sen frowned slightly. He immediately picked up the car keys and ran to the Lin family.

“When Ye Sen arrived, the Lin family was having dinner. ”

“”Sister, brother-in-law, you guys are eating!” ”

“Ye Shu smiled and looked up. “Have you eaten? If you haven’t eaten, let’s eat together.” ”

“Ye Sen looked around. “Where’s Zao Zao? Why don’t I see Zao Zao?”Eating was small, but seeing ye Zao was a big deal! ”

“He said he’ll be home at 11:30. He’s still at the base!”Ye Shu said.

“Ye Sen continued, “Sis, did you talk to zhongruo? Why is my phone switched off when I called him?” ”

“Ah Ze did.” Lin Jincheng smiled and answered, “Zhongruo is in the lab right now. It’s not convenient for him to answer the phone. Sit Down and eat first. He’ll be back in a while.” ”

“Now that you mention it, I’m really hungry!” Ye Sen sat down and ate together. ”

11:30 pm.

Ye Zhuo arrived home on time.

“As soon as he stepped into the house with his left foot, there was a “Bang” sound in the air, and colorful ribbons drifted down from the sky. ”

“Big niece!” Ye Sen ran over and hugged ye Zhuo.

“Uncle!”

“Cen Shaoqing stood behind the two of them. When he saw the two of them hugging each other, he had the urge to separate the two of them. However, when he remembered that Ye Sen was ye Zhuo’s uncle, Cen Shaoqing stopped the thought in his mind. ”

“No matter who he offended, he could not offend his uncle. ”

There was a custom in the capital.

“When the groom came to the bride’s house to pick up the bride, his uncle was not present. If he did not speak, the groom was not allowed to pick up the bride. ”

Cen Shaoqing did not want to experience the feeling of being troubled by his uncle.

“Welcome back our family’s great hero!” Ye Sen said excitedly.

Only by hugging ye Zao like this could he truly feel that his niece was really back!

""Thank you, Uncle." "

"Ye Shu sniffed. "Zao Zao, you're finally back. You Don't even know how anxious we were just now!" "

"Ye Zao smiled and hugged ye Shu. He smiled and said, "Mom, didn't I tell you guys when I left this morning? You Don't have to worry at all. Your Daughter is so powerful, how could anything happen to her!" "

""Yes, yes, yes, you're powerful!"Ye Shu lowered her voice and whispered a few words into ye Zao's ear.
"

"Hearing this, Ye Zao said in surprise, "Really?" "

"Ye Shu nodded. "That's right. If you don't believe me, you can ask Ah Ze." "

"Ye Zao smiled and said, "It's better not to ask. If dad finds out, he will lose face." "

Lin Jincheng saw that there was something wrong with the mother and daughter. "What are you two talking about?"

""Nothing,"ye Shu said. "

"Only then did ye Zhuo realize that Lin Ze wasn't around. He asked, "Where's My Brother?" "

"At this moment, Lin Ze walked out from inside. "Zhuozhuo." "

"Brother."Ye Zhuo walked over with a smile.

Lin Ze reached out and rubbed her head. "My sister is really amazing!"

"Of course," ye Zhuo said with a proud face. "Otherwise, why would she be your Lin Ze's sister?" "

Lin Ze was full of smiles.

The next day.

The first section of the major news apps was the news of the space mothership landing on Neptune.

"On the news page, there were also many precious pictures of the universe and pictures of Neptune. "

"In an instant, the number of views reached hundreds of millions! "

"Zhang Pandi did not pay attention to the situation of the aircraft carrier. In her opinion, the aircraft carrier could not be launched at all. "

"Tomorrow was Sunday, so Zhang Pandi slept in the morning. "

"At 10:30, Zhang Pandi got up to eat. "

"While eating, Zhang Pandi turned on the television. "

"When she turned on the television, Zhang Pandi was stunned. "

The person on the television...

Was.

Yu Zifei?

How did Yu Zifei appear on the television?

“Hello, I’m Yu Zifei.” ”

“The reporter smiled and asked, “May I ask how Mr. Yu made up his mind to go to Neptune with Miss Ye?” ”

Chapter 1646: 246: it’s too late to regret! 1

“Yu Zifei, who was in front of the camera, was tall and handsome. He was taller than a reporter by a head. He did not look nervous when facing the camera, he only smiled and said, “First of all, I’m very grateful to miss ye for giving me such a chance. “Actually, when I decided to follow Miss Ye to Neptune, it was a very fortuitous opportunity. At that time, I had just broken up with my girlfriend. After I broke up with her, I felt that I should do something! “I can’t go on like this. In this life, I should go crazy for once. Since I’m frustrated in love, then I must be proud of my work! “Therefore, I decided to go to Neptune with Miss Ye and everyone else. Facts have proven that my decision was right. Miss Ye is worth it in this world!””

“In fact, when he first decided to board the aircraft carrier with Ye Zhuo, Yu Zifei did not even dare to tell his family.”

“That was because he was an only child. If he told his family, they would definitely not agree.”

“In outer space, no one knew what would happen.”

“Once an accident happened, the family would not even be able to see the body.”

“In the previous scientific experiments, who knew how many accidents had happened.”

“It was not until later that the family saw Yu Zifei board the aircraft carrier with everyone in front of the television. Then, the aircraft carrier suddenly lost contact with the ship. Yu Zifei’s mother fainted several times. Fortunately, in the end., yu Zifei returned safely.”

“The reporter was a smart person. He immediately discovered that there was news to be dug out from Yu Zifei. One had to know that this kind of news about a breakup could be dug out at the end, then, he said, “May I ask why your girlfriend broke up with you? Is It related to Miss Ye’s aircraft carrier plan? “I heard that before Miss Ye’s aircraft carrier plan, many people joined the Tang family’s laboratory. May I ask if your girlfriend also joined the Tang family’s laboratory?””

“At that time, no one believed that ye Zao’s aircraft carrier project would succeed. In addition, Ye Zao had also signed a bet agreement with the foreign side. For a time, everyone felt insecure and switched sides to join Tang Xue, who was on good terms with C nation.”

“Now, not only had the aircraft carrier project succeeded, but Yu Zifei had also become the first batch of humans to land on Neptune. For a time, he was in a glorious situation. At this moment., yu Zifei’s girlfriend and the people who had defected to Tang Xue were so regretful that their intestines were turning green!”

“”I’m sorry,”Yu Zifei continued, “This is my personal privacy. It’s not convenient for me to reveal it.””

Yu Zifei was not the kind of person who liked to fuss over things.

“Since they had already broken up, it was already in the past!”

He did not need to make a big fuss about his and Zhang Panti’s past to attract the attention of others. This was meaningless to him.

“The reason why he had proposed to land on Neptune before breaking up was that he was afraid that someone would make a big deal out of it, saying that he was ungrateful and had landed on Neptune. After he had succeeded and made a name for himself, he had dumped his girlfriend.”

“The reporter smiled and said, “It’s fine! Then can you please answer the question. Why did you choose to join Miss Ye’s aircraft carrier project in the first place?””

“Yu Zifei said, “Although the speed of light sounds incredible, miracles are created by humans! Just like the people of the ancient society, they would never have thought that one day, their descendants would be able to invent a talking box. I believe in Miss Ye and also believe in Miracles!””

Yu Zifei’s conversation with the reporter continued. Zhang Pandi’s entire body was cold and her face was pale.

Was she dreaming?

Could it be...

Could it be that ye Zhuo’s aircraft carrier plan had really succeeded?

“How, how could this be possible!”

“Zhang Panti pressed the pause button and paused the television screen. Then, she took out her phone and was about to make a call when her best friend’s call came in, “Hello, Panti, do you know that Miss Ye’s aircraft carrier plan has succeeded? If I remember correctly, your family’s Yu Zifei is in Miss Ye’s aircraft carrier plan team, right?””

Her best friend only saw the aircraft carrier’s successful launch and landing on Neptune. She did not know that Yu Zifei and Zhang Pandi had already broken up.

“After all, before this, Zhang Pandi and Yu Zifei had already reached the point of discussing marriage.”

“Hearing this, Zhang Pandi’s face turned even paler.”

“Her best friend continued, “Pandi, is it or not?””

“After a long while, Zhang Pandy finally reacted. She stammered,” ... Yes, yes.””

“Her best friend said enviously, “Pandi, congratulations! After so many years, you finally see Hope! I told you, Your Yu Zifei will definitely have great achievements in the future. You Didn’t believe me before! So What Now? I still have a good eye for people! I really envy you, Pandi!””

Chapter 1647: 246: it’s too late for them to regret! 2

“Zhang Panti tried her best to calm herself down and said, “Xiao Lan, I have something to do. I Won’t talk to you for now!” ”

“”Okay,”Xiao Lan smiled and said, “We’ll talk again when we have time.” ”

“After hanging up Xiao Lan’s call, Zhang Panti opened the news APP. Sure enough, the news apps were all about the aircraft carrier landing on Neptune. ”

It was real.

It was real!

Ye Zhuo had actually built an aircraft carrier that was faster than the speed of light and had successfully landed on Neptune.

“At this moment, Zhang Pandi could hardly believe her eyes. ”

“After a moment, Zhang Pandi finally reacted. She opened her contact list and called Yu Zifei. ”

“She had been dating Yu Zifei for so many years. Before they broke up, they had imagined the future together. They had even given each other the names of their future children. As long as she admitted her mistake, Yu Zifei would definitely forgive her! ”

Definitely!

Zhang Pandi pressed the dial button.

Di —

The call went through.

“It wasn’t blocked, it wasn’t blocked. ”

“When she heard the call, Zhang Pandi was ecstatic. She knew that Yu Zifei had her in his heart! ”

“After more than ten seconds, the call was picked up. ”

“Hello —”

Zhang Pandi’s smile stiffened at the corner of her mouth.

Because it was actually a woman’s voice from the other end of the call.

Why was it a woman?

Who Was this woman?

“She had only left Yu Zifei for ten days, and there was already a woman who wanted to take over? ”

She was too shameless.

“Seeing that Yu Zifei was different from before, these shameless women all wanted to throw themselves at him! ”

“Zhang Pandi continued, “I am Yu Zifei’s boyfriend. May I ask where is Yu Zifei?” ”

““You’re brother Yu’s girlfriend?”? Oh, I know. You’re Zhang Pandi, right? But didn’t brother Yu say that he broke up with you a long time ago?”The female voice continued, “Since we’ve already broken up, we won’t call each other girlfriends. Miss Zhang Pandi, please don’t call brother Yu to humiliate yourself in the future!” ”

“After saying that, the other party directly hung up the phone. ”

Humiliate himself?

Zhang Pantl wished she could smash her phone! She was so angry that her fingertips were trembling.

Regret!

Zhang Pantl was really regretting it now!

“If she had known this would happen, she definitely wouldn’t have broken up with Yu Zifei! ”

What was happening now?

No Way.

She had to do something to salvage the situation and make Yu Zifei forgive her.

On the other side.

“Yu Yuan returned the phone to Yu Zifei. “Brother Yu, your taste is too bad. Why have you been dating this kind of girl for so many years?” ”

“She had kicked Yu Zifei away during difficult times, but now that Yu Zifei had become famous, she had immediately fallen in love with him. ”

It was a little disgusting!

“Yu Zifei drank a mouthful of water. “I used to be young, inexperienced, and insensible.” ”

“You’ve only broken up with her for a few days!”Yu Yuan said speechlessly.

Yu Zifei smiled and did not say anything.

“In fact, he had always thought that he and Zhang Pandi were true love. No matter what happened, Zhang Pandi would never betray him or abandon him. ”

“Now, it seemed that he had always overestimated himself. ”

He was nothing in Zhang Pandi’s heart.

“Yu Yuan continued, “By the way, brother Yu, are you going to get back together with her in the future?” ”

“Am I crazy or stupid?”Yu Zifei asked.

“Yu Yuan thought for a while and said, “But you have been with her for so many years. What if she comes to beg you?” ”

“Yu Yuan continued, “Brother Yu, do you know that third aunt has even looked after the furniture for the sake of your marriage?” ”

“Yu Zifei had been talking to Zhang Pandi for so many years and had already met both parents. Although Yu Zifei’s mother was not satisfied with Zhang Pandi’s family, she was still very satisfied with her. Zhang Pandi was a good-looking person, she had a high education background and was sensible! Most importantly, Yu Zifei liked her! ”

“Yu Zifei said, “My mother knows that I broke up with her. She has been really busy arranging a blind date for me these past few days!” ”

“Really?”Yu Yuan asked in surprise.

“Yes.”Yu Zifei nodded.

“Yu Yuan smiled and said, “That’s great. I don’t have to worry about you and Zhang Pandi getting back together!” ”

On Zhang Pandi’s end.

“After hanging up the phone, Zhang Pandi finished watching the interview about Yu Zifei. ”

“The more she watched, the more upset Zhang Pandi felt. ”

“At this moment, Zhang Pandi’s phone rang again. ”

It must be Yu Zifei Calling!

Zhang Pandi's eyes lit up and she immediately picked up the phone. "Pandi!"

"The moment she heard the voice on the other end, the expression in Zhang Pandi's eyes disappeared without a trace."

It was not Yu Zifei.

"It was Zhou Rui, the fat pig."

Chapter 1648: 246: it's too late for the dregs to regret! 3

"Hearing Zhou Rui's voice, Zhang Pandi felt disgusted."

"Zhou Rui's voice sounded a little anxious. "Pandi! It's over, it's over! Miss Tang has been chased out of the base! The Tang family's laboratory is going to have a new leader. What do you think we should do?"

Zhang Pandi furrowed her brows tightly.

What to do.

How would she know what to do!

She had wanted to join the CEN base with Zhou Rui and become the leader of the base. Who would have thought that things would turn out like this!

"Zhou Rui, let's break up." Zhang Pandi said."

“At this point, she had to break up with Zhou Rui immediately. ”

“When she heard this, Zhou Rui was furious. “Zhang Pandi! What did you say? Say It again for me!” ”

“Zhang Pantí took a deep breath, “I said, let’s break up!” ”

“”In your dreams! Zhang Pantí, now that I have nothing, you want to break up with me! Let me tell you, it’s impossible! I’m not a ball in your hands that you can kick whenever you want!”Zhou Rui was not a fool, he knew that Zhang Pantí had a purpose in being with him, but he did not expect this woman to change her face so quickly! ”

“Tang Xue had just been chased away by the CEN base a second ago, and Zhang Pandi was going to break up with him the next second! ”

“Zhang Pandi frowned. “Zhou Rui, can’t we just get together and part?” ”

“”Bah! Dream On! Zhang Pandi, let me tell you, I will not break up with you!” ”

“Hearing this, Zhang Pandi was also angry. She was not married to Zhou Rui, and she was not engaged. Why should Zhou Rui tie her up? ”

“”Zhou Rui, breaking up is my freedom. I just came to inform you!”After saying this, Zhang Pantí hung up the phone. Then, she blacklisted Zhou Rui’s number and wechat. ”

“After doing all this, Zhang Pantí took a deep breath. Next, she should think of a way to get Yu Zifei back. ”

Today was Saturday.

“According to her understanding of Yu Zifei, today Yu Zifei would definitely return to the old city district to see his parents. ”

“Thinking of this, Zhang Pandi quickly packed up, changed into good-looking clothes, put on decent makeup, and drove to the old city district. ”

“An hour later, the car stopped below a dilapidated unit. ”

Zhang Pandi took out a gift from the trunk and prepared to go upstairs.

“Just then, she suddenly saw a middle-aged woman carrying a grocery bag walking over from the other side. ”

“When she saw the person, Zhang Pandi’s eyes lit up. She immediately smiled and greeted, “Auntie!” ”

That’s right.

“The person who came was Yu Zifei’s mother, Tian Zhifang. ”

“Tian Zhifang used to like Zhang Pandi very much, but she didn’t expect that Zhang Pandi would betray Yu Zifei. “Zhang Pandi, what are you doing here?” ”

““Auntie, I came specially to see you.”Zhang Pandi’s attitude was sincere. “I have a little misunderstanding with Zifei...” ”

“Misunderstanding?”Tian Zhifang was so angry that she laughed. “You think our son is useless and hooked up with the big leader of your base in the blink of an eye. Is this a misunderstanding?”

Zhang Pandi didn’t expect Yu Zifei to tell Tian Zhifang all this.

This was a private matter between her and Yu Zifei. Why did Yu Zifei tell Tian Zhifang everything?

“But now was not the time to pursue this matter, Zhang Pandi said with red eyes, “Aunty, I know I was wrong. I really was wrong. Please forgive me for the sake of me and Zifei for so many years, okay? I promise I won’t do it again!” ”

“At the end, Zhang Pandi directly knelt down to Tian Zhifang. ”

“”Aunty, if you don’t forgive me, I won’t get up today!” ”

“Tian Zhifang frowned, “Are you out of your mind? ! Do you think our family isn’t 250? If you want it, then take it. If you don’t want it, then don’t! You’re willing to kneel, right? Since you’re willing to kneel, then kneel! Even if you kneel to death here today, our family won’t look at you anymore!” ”

“After saying that, Tian Zhifang turned around and left. ”

“Zhang Pandi knelt on the ground and shouted loudly, “Auntie!” ”

Tian Zhifang acted as if she didn’t hear anything.

“Very soon, Zhang Pandi’s actions attracted the attention of the residents of the neighborhood. ”

“An old man walked over and asked curiously, “Little girl, what happened to you? Why are you kneeling here?” ”

Zhang Pandi didn’t say anything.

“An aunt who was buying vegetables passed by and continued, “Isn’t this the daughter-in-law of the old Yu Family? Why is she kneeling here?” ”

“Yu Zifei had just been interviewed by the television station. In the blink of an eye, Zhang Pandi was kneeling below their house. This scene made the people who were eating melon seeds think nothing of it. ”

Chapter 1649: 246: it's too late for the dregs to regret! 4

“Could it be that their son is not a Chen Shimei?”

“I heard from Old Yu’s wife that they were preparing for their wedding!”

“”As expected, when a man is rich, he will turn bad! Old Yu’s son just became famous, but he dumped his girlfriend! I think this girl has been with Yu Zifei for a long time, right?” ”

“”Yeah, it’s been two to three years!” ”

“”Not to mention other things, but the old Yu family’s actions are too unethical.” ”

“ ... ”

“Everyone was discussing animatedly, and Zhang Pandi’s lips curled up. ”

“Now, Yu Zifei’s identity was no longer the same as before. If this matter continued to ferment, it would definitely attract the attention of the media. At that time, she would be the victim. Under the pressure of public opinion, Yu Zifei would have to accept her. ”

“Tian Zhifang stood in front of the window by the kitchen and saw this scene. She was so angry that she gritted her teeth. Although she was far away and could not hear what the crowd was saying, she could tell from their looks that they definitely did not say anything good. ”

“She could not let Zhang Pandi distort the truth downstairs. She had to protect Yu Zifei’s reputation, especially since Yu Zifei had just appeared on television. ”

“Tian Zhifang immediately put down the dishes in her hands and walked downstairs. When she passed by the living room, she happened to see a speaker. She picked up the speaker and went downstairs to explain to the crowd. ”

“”Dear neighbors, I, Tian Zhifang, have lived here for 30 years. Everyone should know my character very well!” Tian Zhifang held the speaker in her hand, then, she said, “This woman, her name is Zhang Pandi. She is the female pelvis that my son has been talking to for three years. My Son has poured out his heart and soul to her. The two of them even have a good view of the marriage room! “But what about her? “How did she treat my son? She felt that my son was useless following behind Miss Ye. She asked my son to withdraw from Miss Ye’s aircraft carrier project team and betray Miss Ye. My Son was unwilling to betray Miss Ye, so she threatened my son with a breakup! “Everyone present understood Zi Fei. Is Zi Fei someone who can betray a leader so easily? Zi Fei was determined not to betray Miss Ye, so this woman hooked up with a big leader in the blink of an eye! Who would have thought that the heavens would be enlightened and allow Miss Ye’s false aircraft carrier to succeed? Zi Fei also benefited greatly from it. Seeing that Zi Fei was now famous, this woman wanted to return to Zi Fei’s side! “Neighbors, come and judge. Do you think this kind of woman can be wanted?” ”

Tian Zhifang said a lot in one breath.

“Hearing this, the neighbors’ attitudes immediately changed. ”

“I really didn’t expect this little girl to be this kind of person!”

“”Good division! If Zifei really marries this kind of person, then your old Yu family won’t have peace in the future!” ”

“”I told you, Zifei that child is not Chen Shimei!” ”

“I really didn’t expect that there would be such a shameless person in the world!”

“Zhang Panti lowered her head, her face alternated between green and white. It was very uncomfortable. ”

She never dreamed that today would happen.

“Even though Zhang Panti’s heart was strong, she could not accept such an accusation. She stood up from the ground, pushed aside the crowd and ran into the car. She lay on the driver’s seat and cried loudly. ”

She cried very sadly.

“In order to redeem Yu Zifei, she did not even care about her dignity and face, but what she got in return was criticism and abuse from everyone. ”

This was not the result she wanted!

“After crying for a long time, Zhang Panti’s mood became a little more stable. Then she picked up her phone and took out a phone. ”

“Hello.”Yu Zifei’s voice came from the other side.

“Zhang Panti said in a stifled voice, “Zifei, I want to see you, just once.” ”

““There is no need for us to meet again.”Yu Zifei’s voice was very calm, “Zhang Panti, we have no relationship now. Let’s leave some dignity for each other.” ”

“With that, Yu Zifei was about to hang up the phone. ”

“Zhang Panti seemed to know what he was doing. She cried and said, “Zifei, I’m right below your house! Can You Come Down and meet me? Please!” ”

Yu Zifei came to the window and saw Zhang Panti’s car.

“Wait for me.”

“Hearing that Yu Zifei was willing to meet her, Zhang Pandi’s heart was filled with endless hope. ”

“After hanging up, Yu Zifei put on his coat and walked out the door. ”

“Seeing him like this, Yu Yuan asked curiously, “Brother Yu, where are you going?” ”

Yu Zifei turned around. “Zhang Pandi is waiting for me downstairs.”

Yu Yuan frowned slightly. “You’re going to meet her?”

Yu Zifei nodded.

“”Then I’ll go with you,”Yu Yuan stood up and said. ”

“Okay.”Yu Zifei nodded.

The two went downstairs together.

Chapter 1650: 246: it’s too late for the scum to regret! 5

“Zhang Pandi was standing in front of the car door. When she saw Yu Zifei approaching, her eyes lit up at first, but when she saw Yu Yuan beside Yu Zifei, her eyes quickly dimmed.”

Who was the little girl beside Yu Zifei?

Was She Yu Zifei’s new girlfriend?

How could he do this!

“They had only been separated for ten days, and Yu Zifei was already looking for a new lover.”

Zhang Pandi looked at Yu Yuan with hatred in her eyes.

A mistress!

A shameless mistress

“What was even more infuriating was that this mistress actually came to provoke her, the main palace!”

Zhang Pandi was feeling extremely uncomfortable.

“Yu Zifei walked up to Zhang Pandi and asked, “Why are you looking for me?””

“Zhang Pandi looked at Yu Zifei and said, “Let’s talk in private.””

“Yu Yuan held onto Yu Zifei’s arm and pretended to be intimate with him. “Brother Yu, is this your ex-girlfriend, Zhang Pandi? She doesn’t look good to me! Your taste in the past was too bad!””

“What are you talking about? What right do you have to talk about me like that in front of me?”Zhang Pandi clenched her fists and resisted the urge to hit him.

“”Yu Yuan, don’t say too much.”Yu Zifei turned to look at Yu Yuan.”

Yu Yuan nodded and smiled. “I’ll listen to Brother Yu.”

Zhang Pandi was so angry that her lungs were about to explode!

Yu Zifei was her boyfriend!

She wouldn't allow anyone to be so intimate with Yu Zifei.

"Yu Zifei looked at Zhang Pandi and continued, "Zhang Pandi, it will never be possible between us!"

"Zifei! Three years! We've been together for three years. Don't you have any feelings for me now?" Zhang Pandi questioned.

"Just think of it as my three years of youth being fed to the dogs. Zhang Pandi, I'll still say the same thing. Leave some dignity for yourself. It's really meaningless for you to be like this." Yu Zifei had never been a sloppy person, since it had already been decided, some words should be clearly said!"

Dilly-dallying was meaningless.

"Zhang Pandi's eyes instantly turned red, "Zifei, actually, I've always loved you deeply. I swear! "It was all my fault before. I had no choice in doing this. When I was young, my parents despised me as a girl and abandoned me. When I grew up, it wasn't easy for me to get into the university that I liked. I entered the base that I've always wanted to enter. Perhaps all of this is nothing to you, but I'm different from you. I came from the countryside. Everything I have today has almost exhausted all of my efforts! "I can't just watch all this disappear!"

Zhang Pandi's life was also quite inspiring.

"She was born in a family that valued sons over daughters. After completing the nine-year compulsory education, her parents did not want to read to her. However, her grades were excellent, and she was admitted to the best high school in the city. In the end, the school made an exception and admitted her free of charge, not only was there no tuition fee, but she could also receive a scholarship every year."

"With the scholarship, Zhang Pandi successfully completed three years of high school studies and was admitted to a key university. During the university period, Zhang Pandi worked part-time and studied. Finally, she studied as a graduate student. After graduating as a graduate student, Zhang Pandi was admitted to the Cen's base."

“In the Cen’s base, she met Yu Zifei, a native of the capital.”

“Not only was Yu Zifei a native, but she was also good-looking. She was very compatible with Zhang Pandi’s criteria for choosing a spouse. Many times in her dreams, Zhang Pandi was very glad that she chose the path of studying. It was studying that made her successful.”

“If she had not studied, but left school after graduating from junior high school to work as a migrant worker, then she would be like a childhood friend in the village.”

She had a friend named Chun Mei who was the same age as her. She was only twenty-eight years old and was already a mother of three children.

The eldest child was already twelve years old.

Zhang Pandi could not imagine how Chunmei lived such a life.

“Therefore, she had always cherished the relationship between her and Yu Zifei.”

“She was the first university student in her village to go out, and the first girl in her village to find a local boyfriend.”

She had always been proud of this.

“However, what she didn’t expect was that Yu Zifei would suddenly decide to join ye Zao’s aircraft carrier project team.”

“Once the aircraft carrier project failed, Yu Zifei would have nothing.”

“Zhang Pandi couldn’t accept such a boyfriend, let alone such a failure.”

“Helplessly, she could only choose to break up with Yu Zifei.”

She really had no choice!

“At this point, Zhang Panti paused, then she said, “Choosing to break up with you and be with Zhou Rui was my last resort! I Don’t Love Zhou Rui at all. I just wanted to use him for a while. I originally wanted to break up with him after using Zhou Rui...””
