Chapter 1651: 246: it's too late for the scum to regret! 6

“Yu Yuan was stunned. “Zhang Panti! How can you say such shameless words! What you did is what you did, and you still find so many excuses for yourself! A woman like you should be alone for Life!” ”

How dare you take advantage of her!

Zhang Panti was the only one who could say such words.

““Shut up! What right do you have to criticize me here! And how are you more noble than me!”Zhang Panti said angrily. “I’ve only broken up with Zi Fei for a few days, and you’re already taking advantage of me! You Shameless Mistress!” ”

Yu Yuan was so angry that her face turned red. This was the first time in her life that she had called her a mistress!

“Yu Zifei frowned slightly. Obviously, he did not expect Zhang Panti to be such a person. He turned to Yu Yuan and said, “Yuan Yuan, let’s Go! There’s no need to waste your breath following such a person.” ”

“If he had known that Zhang Panti was like this, Yu Zifei would not have come downstairs to see her. ”

Yu Yuan nodded and held onto Yu Zifei’s arm as they walked towards the apartment building.

No.

She could not let Yu Zifei leave!

She and Yu Zifei had been together for so many years. How could she not be comparable to a little girl who appeared out of Nowhere?

“Zifei!” Zhang Pengdi grabbed onto Yu Zifei’s wrist. “Zifei, please don’t Leave Me! Give me another chance!” ”

“Yu Zifei didn’t say anything more, he just threw Zhang Pandi away. ”

“Zhang Pandi was thrown to the ground, her heart was sad. ”

She was wrong!

She was really wrong.

She shouldn’t have trusted Yu Zifei.

She shouldn’t have broken up with Yu Zifei.

It was all her fault!

On the other side.

“Ye Zhuo was sitting in front of the desk, typing on the keyboard. ”

“The air was very quiet, so quiet that only the sound of the keyboard could be heard. ”

“Ten minutes later, ye Zao typed the last word, clicked save, and then sent the document out. ”

“Zaozao!” At this moment, Ye Shu’s voice suddenly came from the air. ”

“From the sound of footsteps, she seemed to be in a hurry.”

“Ye Zao looked back slightly. “What’s wrong, Mom?” ”

“Ye Shu walked in with a smile and continued, “Lizi’s mom, it’s your fourth aunt. Your fourth aunt is pregnant!” ”

“Really?”Ye Zhuo was a little surprised.

“Ye Shu said, “Of course it’s true! It’s been more than two months!” ”

““Then fourth uncle must be very happy,”ye Zhuo said. ”

“Ye Shu continued, “That’s right. I heard from the Butler that your fourth uncle was so happy that he fainted!” ”

“Ye Zhuo turned his eyes slightly and continued, “Then we must congratulate fourth uncle and fourth aunt.” ”

“Xia Xiaoman was pregnant as she wished, and Ye Zao was genuinely happy for them. ”

“After saying that, ye Zao seemed to have thought of something and continued, “What do you mean? Won’t I have more little brothers and sisters in the future?” ”

“That’s right.”Ye Shu nodded.

“Ye Zao smiled and said, “I want to tell Cen Shaoqing this good news.” ”

“After all, Cen Shaoqing had wanted to become his brother-in-law for a long time. He just didn’t know how Cen Shaoqing’s expression would be when he knew that he would have a little brother or sister.”

...

Old Xu never expected that the price of Diamonds would fall to the bottom overnight!

“Yesterday, the price of diamonds was still very high!”

How did the price of a collection-grade diamond become like cabbage today?

Old Xu looked at the computer and thought that he was hallucinating. He wiped his eyes with his sleeve.

But the scene in front of him didn’t change.

There was no hallucination!

This was real!

Old Xu took a deep breath and immediately called the partner.

“The partner was also suffering. Just like Old Xu, he had invested almost all of his wealth into diamonds. He did not expect...”

He did not expect that diamonds would become cabbage overnight.

He also did not expect that the seemingly unreliable Dr. YC would really lead the human eye in the Diamond Freedom Plan.

“After suffering a huge blow, the partner’s voice sounded weak, “Old Xu, don’t you know? Dr. YC’s aircraft carrier plan has succeeded. They brought back 20 tons of diamonds from Neptune. Soon, China will realize diamond freedom...” ”

Boom!

“Hearing this, Old Xu felt like he was struck by lightning. He felt so uncomfortable that he could not breathe. ”

How could this be?

Ye Sen’s niece had actually succeeded!

Was he really not dreaming?

“Old Xu gulped. “Old Zhang, are you not joking with me?” ”

““I wish I was joking too!” Old Zhang directly cried out, “If we had known this would happen, we would have sold this batch of goods a week ago! What should we do now? I’ve thrown all my assets into it! Old Xu! What should we do?” ”

Old Xu was no better than old Zhang.

Didn’t he throw all his money into it as well?

“Not only did he throw all his money into it, he had also taken out a huge loan in order to make a profit.
”

PA —

The phone in his hand fell to the ground and shattered into pieces.

He was in a daze.

“After a long while, old XU cried out, “Ahhhhh!” ”

Regret!

Old Xu was very regretful!

He regretted that he did not listen to Ye Sen’s words yesterday.

“If he had listened to Ye Sen’s words, things would not have turned out this way.”

“After a while, Old Xu picked up his phone again and called ye Sen. He cried bitterly, “CEO Ye, please help me! I know that you definitely have a way to help me!” ”

“Ye Sen sighed, “Old Xu, I already reminded you yesterday. It was you who didn’t take it to heart. Now that the boat has sailed, there’s nothing I can do...” ”

“”President Ye, you can’t just stand by and watch me die, right?”Old Xu continued, “Not only have I lost all my money, but I also owe a loan. I have a family, so please help me!” ”

“Ye Sen thought about it. This old Xu was indeed a good person. In addition, when he almost got into an accident, Old Xu had helped him before. He continued, “How much loan do you owe?” ”

“Five million!”Old Xu said.

“Ye Sen continued, “I’ll lend you the money for the loan. You can figure out the rest yourself.” ”

“Hearing this, Old Xu was ecstatic. “Thank you, President Ye! Thank you! When I rise again, I’ll definitely pay you back double!” ”

“”There’s no need for that. Old Xu, I’m waiting for the Day You Rise Again!” ”

“Old Xu wiped away his tears. “President Ye, thank you!” ”

“At this time, other than Ye Sen, no one else could lend him five million. ”

At the Cen family base.

“Ye Zhuo was sitting in the research room, studying the ice crystals he had brought back from Neptune.
”

“At this moment, CEN he ran in from outside. “Miss Ye! Miss Ye!” ”

Ye Zhuo put down the ice crystal in his hand and raised his eyes slightly. “What’s Wrong?”

“Cen he was so anxious that his forehead was covered in sweat. He continued, “Miss Ye, C Nation has suddenly denied the betting agreement again! The International Notary Office also said that they did not see the contents of the agreement back then!” ”

“Chapter 1652: 347: light speed slap in the face, Tang Xue Goes to jail! 1”

“When Cen he saw this report from C Nation, he was stunned. ”

He did not think that Dr. Cara would have such a flashy operation.

“He had clearly signed the bet agreement, and now he was denying it!”

This Dr. Cara was too shameless!

As soon as he finished speaking.

“Cen he immediately handed the tablet to ye Zhuo, he said angrily, “Miss Ye, Look, this is Dr. Cara’s international statement. Not only did he not admit to the bet agreement, he even accused us of secretly changing the contents of the agreement! Most importantly, the notary office even showed him the proof!” ”

“Ye Zao took the tablet, but there was no expression on his handsome face. ”

It was as if she knew about this in advance.

“C country was a technological country, so Dr. Cara was naturally unwilling to hand over his base! After all, Dr. Cara had taken a liking to the Cen family’s base from the very beginning! Even he himself probably did not expect that he would lose both his wife and his soldiers. ”

“Therefore, Ye Zao was not surprised that such a thing had happened. ”

“Seeing ye Zao like this, cen he asked curiously, “Miss Ye, aren’t you angry at all?” ”

One had to know that he was so angry that he was dumbfounded!

“It was clearly Dr. Cara who did not have any spirit of the contract. Not only did he break the contract, but now he was also blaming all the blame on ye Zao, saying that ye Zao had changed the content of the agreement. ”

“If it were anyone else, ye Zao would probably have lost control long ago. ”

“Seeing how calm ye Zao was, Cen he thought that he was hallucinating and reached out to wipe his eyes.”

But the truth told him that ye Zao was not angry.

“It’s not worth it to be angry with such a person.”Ye Zao’s tone was indifferent. It was clear that he did not take this matter to heart.

“”I also know that it’s not worth it to be angry with such a person, but we have to find a way to solve the matter.”CEN he continued, “We can’t let Cara throw a bucket of SH * t on us for no reason!” ”

“”There’s no rush.”Ye Zhuo sat down and studied the ice crystal again, his eyes indifferent. ”

“The ice crystal was blue and transparent. Under the illumination of the lights, it flashed with seven-colored light. It plated on her fair hand, adding a bit of coldness to it. ”

“Seeing that she was neither arrogant nor impatient, cen he was extremely anxious, “It’s already on fire, Miss Ye. You still say there’s no rush!”! This bet was proposed by Kara first. Now, not only did he not admit it, he even caused so many disgusting things! “Do you think he’s still human? “Miss Ye, are you really going to suffer this loss?” ”

“At this moment, Tang Mi walked out with a smile. “Erhe, don’t worry! Miss Ye isn’t picky about food. She eats everything, but she doesn’t suffer any losses.” ”

“Having been by Ye Zao’s side for so long, Tang Mi really understood ye Zao too well. ”

“Although C nation’s operation was somewhat unexpected, Tang Mi believed that ye Zao definitely had a way to resolve it. Otherwise, ye Zao wouldn’t be so calm. ”

“Hearing this, Cen he turned to look at Tang Mi. “Then does Miss Ye have a way?” ”

Tang mi nodded. "En. Don't worry. Miss ye definitely has a way to resolve it. Go back and tell everyone that you don't have to worry with Miss ye around."

"CEN he nodded, feeling much more at ease. "

"Ye Zao slightly raised his eyes and continued, "Have the people we've arranged for the past already arrived in C Nation?" "

""They did arrive, but they were refused entry,"Cen he said. "

Ye Zhuo's beautiful eyes narrowed. "Refused entry?"

""Yes."CEN he continued, "Miss Ye, should we let them return first?" "

"No need."Ye Zhuo's tone was slow. "Call worker Xu and tell him that Kara will personally apologize to them before today."

"Really?"Cen He's eyes lit up.

Ye Zao nodded slightly.

"That's great! Then I'll immediately tell worker Xu and the others about this good news!"

""Okay, go." "

Cen he turned around and walked out of the door.

"As soon as he walked out, Cen Hai immediately came up to him and asked anxiously, "How is it? What did Miss Ye Say?" "

“Don’t worry. Tang Mi said that miss ye will eat anything but lose.”Cen he patted Cen Hai’s shoulder.
“Miss Ye has a lot of ways to treat them.”

“Cen Hai scratched his hair and asked curiously, “What methods does miss ye have?” ”

“”I don’t know the specifics either. Anyway, Miss Ye has a way!”CEN he continued, “Miss ye also said that before today, she will definitely make Kara personally apologize to worker Xu and the others!” ”

“Really?”Cen Hai asked in disbelief.

“”Of course it’s true!”Cen he smiled and said, “When has miss ye ever lied and bragged?” ”

“Chapter 1653: 347: light speed slaps face, Tang Xue goes to jail! 2”

“Cen Hai smiled and said, “That’s great! I want to tell the others about this good news immediately!””

* *

In the laboratory.

“Ye Zhuo sorted out the ice crystal report and entered it into the database. After that, not only did he not slow down, he opened his computer and logged onto the international website.”

The international website’s homepage was news about the betting agreement.

“Dr. Cara and doctors from five other countries had issued a statement, saying that there were loopholes and unreasonable clauses in the betting agreement. It was completely different from the agreement they had signed. Moreover, when they signed the agreement.., it had not been notarized by

a formal organization, so the agreement could not take effect. The management rights of their experimental base could not be handed over to ye Zao!”

The notary office indicated that they had indeed not received any notarization of the betting agreement.

“The Notary Office threw the blame. If ye Zao could not come up with strong evidence, then he would be labeled as the Overlord Clause, unequal agreement, secretly changing the betting agreement, and so on.”

[YC is too shameless! How could they do such a thing! And they even secretly changed the contents of the agreement! Do they really think that our country C has no one?]

“[just because they created a lightspeed aircraft carrier, they can bully people without restraint? Disgusting!]”

“[if YC, professor Cara, and the others really went to the notary office, then why did the notary office issue a statement saying that they did not see the relevant agreement?]? It was fine if they did not go through the notary office, but YC actually secretly changed the agreement. Did they really think that there was no reasonable place in this world?]”

“I have to admit that YC is indeed a very good scientist, but at the same time, there is also a big problem with her character! Otherwise, she would not have changed the agreement. There is a Chinese saying that goes, “The river flows east for thirty years, and the river flows west for thirty years. Just wait and see!”! Sooner or later, she will get her comeuppance”

“I am really going to die of anger! When that Kara came to clamor that the gambling agreement was effective, why did no one say that there was a loophole in the agreement”

[that’s right! This operation is too coquettish! It’s disgusting!]

[don’t Gamble if you can’t afford to lose!]

The people in the comments section were divided into two groups. One group was on Dr. Karla's side and supported Dr. Karla.

The other group was naturally on Dr. Ye's side!

C nation.

"Worker Xu brought the backbone of the base to do the handover work. Who knew that Dr. Karla would suddenly turn the tables and refuse them entry into the country. Therefore, they could only find a hotel to stay in for the time being."

Worker Xu was very anxious as he paced around the hotel conference room.

"Yang Hua, who was beside him, stood up and said, "Worker Xu, why don't we go back to the country first? It's not a big deal to just stay in the hotel like this!""

"Worker Xu pressed his temples and asked, "What did Miss Ye Say?""

Yang Hua shook his head. "There's still no reply from Miss Ye's side for the time being."

No reply?

"Hearing that, the anxiety in worker Xu's eyes became even more obvious."

"Worker Xu! Worker Xu!" At that moment, the assistant suddenly ran in from outside the door."

"What's wrong? Did Miss ye reply?" Worker Xu immediately looked back.

The assistant nodded. "Yes!"

“What did Miss Ye Say?” Worker Xu followed up with a question.

“The assistant said, “Miss Ye said that before tonight, Dr. Kara will definitely bring people over to apologize to US personally.””

“Hearing that, worker Xu was stunned.”

The other people in the meeting room were also stunned.

Apologize?

Would Dr. Kara apologize so easily?

“After a moment, worker Xu reacted and asked, “Are you sure what Miss Ye Said?””

“The assistant nodded. “It was team four CEN who called personally! If you don’t believe me, you can call again and ask!””

“Xu Gong picked up his phone and called Cen Hai. After receiving a confirmation, Xu Gong hung up the phone and turned to look at the crowd. “Since Miss Ye has indeed said so, let’s wait a little longer.””

Yang Hua lowered his head to look at his watch. “It’s already past three in the afternoon. Are you sure that Kara will come and apologize to us?”

The others were also discussing animatedly. They felt that this matter was somewhat unreliable.

“What if Kara doesn’t come and apologize to us?”

“Worker Xu said, “We’ll do as Miss Ye says first. If Kara doesn’t come, we’ll contact miss ye again.””

“Alright.” Yang Hua nodded.

In the International Department.

Dr. Cara was sitting in the minister’s office.

“The minister looked at Cara worriedly and said, “Dr. Cara, do you think we’ll be found out if we do this?””

“Chapter 1654: 347: light speed slaps face, Tang Xue goes to jail! 3”

“After all, he had done something wrong, and the minister always felt very uneasy. ”

“Dr. Cara leaned against the back of his chair, lit a cigar, and blew out a puff of smoke. The corners of his mouth curled into a sarcastic smile. “Found out? By Who?” ”

“As long as the notary office stood on his side and did not leak the evidence from that year, no matter how hard ye Zhuo tried, it would be useless. ”

“The notary office was mostly C Nation’s people. If their own people did not help their own people, would they help ye Zao? ”

“The minister said nervously, “Will there really be nothing wrong?” ”

“”Minister Anthony, don’t worry.” Dr. Cara stood up from his chair, “I assure you that nothing will happen! I have already gotten someone to clean up the video from that year. Everything is based on evidence. If YC doesn’t have any evidence, what can they do to us?” ”

“There was only one copy of the video evidence from back then, and it was all kept by the international department.”

“Currently, the International Department had already destroyed everything. Another two years had passed. Could Ye Zao still find anything?”

“Hearing this, Anthony relaxed a little.”

“The evidence from the international department had all been destroyed. Currently, only YC and Dr. Cara had a gambling agreement. However, the agreement in Cara’s hands was different from ye Zao’s agreement. Both sides had their own opinions, without the proof of a third party, even if they went to the International Court, the agreement would still be invalidated.”

“Dr. Cara was relying on this, which was why he dared to be so unscrupulous.”

“At this moment, Dr. Cara’s cell phone suddenly rang.”

Dr. Cara took out his cell phone and took a look. The caller ID showed that it was ye Zao.

Ye Zao?

Why would ye Zao call him at this time?

He must be at his wit’s end!

“Otherwise, he wouldn’t have taken the initiative to call him.”

PA —

Dr. Cara threw his phone on the table. “Look who called.”

Anthony looked down. "YC?"

"Yes." The sarcastic smile on Dr. Cara's face was very obvious. "Do you think she would have called me if she had a solution?"

"Without thinking, it was obvious that ye Zao must have called to reason with him. "

Ye Zao was also an idiot!

Because anyone with a brain would not call him at such a time.

He and ye Zao were on opposing sides. Could it be that ye Zao still expected him to be honest on the international internet? was all of this self-directed and self-staged by him and the notary office?

How could that be possible!

Anthony smiled and picked up the goblet on the table. "Let's have a toast."

Dr. Cara also picked up the goblet. "Cheers."

"He put down the goblet. Anthony said again, "Do you think YC will look for the chairman of the Board?"

"

The chairman of the board was Anthony's immediate superior.

"Everyone knew about the bet agreement at that time. Although the notary office did not come out to notarize it, it would not be of any benefit to him if this matter was brought up to the higher-ups. "

“Hearing this, Dr. Cara laughed out loud, “Do you think the president would be so free to care about a Chinese person with no background?” ”

“The president was also a C citizen, so his people would definitely help his people. Would the president be on Ye Zhuo’s side? ”

It was impossible!

Unless the president was crazy.

Anthony nodded and felt that what Cara said made sense.

“Other than building a lightspeed aircraft carrier, YC indeed did not have any background in C country. and the President of the International Department was from C country. It was easy to guess which side the president would be on! ”

“After saying that, Dr. Cara continued, “We have saved the base. Maybe the President will reward you for that!” ”

“Anthony smiled and said, “If that’s really the case, then I must thank you, Dr. Cara!” ”

On the other side.

“Cara did not pick up the phone, so ye Zao did not continue to call. Instead, he put down the phone, picked up the microphone on the table, plugged in the magnetic card on the landline, and made a call. ”

“Soon, the call was connected. ”

“Get Me Maxine.”

“Hearing ye Zao’s voice, the person on the other side of the phone was stunned at first, then looked at the caller ID and immediately said, “Yes! Please wait a moment.” ”

“Soon, a deep and respectful voice came from the other end, “Hello, this is Maxine!” ”

“Ten minutes later, in C Nation. ”

“Minister! It’s a call for you!”The assistant hurriedly ran in from outside the door.

“Who is it?”Anthony asked.

“The assistant lowered his voice and said, “It’s Mr. President Calling!” ”

President?

“Anthony immediately put down the goblet and took the cell phone from the assistant with both hands. “Hello, chairman! This is Anthony!” ”

“Chapter 1655: 347: light speed slap in the face, Tang Xue goes to jail! 4”

“No one knew what was said on the other end, but Anthony’s face immediately turned pale, and the strength in his body seemed to be sucked away in an instant. He hurriedly said, “Okay! I’ll do it right away!” ”

“Even after hanging up the phone, Anthony still looked like he was in a daze. ”

“Professor Cara frowned slightly, and asked in puzzlement, “What did Mr. Chairman Tell You?” ”

“Anthony said with a pale face, “It’s over! It’s over! Didn’t you say that YC has no background? Now I’m going to be screwed by you!” ”

“Hearing this, professor Cara’s heart skipped a beat. “What’s going on? Does Mr. President Know About This?” ”

“Anthony continued, “Not only did he know, but Mr. President also told me that if I didn’t handle this matter properly, he would remove me from my post!! I advise you to quickly apologize to the people sent by China and then issue a statement to clarify the facts to make Dr. YC satisfied!” ”

What?

Dr. Cara was stunned.

Let him apologize to the people from China? And let him issue a statement to clarify the facts?

Then what was all that he had done before?

Wasn’t he just slapping himself in the face?

No!

He couldn’t do that!

Dr. Cara stood up from his chair. “What is the number of the President’s phone number? I want to ask him personally!” He didn’t believe that the president would stand on Ye Zao’s side!

“Anthony looked at Dr. Cara, then handed the phone to him. ”

The call was quickly connected.

“Dr. Cara couldn’t wait to get through. “Mr. President, this is Cara...” ”

Click!

“Before Cara could finish his sentence, his phone fell to the ground. It was as if all his strength had been sucked out at that moment. ”

He had never expected that the president would actually stand on Ye Zao’s side!

Then what about his base?

He had devoted his whole life to the base and poured his heart and soul into it. could he just hand it over to someone like that?

No!

He was not resigned!

Dr. Cara was truly unwilling to lose to a young girl who was only in her early twenties.

What was the background of this ye Zao?

Why did he make the chairman so fearful?

“But now, no matter how unwilling Dr. Cara was, she could only carry out the orders of the chairman! ”

Anthony immediately issued a new statement on behalf of the notary office.

Dr. Cara's side also issued a new statement.

"The two statements exploded, and the onlookers were dumbfounded."

Especially those who supported Dr. Cara.

Who would have thought that Dr. Cara would jump out and slap himself in the face?

Then what were they?

"After all, they trusted Dr. Cara so much that in Dr. Cara's previous statement, they fiercely scolded ye Zhuo and the others, and even accused ye Zhuo and China of theft and despicable behavior!"

Those Chinese people who supported Dr. Cara instantly felt like they had eaten a pile of shit.

It was so disgusting!

"Therefore, those who had scolded ye Zao before pointed their fingers at Dr. Cara and the others and started a fierce scolding battle online."

Worker Xu and the others waited from three in the afternoon to eight in the evening.

"During this period, not only did Cara not come to apologize, she didn't even call."

"I knew Kara would not come to apologize so easily!" Yang Hua stood up from his chair. "Worker Xu, why don't we all go back and rest first!"

"Worker Xu nodded. "Alright, then everyone can go back and rest first." "

"At this moment, the doorbell rang outside the door."

Yang Hua walked over to open the door.

“When he saw the people standing outside the door, Yang Hua was immediately stunned! ”

“He saw that it was none other than Carla, Tina, and Gamila! ”

It was already so late. What were they doing here?

Were they really here to apologize?

“”Hello, I’m Carla Jones from C Nation.”Dr. Carla suppressed her anger and smiled. “May I know if worker Xu is here?” ”

Yang Hua finally reacted and nodded with a smile. “Yes. Please come in.”

Everyone filed in.

“Yang Hua introduced to Dr. Cara, “This is our worker Xu. Worker Xu, Dr. Cara is looking for you.” ”

Worker Xu and the others were also a little surprised to see Dr. Cara.

“”Hello, Dr. Cara. I am Xu Zhiguo.”Worker Xu walked forward and took the initiative to extend his hand to Dr. Cara.”

“Dr. Cara held worker Xu’s hand, then he said, “Hello, worker Xu. Due to some misunderstandings, I have neglected all of you and did not allow you to enter the country. I am really sorry! “I am here to apologize to all of you along with the other people in Charge! “Please forgive me for my wrongdoings!”At the end of his sentence, dr. Cara bowed deeply to worker Xu and the others. ”

“Chapter 1656: 347: light speed slap in the face, Tang Xue goes to jail! 5”

Worker Xu and the others were a little dumbfounded.

So he really came to apologize.

“After a while.., professor cara continued, “Worker Xu, I’ve already taken care of the handover of the base. You just need to sign here. Of course, if you don’t trust me, you can also bring your lawyer to the base tomorrow to handle it on the spot.””

“Worker Xu was a very cautious person. He was afraid that Cara was digging a hole for him, so he continued, “It’s too late now. Why Don’t we do it tomorrow?””

“Sure.”Dr. Cara nodded. “Then tell me the time. I’ll arrange for the driver to pick everyone up tomorrow.”

“Then let’s go up at 8:30 tomorrow?”

“Okay.”

“Until Dr. Cara and the others left the hotel conference room, worker Xu and the others still couldn’t react.”

Cara’s reaction before and after was like a completely different person!

“If they did not see it with their own eyes, who would believe that it was real?”

“Yang Hua walked to Xu Gong’s side and said in disbelief, “Xu Gong, what do you think is going on? Cara really came over to apologize to us! What do you think he’s up to?””

“I’ll call Miss Ye and ask!” Xu Gong said.

Yang Hua nodded.

“Ten minutes later, worker Xu came to the conference room, he smiled and said, “Everyone, don’t worry. I’ve already asked Miss Ye! Miss ye said that there’s no problem. Kara doesn’t dare to play any tricks. We’ll just go over tomorrow and go through the handover procedures.””

“Miss Ye is too amazing!” Yang Hua sighed.

“Someone at the side smiled and said, “If Miss Ye isn’t amazing, can she create an aircraft carrier?””

“That’s true!”

“The next day, worker Xu led everyone to successfully complete the handover of the base.”

“After settling everything, worker Xu led everyone to fly the flag of China in the plaza of the C Nation Base.”

“The bright red flag fluttered in the air above the foreign territory, allowing the Wanderers who were drifting outside to see a sense of belonging and a sense of pride!”

On the other side.

The Tang family.

“After being chased out of the Cen family base, Tang Xue felt extremely uncomfortable. She couldn’t accept this reality and slept at home for a day and a night.”

Tang Xue's mother was very anxious.

"Tang Xue was her only daughter. Now that Tang Xue had become like this, what should she do?"

"Tang Xue's mother made a lot of calls, most of them to old master Tang's old subordinates."

She hoped that everyone could help Tang Xue out on account of Old Master Tang.

Unfortunately.

Tang Xue's problem this time was too serious. A few people who had received old master Tang's favor did not dare to make a sound in front of Cen Shaoqiang.

""Old Sun, you watched Xiaoxue grow up. You should know very well what kind of child she is."Tang's mother's voice was about to cry, "Moreover, even if Xiaoxue really made a mistake this time, so what? "No one is perfect. Everyone makes mistakes sometimes. Master five can't treat Xiaoxue like this just because of this mistake! "Xiaoxue is the only heir of the old master! "Elder Sun, can you please help Xiaoxue out of respect for the old master? "As long as you seniors work together, you will definitely be able to make master five show Mercy!""

Elder sun was displeased when he heard this. What did Tang mean?

He wanted him to join hands with the other seniors to threaten Cen Shaoqing?

"If it was in the past, elder Sun might have considered Tang's words."

Now.

"With professor Yue as an example, even if he had the heart, he wouldn't have the guts!"

"Tang wasn't asking him to speak up for Tang Xue, but to push him into the fire pit."

“Elder sun continued, “Mrs. Tang, you really think too highly of me. I’m afraid I Won’t be able to help you with this matter!””

“Hearing this, mother Tang was furious.”

What did elder Sun Mean?

“If it wasn’t for elder Tang, would he be where he is today?”

“He, on the other hand, threw elder Tang to the back of his mind in the blink of an eye.”

He was simply unscrupulous!

“Mother Tang tried her best to control her anger, then she said, “Elder Sun, you and the other uncles are all elders of the base. As long as you appear, fifth master will definitely consider it carefully. I don’t have any other way. Elder Sun, the only ones who can help Xiaoxue now are you guys!””

“”Mrs. Tang, have you forgotten professor Yue’s example?”Elder Sun asked in return.”

Tang froze.

Of course she knew about Professor Yu!

“Because he had threatened Cen Shaoqing, Cen Shaoqing had directly expelled him from the base. He didn’t show any mercy at all.”

“However, elder Sun’s situation was different from Professor Yue’s.”

“Tang Xue was, after all, the descendant of Old Master Tang!”

And Old Master Tang had done them a favor.

“Chapter 1657: 347: light speed slaps face, Tang Xue goes to jail! 6”

“Elder sun continued, “Mrs. Tang, it’s not that I don’t want to show mercy, but there’s really no turning back for this matter! Xiaoxue has indeed gone too far. No matter what, she can’t do something like betraying the base! Not to mention that fifth master can’t forgive her, if it were me, I wouldn’t be able to forgive her either.” ”

“”Elder Sun, don’t forget. If it wasn’t for our old master, would we have you? “Xiaoxue is the old master’s only heir. Aren’t you afraid that the old master will be disappointed underground by treating Xiaoxue like this?”Mother Tang said angrily. ”

“Hearing this, elder Sun was also angry. “Mrs. Tang, please don’t forget that Miss Tang Mi is also the old master’s heir!” ”

“Compared to Tang Mi, Tang Xue was not just a little inferior. ”

“Hearing this, mother Tang was immediately stunned. ”

“She never dreamed that one day, Tang Mi’s little stutter would surpass Tang Xue. ”

“One had to know that when Old Master Tang was still alive, Tang Mi was a little girl who was inferior to Tang Xue in every way! ”

Old Master Tang simply did not take a liking to Tang Mi!

“In fact, even grandfather Tang didn’t expect that a granddaughter whom he had never taken a proper look at would be able to shoulder the responsibility of developing the Tang family. ”

“After saying this, elder sun continued, “Miss Tang Mi is so outstanding and has quite the demeanor of grandfather Tang. I believe that grandfather Tang will be very pleased when he realizes this!” ”

“After saying that, elder sun directly hung up the phone. ”

Mother Tang wished she could smash the phone right away!

Tang Mi was outstanding?

“If Tang Mi didn’t take advantage of ye Zao, she would still be serving tea and water at the CEN Group’s base. Tang Xue was the one who was truly capable. ”

At this moment.

Ding Dong —

The doorbell suddenly rang in the air.

Mother Tang took a deep breath and smiled as she went to open the door.

“She was Mrs. Tang. No matter what, she could not lose her poise. ”

“As soon as the door opened, she saw a few tall men in uniform standing outside. ”

““Hello, is this Tang Xue’s Home?” ”

“Tang Xue had a wide network and often made friends with people from all walks of life. Tang only treated these people as Tang Xue’s friends. She smiled and said, “I’m Tang Xue’s mother. Are You Xiaoxue’s friends?” ”

“The Man Standing in front took out his documents and continued, “This is my police officer’s badge and arrest warrant. Ms. Tang Xue has committed serious violations of the law. Please ask her to come with us immediately.” ”

Violations of the law?

Tang Xue had violated the law?

“Mother Tang’s face turned pale. “Officers, you must have made a mistake! My daughter, Tang Xue, is well-behaved and sensible. Not only is she a doctor, but she’s also a high-ranking leader of the CEN base. She won’t do anything illegal!” ”

““Don’t worry, the law is fair and just. We also pay attention to evidence when handling cases. If Tang Xue really did not do anything illegal, we will not falsely accuse her.”Without conclusive evidence, they would not rashly arrest her. ”

“Tang still shook her head. “No, that won’t happen! You must have made a mistake!” ”

““Where’s Tang Xue?”The leading officer continued, “Please ask her to come out with us.” ”

“Mother Tang said, “I don’t know. I don’t know where she went.” ”

“The officer continued, “Covering up for a suspect is equivalent to committing a crime. Please think carefully before you say anything.” ”

There was no such thing as a favor in front of the law.

“Mother Tang was on the verge of collapse. She did not know why trouble would come knocking on her door one after another. At a time like this, covering up for Tang Xue was not an option. She could only tell the truth, “She’s sleeping in her room. Officer, please believe me. My daughter will not do anything illegal...” ”

“The officer interrupted mother Tang, “Please let Tang Xue come out for a moment.” ”

“” ... I, I, I will go get her.” ”

The officer turned around and looked at the policewoman behind him. “Follow her for a moment.”

The policewoman nodded. “Okay.”

“When Tang Xue was woken up by Tang and saw the policewoman in the room, she was stunned. ”

Did she break the law?

What law did she break?

“At this moment, Tang Xue suddenly thought of the message she sent to William and the interactions she had with C nation during this period. Cold sweat broke out on her forehead almost immediately. ”

She had thought that Cen Shaoqing would not bother about these things with her.

She did not expect...

She did not expect these people from the inspection bureau to come looking for her.

Spies... treason...

These were not minor crimes.

What should she do?

What should she do now?

“Tang Xue had thought that after the aircraft carrier project ended, she would be a C citizen, so she did not think too much about it at that time.”

“After all, after she became a C citizen, the laws of China would not be able to restrain her!”

Who would have thought that ye Zao’s aircraft carrier plan would actually succeed!

Tang Xue’s strength seemed to have been sucked out at this moment. Her blood flowed backwards and she almost couldn’t breathe. She could only let a pair of cold handcuffs be cuffed to her wrist.

“Tang cried and asked, “Xiaoxue, Tell Mom, what exactly happened? Why did they say that you broke the law?” ”

“Tang Xue held her mother’s hand tightly and said in a hurried tone, “Mom, you must get me a lawyer! Get Me the best lawyer!” ”

“In a moment, Tang Xue was pulled away by a few people and brought into the police car.”

“Tang ran out and shouted, “Xiaoxue, don’t worry, Mom will get you the best lawyer! Wait for Mom!” ”

“Until the police car disappeared on the road ahead, Tang was still squatting on the ground and crying.”

“At this moment, a voice came from the air.”

Tang looked up and saw Tang Mi and Xiao Qing walking towards her while talking and laughing.

No.

She couldn't let this mother and daughter pair see her as a joke!

Her pride and self-esteem didn't allow them to see this.

Tang tried her best to control her emotions. She withdrew her tears and smiled. She stood up from the ground and walked into the house as if nothing had happened.

"Seeing Tang, Tang mi asked, "Mom, What's wrong with Auntie? Should we go and take a look?" "

""Don't go!"Xiao Qing continued, "Your Auntie has a weird temper. She doesn't like others to laugh at her. The way she looked just now was because she didn't want us to see her abnormality. If you go and look for her now, not only will she not appreciate your kindness, she will even think that you are deliberately looking at her as a joke!" "

Xiao Qing had been Tang's sister-in-law for more than ten years. He really knew her personality too well!

"Hearing this, Tang mi nodded. "Alright then!" "

"After returning to the house, Tang Mi closed the door and burst into tears. "

"After crying, she went to contact Tang Shengjun, who was on a business trip. "

"When he found out that his daughter was in trouble, Tang Shengjun immediately rushed back from overseas overnight. "

The next morning.

Monday.

Old Nie came to the base to work as usual.

“When he arrived at the department in the morning, he was informed by his colleagues that the Tang family’s laboratory had been disbanded.”

Old Nie’s face turned pale.

“He already knew about the smooth lift-off of the aircraft carrier, but he didn’t expect that this matter would directly affect the Tang family’s laboratory!”

“The laboratory has been disbanded. Then what about us?” Old Nie asked.

“His colleague shook his head and sighed. “How would I know! I’m really regretting it now. I shouldn’t have left Miss Ye’s aircraft carrier project team in the first place! Old Nie, do you regret it?” ”

“Of course, old Nie regretted it!”

“He regretted it so much that his intestines turned green, especially when he saw Yu Zifei appear on television to be interviewed.”

Yu Zifei was his disciple.

But what about him?

He wasn’t doing as well as Yu Zifei!

“If he hadn’t left the aircraft carrier project team, where would Yu Zifei have the chance to join?”

“Chapter 1658: 348: Miss Ye’s anger is very scary, late stage of wife control! 1”

Yu Zifei's current glory was all because of him.

He was the one who personally ruined his future.

“Old Nie looked down on ye Zhuo from the beginning, thinking that ye Zhuo was young and bragging. Because he was also in the scientific research field, he knew that the current technology of mankind could not possibly reach the speed of light! The speed of light was a myth to mankind. From the beginning to the end, he never thought that a little girl in her early 20s could really build an aircraft carrier that surpassed the speed of light and successfully landed on Neptune, turning the myth into reality.”

He should not have looked down on ye Zhuo.

And he should not have left the aircraft carrier project team.

Old Nie now wished he could beat that stupid old nie to death.

He only hated that there was no medicine for regret in this world.

“At this moment, his colleague, Old Zhou, seemed to have thought of something and continued, “Oh right, nie gong, I remember that Big C area's Yu Zifei, team leader Yu, should be your disciple, right?” ”

“Old Nie was stunned for a moment, then nodded. “Yes.” ”

“”Then you can go look for your disciple! Team leader Yu is now a very popular person in front of Miss Ye! As long as he speaks, Miss Ye will definitely be able to let you return to Big C area.” ”

Old Nie could not put on an expression when he heard this.

Let him look for Yu Zifei?

How could he pull down his face like this.

“After saying this, old Zhou continued, “I have no way out. If you have a way out, then hurry up and go! You have to know that many people want to enter the greater C area now. If you go late, you won’t have the chance!” ”

Old Nie sighed. There was some bitterness that he could not say.

“He had previously treated Yu Zifei so badly, and now he was asking him to beg Yu Zifei? ”

Wasn’t this humiliating himself?

“Old Zhou patted old Nie’s shoulder, he said earnestly, “Nie gong, I know that you can’t bring yourself to lose face, but how much is face worth? Team leader Yu is your disciple after all. He has to give you face no matter what! Think about it carefully. I’ll go inside and take a look! Now that the laboratory has been disbanded, we still don’t know how the base will arrange things for us! Anyway, if I Were you, I would definitely look for team leader Yu! It’s a pity that I don’t have a good disciple like you!” ”

“After saying that, his colleague walked in. ”

Old Nie looked at his colleague’s back and had a very complicated expression on his face.

Could it be that he really had to be thick-skinned to look for Yu Zifei?

“At this moment, another colleague walked out from inside. ”

“Old Nie hurriedly went up to welcome him. “Xiao Wang, how is it? What arrangements have been made for us here at the base?” ”

“Xiao Wang was also feeling extremely uncomfortable, he then said, “What other arrangements can there be? Almost all of us have come from Miss Ye’s side! In any case, I’ve been assigned to do odd jobs! If I had known this would happen, I wouldn’t have left Big C district even if I died! “This is all Miss Tang’s fault. If it wasn’t for her, how could I have left Big C District!” ”

Little Wang was also very regretful. He regretted that he didn’t have a firm stand and had been deceived by Tang Xue’s flowery words.

“If he had stayed in Big C district, he would still be a glorious existence now. It was all his fault that he had become like this! ”

Xiaowang wished he could slap himself twice!

“Doing odd jobs?” Old Nie’s face was full of disbelief.

Xiaowang was also a technician in the Tang family’s laboratory. How could he have been assigned to do odd jobs?

““Yes! Do you think you will give us good jobs?” Xiaowang continued, “I will report to Area B first. I Won’t talk to you anymore.” ”

Old Nie nodded. He didn’t have time to say anything else and walked inside.

There was a notice on the wall of the department.

The notice clearly indicated the future direction of everyone in the department.

Old Nie quickly found his name.

He was actually arranged to be in the warehouse.

Warehouse manager?

“Seeing this, old Nie’s face turned pale.”

He was a senior researcher after all. How could he be arranged to be in the warehouse!

No.

He could not manage the warehouse.

The other people in the department also looked very upset and dejected.

“But now, other than accepting it, what else could they do?”

Who asked them to follow the wrong person back then!

There was no medicine for regret in this world.

Looking at the notice on the wall.

Old Nie did not want to resign himself to fate.

He simply could not accept such a difference!

Yu Zifei.

He had to find Yu Zifei right away.

“Yu Zifei followed ye Zhuo to Neptune and occupied an important position on ye Zhuo’s side. As long as Yu Zifei spoke, Ye Zhuo would definitely agree to it. ”

Old Zhou was right. How much was face worth?

Chapter 1659: 348: Miss Ye’s anger is very scary. She’s in the late stage of strict wife control! 2

He couldn’t just die trying to save face and suffer.

It’s not too late to make amends.

“No matter what, he had to successfully join Big C District! ”

“Thinking of this, old nie hurriedly walked toward Big C district. ”

“Soon, he arrived at Yu Zifei’s office. ”

The office door was closed.

There was a secretary standing guard outside.

Old Nie was stopped by the secretary. “May I know who you’re looking for?”

“I’m looking for Yu Zifei.”

The secretary looked at Old Nie. “Team leader Yu isn’t available right now. Do you have an appointment?”

“Hearing this, old Nie felt even more upset.”

Yu Zifei was indeed different from before.

“In the past, Yu Zifei was just an ordinary officer. Now, he even had to make an appointment to see Yu Zifei!”

“He was Yu Zifei’s teacher and his abilities were above Yu Zifei’s. If he had not left Big C district, his current status would definitely be higher than Yu Zifei’s!”

“Old Nie shook his head. “I didn’t make an appointment, but I’m your team leader Yu’s teacher. Go in and tell him that he will definitely come out to see me.””

“”Then please wait a moment.”The secretary continued, “I’ll go in and ask team leader Yu.””

“Old Nie nodded. “Alright, I’ll have to trouble you.””

The secretary turned around and entered the office.

Ten minutes later.

The office door opened again.

“Hearing the sound of the door opening, old Nie stood up from his chair and his eyes lit up. “Zifei.””

“”Teacher,” Yu Zifei said politely, “Why did you come to look for me?””

“Seeing the bright and beautiful Yu Zifei, old Nie’s eyes dimmed a little.”

“If he hadn’t made the wrong choice, he wouldn’t have ended up like this!”

“Old Nie tried his best to smile. “Zifei, do you have the time now? Teacher wants to talk to you.” ”

Yu Zifei looked at his watch. “Please come in with me.”

“No matter what, Old Nie was still his teacher. Although old Nie had gone overboard before, as his disciple, he didn’t add insult to injury.”

“If he added insult to injury at this time, then he would be no different from old nie from before.”

“Okay.” Old Nie followed Yu Zifei’s footsteps and entered the office together.

“After entering the office, old NIE realized that Yu Zifei’s office was the highest standard! It was even better than his environment in the Tang family’s laboratory!”

It seemed that old Zhou was right. Yu Zifei was indeed a popular person in front of Ye Zhuo!

“Yu Zifei made a cup of tea for old nie. “Teacher, have some tea first.” ”

“”Thank you.” Old Nie picked up the Teacup and took a sip. Then, he looked up at Yu Zifei and went straight to the point, “Zifei, I won’t beat around the bush. I’m here to ask you for a favor! “In the past, it was all teacher’s fault. It was teacher’s shortsightedness. Can you help teacher? “Teacher wants to return to Big C district and rejoin Miss Ye’s team.” ”

“Looking at Yu Zifei’s current attitude, he still had him as a teacher in his heart.”

This matter shouldn’t be difficult.

“Hearing this, Yu Zifei said regretfully, “Teacher, I’m sorry. I might not be able to help you with this matter.” ”

“Why?” Old Nie was anxious and continued, “Zifei, you’re now the most popular person beside Miss Ye. As long as you ask, Miss Ye will definitely agree to it!” ”

“Yu Zifei frowned slightly, “Teacher, I know that you have no other choice, so you came to me! But I’m sorry, I really can’t help you. Do you still remember what you said to Miss Ye when you left the Greater C Zone?” ”

“Hearing this, old Nie was stunned. ”

“At that time, Ye Zhuo told old Nie not to regret it and said that he only had one chance. It was easy to leave the greater C zone, but it would be difficult to join the greater C zone again! ”

“Yu Zifei continued, “Teacher, Miss Ye hates betrayal the most.” ”

The meaning behind Yu Zifei’s words was already very obvious.

It was impossible for Ye Zhuo to agree to a person like old Nie rejoining the large C zone.

“Old Nie sighed and continued, “Zifei, although that’s what you said, how would you know if Miss Ye doesn’t agree if you don’t try?” ”

Yu Zifei clearly didn’t want to help him!

“If it wasn’t for him, would Yu Zifei have been able to enter the greater C area? ”

Yu Zifei had completely forgotten all these things now!

This was a little ungrateful!

“Yu Zifei continued, “Teacher, I’ve been by Miss Ye’s side a lot. I know her character very well! Furthermore, you spoke so harshly when you left back then. Do you think Miss Ye will let you re-enter the greater C area?” ”

““Zifei, are you not planning to help me?”Old Nie put down his cup and looked up at Yu Zifei. ”

““I’m sorry,”Yu Zifei said. ”

“Old Nie glared at Yu Zifei, he continued, “Yu Zifei, don’t forget. If it wasn’t for me back then, you wouldn’t have been able to join the greater C zone at all. Everything you have today is because of me! Yet, you forgot about this in the blink of an eye!” ”

“Chapter 1660: 348: Miss Ye’s anger is very scary, late stage wife control! 3”

““Isn’t worker nie overestimating himself too much?”At this moment, a light voice suddenly appeared in the air. The tone was light, but it was loud and clear, “Team leader Yu joined our Big C district with his own strength. It has nothing to do with anyone!” ”

“Seeing the person who came, Yu Zifei’s eyes lit up. “Miss Ye!” ”

“Ye Zhuo nodded slightly. “Team leader Yu, get ready. There’s a meeting in ten minutes.” ”

“Okay.”

Old Nie walked in front of Ye Zhuo. “Miss Ye! I know I’m wrong. Please give me another chance!”

“Ye Zhuo looked back slightly. “I’ve said it before. There’s only one chance. It was nie gong who didn’t grasp it well. He’s an adult now. He should learn to pay for his own actions.”Ye Zhuo wasn’t some saint, if she made an exception for old nie, there would be countless examples waiting for her to break. ”

“Miss Ye!”

Ye Zhuo ignored old nie and walked out of the door.

“Yu Zifei sorted out the information and followed him out. “Teacher, I’m going to have a meeting. Help Yourself.” ”

Old Nie stood in his original spot in a daze.

He couldn’t go back.

He really couldn’t go back.

In the conference room.

The topic of this conference was how to build an oasis on Mars and develop interstellar tourism.

“”Miss Ye, Mars is too barren. Its surface is covered in desert, and its atmosphere is mainly made up of carbon dioxide and a small amount of nitrogen and argon. I think this plan is a little difficult to achieve.” ”

“Hearing that, a small number of people nodded in agreement. ”

“If humans wanted to survive on Mars, oxygen was an indispensable part. They could not let tourists travel on Mars in spacesuits. ”

“Cen he smiled and asked, “Then, director Ma, do you think that the speed of light is easy to achieve?” ”

“Hearing that, director Ma choked. ”

“Before ye Zao built an aircraft carrier, the speed of light was indeed impossible for them. ”

“Even now, other than ye Zao, there was no other person who could build an aircraft carrier faster than the speed of light! ”

“Watching China land on Neptune and then land on other planets like metal, wood, water, fire, and earth, the other countries were very envious! ”

“At present, many countries had come to the base to rent samples! ”

“Cen Jiang followed up, “Director Ma, we should believe in Miss Ye and support her! I think the Mars plan is not that difficult to achieve.” ”

““Team leader Cen Jiang, this is not a question of trust, but based on the analysis of the soil brought back from Mars, there is no way to grow plants on Mars! “Just like the deserts on Earth, do you think we can turn our deserts into an Oasis?” ”

The environment in the desert was much better than on Mars!

“At the very least, there was oxygen in the desert! ”

“At the moment, there was no way to change the environment in the desert, let alone on Mars. ”

How could Mars be so easily modified?

“Listening to everyone’s discussion, ye Zao knocked on the table and opened his red lips. “Everyone, quiet down.” ”

The air immediately quieted down.

“Ye Zao continued, “Actually, it’s not difficult to modify Mars. “First of all, the atmosphere of Mars is not completely devoid of oxygen. Other than carbon dioxide, nitrogen, and argon, it also has a small amount of oxygen. This proves that Mars is not completely uninhabitable. “Therefore, we have to solve the problem of water and soil first!” ”

“Mars was very similar to Earth. They both had an atmosphere. The only difference was that the Earth’s atmosphere was mainly raised, while Mars had carbon dioxide. ”

“Although there was not much oxygen on Mars, there were many types of elements. Once developed, the resources on Mars would even surpass those on earth! ”

“Moreover, there were studies that indicated that there were once mountains and rivers on Mars. ”

“This meant that a long time ago, Mars was like Earth, it would rain! ”

“Director ma continued, “Miss Ye, actually, compared to Mars, we should go to Europa to take a look.” ”

Europa was discovered in the last century.

“Europa was also known as Europa, a Jupiter satellite. ”

“Through the observation of scientific researchers, they found that Europa not only had water, but there were no craters on its surface. This meant that Europa was a very young planet, and it was very likely that there was life! ”

“Therefore, Europa also had another name. ”

Small Earth.

“Unfortunately, the technology of humans was limited before, and they could not reach the possibility of landing on Europa! Therefore, the landing plan had been put on hold! ”

“Now that there was a light-speed aircraft carrier, it was very easy to go to Europa, but ye Zhuo had always refused to go to Europa.”
